			This is what I texted my mom Iol My takes:
			2) 200,000+ people gathered in DC today for a highly publicized acceMarch to Save Americaace that the DC police and national park service essentially ignored and believed accemaybe 15,000ace would show up. They were so unbelievably unprepared for this and it is shocking and horrifying. When BLM protested in DC, and a similar number of people showed up, they essentially had an entire militia guarding the Capitol. https://twitter.com/oliviamunn/status/1346933669869481986?s=21. But today, when they knew every MOC and the Vice President would be making a highly publicized vote in the Capitol while hundreds of thousands of people descended on the city, they had minimal Capitol police in place. It is truly shocking. Not to mention, WTF is this https://twitter.com/jihanbit/status/1346909463660396550?s=21.
			Additionally, when Antifa and BLM organized protests vastly more violent and destructive than anything we saw today, Joe Biden and Kamala Harris helped to raise bail money for them. This is the necessary context in which to understand their selective moral indignation over todayā€ [™] s events. 3) I was at the rally today and every single person I met was peaceful, families, pastors, mom, kids, etc. I am fairly convinced that the initial 倜siegeå€ upon the Capitol was made by antifa dressed up as trump supporters to incite chaos and a media narrative. https://twitter.com/jackposobiec/status/13469410599059783697s=21. But having said that, clearly several trump supporters followed them inside which was obviously wrong and they should be prosecuted for trespassing. But Capitol police shot and killed an unarmed 16 year old African American at a BLM protest? The whole city would be burning to the ground. Again, there were over 300,000 people here and from what I can tell 40 thugs broke in to the Capitol. Everyone else was completely peaceful.

					Made itan a hour after that deal happened at the Capitol. My daughter and I were able to walk straight to the Capitol, with no issue. Passed many Trump supporters as they were walking away. No bad attitudes. No way could they have broke up a crows that massive
					and easily if the people were as the fake news media says. Dems nail in the coffin is what that was. Hope not. Shame on all the Republicans that were not strong enough to stand up for what is right. Pence, no wordsunfortunately, the Republican Party lost alot of votes
