We need to push Tump to do his duty.
If he doesn't, we will do ours.

Declare Independence.

Defy
Resist
Defend
Conquer or Die

This needs to be our attitude.

modern multi-media.

That's what we need.

Delegitimize them
Mock them.
Make fun of them
Thumb your nose at "Gropy Joe, the
Pretender-in-Chief" and "Heels Up"
Harris, his Vice (Ridden) Pretender.

Tar and feather them and hang them

But also make it deadly serious that we won't comply. We will defy. We will nullify.

Let's adopt the Q slogan of
 WWG1WGA.

Where We Go One, We Go All.

We nullify TOGETHER

We defy TOGETHER.

We resist TOGETHER

We defend TOGETHER.

They come for one of us, they come
 for all of us.

When they come for us, we go for
 them.

When they strike at our leaders, we
 strike at their leaders.

This is the path of the Founders. It's
 what they did.

We don't have to play by their rule...

That's right. And as our state constitutions still say to this day, all power is held by the people. Period.

And we reserve the right to alter or abolish ANY form of government, or to abolish it. ANY form. Including this one.

Remember:

"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.--That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, -- That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness."

This "government" is now unjust. And it does NOT derive its power from the consent of the governed. It gets its UNJUST power from stealing elections and making a mockery of our consent.

And there is no liberty, no commerce (unless you are among the favored elite, or a massive corporation), no redress or grievances.

Of whatever color, sex, sexual preference or religion. Make us us accepted. It is our country that matters, that makes us Americans. And sue anyone that defames us. Get with PB, 3%, hook up with fightbackfoundation, the lawyers that are defending Rittenhouse and sue those fuckers at SPLC etc who call us racists and all

Sure. But don't lose sight of the goals. The goal needs to be to reinstitute what the Founders told us was NECESSARY to the security of a free state.

Which was what?

The militia is what is missing. Sure, on paper we are all still the militia. But not on the ground. Not in "meat space".

That's what we need to fix.

In your town:

Who's on your buddy team?

Who's on your fire team?

Who's in your squad?

Who's in your "home guard" "family safe" armed neighborhood watch?

Who's in your town militia?

Who's in your county militia?

Who is on your state-wide QRF? Men who WILL answer the call and roll out when you need them, in your state?

And then who is in your regional QRF?

And at every level, of course, ask Who are your allies from other groups who you can rely on?

But above all, when some secret police goon squad comes for you in the middle of the night, who will be there to stop them or to at least make their lives hell while they try to extract.

Think back to the Founders.

What happened to the red coat goons who tried to arrest Sam Adams and John Hancock? They got the living shit shot out of them on the way back to Boston.

So we need a continental army. Between the Boston tea party and Lexington & concord there were many years. We need to do in days what our founder had years to do.

This will not be over in days. This will drag out years I presume. Some kind of conflict probably larger then world war 3 is looming on the horizon.

But I agree. We have to move in that direction in the pursuit of freedom once again
