Mark and I started Spreely if anyone else cannot get back on FB we are trying to create an alternative. Lots of patriots there

Thank you for stepping up! We WILL start Oath Keepers pages there.

Two months ago we were completely purged off of Facebook, losing our national page, 50 state pages, and hundreds of local pages. And also all of our personal pages (anyone who was an admin on our .org pages). All in one day. Zero due process.

That's how you know they are making their final attack - when they fear you communicating more than they value the ability to track you. They are shutting down anyone who will fight them.

I was on Alex Jones right after Roger Stone. All he talked about is worth pursuing. BUT, because so many of the judges and politicians are compromised and blackmailed by the Deep State, and because the Deep State also controls federal law enforcement agencies and the military brass, those methods must also be accompanied by:

Mass Declassify and data dump of all the dirty secrets. Put SOCOM in charge of securing the data and task SOCOM intel officers with declassifying and the data dump.

2. Use Insurrection Act to suppress the communist insurrection, again using SOCOM to go after the domestic enemies at the top.

👍 Good point. Anyone who won't be in DC needs to be at their state Capitol. But please also advocate for a mass declassification and data dump. It's starting to grow legs. But need to keep pushing it.

When sending info on potential far-Right activity, consider using the SALUTE (size, activity, location, uniform, time & equipment) formula to make sure you've included the relevant details. How many people? When? Where? Doing what? Any insignia/shared clothing? Equipment/weapons?

Sometimes information about militia and fascist activity can be incomplete and confusing, and therefore unhelpful and hard to verify. The SALUTE report is an easy format to help distribute high quality information. Here's what the letters stand for:

SIZE	HOW MANY PEOPLE?
ACTIVITY	WHAT ARE THEY DOING?
LOCATION	WHERE ARE THEY AND ARE THEY MOVING?
UNIT/UNIFORM	ARE THEY PART OF A UNIT? HOW ARE THEY DISTINGUISHED?
TIME	WHAT IS THE DATE AND TIME THEY WERE SPOTTED?
EQUIPMENT	WEAPONS, GEAR, VEHICLES (PLATE NUMBERS?)

HYPOTHETICAL EXAMPLE: "Three people stationed at the intersection of Euclid and Moreland at 2:15pm 11/3, 2020"

This morning they're briefing people on SALUTE.

This will be the parent thread for the MAGA election protests on 11/18. Currently getting reports that the hostile crowd is being allowed INTO the capitol building which is absolutely unprecedented. #ATLScanner

Again, this is an ARMED group trying to storm the state capitol building. Carrying firearms inside a government building with a security checkpoint is 100% illegal in Georgia regardless of whether you have a permit or not. This is insanity.

mean, they are going through security. So keep in mind that anyone remaining outside may very well be doing so because they're armed. Be extremely cautious.

Not sure if anyone else has heard anything, but one of the boards stated that the MEGA march could only get a permit for the Lincoln Memorial. But if true, that may help us as people will not be stretched out over several miles.

Can you get a confirmation @Don Siekerman I'm working on an intel map and if confirmed that would be useful

 If anyone can get us a list of what is legally allowed in DC
 Dec 5, 2020 7:09am

Don Siekerman
 One item: DC does NOT recognize any carry permit but their own. For those of you with LEOSA carry privileges, we still must follow the 10 round magazine limit. No open carry.
 Dec 5, 2020 7:12am

 What about plates And any other gear
 Dec 5, 2020 7:13am

Don Siekerman
 Have not been able to find anything as of yet. Only thing so far on body armor is felons cannot possess or it can be a felony if in possession when "committing a crime". So if they really want to be pricks and change you with a misdemeanor they could add the felony.

OC, CS or CN is legal in DC but limited to 2.5 ounces or less in container. Typically the police size MK-4 is 3 oz... technically a violation. But are they going to come after you for .5 oz??? But I would not carry anything larger. Strange twist is that IF purchased within city limits, it must be "registered" with MPD... outside or mail order does not specifically say.

Dec 5, 2020 7:35am

Don Siekerman

While expandable batons or flashlights are not specifically addressed, as stated below, they are likely to fall into the prohibited area if "used against another person". But again may draw attention or even a custody type issue if they want to be aggressive about it. So beware...

a)No person shall within the District of Columbia possess any machine gun, sawed-off shotgun, or any instrument or weapon of the kind commonly known as a blackjack, slungshot, sand club, sandbag, switchblade knife, or metal knuckles, nor any instrument, attachment, or appliance for causing the firing of any firearm to be silent or intended to lessen or muffle the noise of the firing of any firearms; provided, however, that machine guns, or sawed-off shotguns, and blackjacks may be possessed by the members of t... **Read more**

I'm not flying in tomorrow. I need a day to two to clear my head and think.
Trump is full of shit. He's not going to do a damn thing.
I need to make some decisions based on damn reality, not wishful thinking
Dec 28, 2020 9:50pm

Okay. No worries. I'm sorry you're frustrated, he may- we won't know until Thursday on the injunction and I am trying to get the 1983 action filed so that the minorities are there pushing in the background. We are working on the optics. That is why Gohmert filed that case today. Dec 28, 2020 9:55pm

Hang in there, I am doing the same thing. I'm trying to get the Texas political activists to start lining me up people who've been burned by the system. I'm trying to work both angles. I've got to deal with Williamson County and the others. I apologize, seriously- I'm a bit dense sometimes ... maybe I'll catch up with ya in DC. Dec 28, 2020 10:25pm

I'll come back to Texas in a couple days. I just need to think.
And nothing to do with you, by the way. I'm just disgusted and pissed off. Hard to put into words.

I hope national OK is warning all state OK organizations to steer clear of these armed events.

It's sad to say, but barring a miracle from God, the Harris-Biden admin is going to take over, and participating in some armed event isn't going to stop that. In fact, I think it would strengthen the position of the left against us. I think the leftists would love to see us get baited into this. We have got to think strategically as well as tactically.

FBI moves on alleged members of extremist groups Oath Keepers, Three Percenters

WASHINGTON - A metal guitarist and the alleged leader of a Colorado paramilitary training group have been charged with allegedly taking part in the riot at the Capitol last week, as the FBI ratchets up its investigation into the role extremist groups played in storming the building. Jon Schaffer, an Indiana musician, turned himself in to the FBI on Sunday afternoon, officials said. On Jan. 6, Schaffer was photographed inside the Capitol, wearing a hat that said "Oath Keepers Lifetime Member."...

Still trying to determine if he is or was actually a member (or if he got the hat from a member). So far can't find him in our records, but still looking.

Should be obvious, but I'll make it clear:

Neither I, nor anyone else in national leadership, nor our DC op team leader, Whip, ever instructed anyone to enter the Capitol nor were we involved in any planning to do so, whatsoever.

We planned and carried out only PSD operations for several high profile speakers such as Roger Stone and Ali Alexander, as well as securing the Freedom Rally put on by Latinos for Trump and Virginia Freedom Keepers. We also protected their speakers and organizers.

We also planned on doing our standard security mission to protect Trump supporters from leftist violence in general, as we always do.

If any Oath Keepers member chose to enter the Capitol, they did so under their own initiative.

That being said, if any of our members did so, we will help arrange legal counsel and raise funds for their legal defense and we WILL NOT be throwing them under the bus as far too many on the right are doing to all who entered the Capitol.

Certainly there were agent provocateurs who first opened the doors, but there were also sincere Trump supporters who entered the Capitol to do what Trump told them to do - march to the Capitol and show support for the Senators and Reps who were standing up against the theft of the election.

Simply walking into the Capitol and voicing their opinions, as protesters, is NOT an insurrection. It's a protest.

And unless they were ordered by police to exit the building or face arrest, on a loud speaker or bullhorn, it's not even trespassing. That's my assessment.

Jan 18, 2021 3:00pm

Stewart Rhodes

The only Trump supporters who can possibly be charged with anything more than trespassing are those who actually assaulted police officers, or who actually attempted to break into and enter the Senate chambers.

So people on the right need to dial back their own use of the very same rhetoric that the left is using. Stop calling it a "storming of the Capitol" or an "invasion" and stop with the blanket condemnation calling it "disgusting" or saying that anyone who entered the Capitol is not a "REAL Trump supporter" or calling them idiots, or worse.

In that case, Like I said, we will see if he has legal counsel and contact his legal counsel to see what his lawyer wants us to do that is in the best interest of Jon.

One thing we WILL NOT do is chuck him under the bus.

What I DO know is the left ALWAYS protects their own. They circle the wagons, hire lawyers, bail their fellow leftists out, and defend and make excuses for their actions.

The Right? The right tends to form circular firing squads and immediately condemns their own and calls for them to be prosecuted to the full extent of the law.

Sad and pathetic. And cowardly to be frank.

That's why when I was looking for a group to join I couldn't bring myself to even think about joining proud boys. There's a lot of things they do that I respect and like you said there's a time and a place but I can't help but feel like they have a frat boy image and they're just out looking for a fight.
