2850. POSSIBLE REGULATION OF ACCESS TO ACCOUNTS AT FINANCIAL INSTITUTIONS THROUGH PAYMENT SERVICE PROVIDERS

Priority: Substantive, Nonsignificant. Major status under 5 USC 801 is undetermined.

Unfunded Mandates: Undetermined

Legal Authority: 31 USC 321; 31 USC 3332

CFR Citation: 31 CFR ch II

Legal Deadline: None

Abstract: Treasury is seeking comment on whether it should propose regulations regarding arrangements between insured financial institutions and nondepository payment service providers (e.g., check cashers) governing access to Federal electronic payments. Commenters are asked to address the question of whether these arrangements should be federally regulated and, if they should, how those regulations should be structured.

Priority: Substantive, Nonsignificant

Legal Authority: 15 USC 78o-5(b)(1)(A); 15 USC 78o-5(b)(4); 15 USC 78o-5(b)(5)(B); 31 USC 3121; 31 USC 9110

CFR Citation: 17 CFR 450

Legal Deadline: None

Abstract: The proposed rule amends the regulations issued under the Government Securities Act of 1986 (GSA). Section 208 of the Gramm-Leach-Bliley Act amended the definition of the term “Government Securities” in the Securities Exchange Act of 1934 to include as applied to a bank, qualified Canadian government obligations. The proposed rule would make a technical amendment to the GSA regulations to conform to this change in definition.

2852. COMPARABLE REQUIREMENT FOR NATIONAL BANKS AMONG THE SECOND FIFTY LARGEST INSURED NATIONAL BANKS

Priority: Substantive, Nonsignificant

Legal Authority: 31 USC 321; PL 106-102, sec 121, Gramm-Leach-Bliley Act

CFR Citation: 12 CFR 1501

Legal Deadline: None

Abstract: This interim final rule implements section 121 of the Gramm-Leach-Bliley Act (GLBA), Public Law 106-102, which authorizes national banks to conduct expanded financial activities through financial subsidiaries if they satisfy requirements specified in the GLBA. The rule sets forth a comparable criterion for national banks among the second 50 largest insured banks that is the equivalent of the GLBA rating criterion applicable to national banks among the top 50 largest insured banks. The comparable criterion is the "long-term issuer credit rating," which provides a rating for a bank's long-term overall capacity to meet its financial obligations. National banks can meet this criterion by having a long-term issuer credit rating in the top three investment grade ratings categories from at least one independent rating agency.

Abstract: 31 CFR part 245 governs the issuance of replacement checks for checks drawn on the United States Treasury when (1) the original check has been lost, stolen, destroyed or mutilated or defaced to such an extent that it is rendered non-negotiable; (2) the original check has been negotiated and paid on a forged or unauthorized indorsement; and (3) the original check has been cancelled pursuant to 31 CFR part 240. The regulation is being revised to update the regulation's definitions to make them consistent with the language of the proposed revisions to the definitions in 31 CFR part 240. Other revisions will govern

the use of the Check Forgery Insurance Fund (Fund). The Fund is a revolving fund established to settle payee claims of non-receipt where the original check has been fraudulently negotiated. The Fund ensures that innocent payees, whose Treasury checks have been fraudulently cashed, receive replacement checks in a timely manner.

Abstract: Notice of proposed rulemaking II (NPRM II) was a reissuance of NPRM I published on 9/21/95, which proposed to fix the time by which Treasury can decline payment on Treasury checks, provide financial institutions with a date certain for final payments, and provide greater clarity by defining previously undefined terms. NPRM I also proposed that the Department of the Treasury may instruct Federal Reserve Banks to intercept benefit payment checks to deceased payees and to return, unpaid, those checks. In addition to the revisions proposed in NPRM I, NPRM II announced the Department of the Treasury's intent that this regulation supersede Federal common law regarding the risk of loss on checks containing forged disbursing officer

signatures, such as counterfeits. The Interim Final Rule will amend this regulation to implement provisions of the Debt Collection Improvement Act of 1996 authorizing the collection of debts owed by presenting banks through Treasury Check Offset. NPRM III is a reissuance of NPRM II and will address, at a minimum, the issues in NPRMs I and II.

Abstract: This regulation governs the administration of the purchase, custody, deposit, transfer, sale and reporting of foreign exchange (including credits and currencies) by executive departments and agencies. Currently, this regulation allows the purchase of foreign currency to an amount which, together with the balance on hand in the bank, may not exceed estimated requirements for a 30-day period. Abstract: This regulation governs the procedure for securing payment for money judgments against the United States. The proposed revision will update the procedure for making claims. This will benefit claimants and others in understanding the claims process. This regulation currently describes a process that involves the General Accounting Office (GAO) and the Treasury Department. The change would eliminate the GAO from this description to reflect legislative amendments that effect this change. Also, the regulation currently identifies monetary thresholds that no longer exist. The change would reflect the removal of these monetary limitations and the resulting submission requirements. These changes in the regulation would make it consistent with current practices for claimants securing money judgments against the United States.

Abstract: The Federal Claims Collection Standards prescribe basic standards for Federal agencies for collection of nontax claims. The current standards originally were published in 1984 jointly by the Department of Justice and the General Accounting Office at 4 CFR parts 101-105. The Department of the Treasury has been added as a co-signor by the Debt Collection Improvement Act of 1996 (Act) and the General Accounting Office was removed as a co-signor by the General Accounting Office Act of 1996. This revision, which will move the standards to 31 CFR parts 900-904, is being made to simplify the language of the current standards and to incorporate changes made by the Act concerning such topics as disbursing official offset, cross-servicing of debts, interest and penalties on claims, and contracts for collection services.

CFR Citation: 31 CFR 203

Legal Deadline: None

Abstract: This rule proposes to change the Treasury Tax and Loan (TT&L) interest rate from the Federal funds rate, less 25 basis points, to a rate based on the overnight repurchase agreement rate. The prevailing overnight rate in the repurchase market has closely

tracked the Federal funds rate on average during the last two years. Based on these statistics, using the overnight repurchase agreement rate would compensate the Treasury adequately for the use of the TT&L note balances on a basis which is similar to the market interest rate for collateralized lending.

Abstract: This notice proposes a new rule that will prohibit any mark on packages of tobacco products and cigarette papers and tubes imported or brought into the United States (U.S.) indicating that U.S. tax has not been paid or that the product is not intended for sale or use in the U.S. Because current regulations only prohibit a marking on such packages that state or indicate that U.S. tax has been paid, U.S. tax-exempt and prohibiting sale or use in the U.S. packages of such products are being imported or brought into the U.S. ATF and U.S. Customs Service have encountered problems with these packages when ensuring that Federal excise tax has been paid and enforcing the provisions of section 5761(c) of the Internal Revenue Code of 1986 (title 26 of the United States Code). The proposed regulations will minimize the problems associated with such markings on tobacco products and cigarette papers and tubes imported or brought into the United States.

Abstract: This temporary rule eliminates ATF onsite supervision of tobacco products and cigarette papers and tubes of Puerto Rican manufacture that are shipped from Puerto Rico to the United States and related ATF forms. Specifically, this temporary rule eliminates the requirements: (1) that

persons who ship such articles notify ATF prior to the shipment, and (2) that an ATF officer inspects, certifies that the amount of tax on such articles has been calculated correctly for, and releases, each shipment. Consequently, four ATF forms are eliminated. However, this rule requires that persons who ship such articles maintain records so that the amount of tax is calculated and recorded for ATF audit and examination. Also, this temporary rule revises certain sections to simplify and clarify and corrects a few errors.

Abstract: ATF proposes changes to the distilled spirits plant regulations to implement the Administration’s Reinventing Government effort to reduce the regulatory burden and streamline requirements. ATF believes these proposed changes will benefit distilled spirits plant proprietors and other industry members by enabling them to operate more easily and with less regulatory oversight from the Government. ATF is also requesting comments on the possibility of revising

the distilled spirits plant recordkeeping requirements to accomplish the Government’s goals through a system that would be based, as much as possible, on proprietors’ own recordkeeping methods.

Abstract: This regulation implements and interprets section 7602(c), concerning third-party contacts, so they can understand how the law will affect them. The Restructuring and Reform Act of 1998, section 3417(a), created a new section 7602(c), which requires that the IRS may not contact third parties with request to the determination or collection of the tax liability of a taxpayer without providing reasonable notice to the taxpayer in advance. It also requires the IRS to keep a list of contacts and provide it periodically to the taxpayer.

3049. STRADDLES—ONE SIDE LARGER THAN THE OTHER

Priority: Substantive, Nonsignificant

Legal Authority: 26 USC 1092

CFR Citation: 26 CFR 1

Legal Deadline: None

Abstract: A “straddle” occurs, for purposes of section 1092 of the Internal Revenue Code, when a taxpayer enters into two separate positions in financial instruments that “offset” each other. Positions offset each other when, taken together, they substantially diminish the taxpayer’s risk of loss. A taxpayer in a “straddle” is subject to various limitations on recognition of loss on the positions until both positions are liquidated. These regulations will deal with the situation in which one position is larger than the other (that is, the diminution of the risk of loss for one position is only partial).

Priority: Substantive, Nonsignificant

Legal Authority: 26 USC 6103(c)

CFR Citation: 26 CFR 2

Legal Deadline: None

Abstract: The purpose of this regulation is to implement the amendment contained in the Taxpayer Bill of Rights II (TBOR II) to Internal Revenue Code section 6103(c). TBOR II eliminated the requirement for a request or consent for disclosure to be in writing. The proposed regulations would permit the Internal Revenue Service to disclose returns and return information to a taxpayer’s designee, pursuant to a non-written request for or consent to disclosure. The regulations will also provide rules and guidance for consent in an electronic environment. Additionally, the regulations will provide guidance to Internal Revenue Service personnel to clarify a number of issues that have arisen since the regulation was initially promulgated in the late 1970s.

Abstract: A qualified zone academy bond (QZAB) is a taxable bond issued by a state or local government, the proceeds of which are used to improve certain eligible public schools. In lieu of receiving periodic interest payments from the issuer, an eligible holder of a QZAB is generally allowed annual Federal income tax credits while the bond is outstanding. These credits compensate the holder for lending money to the issuer and function as payments of interest on the bond.

Abstract: OTS currently has underway
a number of regulatory amendments to
its capital standards for savings

implement section 303 of the Riegle
Community Development and
Regulatory Improvement Act of 1994(CDRIA). CDRIA requires the Federal
banking agencies to make their capital
rules and other rules more uniform.
The agencies have jointly issued a
proposed rule that would treat recourse
obligations and direct credit substitutes
consistently and that would vary the
risk-based capital requirement for
positions in securitized asset
transactions according to relative risk
exposure; and a proposed rule that
would amend regulatory capital

OTS is also preparing miscellaneous amendments updating its capital rules.
