

committed to implementing a responsible nuclear export policy, including a full-scope safeguards export requirement. It has actively supported the work of the NPT Exporters ("Zangger") Committee and adheres to the London Nuclear Supplier Guidelines. It has participated in efforts to establish a multilateral system of nuclear-related dual-use export controls. The CSFR has been a member from the outset of the International Atomic Energy Agency (IAEA) and has played a positive role in the Agency's safeguards and technical cooperation activities. It has also cooperated with the United States and other like-minded members in working to prevent the politicization of the Agency. The CSFR has ratified the Convention on the Physical Protection of Nuclear Material.

I believe that peaceful nuclear cooperation with the CSFR under the proposed agreement will be fully consistent with, and supportive of, our policy of responding positively and constructively to the process of democratization and economic reform in Eastern Europe. Cooperation under the agreement will also provide opportunities for U.S. business on terms that fully protect vital U.S. national security interests.

I have considered the views and recommendations of the interested agencies in

reviewing the proposed agreement and have determined that its performance will promote, and will not constitute an unreasonable risk to, the common defense and security. Accordingly, I have approved the agreement and authorized its execution and urge that the Congress give it favorable consideration.

Because this agreement meets all applicable requirements of the Atomic Energy Act, as amended, for agreements for peaceful nuclear cooperation, I am transmitting it to the Congress without exempting it from any requirement contained in section 123 a. of that Act. This transmission shall constitute a submittal for purposes of both sections 123 b. and 123 d. of the Atomic Energy Act. The Administration is prepared to begin immediately the consultations with the Senate Foreign Relations and House Foreign Affairs Committees as provided in section 123 b. Upon completion of the 30-day continuous session period provided for in section 123 b., the 60-day continuous session period provided for in section 123 d. shall commence.

Presidential Determination No. 91-29—Memorandum on the Hungary-United States Nuclear Energy Cooperation Agreement *April 16, 1991*

*Memorandum for the Secretary of State,
the Secretary of Energy*

Subject: Presidential Determination on Proposed Agreement Between the United States of America and the Republic of Hungary Concerning Peaceful Uses of Nuclear Energy

I have considered the proposed Agreement for Cooperation Between the United States of America and the Republic of Hungary Concerning Peaceful Uses of Nuclear Energy, along with the views, recommendations, and statements of the interested agen-

cies.

I have determined that the performance of the agreement will promote, and will not constitute an unreasonable risk to, the common defense and security. Pursuant to section 123 b. of the Atomic Energy Act of 1954, as amended (42 U.S.C. 2153(b)), I hereby approve the proposed agreement and authorize you to arrange for its execution.
