

July 7 / Administration of William J. Clinton, 1998

OPM oversees the Federal Employees Health Benefit Program (FEHBP), the Nation's largest employer-sponsored health benefits program with 9 million enrollees and 350 participating health plans.

Specifically, I direct the OPM to take all appropriate action—up to and including termination of a participating health plan from the FEHBP—if the OPM determines, consistent with HIPAA and implementing regulations, that a plan is engaging in insurance practices that are inconsistent with the letter and spirit of HIPAA. In order to be eligible to participate in the FEHBP, carriers subject to HIPAA will have to certify to the OPM that they are providing access to health insurance in compliance with HIPAA. Such action by the OPM will provide another enforcement tool to the Federal Government without in any way altering or hindering any other enforcement action by the HCFA or State insurance commissioners.

To help ensure that the OPM can take these important enforcement actions, I direct the HCFA to immediately send to the OPM reports

of violations by insurers or their representatives that preclude or inhibit access to the insurance protections provided under HIPAA. Any such referral to the OPM would not alter the responsibility of States or the HCFA to utilize any and all enforcement tools at their disposal to ensure HIPAA compliance.

Finally, I direct that the HHS and the Department of Labor report to me, through the Vice President, within 6 months on the successes and shortcomings of HIPAA. This report should be produced after consultation with the States and the National Association of Insurance Commissioners and should include specific legislative or regulatory recommendations to further strengthen this law.

My Administration has zero tolerance for any actions that hinder vulnerable Americans from accessing insurance, consistent with HIPAA's protections. This directive is intended to ensure that health plans come into compliance with this important statute so that Americans are assured these insurance protections.

Statement on the Death of M.K.O. Abiola of Nigeria

July 7, 1998

I was deeply saddened to learn of the sudden and untimely death of M.K.O. Abiola, a distinguished citizen and patriot of Nigeria. I extend my heartfelt condolences to his family and to all of the people of Nigeria.

Members of a U.S. delegation, led by Under Secretary of State Thomas Pickering, and Nigerian officials were with Chief Abiola when he fell ill. They accompanied him to the hospital with a physician and Government officials and witnessed physicians at the State House clinic work to try to save Chief Abiola.

I have been encouraged by the efforts of the new head of state, General Abdulsalam Abubakar, to restore public confidence in the Government of Nigeria and to take crucial initial steps to embark on a credible transition to civilian democratic rule. I urge the Government of Nigeria to continue and to expedite this transition and call upon all the people of Nigeria to contribute peacefully and constructively to build a brighter future for their country.

In this time of tragedy, I wish to reaffirm the longstanding friendship of the people of the United States for the people of Nigeria.
