

processing equipment, human, animal, and plant pathogens and toxins with potential biological weapons applications, and dual-use biological equipment, as that afforded by the Australia Group as of April 25, 1997; and

The Australia Group remains a viable mechanism for limiting the spread of chemical and biological weapons-related materials and technology, and the effectiveness of the Australia Group has not been undermined by changes in membership, lack of compliance with common export controls and nonproliferation measures, or the weak-

ening of common controls and nonproliferation measures, in force as of April 25, 1997.

For your information, the Australia Group has not loosened its controls on chemical and biological weapons-related items since the entry into force of the Chemical Weapons Convention.

Sincerely,

WILLIAM J. CLINTON
