

June 15 / Administration of William J. Clinton, 1999

Message to the Congress Transmitting the Report of the Commodity Credit Corporation

June 15, 1999

To the Congress of the United States:

In accordance with the provisions of section 13, Public Law 806, 80th Congress (15 U.S.C. 714k), I transmit herewith the report of the

Commodity Credit Corporation for the fiscal year ending September 30, 1997.

WILLIAM J. CLINTON

Message to the Congress Reporting on United States Participation in a Multilateral Guarantee of Credit for Brazil

June 15, 1999

To the Congress of the United States:

On November 9, 1998, I approved the use of the Exchange Stabilization Fund (ESF) to provide up to \$5 billion for the U.S. part of a multilateral guarantee of a credit facility for up to \$13.28 billion from the Bank for International Settlements (BIS) to the Banco Central do Brasil (Banco Central). Eighteen other central banks and monetary authorities are guaranteeing portions of the BIS credit facility. In addition, through the Bank of Japan, the Government of Japan is providing a swap facility of up to \$1.25 billion to Brazil under terms consistent with the terms of the BIS credit facility. Pursuant to the requirements of 31 U.S.C. 5302(b), I am hereby notifying the Congress that I have determined that unique or emergency circumstances require the ESF financing to be available for more than 6 months.

The BIS credit facility is part of a multilateral effort to support an International Monetary Fund (IMF) stand-by arrangement with Brazil that itself totals approximately \$18.1 billion, which is designed to help restore financial market confidence in Brazil and its currency, and to reestablish conditions for long-term sustainable growth. The IMF is providing this package through normal credit tranches and the Supplemental Reserve Facility (SRF), which provides short-term financing at significantly higher interest rates than those for credit tranche financing. Also, the World Bank and the Inter-American Development Bank are providing up to \$9 billion in support of the international financial package for Brazil.

Since December 1998, international assistance from the IMF, the BIS credit facility, and the Bank of Japan's swap facility has provided key support for Brazil's efforts to reform its economy and resolve its financial crisis. From the IMF arrangement, Brazil has purchased approximately \$4.6 billion in December 1998 and approximately \$4.9 billion in April 1999. On December 18, 1998, the Banco Central made a first drawing of \$4.15 billion from the BIS credit facility and also drew \$390 million from the Bank of Japan's swap facility. The Banco Central made a second drawing of \$4.5 billion from the BIS credit facility and \$423.5 million from the Bank of Japan's swap facility on April 9, 1999. The ESF's "guarantee" share of each of these BIS credit facility drawings is approximately 38 percent.

Each drawing from the BIS credit facility or the Bank of Japan's swap facility matures in 6 months, with an option for additional 6-month renewals. The Banco Central must therefore repay its first drawing from the BIS and Bank of Japan facilities by June 18, 1999, unless the parties agree to a roll-over. The Banco Central has informed the BIS and the Bank of Japan that it plans to request, in early June, a roll-over of 70 percent of the first drawing from each facility, and will repay 30 percent of the first drawing from each facility.

The BIS's agreement with the Banco Central contains conditions that minimize risks to the ESF. For example, the participating central banks or the BIS may accelerate repayment if the Banco Central has failed to meet any condition of the agreement or Brazil has failed to
