

Message to the Congress on Continuation of the National Emergency With Respect to Iran  
*March 13, 2001*

*To the Congress of the United States:*

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent the enclosed notice, stating that the emergency declared with respect to Iran is to continue in effect beyond March 15, 2001, to the *Federal Register* for publication. The most recent notice continuing this emergency was published in the *Federal Register* on March 14, 2000.

The crisis constituted by the actions and policies of the Government of Iran, including its support for international terrorism,

efforts to undermine Middle East peace, and acquisition of weapons of mass destruction and the means to deliver them, that led to the declaration of a national emergency on March 15, 1995, has not been resolved. These actions and policies are contrary to the interests of the United States in the region and threaten vital interests of the national security, foreign policy, and economy of the United States. For these reasons, I have determined that I must continue the declaration of national emergency with respect to Iran necessary to maintain comprehensive sanctions against Iran to respond to this threat.
