Statement on Signing the Department of the Interior and Related Agencies Appropriations Act, 2002

November 5, 2001

Today I have signed into law H.R. 2217, the "Department of the Interior and Related Agencies Appropriations Act, 2002."

I appreciate the bipartisan effort that has gone into producing this Act. The bill abides by the agreed upon aggregate funding level for Fiscal Year 2002 of \$686 billion and supports several of my Administration's key initiatives with:

- funding from the Land and Water Conservation Fund to acquire and conserve lands in national parks, forests, refuges, and public lands, and assist States in promoting conservation and outdoor recreation;
- funding to reduce the National Park Service deferred maintenance backlog and meet the growing demands on park facilities and resources;
- funding for Indian school construction to keep us on the 5-year path to eliminate the current school repair and maintenance backlog by 2006; and
- full funding for key energy programs, such as the Clean Coal Power initiative, to work in partnership with indus-

try to direct research towards reducing the environmental impact of coal used for power generation in the United States.

I am disappointed that my initiative to increase the Low-Income Weatherization Assistance Program by \$120 million was reduced by \$43 million in the final version of this bill. This reduction will deny program benefits for over 17,000 low-income families, compared with my request.

Several provisions in the bill purport to require congressional approval before executive branch execution of aspects of the bill. I will interpret such provisions to require notification only, since any other interpretation would contradict the Supreme Court ruling in *INS v. Chadha*.
