Message to the Congress Reporting a Certification Required by the  
Ratification Resolution of the Chemical Weapons Convention  
*February 12, 2003*

*To the Congress of the United States:*

Consistent with the resolution of advice and consent to ratification of the Convention on the Prohibition of the Development, Production, Stockpiling, and Use of Chemical Weapons and on Their Destruction, adopted by the United States Senate on April 24, 1997, I hereby certify pursuant to Condition 7(C)(i), Effectiveness of the Australia Group, that:

Australia Group members continue to maintain equally effective or more comprehensive controls over the export of: toxic chemicals and their precursors; dual-use processing equipment; human, animal, and plant pathogens and toxins with potential biological weapons applications; and dual-use biological equipment, as that afforded by the Australia Group as of April 25, 1997; and

The Australia Group remains a viable mechanism for limiting the spread of chemical and biological weapons-related materials and technology, and the effectiveness of the Australia Group has not been undermined by changes in membership, lack of compliance with common export controls and nonproliferation measures, or the weakening of common controls and nonproliferation measures, in force as of April 25, 1997.

The factors underlying this certification are described in the enclosed statement of justification.

GEORGE W. BUSH

The White House,
