

care plans. What is good for the public servants, including Members of the House and Senate, is good for America's seniors.

Third, seniors who want the kind of benefits available in managed care plans, including prescription drug coverage, will have that choice as well. This option would place seniors in an affordable network of doctors, provide drug coverage, and allow seniors to keep their out-of-pocket costs to a minimum.

Moving toward this system will take time, and as we make these changes, all American seniors will receive a prescription drug discount card to use right away. And low-income seniors will be eligible immediately for the annual \$600 Medicare prescription benefit.

Leaders of both political parties have talked for years about this issue, about adding a prescription drug benefit to Medicare. And the time for action is now. The budget I submitted will commit an additional \$400 billion over that which we have already committed to, over the next decade to implement this vision of a stronger Medicare system. We are committed to reform; we are committed to funding the reforms.

We have a responsibility—the docs, those of us in elected office, America's seniors—to work together to make sure Medicare fulfills its promise for this generation and for generations to come.

Our Medicare system depends on the skill and dedication of physicians. You know that. And that dedication should be fairly compensated. As Yank mentioned, we work with Congress to protect doctors from deep cuts in Medicare disbursements. Effective

this past Saturday, instead of a 4.4-percent reduction in Medicare payments, docs will receive a 1.6-percent increase. This increase is a sign of confidence in our doctors, and I hope that all of you will show your confidence in Medicare by staying in the system. Medicare needs you. Our seniors need you.

Whether the issue is reforming Medicare, enhancing patient safety, or correcting abuses in the legal system, the stakes are high. We must make sure that the choices of patients and the judgment of doctors are at the center of American health care. We must preserve the great innovation and quality of private medicine. We must keep our commitments to the elderly, and help bring the healing miracle of modern medicine to the people who need it in our time.

All of you as members of the medical profession exercise that healing power and uphold a great trust. I appreciate the work you do. You have my respect. And in the days ahead, I look forward to working with you on these needed reforms. May God bless your work. And may God continue to bless America.

Mr. Speaker:

I ask the Congress to consider the enclosed request for the Corporation for National and Community Service (CNCS). The request is needed to liquidate legitimate prior-year obligations for eligible participants in the AmeriCorps program, to complete the implementation of a comprehensive corrective action plan developed by CNCS to strengthen financial management, and to provide flexibility to support

The details of this request are set forth in the enclosed letter from the Director of the Office of Management and Budget. I concur with his comments and observations.

Sincerely,
