

*Apr. 11 / Administration of George W. Bush, 2003*

of the Press Secretary also released a Spanish language transcript of these remarks.

### Statement on Congressional Action on the Budget Resolution *April 11, 2003*

I commend House and Senate negotiators for their hard work and success in ensuring that the Congress has a budget resolution in place that reflects my priorities of winning the war against terrorism, protecting Americans at home, and strengthening economic growth. I particularly congratulate Chairmen Nickles and Nussle for their leadership, not only in ac-

complishing agreement but in doing so ahead of schedule. The compromise budget resolution funds our priorities, restrains spending, and provides opportunity for passage of a robust jobs-and-growth package. I commend the House for passing this measure and look forward to prompt passage in the Senate.

### Statement on Senate Action on the Budget Resolution *April 11, 2003*

The Senate has now completed action on the budget resolution that funds our priorities and rigorously controls spending. I look forward to working with the full Congress to provide the tax relief necessary to grow our economy and create jobs. The

budget resolution provides for a jobs-and-growth package of up to \$550 billion, and we will work with the Congress to provide the greatest amount of tax relief to stimulate our economy for American workers.

### Statement on House of Representatives Action on Comprehensive Energy Legislation *April 11, 2003*

I commend the House for passing comprehensive and balanced energy legislation. The House legislation will increase America's energy independence by diversifying our sources of renewable energy, expanding new technology, and increasing environmentally responsible exploration. This bill is a major step forward in the effort to

secure our Nation's energy future, in keeping with my National Energy Policy. I look forward to prompt Senate action and to working to ensure that fiscally responsible legislation to reduce our reliance on foreign sources of energy can be brought to my desk.
