

a Medicare option that includes prescription drug benefits.

My framework for Medicare reform also called for immediate help to seniors through a prescription drug discount card. And I'm pleased that both the House and Senate bills would make a discount card available to seniors. The card would help senior citizens by reducing their prescription drug costs, beginning early next year and continuing until the new prescription drug program under Medicare takes full effect in 2006.

The Congress must now pass a final bill that makes the Medicare system work better for America's seniors. This is an issue of vital importance to senior citizens all across our country. They have waited years for a modern Medicare system, and they should not have to wait any longer.

Earlier this month in Chicago, I met Gene Preston and his wife, Dorothy. They spend about \$300 a month on prescription drugs, and they do not have prescription drug coverage. Gene says, "Everything is going up in price. Before, we could save a couple of bucks at the end of the month.

But right now we're just holding even, if not going below even." When Congress completes its work, seniors like Gene and Dorothy Preston can look forward to better health care coverage and relief from the rising cost of prescription drugs.

I appreciate the hard work of Members of Congress who have set aside partisan differences to do what is best for the American people. I urge Members to seize this opportunity to achieve a great and compassionate goal. I urge them to finish the job of strengthening and modernizing Medicare, so that I can sign this crucial reform into law.

Thank you for listening.
