

who, in the absence of their fellow activated workers, have contributed to the War on Terror, and I urge you to recognize

these Federal employees by appropriate means.

GEORGE W. BUSH

## Letter to Congressional Leaders Reporting on the Deployment of United States Military Personnel as Part of the Kosovo International Security Force

November 14, 2003

*Dear Mr. Speaker: (Dear Mr. President:)*

In my report to the Congress of May 14, 2003, I provided information regarding the continued deployment of combat-equipped U.S. military personnel as the U.S. contribution to the NATO-led international security force in Kosovo (KFOR) and to other countries in the region in support of that force. I am providing this supplemental report prepared by my Administration, consistent with the War Powers Resolution (Public Law 93-148), to help ensure that the Congress is kept fully informed on continued U.S. contributions in support of peacekeeping efforts in Kosovo.

As noted in previous reports, the U.N. Security Council authorized member states to establish KFOR in U.N. Security Council Resolution 1244 of June 10, 1999. The mission of KFOR is to provide an international security presence in order to deter renewed hostilities; verify and, if necessary, enforce the terms of the Military Technical Agreement (MTA) between NATO and the Federal Republic of Yugoslavia (FRY) (which is now the Union of Serbia and Montenegro); enforce the terms of the Undertaking on Demilitarization and Transformation of the former Kosovo Liberation Army; provide day-to-day operational direction to the Kosovo Protection Corps; and maintain a safe and secure environment to facilitate the work of the U.N. Interim Administration Mission in Kosovo (UNMIK).

Currently, there are 17 NATO nations contributing to KFOR. The U.S. contribu-

tion to KFOR in Kosovo is about 2,100 U.S. military personnel, or approximately 11 percent of KFOR's total strength. Additionally, U.S. military personnel occasionally operate from Macedonia, Albania, and Greece in support of KFOR operations. Seventeen non-NATO contributing countries also participate with NATO forces in providing military personnel and other support personnel to KFOR.

The U.S. forces are assigned to a sector principally centered around Gnjilane in the eastern region of Kosovo. For U.S. KFOR forces, as for KFOR generally, maintaining a safe and secure environment remains the primary military task.

The KFOR forces operate under NATO command and control and rules of engagement. The KFOR coordinates with and supports UNMIK at most levels, provides a security presence in towns, villages, and the countryside, and organizes checkpoints and patrols in key areas to provide security, protect minorities, resolve disputes, and help instill in the community a feeling of confidence.

The UNMIK continues to transfer non-reserved competencies under the Constitutional Framework document to the Kosovar Provisional Institutions of Self-Government (PISG). The PISG includes the President, Prime Minister and Kosovo Assembly, and has been in place since March 2002. Municipal elections were successfully held for a second time in October 2002.

NATO continues formally to review KFOR's mission at 6-month intervals. These reviews provide a basis for assessing current force levels, future requirements, force structure, force reductions, and the eventual withdrawal of KFOR. NATO has adopted the Joint Operations Area plan to regionalize and rationalize its force structure in the Balkans. KFOR has transferred full responsibility for public safety and policing to UNMIK international and local police forces throughout Kosovo except in the area of Mitrovica, where the responsibility is shared due to security concerns. The UNMIK international police and local police forces have also begun to assume

responsibility for guarding patrimonial sites and established border-crossing checkpoints.

The continued deployment of U.S. forces has been undertaken pursuant to my constitutional authority to conduct U.S. foreign relations and as Commander in Chief and Chief Executive. I appreciate the continued support of the Congress in these actions.

Sincerely,

GEORGE W. BUSH

NOTE: Identical letters were sent to J. Dennis Hastert, Speaker of the House of Representatives, and Ted Stevens, President pro tempore of the Senate.

## **The President's Radio Address** *November 15, 2003*

Good morning. This week I traveled to Florida to visit with seniors about an important goal for my administration and this Nation. After years of debate and deadlock, the Congress is finishing work on the biggest improvements in senior health care coverage in nearly 40 years.

Some important details of the Medicare legislation have to be worked out, but leaders in both the House and the Senate have already agreed to four clear-cut improvements to Medicare.

First, within 6 months of Medicare reform law, all seniors would be eligible for a Medicare-approved drug discount card. This card would give seniors an immediate 10- to 25-percent savings on the cost of their medicines. For seniors with typical drug costs of \$1,285 a year, the card would deliver annual savings of up to \$300. And for low-income seniors, the discount card would include a \$600 annual credit toward drug costs.

Second, beginning in 2006, we would establish Medicare prescription drug coverage for all seniors who want it, at a monthly

premium of about \$35. For most seniors without coverage today, the new coverage would cut their annual drug bills roughly in half.

Third, seniors with the greatest need will get the most help. Low-income seniors would pay a reduced premium or no premium at all for the new drug coverage. And low-income seniors would also have lower copayments for their medicines.

Fourth, our seniors would enjoy more choices in their health coverage, including the same kind of choices that Members of Congress and other Federal employees enjoy. If seniors have more choices, health plans will compete for their business by offering better coverage at affordable prices.

The choices we support include the choice of remaining in the traditional Medicare program. Some seniors don't want change, and if you're a senior who wants to stay in the current Medicare system, you will have that option. And with that option, you will also be able to get Medicare-approved prescription drug coverage.
