Statement on Congressional Passage of Energy Legislation *July 29, 2005*

I applaud the Congress for today's passage of an energy bill that will help secure our energy future and reduce our dependence on foreign sources of energy. The energy bill will increase conservation and efficiency, diversify our energy supply with alternative and renewable sources, expand domestic energy production in environmentally sensitive ways, and modernize our electricity infrastructure. Four years ago, I

called for a national energy plan to address our Nation's energy needs for the 21st century. The bipartisan energy bill passed today will give America a comprehensive national energy strategy for the first time in more than a decade and is critically important to our long-term national and economic security. I look forward to signing it into law.

Statement on Congressional Action on Highway Legislation *July 29, 2005*

I congratulate the Congress for completing a highway bill that will improve highway safety, modernize our roads, reduce traffic congestion, and create jobs. I am pleased that Congress met these objectives in a fiscally responsible way and without raising gas taxes. This important legisla-

tion will help provide the funding needed to carry out overdue work on critical highway and transportation projects, and it will strengthen and modernize the transportation networks vital to America's continued economic growth. I look forward to signing it into law.

The President's Radio Address *July 30, 2005*

Good morning. This year Congress and I have addressed many key priorities of the American people, and we're making great progress.

gress passed, and I signed commonsense reform of our Nation's bankruptcy laws. I requested vital funds for our men and women in uniform, so Congress passed, and I proudly signed critical legislation to give our troops the resources they need to fight and win the war on terror.

This past week has brought even more progress, with four major achievements. First, I signed into law a patient safety bill
