ROBERT RAMSEY.

AUGUST 1, 1850.
Laid upon the table.

Mr. Hamilton, from the Committee on Invalid Pensions, made the following

REPORT:

The Committee on Invalid Pensions, to whom was referred the petition of Robert Ramsey, asking for back pension, report:

That he received the injury in the year 1800 for which he now receives a pension; that his name was first placed on the pension roll in the year 1817, and that he desires to draw the pension for the intervening time. This committee having decided against granting such allowances, cannot alter their decision in this case, and therefore ask to be discharged from the further consideration of the petition.
