

DRAWBACKS UNDER THE PRESENT TARIFF ACT

LETTER

FROM

THE SECRETARY OF THE TREASURY

TRANSMITTING

PURSUANT TO SENATE RESOLUTIONS OF JAN-
UARY 10 AND JULY 5, 1916, A STATEMENT OF
DRAWBACKS REFUNDED UNDER PARAGRAPH O
SECTION 4 OF THE TARIFF ACT DURING THE
FISCAL YEARS 1914, 1915, AND 1916

JULY 25 (calendar day, JULY 28), 1916.—Referred to the Committee on Printing

WASHINGTON
GOVERNMENT PRINTING OFFICE
1916

REPORTED BY MR. FLETCHER.

IN THE SENATE OF THE UNITED STATES,
August 21, 1916.

Resolved, That the statement of drawbacks under the present tariff act, during the fiscal years nineteen hundred and fourteen to nineteen hundred and sixteen, as transmitted to the Senate by the Secretary of the Treasury, under date of July twenty-sixth, nineteen hundred and sixteen, in response to Senate resolutions dated January tenth and July fifth, nineteen hundred and sixteen, be printed as a Senate document.

Attest:

JAMES M. BAKER, *Secretary.*

LETTER OF TRANSMITTAL.

TREASURY DEPARTMENT,
OFFICE OF THE SECRETARY,
Washington, July 26, 1916.

THE PRESIDENT OF THE UNITED STATES SENATE.

SIR: In compliance with Senate resolutions dated January 10, 1916, and July 5, 1916, I have the honor to transmit herewith the statements therein requested, viz:

(1) The amount of money refunded, under paragraph O, Section IV, of the present tariff act, during the fiscal year 1914, showing the article, amount, to whom paid, and the name of the real party in interest.

(2) Data as above for the fiscal year 1915.

(3) The aggregate amount for which applications have been received for drawback during the fiscal year 1916, showing the article, actual party in interest, aggregate amount paid on drawback entries to January 1, 1916, with the aggregate amount claimed in unpaid entries, liquidated or unliquidated, to January 1, 1916.

(4) An estimate of the amount of drawback paid from January 1, 1916, to June 30, 1916.

It will probably be noted that the attached statement of drawbacks paid during the fiscal years 1914 and 1915 are somewhat less than the figures stated in the Secretary's annual reports for those fiscal years. The reason for this is that the attached report covers only drawbacks paid under paragraph O of Section IV of the act of October 3, 1913, whereas the annual report of the Secretary includes some amounts paid under sections 2977 and 3015 of the Revised Statutes, which provide for the payment of drawback on imported merchandise when exported without having been removed from customs custody and without having been manufactured or otherwise changed from its condition as imported.

It will also be noted that the tabulations contain statements of the real party in interest as well as the names of the persons to whom payment was made. This is done for the reason that many payments are made to brokers, attorneys, and agents. A mere statement of the party to whom paid would therefore, in many instances, be misleading. It is strongly recommended that if the attached statements be published or otherwise made public, the column "To whom paid" be omitted. Otherwise the names of the clients of each broker, agent, or attorney, and the amount of business transacted, and upon what merchandise, will be disclosed to all his competitors and others.¹

Respectfully,

W. G. McADOO, *Secretary.*

¹ In accordance with the recommendation of the Secretary of the Treasury, the names of the persons to whom the payments were made are omitted, but the names of the real parties in interest are published herewith.

[Senate resolution 64, Sixty-fourth Congress, first session.]

Resolved, That the Secretary of the Treasury is hereby directed to submit to the Senate a statement showing the following:

First. The amount of money that has been refunded or paid as drawbacks during the fiscal years ending June thirtieth, nineteen hundred and fourteen, and June thirtieth, nineteen hundred and fifteen, under paragraph O, section four, of the act approved October third, nineteen hundred and thirteen, entitled "An act to reduce tariff duties and to provide revenue for the Government, and for other purposes," specifying the articles upon which said drawbacks or refunds have been made, and the persons, firms, or corporations to whom such money has been paid.

Second. A statement of the aggregate amount for which applications have been received by the Treasury for such refunds or drawbacks during the current fiscal year to date, the names of the persons, firms, or corporations making such applications, and the articles upon which these applications are based.

Third. An estimate of the refunds or drawbacks that will be made during the remainder of the current fiscal year under said provision, together with the name and amounts of articles upon which said estimates are based.

[Senate resolution 225, Sixty-fourth Congress, first session.]

Resolved, That the Secretary of the Treasury be directed to submit to the Senate the statement requested by S. Res. 64, agreed to January tenth, nineteen hundred and sixteen, directing him to furnish a statement of certain data relative to applications for and payments of drawbacks under paragraph O, Section IV, of the present tariff act for various periods, and which the Secretary of the Treasury reported on January eighteenth, nineteen hundred and sixteen, would "be expedited in every possible way."

DRAWBACKS UNDER THE PRESENT TARIFF ACT.

AMOUNT OF MONEY THAT HAS BEEN REFUNDED OR PAID AS DRAWBACKS.

FISCAL YEAR JULY 1, 1913, TO JUNE 30, 1914.
