

CAMP GROUND FOR PUPILS OF INDIAN SCHOOL AT
PHOENIX, ARIZ.

FEBRUARY 8, 1926.—Committed to the Committee of the Whole House on the
state of the Union and ordered to be printed

Mr. HAYDEN, from the Committee on Indian Affairs, submitted the
following

REPORT

[To accompany H. R. 8652]

The Committee on Indian Affairs, to whom was referred the bill
(H. R. 8652) to provide for the withdrawal of certain lands as a camp
ground for the pupils of the Indian school at Phoenix, Ariz., having
considered the same, report thereon with a recommendation that it
do pass without amendment.

This bill was introduced at the suggestion of the Secretary of the
Interior, as is shown by the following letter:

DEPARTMENT OF THE INTERIOR,
Washington, January 12, 1926.

Hon. SCOTT LEAVITT,
Chairman Committee on Indian Affairs,
House of Representatives.

MY DEAR MR. LEAVITT: On February 27, 1925, the President by Executive
order directed the temporary withdrawal from settlement, entry, sale, or other
disposal, subject to the limitations of the act of June 25, 1910 (36 Stat. 847),
as amended by the act of August 24, 1912 (37 Stat. 497), certain described
public lands in Arizona for use as a camp ground for the pupils of the Indian
school at Phoenix.

The act of June 30, 1919 (41 Stat. 3-34), prohibits the withdrawal of public
lands for or as an Indian reservation except by act of Congress. Hence it
becomes necessary to obtain the authority of Congress for the permanent with-
drawal of the lands described in the order for use as a camp ground for the
Indian pupils as proposed. It is reported that the school needs such a camp
ground, where during vacation months and possibly week ends during the school
term, pupils may have a day or a week of freedom from the routine of school
work in the interest of their health and happiness. The lands withdrawn were
selected by a field representative of the Indian Bureau of this department and
are reported to be especially well adapted for the purpose intended and readily
accessible to the school.

In view of this situation, it is recommended that the inclosed draft of a bill
or legislation similar thereto be given favorable consideration by your com-
mittee and the Congress during the present session.

Very truly yours,

HUBERT WORK.

Editorial: The Problem of the Doctor's Work

THE PROBLEM OF THE DOCTOR'S WORK
The doctor's work is a complex one, and it is one that is constantly changing. The doctor must be able to adapt to the changing needs of his patients and to the changing demands of society. The doctor's work is a noble one, and it is one that requires a high degree of skill and knowledge. The doctor must be able to diagnose and treat a wide variety of ailments, and he must be able to communicate effectively with his patients and with his colleagues. The doctor's work is a challenging one, and it is one that is essential to the well-being of our society.
