## REVIEW OF LABOR LEGISLATION OF 1926

### INTRODUCTION

Legislative sessions were held in 1926 in 16 States, in 6 of which the session was special or extraordinary, besides the regular session of the Sixty-ninth Congress. No legislatures in extra session except those of Texas and Washington enacted labor legislation, nor did the Legislature of South Carolina in regular session. Owing to a change in its constitution, Maryland had no legislative session in 1926, but will have in 1927. An extraordinary session of the Legislature of Florida, held late in 1925, enacted a single statute requiring notice.

Except for a very few outstanding acts, the year's output is lacking in both volume and importance, the exceptions being the railway-labor act passed by Congress in conformity with the expressed agreement between the employers and employees affected, and the New Jersey statute regulating the issue of injunctions in labor disputes, though of the latter it may be said that it goes but a little way, if at all, beyond the court practice in several jurisdictions.

A standard law as to counter-floors in building operations in cities of the first and second class in Kentucky, a fire-escape law in Louisiana, and safety and sanitation amendments in Massachusetts and Rhode Island mark progress in these fields, as do woman and child labor laws in Louisiana, Rhode Island, and Virginia.

The obligations of contractors for wage and other debts were legislated upon in Kentucky and Louisiana, while Virginia revived and revised its laws as to the liability of railroad companies for injuries to their employees.

Mississippi repealed its antitipping law, leaving Illinois the only State now having a law on this subject, and its law is regulatory rather than prohibitive.

As was the case with Bulletin No. 403, Labor Legislation of 1925, the current bulletin is essentially a supplement to Bulletin No. 370, entitled "Labor Laws of the United States, with Decisions of Courts Relating Thereto," embodying all legislation under the head indicated, with the exception of workmen's compensation laws, up to the beginning of the year 1925. As in Bulletin No. 370 certain classes of laws were presented in brief or by a representative or typical law, so in the current bulletin the classification there adopted is retained. This results in two parts, one entitled "Digests and summaries of certain classes of laws affecting labor," and the other, "Text and

abridgment of labor laws." In Part II are to be found the laws of more specific interest and less generally standardized, though use is also made of representative laws, as in the case of laws regulating the employment of children and mine regulations, which are quite extensive and in which legislation has been closely formulated along lines generally accepted. It has also frequently occurred that the changes made by amendments of 1926 are briefly stated, instead of the entire section affected being reproduced.

A cumulative index provides references to this and the basic bulletin (No. 370), together with that for 1925.

As has been done for some years past, workmen's compensation legislation is treated separately and omitted from the general legislative bulletin. A new compilation of the laws on this subject has just been issued by this bureau (Bulletin No. 423).

Knowledge by any employee injured of the defective or unsafe character or condition of any machinery, ways, appliances or structures of such corporation shall not of itself be a bar to recovery for any injury or death caused thereby. Any contract or agreement, express or implied, made by any such employee to waive the benefit of this section or any part thereof shall be null and void, and this section shall not be construed to deprive any such employee or his personal representative of any right or remedy to which he is now entitled under the laws of this State.

SECTION 5791. *Liability for injury or death.*—Every common carrier by railroad engaged in intrastate commerce, whose motive power is steam, shall be liable in damages to any of its employees suffering injury while employed by such carrier, except when such employee is injured while engaged in interstate commerce, and except when such employees are injured in the course of their regular employment, which regular employment does not expose such employee to the hazards incident to the maintenance, use and operation of such railroads, and in case of his death, to his personal representative, for such injury or death, resulting in whole or in part from the wrongful act or neglect of any of its officers, agents, servants or employees of such carriers, or by reason of any defect, or insufficiency due to its neglect in its cars, engines, appliances, machinery, track, roadbed, works, boats, wharves or other equipment. If the action be for the death of an employee, section fifty-seven hundred and eighty-seven, fifty-seven hundred and eighty-eight, fifty-seven hundred and eighty-nine, and fifty-seven hundred and ninety, shall apply thereto so far as applicable. No action shall be maintained under this section unless it be commenced within one year from the date the cause of action accrued.

## UNITED STATES

## SIXTY-NINTH CONGRESS, FIRST SESSION 1925-26

CHAPTER 344 (44 Stat. 568).—*Use of aircraft in commerce, etc.*

[This act regulates the operation of aircraft in the transportation of persons or property for hire in interstate or foreign commerce. It is made the duty of the Secretary of Commerce to investigate, record, and make public the causes of accidents in civil air navigation in the United States; to provide for the periodic examination and rating of airmen serving in connection with aircraft of the United States as to their qualifications for such service; and to provide for the issuance and expiration and for the suspension and revocation of registration, aircraft, and airman certificates.]

If foreign nations grant similar privileges in respect of aircraft and airmen of the United States, aircraft and airmen of such nations operating in the United States may be exempted from the foregoing requirements; otherwise they must conform thereto. But no foreign aircraft may engage in interstate or intrastate air commerce. Serving as airman in connection with any aircraft of the United States or any foreign aircraft without an airman certificate or in violation of the terms of such certificate is unlawful except as provided for reciprocal exemptions of foreign airmen.]

Second. The term "adjustment board" means one of the boards of adjustment provided for in this act;

Third. The term "Board of Mediation" means the Board of Mediation created by this act;

SEC. 2. *General duties.*—First. It shall be the duty of all carriers, their officers, agents, and employees to exert every reasonable effort to make and maintain agreements concerning rates of pay, rules, and working conditions, and to settle all disputes, whether arising out of the application of such agreements or otherwise, in order to avoid any interruption to commerce or to the operation of any carrier growing out of any dispute between the carrier and the employees thereof.

Second. All disputes between a carrier and its employees shall be considered, and, if possible, decided, with all expedition, in conference between representatives designated and authorized so to confer, respectively, by the carriers and by the employees thereof interested in the dispute.

Third. Representatives, for the purposes of this act, shall be designated by the respective parties in such manner as may be provided in their corporate organization or unincorporated association, or by other means of collective action, without interference, influence, or coercion exercised by either party over the self-organization or designation of representatives by the other.

Fourth. In case of a dispute between a carrier and its employees, arising out of grievances or out of the interpretation or application of agreements concerning rates of pay, rules, or working conditions, it shall be the duty of the designated representative or representatives of such carrier and of such employees, within ten days after the receipt of notice of a desire on the part of either party to confer in respect to such dispute, to specify a time and place at which such conference shall be held: *Provided*, (1) That the place so specified shall be situated upon the railroad line of the carrier involved unless otherwise mutually agreed upon; and (2) that the time so specified shall allow the designated conferees reasonable opportunity to reach such place of conference, but shall not exceed twenty days from the receipt of such notice: *And provided further*, That nothing in this paragraph shall be construed to supersede the provisions of any agreement (as to conferences) then in effect between the parties.

Fifth. Disputes concerning changes in rates of pay, rules, or working conditions shall be dealt with as provided in section 6 and in other provisions of this act relating thereto.

SEC. 3. *Boards of adjustment.*—First. Boards of adjustment shall be created by agreement between any carrier or group of carriers, or the carriers as a whole, and its or their employees.

The agreement—

- (a) Shall be in writing;
- (b) Shall state the group or groups of employees covered by such adjustment board;
- (c) Shall provide that disputes between an employee or group of employees and a carrier, growing out of grievances or out of the interpretation or application of agreements concerning rates of pay, rules, or working conditions, shall be handled in the usual manner up to and including the chief operating officer of the carrier designated to handle such disputes; but, failing to reach an adjustment in this manner, that the dispute shall be referred to the designated adjustment board by the parties, or by either party, with a full statement of the facts and all supporting data bearing upon the dispute;
- (d) Shall provide that the parties may be heard either in person, by counsel, or by other representative, as they may respectively elect, and that adjustment boards shall hear and, if possible, decide promptly all disputes referred to them as provided in paragraph (c). Adjustment boards shall give due notice of all hearings to the employee or employees and the carrier or carriers involved in the dispute;
- (e) Shall stipulate that decisions of adjustment boards shall be final and binding on both parties to the dispute; and it shall be the duty of both to abide by such decisions;
- (f) Shall state the number of representatives of the employees and the number of representatives of the carrier or carriers on the adjustment board, which number of representatives, respectively, shall be equal;
- (g) Shall provide for the method of selecting members and filling vacancies;
- (h) Shall provide for the portion of expenses to be assumed by the respective parties;
- (i) Shall stipulate that a majority of the adjustment board members shall be competent to make an award, unless otherwise mutually agreed;

(j) Shall stipulate that adjustment boards shall meet regularly at such times and places as designated; and

(k) Shall provide for the method of advising the employees and carrier or carriers of the decisions of the board.

Second. Nothing in this act shall be construed to prohibit an individual carrier and its employees from agreeing upon the settlement of disputes through such machinery of contract and adjustment as they may mutually establish.

SEC. 4. *Board of Mediation.*—First. There is hereby established, as an independent agency in the executive branch of the Government, a board to be known as the Board of Mediation and to be composed of five members appointed by the President, by and with the advice and consent of the Senate. The terms of office of the members first taking office shall expire, as designated by the President at the time of nomination, one at the end of the first year, one at the end of the second year, one at the end of the third year, one at the end of the fourth year, and one at the end of the fifth year, after January 1, 1926. The terms of office of all successors shall expire five years after the expiration of the terms for which their predecessors were appointed; but any member appointed to fill a vacancy occurring prior to the expiration of the term for which his predecessor was appointed shall be appointed only for the unexpired term of his predecessor. Vacancies in the board shall not impair the powers nor affect the duties of the board nor of the remaining members of the board. A majority of the members in office shall constitute a quorum for the transaction of the business of the board. Each member of the board shall receive a salary at the rate of \$12,000 per annum, together with necessary traveling expenses and subsistence expenses, or per diem allowance in lieu thereof, subject to the provisions of law applicable thereto, while away from the principal office of the board on business required by this act. No person in the employment of or who is pecuniarily or otherwise interested in any organization of employees or any carrier shall enter upon the duties of or continue to be a member of the board.

A member of the board may be removed by the President for inefficiency, neglect of duty, malfeasance in office, or ineligibility, but for no other cause.

Second. The board shall annually designate a member to act as chairman. The board shall maintain its principal office in the District of Columbia, but it may meet at any other place whenever it deems it necessary. The board may designate one or more of its members to exercise the functions of the board in mediation proceedings. Each member of the board shall have power to administer oaths and affirmations. The board shall have a seal which shall be judicially noticed. The board shall make an annual report to Congress.

Third. The board may (1) appoint such experts and assistants to act in a confidential capacity and, subject to the provisions of the civil service laws, such other officers and employees, and (2) in accordance with the classification act of 1923 fix the salary of such experts, assistants, officers, and employees, and (3) make such expenditures (including expenditures for rent and personal services at the seat of government and elsewhere, for law books, periodicals, and books of reference, and for printing and binding, and including expenditures for salaries and compensation, necessary traveling expenses and expenses actually incurred for subsistence, and other necessary expenses of boards of arbitration, in accordance with the provisions of section 7) as may be necessary for the execution of the functions vested in the board, or in the boards of arbitration, and as may be provided for by the Congress from time to time. All expenditures of the board shall be allowed and paid on the presentation of itemized vouchers therefor approved by the chairman.

SEC. 5. *Functions of Board of Mediation.*—First. The parties, or either party, to a dispute between an employee or group of employees and a carrier may invoke the services of the Board of Mediation created by this act, or the Board of Mediation may proffer its services, in any of the following cases:

(a) A dispute arising out of grievances or out of the interpretation or application of agreements concerning rates of pay, rules, or working conditions not adjusted by the parties in conference and not decided by the appropriate adjustment board;

(b) A dispute which is not settled in conference between the parties, in respect to changes in rates of pay, rules, or working conditions;

(c) Any other dispute not decided in conference between the parties.

In either event the said board shall promptly put itself in communication with the parties to such controversy, and shall use its best efforts, by mediation, to bring them to agreement. If such efforts to bring about an amicable

adjustment through mediation shall be unsuccessful, the said board shall at once endeavor as its final required action (except as provided in paragraph third of this section and in section 10 of this act), to induce the parties to submit their controversy to arbitration in accordance with the provisions of this act.

Second. In any case in which a controversy arises over the meaning or the application of any agreement reached through mediation under the provisions of this act, either party to the said agreement, or both, may apply to the Board of Mediation for an interpretation as to the meaning or application of such agreement. The said board shall upon receipt of such request notify the parties to the controversy, and after a hearing of both sides give its interpretation within thirty days.

Third. The Board of Mediation shall have the following duties with respect to the arbitration of disputes under section 7 of this act:

(a) On failure of the arbitrators named by the parties to agree on the remaining arbitrator or arbitrators within the time set by section 7 of this act, it shall be the duty of the Board of Mediation to name such remaining arbitrator or arbitrators. It shall be the duty of the board in naming such arbitrator or arbitrators to appoint only those whom the board shall deem wholly disinterested in the controversy to be arbitrated and impartial and without bias as between the parties to such arbitration. Should, however, the board name an arbitrator or arbitrators not so disinterested and impartial, then, upon proper investigation and presentation of the facts, the board shall promptly remove such arbitrator.

If an arbitrator named by the Board of Mediation, in accordance with the provisions of this act, shall be removed by such board as provided by this act, or if such an arbitrator refuses or is unable to serve, it shall be the duty of the Board of Mediation, promptly, to select another arbitrator, in the same manner as provided in this act for an original appointment by the Board of Mediation.

(b) Any member of the Board of Mediation is authorized to take the acknowledgment of an agreement of arbitration under this act. When so acknowledged, or when acknowledged by the parties before a notary public or the clerk of a district court or a circuit court of appeals of the United States, such agreement to arbitrate shall be delivered to a member of said board, or transmitted to said board, to be filed in its office.

(c) When an agreement to arbitrate has been filed with the Board of Mediation, or with one of its members, as provided by this section, and when the said board, or a member thereof, has been furnished the names of the arbitrators chosen by the parties to the controversy, it shall be the duty of the Board of Mediation to cause a notice in writing to be served upon said arbitrators, notifying them of their appointment, requesting them to meet promptly to name the remaining arbitrator or arbitrators necessary to complete the board of arbitration, and advising them of the period within which, as provided by the agreement to arbitrate, they are empowered to name such arbitrator or arbitrators.

(d) Either party to an arbitration desiring the reconvening of a board of arbitration to pass upon any controversy arising over the meaning or application of an award may so notify the Board of Mediation in writing, stating in such notice the question or questions to be submitted to such reconvened board. The Board of Mediation shall thereupon promptly communicate with the members of the board of arbitration, or a subcommittee of such board appointed for such purpose pursuant to a provision in the agreement to arbitrate, and arrange for the reconvening of said board or subcommittee, and shall notify the respective parties to the controversy of the time and place at which the board, or the subcommittee, will meet for hearings upon the matters in controversy to be submitted to it. No evidence other than that contained in the record filed with the original award shall be received or considered by such reconvened board or subcommittee, except such evidence as may be necessary to illustrate the interpretations suggested by the parties. If any member of the original board is unable or unwilling to serve on such reconvened board or subcommittee thereof, another arbitrator shall be named in the same manner and with the same powers and duties as such original arbitrator.

(e) The Interstate Commerce Commission, the Bureau of Labor Statistics, and the custodian of records, respectively, of the Railroad Labor Board, of the mediators designated in the act approved June 1, 1898, providing for mediation and arbitration, known as the Erdman Act, and of the Board of Mediation and Conciliation created by the act approved July 15, 1913, providing for medi-

ation, conciliation, and arbitration, known as the Newlands Act, are hereby authorized and directed to transfer and deliver to the Board of Mediation created by this act any and all papers and documents heretofore filed with or transferred to them, respectively, bearing upon the settlement, adjustment, or determination of disputes between carriers and their employees or upon mediation or arbitration proceedings held under or pursuant to the provisions of any act of Congress in respect to such disputes; and the President is authorized to require the transfer and delivery to the Board of Mediation, created by this act, of any and all such papers and documents filed with or in the possession of any agency of the Government. The President is authorized to designate a custodian of the records and property of the Railroad Labor Board, until the transfer and delivery of such records to the Board of Mediation and the disposition of such property in such manner as the President may direct.

SEC. 6. *Changing rates of pay, rules, etc.*—Carriers and the representatives of the employees shall give at least thirty days' written notice of an intended change affecting rates of pay, rules, or working conditions, and the time and place for conference between the representatives of the parties interested in such intended changes shall be agreed upon within ten days after the receipt of said notice, and said time shall be within the thirty days provided in the notice. Should changes be requested from more than one class or associated classes at approximately the same time, this date for the conference shall be understood to apply only to the first conference for each class; it being the intent that subsequent conferences in respect to each request shall be held in the order of its receipt and shall follow each other with reasonable promptness. In every case where such notice of intended change has been given, or conferences are being held with reference thereto, or the services of the Board of Mediation have been requested by either party, or said board has proffered its services, rates of pay, rules, or working conditions shall not be altered by the carrier until the controversy has been finally acted upon, as required by section 5 of this act, by the Board of Mediation, unless a period of ten days has elapsed after termination of conferences without request for or proffer of the services of the Board of Mediation.

SEC. 7. *Arbitration.*—First. Whenever a controversy shall arise between a carrier or carriers and its or their employees which is not settled either in conference between representatives of the parties or by the appropriate adjustment board or through mediation, in the manner provided in the preceding sections, such controversy may, by agreement of the parties to such controversy, be submitted to the arbitration of a board of three (or, if the parties to the controversy so stipulate, of six) persons: *Provided, however,* That the failure or refusal of either party to submit a controversy to arbitration shall not be construed as a violation of any legal obligation imposed upon such party by the terms of this act or otherwise.

Second. Such board of arbitration shall be chosen in the following manner:

(a) In the case of a board of three the carrier or carriers and the representatives of the employees, parties respectively to the agreement to arbitrate, shall each name one arbitrator; the two arbitrators thus chosen shall select a third arbitrator. If the arbitrators chosen by the parties shall fail to name the third arbitrator within five days after their first meeting, such third arbitrator shall be named by the Board of Mediation.

(b) In the case of a board of six the carrier or carriers and the representatives of the employees, parties respectively to the agreement to arbitrate, shall each name two arbitrators; the four arbitrators thus chosen shall, by a majority vote, select the remaining two arbitrators. If the arbitrators chosen by the parties shall fail to name the two arbitrators within fifteen days after their first meeting, the said two arbitrators, or as many of them as have not been named, shall be named by the Board of Mediation.

Third. (a) When the arbitrators selected by the respective parties have agreed upon the remaining arbitrator or arbitrators, they shall notify the Board of Mediation; and, in the event of their failure to agree upon any or upon all of the necessary arbitrators within the period fixed by this act, they shall, at the expiration of such period, notify the Board of Mediation of the arbitrators selected, if any, or of their failure to make or to complete such selection.

(b) The board of arbitration shall organize and select its own chairman and make all necessary rules for conducting its hearings: *Provided, however,* That the board of arbitration shall be bound to give the parties to the controversy a full and fair hearing, which shall include an opportunity to present

evidence in support of their claims, and an opportunity to present their case in person, by counsel, or by other representative as they may respectively elect.

(c) Upon notice from the Board of Mediation that the parties, or either party, to an arbitration desire the reconvening of the board of arbitration (or a subcommittee of such board of arbitration appointed for such purpose pursuant to the agreement to arbitrate) to pass upon any controversy over the meaning or application of their award, the board, or its subcommittee, shall at once reconvene. No question other than, or in addition to, the questions relating to the meaning or application of the award, submitted by the party or parties in writing, shall be considered by the reconvened board of arbitration or its subcommittee.

Such rulings shall be acknowledged by such board or subcommittee thereof in the same manner, and filed in the same district court clerk's office, as the original award and become a part thereof.

(d) No arbitrator, except those chosen by the Board of Mediation, shall be incompetent to act as an arbitrator because of his interest in the controversy to be arbitrated, or because of his connection with or partiality to either of the parties to the arbitration.

(e) Each member of any board of arbitration created under the provisions of this act named by either party to the arbitration shall be compensated by the party naming him. Each arbitrator selected by the arbitrators or named by the Board of Mediation shall receive from the Board of Mediation such compensation as the Board of Mediation may fix, together with his necessary traveling expenses and expenses actually incurred for subsistence, while serving as an arbitrator.

(f) The board of arbitration shall furnish a certified copy of its award to the respective parties to the controversy, and shall transmit the original, together with the papers and proceedings and a transcript of the evidence taken at the hearings, certified under the hands of at least a majority of the arbitrators, to the clerk of the district court of the United States for the district wherein the controversy arose or the arbitration is entered into, to be filed in said clerk's office as hereinafter provided. The said board shall also furnish a certified copy of its award, and the papers and proceedings, including testimony relating thereto, to the Board of Mediation, to be filed in its office; and in addition a certified copy of its award shall be filed in the office of the Interstate Commerce Commission: *Provided, however*, That such award shall not be construed to diminish or extinguish any of the powers or duties of the Interstate Commerce Commission, under the Interstate Commerce Act, as amended.

(g) A board of arbitration may, subject to the approval of the Board of Mediation, employ and fix the compensation of such assistants as it deems necessary in carrying on the arbitration proceedings. The compensation of such employees, together with their necessary traveling expenses and expenses actually incurred for subsistence, while so employed, and the necessary expenses of boards of arbitration, shall be paid by the Board of Mediation.

Whenever practicable, the board shall be supplied with suitable quarters in any Federal building located at its place of meeting or at any place where the board may conduct its proceedings or deliberations.

(h) All testimony before said board shall be given under oath or affirmation, and any member of the board shall have the power to administer oaths or affirmations. The board of arbitration, or any member thereof, shall have the power to require the attendance of witnesses and the production of such books, papers, contracts, agreements, and documents as may be deemed by the board of arbitration material to a just determination of the matters submitted to its arbitration, and may for that purpose request the clerk of the district court of the United States for the district wherein said arbitration is being conducted to issue the necessary subpoenas, and upon such request the said clerk or his duly authorized deputy shall be, and he hereby is, authorized, and it shall be his duty, to issue such subpoenas. In the event of the failure of any person to comply with any such subpoena, or in the event of the contumacy of any witness appearing before the board of arbitration, the board may invoke the aid of the United States courts to compel witnesses to attend and testify and to produce such books, papers, contracts, agreements, and documents to the same extent and under the same conditions and penalties as provided for in the act to regulate commerce approved February 4, 1887, and the amendments thereto.

Any witness appearing before a board of arbitration shall receive the same fees and mileage as witnesses in courts of the United States, to be paid by the party securing the subpoena.

SEC. 8. *Agreement to arbitrate.*—The agreement to arbitrate—

- (a) Shall be in writing;
- (b) Shall stipulate that the arbitration is had under the provisions of this act;
- (c) Shall state whether the board of arbitration is to consist of three or of six members;
- (d) Shall be signed by the duly accredited representatives of the carrier or carriers and the employees, parties respectively to the agreement to arbitrate, and shall be acknowledged by said parties before a notary public, the clerk of a district court or circuit court of appeals of the United States, or before a member of the Board of Mediation, and, when so acknowledged, shall be filed in the office of the Board of Mediation;
- (e) Shall state specifically the questions to be submitted to the said board for decisions; and that, in its award or awards, the said board shall confine itself strictly to decisions as to the question so specifically submitted to it;
- (f) Shall provide that the questions, or any one or more of them, submitted by the parties to the board of arbitration may be withdrawn from arbitration on notice to that effect signed by the duly accredited representatives of all the parties and served on the board of arbitration;
- (g) Shall stipulate that the signatures of a majority of said board of arbitration affixed to their award shall be competent to constitute a valid and binding award;
- (h) Shall fix a period from the date of the appointment of the arbitrator or arbitrators necessary to complete the board (as provided for in the agreement) within which the said board shall commence its hearings;
- (i) Shall fix a period from the beginning of the hearings within which the said board shall make and file its award: *Provided*, That the parties may agree at any time upon an extension of this period;
- (j) Shall provide for the date from which the award shall become effective and shall fix the period during which the award shall continue in force;
- (k) Shall provide that the award of the board of arbitration and the evidence of the proceedings before the board relating thereto, when certified under the hands of at least a majority of the arbitrators, shall be filed in the clerk's office of the district court of the United States for the district wherein the controversy arose or the arbitration was entered into, which district shall be designated in the agreement; and, when so filed, such award and proceedings shall constitute the full and complete record of the arbitration;
- (l) Shall provide that the award, when so filed, shall be final and conclusive upon the parties as to the facts determined by said award and as to the merits of the controversy decided;
- (m) Shall provide that any difference arising as to the meaning, or the application of the provisions, of an award made by a board of arbitration shall be referred back for a ruling to the same board, or, by agreement, to a sub-committee of such board; and that such ruling, when acknowledged in the same manner, and filed in the same district court clerk's office, as the original award, shall be a part of and shall have the same force and effect as such original award; and
- (n) Shall provide that the respective parties to the award will each faithfully execute the same.

The said agreement to arbitrate, when properly signed and acknowledged as herein provided, shall not be revoked by a party to such agreement: *Provided*, however, That such agreement to arbitrate may at any time be revoked and canceled by the written agreement of both parties, signed by their duly accredited representatives, and (if no board of arbitration has yet been constituted under the agreement) delivered to the Board of Mediation or any member thereof; or, if the board of arbitration has been constituted as provided by this act, delivered to such board of arbitration.

SEC. 9. *Awards.*—First. The award of a board of arbitration, having been acknowledged as herein provided, shall be filed in the clerk's office of the district court designated in the agreement to arbitrate.

Second. An award acknowledged and filed as herein provided shall be conclusive on the parties as to the merits and facts of the controversy submitted to arbitration, and unless, within ten days after the filing of the award, a

petition to impeach the award, on the grounds hereinafter set forth, shall be filed in the clerk's office of the court in which the award has been filed, the court shall enter judgment on the award, which judgment shall be final and conclusive on the parties.

Third. Such petition for the impeachment or contesting of any award so filed shall be entertained by the court only on one or more of the following grounds:

(a) That the award plainly does not conform to the substantive requirements laid down by this act for such awards, or that the proceedings were not substantially in conformity with this act;

(b) That the award does not conform, nor confine itself, to the stipulations of the agreement to arbitrate; or

(c) That a member of the board of arbitration rendering the award was guilty of fraud or corruption; or that a party to the arbitration practiced fraud or corruption, which fraud or corruption affected the result of the arbitration: *Provided, however,* That no court shall entertain any such petition on the ground that an award is invalid for uncertainty: in such case the proper remedy shall be a submission of such award to a reconvened board, or subcommittee thereof, for interpretation, as provided by this act: *Provided further,* That an award contested as herein provided shall be construed liberally by the court, with a view to favoring its validity, and that no award shall be set aside for trivial irregularity or clerical error, going only to form and not to substance.

Fourth. If the court shall determine that a part of the award is invalid on some ground or grounds designated in this section as a ground of invalidity, but shall determine that a part of the award is valid, the court shall set aside the entire award: *Provided, however,* That, if the parties shall agree thereto, and if such valid and invalid parts are separable, the court shall set aside the invalid part, and order judgment to stand as to the valid part.

Fifth. At the expiration of ten days from the decision of the district court upon the petition filed as aforesaid, final judgment shall be entered in accordance with said decision, unless during said ten days either party shall appeal therefrom to the circuit court of appeals. In such case only such portion of the record shall be transmitted to the appellate court as is necessary to the proper understanding and consideration of the questions of law presented by said petition and to be decided.

Sixth. The determination of said circuit court of appeals upon said questions shall be final, and, being certified by the clerk thereof to said district court, judgment pursuant thereto shall thereupon be entered by said district court.

Seventh. If the petitioner's contentions are finally sustained, judgment shall be entered setting aside the award in whole or, if the parties so agree, in part; but in such case the parties may agree upon a judgment to be entered disposing of the subject matter of the controversy, which judgment when entered shall have the same force and effect as judgment entered upon an award.

Eighth. Nothing in this act shall be construed to require an individual employee to render labor or service without his consent, nor shall anything in this act be construed to make the quitting of his labor or service by an individual employee an illegal act; nor shall any court issue any process to compel the performance by an individual employee of such labor or service, without his consent.

SEC. 10. *Emergency boards.*—If a dispute between a carrier and its employees be not adjusted under the foregoing provisions of this act and should, in the judgment of the Board of Mediation, threaten substantially to interrupt interstate commerce to a degree such as to deprive any section of the country of essential transportation service, the Board of Mediation shall notify the President, who may thereupon, in his discretion, create a board to investigate and report respecting such dispute. Such board shall be composed of such number of persons as to the President may seem desirable: *Provided, however,* That no member appointed shall be pecuniarily or otherwise interested in any organization of employees or any carrier. The compensation of the members of any such board shall be fixed by the President. Such boards shall be created separately in each instance and it shall investigate promptly the facts as to the dispute and make a report thereon to the President within thirty days from the date of its creation.

There is hereby authorized to be appropriated such sums as may be necessary for the expenses of such board, including the compensation and the

necessary traveling expenses and expenses actually incurred for subsistence, of the members of the board. All expenditures of the board shall be allowed and paid on the presentation of itemized vouchers therefor approved by the chairman.

After the creation of such board and for thirty days after such board has made its report to the President, no change, except by agreement, shall be made by the parties to the controversy in the conditions out of which the dispute arose.

SEC. 11. *Provisions separable.*—If any provision of this act, or the application thereof to any person or circumstance, is held invalid, the remainder of the act, and the application of such provision to other persons or circumstances, shall not be affected thereby.

SEC. 12. *Appropriations.*—There is hereby authorized to be appropriated such sums as may be necessary for expenditure by the Board of Mediation in carrying out the provisions of this act.
