SEC. 4. The provisions of section 6 of the Act entitled "An Act making appropriations for sundry civil expenses of the Government for the fiscal year ending June thirtieth, nineteen hundred and seven, and for other purposes," approved June 30, 1906 (34 Stat. 763), as amended (title V, U. S. C., sec. 84), are hereby made applicable to officers and members of the Metropolitan Police force and the Fire Department of the District of Columbia.

Amend the title so as to read:

A bill to provide for granting to officers and members of the Metropolitan Police force, the Fire Department of the District of Columbia, and the White House and United States Park Police forces additional compensation for working on holidays.

The purpose of the bill is to grant to officers and members of the Metropolitan Police force, the Fire Department of the District of Columbia, and the White House and United States Park Police forces additional compensation (equal to their regular pay) for service of six or more hours performed on any of the following holidays: the 1st day of January; the 22d day of February; the 4th day of July; the 30th day of May; the first Monday in September; the 11th day of November; Thanksgiving Day; the 25th day of December; and such other days designated by Executive order. Such additional holiday pay does not accrue on any day for which the officer or member of the police force is already receiving compensation under the provisions of Public Law 13, Eighty-second Congress, granting additional pay for the sixth day in any week.

Such additional pay is not to be considered salary for the purpose of computing retirement compensation or relief payments.

The measure also makes applicable to officers and members of the Metropolitan Police force the provisions of the act of June 30, 1906 (34 Stat. 763). That act directs that for purposes of compensation of Federal employees, each month shall be treated as if it had 30 days, thereby prorating annual salaries in equal installments for each month of the year.

The bill has the approval of the Board of Commissioners, the Department of the Interior, and the Department of Treasury. It was unanimously reported by the full committee.
