Public Law 99-590
99th Congress

An Act

To amend the Wild and Scenic Rivers Act, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

TITLE I—CACHE LA POUDE, COLORADO

SEC. 101. Section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274) is amended by adding at the end the following new paragraph:

"(56) CACHE LA POUDE, COLORADO.—The following segments as generally depicted on the proposed boundary map numbered FS-56 and dated March 1986, published by the United States Department of Agriculture, each to be administered by the Secretary of Agriculture; except that those portions of the segments so designated which are within the boundary of Rocky Mountain National Park shall continue to be administered by the Secretary of the Interior:

"(A) Beginning at Poudre Lake downstream to the confluence of Joe Wright Creek, as a wild river. This segment to be designated the 'Peter H. Dominick Wild River Area'.

"(B) Downstream from the confluence of Joe Wright Creek to a point where the river intersects the easterly north-south line of the west half southwest quarter of section 1, township 8 north, range 71 west of the sixth principal meridian, as a recreational river.

"(C) South Fork of the Cache la Poudre River from its source to the Commanche Peak Wilderness Boundary, approximately four miles, as a wild river.

"(D) Beginning at the Commanche Peak Wilderness Boundary to a point on the South Fork of the Cache la Poudre River in section 1, township 7 north, range 73 west of the sixth principal meridian, at elevation 8050 mean sea level, as a recreational river.

"(E) South Fork of the Cache la Poudre River from its intersection with the easterly section line of section 30, township 8 north, range 72 west of the sixth principal meridian, to confluence of the main stem of the Cache la Poudre River, as a wild river.

With respect to the portions of the river segments designated by this paragraph which are within the boundaries of Rocky Mountain National Park, the requirements of subsection (b) of this section shall be fulfilled by the Secretary of the Interior through appropriate revisions to the general management plan for the park, and the boundaries, classification, and development plans for such portions need not be published in the Federal Register. Such revisions to the general management plan for the park shall assure that no development or use of parklands shall be undertaken that is inconsistent with the designation of such river segments as a wild river. For the purposes of the segments designated by this paragraph, there are authorized to be appropriated $500,000 for development and $2,500,000 for land acquisition."
Sec. 102. Inclusion of the designated portions of the Cache la Poudre River and the Wild and Scenic Rivers System under section 101 of this title shall not interfere with the exercise of existing decreed water rights to water which has heretofore been stored or diverted by means of the present capacity of storage, conveyance, or diversion structures that exist as of the date of enactment of this title, or operation and maintenance of such structures. Nor shall inclusion of the designated portions of the Cache la Poudre River in the Wild and Scenic Rivers System be utilized in any Federal proceeding, whether concerning a license, permit, right-of-way, or other Federal action, as a reason or basis to prohibit the development or operation of any water impoundments, diversion facilities, and hydroelectric power and transmission facilities below Poudre Park located entirely downstream from and potentially affecting designated portions of the Cache la Poudre River, or relocation of highway 14 to any point east of the north-south half section line of section 2, township 8 north, range 71 west of the sixth principal meridian, as necessary to provide access to Poudre Park around such facilities: Provided, That due consideration shall be given to reasonable measures for minimizing the impact of such facilities and road relocation on the designated segments. Congress finds that development of water impoundments, diversion facilities, and hydroelectric power and transmission facilities located entirely downstream from the designated portions of the Cache la Poudre River below Poudre Park, in accordance with the provisions of this section, is not incompatible with the designation of portions of the Cache la Poudre River in the Wild and Scenic Rivers System under section 101 of this title. The reservation of water established by the inclusion of portions of the Cache la Poudre River in the Wild and Scenic Rivers System shall be subject to the provisions of this title, shall be adjudicated in Colorado Water Court, and shall have a priority date as of the date of enactment of this title.

Sec. 103. (a) GRANTS AND ASSISTANCE.—The Secretary of Agriculture, acting through the Chief of the Forest Service, shall provide grants and technical assistance to the city of Fort Collins, Colorado, to carry out a study regarding the designation of the following area as a national recreation area: the 18.5-mile segment of the Cache la Poudre River Corridor from the northwest boundary of the city of Fort Collins urban growth area to the Weld-Larimer County line.

(b) STUDY.—The study under this section shall include each of the following:

(A) a comprehensive evaluation of the public recreation opportunities and flood plain management options which are available with respect to the river corridor involved;

(B) an evaluation of the natural, historical, and recreational values of such corridor;

(C) patterns for possible land acquisition within the corridor which are deemed necessary for the purpose of resource protection, scenic and integrity, or management and administration of the corridor area;

(D) cooperative management proposals for the administration of the corridor area;

(E) the number of visitors and types of public use within the corridor area that can be accommodated in accordance with the full protection of its resources; and
(F) the facilities deemed necessary to accommodate and pro-
vide access for such visitors and uses, including the location and
estimated costs of such facilities.

(c) REPORT TO CONGRESS.—Within three years of the date of enact-
ment of this title, the Secretary of Agriculture shall transmit to the
Congress a comprehensive report containing the results of the study
carried out pursuant to this section.

(d) FUNDING.—There are hereby authorized to be appropriated up
to $150,000 to carry out the provisions of this section.

(e) COST SHARING.—Not more than 75 per centum of the cost of the
study carried out under this section shall be paid by the United
States: Provided, That in no event shall the contribution of the
United States exceed $150,000. The remaining portion of such costs
shall be contributed by interested parties. The portion contributed
by such interested parties may consist of appropriated funds or
contributed services.

SEC. 104. Notwithstanding any other provision of law, the Sec-
retaries of Agriculture and the Interior shall, within 30 days of the
enactment of this title, complete the exchange as described in the
Decision Notice and Finding of No Significant Impact, Trust For
Public Land Proposed Land-for-Land Exchange, signed by the Rocky
Mountain Regional Forester, on August 22, 1985, to acquire certain
private lands in the portion of the Cache la Poudre River des-
gnated in section 3(a)(56)(B) of the Wild and Scenic Rivers Act
(16 U.S.C. 1274(a)(56)(B)).
