(B) is in a county in which producers are eligible to receive disaster emergency loans under section 321 of the Consolidated Farm and Rural Development Act (7 U.S.C. 1961) as the result of drought, excessive heat, floods, hail or excessive moisture which occurred in 1986.

(3) Payments made available to each eligible producer shall not exceed \$100,000 for all crops (without regard to other limitations in farm program payments) and shall be determined for each crop of such commodities by multiplying—

(A) the payment rate; by

(B) the loss of production of the eligible producer.

(4)(A) Except for sugar beets and sugar cane, the payment rate shall be equal to the level of price support established for the crop of the commodity for the farm.

(B) For purposes of determining the payment rate for sugar beets and sugar cane, the Secretary shall establish a payment rate which is fair and reasonable in relation to the level of price support which is established for the 1986 crop of sugar beets and sugar cane.

(5)(A) The loss of production of the eligible producer shall be the quantity of wheat, feed grains, cotton, rice, soybeans, sugar beets and sugar cane or peanuts that eligible producers on a farm are unable to harvest due to reduced yields or are prevented from planting to such commodity or other nonconserving crops due to drought, excessive heat, floods, hail or excessive moisture in 1986.

Such loss of production of the eligible producer for each such crop shall be the difference between—

(i) The result determined by multiplying (I) 50 per centum of the farm program payment yield established for the crop of the commodity, by (II) the sum of the acreage of such crop planted to harvest and the acreage for which prevented planted credit is approved by the Secretary; and

(ii) The actual production on the farm of such crop of the commodity if such quantity is less than the quantity determined in accordance with clause (i).

(B) The sum of the acreage determined in accordance with paragraph (5)(A)(i)(II) shall not exceed—

(i) with respect to wheat, feed grains, upland cotton, or rice, the 1986 permitted acreage determined for such crop of the commodity; and

(ii) with respect to soybeans, peanuts, sugar beets and sugar cane, the acreage so affected but not to exceed the acreage planted in the immediately preceding year to soybeans or peanuts, respectively, for harvest including any acreage that the producer was prevented from planting to such commodity or to other nonconserving crops in lieu of soybeans or peanuts because of drought, excessive moisture, flood, hail, or other natural disaster, or other condition beyond the control of the producer.

(6) Payments determined in accordance with paragraph (3) with respect to any producer with crop insurance shall be reduced to the extent the amount determined by adding the total amount of crop insurance indemnity payments (gross indemnity less premium paid) received by the producer for the loss of production of each crop of such commodities on the farm and the payment determined in accordance with paragraphs (3) through (5) exceeds the amount determined by multiplying—

(A)(i) the quantity determined by multiplying 100 percent of the farm program payment yield established for each crop of such commodities by (ii) the sum of the acreage of each such crop planted to harvest and the acreage for which prevented planted credit is approved by the Secretary (the total not to exceed the quantity determined in accordance with subparagraph (5)(B)); by

(B) the payment rate for each crop of the commodity.

(7) The total amount of payments made under paragraph (3) to producers on a farm with respect to each crop of such commodities and the total amount of price support loans and purchases (and program benefits for sugar beets and sugar cane) made with respect to such crop on such farm may not exceed the amount determined by multiplying—

(A) The farm program payment yield for the crop of the commodity; by

(B) The sum of (i) the acreage of the crop of the commodity planted for harvest and (ii) the acreage for which prevented planted credit is approved by the Secretary, but for each such crop such sum shall not exceed the quantity determined in accordance with subparagraph (5)(B); by

(C) The payment rate for each crop of the commodity.

(8)(A) For purposes of determining the farm program payment yield, the Secretary shall use the 1986 farm program payment yield established for the crop of the commodity or, if such data is not

available, a yield determined by the Secretary to be fair and equitable.

(B) Notwithstanding any other provision of this subsection—

(i) a loss of production of quota peanuts from a farm as otherwise determined under paragraph (5) shall be reduced by the quantity of peanut poundage quota which was the basis of such anticipated production which has been transferred from the farm; and

(ii) payments made under this subsection shall be taken into account whether the lost production for which the loss of production is claimed was a loss of production of quota or additional peanuts and the payment rate shall be established accordingly. Further, notwithstanding any other provision of law, the amount of undermarketings of quota peanuts from a farm for the 1986 crop that may otherwise be claimed under section 358 of the Agricultural Adjustment Act of 1938 for purposes of future quota increases shall be reduced by the quantity of lost production of such peanuts for which payment has been received under this subsection.

(9) The disaster payments required by this section shall be made in the form of generic, negotiable commodity certificates redeemable from stocks of commodities held by the Commodity Credit Corporation.

(b)(1) notwithstanding any other provision of this section for the 1986 crop year, the Secretary of Agriculture shall utilize certificates redeemable from stocks of commodities held by the Commodity Credit Corporation, for the purpose of making disaster payments to producers of nonprogram crops, in counties in which producers became eligible subsequent to July 1, 1986, to receive disaster emergency loans under section 321 of the Consolidated Farm and Rural Development Act (7 U.S.C. 1961) as the result of drought, excessive heat, flood, hail, or excessive moisture, and

(1) the term shall include other commercial crops for which such insurance was not available for purchase or, if available, was not purchased by such by producers for crop year 1986, if—

(A) in accordance with rules and regulations issued by the Secretary of Agriculture, the producer of such crop(s) provides satisfactory evidence of actual crop yield for at least one of the immediately preceding 3 crop years: *Provided*, That in the event such data does not exist for any of the

three preceding crop years the Secretary shall use county average crop yield data; and

(B) that the producer of such crop(s) also provides satisfactory evidence of 1986 crop year losses resulting from drought, excessive heat, flood, excessive moisture, or hail exceeding 50 per centum of the crop yield established in subparagraph (A) of this paragraph, and

(2) that payments made available to producers of such crops shall be based upon the average market prices received by producers of such crops, as determined by the Secretary.

(d)(1) The Secretary shall carry out the program authorized by this proviso through the Commodity Credit Corporation.

(2) Applications for payments made in accordance with this proviso must be filed by January 31, 1987.

PART B—REQUIREMENTS RELATING TO THE ACQUISITION PROCESS

SEC. 921. SMALL BUSINESS SET-ASIDES.

(1) by inserting “in each industry category” in paragraph (3) after “Government”, and

(2) by adding at the end the following new sentences: “For purposes of clause (3) of the first sentence of this subsection, an industry category is a discrete group of similar goods and services. Such groups shall be determined by the Administration in accordance with the four-digit standard industrial classification codes contained in the Standard Industrial Classification Manual published by the Office of Management and Budget, except that the Administration shall limit such an industry category to a greater extent than provided under such classification codes if the Administration receives evidence indicating that further segmentation for purposes of this paragraph is warranted due to special capital equipment needs or special labor or geographic requirements or to recognize a new industry. A market for goods or services may not be segmented under the preceding sentence due to geographic requirements unless the Government typically designates the area where work for contracts for such goods or services is to be performed and Government purchases comprise the major portion of the entire domestic market for such goods or services and, due to the fixed location of facilities, high mobilization costs, or similar economic factors, it is unreasonable to expect competition from business concerns located outside of the general areas where such concerns are located.”.

(b) AWARDING OF CONTRACTS AT FAIR MARKET PRICES.—(1) Section 15(a) of such Act (15 U.S.C. 644(a)) is further amended by adding at the end the following new sentence: “A contract may not be awarded under this subsection if the award of the contract would result in a cost to the awarding agency which exceeds a fair market price.”.

(2) Section 8(a)(1)(A) of such Act (15 U.S.C. 637(a)(1)(A)) is amended by striking out the semicolon at the end and adding in lieu thereof the following: “. A contract may not be awarded under this subsection if the award of the contract would result in a cost to the awarding agency which exceeds a fair market price;”.

(c) ASSURANCE AS TO COMPOSITION OF LABOR FORCE.—(1) Section 8(a) of such Act (15 U.S.C. 637(a)) is amended by adding at the end the following new paragraph:

“(14)(A) A concern may not be awarded a contract under this subsection as a small business concern unless the concern agrees that—

“(i) in the case of a contract for services (except construction), at least 50 percent of the cost of contract performance incurred for personnel shall be expended for employees of the concern; and

"(ii) in the case of a contract for procurement of supplies (other than procurement from a regular dealer in such supplies), the concern will perform work for at least 50 percent of the cost of manufacturing the supplies (not including the cost of materials).

"(B) The Administrator may change the percentage under clause (i) or (ii) of subparagraph (A) if the Administrator determines that such change is necessary to reflect conventional industry practices among business concerns that are below the numerical size standard for businesses in that industry category. A percentage established under the preceding sentence may not differ from a percentage established under section 15(n).

"(C) The Administration shall establish, through public rule-making, requirements similar to those specified in subparagraph (A) to be applicable to contracts for general and specialty construction and to contracts for any other industry category not otherwise subject to the requirements of such subparagraph. The percentage applicable to any such requirement shall be determined in accordance with subparagraph (B), except that such a percentage may not differ from a percentage established under section 15(n) for the same industry category."

(2) Section 15 of such Act (15 U.S.C 644) is amended by adding at the end the following new subsection:

"(o)(1) A concern may not be awarded a contract under this subsection as a small business concern unless the concern agrees that—

"(A) in the case of a contract for services (except construction), the concern will perform at least 50 percent of the cost of the contract with its own employees; and

"(B) in the case of a contract for procurement of supplies (other than procurement from a regular dealer in such supplies), the concern will perform work for at least 50 percent of the cost of manufacturing the supplies (not including the cost of materials).

"(2) The Administrator may change the percentage under subparagraph (A) or (B) of paragraph (1) if the Administrator determines that such change is necessary to reflect conventional industry practices among business concerns that are below the numerical size standard for businesses in that industry category.

"(3) The Administration shall establish, through public rule-making, requirements similar to those specified in paragraph (1) to be applicable to contracts for general and specialty construction and to contracts for any other industry category not otherwise subject to the requirements of such subparagraph."

(d) **EXPANSION OF ANNUAL PARTICIPATION GOALS.**—Section 15(g) of such Act is amended—

(1) by striking out "having values of \$10,000 or more" in the first sentence; and

(2) by adding at the end the following: "For the purpose of establishing goals under this subsection, the head of each Federal agency shall make consistent efforts to annually expand participation by small business concerns from each industry category in procurement contracts of the agency, including participation by small business concerns owned and controlled by socially and economically disadvantaged individuals. The head of each Federal agency, in attempting to attain such participation, shall consider—

"(1) contracts awarded as the result of unrestricted competition; and

"(2) contracts awarded after competition restricted to eligible small business concerns under this section and under the program established under section 8(a)."

(e) DISCLOSURE OF INFORMATION CONCERNING APPLICANTS FOR PROCUREMENT SET-ASIDES.—Section 15 of such Act is further amended by adding at the end the following new subsection:

"(p)(1) Except as provided in paragraphs (2) and (3), the head of any Federal agency shall, within five days of the agency's decision to set aside a procurement for small business concerns under this section, provide the names and addresses of the small business concerns expected to respond to the procurement to any person who requests such information.

"(2) The Secretary of Defense may decline to provide information under paragraph (1) in order to protect national security interests.

"(3) The head of a Federal agency is not required to release any information under paragraph (1) that is not required to be released under section 552 of title 5, United States Code."

(f) REVIEW OF SIZE STANDARDS.—Section 3 of the Small Business Act is amended—

(1) by inserting "(1)" after "SEC. 3. (a)"; and

(2) by adding at the end of subsection (a) the following:

"(2)(A) The Small Business Administration shall establish a program for the review of the size standards for eligibility of business concerns in the industry categories described in subparagraph (B) for a procurement restricted to small business concerns under section 8(a) or 15(a).

"(B) Subparagraph (A) shall apply only to business concerns in the following industry categories:

"(i) Construction.

"(ii) Architectural and engineering services (including surveying and mapping services).

"(iii) Ship building and ship repair.

"(iv) Refuse systems and related services.

"(3) If the Administrator determines, on the basis of any such review, that contracts awarded under the set-aside programs under such sections exceed 30 percent of the dollar value of the total contract awards for that industry category, as determined under the last sentence of section 15(a)(3), the Administrator shall adjust the size standards for such industry category establishing eligibility for a set-aside program to a size that will likely reduce the number of contracts which may be set aside to approximately 30 percent of the value of contracts to be awarded under such sections.

"(4)(A) An interested person may petition the Administrator at any time to review an adjustment to a size standard made under paragraph (3) or any designation of an industry category made under section 15(a)(3) if the petitioner presents credible evidence that any such adjustment or designation—

"(i) is not likely to further the purposes of paragraph (3)(A) or section 15(a); and

"(ii) has caused the petitioner to suffer severe financial loss.

"(B) The Administrator shall render a final determination on any petition filed under subparagraph (A) before the end of the 30-day period beginning on the date that such petition is received by the Administration. “(1) a foreign government owns or controls (whether directly or indirectly) a significant interest in such firm or subsidiary (or, in the case of a subsidiary, in the firm that owns the subsidiary); and

“(c) **WAIVER.**—(1)(A) If the Secretary of Defense determines under paragraph (2) that entering into a contract with a firm or a subsidiary of a firm described in subsection (b) is not inconsistent with the national security objectives of the United States, the head of an agency may enter into a contract with such firm or subsidiary after the date on which such head of an agency submits to Congress a report on the contract.

“(B) A report under subparagraph (A) shall include the following:

“(i) The identity of the foreign government concerned.

“(ii) The nature of the contract.

“(iii) The extent of ownership or control of the firm or subsidiary concerned (or, if appropriate in the case of a subsidiary, of the firm that owns the subsidiary) by the foreign government concerned or the agency or instrumentality of such foreign government.

“(2) Upon the request of the head of an agency, the Secretary of Defense shall determine whether entering into a contract with a firm or subsidiary described in subsection (b) is inconsistent with the national security objectives of the United States. In making such a determination, the Secretary of Defense shall consider the following:

“(A) The relationship of the United States with the foreign government concerned.

“(B) The obligations of the United States under international agreements.

“(C) The extent of the ownership or control of the firm or subsidiary (or, if appropriate in the case of a subsidiary, of the firm that owns the subsidiary) by the foreign government or an agent or instrumentality of the foreign government.

SEC. 952. TRUTH-IN-NEGOTIATIONS ACT AMENDMENTS.

(a) **STRENGTHENING OF PREVENTION OF UNEARNED AND EXCESSIVE CONTRACTOR PROFITS.**—Chapter 137 of title 10, United States Code, is amended by inserting after section 2306 the following new section:

“§ 2306a. Cost or pricing data: truth in negotiations

“(a) **REQUIRED COST OR PRICING DATA AND CERTIFICATION.**—(1) The head of an agency shall require offerors, contractors, and subcontractors to make cost or pricing data available as follows:

“(A) An offeror for a prime contract under this chapter to be entered into using procedures other than sealed-bid procedures shall be required to submit cost or pricing data before the award of the contract if the price of the contract to the United States is expected to exceed \$100,000.

“(B) The contractor for a contract under this chapter shall be required to submit cost or pricing data before the pricing of a change or modification to the contract if the price adjustment is expected to exceed \$100,000 (or such lesser amount as may be prescribed by the head of the agency).

“(C) An offeror for a subcontract (at any tier) of a contract under this chapter shall be required to submit cost or pricing data before the award of the subcontract if—

“(i) the price of the subcontract is expected to exceed \$100,000; and

“(ii) the prime contractor and each higher-tier subcontractor have been required to make available cost or pricing data under this section.

“(D) The subcontractor for a subcontract covered by subparagraph (C) shall be required to submit cost or pricing data before the pricing of a change or modification to the subcontract if the price adjustment is expected to exceed \$100,000 (or such lesser amount as may be prescribed by the head of the agency).

“(2) A person required, as an offeror, contractor, or subcontractor, to submit cost or pricing data under paragraph (1) (or required by the head of the agency concerned to submit such data under subsection (c)) shall be required to certify that, to the best of the person's knowledge and belief, the cost or pricing data submitted are accurate, complete, and current.

“(3) Cost or pricing data required to be submitted under paragraph (1) (or under subsection (c)), and a certification required to be submitted under paragraph (2), shall be submitted—

“(A) in the case of a submission by a prime contractor (or an offeror for a prime contract), to the contracting officer for the contract (or to a designated representative of the contracting officer); or

“(B) in the case of a submission by a subcontractor (or an offeror for a subcontract), to the prime contractor.

“(4) Except as provided under subsection (b), this section applies to contracts entered into by the head of an agency on behalf of a foreign government.

“(5) The head of the agency may waive the requirement under this subsection for a contractor, subcontractor, or offeror to submit cost or pricing data. For purposes of paragraph (1)(C)(ii), a contractor or subcontractor granted such a waiver shall be considered as having

been required to make available cost or pricing data under this section.

“(b) EXCEPTIONS —This section need not be applied to a contract or subcontract—

“(1) for which the price agreed upon is based on—

“(A) adequate price competition;

“(B) established catalog or market prices of commercial items sold in substantial quantities to the general public; or

“(C) prices set by law or regulation; or

“(2) in an exceptional case when the head of the agency determines that the requirements of this section may be waived and states in writing his reasons for such determination.

“(c) AUTHORITY TO REQUIRE COST OR PRICING DATA.—When cost or pricing data are not required to be submitted by subsection (a), such data may nevertheless be required to be submitted by the head of the agency if the head of the agency determines that such data are necessary for the evaluation by the agency of the reasonableness of the price of the contract or subcontract.

“(d) PRICE REDUCTIONS FOR DEFECTIVE COST OR PRICING DATA.—(1)(A) A prime contract (or change or modification to a prime contract) under which a certificate under subsection (a)(2) is required shall contain a provision that the price of the contract to the United States, including profit or fee, shall be adjusted to exclude any significant amount by which it may be determined by the head of the agency that such price was increased because the contractor (or any subcontractor required to make available such a certificate) submitted defective cost or pricing data.

“(B) For the purposes of this section, defective cost or pricing data are cost or pricing data which, as of the date of agreement on the price of the contract (or another date agreed upon between the parties), were inaccurate, incomplete, or noncurrent. If for purposes of the preceding sentence the parties agree upon a date other than the date of agreement on the price of the contract, the date agreed upon by the parties shall be as close to the date of agreement on the price of the contract as is practicable.

“(2) In determining for purposes of a contract price adjustment under a contract provision required by paragraph (1) whether, and to what extent, a contract price was increased because the contractor (or a subcontractor) submitted defective cost or pricing data, it shall be a defense that the United States did not rely on the defective data submitted by the contractor or subcontractor.

“(3) It is not a defense to an adjustment of the price of a contract under a contract provision required by paragraph (1) that—

“(A) the price of the contract would not have been modified even if accurate, complete, and current cost or pricing data had been submitted by the contractor or subcontractor because the contractor or subcontractor—

“(i) was the sole source of the property or services procured; or

“(ii) otherwise was in a superior bargaining position with respect to the property or services procured;

“(B) the contracting officer should have known that the cost and pricing data in issue were defective even though the contractor or subcontractor took no affirmative action to bring the character of the data to the attention of the contracting officer;

“(C) the contract was based on an agreement between the contractor and the United States about the total cost of the

contract and there was no agreement about the cost of each item procured under such contract; or

“(D) the prime contractor or subcontractor did not submit a certification of cost and pricing data relating to the contract as required under subsection (a)(2).

“(4)(A) A contractor shall be allowed to offset an amount against the amount of a contract price adjustment under a contract provision required by paragraph (1) if—

“(i) the contractor certifies to the contracting officer (or to a designated representative of the contracting officer) that, to the best of the contractor's knowledge and belief, the contractor is entitled to the offset; and

“(ii) the contractor proves that the cost or pricing data were available before the date of agreement on the price of the contract (or price of the modification) and that the data were not submitted as specified in subsection (a)(3) before such date.

“(B) A contractor shall not be allowed to offset an amount otherwise authorized to be offset under subparagraph (A) if—

(i) the certification under subsection (a)(2) with respect to the cost or pricing data involved was known to be false when signed; or

(ii) the United States proves that, had the cost or pricing data referred to in subparagraph (A)(ii) been submitted to the United States before the date of agreement on the price of the contract (or price of the modification), the submission of such cost or pricing data would not have resulted in an increase in that price in the amount to be offset.

“(e) INTEREST AND PENALTIES FOR CERTAIN OVERPAYMENTS.—(1) If the United States makes an overpayment to a contractor under a contract with the Department of Defense subject to this section and the overpayment was due to the submission by the contractor of defective cost or pricing data, the contractor shall be liable to the United States—

“(A) for interest on the amount of such overpayment, to be computed—

“(i) for the period beginning on the date the overpayment was made to the contractor and ending on the date the contractor repays the amount of such overpayment to the United States; and

“(ii) at the current rate prescribed by the Secretary of the Treasury under section 6621 of the Internal Revenue Code of 1954; and

“(B) if the submission of such defective data was a knowing submission, for an additional amount equal to the amount of the overpayment.

“(2) Except as provided under subsection (d), the liability of a contractor under this subsection shall not be affected by the contractor's refusal to submit a certification under subsection (a)(2) with respect to the cost or pricing data involved.

“(f) RIGHT OF UNITED STATES TO EXAMINE CONTRACTOR RECORDS.—(1) For the purpose of evaluating the accuracy, completeness, and currency of cost or pricing data required to be submitted by this section with respect to a contract or subcontract, the head of the agency, acting through any authorized representative of the head of the agency who is an employee of the United States or a member of the armed forces, shall have the right to examine all records of the contractor or subcontractor related to—

“(A) the proposal for the contract or subcontract;

“(B) the discussions conducted on the proposal;

“(C) pricing of the contract or subcontract; or

“(D) performance of the contract or subcontract.

“(2) The right of the head of an agency under paragraph (1) shall expire three years after final payment under the contract or subcontract.

“(3) In this subsection, the term ‘records’ includes books, documents, and other data.

“(g) **COST OR PRICING DATA DEFINED.**—In this section, the term ‘cost or pricing data’ means all information that is verifiable and that, as of the date of agreement on the price of a contract (or the price of a contract modification), a prudent buyer or seller would reasonably expect to affect price negotiations significantly. Such term does not include information that is judgmental, but does include the factual information from which a judgment was derived.”

(b) **CONFORMING AMENDMENTS.**—(1) Subsection (f) of section 2306 of such title is amended to read as follows:

“(f) So-called ‘truth-in-negotiations’ provisions relating to cost or pricing data to be submitted by certain contractors and subcontractors are provided in section 2306a of this title.”

(2) Section 934(a) of the Defense Procurement Improvement Act of 1985 (title IX of Public Law 99-145; 99 Stat. 700) is repealed.

(c) **CLERICAL AMENDMENTS.**—(1) The heading of section 2306 of title 10, United States Code, is amended to read as follows:

“§ 2306. Kinds of contracts”.

“2306. Kinds of contracts.

“2306a. Cost or pricing data: truth in negotiations.”.

(d) **EFFECTIVE DATES.**—(1) Except as provided in paragraph (2), section 2306a of title 10, United States Code (as added by subsection (a)), and the amendment and repeal made by subsection (b), shall apply with respect to contracts or modifications on contracts entered into after the end of the 120-day period beginning on the date of the enactment of this Act.

(2) Subsection (e) of such section shall apply with respect to contracts or modifications on contracts entered into after November 7, 1985.

SEC. 953. RIGHTS IN TECHNICAL DATA.

(a) **RIGHTS IN TECHNICAL DATA.**—Subsection (a) of section 2320 of title 10, United States Code, is amended to read as follows:

“(a)(1) The Secretary of Defense shall prescribe regulations to define the legitimate interest of the United States and of a contractor or subcontractor in technical data pertaining to an item or process. Such regulations shall be included in regulations of the Department of Defense prescribed as part of the Federal Acquisition Regulation. Such regulations may not impair any right of the United States or of any contractor or subcontractor with respect to patents or copyrights or any other right in technical data otherwise established by law.

“(2) Such regulations shall include the following provisions:

“(A) In the case of an item or process that is developed by a contractor or subcontractor exclusively with Federal funds, the United States shall have the unlimited right to—

“(i) use technical data pertaining to the item or process;
or

“(ii) release or disclose the technical data to persons outside the Government or permit the use of the technical data by such persons.

“(B) Except as provided in subparagraphs (C) and (D), in the case of an item or process that is developed by a contractor or subcontractor exclusively at private expense, the contractor or subcontractor may restrict the right of the United States to release or disclose technical data pertaining to the item or process to persons outside the Government, or permit the use of the technical data by such persons.

“(C) Subparagraph (B) does not apply to technical data that—

“(i) constitutes a correction or change to data furnished by the United States;

“(ii) relates to form, fit, or function;

“(iii) is necessary for operation, maintenance, installation, or training (other than detailed manufacturing or process data); or

“(iv) is otherwise publicly available or has been released or disclosed by the contractor or subcontractor without restriction on further release or disclosure.

“(D) Notwithstanding subparagraph (B), the United States may release or disclose technical data to persons outside the Government, or permit the use of technical data by such persons, if—

“(i) such release, disclosure, or use—

“(I) is necessary for emergency repair and overhaul;
or

“(II) is a release or disclosure of technical data (other than detailed manufacturing or process data) to, or use of such data by, a foreign government that is in the interest of the United States and is required for evaluational or informational purposes;

“(ii) such release, disclosure, or use is made subject to a prohibition that the person to whom the data is released or disclosed may not further release, disclose, or use such data; and

“(iii) the contractor or subcontractor asserting the restriction is notified of such release, disclosure, or use.

“(E) In the case of an item or process that is developed in part with Federal funds and in part at private expense, the respective rights of the United States and of the contractor or subcontractor in technical data pertaining to such item or process shall be agreed upon as early in the acquisition process as practicable (preferably during contract negotiations), based upon consideration of all of the following factors:

“(i) The statement of congressional policy and objectives in section 200 of title 35, the statement of purposes in section 2(b) of the Small Business Innovation Development Act of 1982 (15 U.S.C. 638 note), and the declaration of policy in section 2 of the Small Business Act (15 U.S.C. 631).

“(ii) The interest of the United States in increasing competition and lowering costs by developing and locating alternative sources of supply and manufacture.

“(iii) The interest of the United States in encouraging contractors to develop at private expense items for use by the Government.

“(F) A contractor or subcontractor (or a prospective contractor or subcontractor) may not be required, as a condition of being responsive to a solicitation or as a condition for the award of a contract, to sell or otherwise relinquish to the United States any rights in technical data except—

“(i) rights in technical data described in subparagraph (C); or

“(ii) under the conditions described in subparagraph (D).

“(G) The Secretary of Defense may—

“(i) negotiate and enter into a contract with a contractor or subcontractor for the acquisition of rights in technical data pertaining to an item or process developed by such contractor or subcontractor exclusively at private expense if necessary to develop alternative sources of supply and manufacture; or

“(ii) agree to restrict rights of the United States in technical data pertaining to an item or process developed entirely or in part with Federal funds if the United States receives a royalty-free license to use, release, or disclose the data for purposes of the United States (including purposes of competitive procurement).

“(3) The Secretary of Defense shall define the terms ‘developed’ and ‘private expense’ in regulations prescribed under paragraph (1).

“(4) For purposes of this subsection, the term ‘Federal Acquisition Regulation’ means the single system of Government-wide procurement regulations as defined in section 4(4) of the Office of Federal Procurement Policy Act (41 U.S.C. 403(4)).”

(b) VALIDATION OF PROPRIETARY DATA RESTRICTIONS.—Subsections (a) and (b) of section 2321 of title 10, United States Code, are amended to read as follows:

“(a) A contract for supplies or services entered into by the Department of Defense which provides for the delivery of technical data shall provide that a contractor or subcontractor at any tier shall be prepared to furnish to the contracting officer a written justification for any restriction asserted by the contractor or subcontractor on the right of the United States to use such technical data.

“(b)(1) The Secretary of Defense shall ensure that there is a thorough review of the appropriateness of any restriction on the right of the United States to release or disclose technical data delivered under a contract to persons outside the Government, or to permit the use of such technical data by such persons. Such review shall be conducted before the end of the three-year period beginning on the date on which final payment is made on a contract under which technical data is required to be delivered, or the date on which the technical data is delivered under such contract, whichever is later.

“(2)(A) If the Secretary determines, at any time before the end of the three-year period beginning on the date on which final payment is made on a contract under which technical data is required to be delivered, or the date on which the technical data is delivered under such contract, whichever is later, that a challenge to a restriction is

warranted, the Secretary shall provide written notice to the contractor or subcontractor asserting the restriction. Such a determination shall be based on a finding by the Secretary that reasonable grounds exist to question the current validity of the asserted restriction and that the continued adherence to the asserted restriction by the United States would make it impracticable to procure the item competitively at a later time. Such notice shall—

“(i) state the specific grounds for challenging the asserted restriction;

“(ii) require a response within 60 days justifying the current validity of the asserted restriction; and

“(iii) state that evidence of a validation by the Department of Defense of a restriction identical to the asserted restriction within the three-year period preceding the challenge shall serve as justification for the asserted restriction if—

“(I) the validation occurred after a review of the validated restriction under this subsection; and

“(II) the validated restriction was asserted by the same contractor or subcontractor (or any licensee of such contractor or subcontractor) to which such notice is being provided.

“(B) Notwithstanding subparagraph (A), the United States may challenge a restriction on the release, disclosure, or use of technical data delivered under a contract at any time if such technical data—

“(i) is publicly available;

“(ii) has been furnished to the United States without restriction; or

“(iii) has been otherwise made available without restriction.”

(c) CONFORMING AMENDMENTS.—Section 1202 of the Department of Defense Authorization Act, 1985 (10 U.S.C. 2301 note), is amended—

(1) by inserting “and” at the end of paragraph (4);

(2) by striking out “; and” at the end of paragraph (5) and inserting in lieu thereof a period; and

(3) by striking out paragraph (6).

(d) DEADLINE FOR REVISION OF REGULATIONS.—(1) Proposed regulations under section 2320(a)(1) of title 10, United States Code (as amended by subsection (a)), shall be published in the Federal Register for comment not later than 90 days after the date of the enactment of this Act.

(2) Proposed final regulations under such section shall be published in the Federal Register not later than 180 days after the date of the enactment of this Act.

(e) EFFECTIVE DATE.—The amendments made by subsections (a) and (b) shall apply to contracts for which solicitations are issued after the end of the 210-day period beginning on the date of the enactment of this Act.

Soviet nuclear arms competition and by strengthening efforts to prevent the proliferation of nuclear weapons.

(6) At present, negotiations are not being pursued by the United States and the Soviet Union toward completion of a comprehensive test ban treaty.

(7) The past five administrations have supported the achievement of a comprehensive test ban treaty.

(b) SENSE OF CONGRESS.—It is the sense of Congress that, at the earliest possible date, the President should—

(1) request the advice and consent of the Senate to ratification (with a report containing any plans the President may have to negotiate supplemental verification procedures, or if the President believes it necessary, any understanding or reservation on the subject of verification which should be attached to the treaty) of the Threshold Test Ban and Peaceful Nuclear Explosions Treaties, signed in 1974 and 1976, respectively; and

(2) propose to the Soviet Union the immediate resumption of negotiations toward conclusion of a verifiable comprehensive test ban treaty.

In accordance with international law, the United States shall have no obligation to comply with any bilateral arms control agreement with the Soviet Union that the Soviet Union is violating.

(2) the design, planning, and environmental requirements for such facilities have been satisfied.

SEC. 531. The Congress finds that progress on the peace process in the Middle East is vitally important to United States security interests in the region. The Congress recognizes that, in fulfilling its obligations under the Treaty of Peace Between the Arab Republic of Egypt and the State of Israel, done at Washington on March 26, 1979, Israel incurred severe economic burdens. Therefore, the Congress declares that it is the policy and the intention of the United States that the funds provided in annual appropriations for the Economic support fund which are allocated to Israel shall not be less than the annual debt repayment (interest and principal) from Israel to the United

SEC. 539. (a) The Secretary of the Treasury shall instruct the United States Executive Directors of the Multilateral Development Banks to—

- (1) vigorously promote a commitment of these institutions to—

(A) add professionally trained staff with experience in ecology and related areas to undertake environmental review of projects, and strengthen existing staff exercising environmental responsibilities;

(B) develop and implement management plans to ensure systematic and thorough environmental review of all projects and activities affecting the ecology and natural resources of borrowing countries, including—

(i) creation of a line unit to carry out such reviews as part of the normal project cycle,

(ii) appointment of an environmental advisor to the Presidents of the Multilateral Development Banks,

(iii) institution of a regular program of monitoring all ongoing projects to ensure that contract conditions and general bank policies to protect the environment and indigenous peoples are fully complied with;

(C) create career and other institutional incentives for all professionally trained bank staff to incorporate environmental and natural resources concerns into project planning and country programming activities;

(2) vigorously promote changes in these institutions in their preparation of projects and country programs that will prompt staff and encourage borrower countries to—

(A) actively and regularly involve environmental and health ministers, or comparable representatives, at the national, regional and local level, in the preparation of environmentally sensitive projects and in bank-supported country program planning and strategy sessions;

(B) actively and regularly seek the participation of non-governmental indigenous peoples and conservation organizations in the host countries at all stages of project planning and strategy sessions;

(C) fully inform local communities and appropriate non-governmental organizations with interests in local development projects of all project planning sufficiently in advance of project appraisal to allow informed participation of local communities and non-governmental organizations that may be adversely affected by them;

(3) establish a regular integrated multidisciplinary planning process to conduct land use capability analyses in reviewing potential loans. Such plans shall include, but not be limited to, a review of ongoing or other potential resource utilization efforts in and adjacent to the project area;

(4) vigorously promote a commitment of these institutions to develop and implement plans for the rehabilitation and management of the ecological resources of borrower nations on a sustained basis. Special attention shall be paid to soil conservation, wildlife, wetlands, estuaries, croplands, grasslands, forests, and fisheries, including—

(A) long-term programs of research designed to manage ecosystems properly;

(B) provision of adequate extension workers, park rangers, social forestry experts, and other appropriate personnel; and

(C) improved programs of training in environmental science and land-use planning;

(5) vigorously promote a commitment of these institutions to increase the proportion of their programs supporting environmentally beneficial projects and project components, such as technical assistance for environmental ministries and institutions, resource rehabilitation projects and project components, protection of indigenous peoples, and appropriate light capital technology projects. Other examples of such projects include small scale mixed farming and multiple cropping, agroforestry, programs to promote kitchen gardens, watershed management and rehabilitation, high yield wood lots, integrated pest management systems, dune stabilization programs, programs to improve energy efficiency, energy efficient technologies such as small scale hydro projects, rural solar energy systems, and rural and mobile telecommunications systems, and improved efficiency and management of irrigation systems.

(6) place an increased emphasis on upgrading the efficient use of energy and other resources by borrower nations. Such efforts shall include, but not be limited to—

(A) significantly increasing the proportion of energy project lending for energy efficiency improvements, and decentralized small scale facilities such as solar, wind, or biomass generating facilities; and

(B) conducting an analysis of the comparative costs of any new energy generating facilities with the cost of increasing the energy efficiency in the project service area;

(8) vigorously promote the establishment within the Economic Development Institute of the World Bank of a component which provides training in environmental and natural resource planning and program development;

(9) regularly raise, at meetings of the Boards of Directors of these institutions, the issue of their progress in improving their environmental performance, with specific focus on the measures set forth above; and

(10) require at least a four week project review period between the time when staff recommendations are presented to the board and board action on any projects.

(b) The Secretaries of Treasury and State, and the Administrator of the Agency for International Development, shall ensure and coordinate a thorough evaluation within the United States Government of the potential environmental problems, and the adequacy of measures to address these problems, associated with all proposed loans for projects involving large impoundments of rivers in tropical countries; penetration roads into relatively undeveloped areas; and agricultural and rural development programs. The potential environmental problems to be addressed in such evaluations shall include those relating to deterioration of water quality; siltation; spread of waterborne diseases; forced resettlement; deforestation; threats to the land, health and culture of indigenous peoples; wetlands disruption; topsoil management, water logging and

salinization in irrigation projects; and pesticide misuse and resistance.

(c) The Secretary of the Treasury and the Secretary of State shall regularly undertake and continue diplomatic and other initiatives, in addition to those mentioned in subsection (a)(5), to discuss measures to improve the environmental performance of the Multilateral Development Banks with the representatives to these institutions, and with ministries from which they receive their instructions, of borrower and donor nations. In particular, joint efforts shall be undertaken with borrowers and donors to ensure cooperative implementation of the reforms described above.

(d) The Secretary of the Treasury and the Secretary of State shall propose formally that the Boards of Governors of each Multilateral Development Bank hold a special meeting within the next twelve months, focused specifically on environmental performance and better implementation of multilateral development policies designed to protect the environment and indigenous peoples.

(e) The Secretary of the Treasury shall prepare and submit to the Committees on Appropriations by January 15, 1987, and annually thereafter, a report documenting the progress the Multilateral Development Banks have made in implementing the environmental reform measures described in paragraphs one through eight of subsection (a).

(f) In the report of the Secretary of the Treasury required by subsection (e), regarding the implementation of staffing measures suggested in subsection (a)(1)(A), the Secretary of the Treasury shall specifically discuss the progress of the International Bank for Reconstruction and Development in upgrading and adding environmentally trained professionals to each of its six regional offices to review projects for their prospective ecological impacts.

(g) The Administrator of the Agency for International Development in conjunction with the Secretaries of Treasury and State shall—

- (1) instruct overseas missions of the Agency for International Development and embassies of the United States to analyze the impacts of Multilateral Development Bank projects proposed to be undertaken in the host country well in advance of a project's approval by the relevant institution. Such reviews shall address the economic viability of the project; adverse impacts on the environment, natural resources, and indigenous peoples; and recommendations as to measures, including alternatives, that could eliminate or mitigate adverse impacts. If not classified under the national security system of classification, such information shall be made available to the public;

- (2) in preparation of reviews required by subsection (g)(1), compile a list of categories of projects likely to have adverse impacts on the environment, natural resources, or indigenous peoples. The list shall be developed in consultation with interested members of the public and made available to the Committee on Appropriations by December 31, 1986 and semi-annually thereafter; and

- (3) study the feasibility of creating a cooperative "early warning system" for projects of concern with other interested donors.

(h) If a review required by subsection (g)(1) identifies adverse impacts to the environment, natural resources, or indigenous peoples, the Secretary of the Treasury shall instruct the United States Executive Director of the Multilateral Development Bank to seek

changes to the project necessary to eliminate or mitigate those impacts.

(i) The Administrator of the Agency for International Development shall appoint a Committee on Health and the Environment to examine opportunities for assisting countries in the proper use of agricultural and industrial chemicals and processes and alternatives such as integrated pest management. The committee shall be broadly representative of industry, agriculture, labor, health and environmental interests and shall report its preliminary findings to Congress before hearings on the fiscal year 1988 budget.

(2) at present less than 20 percent of children in the developing world are fully immunized against these diseases;

(3) each year more than five million additional children are permanently disabled and suffer diminished capacities to contribute to the economic, social and political development of their countries because they have not been immunized;

The Secretary shall include with such list the basis for his determination with respect to each thermal feature on the list. Based on public comment on such list, the Secretary is authorized to make additions to or deletions from the list. Not later than the 60th day from the date on which the proposed list was published in the

- (1) requiring the lessee to reinject geothermal fluids into the rock formations from which they originate;
- (2) requiring the lessee to report annually to the Secretary on its activities;
- (3) requiring the lessee to continuously monitor geothermal production and injection wells; and

CENTRAL AMERICA

PURPOSES

SEC. 201. The purposes of this title are to promote economic and political development, peace, stability and democracy in Central America, to encourage a negotiated resolution of the conflict in the region, and towards these ends, to enable the President to provide

additional economic assistance for the Central American democracies as well as assistance for the Nicaraguan democratic resistance, subject to the terms and conditions of title.

POLICY TOWARD CENTRAL AMERICA

SEC. 202. (a) It is the policy of the United States that—

(1) the building of democracy, the restoration of peace, economic development, the improvement of living conditions, and the application of equal justice under law in Central America are important to the interests of the United States and the community of American States;

(2) the interrelated issues of social and human progress, economic growth, political reform, and regional security must be effectively dealt with to assure a democratic and economically and politically secure Central America; and

(3) the September 1983 Contadora Document of Objectives, which sets forth a framework for negotiating a peaceful settlement to the conflict and turmoil in the region, is to be encouraged and supported.

(b) The United States strongly supports as essential to the objectives set forth in subsection (a)—

(1) a long-term commitment of economic assistance to the Central American democracies in amounts recommended by the National Bipartisan Commission on Central America;

(2) national reconciliation in Nicaragua and the creation of a framework for negotiating a peaceful, democratic settlement to the Nicaraguan conflict; and

(3) efforts to reach a comprehensive and verifiable final agreement based on the Contadora Document of Objectives, including efforts to encourage the Government of Nicaragua to pursue a dialogue with the representatives of all elements of the Nicaraguan democratic opposition for the purpose of achieving a democratic political settlement of the conflict, including free and fair elections

POLICY TOWARD THE GOVERNMENT OF NICARAGUA

SEC. 203. (a) United States policy toward the Government of Nicaragua shall be based upon that government's responsiveness to continuing concerns affecting the national security of the United States and Nicaragua's neighbors about—

(1) Nicaragua's close military and security ties to Cuba and the Soviet Union and its Warsaw Pact allies including the presence in Nicaragua of military and security personnel from those countries and allies;

(2) Nicaragua's buildup of military forces in numbers disproportionate to those of its neighbors and equipped with sophisticated weapons systems and facilities designed to accommodate even more advanced equipment;

(3) Nicaragua's unlawful support for armed subversion and terrorism directed against the democratically elected governments of other countries;

(4) Nicaragua's internal repression and lack of opportunity for the exercise of civil and political rights which would allow the people of Nicaragua to have a meaningful voice in determining the policies of their government through participation in

regularly scheduled free and fair elections and the establishment of democratic institutions; and

(5) Nicaragua's refusal to negotiate in good faith for a peaceful resolution of the conflict in Central America based upon the comprehensive implementation of the September 1983 Contadora Document of Objectives and, in particular, its refusal to engage in a serious national dialogue with all elements of the Nicaraguan democratic opposition.

(b) The United States will address the concerns described in subsection (a) through economic, political, and diplomatic measures (including efforts to secure the cooperation of other democratic nations in such measures), as well as through support for the Nicaraguan democratic resistance. In order to assure every opportunity for a peaceful resolution of the conflict in Central America, the United States will—

(2) limit the types and amounts of assistance provided to the Nicaraguan democratic resistance and take other positive action in response to steps taken by the Government of Nicaragua toward meeting the concerns described in subsection (a).

(c) The duration of bilateral discussions with the Government of Nicaragua and the implementation of additional measures under subsection (b) shall be determined, after consultation with the Congress, by reference to Nicaragua's actions in response to the concerns described in subsection (a). Particular regard will be paid to whether—

(1) freedom of speech, assembly, religion, and political activity are being respected in Nicaragua and progress is being made toward the holding of regularly scheduled free and fair elections;

(2) there has been a halt to the flow of arms and the introduction of foreign military personnel into Nicaragua, and a withdrawal of all foreign military personnel has begun;

(3) a cease-fire with the Nicaraguan democratic resistance is being respected; and

(4) Nicaragua is refraining from acts of aggression, including support for insurgency and terrorism in other countries.

(d) The actions by the United States under this title in response to the concerns described in subsection (a) are consistent with the right of the United States to defend itself and to assist its allies in accordance with international law and treaties in force. Such actions are directed, not to determine the form or composition of any government of Nicaragua, but to achieve a comprehensive and verifiable agreement among Central American countries, based upon the 1983 Contadora Document of Objectives, including internal reconciliation within Nicaragua based upon democratic principles, without the use of force by the United States.

(e) Notwithstanding any other provision of this title, no member of the United States Armed Forces or employee of any department, agency, or other component of the United States Government may enter Nicaragua to provide military advice, training, or logistical support to paramilitary groups operating inside that country. Federal Financing Bank loans shall be refinanced using the existing section 306 loan guarantee, with private capital, in an amount not to exceed the outstanding principal amount prepaid: *Provided*, That such guarantee of private capital shall be 90% of the principal amount of the loan or any portion thereof plus accrued interest outstanding at any time during the maturity period of the loan and shall be fully transferable and assignable. Notwithstanding any other provision of law, borrowers may prepay Federal Financing Bank loans under this section, except that such borrowers shall be required to prepay all of their outstanding loans made or guaranteed under this Act within one year of prepayment of the first loan. In the event that the borrower prepaying under this section shall be using a majority of its generating capacity to directly serve its retail consumers, other borrowers which are purchasing power from such borrower as of September 30, 1986, shall continue to remain eligible for financing under this Act for needs in their service area. Nothing in this section shall prohibit a borrower which has prepaid pursuant to this section from participating in generation and transmission projects with borrowers which have not prepaid, so long as the borrower which has prepaid utilizes private capital financing without financial assistance under this Act: *Provided further*, That nothing in this section shall prohibit short-term power purchases by borrowers which have prepaid under this section from borrowers which have not prepaid. The Administrator shall issue regulations to implement this section within 60 days."

SEC. 144. (a) CIVILIAN PAY RAISE.—(1) Notwithstanding any other provision of law, in the case of fiscal year 1987, the overall percentage of the adjustment under section 5305 of title 5, United States Code, in the rates of pay under the General Schedule, and in the rates of pay under the other statutory pay systems, shall be an increase of 3 percent.

(2) Each increase in a pay rate or schedule which takes effect pursuant to paragraph (1) shall, to the maximum extent practicable, be of the same percentage, and shall take effect as of the first day of the first applicable pay period commencing on or after January 1, 1987.

(3)(A) Notwithstanding any other provision of law, determinations relating to amounts to be appropriated in order to provide for the adjustment described in paragraph (1) shall be made based on the assumption that the various departments and agencies of the Government will, in the aggregate, absorb 50 percent of the increase in total pay for fiscal year 1987.

(B) Subparagraph (A) does not apply with respect to the Department of Defense or pay for employees of the Department of Defense.

(4) For purposes of this subsection—

(A) the term “total pay” means, with respect to a fiscal year, the total amount of basic pay which will be payable to employees covered by statutory pay systems for service performed during such fiscal year;

(B) the term “increase in total pay” means, with respect to a fiscal year, that part of total pay for such year which is attributable to the adjustment taking effect under this section during such year; and

(C) the term “statutory pay system” has the meaning given such term by section 5301(c) of title 5, United States Code.

(b) MILITARY PAY RAISE.—(1) Any adjustment required by section 1009 of title 37, United States Code, in elements of the compensation of members of the uniformed services to become effective during fiscal year 1987 shall not be made.

(2) The rates of basic pay, basic allowance for subsistence, and basic allowance for quarters of members of the uniformed services are increased by 3 percent effective on January 1, 1987.

SEC. 145. (a)(1)(A) Since the Department of State has determined that “In the area of human rights, major discrepancies persist between Romania’s Constitution, law, public pronouncements and international commitments on the one hand, and the civil liberties and human rights allowed by the regime on the other”;

(B) Since it is apparent from numerous accounts by the State Department, congressional delegations, and human rights organizations that Romanian citizens are being arbitrarily harassed, interrogated, and arrested by government authorities for exercising their civil and religious liberties;

(C) Since Romania's harassment of religious believers extends to the arrest of persons for distributing Bibles and the destruction of places of worship, including most recently the country's largest Seventh Day Adventist Church and the Sephardic synagogue in Bucharest;

(D) Since the Romanian government has imposed severe limits on the freedom of Hungarians and other ethnic minorities to express and maintain their cultural heritage, and has attempted to systematically eliminate Hungarian churches, schools, traditions, and even the Hungarian language from Romanian society;

(E) Since the United States' extension of Most-Favored-Nation trade status to Romania, although linked in the Jackson-Vanik Amendment to freedom of emigration from that country, might be misconstrued as an endorsement of that nation's abusive internal practices:

(2) Now, therefore be it declared by the Senate—

The Congress strongly condemns Romania's continued hostility to the exercise of religious, political and cultural rights, and calls upon Romania to cease such persecution, to halt its destruction of places of worship, and to lift its ban on the production and distribution of Bibles and other religious literature.

(c) It is the sense of the Congress that the President should consider the following factors in shaping our bilateral relations with Romania:

(1) whether Romania is making substantial progress in halting its persecution of Romanian citizens on religious and political grounds and its repression of Hungarians and other ethnic minorities; and

(2) whether Romania is fulfilling its commitments to permit the printing of several thousand Bibles in Romania and to provide for and preserve places of worship.

(d) The Secretary of State shall transmit a copy of this resolution to the head of the diplomatic mission of Romania to the United States and to Romania's permanent representative to the United Nations.

SEC. 146. Such amounts as may be necessary of the Polish currencies held by the United States which have been generated by the sale to Poland of surplus United States dairy products shall be available for construction and renovation projects to be undertaken in Poland under the auspices of the Charitable Commission of the Polish Catholic Episcopate for the benefit of handicapped and orphaned children. Such currencies may be utilized without regard to the requirements of section 1306 of title 31, United States Code, or any other provision of law.

SEC. 147. Section 61(a) of the Arms Export Control Act is amended by adding at the end thereof the following: "The President may waive the requirement of paragraph (3) with respect to a lease which is made in exchange with the lessee for a lease on substantially reciprocal terms of defense articles for the Department of Defense, except that this waiver authority—

"(A) may be exercised only if the President submits to the Committee on Foreign Affairs and the Committee on Appropriations

tions of the House of Representatives and the Committee on Foreign Relations and the Committee on Appropriations of the Senate, in accordance with the regular notification procedures of those Committees, a detailed notification for each lease with respect to which the authority is exercised; and

“(B) may be exercised only during the fiscal year 1987 and only with respect to one country, unless the Congress hereafter provides otherwise.

The preceding sentence does not constitute authorization of appropriations for payments by the United States for leased articles.”.

SEC. 148. Notwithstanding any other provisions of title 23, the Secretary of Transportation shall carry out the following project:

I-75 corridor in Kenton County, Kentucky, to examine the feasibility of unmanned radar units for safety purposes.

SEC. 149. Notwithstanding any other provision of law or this joint resolution, assistance to Bolivia shall be provided in accordance with the provisions of the Anti-Drug Abuse Act of 1986, as passed by the Senate on September 30, 1986.

SEC. 150. (a) Section 445(b)(1) of the Social Security Act is amended by striking out “June 30, 1985,” and inserting in lieu thereof “June 30, 1987.”.

(b) Section 445(d) of such Act is amended by striking out “June 30, 1984,” and inserting in lieu thereof “June 30, 1987,” and by striking out “June 30, 1987” and inserting in lieu thereof “June 30, 1988”.

SEC. 151. (a) Notwithstanding any other provision of law, the Administrator of General Services is authorized during fiscal year 1987 to accept periodic reimbursement from the Senate and from the House of Representatives for the cost of any equipment purchased for the Senate or the House of Representatives, respectively, with funds from the General Supply Fund established under section 109 of the Federal Property and Administrative Services Act of 1949. The amount of each such periodic reimbursement shall be computed by amortizing the total cost of each item of equipment over the useful life of the equipment, as determined by the Administrator, in consultation with the Sergeant at Arms and Doorkeeper of the Senate or the Clerk of the House of Representatives, as appropriate.

(b) Subsection (a) applies to reimbursements to the General Supply Fund for any equipment purchased for the Senate or the House of Representatives before, on, or after the date of enactment of this section.

SEC. 152. Section 107D(c)(1)(E)(ii) of the Agricultural Act of 1949 (7 U.S.C. 1445b-3(c)(1)(E)(ii)) is amended by striking out “marketing year for such crop” and inserting in lieu thereof “first 5 months of the marketing year for the 1986 crop and the marketing year for each of the 1987 through 1990 crops”.

SEC. 153. (a) The Congress finds that the activities conducted under the authorities of the Foreign Assistance Act of 1961 have contributed greatly to the alleviation of human suffering and the promotion of economic development in the recipient countries. The Congress finds further that changing circumstances in the developing countries and changing availability of resources from the United States require that a comprehensive review of the activities under that Act be undertaken.

(b) It is, therefore, the sense of the Congress that the President should undertake a comprehensive review of the activities authorized by the Foreign Assistance Act of 1961 and should send to the Committees on Appropriations and to the Senate Foreign Rela-

tions Committee and the House Foreign Affairs Committee by February 1, 1987, his recommendations for amending the Act or otherwise modifying those activities.

SEC. 154. (a) Section 502(a) of title 21 of the District of Columbia Code is amended by striking out the last sentence and inserting in lieu thereof "Eight of the members of the Commission shall be health care professionals who are psychiatrists, or doctoral level psychologists, practicing in the District of Columbia who have had not less than five years' experience in the treatment of mental illnesses."

(b) Section 502(c) of title 21 of the District of Columbia Code is amended to read as follows:

"(c) Members of the Commission who are health care professionals shall serve on a part-time basis and shall be rotated by assignment of the Chief Judge of the court, so that at any one time the Commission shall consist of the chairman and two members who are health care professionals. Members of the Commission who are health care professionals may practice their profession during their tenure of office, but may not participate in the disposition of a case in which they have rendered professional service or advice."

(c) The members of the District of Columbia Commission on Mental Health on the date of the enactment of this joint resolution shall serve the unexpired portions of their terms as members of such commission.

(d) The provisions of this joint resolution shall take effect on the date of enactment.

SEC. 163. Notwithstanding any legislative or judicial requirement, the Office of Surface Mining Reclamation and Enforcement may delay the finalization of the proposed rulemaking amending Parts 773 and 778 of the Code of Federal Regulations as published in the Federal Register on April 5, 1985 (50 FR 13724) until March 31, 1987.

TITLE VI—METROPOLITAN WASHINGTON AIRPORTS

SEC. 6001. SHORT TITLE.

This title may be cited as the "Metropolitan Washington Airports Act of 1986".

SEC. 6002. FINDINGS.

The Congress finds that—

(1) the two federally owned airports in the metropolitan area of Washington, District of Columbia, constitute an important and growing part of the commerce, transportation, and economic patterns of the Commonwealth of Virginia, the District of Columbia, and the surrounding region;

(2) Baltimore/Washington International Airport, owned and operated by the State of Maryland, is an air transportation facility that provides service to the greater Metropolitan Washington region together with the two federally owned airports, and timely Federal-aid grants to Baltimore/Washington International Airport will provide additional capacity to meet

the growing air traffic needs and to compete with other airports on a fair basis;

(3) the Federal Government has a continuing but limited interest in the operation of the two federally owned airports, which serve the travel and cargo needs of the entire Metropolitan Washington region as well as the District of Columbia as the national seat of government;

(4) operation of the Metropolitan Washington Airports by an independent local agency will facilitate timely improvements at both airports to meet the growing demand of interstate air transportation occasioned by the Airline Deregulation Act of 1978 (Public Law 95-504; 92 Stat. 1705);

(5) all other major air carrier airports in the United States are operated by public entities at the State, regional, or local level;

(6) any change in status of the two airports must take into account the interest of nearby communities, the traveling public, air carriers, general aviation, airport employees, and other interested groups, as well as the interests of the Federal Government and State governments involved;

(7) in recognition of a perceived limited need for a Federal role in the management of these airports and the growing local interest, the Secretary has recommended a transfer of authority from the Federal to the local/State level that is consistent with the management of major airports elsewhere in the Nation;

(8) an operating authority with representation from local jurisdictions, similar to authorities at all major airports in the United States, will improve communications with local officials and concerned residents regarding noise at the Metropolitan Washington Airports;

(9) a commission of congressional, State, and local officials and aviation representatives has recommended to the Secretary that transfer of the federally owned airports be as a unit to an independent authority to be created by the Commonwealth of Virginia and the District of Columbia; and

(10) the Federal interest in these airports can be provided through a lease mechanism which provides for local control and operation.

SEC. 6003. PURPOSE.

(a) **IN GENERAL.**—It is therefore declared to be the purpose of the Congress in this title to authorize the transfer of operating responsibility under long-term lease of the two Metropolitan Washington Airport properties as a unit, including access highways and other related facilities, to a properly constituted independent airport authority created by the Commonwealth of Virginia and the District of Columbia, in order to achieve local control, management, operation, and development of these important transportation assets.

(b) **INCLUSION OF BWI NOT PRECLUDED.**—Nothing in this title shall be construed to prohibit the Airports Authority and the State of Maryland from entering into an agreement whereby Baltimore/Washington International Airport may be made part of a regional airports authority, subject to terms and conditions agreed to by the Airports Authority, the Secretary, the Commonwealth of Virginia, the District of Columbia, and the State of Maryland.

(B) at Washington National Airport may be used for maintenance or operating expenses (excluding debt service, depreciation, and amortization) at Washington Dulles International Airport.

(10) **GENERAL AVIATION FEES.**—The Airports Authority shall compute the fees and charges for landing general aviation aircraft at the Metropolitan Washington Airports on the same basis as the landing fees for air carrier aircraft, except that the Airports Authority may require a minimum landing fee not in excess of the landing fee for aircraft weighing 12,500 pounds.

These arrangements shall include provisions—

(1) which ensure that the Airports Authority will adopt labor agreements in accordance with the provisions of subsection (b) of this section;

Any labor-management negotiation impasse declared before the date the lease takes effect shall be settled in accordance with chapter 71 of title 5, United States Code.

(2) CONTINUATION.—The arrangements made pursuant to this section shall assure, during the 50-year lease term, the continuation of all collective bargaining rights enjoyed by transferred employees retained by the Airports Authority.

Employment by the Airports Authority without a break in continuity of service shall be considered to be employment by the United States Government for purposes of such subchapter and chapter. Disability Fund such sums as are required by such subchapter and chapter.

(f) **SEPARATED EMPLOYEES.**—An employee who does not transfer to the Airports Authority and who does not otherwise remain a Federal employee shall be entitled to all of the rights and benefits available under Federal law for separated employees, except that severance pay shall not be payable to an employee who does not accept an offer of employment from the Airports Authority of work substantially similar to that performed for the Federal Government.

Approved October 30, 1986.

Note: When the President signed H.J. Res. 738 on October 18, 1986, it was assigned Public Law No. 99-500. The following statement was issued by the President in conjunction with his signing of Public Law 99-591:

On October 17, 1986, I was presented by the Congress with an enrolled resolution designated H.J. Res. 738, a joint resolution making continuing appropriations for the

fiscal year 1987, and for other purposes. I signed this measure into law on October 18, 1986. I have since learned that H.J. Res. 738 was not properly enrolled, in that a small number of paragraphs of text were omitted due to clerical error.

The provisions I signed into law on October 18 remain the law of the land. The Supreme Court has held that transmission errors of this sort do not in any way vitiate the legal effect of a President's signature. Accordingly, that which was signed became law.

H.J. Res. 738 has since been properly enrolled and has been presented to me for signature. My signing of H.J. Res. 738 today will enable the provisions previously omitted to become law as well.
