

Public Law 100-371
100th Congress

An Act

Making appropriations for energy and water development for the fiscal year ending September 30, 1989, and for other purposes.

July 19, 1988

[H.R. 4567]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the following sums are appropriated, out of any money in the Treasury not otherwise appropriated, for the fiscal year ending September 30, 1989, for energy and water development, and for other purposes, namely:

Energy and
Water
Development
Appropriations
Act, 1989.

TITLE I

DEPARTMENT OF DEFENSE—CIVIL

DEPARTMENT OF THE ARMY

CORPS OF ENGINEERS—CIVIL

The following appropriations shall be expended under the direction of the Secretary of the Army and the supervision of the Chief of Engineers for authorized civil functions of the Department of the Army pertaining to rivers and harbors, flood control, beach erosion, and related purposes.

GENERAL INVESTIGATIONS

For expenses necessary for the collection and study of basic information pertaining to river and harbor, flood control, shore protection, and related projects, restudy of authorized projects, miscellaneous investigations, and when authorized by laws, surveys and detailed studies and plans and specifications of projects prior to construction, \$142,405,000, to remain available until expended: *Provided*, That \$300,000 of funds appropriated in this bill for section 22 planning assistance to the States shall be used to assist the State of Nebraska in seeking solutions to water problems, including investigating and resolving problems of streambank erosion and environmental concerns along the Platte and Missouri Rivers: *Provided further*, That \$100,000 of funds appropriated in this bill shall be used by the Army Corps of Engineers to prepare plans and specifications to complete preconstruction activities of the Platte River bank stabilization demonstration project for a 46-mile reach of the Platte River between Hershey, Nebraska, and the boundary between Lincoln and Dawson Counties, Nebraska: *Provided further*, That not to exceed \$20,500,000 shall be available for obligation or research and development activities.

The Secretary of the Army is directed to proceed expeditiously with the study of the project authorized as a demonstration project at Sunset Harbor, California, and submit his report to the Committee on Public Works and Transportation of the House of Representa-

Reports.

tives and the Committee on Environment and Public Works of the Senate.

The Secretary of the Army is directed to complete the Arkansas River and Tributaries, South Central and Southeast Areas of Oklahoma, Comprehensive Study and the Oklahoma portion of the Red River Basin, Oklahoma, Arkansas, Louisiana, and Texas, Comprehensive Study being conducted by the Tulsa District by March 31, 1989, and to include in the final report data on the economic factors that affect the feasibility of each project, indicating on a sliding scale what levels of each economic factor could make each project feasible at a future date. The economic impact plans associated with the above studies shall be conducted without the requirement of meeting the completion date specified above.

CONSTRUCTION, GENERAL

For the prosecution of river and harbor, flood control, shore protection, and related projects authorized by laws; and detailed studies, and plans and specifications, of projects (including those for development with participation or under consideration for participation by States, local governments, or private groups) authorized or made eligible for selection by law (but such studies shall not constitute a commitment of the Government to construction), \$1,066,735,000, of which such sums as are necessary pursuant to Public Law 99-662 shall be derived from the Inland Waterways Trust Fund, to remain available until expended: *Provided*, That no fully allocated funding policy shall apply and that all structural portions shall conform to the Standard Project Flood level with respect to the construction of Barbourville, Kentucky, and Harlan, Kentucky (Levisa/Tug Forks of Big Sandy River and Upper Cumberland River, West Virginia, Virginia, and Kentucky): *Provided further*, That \$500,000 of the total sum herein appropriated for the Big South Fork National River and Recreation Area, Kentucky and Tennessee, shall be allocated to the construction of infrastructure, including, but not limited to, road and sewer development, associated with the Bear Creek, Kentucky, portion of the project, such funds to remain available until expended: *Provided further*, That \$200,000 of the funds appropriated in this bill shall be to carry out the provisions of section 847(b) of Public Law 99-662: *Provided further*, That the Secretary of the Army acting through the Chief of Engineers is directed to use, immediately upon enactment of this Act \$8,700,000 previously appropriated in Public Law 100-202, and \$9,600,000 of the total sum appropriated for design, testing, and construction in fiscal year 1989 of juvenile fish passage facilities at the Little Goose, Lower Granite, McNary, Lower Monumental, Ice Harbor, and The Dalles projects on the Columbia and Snake Rivers as directed in the report accompanying this Act; and in addition, \$118,000,000, to remain available until expended, is hereby appropriated for construction of the Red River Waterway, Mississippi River to Shreveport, Louisiana, project and for compliance with the directions given to the Secretary of the Army in the fiscal year 1988 Energy and Water Development Act, Public Law 100-202, regarding the construction of this project, and the Secretary is directed to continue the design of locks and dams 4 and 5 on the accelerated schedule in fiscal year 1989 in order to initiate the first phase of construction of locks and dams 4 and 5 by April 1990, and with funds provided in this title or previously appropriated to the Corps of

Engineers, the Secretary further is directed to fund previously awarded and directed construction contracts and to award continuing contracts in fiscal year 1989 for construction and completion of each of the following features of the Red River Waterway: in pool 3, Fausse Revetment Downstream Extension; and in pool 4, Westdale Realignment, Hammell Revetment, Bull Revetment, and Williams Revetment Downstream Extension. None of these contracts are to be considered fully funded.

FLOOD CONTROL, MISSISSIPPI RIVER AND TRIBUTARIES, ARKANSAS, ILLINOIS, KENTUCKY, LOUISIANA, MISSISSIPPI, MISSOURI, AND TENNESSEE

For expenses necessary for prosecuting work of flood control, and rescue work, repair, restoration, or maintenance of flood control projects threatened or destroyed by flood, as authorized by law (33 U.S.C. 702a, 702g-1), \$337,980,000, to remain available until expended: *Provided*, That not less than \$250,000 shall be available for bank stabilization measures as determined by the Chief of Engineers to be advisable for the control of bank erosion of streams in the Yazoo Basin, including the foothill area, and where necessary such measures shall complement similar works planned and constructed by the Soil Conservation Service and be limited to the areas of responsibility mutually agreeable to the District Engineer and the State Conservationist.

OPERATION AND MAINTENANCE, GENERAL

For expenses necessary for the preservation, operation, maintenance, and care of existing river and harbor, flood control, and related works, including such sums as may be necessary for the maintenance of harbor channels provided by a State, municipality or other public agency, outside of harbor lines, and serving essential needs of general commerce and navigation; surveys and charting of northern and northwestern lakes and connecting waters; clearing and straightening channels; and removal of obstructions to navigation, \$1,370,714,000, to remain available until expended, of which such sums as become available in the Harbor Maintenance Trust Fund, pursuant to Public Law 99-662, may be derived from that fund, and of which \$15,000,000 shall be for construction, operation, and maintenance of outdoor recreation facilities, to be derived from the special account established by the Land and Water Conservation Act of 1965, as amended (16 U.S.C. 4601): *Provided*, That \$200,000 of funds appropriated in this bill shall be used by the Army Corps of Engineers for operation and maintenance of existing structures and facilities of the Missouri National Recreation River, Nebraska and South Dakota: *Provided further*, That the Secretary of the Army, acting through the Chief of Engineers, shall allow an entity of the State of Oklahoma that is responsible for the development of the water and natural resources of the Arkansas River and Red River basins in southeast Oklahoma to operate and occupy, at no expense to such entity of the State, the Visitors Center at Crowder Point on Lake Eufaula, Oklahoma: *Provided further*, That the State of Oklahoma signs a cost sharing agreement for the construction of the Visitors Center according to the cost sharing provisions of Public Law 99-662: *Provided further*, That not to exceed \$8,000,000 shall be available for obligation for national emergency preparedness pro-

grams: *Provided further*, That of the funds appropriated under this heading, \$500,000 shall be available only for providing low water access to Lake Koochanusa, Montana, as the Secretary of the Army determines is necessary to alleviate low water impact on existing access facilities at the Libby Dam Project administered by the Forest Service of the Department of Agriculture: *Provided further*, That funds unused for the project described in the preceding proviso shall be transferred to the Department of Agriculture for purposes of carrying out maintenance and the Department's other responsibilities with respect to that project.

GENERAL REGULATORY FUNCTIONS

For expenses necessary for administration of laws pertaining to regulation of navigable waters and wetlands, \$60,427,000, to remain available until expended.

FLOOD CONTROL AND COASTAL EMERGENCIES

For expenses necessary for emergency flood control, hurricane, and shore protection activities, as authorized by section 5 of the Flood Control Act, approved August 18, 1941, as amended, \$20,000,000, to remain available until expended.

GENERAL EXPENSES

For expenses necessary for general administration and related functions in the office of the Chief of Engineers and offices of the Division Engineers; activities of the Board of Engineers for Rivers and Harbors, the Coastal Engineering Research Board, the Engineer Automation Support Activity, and the Water Resources Support Center, \$120,000,000, to remain available until expended.

ADMINISTRATIVE PROVISIONS

Appropriations in this title shall be available for expenses of attendance by military personnel at meetings in the manner authorized by section 4110 of title 5, United States Code, uniforms, and allowances therefor, as authorized by law (5 U.S.C. 5901-5902), and for printing, either during a recess or session of Congress, of survey reports authorized by law, and such survey reports as may be printed during a recess of Congress shall be printed, with illustrations, as documents of the next succeeding session of Congress; and during the current fiscal year the revolving fund, Corps of Engineers, shall be available for purchase (not to exceed 200 for replacement only) and hire of passenger motor vehicles.

TITLE II

DEPARTMENT OF THE INTERIOR

BUREAU OF RECLAMATION

For carrying out the functions of the Bureau of Reclamation as provided in the Federal reclamation laws (Act of June 17, 1902, 32 Stat. 388, and Acts amendatory thereof or supplementary thereto) and other Acts applicable to that Bureau as follows:

For engineering and economic investigations of proposed Federal reclamation projects and studies of water conservation and development plans and activities preliminary to the reconstruction, rehabilitation and betterment, financial adjustment, or extension of existing projects, to remain available until expended, \$14,250,000: *Provided*, That, of the total appropriated, the amount for program activities which can be financed by the reclamation fund shall be derived from that fund: *Provided further*, That all costs of an advance planning study of a proposed project shall be considered to be construction costs and to be reimbursable in accordance with the allocation of construction costs if the project is authorized for construction: *Provided further*, That funds contributed by non-Federal entities for purposes similar to this appropriation shall be available for expenditure for the purposes for which contributed as though specifically appropriated for said purposes, and such amounts shall remain available until expended: *Provided further*, That \$800,000 of funds herein appropriated shall be used for advanced planning for the Prairie Bend Project, Nebraska: *Provided further*, That \$175,000 of funds herein appropriated shall be for the South Platte Frenchman Valley Project study.

CONSTRUCTION PROGRAM

(INCLUDING TRANSFER OF FUNDS)

For construction and rehabilitation of projects and parts thereof (including power transmission facilities for Bureau of Reclamation use) and for other related activities as authorized by law, to remain available until expended \$712,305,000, of which \$174,005,000 shall be available for transfers to the Upper Colorado River Basin Fund authorized by section 5 of the Act of April 11, 1956 (43 U.S.C. 620d), and \$180,389,000 shall be available for transfers to the Lower Colorado River Basin Development Fund authorized by section 403 of the Act of September 30, 1968 (43 U.S.C. 1543), and such amounts as may be necessary shall be considered as though advanced to the Colorado River Dam Fund for the Boulder Canyon Project as authorized by the Act of December 21, 1928, as amended: *Provided*, That of the total appropriated, the amount for program activities which can be financed by the reclamation fund shall be derived from that fund: *Provided further*, That transfers to the Upper Colorado River Basin Fund and Lower Colorado River Basin Development Fund may be increased or decreased by transfers within the overall appropriation under this heading: *Provided further*, That funds contributed by non-Federal entities for purposes similar to this appropriation shall be available for expenditure for the purposes for which contributed as though specifically appropriated for said purposes, and such funds shall remain available until expended: *Provided further*, That the final point of discharge for the interceptor drain for the San Luis Unit shall not be determined until development by the Secretary of the Interior and the State of California of a plan, which shall conform with the water quality standards of the State of California as approved by the Administrator of the Environmental Protection Agency, to minimize any detrimental effect of the San Luis drainage waters: *Provided further*, That no part of the funds herein approved shall be available for construction or oper-

ation of facilities to prevent waters of Lake Powell from entering any national monument: *Provided further*, That of the amount herein appropriated, such amounts as may be necessary shall be available to enable the Secretary of the Interior to continue work on rehabilitating the Velarde Community Ditch Project, New Mexico, in accordance with the Federal Reclamation Laws (Act of June 17, 1902, 32 Stat. 388, and Acts amendatory thereof or supplementary thereto) for the purposes of diverting and conveying water to irrigated project lands. The cost of the rehabilitation will be nonreimbursable and constructed features will be turned over to the appropriate entity for operation and maintenance: *Provided further*, That the funds contained in this Act for the Garrison Diversion Unit, North Dakota, shall be expended only in accordance with the provisions of the Garrison Diversion Unit Reformulation Act of 1986 (Public Law 99-294): *Provided further*, That none of the funds appropriated in this Act shall be used to study or construct the Cliff Dam feature of the Central Arizona Project: *Provided further*, That Plan 6 features of the Central Arizona Project other than Cliff Dam, including (1) water rights and associated lands within the State of Arizona acquired by the Secretary of the Interior through purchase, lease, or exchange, for municipal and industrial purposes, not to exceed 30,000 acre feet; and, (2) such increments of flood control that may be found to be feasible by the Secretary of the Interior at Horseshoe and Bartlett Dams, in consultation and cooperation with the Secretary of the Army and using Corps of Engineers evaluation criteria, developed in conjunction with dam safety modifications and consistent with applicable environmental law, are hereby deemed to constitute a suitable alternative to Orme Dam within the meaning of the Colorado River Basin Project Act (82 Stat. 885; 43 U.S.C. 1501 et seq.): *Provided further*, That notwithstanding the provisions of the Garrison Diversion Unit Reformulation Act of 1986 (Public Law 99-294), the James River Comprehensive Report on water resource development proposals may be submitted to Congress at a date after September 30, 1988, but not later than September 30, 1989: *Provided further*, That of the amount appropriated herein, \$10,000,000 shall be available for right of way acquisition and construction of the Davis Creek Dam, North Loup Division, Nebraska (authorized by Public Law 92-514), and for preconstruction work on related facilities such as the Fullerton and Elbe canals and laterals and the Kent Diversion Dam, together with \$1,000,000 appropriated in Public Law 100-202 but not allocated for the Davis Creek Dam, which shall be in addition to the amount requested by the Secretary of the Interior for continuing work on the North Loup Division, which funds shall remain available until expended, together with funds heretofore or hereafter appropriated, and with which the Secretary of the Interior is directed to award contracts for construction and completion of the Davis Creek Dam and related facilities: *Provided further*, That \$2,000,000 of funds appropriated in this bill shall be available for reconstruction and rehabilitation of failing dikes of the Glendo Reservoir, North Platte Project, Nebraska and Wyoming, to restore area flood protection.

OPERATION AND MAINTENANCE**(INCLUDING TRANSFER OF FUNDS)**

For operation and maintenance of reclamation projects or parts thereof and other facilities, as authorized by law; and for a soil and moisture conservation program on lands under the jurisdiction of the Bureau of Reclamation, pursuant to law, to remain available until expended, \$187,731,000: *Provided*, That of the total appropriated, the amount for program activities which can be financed by the reclamation fund shall be derived from that fund: *Provided further*, That of the total appropriated, such amounts as may be required for replacement work on the Boulder Canyon Project which would require readvances to the Colorado River Dam Fund shall be readvanced to the Colorado River Dam Fund pursuant to section 5 of the Boulder Canyon Project Adjustment Act of July 19, 1940 (43 U.S.C. 618d), and such readvances since October 1, 1984, and in the future shall bear interest at the rate determined pursuant to section 104(a)(5) of Public Law 98-381: *Provided further*, That funds advanced by water users for operation and maintenance of reclamation projects or parts thereof shall be deposited to the credit of this appropriation and may be expended for the same objects and in the same manner as sums appropriated herein may be expended, and such advances shall remain available until expended: *Provided further*, That revenues in the Upper Colorado River Basin Fund shall be available for performing examination of existing structures on participating projects of the Colorado River Storage Project, the costs of which shall be nonreimbursable: *Provided further*, That none of the funds appropriated in this Act shall be used to execute new long-term contracts for water supply from the Central Valley project, California, prior to May 1, 1989.

43 USC 618d
note.**LOAN PROGRAM**

For loans to irrigation districts and other public agencies for construction of distribution systems on authorized Federal reclamation projects, and for loans and grants to non-Federal agencies for construction of projects, as authorized by the Acts of July 4, 1955, as amended (43 U.S.C. 421a-421d), and August 6, 1956, as amended (43 U.S.C. 422a-422i), including expenses necessary for carrying out the program, \$26,022,000, to remain available until expended: *Provided*, That of the total sums appropriated, the amount of program activities which can be financed by the reclamation fund shall be derived from that fund: *Provided further*, That during fiscal year 1989 and within the resources and authority available, gross obligations for the principal amount of direct loans shall not exceed \$27,766,000: *Provided further*, That any contract under the Act of July 4, 1955 (69 Stat. 244), as amended, not yet executed by the Secretary, which calls for the making of loans beyond the fiscal year in which the contract is entered into shall be made only on the same conditions as those prescribed in section 12 of the Act of August 4, 1939 (53 Stat. 1187, 1197).

GENERAL ADMINISTRATIVE EXPENSES

For necessary expenses of general administration and related functions in the office of the Commissioner, the Denver office, and

offices in the five regions of the Bureau of Reclamation, \$48,313,000, of which \$1,639,000 shall remain available until expended, the total amount to be derived from the reclamation fund and to be nonreimbursable pursuant to the Act of April 19, 1945 (43 U.S.C. 377): *Provided*, That no part of any other appropriation in this Act shall be available for activities or functions budgeted for the current fiscal year as general administrative expenses.

EMERGENCY FUND

For an additional amount for the "Emergency fund", as authorized by the Act of June 26, 1948 (43 U.S.C. 502), as amended, to remain available until expended for the purposes specified in said Act, \$1,000,000, to be derived from the reclamation fund.

WORKING CAPITAL FUND

For acquisition of computer capacity for the Administrative Systems Modernization project, \$4,000,000, to remain available until expended, as authorized in section 1472 of title 43, United States Code (99 Stat. 571).

SPECIAL FUNDS

(TRANSFER OF FUNDS)

Sums herein referred to as being derived from the reclamation fund are appropriated from the special funds in the Treasury created by the Act of June 17, 1902 (43 U.S.C. 391). Such sums shall be transferred, upon request of the Secretary, to be merged with and expended under the heads herein specified; and the unexpended balances of sums transferred for expenditure under the head "General Administrative Expenses" shall revert and be credited to the reclamation fund.

ADMINISTRATIVE PROVISIONS

Appropriations for the Bureau of Reclamation shall be available for purchase of not to exceed 26 passenger motor vehicles for replacement only; payment of claims for damages to or loss of property, personal injury, or death arising out of activities of the Bureau of Reclamation; payment, except as otherwise provided for, of compensation and expenses of persons on the rolls of the Bureau of Reclamation appointed as authorized by law to represent the United States in the negotiations and administration of interstate compacts without reimbursement or return under the reclamation laws; for service as authorized by section 3109 of title 5, United States Code, in total not to exceed \$500,000; rewards for information or evidence concerning violations of law involving property under the jurisdiction of the Bureau of Reclamation; performance of the functions specified under the head "Operation and Maintenance Administration", Bureau of Reclamation, in the Interior Department Appropriations Act 1945; preparation and dissemination of useful information including recordings, photographs, and photographic prints; and studies of recreational uses of reservoir areas, and investigation and recovery of archeological and paleontological remains in such areas in the same manner as provided for in the Acts of August 21, 1935 (16 U.S.C. 461-467) and June 27, 1960 (16 U.S.C. 469): *Provided*, That no part of any appropriation made

herein shall be available pursuant to the Act of April 19, 1945 (43 U.S.C. 377), for expenses other than those incurred on behalf of specific reclamation projects except "General Administrative Expenses", amounts provided for plan formulation and advance planning investigations under the head "General Investigations", and amounts provided for applied engineering under the head "Construction Program".

Sums appropriated herein which are expended in the performance of reimbursable functions of the Bureau of Reclamation shall be returnable to the extent and in the manner provided by law.

No part of any appropriation for the Bureau of Reclamation, contained in this Act or in any prior Act, which represents amounts earned under the terms of a contract but remaining unpaid, shall be obligated for any other purpose, regardless of when such amounts are to be paid: *Provided*, That the incurring of any obligation prohibited by this paragraph shall be deemed a violation of section 3679 of the Revised Statutes, as amended (31 U.S.C. 1341).

No funds appropriated to the Bureau of Reclamation for operation and maintenance, except those derived from advances by water users, shall be used for the particular benefits of lands (a) within the boundaries of an irrigation district, (b) of any member of a water users' organization, or (c) of any individual when such district, organization, or individual is in arrears for more than twelve months in the payment of charges due under a contract entered into with the United States pursuant to laws administered by the Bureau of Reclamation.

43 USC 377a.

None of the funds made available by this or any other Act shall be used by the Bureau of Reclamation for contracts for surveying and mapping services unless such contracts for which a solicitation is issued after the date of this Act are awarded in accordance with title IX of the Federal Property and Administrative Service Act of 1949 (40 U.S.C. 541 et seq.).

GENERAL PROVISIONS

DEPARTMENT OF THE INTERIOR

Sec. 201. Appropriations in this title shall be available for expenditure or transfer (within each bureau or office), with the approval of the Secretary, for the emergency reconstruction, replacement, or repair of aircraft, buildings, utilities or other facilities or equipment damaged or destroyed by fire, flood, storm, or other unavoidable causes: *Provided*, That no funds shall be made available under this authority until funds specifically made available to the Department of the Interior for emergencies shall have been exhausted.

Sec. 202. The Secretary may authorize the expenditure or transfer (within each bureau or office) of any appropriation in this title, in addition to the amounts included in the budget programs of the several agencies, for the suppression or emergency prevention of forest or range fires on or threatening lands under jurisdiction of the Department of the Interior.

Sec. 203. Appropriations in this title shall be available for operation of warehouses, garages, shops, and similar facilities, wherever consolidation of activities will contribute to efficiency, or economy, and said appropriations shall be reimbursed for services rendered to any other activity in the same manner as authorized by the Act of

June 30, 1932 (31 U.S.C. 1535 and 1536): *Provided*, That reimbursements for costs of supplies, materials, equipment, and for services rendered may be credited to the appropriation current at the time such reimbursements are received.

SEC. 204. Appropriations in this title shall be available for hire, maintenance, and operation of aircraft; hire of passenger motor vehicles; purchases of reprints; payment for telephone services in private residences in the field, when authorized under regulations approved by the Secretary; and the payment of dues, when authorized by the Secretary, for library membership in societies or associations which issue publications to members only or at a price to members lower than to subscribers who are not members.

SEC. 205. Of the appropriations for the Central Utah project, in this or any other Act, not more than \$17,000,000 of the total in any one fiscal year may be expended by the Secretary for all administrative expenses; except that this provision shall only become applicable after legislation to raise the authorization ceiling for the Colorado River Storage Project Act is approved by the Congress and signed by the President, otherwise the existing administrative expense limitation shall remain in effect: *Provided*, That the Inspector General of the Department of the Interior shall annually audit expenditures by the Bureau of Reclamation to determine compliance with this section: *Provided further*, That none of the Bureau of Reclamation's appropriations shall be used to fund the audit: *Provided further*, That the Bureau of Reclamation shall not delay or stop construction of the project due to this limitation and shall apply all the remaining appropriations to completion of this project, unless continuation of work on the Central Utah project would cause administrative expenses attributable to the Central Utah project to be paid from funds available for other Bureau of Reclamation projects and thereby delay their construction.

TITLE III

DEPARTMENT OF ENERGY

ENERGY SUPPLY, RESEARCH AND DEVELOPMENT ACTIVITIES

For expenses of the Department of Energy activities including the purchase, construction and acquisition of plant and capital equipment and other expenses incidental thereto necessary for energy supply, research and development activities, and other activities in carrying out the purposes of the Department of Energy Organization Act (Public Law 95-91), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion; purchase of passenger motor vehicles (not to exceed 23 for replacement only), \$2,142,326,000, to remain available until expended: *Provided*, That within 180 days after the date of enactment of this Act, the Secretary of Energy shall provide the Committee on Appropriations of the Senate and House of Representatives and the Energy and Natural Resources Committee of the Senate and the Science, Space, and Technology Committee of the House of Representatives a report which contains a program for the long-term utilization of the Fast Flux Test Facility at the Hanford, Washington site.

Reports.

URANIUM SUPPLY AND ENRICHMENT ACTIVITIES

For expenses of the Department of Energy in connection with operating expenses; the purchase, construction, and acquisition of plant and capital equipment and other expenses incidental thereto necessary for uranium supply and enrichment activities in carrying out the purposes of the Department of Energy Organization Act (Public Law 95-91), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion; purchase of passenger motor vehicles (not to exceed 21 for replacement only), \$1,133,080,000, to remain available until expended: *Provided*, That revenues received by the Department for the enrichment of uranium and estimated to total \$1,276,000,000 in fiscal year 1989, shall be retained and used for the specific purpose of offsetting costs incurred by the Department in providing uranium enrichment service activities as authorized by section 201 of Public Law 95-238, notwithstanding the provisions of section 3302(b) of section 484, of title 31, United States Code: *Provided further*, That the sum herein appropriated shall be reduced as uranium enrichment revenues are received during fiscal year 1989 so as to result in a final fiscal year 1989 appropriation estimated at not more than \$0.

GENERAL SCIENCE AND RESEARCH ACTIVITIES

For expenses of the Department of Energy activities including the purchase, construction and acquisition of plant and capital equipment and other expenses incidental thereto necessary for general science and research activities in carrying out the purposes of the Department of Energy Organization Act (Public Law 95-91), including the acquisition or condemnation of any real property or facility or for plant or facility acquisition, construction, or expansion; purchase of passenger motor vehicles (not to exceed 10, of which 5 are for replacement only and one is a police-type vehicle), and one replacement fixedwing aircraft to be acquired pursuant to the Federal Property and Administrative Services Act of 1949, as amended, \$922,116,000, to remain available until expended.

NUCLEAR WASTE DISPOSAL FUND

For nuclear waste disposal activities to carry out the purposes of Public Law 97-425, as amended, including the acquisition of real property or facility construction or expansion, \$369,832,000, to remain available until expended, to be derived from the Nuclear Waste Fund. To the extent that balances in the fund are not sufficient to cover amounts available for obligation in the account, the Secretary shall exercise his authority pursuant to section 302(e)(5) to issue obligations to the Secretary of the Treasury: *Provided*, That any proceeds resulting from the sale of assets purchased from the Nuclear Waste Fund shall be returned to the Nuclear Waste Fund: *Provided further*, That of the amount herein appropriated not to exceed \$11,000,000, at an annualized rate, may be provided to the State of Nevada for the period July 1, 1988 through June 30, 1989, for the conduct of its oversight responsibilities pursuant to the Nuclear Waste Policy Act of 1982, Public Law 97-425, as amended, of which not more than \$1,500,000 may be expended for socioeconomic studies and not more than \$1,500,000 may be ex-

pended on transportation studies: *Provided further*, That not more than \$5,000,000, at an annualized rate, may be provided to affected local governments, as defined in the Act, to conduct appropriate activities pursuant to the Act: *Provided further*, That none of the funds herein appropriated may be used directly or indirectly to influence legislative action on any matter pending before Congress or a State legislature or for any lobbying activity as provided in 18 U.S.C. 1913.

ATOMIC ENERGY DEFENSE ACTIVITIES

For expenses of the Department of Energy activities, \$8,100,000,000, to remain available until expended, including the purchase, construction and acquisition of plant and capital equipment and other expenses incidental thereto necessary for atomic energy defense activities in carrying out the purposes of the Department of Energy Organization Act (Public Law 95-91), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion; purchase of passenger motor vehicles (not to exceed 248, of which 247 are for replacement only including 6 police-type vehicles): *Provided*, That no funds appropriated for operating expenses or construction for new production reactor capacity may be obligated until 30 days after the Secretary of Energy has presented to Congress the acquisition strategy report for new production reactor capacity, as required by the Energy and Water Appropriations Act for Fiscal Year 1988—Public Law 100-202, and has certified, with appropriate documentation, that the preferred technology, design and site selected for new production reactor capacity, best satisfies the considerations required under Public Law 100-202.

Reports.

DEPARTMENTAL ADMINISTRATION

For salaries and expenses of the Department of Energy necessary for Departmental Administration and other activities in carrying out the purposes of the Department of Energy Organization Act (Public Law 95-91), including the hire of passenger motor vehicles and official reception and representation expenses (not to exceed \$35,000) \$403,665,000, to remain available until expended, plus such additional amounts as necessary to cover increases in the estimated amount of cost of work for others notwithstanding the provisions of the Anti-Deficiency Act (31 U.S.C. 1511 et seq.): *Provided*, That such increases in cost of work are offset by revenue increases of the same or greater amount, to remain available until expended: *Provided further*, That moneys received by the Department for miscellaneous revenues estimated to total \$240,725,000 in fiscal year 1989 may be retained and used for operating expenses within this account, and may remain available until expended, as authorized by section 201 of Public Law 95-238, notwithstanding the provisions of section 3302 of title 31, United States Code: *Provided further*, That the sum herein appropriated shall be reduced by the amount of miscellaneous revenues received during fiscal year 1989 so as to result in a final fiscal year 1989 appropriation estimated at not more than \$162,940,000.

POWER MARKETING ADMINISTRATIONS**OPERATION AND MAINTENANCE, ALASKA POWER ADMINISTRATION**

For necessary expenses of operation and maintenance of projects in Alaska and of marketing electric power and energy, \$3,159,000, to remain available until expended.

BONNEVILLE POWER ADMINISTRATION FUND

42 USC 7171
note.

GEOTHERMAL RESOURCES DEVELOPMENT FUND

For carrying out the Loan Guarantee and Interest Assistance Program as authorized by the Geothermal Energy Research, Development and Demonstration Act of 1974, as amended, \$75,000, to remain available until expended: *Provided*, That the indebtedness guaranteed or committed to be guaranteed through funds provided by this or any other appropriation Act shall not exceed the aggregate of \$500,000,000.

GENERAL PROVISIONS—DEPARTMENT OF ENERGY

SEC. 301. Appropriations for the Department of Energy under this title for the current fiscal year shall be available for hire of passenger motor vehicles; hire, maintenance and operation of aircraft; purchase, repair and cleaning of uniforms; and reimbursement to the General Services Administration for security guard services. From these appropriations, transfers of sums may be made to other agencies of the United States Government for the performance of work for which this appropriation is made. None of the funds made available to the Department of Energy under this Act shall be used to implement or finance authorized price support or loan guarantee programs unless specific provision is made for such programs in an appropriation Act. The Secretary is authorized to accept lands,

Gifts and
property.

buildings, equipment, and other contributions from public and private sources and to prosecute projects in cooperation with other agencies, Federal, State, private, or foreign.

(TRANSFERS OF UNEXPENDED BALANCES)

Sec. 302. Not to exceed 5 per centum of any appropriation made available for the current fiscal year for Department of Energy activities funded in this Act may be transferred between such appropriations, but no such appropriation, except as otherwise provided, shall be increased or decreased by more than 5 per centum by any such transfers, and any such proposed transfers shall be submitted promptly to the Committees on Appropriations of the House and Senate.

Sec. 303. The unexpended balances of prior appropriations provided for activities in this Act may be transferred to appropriation accounts for such activities established pursuant to this title. Balances so transferred may be merged with funds in the applicable established accounts and thereafter may be accounted for as one fund for the same time period as originally enacted.

Sec. 304. No funds appropriated or made available under this or any other Act shall be used by the executive branch for studies, reviews, to solicit proposals, to consider unsolicited proposals, undertake any initiatives or draft any proposals to transfer out of Federal ownership, management or control in whole or in part, the facilities, assets, and functions of the uranium supply and enrichment program, including inventories, until such activities have been specifically authorized in accordance with terms and conditions established by an Act of Congress hereafter enacted: *Provided*, That this provision shall not apply to the authority granted to the Department of Energy under section 161g of the Atomic Energy Act of 1954, as amended, under which it may sell, lease, grant, and dispose of property in furtherance of Atomic Energy Act activities or to the authority of the Administrator of the General Services Administration pursuant to the Federal Property and Administrative Service Act of 1944 to sell or otherwise dispose of surplus property.

Sec. 305. (a) During fiscal year 1989, the Department of Energy, in the case of any State with unemployment in excess of 10 percent as determined by the Bureau of Labor Statistics, shall give priority in approving plans for the use of funds available to such State under the Agreement approved on July 7, 1986 In Re: The Department of Energy Stripper Well Exemption Litigation, M.D.L. No. 378.

State and local governments.

(b) Any plan described in subsection (a) submitted in fiscal year 1989 shall be deemed approved by the Department of Energy if the Department fails to act on the plan within 45 calendar days after such submittal and if the Governor or a designated State official certifies in writing that the use of such funds provided in such plan is consistent with the applicable terms of such Agreement.

(c) It is the intent of Congress that the purpose of this provision is to help such States gain prompt approval of such plans for the purposes proposed by such States so long as such plans are consistent with the terms and conditions of such Agreement.

note.

refusal to obey, shall be enforceable by order of any appropriate United States district court: *Provided further*, That procedures other than subpoenas shall be used by the inspector general to obtain documents and evidence from Federal agencies.

TITLE V—GENERAL PROVISIONS

SEC. 501. No part of any appropriation contained in this Act shall remain available for obligation beyond the current fiscal year unless expressly so provided herein.

SEC. 502. None of the funds in this Act shall be used to pay the expenses of, or otherwise compensate, parties intervening in regulatory or adjudicatory proceedings funded in this Act.

SEC. 503. None of the programs, projects or activities as defined in the report accompanying this Act, may be eliminated or disproportionately reduced due to the application of "Savings and Slippage", "general reduction", or the provision of Public Law 99-177 or Public Law 100-119.

Contracts.
Public
information.

SEC. 504. The expenditure of any appropriation under this Act for any consulting service through procurement contract, pursuant to section 3109 of title 5, United States Code, shall be limited to those contracts where such expenditures are a matter of public record and available for public inspection, except where otherwise provided under existing law, or under existing Executive order issued pursuant to existing law.

SEC. 505. None of the funds appropriated in this Act shall be used to implement a program of retention contracts for senior employees of the Tennessee Valley Authority.

SEC. 506. Notwithstanding any other provision of this Act or any other provision of law, none of the funds made available under this Act or any other law shall be used for the purposes of conducting any studies relating or leading to the possibility of changing from the currently required "at cost" to a "market rate" or any other noncost-based method for the pricing of hydroelectric power by the six Federal public power authorities, or other agencies or authorities of the Federal Government, except as may be specifically authorized by Act of Congress hereafter enacted.

SEC. 507. None of the funds appropriated in this Act for Power Marketing Administrations or the Tennessee Valley Authority, and none of the funds authorized to be expended by this or any previous Act from the Bonneville Power Administration Fund or the Tennessee Valley Authority Fund, may be used to pay the costs of procuring extra high voltage (EHV) power equipment unless contract awards are made for EHV equipment manufactured in the United States when such agencies determine that there are one or more manufacturers of domestic end product offering a product that meets the technical requirements of such agencies at a price not exceeding 130 per centum of the bid or offering price of the most competitive foreign bidder: *Provided*, That such agencies shall determine the incremental costs associated with implementing this section and defer or offset such incremental costs against otherwise existing repayment obligations: *Provided further*, That this section shall not apply to any procurement initiated prior to October 1, 1985, or to the acquisition of spare parts or accessory equipment necessary for the efficient operation and maintenance of existing equipment and available only from the manufacturer of the original equipment: *Provided further*, That this section shall not apply to

procurement of domestic end product as defined in 48 C.F.R. sec. 25.101: *Provided further*, That this section shall not apply to EHV power equipment produced or manufactured in a country whose government has completed negotiations with the United States to extend the GATT Government Procurement Code, or a bilateral equivalent, to EHV power equipment, or which otherwise offers fair competitive opportunities in public procurements to United States manufacturers of such equipment.

**IMPLEMENTATION OF BUY AMERICAN ACT WITH RESPECT TO CERTAIN
