Contracts.

SEC. 301. The expenditure of any appropriation under this Act for any consulting service through procurement contract, pursuant to 5 U.S.C. 3109, shall be limited to those contracts where such expendi-

tures are a matter of public record and available for public inspection, except where otherwise provided under existing law, or under existing Executive order issued pursuant to existing law.

SEC. 302. No part of any appropriation under this Act shall be available to the Secretaries of the Interior and Agriculture for use for any sale hereafter made of unprocessed timber from Federal lands west of the 100th meridian in the contiguous 48 States which will be exported from the United States, or which will be used as a substitute for timber from private lands which is exported by the purchaser: *Provided*, That this limitation shall not apply to specific quantities of grades and species of timber which said Secretaries determine are surplus to domestic lumber and plywood manufacturing needs.

20 USC 954 note.

(a) None of the funds authorized to be appropriated for the National Endowment for the Arts or the National Endowment for the Humanities may be used to promote, disseminate, or produce materials which in the judgment of the National Endowment for the Arts or the National Endowment for the Humanities may be considered obscene, including but not limited to, depictions of sadomasochism, homoeroticism, the sexual exploitation of children, or individuals engaged in sex acts and which, when taken as a whole, do not have serious literary, artistic, political, or scientific value.

(b) It is the sense of the Congress:

(1) That under the present procedures employed for awarding National Endowment for the Arts grants, although the National Endowment for the Arts has had an excellent record over the years, it is possible for projects to be funded without adequate review of the artistic content or value of the work.

(2) That recently works have been funded which are without artistic value but which are criticized as pornographic and shocking by any standards.

(3) That censorship inhibits and stultifies the full expression of art.

(4) That free inquiry and expression is reaffirmed. Therefore, be it resolved:

(A) That all artistic works do not have artistic or humanistic excellence and an application can include works that possess both nonexcellent and excellent portions.

(B) That the Chairman of the National Endowment for the arts has the responsibility to determine whether such an application should be funded.

(C) That the National Endowment for the Arts must find a better method to seek out those works that have artistic excellence and to exclude those works which are without

any redeeming literary, scholarly, cultural, or artistic value.

(D) That a commission be established to review the National Endowment for the Arts grant making procedures, including those of its panel system, to determine whether there should be standards for grant making other than "substantial artistic and cultural significance, giving emphasis to American creativity and cultural diversity and the maintenance and encouragement of professional excellence" (20 U.S.C. 954(c)(1)) and if so, then what other standards. The criteria to be considered by the commission shall include but not be limited to possible standards where (a) applying contemporary community standards would find that the work taken as a whole appeals to a prurient interest; (b) the work depicts or describes in a patently offensive way, sexual conduct; and (c) the work, taken as a whole, lacks serious artistic and cultural value.

Establishment.

(c)(1) There is hereby established a temporary Independent Commission for the purpose of—

(A) reviewing the National Endowment for the Arts grant making procedures, including those of its panel system; and

(B) considering whether the standard for publicly funded art should be different than the standard for privately funded art.

(2) The Commission shall be composed of twelve members as follows:

(A) four members appointed by the President;

(B) four members appointed by the President upon the recommendation of the Speaker of the House of Representatives in consultation with the minority leader of the House of Representatives;

(C) four members appointed by the President upon the recommendation of the President pro tempore of the Senate in consultation with the minority leader of the Senate;

(D) the chairman shall be designated by vote of the Commission members; and

(E) a quorum for the purposes of conducting meetings shall be seven.

(3) Members of the Commission shall serve without pay. While away from their homes or regular places of business in the performance of services for the Commission, members of the Commission shall be allowed travel expenses, including per diem in lieu of subsistence, in the same manner as persons employed intermittently in Government service are allowed expenses under 5 U.S.C. 5703.

(4) The Commission may, for the purpose of carrying out its duties, hold such hearings, sit and act at such times and places, take such testimony, and receive such evidence, as the Commission considers appropriate.

Reports.

(5) The Commission shall issue a report to the Speaker of the House of Representatives and the President of the Senate no later than 180 days after the date of enactment of this Act.

(6) The Commission shall expire on September 30, 1990.

(7) Expenses of the Commission not to exceed \$250,000, including administrative support, shall be furnished by the National Endowment for the Arts.

SEC. 305. No part of any appropriation contained in this Act shall remain available for obligation beyond the current fiscal year unless expressly so provided herein.

SEC. 306. None of the funds provided in this Act to any department or agency shall be obligated or expended to provide a personal cook, chauffeur, or other personal servants to any officer or employee of such department or agency except as otherwise provided by law.

SEC. 307. None of the funds provided in this Act shall be used to evaluate, consider, process, or award oil, gas, or geothermal leases on Federal lands in the Mount Baker-Snoqualmie National Forest, State of Washington, within the hydrographic boundaries of the Cedar River municipal watershed upstream of river mile 21.6, the Green River municipal watershed upstream of river mile 61.0, the North Fork of the Tolt River proposed municipal watershed upstream of river mile 11.7, and the South Fork Tolt River municipal watershed upstream of river mile 8.4.

SEC. 308. No assessments may be levied against any program, budget activity, subactivity, or project funded by this Act unless such assessments and the basis therefor are presented to the Committees on Appropriations and are approved by such Committees.

SEC. 309. Employment funded by this Act shall not be subject to any personnel ceiling or other personnel restriction for permanent or other than permanent employment except as provided by law.

SEC. 311. None of the funds provided by this Act to the United States Fish and Wildlife Service may be obligated or expended to plan for, conduct, or supervise deer hunting on the Loxahatchee National Wildlife Refuge.

The Forest Service and Bureau of Land Management are to continue to complete as expeditiously as possible development of their respective Forest Land and Resource Management Plans to meet all applicable statutory requirements. Notwithstanding the date in section 6(c) of the NFMA (16 U.S.C. 1600), the Forest Service, and the Bureau of Land Management under separate authority, may continue the management of lands within their jurisdiction under existing land and resource management plans pending the completion of new plans. Nothing shall limit judicial review of particular activities on these lands: *Provided, however*, That there shall be no challenges to any existing plan on the sole basis that the plan in its entirety is outdated, or in the case of the Bureau of Land Management, solely on the basis that the plan does not incorporate information available subsequent to the completion of the existing plan: *Provided further*, That any and all particular activities to be carried out under existing plans may nevertheless be challenged.

SEC. 313. None of the funds in this Act may be used to plan, prepare, or offer for sale timber from trees classified as giant sequoia (*sequoiadendron giganteum*) which are located on National Forest System or Bureau of Land Management lands until an environmental assessment has been completed and the giant sequoia management implementation plan is approved. (1) The Forest Service shall offer, notwithstanding the provisions of the Federal Timber Contract Payment Modification Act of 1984 (16 U.S.C. 618(a)(5)(C)), an aggregate timber sale level of seven billion seven hundred million board feet of net merchantable timber from the national forests of Oregon and Washington for fiscal years 1989 and 1990. Such timber sales shall be consistent with existing land and resource management plans or land and resource management plans as approved except, in the case of the Mapleton Ranger District of the Siuslaw National Forest, Oregon, such sales shall be consistent with the preferred alternative of the draft land and resource management plan and accompanying draft environmental impact statement dated October 1, 1986, pending approval of a final land and resource management plan for the Siuslaw National Forest: *Provided*, That of the seven billion seven hundred million board foot aggregate timber sale level for fiscal years 1989 and 1990, timber sales offered from the thirteen national forests in Oregon and Washington known to contain northern spotted owls shall meet an aggregate timber sale level for fiscal years 1989 and 1990 of five billion eight hundred million board feet of net merchantable timber: *Provided further*, That the sales volume shall be distributed in the same proportion between Oregon and Washington national forests known to contain northern spotted owls based on the average sale volume for fiscal years 1986 through 1988.

(2) The Bureau of Land Management shall offer such volumes as are required in fiscal year 1990 to meet an aggregate timber sale level of one billion nine hundred million board feet for fiscal years 1989 and 1990 from its administrative districts in western Oregon.

(b)(1) In accordance with subsection (b)(2) of this section, all timber sales from the thirteen national forests in Oregon and Washington known to contain northern spotted owls prepared or offered pursuant to this section shall minimize fragmentation of the most eco-

logically significant old growth forest stands. "Old growth forest stands" are defined as those stands meeting the criteria according to Forest Service Research Publication Numbered PNW-447. In those instances where the Forest Service, after consultation with the advisory boards established pursuant to subsection (c) of this section, determines that the definition in Forest Service Research Publication Numbered PNW-447 is not fully applicable in national forests known to contain northern spotted owls, the Forest Service shall use old-growth definitions contained in its Pacific Northwest Regional Guide.

(2) To the extent that fragmentation of ecologically significant old growth forest stands is necessary to meet the timber sale levels directed by subsection (a)(1) of this section, the Forest Service shall minimize such fragmentation in the ecologically significant old growth forest stands on a national forest-by-national forest basis based on the Forest Service's discretion in determining the ecologically significant stands after considering input from the advisory boards created pursuant to subsection (c) of this section. The habitat of nesting pairs of spotted owls which are not in the Spotted Owl Habitat Areas (SOHAs) described in subsection (b)(3) of this section shall be considered an important factor in the identification of ecologically significant old growth forest stands.

(3) No timber sales offered pursuant to this section from the thirteen national forests in Oregon and Washington known to contain northern spotted owls may occur within SOHAs identified pursuant to the Final Supplement to the Environmental Impact Statement for an Amendment to the Pacific Northwest Regional Guide—Spotted Owl and the accompanying Record of Decision issued by the Forest Service on December 8, 1988 as adjusted by this subsection:

(A) For the Olympic Peninsula Province, which includes the Olympic National Forest, SOHA size is to be 3,200 acres;

(B) For the Washington Cascades Province, which includes the Mt. Baker-Snoqualmie, Okanogan, Wenatchee, and Gifford-Pinchot National Forests, SOHA size is to be 2,600 acres;

(C) For the Oregon Cascades Province, which includes the Mt. Hood, Willamette, Rogue River, Deschutes, Winema, and Umpqua National Forests, SOHA size is to be 1,875 acres;

(D) For the Oregon Coast Range Province, which includes the Siuslaw National Forest, SOHA size is to be 2,500 acres; and

(E) For the Klamath Mountain Province, which includes the Siskiyou National Forest, SOHA size is to be 1,250 acres.

(F) All other standards and guidelines contained in the Chief's Record of Decision are adopted.

(4) In planning for the preparation and offer of timber sales authorized in subsection (a)(1) of this section, the Forest Service, to the extent possible in areas proximate to SOHA sites identified in subsection (b)(3) of this section, should exercise discretion in selecting sites and/or silvicultural prescriptions in order to retain spotted owl habitat characteristics in such areas. The Forest Service should consider the relative location and quality of such areas contiguous to the SOHAs and should give higher priority to preparing and offering sales in areas of lower quality and less important location than to areas of greater quality and more important location relative to the SOHAs.

(5) No timber sales offered pursuant to this section on Bureau of Land Management lands in western Oregon known to contain

northern spotted owls shall occur within the 110 areas identified in the December 22, 1987 agreement, except sales identified in said agreement, between the Bureau of Land Management and the Oregon Department of Fish and Wildlife. Not later than thirty days after enactment of this Act, the Bureau of Land Management, after consulting with the Oregon Department of Fish and Wildlife and the United States Fish and Wildlife Service to identify high priority spotted owl area sites, shall select an additional twelve spotted owl habitat areas. No timber sales may be offered in the areas identified pursuant to this subsection during fiscal year 1990.

(6)(A) Without passing on the legal and factual adequacy of the Final Supplement to the Environmental Impact Statement for an Amendment to the Pacific Northwest Regional Guide—Spotted Owl Guidelines and the accompanying Record of Decision issued by the Forest Service on December 8, 1988 or the December 22, 1987 agreement between the Bureau of Land Management and the Oregon Department of Fish and Wildlife for management of the spotted owl, the Congress hereby determines and directs that management of areas according to subsections (b)(3) and (b)(5) of this section on the thirteen national forests in Oregon and Washington and Bureau of Land Management lands in western Oregon known to contain northern spotted owls is adequate consideration for the purpose of meeting the statutory requirements that are the basis for the consolidated cases captioned *Seattle Audubon Society et al., v. F. Dale Robertson*, Civil No. 89-160 and *Washington Contract Loggers Assoc. et al., v. F. Dale Robertson*, Civil No. 89-99 (order granting preliminary injunction) and the case *Portland Audubon Society et al., v. Manuel Lujan, Jr.*, Civil No. 87-1160-FR. The guidelines adopted by subsections (b)(3) and (b)(5) of this section shall not be subject to judicial review by any court of the United States.

(B) The Forest Service is directed to review and revise as appropriate the decision adopted in the December 1988 Record of Decision referenced in subsection (b)(6)(A) of this section and shall consider any new information gathered subsequent to the issuance of the Record of Decision, including the interagency guidelines for conservation of northern spotted owls developed by the Interagency Scientific Committee to address conservation of the northern spotted owl. This review, and any resulting changes to the December 1988 decision determined to be necessary by the Forest Service are to be completed and in effect not later than September 30, 1990.

(c)(1) The Secretaries of Agriculture and the Interior shall name advisory boards on a national forest-by-national forest and Bureau of Land Management district-by-district basis which shall be comprised of not more than seven individuals who, in the appropriate Secretary's judgment, represent a diversity of views. In the process of selecting individuals to serve on the advisory boards, the Secretaries shall make every effort to recognize the diversity of views and perspectives and allow parties which represent a cross-section of those views to participate in making recommendations in the selection of board members, provided, that every effort will be made to ensure the advisory boards are comprised of an equal number of representatives of environmental and business concerns. The advisory boards shall be named not later than thirty days after enactment of this Act. The advisory boards shall provide recommendations to the Forest Service and the Bureau of Land Management in reviewing prospective timber sales which shall meet the timber sale levels directed by this section prior to their offer.

The advisory boards shall present their advice within fifteen or forty-five days after receipt of the necessary review documents. The fifteen-day period applies to single sales and the forty-five-day period applies to multiple sales. The members of the advisory boards authorized by this section shall serve without compensation or reimbursement of expenses. The Forest Service and the Bureau of Land Management are authorized to use available funds for the services of professional, independent facilitators to assist in the work of the advisory boards.

(2) The Forest Service and Bureau of Land Management shall consider the recommendations of the advisory boards once such boards are established pursuant to this section, including any suggested modifications of individual sales. The Forest Service and Bureau of Land Management shall also consider recommendations made by the United States Fish and Wildlife Service on those timber sales conferred upon under section 7(a)(4) or, if the spotted owl is listed as a threatened or endangered species, consult under section 7(a)(2) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1536(a)(2) and (a)(4)) prior to the offer of any subsequent timber sale in fiscal year 1990. These recommendations shall be considered regardless of whether the agreement provided in subsection (f)(1) of this section has been reached, entered into, and accepted by the relevant court. Adoption or rejection of such recommended modifications shall not require preparation of additional environmental documents, notwithstanding any other provision of law.

(d) Notwithstanding any other provision of law, there shall be not more than one level of administrative appeal of any decision by the Forest Service or the Bureau of Land Management to undertake any activity directed by this section for timber sales to be prepared, advertised, offered, and awarded during fiscal year 1990 from the thirteen national forests in Oregon and Washington and Bureau of Land Management lands in western Oregon known to contain northern spotted owls. If an administrative stay is granted in any such appeal the Regional Forester or the Interior Board of Land Appeals shall issue a final decision on the merits within forty-five days of the date of issuance of such stay. Notwithstanding any other provision of law, any party seeking to challenge a decision made after the date of enactment of this Act to prepare, advertise, offer, or award a timber sale in fiscal year 1990 from the thirteen national forests and Bureau of Land Management lands in western Oregon known to contain northern spotted owls need not exhaust their administrative remedies prior to filing suit. Nothing in this subsection shall alter the administrative appeal requirements of the Forest Service or Bureau of Land Management.

(e) Nothing in this section shall affect interagency cooperation among the Forest Service, the Bureau of Land Management, and the United States Fish and Wildlife Service under sections 7(a)(2) and 7(a)(4) of the Endangered Species Act and its regulations.

(f)(1) Not later than two days after enactment of this Act, the Forest Service shall submit to plaintiffs in the captioned case *Seattle Audubon Society et al., v. F. Dale Robertson*, Civil No. 89-160, a list of sales which had been prepared for offer in fiscal year 1989 and which contain at least 40 acres of suitable spotted owl habitat. Not later than fourteen days after receipt of such list, plaintiffs to the suit referenced in this subsection may enter into an agreement with the Forest Service releasing for sale not less than one billion one hundred million board feet of net merchantable timber. Such sales

must be available for advertisement not later than fourteen days after the agreement required by this subsection is reached. Such timber sales selected shall not be subject to further judicial review by any court of the United States.

(2) If the agreement specified in subsection (f)(1) of this section is reached, then those timber sales described in the list submitted to plaintiffs pursuant to subsection (f)(1) of this section but not contained in the agreement authorized by subsection (f)(1) of this section shall not be offered for sale in fiscal year 1990.

(3) If the agreement authorized under subsection (f)(1) of this section is not implemented within the timeframes prescribed in subsection (f)(1) of this section, one billion one hundred million board feet of net merchantable timber from such sales submitted to plaintiffs pursuant to subsection (f)(1) of this section shall be selected and modified as appropriate by the Forest Service in accordance with the provisions of this section. Selected sales shall be prepared, advertised, offered, awarded and operated notwithstanding any provision of law that is a basis for any stay, injunction or order issued in the proceeding identified in subsection (f)(1) of this section: *Provided*, That nothing in this subsection shall affect rights available under the Contract Disputes Act (41 U.S.C. 601 et seq.).

(4) The Forest Service shall, for each respective timber sale, lift its own stay or apply to the appropriate court for the lifting of the restraining order or injunction whose basis has been withdrawn by this section.

(5) Timber sales selection pursuant to subsections (f)(1) or (f)(3) of this section shall be based on the following criteria: (1) proportional distribution between Oregon and Washington national forests known to contain northern spotted owls based on the average sale volumes for fiscal years 1986 through 1988; (2) proportional distribution to the extent possible among the thirteen national forests known to contain northern spotted owls in Oregon and Washington based on the average sale volumes for fiscal years 1986 through 1988; and (3) to the extent possible, selection of sales outside the habitat of nesting pairs of spotted owls which are not in the Spotted Owl Habitat Areas described in subsection (b)(3) of this section.

(g)(1) No restraining order or preliminary injunction shall be issued by any court of the United States with respect to any decision to prepare, advertise, offer, award, or operate a timber sale or timber sales in fiscal year 1990 from the thirteen national forests in Oregon and Washington and Bureau of Land Management lands in western Oregon known to contain northern spotted owls. The provisions of section 705 of title 5, United States Code, shall not apply to any challenge to such a timber sale: *Provided*, That the courts shall have authority to enjoin permanently, order modification of, or void an individual sale if it has been determined by a trial on the merits that the decision to prepare, advertise, offer, award, or operate such sale was arbitrary, capricious or otherwise not in accordance with law: *Provided further*, That any challenge to a timber sale must be filed in Federal District Court within fifteen days of the date of initial advertisement of the challenged timber sale: *Provided further*, That for forty-five days after the date of filing of a challenge to a timber sale the affected agency shall take no action to award a challenged timber sale. Civil actions filed under this section shall be assigned for hearing at the earliest possible date and shall take precedence over all other matters pending on the docket of the court at that time except for criminal cases: *Provided further*, That the

Courts, U.S.

Courts, U.S.

court shall render its final decision relative to any challenge within forty-five days from the date such challenge is brought, unless the court determines that a longer period of time is required to satisfy the requirements of the United States Constitution.

(2) Notwithstanding any other provision of law, the court may set rules governing the procedures of any such proceeding which set page limits on briefs and time limits on filing briefs and motions and other actions which are shorter than the limits specified in the Federal rules of civil or appellate procedure.

(3) In order to reach a decision within forty-five days, the Federal District Court may assign all or part of any such case or cases to one or more Special Masters, for prompt review and recommendations to the court.

Reports.

(h) The Forest Service, the Bureau of Land Management, and the United States Fish and Wildlife Service shall submit reports updating their findings and progress as determined by the process recognized under subsection (e) of this section on a monthly basis to the President of the Senate and the Speaker of the House of Representatives for appropriate referral. Such reports shall also include information on the extent to which recommendations of the advisory boards established pursuant to subsection (c) of this section were integrated into timber sale decisions as well as reasons for modifying or not adopting recommendations made by the advisory boards. Such reports shall be submitted as directed beginning on December 1, 1989, and ending on September 30, 1990.

(i) Except for provisions of subsection (a)(1) of this section, the provisions of this section apply solely to the thirteen national forests in Oregon and Washington and Bureau of Land Management districts in western Oregon known to contain northern spotted owls. Nothing contained in this section shall be construed to require the Forest Service or Bureau of Land Management to develop similar policies on any other forest or district in Oregon or Washington.

(j) The advisory boards established under this section shall not be subject to the Federal Advisory Committee Act (86 Stat. 770).

(k) Timber sales offered to meet the requirements of subsection (a) of this section shall be subject to the terms and conditions of this section for the duration of those sale contracts. All other provisions of this section shall remain in effect until September 30, 1990.
