Public Law 102–377
102d Congress

An Act

Making appropriations for energy and water development for the fiscal year ending September 30, 1992, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the following sums are appropriated, out of any money in the Treasury not otherwise appropriated, for the fiscal year ending September 30, 1993, for energy and water development, and for other purposes, namely:

TITLE I

DEPARTMENT OF DEFENSE—CIVIL

DEPARTMENT OF THE ARMY

CORPS OF ENGINEERS—CIVIL

The following appropriations shall be expended under the direction of the Secretary of the Army and the supervision of the Chief of Engineers for authorized civil functions of the Department of the Army pertaining to rivers and harbors, flood control, beach erosion, and related purposes.

GENERAL INVESTIGATIONS

For expenses necessary for the collection and study of basic information pertaining to river and harbor, flood control, shore protection, and related projects, restudy of authorized projects, miscellaneous investigations, and when authorized by laws, surveys and detailed studies and plans and specifications of projects prior to construction, $175,780,000, to remain available until expended: Provided, That with funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to undertake the following items under General Investigations in fiscal year 1993 in the amounts specified:

- Los Angeles County Drainage Area Water Conservation and Supply, California, $200,000;
- Los Angeles River Watercourse Improvement, California, $300,000;
- Rancho Palos Verdes, California, $400,000;
- Miami River Sediments, Florida, $50,000;
- Monroe County (Smathers Beach), Florida, $500,000;
- Casino Beach, Illinois, $110,000;
- Chicago Shoreline, Illinois, $600,000;
- McCook and Thornton Reservoirs, Illinois, $3,500,000;
- Lake George, Hobart, Indiana, $260,000;
- Little Calumet River Basin (Cady Marsh Ditch), Indiana, $170,000;
- Mississippi River, Vicinity of St. Louis, Missouri, $500,000;
Ste. Genevieve, Missouri, $750,000; Passaic River Mainstem, New Jersey, $10,000,000; and Red River Waterway, Shreveport, Louisiana, to Daingerfield, Texas, $2,800,000: Provided further, That using $320,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to continue the cost-shared feasibility study of the Calleguas Creek, California, project based on the reconnaissance phase analyses of full intensification benefits resulting from a change in cropping patterns to more intensive crops within the floodplain. The feasibility study will consider the agricultural benefits using both traditional and nontraditional methods, and will include an evaluation of the benefits associated with the environmental protection and restoration of Mugu Lagoon: Provided further, That using $200,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to conduct a cost-shared feasibility study for flood control at Norco Bluffs, California, based on flood related flows and channel migration which have caused bank destabilization and damaged private property and public utilities in the area: Provided further, That using $300,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to expand the study of long-term solutions to shoaling problems in Santa Cruz Harbor, California, by incorporating the study of erosion problems between the harbor and the easterly limit of the City of Capitola, particularly beach-fill type solutions which use sand imported from within or adjacent to the harbor: Provided further, That using $210,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to include the study of Alafia River as part of the Tampa Harbor, Alafia River and Big Bend, Florida, feasibility study: Provided further, That the Secretary of the Army, acting through the Chief of Engineers, is directed to undertake a study of a greenway corridor along the Ohio River in New Albany, Clarksville, and Jeffersonville, Indiana, using $125,000 of the funds appropriated under this heading in Public Law 101–101 for Jeffersonville, Indiana, $127,000 of the funds appropriated under this heading in Public Law 101–514, and $250,000 of the funds appropriated under this heading in Public Law 102–104: Provided further, That using $450,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to continue the development of a comprehensive waterfront plan for the White River in central Indianapolis, Indiana: Provided further, That using $250,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to conduct a feasibility study of the Muddy River, Boston, Massachusetts: Provided further, That using $50,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to undertake feasibility phase studies for the Clinton River Spillway, Michigan, project: Provided further, That using $600,000 of the funds appropriated herein and $900,000 of the funds appropriated under this heading in Public Law 102–104, the Secretary of the Army, acting through the Chief of Engineers, is directed to continue preconstruction engineering and design of the St. Louis Harbor, Missouri and Illinois, project: Provided further, That using $3,500,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to...
Engineers, is directed to continue preconstruction engineering and
design of the Raritan River Basin, Green Brook Sub-Basin, New
Jersey, project in accordance with the design directives for the
project contained in Public Law 100-202: Provided further, That
using $440,000 of the funds appropriated herein, the Secretary
of the Army, acting through the Chief of Engineers, is directed
to review and evaluate the plan prepared by the City of Buffalo,
New York, to relieve flooding and associated water quality problems
in the north section of the city and to recommend other cost-
effective alternatives to relieve the threat of flooding: Provided
further, That using $150,000 of the funds appropriated herein,
the Secretary of the Army, acting through the Chief of Engineers,
is directed to undertake a reconnaissance study of the existing
resources of the Black Fox and Oakland Spring wetland areas
in Murfreesboro, Tennessee, and examine ways to maintain and
exhibit the wetlands, including an environmental education facility: Provided further, That using $950,000 of the funds appropriated
under this heading in Public Law 102-104, the Secretary of the
Army, acting through the Chief of Engineers, is directed to complete
preconstruction engineering and design for the Richmond Filtration
Plant, Richmond, Virginia, project: Provided further, That using
$250,000 of the funds appropriated herein, the Secretary of the
Army, acting through the Chief of Engineers, is directed to study the disposition of the current Walla Walla, Washington,
District headquarters including preparation of the environmental
assessment and design work associated with demolition of the
building: Provided further, That using $2,800,000 of the funds
appropriated herein, the Secretary of the Army is authorized, in
partnership with the Department of Transportation, and in
coordination with other Federal agencies, including the Department
of Energy, to evaluate the results of completed research and develop­
ment associated with an advanced high speed magnetic levitation
transportation system and to prepare and present documents
summarizing the research findings and supporting the resultant
recommendations concerning the Federal role in advancing United
States maglev technology: Provided further, That using $300,000
of the funds appropriated herein, the Secretary of the Army, acting
through the Chief of Engineers, is directed to initiate the feasibility
phase of the study of the Devil's Lake Basin, North Dakota, and
shall address the needs of the area for water management; stabilized lake levels, to include inlet and outlet controls; water supply;
water quality; recreation; and enhancement and conservation of
fish and wildlife: Provided further, That the Secretary of the Army,
acting through the Chief of Engineers, is directed to utilize up
to $100,000, within available funds, to initiate studies to determine
the necessary remedial measures to restore the environmental
integrity of the lake area and channel depths necessary for small
recreational boating in the vicinity of Drakes Creek Park on Old
History Lake, Tennessee: Provided further, That using $500,000
of available funds, the Secretary of the Army, acting through the
Chief of Engineers, is directed to initiate preconstruction engineer­
ing and design; and environmental studies for the Kaumalapau
Harbor, Lanai, Hawaii, project: Provided further, That the Secretary
of the Army, acting through the Chief of Engineers is directed
to utilize up to $500,000, within available funds, to undertake
a reconnaissance level study on flooding problems associated with
the sanitary landfill on the Salt River Pima-Maricopa Indian Res-
ervation in the vicinity of the Salt River, Arizona: Provided further, That using $500,000 appropriated herein, to remain available until expended, the Secretary of the Army acting through the Chief of Engineers, is directed to continue preconstruction, engineering and design for the Kentucky Lock addition in accordance with the Report of the Chief of Engineers, dated June 1, 1992: Provided further, That the Secretary of the Army, acting through the Chief of Engineers is directed to use $1,000,000 of available funds to carry out the purposes of section 411 of Public Law 101-640.

CONSTRUCTION, GENERAL

For the prosecution of river and harbor, flood control, shore protection, and related projects authorized by laws; and detailed studies, and plans and specifications, of projects (including those for development with participation or under consideration for participation by States, local governments, or private groups) authorized or made eligible for selection by law (but such studies shall not constitute a commitment of the Government to construction), $1,230,503,000, to remain available until expended, of which such sums as are necessary pursuant to Public Law 99-662 shall be derived from the Inland Waterways Trust Fund, for one-half of the costs of construction and rehabilitation of inland waterways projects, including rehabilitation costs for the following projects: Mississippi River, Lock and Dam 13, Illinois and Iowa; Mississippi River, Lock and Dam 15, Illinois and Iowa; Illinois Waterway, Brandon Road, Dresden Island, Marseilles, and Lockport Locks and Dams, Illinois: Provided, That with funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to undertake the following projects in fiscal year 1993 in the amounts specified:

- Kissimmee River, Florida, $8,000,000;
- O'Hare Reservoir, Illinois, $3,000,000;
- Des Moines Recreational River and Greenbelt, Iowa, $2,500,000;
- Red River Basin Chloride Control, Texas and Oklahoma, $6,000,000;
- Wallisville Lake, Texas, $500,000; and
- LaConner, Washington, $870,000:

Provided further, That using $7,653,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to continue the project to correct seepage problems at Beaver Lake, Arkansas, and all costs incurred in carrying out that project shall be recovered in accordance with the provisions of section 1203 of the Water Resources Development Act of 1986: Provided further, That the Secretary of the Army, acting through the Chief of Engineers, is directed to base all economic analyses of the Sacramento River Flood Control (Deficiency Correction), California, project on the benefits of the entire project, rather than the benefits of individual increments of the project: Provided further, That the Secretary of the Army, acting through the Chief of Engineers, shall expend $500,000 of the funds appropriated herein and additional amounts as required from previously appropriated funds to continue plans and specifications, environmental documentation, and the comprehensive hydraulic modeling necessary to achieve to the maximum extent practicable in fiscal year 1993 the project to restore the riverbed gradient at Mile
206 of the Sacramento River in California, for purposes of stabilizing the level of the river and establishing the proper hydraulic head to facilitate new fish protection facilities, the planning, design and implementation of which are integrally related to the planning, design and implementation of the project to restore the flood-damaged riverbed gradient: Provided further, That using $660,000 in funds previously appropriated in Public Law 102–104, the Secretary of the Army, acting through the Chief of Engineers, is directed to develop a floodplain management planning model for the Yolo Bypass and adjacent areas as deemed appropriate, except, as provided in section 321 of Public Law 101–640, such funds shall not be subject to cost-sharing requirements. The one-time construction of operation and maintenance facilities associated with the Yolo Basin Wetlands, Sacramento River, California, project shall be included as part of project costs for the purposes of cost-sharing authorized by law: Provided further, That using $4,000,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to complete preconstruction engineering and design for the San Timoteo feature of the Santa Ana River Mainstem, California, project: Provided further, That using funds available in this Act or any previous appropriations Act, the Secretary of the Army shall undertake at Federal expense such actions as are necessary to ensure the safety and integrity of the work performed under Contract Number DACW05–86–C–0101 for the Walnut Creek, California, flood control project: Provided further, That using $700,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to continue work on project modifications for the improvement of the environment, as part of the Anacostia River Flood Control and Navigation project, District of Columbia and Maryland, under the authority of section 1135 of Public Law 99–662, as amended: Provided further, That using $3,000,000 of the funds appropriated under this heading in Public Law 101–514, the Secretary of the Army, acting through the Chief of Engineers, is directed to complete real estate appraisals and make offers to willing sellers for the purchase of land at Red Rock Lake and Dam, Iowa, no later than October 31, 1993, in accordance with Public Law 99–190: Provided further, That with $22,500,000 of the funds appropriated herein to remain available until expended, the Secretary of the Army, acting through the Chief of Engineers, is directed to continue to undertake structural and nonstructural work associated with the Barbourville, Kentucky, and the Harlan, Kentucky, elements of the Levisa and Tug Forks of the Big Sandy River and Upper Cumberland River project authorized by section 202 of Public Law 96–367: Provided further, That with $20,565,000 of the funds appropriated herein to remain available until expended, the Secretary of the Army, acting through the Chief of Engineers, is directed to continue to undertake structural and nonstructural work associated with the Matewan, West Virginia, elements of the Levisa and Tug Forks of the Big Sandy River and Upper Cumberland River project authorized by section 202 of Public Law 96–367: Provided further, That with $23,000,000 of prior year appropriations to remain available until expended, the Secretary of the Army, acting through the Chief of Engineers, is directed to continue construction of the Lower Mingo County, West Virginia, Tributaries, West Virginia, Upper Tug Fork, West Virginia, element of the Levisa and Tug Forks of the Big Sandy River and Upper

1 Editorial Note: When the original law was received at the National Archives and Records Administration these words were marked out in pencil.
Cumberland River project authorized by section 202 of Public Law 96–367: Provided further, That with $1,500,000 of the funds appropriated herein to remain available until expended, the Secretary of the Army, acting through the Chief of Engineers, is directed to initiate and complete construction, using continuing contracts, of the Hatfield Bottom, West Virginia, element of the Levisa and Tug Forks of the Big Sandy River and Upper Cumberland River project authorized by section 202 of Public Law 96–367: Provided further, That with $1,195,000 of the funds appropriated herein to remain available until expended, the Secretary of the Army, acting through the Chief of Engineers, is directed to expedite completion of specific project reports for McDowell County, West Virginia, Upper Mingo County, West Virginia, Wayne County, West Virginia, Upper Tug Fork Tributaries, West Virginia, Tug Fork, West Virginia, and Pike County, Kentucky: Provided further, That no fully allocated funding policy shall apply to construction of the Matewan, West Virginia, Lower Mingo County, West Virginia, Hatfield Bottom, West Virginia, Barbourville, Kentucky, and Harlan, Kentucky, elements of the Levisa and Tug Forks of the Big Sandy River and Upper Cumberland River project; and specific project reports for McDowell County, West Virginia, Upper Mingo County, West Virginia, Wayne County, West Virginia, Tug Fork Tributaries, West Virginia, Upper Tug Fork, West Virginia, and Pike County, Kentucky: Provided further, That using $400,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to continue construction of the Salyersville cut-through as authorized by Public Law 99–662, section 401(e)(1), in accordance with the Special Project Report for Salyersville, Kentucky, concurred in by the Ohio River Division Engineers on or about July 26, 1989: Provided further, That using $7,700,000 of the funds appropriated herein and $4,300,000 of the funds appropriated in Public Law 102–104, the Secretary of the Army, acting through the Chief of Engineers, is directed to incorporate parallel protection along the Orleans and London Avenue Outfall Canals into the authorized Lake Pontchartrain and Vicinity, Louisiana, Hurricane Protection project and award continuing contracts for construction of this parallel protection to be cost-shared as part of the overall project, not separately, in accordance with the cost-sharing provisions outlined in Public Law 89–298 and Public Law 102–104. Therefore, agreements executed prior to June 1, 1992, between the Federal Government and local sponsors for the authorized project shall suffice for this purpose and will not require any additional local cost-sharing agreements or supplements: Provided further, That using $4,400,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to continue design and construction of the Ouachita River levees, Louisiana, project in an orderly but expeditious manner including rehabilitation or replacement at Federal expense of all deteriorated drainage structures which threaten the security of this critical protection: Provided further, That the project for flood control, Sowashee Creek, Meridian, Mississippi, authorized by the Water Resources Development Act of 1986 (Public Law 99–662) is modified to authorize and direct the Secretary of the Army, acting through the Chief of Engineers, to construct the project with an expanded scope recreation plan, as described in the Post Authorization Change Report of the Chief of Engineers dated August 1991, and at a total project cost of $31,994,000 with
an estimated first Federal cost of $19,706,000 and an estimated non-Federal cost of $12,288,000. The Federal share of the cost of the recreation features shall be 50 percent exclusive of lands, easements, rights-of-way and relocations: Provided further, That using $175,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to provide sewage disposal hookup for the Crosswinds Marina at the B. Everett Jordan Dam and Lake, North Carolina, project: Provided further, That using $300,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to continue work on the Feature Design Memorandum for the Forest Ridge Peninsula Recreation Area at the Falls Lake, North Carolina, project: Provided further, That using $5,000,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to continue work on the New York Harbor Collection and Removal of Drift, New York and New Jersey, project including the continuation of engineering and design of the remaining portions of the Brooklyn 2, Kill Van Kull, Shooters Island, Bayonne, and Passaic River Reaches, the completion of the design memoranda for the Arthur Kill, New York, and Arthur Kill, New Jersey, reaches, the continuation of construction on the Weehawken-Edgewater, New Jersey and Brooklyn 2 reaches, and the completion of construction of the Jersey City North 2 reach: Provided further, That using $1,000,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to initiate construction of the project for flood control, Molly Ann's Brook, New Jersey, in compliance with cost-sharing provided in section 1062 of the Intermodal Surface Transportation Efficiency Act of 1991 (Public Law 102-240): Provided further, That using $2,000,000 of the funds appropriated herein to remain available until expended, the Secretary of the Army, acting through the Chief of Engineers, is authorized and directed to pay such sums or undertake such measures as are necessary to compensate for costs of repair, relocation, restoration, or protection of public and private property and facilities in Washington and Idaho damaged by the drawdown undertaken in March 1992 by the United States Army Corps of Engineers at the Little Goose and Lower Granite projects in Washington: Provided further, That using not to exceed $2,000,000 of the funds appropriated herein for the Columbia River Juvenile Fish Mitigation, Washington, project, the Secretary of the Army, acting through the Chief of Engineers, is authorized to undertake advanced planning and design of modifications to public and private facilities that may be affected by operation of John Day Dam at minimum operating pool (elevation 257 feet): Provided further, That using $2,500,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed upon dissolution of the injunction by the United States District Court, to conduct the necessary engineering and design, and prepare the plans and specifications to resume construction of the Elk Creek Dam in Oregon: Provided further, That the Secretary of the Army is directed to permit the non-Federal sponsor of recreation facilities at Willow Creek Lake in Oregon to contribute, in lieu of cash, all or any portion of its share of the project with work in-kind, including volunteer labor and donated materials and equipment: Provided further, That with $2,000,000 of the funds appropriated herein, the Secretary of the Army, acting through...
the Chief of Engineers, is directed to undertake further construction aspects of the Bethel, Alaska, Bank Stabilization Project as authorized by Public Law 99–662 including but not limited to the installation of steel whalers and additional rock toe protection to the pipe pile, bulkheads and other areas vulnerable to collapse: Provided further, That no fully allocated funding policy shall apply to construction of the Bethel, Alaska, Bank Stabilization Project and to the greatest extent possible the work described herein should be compatible with the authorized project: Provided further, That using funds made available in this Act or any previous appropriations Act, the Secretary of the Army shall construct a project for streambank protection along 2.2 miles of the Tennessee River adjacent to Sequoyah Hills Park in Knoxville, Tennessee, at a total cost of $600,000, with an estimated first Federal cost of $450,000 and an estimated first non-Federal cost of $150,000: Provided further, That with $3,000,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is authorized and directed to excavate the St. George Harbor, Alaska, entrance to –20 MLLW in accordance with the cost-sharing provisions in Public Law 99–662: Provided further, That using $250,000 of funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to demolish and remove the India Point Railroad Bridge in the Seekonk River, Providence, Rhode Island as authorized by section 1166(c) of Public Law 99–662: Provided further, That with $600,000 of the funds appropriated herein, to remain available until expended, the Secretary of the Army, acting through the Chief of Engineers, to correct a design deficiency at the Falls Lake, North Carolina project, is authorized and directed to implement Plan 5 as described in the Design Memo Supplement dated November 1988, concurred in by the South Atlantic Division Engineer in March 1989, or any modifications to Plan 5 that would require raising the spillway only, or that minimize or eliminate the need for land acquisition by the Corps, provided such modifications are agreeable to the North Carolina Division of Water Resources and do not compromise the projected water supply levels, with cost sharing as prescribed in the referenced report for this design deficiency; and, in addition, $130,000,000, to remain available until expended, is hereby appropriated for construction of the Red River Waterway, Mississippi River to Shreveport, Louisiana, project, and the Secretary of the Army is directed to continue the second phase of construction of Locks and Dams 4 and 5; to continue construction of the Curtis and Eagle Bend, Phase I, Revetments in Pool 5 which were previously directed to be initiated in fiscal year 1992; to complete construction of the Carroll and Cupples Capouts, McDade, Moss, Sunny Point, and Eagle Bend, Phase II, Revetments in Pools 4 and 5 which were previously directed to be initiated; to award continuing contracts in fiscal year 1993 for construction of the following features of the Red River Waterway which are not to be considered fully funded: recreation facilities in Pools 4 and 5, Howard Capout, Westdale Capout, Piermont Capout, Coushatta flood damage repairs, and Twelvemile Bayou Bend Revetment adjacent to Wells Island Road.
FLOOD CONTROL, MISSISSIPPI RIVER AND TRIBUTARIES, ARKANSAS, ILLINOIS, KENTUCKY, LOUISIANA, MISSISSIPPI, MISSOURI, AND TENNESSEE

For expenses necessary for prosecuting work of flood control, and rescue work, repair, restoration, or maintenance of flood control projects threatened or destroyed by flood, as authorized by law (33 U.S.C. 702a, 702g–1), $351,182,000, to remain available until expended: Provided, That not less than $250,000 shall be available for bank stabilization measures as determined by the Chief of Engineers to be advisable for the control of bank erosion of streams in the Yazoo Basin, including the foothill area, and where necessary such measures shall complement similar works planned and constructed by the Soil Conservation Service and be limited to the areas of responsibility mutually agreeable to the District Engineer and the State Conservationist: Provided further, That the funds provided herein for operation and maintenance of Yazoo Basin Lakes shall be available for the maintenance of road and trail surfaces, alignments, widths, and drainage features: Provided further, That the Secretary of the Army, acting through the Chief of Engineers, is directed to use $1,000,000 of the funds appropriated herein to continue work on the Eastern Arkansas Region, Arkansas, project including the development and implementation of plans for one area to serve as a demonstration project.

OPERATION AND MAINTENANCE, GENERAL

For expenses necessary for the preservation, operation, maintenance, and care of existing river and harbor, flood control, and related works, including such sums as may be necessary for the maintenance of harbor channels provided by a State, municipality or other public agency, outside of harbor lines, and serving essential needs of general commerce and navigation; surveys and charting of northern and northwestern lakes and connecting waters; clearing and straightening channels; and removal of obstructions to navigation, $1,541,668,000, to remain available until expended, of which such sums as become available in the Harbor Maintenance Trust Fund, pursuant to Public Law 99–662, may be derived from that fund, and of which $16,000,000 shall be for construction, operation, and maintenance of outdoor recreation facilities, to be derived from the special account established by the Land and Water Conservation Act of 1965, as amended (16 U.S.C. 460l): Provided, That not to exceed $7,000,000 shall be available for obligation for national emergency preparedness programs: Provided further, That $2,285,000 of the funds appropriated herein shall be used by the Secretary of the Army, acting through the Chief of Engineers, to continue the development of recreational facilities at Hansen Dam, California: Provided further, That $2,000,000 of the funds appropriated herein, to remain available until expended, shall be used by the Secretary of the Army, acting through the Chief of Engineers, to continue the development of recreational facilities at Sepulveda Dam, California: Provided further, That using $2,000,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to continue the repair and rehabilitation of the Flint River, Michigan, flood control project: Provided further, That $40,000 of the funds appropriated herein shall be used by the Secretary of the Army, acting through the Chief of Engineers, to continue the project for removal
of silt and aquatic growth at Sauk Lake, Minnesota: Provided further, That the Secretary of the Army, acting through the Chief of Engineers, is directed to use up to $1,200,000 of available funds to undertake high priority recreational improvements at the Skiatook Lake, Oklahoma, project: Provided further, That using $1,500,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to continue work on measures needed to alleviate bank erosion and related problems associated with reservoir releases along the Missouri River below Fort Peck Dam, Montana, as authorized by section 33 of the Water Resources Development Act of 1988: Provided further, That the Secretary of the Army, acting through the Chief of Engineers, is authorized to operate and maintain at Federal expense the Passaic River flood warning system element of the Passaic River Mainstem Project, New Jersey, prior to construction of the project, and using $350,000 of the funds appropriated herein, the Secretary shall operate and maintain such element: Provided further, That the Secretary of the Army, acting through the Chief of Engineers, is directed to work with the United States Environmental Protection Agency to begin the immediate cleanup of the Ashtabula River, Ohio: Provided further, That using $600,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to update the project Master Plan for the Raystown Lake, Pennsylvania, project: Provided further, That using $1,000,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is authorized and directed to plan, design, and dredge an access channel and berthing area for the vessel NIAGARA at Erie Harbor, Pennsylvania, in an area known as the East Canal: Provided further, That the Secretary of the Army, acting through the Chief of Engineers, is authorized and directed to use up to $5,000,000 of available funds to undertake necessary maintenance of the Kentucky River Locks and Dams 5-14, Kentucky, prior to transfer of such facilities to the Commonwealth of Kentucky pursuant to the Memorandum of Understanding executed in 1985 concerning the Kentucky River Locks and Dams 5-14: Provided further, That using $1,000,000 of the funds appropriated herein, the Secretary of the Army, acting through the Chief of Engineers, is directed to construct and maintain bank stabilization measures along the west bank of the Calcasieu River Ship Channel in Louisiana from mile 11.5 through mile 15.5: Provided further, That the Secretary is directed during fiscal year 1993 to maintain a minimum conservation pool level of 475.8 at Wister Lake in Oklahoma.

REGULATORY PROGRAM

For expenses necessary for administration of laws pertaining to regulation of navigable waters and wetlands, $86,000,000, to remain available until expended.

None of the funds in this Act shall be used to identify or delineate any land as a “water of the United States” under the Federal Manual for Identifying and Delineating Jurisdictional Wetlands that was adopted in January 1989 or any subsequent manual adopted without notice and public comment.

Furthermore, the Corps of Engineers will continue to use the Corps of Engineers 1987 Manual, as it has since August 17, 1991, until a final wetlands delineation manual is adopted.
None of the funds in this Act shall be used to finalize or implement the proposed regulations to amend the fee structure for the Corps of Engineers regulatory program which were published in Federal Register, Vol. 55, No. 197, Thursday, October 11, 1990.

**FLOOD CONTROL AND COASTAL EMERGENCIES**

For expenses necessary for emergency flood control, hurricane, and shore protection activities, as authorized by section 5 of the Flood Control Act approved August 18, 1941, as amended, $10,000,000, to remain available until expended.

**GENERAL EXPENSES**

For expenses necessary for general administration and related functions in the office of the Chief of Engineers and offices of the Division Engineers; activities of the Board of Engineers for Rivers and Harbors, the Coastal Engineering Research Board, the Humphreys Engineer Center Support Activity, and the Water Resources Support Center, $142,000,000, to remain available until expended.

Funds are provided for the management and direction of the United States Army Corps of Engineers Civil Works Program, except that such funds shall not be used to close any district office of the Corps of Engineers. To further a more efficient headquarters and division office structure, the Secretary may transfer not to exceed $7,000,000 from other appropriations under this title to be merged with, and remain available for the same time period as, this appropriation: Provided, That this appropriation shall not be increased by more than 5 per centum by any such transfers, and the Committees on Appropriations of the House and Senate shall be promptly advised of such proposed transfers.

**ADMINISTRATIVE PROVISIONS**

Appropriations in this title or appropriations made in this title in subsequent Energy and Water Development Appropriations Acts shall hereafter be available for expenses of attendance by military personnel at meetings in the manner authorized by section 4110 of title 5, United States Code, uniforms, and allowances therefor, as authorized by law (5 U.S.C. 5901–5902), and for printing, either during a recess or session of Congress, of survey reports authorized by law, and such survey reports as may be printed during a recess of Congress shall be printed, with illustrations, as documents of the next succeeding session of Congress. Appropriations in this title shall be available for official reception and representation expenses (not to exceed $5,000); and during the current fiscal year the revolving fund, Corps of Engineers, shall be available for purchase (not to exceed 100 for replacement only) and hire of passenger motor vehicles.

**GENERAL PROVISIONS**

**CORPS OF ENGINEERS—CIVIL**

SEC. 101. Public Law 101–302 (104 Stat. 213) is amended by striking the words "to meet the present emergency needs" under 33 USC 540a.
the General Expenses appropriation title of Corps of Engineers—Civil.

SEC. 102. Any funds heretofore appropriated and made available in Public Law 99–88 for construction of facilities at the Mill Creek recreation area of the Tioga-Hammond Lakes, Pennsylvania, project; in Public Law 100–71 for initiation of land acquisition activities as described in section 1114 of Public Law 99–662; and in Public Law 101–101 for construction of the Satilla River Basin, Georgia, project, and for acquisition of an icebreaking boat and equipment for the Kankakee River, Illinois, project, may be utilized by the Secretary of the Army in carrying out projects and activities funded by this Act.

SEC. 103. The Secretary of the Army, acting through the Chief of Engineers, is directed to maintain in caretaker status the navigation portion of the Fox River System in Wisconsin. The Assistant Secretary of the Army for Civil Works shall take over negotiations with the State of Wisconsin for the orderly transfer of ownership and operation of the Fox River Lock System to a non-Federal entity. These negotiations shall commence immediately, be conducted in good faith, and be completed as soon as possible. The terms of a negotiated settlement shall be presented to Congress immediately upon the completion of these negotiations. The settlement shall include provisions for both the logistics and timing of the transfer of the Lock System, as well as a negotiated recommendation for monetary compensation to the non-Federal entity for the repair and rehabilitation of damage and deterioration associated with all appropriate portions of the Fox River System which are being transferred.

SEC. 104. The requirements of section 103(a)(1)(A) of the Water Resources Development Act of 1986 (33 U.S.C. 2213), as pertains to the Moorefield and Petersburg, West Virginia, flood protection projects, are deemed satisfied, in consideration of the transfer of Grandview State Park by the State of West Virginia to the National Park Service for inclusion in the New River Gorge National River.

SEC. 105. None of the funds appropriated in this Act shall be used to implement the proposed rule for the Army Corps of Engineers amending regulations on “ability to pay” (33 CFR part 241), published in the Federal Register, vol. 56, No. 114, on Thursday, June 13, 1991.

SEC. 106. In fiscal year 1993, the Secretary shall advertise for competitive bid at least 7,500,000 cubic yards of the hopper dredge volume accomplished with government-owned dredges in fiscal year 1992.

Notwithstanding the provisions of this section, the Secretary is authorized to use the dredge fleet of the Corps of Engineers to undertake projects when industry does not perform as required by the contract specifications or when the bids are more than 25 percent in excess of what the Secretary determines to be a fair and reasonable estimated cost of a well equipped contractor doing the work or to respond to emergency requirements.
DEPARTMENT OF THE INTERIOR

BUREAU OF RECLAMATION

For carrying out the functions of the Bureau of Reclamation as provided in the Federal reclamation laws (Act of June 17, 1902, 32 Stat. 388, and Acts amendatory thereof or supplementary thereto) and other Acts applicable to that Bureau as follows:

GENERAL INVESTIGATIONS

For engineering and economic investigations of proposed Federal reclamation projects and studies of water conservation and development plans and activities preliminary to the reconstruction, rehabilitation and betterment, financial adjustment, or extension of existing projects, to remain available until expended, $12,540,000: Provided, That, of the total appropriated, the amount for program activities which can be financed by the reclamation fund shall be derived from that fund: Provided further, That funds contributed by non-Federal entities for purposes similar to this appropriation shall be available for expenditure for the purposes for which contributed as though specifically appropriated for said purposes, and such amounts shall remain available until expended.

CONSTRUCTION PROGRAM

(INCLUDING TRANSFER OF FUNDS)

For construction and rehabilitation of projects and parts thereof (including power transmission facilities for Bureau of Reclamation use) and for other related activities as authorized by law, to remain available until expended, $470,568,000 of which $69,333,000 shall be available for transfer to the Upper Colorado River Basin Fund authorized by section 5 of the Act of April 11, 1956 (43 U.S.C. 620d), and $154,868,000 shall be available for transfer to the Lower Colorado River Basin Development Fund authorized by section 403 of the Act of September 30, 1968 (43 U.S.C. 1543), and such amounts as may be necessary shall be considered as though advanced to the Colorado River Dam Fund for the Boulder Canyon Project as authorized by the Act of December 21, 1928, as amended: Provided, That of the total appropriated, the amount for program activities which can be financed by the reclamation fund shall be derived from that fund: Provided further, That transfers to the Upper Colorado River Basin Fund and Lower Colorado River Basin Development Fund may be increased or decreased by transfers within the overall appropriation under this heading: Provided further, That funds contributed by non-Federal entities for purposes similar to this appropriation shall be available for expenditure for the purposes for which contributed as though specifically appropriated for said purposes, and such funds shall remain available until expended: Provided further, That the final point of discharge for the interceptor drain for the San Luis Unit shall not be determined until development by the Secretary of the Interior and the State of California of a plan, which shall conform with the water quality standards of the State of California as approved by the Administrator of the Environmental Protection Agency, to minimize any detrimental effect of the San Luis drainage waters: Provided
further, That no part of the funds herein approved shall be available for construction or operation of facilities to prevent waters of Lake Powell from entering any national monument:

Provided further, That the funds contained in this Act for the Garrison Diversion Unit, North Dakota, shall be expended only in accordance with the provisions of the Garrison Diversion Unit Reformulation Act of 1986 (Public Law 99-294):

Provided further, That all costs of the safety of dams modification work at Coolidge Dam, San Carlos Irrigation Project, Arizona, performed under the authority of the Reclamation Safety of Dams Act of 1978 (43 U.S.C. 506), as amended, are in addition to the amount authorized in section 5 of said Act:

Provided further, That none of the funds appropriated in this Act shall be used to study or construct the Cliff Dam feature of the Central Arizona Project:

Provided further, That Plan 6 features of the Central Arizona Project other than Cliff Dam, including (1) water rights and associated lands within the State of Arizona acquired by the Secretary of the Interior through purchase, lease, or exchange, for municipal and industrial purposes, not to exceed 30,000 acre feet; and, (2) such increments of flood control that may be found to be feasible by the Secretary of the Interior at Horseshoe and Bartlett Dams, in consultation and cooperation with the Secretary of the Army and using Corps of Engineers evaluation criteria, developed in conjunction with dam safety modifications and consistent with applicable environmental law, are hereby deemed to constitute a suitable alternative to Orme Dam within the meaning of the Colorado River Basin Project Act (82 Stat. 885; 43 U.S.C. 1501 et seq.):

Provided further, That the amount authorized by section 4(a)(1) of Public Law 98-541 for the Trinity River Basin, California, Fish and Wildlife Management Program, is hereby increased by $15,000,000 to $48,000,000:

Provided further, That pursuant to section 406(c)(2) of Public Law 101-628, the Secretary of the Interior is directed to reimburse, in an amount not to exceed $800,000, the City of Prescott, Arizona, for funding advanced by Prescott, Arizona, to the Bureau of Reclamation for hydrological studies required by section 406(c)(1) of Public Law 101-628:

Provided further, That the prohibition against obligating funds for construction until after sixty days from the date the Secretary transmits a report to the Congress in accordance with section 5 of the Reclamation Safety of Dams Act of 1978 (43 U.S.C. 509) is waived for the Bitter Root Project, Como Dam, Montana, to allow for an earlier start of emergency repair work.

OPERATION AND MAINTENANCE

For operation and maintenance of reclamation projects or parts thereof and other facilities, as authorized by law; and for a soil and moisture conservation program on lands under the jurisdiction of the Bureau of Reclamation, pursuant to law, to remain available until expended, $274,760,000:

Provided, That of the total appropriated, the amount for program activities which can be financed by the reclamation fund shall be derived from that fund, and the amount for program activities which can be derived from the special fee account established pursuant to the Act of December 22, 1987 (16 U.S.C. 4601-6a, as amended), may be derived from that fund:

Provided further, That of the total appropriated, such amounts as may be required for replacement work on the Boulder Canyon Project which would require readvances to the Colorado River Dam Fund shall be readvanced to the Colorado River Dam.
Fund pursuant to section 5 of the Boulder Canyon Project Adjustment Act of July 19, 1940 (43 U.S.C. 618d), and such readvances since October 1, 1984, and in the future shall bear interest at the rate determined pursuant to section 104(a)(5) of Public Law 98–381: Provided further, That funds advanced by water users for operation and maintenance of reclamation projects or parts thereof shall be deposited to the credit of this appropriation and may be expended for the same purpose and in the same manner as sums appropriated herein may be expended, and such advances shall remain available until expended: Provided further, That revenues in the Upper Colorado River Basin Fund shall be available for performing examination of existing structures on participating projects of the Colorado River Storage Project, the costs of which shall be nonreimbursable: Provided further, That of the funds appropriated herein, $3,250,000 shall be available for environmental studies associated with the renewal of Central Valley Project, California, water contracts and environmental compliance.

BUREAU OF RECLAMATION LOANS PROGRAM ACCOUNT

For the cost, as defined in section 13201 of the Budget Enforcement Act of 1990, of direct loans and/or grants, $3,502,000, to remain available until expended, as authorized by the Small Reclamation Projects Act of August 6, 1956, as amended (43 U.S.C. 422a-422l): Provided, That such costs, including the cost of modifying such loans, shall be as defined in section 502 of the Congressional Budget Act of 1974: Provided further, That these funds are available to subsidize gross obligations for the principal amount of direct loans not to exceed $8,000,000.

In addition, for administrative expenses necessary to carry out the program for direct loans and/or grants, $600,000: Provided, That of the total sums appropriated, the amount of program activities which can be financed by the reclamation fund shall be derived from the fund.

GENERAL ADMINISTRATIVE EXPENSES

For necessary expenses of general administration and related functions in the office of the Commissioner, the Denver office, and offices in the five regions of the Bureau of Reclamation, $53,745,000, of which $1,177,000 shall remain available until expended, the total amount to be derived from the reclamation fund and to be nonreimbursable pursuant to the Act of April 19, 1945 (43 U.S.C. 377): Provided, That no part of any other appropriation in this Act shall be available for activities or functions budgeted for the current fiscal year as general administrative expenses.

EMERGENCY FUND

For an additional amount for the “Emergency fund”, as authorized by the Act of June 26, 1948 (43 U.S.C. 502), as amended, to remain available until expended for the purposes specified in said Act, $1,000,000, to be derived from the reclamation fund.
Sums herein referred to as being derived from the reclamation fund or special fee account are appropriated from the special funds in the Treasury created by the Act of June 17, 1902 (43 U.S.C. 391) or the Act of December 22, 1987 (16 U.S.C. 4601-6a, as amended), respectively. Such sums shall be transferred, upon request of the Secretary, to be merged with and expended under the heads herein specified; and the unexpended balances of sums transferred for expenditure under the head “General Administrative Expenses” shall revert and be credited to the reclamation fund.

**ADMINISTRATIVE PROVISIONS**

Appropriations for the Bureau of Reclamation shall be available for purchase of not to exceed 17 passenger motor vehicles for replacement only.

Appropriations for the Bureau of Reclamation in this Act or in subsequent Energy and Water Development Appropriations Acts shall hereafter be available for payment of claims for damages to or loss of property, personal injury, or death arising out of activities of the Bureau of Reclamation; payment, except as otherwise provided for, of compensation and expenses of persons on the rolls of the Bureau of Reclamation appointed as authorized by law to represent the United States in the negotiations and administration of interstate compacts without reimbursement or return under the reclamation laws; services as authorized by 5 U.S.C. 3109, in total not to exceed $500,000 per year; rewards for information or evidence concerning violations of law involving property under the jurisdiction of the Bureau of Reclamation; performance of the functions specified under the head “Operation and Maintenance Administration”, Bureau of Reclamation, in the Interior Department Appropriations Act 1945; preparation and dissemination of useful information including recordings, photographs, and photographic prints; and studies of recreational uses of reservoir areas, and investigation and recovery of archeological and paleontological remains in such areas in the same manner as provided for in the Acts of August 21, 1935 (16 U.S.C. 461-467) and June 27, 1960 (16 U.S.C. 469): Provided, That hereafter no part of any appropriation made in this Act or in subsequent Energy and Water Development Appropriations Acts shall be available pursuant to the Act of April 19, 1945 (43 U.S.C. 377), for expenses other than those incurred on behalf of specific reclamation projects except “General Administrative Expenses”, amounts provided for plan formulation investigations under the head “General Investigations”, and amounts provided for science and technology under the head “Construction Program”.

Sums appropriated in this Act or in subsequent Energy and Water Development Appropriations Acts which are expended in the performance of reimbursable functions of the Bureau of Reclamation shall be returnable to the extent and in the manner provided by law.

No part of any appropriation for the Bureau of Reclamation, contained in this Act, in any prior Act, or in subsequent Energy and Water Development Appropriations Acts which represents amounts earned under the terms of a contract but remaining
unpaid, shall be obligated for any other purpose, regardless of when such amounts are to be paid: Provided, That the incurring of any obligation prohibited by this paragraph shall be deemed a violation of 31 U.S.C. 1341.

No funds appropriated to the Bureau of Reclamation for operation and maintenance in this Act or in subsequent Energy and Water Development Appropriations Acts, except those derived from advances by water users, shall hereafter be used for the particular benefits of lands (a) within the boundaries of an irrigation district, (b) of any member of a water users' organization, or (c) of any individual when such district, organization, or individual is in arrears for more than twelve months in the payment of charges due under a contract entered into with the United States pursuant to laws administered by the Bureau of Reclamation.

None of the funds made available by this or any other Act or by any subsequent Act shall hereafter be used by the Bureau of Reclamation for contracts for surveying and mapping services unless such contracts for which a solicitation is issued after the date of this Act are awarded in accordance with title IX of the Federal Property and Administrative Service Act of 1949 (40 U.S.C. 541 et seq.).

None of the funds made available in this Act may be expended to implement the transfer of title or ownership of the Central Valley Project to the State of California, unless subsequently authorized by Congress.

GENERAL PROVISIONS

DEPARTMENT OF THE INTERIOR

SEC. 201. Appropriations in this title or appropriations made under this title in subsequent Energy and Water Development Appropriations Acts shall hereafter be available for expenditure or transfer (within each bureau or office), with the approval of the Secretary, for the emergency reconstruction, replacement, or repair of aircraft, buildings, utilities or other facilities or equipment damaged, rendered inoperable, or destroyed by fire, flood, storm, drought, or other unavoidable causes: Provided, That no funds shall be made available under this authority until funds specifically made available to the Department of the Interior for emergencies shall have been exhausted.

SEC. 202. Hereafter, the Secretary may authorize the expenditure or transfer (within each bureau or office) of any appropriation in this title or appropriations made under this title in subsequent Energy and Water Development Appropriations Acts, in addition to the amounts included in the budget programs of the several agencies, for the suppression or emergency prevention of forest or range fires on or threatening lands under jurisdiction of the Department of the Interior.

SEC. 203. Appropriations in this title or appropriations made under this title in subsequent Energy and Water Development Appropriations Acts shall hereafter be available for operation of warehouses, garages, shops, and similar facilities, wherever consolidation of activities will contribute to efficiency, or economy, and said appropriations shall be reimbursed for services rendered to any other activity in the same manner as authorized by the Act of June 30, 1932 (31 U.S.C. 1535 and 1536): Provided, That
reimbursements for costs of supplies, materials, equipment, and for services rendered may be credited to the appropriation current at the time such reimbursements are received.

SEC. 204. Appropriations in this title or appropriations made under this title in subsequent Energy and Water Development Appropriations Acts shall hereafter be available for hire, maintenance, and operation of aircraft; hire of passenger motor vehicles; purchases of reprints; payment for telephone services in private residences in the field, when authorized under regulations approved by the Secretary; and the payment of dues, when authorized by the Secretary, for library memberships in societies or associations which issue publications to members only or at a price to members lower than to subscribers who are not members.

SEC. 206. Subsection (a) of section 7 of the Federal Water Project Recreation Act (79 Stat. 216 16 U.S.C. 4601–18) is amended by deleting the Proviso from the first sentence and by changing the colon after the word "purposes" to a period.

SEC. 207. Utilizing processes required under the National Environmental Policy Act, the Secretary of the Interior is directed to conduct a formal analysis, by no later than March 31, 1994, of alternatives for the design, construction, and operation of the Sykeston Canal as a functional replacement for Lonetree Reservoir, pursuant to section 8(a)(1) of Public Law 89–108, as amended by the Garrison Diversion Reformulation Act of 1986, Public Law 99–294. The resulting Definite Plan Report/Environmental Impact Statement shall be utilized by the Secretary for the development of a Record of Decision which is to contain the Secretary's recommendation for proceeding with the final design and construction of the Sykeston Canal, consistent with the provisions of the Garrison Diversion Reformulation Act, the National Environmental Policy Act, the Endangered Species Act, the Fish and Wildlife Coordination Act, and the Boundary Waters Treaty of 1909. For purposes of this section, the Secretary shall take into account the results of studies conducted by the Secretary of the Army with respect to the stabilization of Devils Lake, North Dakota.

TITLe III

DEPARTMENT OF ENERGY

ENERGY SUPPLY, RESEARCH AND DEVELOPMENT ACTIVITIES

(INCLUDING TRANSFER OF FUNDS)

For expenses of the Department of Energy activities including the purchase, construction and acquisition of plant and capital equipment and other expenses incidental thereto necessary for energy supply, research and development activities, and other activities in carrying out the purposes of the Department of Energy.
Organization Act (42 U.S.C. 7101, et seq.), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion; purchase of passenger motor vehicles (not to exceed 15, of which 14 are for replacement only), $3,015,798,000 to remain available until expended, of which $94,800,000 shall be available only for making competitive, merit-review awards to academic research facilities, to the extent otherwise authorized by law.

**URANIUM SUPPLY AND ENRICHMENT ACTIVITIES**

For expenses of the Department of Energy in connection with operating expenses; the purchase, construction, and acquisition of plant and capital equipment and other expenses incidental thereto necessary for uranium supply and enrichment activities in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101, et seq.), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion; purchase of electricity to provide enrichment services; purchase of passenger motor vehicles (not to exceed 57, of which 54 are for replacement only), $1,286,320,000, to remain available until expended: Provided, That revenues received by the Department for the enrichment of uranium and estimated to total $1,462,000,000 in fiscal year 1993 shall be retained and used for the specific purpose of offsetting costs incurred by the Department in providing uranium enrichment service activities as authorized by section 201 of Public Law 95-238, notwithstanding the provisions of section 3302(b) of title 31, United States Code: Provided further, That the sum herein appropriated shall be reduced as uranium enrichment revenues are received during fiscal year 1993 so as to result in a final fiscal year 1993 appropriation estimated at not more than $0.

**GENERAL SCIENCE AND RESEARCH ACTIVITIES**

**(INCLUDING TRANSFER OF FUNDS)**

For expenses of the Department of Energy activities including the purchase, construction and acquisition of plant and capital equipment and other expenses incidental thereto necessary for general science and research activities in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101, et seq.), including the acquisition or condemnation of any real property or facility or for plant or facility acquisition, construction, or expansion; purchase of passenger motor vehicles (not to exceed 10 for replacement only), $1,417,784,000, to remain available until expended.

**NUCLEAR WASTE DISPOSAL FUND**

For nuclear waste disposal activities to carry out the purposes of Public Law 97-425, as amended, including the acquisition of real property or facility construction or expansion, $275,071,000, to remain available until expended, to be derived from the Nuclear Waste Fund. To the extent that balances in the fund are not sufficient to cover amounts available for obligation in the account, the Secretary shall exercise his authority pursuant to section 302(e)(5) of said Act to issue obligations to the Secretary of the Treasury: Provided, That of the amount herein appropriated, within
available funds, not to exceed $5,000,000 may be provided to the State of Nevada, for the sole purpose in the conduct of its oversight responsibilities pursuant to the Nuclear Waste Policy Act of 1982, Public Law 97–425, as amended: Provided further, That the amount herein appropriated, not more than $6,000,000 may be provided to affected local governments, as defined in the Act, to conduct appropriate activities pursuant to the Act: Provided further, That the distribution of the funds herein provided among the affected units of local government shall be determined by the Department of Energy (DOE) and made available to the State and affected units of local government by direct payment: Provided further, That within 90 days of the completion of each Federal fiscal year, each entity shall provide certification to the DOE, that all funds expended from such direct payment monies have been expended for activities as defined in Public Law 97–425, as amended. Failure to provide such certification shall cause such entity to be prohibited from any further funding provided for similar activities: Provided further, That none of the funds herein appropriated may be used directly or indirectly to influence legislative action on any matter pending before Congress or a State legislature or for any lobbying activity as provided in 18 U.S.C. 1913: Provided further, That none of the funds herein appropriated may be used for litigation expenses: Provided further, That grant funds are not to be used to support multistate efforts or other coalition building activities inconsistent with the restrictions contained in this Act: Provided further, That of the amount appropriated herein, up to $3,700,000 shall be available for infrastructure studies and other research and development work to be carried out by the Universities in Nevada, Reno, and Las Vegas, and the Desert Research Institute, and at least $750,000 to continue funding for the Mobile Sampling Platform developed and operated by the Environmental Research Center at the University of Nevada, Las Vegas. Funding to the Universities will be administered by the DOE through a cooperative agreement.

In paying the amounts determined to be appropriate as a result of the decision in Consolidated Edison Company of New York v. Department of Energy 870 F.2d 694 (DC Cir. 1989), the Department of Energy shall pay interest at a rate to be determined by the Secretary of the Treasury and calculated from the date the amounts were deposited into the Nuclear Waste Fund. Such payments may be made by credits to future utility payments into the Fund.

**ISOTOPE PRODUCTION AND DISTRIBUTION PROGRAM FUND**

Revenues received hereafter from the disposition of isotopes and related services shall be credited to this account, to be available for carrying out the purposes of the isotope production and distribution program without further appropriation: Provided, That such revenues and all funds provided under this head in Public Law 101–101 shall remain available until expended: Provided further, That if at any time the amounts available to the fund are insufficient to enable the Department of Energy to discharge its responsibilities with respect to isotope production and distribution, the Secretary may borrow from amounts available in the Treasury, such sums as are necessary up to a maximum of $5,000,000, to remain available until expended.
ATOMIC ENERGY DEFENSE ACTIVITIES

WEAPONS ACTIVITIES

For Department of Energy expenses, including the purchase, construction and acquisition of plant and capital equipment and other incidental expenses necessary for atomic energy defense weapons activities in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101, et seq.), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion; and the purchase of passenger motor vehicles (not to exceed 93 for replacement only, the purchase of two fixed-wing and two rotary-wing aircraft, for replacement only), $4,568,749,000, to remain available until expended: Provided, That none of the funds appropriated or otherwise made available for the Department of Energy for fiscal year 1993 may be obligated to implement the reconfiguration of nonnuclear activities of the Department of Energy until the occurrence of the following:

(1) The Secretary of Energy submits a report to the Committees on Appropriations that contains an analysis of the projected costs and benefits of the proposed nonnuclear reconfiguration and an analysis of the alternatives considered. The analyses shall take into account all relevant costs and benefits and shall include a discounted cash flow analysis of each alternative.

(2) The Secretary of Energy certifies to the Committees on Appropriations that the discounted cash flow analysis demonstrates that the proposed nonnuclear reconfiguration is cost-effective on a plant by plant basis.

(3) A period of 90 days has elapsed after the later of the submission of the report and the certification by the Secretary of Energy.

Nothing in this provision prohibits the obligation of funds for studies, analysis, or preparation of conceptual designs that are necessary to assess the cost-effectiveness or feasibility of nonnuclear reconfiguration.

NEW PRODUCTION REACTOR

For Department of Energy expenses, including the purchase, construction and acquisition of plant and capital equipment and other incidental expenses necessary for atomic energy defense new production reactor activities in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101, et seq.), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion, $34,028,000, to remain available until expended: Provided, That $100,000,000 for design of new production reactor capacity made available under the Energy and Water Development Appropriations Act, 1992, shall be available without regard to the issuance of the Record of Decision on the Environmental Impact Statement on New Production Reactor Capacity.

DEFENSE ENVIRONMENTAL RESTORATION AND WASTE MANAGEMENT

For Department of Energy expenses, including the purchase, construction and acquisition of plant and capital equipment and other incidental expenses necessary for atomic energy defense
environmental restoration and waste management activities in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101, et seq.), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion; and the purchase of passenger motor vehicles (not to exceed 148 for replacement only), $4,831,547,000, to remain available until expended: Provided, That notwithstanding any other law, funds appropriated under this heading may be made available to pay $100,000 to the United States Environmental Protection Agency for a stipulated penalty assessed under the Comprehensive Environmental Response, Compensation and Liability Act against the Fernald Environmental Management Project.

MATERIALS PRODUCTION AND OTHER DEFENSE PROGRAMS

For Department of Energy expenses, including the purchase, construction and acquisition of plant and capital equipment and other incidental expenses necessary for atomic energy defense materials production, and other defense programs activities in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101, et seq.), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion; and the purchase of passenger motor vehicles (not to exceed 45 for replacement only), $2,584,301,000, to remain available until expended.

DEFENSE NUCLEAR WASTE DISPOSAL

For nuclear waste disposal activities to carry out the purposes of Public Law 97–425, as amended, including the acquisition of real property or facility construction or expansion, $100,000,000, to remain available until expended, all of which shall be used in accordance with the terms and conditions of the Nuclear Waste Fund appropriation of the Department of Energy contained in this title.

DEPARTMENTAL ADMINISTRATION

For salaries and expenses of the Department of Energy necessary for Departmental Administration and other activities in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101, et seq.), including the hire of passenger motor vehicles and official reception and representation expenses (not to exceed $35,000), $405,656,000 to remain available until expended, plus such additional amounts as necessary to cover increases in the estimated amount of cost of work for others notwithstanding the provisions of the Anti-Deficiency Act (31 U.S.C. 1511 et seq.): Provided, That such increases in cost of work are offset by revenue increases of the same or greater amount, to remain available until expended: Provided further, That moneys received by the Department for miscellaneous revenues estimated to total $318,381,000 in fiscal year 1993 may be retained and used for operating expenses within this account, and may remain available until expended, as authorized by section 201 of Public Law 95–238, notwithstanding the provisions of section 3302 of title 31, United States Code: Provided further, That the sum herein appropriated shall be reduced by the amount of miscellaneous revenues received during fiscal
year 1993 so as to result in a final fiscal year 1993 appropriation estimated at not more than $87,275,000.

OFFICE OF THE INSPECTOR GENERAL

POWER MARKETING ADMINISTRATIONS

OPERATION AND MAINTENANCE, ALASKA POWER ADMINISTRATION

For necessary expenses of operation and maintenance of projects in Alaska and of marketing electric power and energy, $3,577,000, to remain available until expended.

BONNEVILLE POWER ADMINISTRATION FUND

Expenditures from the Bonneville Power Administration Fund, established pursuant to Public Law 93–454, are approved for the Springfield Hatchery Production Facility, Dryden Dam Fish Screens, Bonneville Fish Sampling Facility, and Hungry Horse Resident Fish Hatchery, and, the purchase, maintenance and operation of two rotary-wing aircraft for replacement only; and for official reception and representation expenses in an amount not to exceed $3,000.

During fiscal year 1993, no new direct loan obligations may be made.

OPERATION AND MAINTENANCE, SOUTHEASTERN POWER ADMINISTRATION

For necessary expenses of operation and maintenance of power transmission facilities and of marketing electric power and energy pursuant to the provisions of section 5 of the Flood Control Act of 1944 (16 U.S.C. 825s), as applied to the southeastern power area, $32,411,000, to remain available until expended.

OPERATION AND MAINTENANCE, SOUTHWESTERN POWER ADMINISTRATION

For necessary expenses of operation and maintenance of power transmission facilities and of marketing electric power and energy, and for construction and acquisition of transmission lines, substations and appurtenant facilities, and for administrative expenses, including official reception and representation expenses in an amount not to exceed $1,500 connected therewith, in carrying out the provisions of section 5 of the Flood Control Act of 1944 (16 U.S.C. 825s), as applied to the southwestern power area, $21,907,000, to remain available until expended; in addition, notwithstanding the provisions of 31 U.S.C. 3302, not to exceed $11,412,000 in reimbursements, to remain available until expended.
CONSTRUCTION, REHABILITATION, OPERATION AND MAINTENANCE,
WESTERN AREA POWER ADMINISTRATION

(INCLUDING TRANSFER OF FUNDS)

For carrying out the functions authorized by title III, section 302(a)(1)(E) of the Act of August 4, 1977 (42 U.S.C. 7101, et seq.), and other related activities including conservation and renewable resources programs as authorized, including official reception and representation expenses in an amount not to exceed $1,500, $326,634,000, to remain available until expended, of which $305,390,000 shall be derived from the Department of the Interior Reclamation fund; in addition, the Secretary of the Treasury is authorized to transfer from the Colorado River Dam Fund to the Western Area Power Administration $6,563,000, to carry out the power marketing and transmission activities of the Boulder Canyon project as provided in section 104(a)(4) of the Hoover Power Plant Act of 1984, to remain available until expended.

FEDERAL ENERGY REGULATORY COMMISSION

SALARIES AND EXPENSES

For necessary expenses of the Federal Energy Regulatory Commission to carry out the provisions of the Department of Energy Organization Act (42 U.S.C. 7101, et seq.), including services as authorized by 5 U.S.C. 3109, including the hire of passenger motor vehicles; official reception and representation expenses (not to exceed $3,000); $158,639,000 to remain available until expended: Provided, That hereafter and notwithstanding any other provision of law, not to exceed $158,639,000 of revenues from fees and annual charges, and other services and collections in fiscal year 1993, shall be retained and used for necessary expenses in this account, and shall remain available until expended: Provided further, That the sum herein appropriated shall be reduced as revenues are received during fiscal year 1993, so as to result in a final fiscal year 1993 appropriation estimated at not more than $0.

GENERAL PROVISIONS—DEPARTMENT OF ENERGY

(TRANSFER OF FUNDS)

Sec. 301. Appropriations for the Department of Energy under this title in this and subsequent Energy and Water Development Appropriations Acts, hereafter shall be available for hire of passenger motor vehicles; hire, maintenance and operation of aircraft; purchase, repair and cleaning of uniforms; and reimbursement to the General Services Administration for security guard services. From these appropriations, transfers of sums may hereafter be made to other agencies of the United States Government for the performance of work for which this appropriation is made. None of the funds made available to the Department of Energy under this Act or subsequent Energy and Water Development Appropriations Acts shall be used to implement or finance authorized price support or loan guarantee programs unless specific provision is made for such programs in an appropriation Act. The Secretary is authorized hereafter to accept lands, buildings, equipment, and other contributions from public and private sources and to prosecute.
projects in cooperation with other agencies, Federal, State, private, or foreign.

(TRANSFER OF FUNDS)

SEC. 302. Not to exceed 5 per centum of any appropriation made available for Department of Energy activities funded in this Act or subsequent Energy and Water Development Appropriations Acts may hereafter be transferred between such appropriations, but no such appropriation, except as otherwise provided, shall be increased or decreased by more than 5 per centum by any such transfers, and any such proposed transfers shall be submitted promptly to the Committees on Appropriations of the House and Senate.

(TRANSFERS OF UNEXPENDED BALANCES)

SEC. 303. The unexpended balances of prior appropriations provided for activities in this Act or subsequent Energy and Water Development Appropriations Acts may hereafter be transferred to appropriation accounts for such activities established pursuant to this title. Balances so transferred may be merged with funds in the applicable established accounts and thereafter may be accounted for as one fund for the same time period as originally enacted.

MINORITY PARTICIPATION IN THE SUPERCONDUCTING SUPER COLLIDER

SEC. 304. (a) FEDERAL FUNDING.—The Secretary of Energy hereafter shall, to the fullest extent possible, ensure that at least 10 per centum of Federal funding for the development, construction, and operation of the Superconducting Super Collider be made available to business concerns or other organizations owned or controlled by socially and economically disadvantaged individuals (within the meaning of section 8(a) (5) and (6) of the Small Business Act (15 U.S.C. 637(a) (5) and (6))), including historically black colleges and universities and colleges and universities having a student body in which more than 20 percent of the students are Hispanic Americans or Native Americans. For purposes of this section, economically and socially disadvantaged individuals shall be deemed to include women.

(b) OTHER PARTICIPATION.—The Secretary of Energy hereafter shall, to the fullest extent possible, ensure significant participation, in addition to that described in subsection (a), in the development, construction, and operation of the Superconducting Super Collider by socially and economically disadvantaged individuals (within the meaning of section 8(a) (5) and (6) of the Small Business Act (15 U.S.C. 637(a) (5) and (6))) and economically disadvantaged women.

TITLE IV

INDEPENDENT AGENCIES

APPALACHIAN REGIONAL COMMISSION

For expenses necessary to carry out the programs authorized by the Appalachian Regional Development Act of 1965, as amended, notwithstanding section 405 of said Act, and for necessary expenses for the Federal Cochairman and the alternate on the Appalachian
Regional Commission and for payment of the Federal share of the administrative expenses of the Commission, including services as authorized by section 3109 of title 5, United States Code, and hire of passenger motor vehicles, to remain available until expended, $190,000,000.

DEFENSE NUCLEAR FACILITIES SAFETY BOARD

SALARIES AND EXPENSES

For necessary expenses of the Defense Nuclear Facilities Safety Board in carrying out activities authorized by the Atomic Energy Act of 1954, as amended by Public Law 100–456, section 1441, $13,000,000, to remain available until expended.

DELAWARE RIVER BASIN COMMISSION

SALARIES AND EXPENSES

For expenses necessary to carry out the functions of the United States member of the Delaware River Basin Commission, as authorized by law (75 Stat. 716), $325,000.

CONTRIBUTION TO DELAWARE RIVER BASIN COMMISSION

For payment of the United States share of the current expenses of the Delaware River Basin Commission, as authorized by law (75 Stat. 706, 707), $475,000.

INTERSTATE COMMISSION ON THE POTOMAC RIVER BASIN

CONTRIBUTION TO INTERSTATE COMMISSION ON THE POTOMAC RIVER BASIN

To enable the Secretary of the Treasury to pay in advance to the Interstate Commission on the Potomac River Basin the Federal contribution toward the expenses of the Commission during the current fiscal year in the administration of its business in the conservancy district established pursuant to the Act of July 11, 1940 (54 Stat. 748), as amended by the Act of September 25, 1970 (Public Law 91–407), $485,000.

NUCLEAR REGULATORY COMMISSION

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

For necessary expenses of the Commission in carrying out the purposes of the Energy Reorganization Act of 1974, as amended, and the Atomic Energy Act of 1954, as amended, including the employment of aliens; services authorized by section 3109 of title 5, United States Code; publication and dissemination of atomic information; purchase, repair, and cleaning of uniforms, official representation expenses (not to exceed $20,000); reimbursements to the General Services Administration for security guard services; hire of passenger motor vehicles and aircraft, $535,415,000, to remain available until expended, of which $21,100,000 shall be derived from the Nuclear Waste Fund: Provided, That from this
appropriation, transfer of sums may be made to other agencies of the Government for the performance of the work for which this appropriation is made, and in such cases the sums so transferred may be merged with the appropriation to which transferred: Provided further, That moneys received by the Commission for the cooperative nuclear safety research program, services rendered to foreign governments and international organizations, and the material and information access authorization programs, including criminal history checks under section 149 of the Atomic Energy Act of 1954, as amended, may be retained and used for salaries and expenses associated with those activities, notwithstanding the provisions of section 3302 of title 31, United States Code, and shall remain available until expended: Provided further, That revenues from licensing fees, inspection services, and other services and collections estimated at $514,315,000 in fiscal year 1993 shall be retained and used for necessary salaries and expenses in this account, notwithstanding the provisions of section 3302 of title 31, United States Code, and shall remain available until expended: Provided further, That the sum herein appropriated shall be reduced by the amount of revenues received during fiscal year 1993 from licensing fees, inspection services and other services and collections, excluding those moneys received for the cooperative nuclear safety research program, services rendered to foreign governments and international organizations, and the material and information access authorization programs, so as to result in a final fiscal year 1993 appropriation estimated at not more than $21,100,000.

OFFICE OF INSPECTOR GENERAL

(INCLUDING TRANSFER OF FUNDS)

For necessary expenses of the Office of Inspector General in carrying out the provisions of the Inspector General Act of 1978, as amended, including services authorized by section 3109 of title 5, United States Code, $4,585,000 to remain available until expended; and in addition, an amount not to exceed 5 percent of this sum may be transferred from Salaries and Expenses, Nuclear Regulatory Commission: Provided, That notice of such transfers shall be given to the Committees on Appropriations of the House and Senate: Provided further, That from this appropriation, transfers of sums may be made to other agencies of the Government for the performance of the work for which this appropriation is made, and in such cases the sums so transferred may be merged with the appropriation to which transferred: Provided further, That revenues from licensing fees, inspection services, and other services and collections shall be retained and used for necessary salaries and expenses in this account, notwithstanding the provisions of section 3302 of title 31, United States Code, and shall remain available until expended: Provided further, That the sum herein appropriated shall be reduced by the amount of revenues received during fiscal year 1993 from licensing fees, inspection services, and other services and collections, so as to result in a final fiscal year 1993 appropriation estimated at not more than $0.
NUCLEAR WASTE TECHNICAL REVIEW BOARD

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

For necessary expenses of the Nuclear Waste Technical Review Board, as authorized by Public Law 100–203, section 5051, $2,060,000, to be transferred from the Nuclear Waste Fund and to remain available until expended.

SUSQUEHANNA RIVER BASIN COMMISSION

SALARIES AND EXPENSES

For expenses necessary to carry out the functions of the United States member of the Susquehanna River Basin Commission as authorized by law (84 Stat. 1530, 1531), $290,000.

CONTRIBUTION TO SUSQUEHANNA RIVER BASIN COMMISSION

For payment of the United States share of the current expenses of the Susquehanna River Basin Commission, as authorized by law (84 Stat. 1530, 1531), $290,000.

TENNESSEE VALLEY AUTHORITY

TENNESSEE VALLEY AUTHORITY FUND

For the purpose of carrying out the provisions of the Tennessee Valley Authority Act of 1933, as amended (16 U.S.C. ch. 12A), including purchase, hire, maintenance, and operation of aircraft, and purchase and hire of passenger motor vehicles, and for entering into contracts and making payments under section 11 of the National Trails System Act, as amended, $135,000,000, to remain available until expended: Provided, That this appropriation and other moneys available to the Tennessee Valley Authority may be used hereafter for payment of the allowances authorized by section 5948 of title 5, United States Code.

TITLE V—GENERAL PROVISIONS

SEC. 501. No part of any appropriation contained in this Act or subsequent Energy and Water Development Appropriations Acts shall remain available for obligation beyond the fiscal year specified in such Acts therein unless expressly so provided therein.

SEC. 502. None of the funds in this Act or subsequent Energy and Water Development Appropriations Acts shall be used to pay the expenses of, or otherwise compensate, parties intervening in regulatory or adjudicatory proceedings funded in such Acts.

SEC. 503. None of the programs, projects or activities as defined in the reports accompanying this Act or subsequent Energy and Water Development Appropriations Acts, may be eliminated or disproportionately reduced due to the application of “Savings and Slippage”, “general reduction”, or the provision of Public Law 99–177 or Public Law 100–119 unless such reports expressly provide otherwise.

SEC. 504. The expenditure of any appropriation under this Act or subsequent Energy and Water Development Appropriations...
Acts for any consulting service through procurement contract, pursuant to section 3109 of title 5, United States Code, hereafter shall be limited to those contracts where such expenditures are a matter of public record and available for public inspection, except where otherwise provided under existing law, or under existing Executive Order issued pursuant to existing law.

SEC. 505. Notwithstanding any other provision of this Act, subsequent Energy and Water Development Appropriations Acts or any other provision of law hereafter, none of the funds made available under this Act, subsequent Energy and Water Development Appropriations Acts or any other law hereafter shall be used for the purposes of conducting any studies relating or leading to the possibility of changing from the currently required “at cost” to a “market rate” or any other noncost-based method for the pricing of hydroelectric power by the six Federal public power authorities, or other agencies or authorities of the Federal Government, except as may be specifically authorized by Act of Congress hereafter enacted.

SEC. 506. Such sums as may be necessary for Federal employee pay raises for programs funded by this Act or subsequent Energy and Water Development Appropriations Acts hereafter shall be absorbed within the levels appropriated in such Acts.

SEC. 507. (a) Hereafter, funds made available by this Act or any other Act for fiscal year 1993 or for any other fiscal year may be available for conducting a test of a nuclear explosive device only if the conduct of that test is permitted in accordance with the provisions of this section.

(b) No underground test of a nuclear weapon may be conducted by the United States after September 30, 1992, and before July 1, 1993.

(c) On and after July 1, 1993, and before January 1, 1997, an underground test of a nuclear weapon may be conducted by the United States—

(1) only if—

(A) the President has submitted the annual report required under subsection (d);

(B) 90 days have elapsed after the submittal of that report in accordance with that subsection; and

(C) Congress has not agreed to a joint resolution described in subsection (d)(3) within that 90-day period; and

(2) only if the test is conducted during the period covered by the report.

(d)(1) Not later than March 1, of each year beginning after 1992, the President shall submit to the Committees on Armed Services and Appropriations of the Senate and the House of Representatives, in classified and unclassified forms, a report containing the following matters:

(A) A schedule for resumption of the Nuclear Testing Talks with Russia.

(B) A plan for achieving a multilateral comprehensive ban on the testing of nuclear weapons on or before September 30, 1996.

(C) An assessment of the number and type of nuclear warheads that will remain in the United States stockpile of active nuclear weapons on September 30, 1996.
(D) For each fiscal year after fiscal year 1992, an assessment of the number and type of nuclear warheads that will remain in the United States stockpile of nuclear weapons and that—

(i) will not be in the United States stockpile of active nuclear weapons;
(ii) will remain under the control of the Department of Defense; and
(iii) will not be transferred to the Department of Energy for dismantlement.

(E) A description of the safety features of each warhead that is covered by an assessment referred to in subparagraph (C) or (D).

(F) A plan for installing one or more modern safety features in each warhead identified in the assessment referred to in subparagraph (C), as determined after an analysis of the costs and benefits of installing such feature or features in the warhead, should have one or more of such features.

(G) An assessment of the number and type of nuclear weapons tests, not to exceed 5 tests in any period covered by an annual report under this paragraph and a total of 15 tests in the 4-fiscal year period beginning with fiscal year 1993, that are necessary in order to ensure the safety of each nuclear warhead in which one or more modern safety features are installed pursuant to the plan referred to in subparagraph (F).

(H) A schedule, in accordance with subparagraph (G), for conducting at the Nevada test site, each of the tests enumerated in the assessment pursuant to subparagraph (G).

(2) The first annual report shall cover the period beginning on the date on which a resumption of testing of nuclear weapons is permitted under subsection (c) and ending on September 30, 1994. Each annual report thereafter shall cover the fiscal year following the fiscal year in which the report is submitted.

(3) For the purposes of paragraph (1), "joint resolution" means only a joint resolution introduced after the date on which the Committees referred to in that paragraph receive the report required by that paragraph the matter after the resolving clause of which is as follows: "The Congress disapproves the report of the President on nuclear weapons testing, dated ." (the blank space being appropriately filled in).

(4) No report is required under this subsection after 1996.

(e)(1) Except as provided in paragraphs (2) and (3), during a period covered by an annual report submitted pursuant to subsection (d), nuclear weapons may be tested only as follows:

(A) Only those nuclear explosive devices in which modern safety features have been installed pursuant to the plan referred to in subsection (d)(1)(F) may be tested.

(B) Only the number and types of tests specified in the report pursuant to subsection (d)(1)(G) may be conducted.

(2)(A) One test of the reliability of a nuclear weapon other than one referred to in paragraph (1)(A) may be conducted during any period covered by an annual report, but only if—

(i) within the first 60 days after the beginning of that period, the President certifies to Congress that it is vital to the national security interests of the United States to test the reliability of such a nuclear weapon; and
(ii) within the 60-day period beginning on the date that Congress receives the certification, Congress does not agree to a joint resolution described in subparagraph (B).

(B) For the purposes of subparagraph (A), "joint resolution" means only a joint resolution introduced after the date on which the Congress receives the certification referred to in that subparagraph the matter after the resolving clause of which is as follows: "The Congress disapproves the testing of a nuclear weapon covered by the certification of the President dated ." (the blank space being appropriately filled in).

(3) The President may authorize the United Kingdom to conduct in the United States, within a period covered by an annual report, one test of a nuclear weapon if the President determines that it is in the national interests of the United States to do so. Such a test shall be considered as one of the tests within the maximum number of tests that the United States is permitted to conduct during that period under paragraph (1)(B).

(f) No underground test of nuclear weapons may be conducted by the United States after September 30, 1996, unless a foreign state conducts a nuclear test after this date, at which time the prohibition on United States nuclear testing is lifted.

(g) In the computation of the 90-day period referred to in subsection (c)(1) and the 60-day period referred to in subsection (e)(2)(A)(ii), the days on which either House is not in session because of an adjournment of more than 3 days to a day certain shall be excluded.

(h) In this section, the term "modern safety feature" means any of the following features:

(1) An insensitive high explosive (IHE).
(2) Fire resistant pits (FRP).
(3) An enhanced detonation safety (ENDS) system.

SEC. 508. Notwithstanding any other provision of this Act, $5,000,000 of the funds appropriated in title I shall be available for the Central Maine Water Supply Project, to remain available until September 30, 1993, and to become available only upon enactment into law of authorizing legislation.

This Act may be cited as the "Energy and Water Development Appropriations Act, 1993".

Approved October 2, 1992.

LEGISLATIVE HISTORY—H.R. 5373:
HOUSE REPORTS: Nos. 102-555 (Comm. on Appropriations) and 102-866 (Comm. of Conference).
SENATE REPORTS: No. 102-344 (Comm. on Appropriations).
June 17, considered and passed House.
July 31, Aug. 3, considered and passed Senate, amended.
Sept. 17, House agreed to conference report, concurred in certain amendments, in others with amendments.
Sept. 24, House receded and concurred in certain Senate amendment with an amendment. Senate agreed to conference report; concurred in House amendments.
WEEKLY COMPILATION OF PRESIDENTIAL DOCUMENTS, Vol. 28 (1992):
Oct. 2, Presidential remarks and statement.
