(4) in 2006, the Tribes, the State of Idaho, the affected individual water users, and the United States resolved all tribal claims to water rights in the Snake River Basin Adjudication through a consent decree entered by the District Court of the Fifth Judicial District of the State of Idaho, requiring no further Federal action to quantify the Tribes' water rights in the State of Idaho;

(A) take many years;

(B) entail great expense;

(C) continue to limit the access of the Tribes to water, with economic and social consequences;

(D) prolong uncertainty relating to the availability of water supplies; and

(E) seriously impair long-term economic planning and development for all parties to the litigation;

(7) after many years of negotiation, the Tribes, the State, and the upstream water users have entered into a settlement agreement to resolve permanently all water rights of the Tribes in the State; and

(8) the Tribes also seek to resolve certain water-related claims for damages against the United States.

(C) the Tribes; and

(D) the upstream water users;

(2) to achieve a fair, equitable, and final settlement of all claims of the Tribes, members of the Tribes, and the United States on behalf of the Tribes and members of Tribes to the waters of the East Fork of the Owyhee River in the State;

(3) to ratify and provide for the enforcement of the Agreement among the parties to the litigation;

SEC. 6102. SENSE OF THE SENATE.

(a) FINDINGS.—The Senate finds the following:

(1) President John F. Kennedy said, "The raising of extraordinarily large sums of money, given voluntarily and freely by millions of our fellow Americans, is a unique American tradition . . . Philanthropy, charity, giving voluntarily and freely . . . call it what you like, but it is truly a jewel of an American tradition".

(2) Americans gave more than $300,000,000,000 to charitable causes in 2007, an amount equal to roughly 2 percent of the gross domestic product.

(3) The vast majority of those donations, roughly 75 percent or $229,000,000,000, came from individuals.

(4) Studies have shown that Americans give far more to charity than the people of any other industrialized nation—more than twice as much, measured as a share of gross domestic product, than the citizens of Great Britain, and 10 times more than the citizens of France.

(5) 7 out of 10 American households donate to charities to support a wide range of religious, educational, cultural, health care, and environmental goals.

(6) These charities provide innumerable valuable public services to society's most vulnerable citizens during difficult economic times.

(7) Congress has provided incentives through the Internal Revenue Code of 1986 to encourage charitable giving by allowing individuals to deduct contributions made to tax-exempt charities.

(8) 41,000,000 American households, constituting 86 percent of taxpayers who itemize deductions, took advantage of this deduction to give to the charities of their choice.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that Congress should preserve the income tax deduction for charitable contributions through the Internal Revenue Code of 1986 and look for additional ways to encourage charitable giving.

To direct the Librarian of Congress and the Secretary of the Smithsonian Institution to carry out a joint project at the Library of Congress and the National Museum of African American History and Culture to collect video and audio recordings of personal histories and testimonials of individuals who participated in the Civil Rights movement, and for other purposes.

May 12, 2009
[H.R. 586]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Civil Rights History Project Act of 2009.
20 USC 80s note.

SECTION 1. SHORT TITLE.

This Act may be cited as the "Civil Rights History Project Act of 2009".

20 USC 80s.

SEC. 2. FINDINGS; PURPOSE.

(a) FINDINGS.—Congress finds as follows:

(1) A fundamental principle of American democracy is that individuals should stand up for their rights and beliefs and fight for justice.

(2) The actions of those who participated in the Civil Rights movement from the 1950s through the 1960s are a shining example of this principle in action, demonstrated in events as varied as the Montgomery Bus Boycott, the sit-ins, the Freedom Rides, the March on Washington, the drive for voting rights in Mississippi, and the March to Selma.

(3) While the Civil Rights movement had many visible leaders, including Thurgood Marshall, Dr. Martin Luther King, Jr., and Rosa Parks, there were many others whose impact and experience were just as important to the cause but who are not as well known.

(4) The participants in the Civil Rights movement possess an invaluable resource in their first-hand memories of the movement, and the recording of the retelling of their stories and memories will provide a rich, detailed history of our Nation during an important and tumultuous period.

(5) It is in the Nation's interest to undertake a project to collect oral histories of individuals from the Civil Rights movement so future generations will be able to learn of their struggle and sacrifice through primary-source, eyewitness material. A coordinated Federal project would also focus attention on the efforts undertaken by various public and private entities to collect and interpret articles in all formats relating to the Civil Rights movement, and serve as a model for future projects undertaken in museums, libraries, and universities throughout the Nation.

(6) The Library of Congress and the Smithsonian Institution are appropriate repositories to collect, preserve, and make available to the public a collection of these oral histories. The Library and Smithsonian have expertise in the management of documentation projects, and experience in the development of cultural and educational programs for the public.

(b) PURPOSE.—It is the purpose of this Act to create a new federally sponsored, authorized, and funded project that will coordinate at a national level the collection of video and audio recordings of personal histories and testimonials of individuals who participated in the American Civil Rights movement that will build upon and complement previous and ongoing documentary work on this subject, and to assist and encourage local efforts to preserve the memories of such individuals so that Americans of all current and future generations may hear from them directly and better appreciate the sacrifices they made.

SEC. 3. ESTABLISHMENT OF JOINT PROJECT AT LIBRARY OF CONGRESS AND NATIONAL MUSEUM OF AFRICAN AMERICAN HISTORY AND CULTURE TO COLLECT VIDEO AND AUDIO RECORDINGS OF HISTORIES OF PARTICIPANTS IN AMERICAN CIVIL RIGHTS MOVEMENT.

20 USC 80s–1.

(d) TIMING.—As soon as practicable after the enactment of this Act, the Librarian and the Secretary shall begin collecting video and audio recordings and other materials under subsection (a)(1), and shall attempt to collect the first such recordings from the oldest individuals involved.

(e) DEFINITION.—In this Act, the term "Civil Rights movement" means the movement to secure racial equality in the United States for African Americans that, focusing on the period 1954 through 1968, challenged the practice of racial segregation in the Nation and achieved equal rights legislation for all American citizens.

20 USC 80s–2.

SEC. 4. PRIVATE SUPPORT FOR CIVIL RIGHTS HISTORY PROJECT.

(a) ENCOURAGING SOLICITATION AND ACCEPTANCE OF DONATIONS.—The Librarian of Congress and the Secretary are encouraged to solicit and accept donations of funds and in-kind contributions to support activities under section 3.

(1) any funds donated to the Librarian of Congress to support the activities of the Librarian under section 3 shall be deposited entirely into an account established for such purpose;

(2) the funds contained in such account shall be used solely to support such activities; and

"(a) ESTABLISHMENT OF STABILIZATION FUND.—There is hereby created in the Treasury of the United States a fund to be known as the 'Temporary Corporate Credit Union Stabilization Fund.' The Board will administer the Stabilization Fund as prescribed by section 209.

"(b) EXPENDITURES FROM STABILIZATION FUND.—Money in the Stabilization Fund shall be available upon requisition by the Board, without fiscal year limitation, for making payments for the purposes described in section 203(a), subject to the following additional limitations:

"(1) All payments other than administrative payments shall be connected to the conservatorship, liquidation, or threatened conservatorship or liquidation, of a corporate credit union.

"(2) Prior to authorizing each payment the Board shall—

Certification.

"(A) certify that, absent the existence of the Stabilization Fund, the Board would have made the identical payment out of the National Credit Union Share Insurance Fund (Insurance Fund); and

Reports.

"(B) report each such certification to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives.

"(c) AUTHORITY TO BORROW.—

"(1) IN GENERAL.—The Stabilization Fund is authorized to borrow from the Secretary of the Treasury from time-to-time as deemed necessary by the Board. The maximum outstanding amount of all borrowings from the Treasury by the Stabilization Fund and the National Credit Union Share Insurance Fund, combined, is limited to the amount provided for in section 203(d)(1), including any authorized increases in that amount.

"(2) REPAYMENT OF ADVANCES.—

"(A) IN GENERAL.—The advances made under this section shall be repaid by the Stabilization Fund, and interest on such advance shall be paid, to the General fund of the Treasury.

"(B) VARIABLE RATE OF INTEREST.—The Secretary of the Treasury shall make the first rate determination at the time of the first advance under this section and shall reset the rate again for all advances on each anniversary of the first advance. The interest rate shall be equal to the average market yield on outstanding marketable obligations of the United States with remaining periods to maturity equal to 12 months.

"(3) REPAYMENT SCHEDULE.—The Stabilization Fund shall repay the advances on a first-in, first-out basis, with interest on the amount repaid, at times and dates determined by the Board at its discretion. All advances shall be repaid not later than the date of the seventh anniversary of the first advance to the Stabilization Fund, unless the Board extends this final repayment date. The Board shall obtain the concurrence of the Secretary of the Treasury on any proposed extension, including the terms and conditions of the extended repayment.

Deadline.

Deadlines.

"(d) ASSESSMENT TO REPAY ADVANCES.—At least 90 days prior to each repayment described in subsection (c)(3), the Board shall

set the amount of the upcoming repayment and determine if the Stabilization Fund will have sufficient funds to make the repayment. If the Stabilization Fund might not have sufficient funds to make the repayment, the Board shall assess each federally insured credit union a special premium due and payable within 60 days in an aggregate amount calculated to ensure the Stabilization Fund is able to make the repayment. The premium charge for each credit union shall be stated as a percentage of its insured shares as represented on the credit union's previous call report. The percentage shall be identical for each credit union. Any credit union that fails to make timely payment of the special premium is subject to the procedures and penalties described under subsections (d), (e), and (f) of section 202.

"(e) DISTRIBUTIONS FROM INSURANCE FUND.—At the end of any calendar year in which the Stabilization Fund has an outstanding advance from the Treasury, the Insurance Fund is prohibited from making the distribution to insured credit unions described in section 202(c)(3). In lieu of the distribution described in that section, the Insurance Fund shall make a distribution to the Stabilization Fund of the maximum amount possible that does not reduce the Insurance Fund's equity ratio below the normal operating level and does not reduce the Insurance Fund's available assets ratio below 1.0 percent.

"(f) INVESTMENT OF STABILIZATION FUND ASSETS.—The Board may request the Secretary of the Treasury to invest such portion of the Stabilization Fund as is not, in the Board's judgment, required to meet the current needs of the Stabilization Fund. Such investments shall be made by the Secretary of the Treasury in public debt securities, with maturities suitable to the needs of the Stabilization Fund, as determined by the Board, and bearing interest at a rate determined by the Secretary of the Treasury, taking into consideration current market yields on outstanding marketable obligations of the United States of comparable maturity.

"(g) REPORTS.—The Board shall submit an annual report to Congress on the financial condition and the results of the operation of the Stabilization Fund. The report is due to Congress within 30 days after each anniversary of the first advance made under subsection (c)(1). Because the Fund will use advances from the Treasury to meet corporate stabilization costs with full repayment of borrowings to Treasury at the Board's discretion not due until 7 years from the initial advance, to the extent operating expenses of the Fund exceed income, the financial condition of the Fund may reflect a deficit. With planned and required future repayments, the Board shall resolve all deficits prior to termination of the Fund.

"(h) CLOSING OF STABILIZATION FUND.—Within 90 days following the seventh anniversary of the initial Stabilization Fund advance, or earlier at the Board's discretion, the Board shall distribute any funds, property, or other assets remaining in the Stabilization Fund to the Insurance Fund and shall close the Stabilization Fund. (B) on the basis that, but for such waiver, the Department would be unable to meet critical national security objectives.

(3) That whenever a Milestone Decision Authority authorizes a waiver pursuant to paragraph (2), the Milestone Decision Authority—

(A) shall require that the program produce a prototype before Milestone B approval (or Key Decision Point B approval in the case of a space program) if the expected life-cycle benefits (in constant dollars) of producing such prototype exceed its cost and its production is consistent with achieving critical national security objectives; and

"(C) to obtain damages, restitution, or other compensation on behalf of residents of the State; or

SEC. 512. PROTECTING AMERICANS FROM VIOLENT CRIME.

(a) CONGRESSIONAL FINDINGS.—Congress finds the following:

(1) The Second Amendment to the Constitution provides that "the right of the people to keep and bear Arms, shall not be infringed".

(2) Section 2.4(a)(1) of title 36, Code of Federal Regulations, provides that "except as otherwise provided in this section and parts 7 (special regulations) and 13 (Alaska regulations), the following are prohibited: (i) Possessing a weapon, trap or net (ii) Carrying a weapon, trap or net (iii) Using a weapon, trap or net".

(3) Section 27.42 of title 50, Code of Federal Regulations, provides that, except in special circumstances, citizens of the United States may not "possess, use, or transport firearms on national wildlife refuges" of the United States Fish and Wildlife Service.

(4) The regulations described in paragraphs (2) and (3) prevent individuals complying with Federal and State laws from exercising the second amendment rights of the individuals while at units of—

(A) the National Park System; and

(B) the National Wildlife Refuge System.

(5) The existence of different laws relating to the transportation and possession of firearms at different units of the National Park System and the National Wildlife Refuge System entrapped law-abiding gun owners while at units of the National Park System and the National Wildlife Refuge System.

(6) Although the Bush administration issued new regulations relating to the Second Amendment rights of law-abiding citizens in units of the National Park System and National Wildlife Refuge System that went into effect on January 9, 2009—

(A) on March 19, 2009, the United States District Court for the District of Columbia granted a preliminary injunction with respect to the implementation and enforcement of the new regulations; and

(B) the new regulations—

(i) are under review by the administration; and

(ii) may be altered.

(7) Congress needs to weigh in on the new regulations to ensure that unelected bureaucrats and judges cannot again override the Second Amendment rights of law-abiding citizens on 83,600,000 acres of National Park System land and 90,790,000 acres of land under the jurisdiction of the United States Fish and Wildlife Service.

(8) The Federal laws should make it clear that the second amendment rights of an individual at a unit of the National Park System or the National Wildlife Refuge System should not be infringed.

(b) PROTECTING THE RIGHT OF INDIVIDUALS TO BEAR ARMS IN UNITS OF THE NATIONAL PARK SYSTEM AND THE NATIONAL WILDLIFE REFUGE SYSTEM.—The Secretary of the Interior shall not promulgate or enforce any regulation that prohibits an individual from possessing a firearm including an assembled or functional firearm in any unit of the National Park System or the National Wildlife Refuge System if—

(1) the individual is not otherwise prohibited by law from possessing the firearm; and

(2) the possession of the firearm is in compliance with the law of the State in which the unit of the National Park System or the National Wildlife Refuge System is located.

SEC. 513. GAO STUDY AND REPORT ON FLUENCY IN THE ENGLISH LANGUAGE AND FINANCIAL LITERACY.

(1) the relationship between fluency in the English language and financial literacy; and

(2) the extent, if any, to which individuals whose native language is a language other than English are impeded in their conduct of their financial affairs.

(b) REPORT.—Not later than 1 year after the date of enactment of this Act, the Comptroller General of the United States shall submit a report to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives that contains a detailed summary of the findings and conclusions of the study required under subsection (a).

SEC. 2. FINDINGS.

The Congress finds the following:

(1) The use of tobacco products by the Nation's children is a pediatric disease of considerable proportions that results in new generations of tobacco-dependent children and adults.

(2) A consensus exists within the scientific and medical communities that tobacco products are inherently dangerous and cause cancer, heart disease, and other serious adverse health effects.

(3) Nicotine is an addictive drug.

(4) Virtually all new users of tobacco products are under the minimum legal age to purchase such products.

(5) Tobacco advertising and marketing contribute significantly to the use of nicotine-containing tobacco products by adolescents.

(6) Because past efforts to restrict advertising and marketing of tobacco products have failed adequately to curb tobacco use by adolescents, comprehensive restrictions on the sale, promotion, and distribution of such products are needed.

(7) Federal and State governments have lacked the legal and regulatory authority and resources they need to address comprehensively the public health and societal problems caused by the use of tobacco products.

(8) Federal and State public health officials, the public health community, and the public at large recognize that the tobacco industry should be subject to ongoing oversight.

(9) Under article I, section 8 of the Constitution, the Congress is vested with the responsibility for regulating interstate commerce and commerce with Indian tribes.

(10) The sale, distribution, marketing, advertising, and use of tobacco products are activities in and substantially affecting interstate commerce because they are sold, marketed, advertised, and distributed in interstate commerce on a nationwide basis, and have a substantial effect on the Nation's economy.

(11) The sale, distribution, marketing, advertising, and use of such products substantially affect interstate commerce through the health care and other costs attributable to the use of tobacco products.

(12) It is in the public interest for Congress to enact legislation that provides the Food and Drug Administration with the authority to regulate tobacco products and the advertising and promotion of such products. The benefits to the American people from enacting such legislation would be significant in human and economic terms.

(13) Tobacco use is the foremost preventable cause of premature death in America. It causes over 400,000 deaths in the United States each year, and approximately 8,600,000 Americans have chronic illnesses related to smoking.

(14) Reducing the use of tobacco by minors by 50 percent would prevent well over 10,000,000 of today's children from becoming regular, daily smokers, saving over 3,000,000 of them from premature death due to tobacco-induced disease. Such a reduction in youth smoking would also result in approximately $75,000,000,000 in savings attributable to reduced health care costs.

(15) Advertising, marketing, and promotion of tobacco products have been especially directed to attract young persons to use tobacco products, and these efforts have resulted in increased use of such products by youth. Past efforts to oversee

these activities have not been successful in adequately preventing such increased use.

(16) In 2005, the cigarette manufacturers spent more than $13,000,000,000 to attract new users, retain current users, increase current consumption, and generate favorable long-term attitudes toward smoking and tobacco use.

(17) Tobacco product advertising often misleadingly portrays the use of tobacco as socially acceptable and healthful to minors.

(18) Tobacco product advertising is regularly seen by persons under the age of 18, and persons under the age of 18 are regularly exposed to tobacco product promotional efforts.

(19) Through advertisements during and sponsorship of sporting events, tobacco has become strongly associated with sports and has become portrayed as an integral part of sports and the healthy lifestyle associated with rigorous sporting activity.

(20) Children are exposed to substantial and unavoidable tobacco advertising that leads to favorable beliefs about tobacco use, plays a role in leading young people to overestimate the prevalence of tobacco use, and increases the number of young people who begin to use tobacco.

(21) The use of tobacco products in motion pictures and other mass media glamorizes its use for young people and encourages them to use tobacco products.

(22) Tobacco advertising expands the size of the tobacco market by increasing consumption of tobacco products including tobacco use by young people.

(23) Children are more influenced by tobacco marketing than adults: more than 80 percent of youth smoke three heavily marketed brands, while only 54 percent of adults, 26 and older, smoke these same brands.

(24) Tobacco company documents indicate that young people are an important and often crucial segment of the tobacco market. Children, who tend to be more price sensitive than adults, are influenced by advertising and promotion practices that result in drastically reduced cigarette prices.

(25) Comprehensive advertising restrictions will have a positive effect on the smoking rates of young people.

(26) Restrictions on advertising are necessary to prevent unrestricted tobacco advertising from undermining legislation prohibiting access to young people and providing for education about tobacco use.

(27) International experience shows that advertising regulations that are stringent and comprehensive have a greater impact on overall tobacco use and young people's use than weaker or less comprehensive ones.

(28) Text only requirements, although not as stringent as a ban, will help reduce underage use of tobacco products while preserving the informational function of advertising.

(29) It is in the public interest for Congress to adopt legislation to address the public health crisis created by actions of the tobacco industry.

(30) The final regulations promulgated by the Secretary of Health and Human Services in the August 28, 1996, issue of the Federal Register (61 Fed. Reg. 44615–44618) for inclusion

as part 897 of title 21, Code of Federal Regulations, are consistent with the first amendment to the United States Constitution and with the standards set forth in the amendments made by this subtitle for the regulation of tobacco products by the Food and Drug Administration, and the restriction on the sale and distribution of, including access to and the advertising and promotion of, tobacco products contained in such regulations are substantially related to accomplishing the public health goals of this division.

(31) The regulations described in paragraph (30) will directly and materially advance the Federal Government's substantial interest in reducing the number of children and adolescents who use cigarettes and smokeless tobacco and in preventing the life-threatening health consequences associated with tobacco use. An overwhelming majority of Americans who use tobacco products begin using such products while they are minors and become addicted to the nicotine in those products before reaching the age of 18. Tobacco advertising and promotion play a crucial role in the decision of these minors to begin using tobacco products. Less restrictive and less comprehensive approaches have not and will not be effective in reducing the problems addressed by such regulations. The reasonable restrictions on the advertising and promotion of tobacco products contained in such regulations will lead to a significant decrease in the number of minors using and becoming addicted to those products.

(32) The regulations described in paragraph (30) impose no more extensive restrictions on communication by tobacco manufacturers and sellers than are necessary to reduce the number of children and adolescents who use cigarettes and smokeless tobacco and to prevent the life-threatening health consequences associated with tobacco use. Such regulations are narrowly tailored to restrict those advertising and promotional practices which are most likely to be seen or heard by youth and most likely to entice them into tobacco use, while affording tobacco manufacturers and sellers ample opportunity to convey information about their products to adult consumers.

(33) Tobacco dependence is a chronic disease, one that typically requires repeated interventions to achieve long-term or permanent abstinence.

(34) Because the only known safe alternative to smoking is cessation, interventions should target all smokers to help them quit completely.

(35) Tobacco products have been used to facilitate and finance criminal activities both domestically and internationally. Illicit trade of tobacco products has been linked to organized crime and terrorist groups.

(36) It is essential that the Food and Drug Administration review products sold or distributed for use to reduce risks or exposures associated with tobacco products and that it be empowered to review any advertising and labeling for such products. It is also essential that manufacturers, prior to marketing such products, be required to demonstrate that such products will meet a series of rigorous criteria, and will benefit the health of the population as a whole, taking into account both users of tobacco products and persons who do not currently use tobacco products.

(37) Unless tobacco products that purport to reduce the risks to the public of tobacco use actually reduce such risks, those products can cause substantial harm to the public health to the extent that the individuals, who would otherwise not consume tobacco products or would consume such products less, use tobacco products purporting to reduce risk. Those who use products sold or distributed as modified risk products that do not in fact reduce risk, rather than quitting or reducing their use of tobacco products, have a substantially increased likelihood of suffering disability and premature death. The costs to society of the widespread use of products sold or distributed as modified risk products that do not in fact reduce risk or that increase risk include thousands of unnecessary deaths and injuries and huge costs to our health care system.

(38) As the National Cancer Institute has found, many smokers mistakenly believe that "low tar" and "light" cigarettes cause fewer health problems than other cigarettes. As the National Cancer Institute has also found, mistaken beliefs about the health consequences of smoking "low tar" and "light" cigarettes can reduce the motivation to quit smoking entirely and thereby lead to disease and death.

(39) Recent studies have demonstrated that there has been no reduction in risk on a population-wide basis from "low tar" and "light" cigarettes, and such products may actually increase the risk of tobacco use.

(40) The dangers of products sold or distributed as modified risk tobacco products that do not in fact reduce risk are so high that there is a compelling governmental interest in ensuring that statements about modified risk tobacco products are complete, accurate, and relate to the overall disease risk of the product.

(41) As the Federal Trade Commission has found, consumers have misinterpreted advertisements in which one product is claimed to be less harmful than a comparable product, even in the presence of disclosures and advisories intended to provide clarification.

(42) Permitting manufacturers to make unsubstantiated statements concerning modified risk tobacco products, whether express or implied, even if accompanied by disclaimers would be detrimental to the public health.

(43) The only way to effectively protect the public health from the dangers of unsubstantiated modified risk tobacco products is to empower the Food and Drug Administration to require that products that tobacco manufacturers sold or distributed for risk reduction be reviewed in advance of marketing, and to require that the evidence relied on to support claims be fully verified.

(44) The Food and Drug Administration is a regulatory agency with the scientific expertise to identify harmful substances in products to which consumers are exposed, to design standards to limit exposure to those substances, to evaluate scientific studies supporting claims about the safety of products, and to evaluate the impact of labels, labeling, and advertising on consumer behavior in order to reduce the risk of harm and promote understanding of the impact of the product on health. In connection with its mandate to promote health and reduce the risk of harm, the Food and Drug Administration

routinely makes decisions about whether and how products may be marketed in the United States.

(45) The Federal Trade Commission was created to protect consumers from unfair or deceptive acts or practices, and to regulate unfair methods of competition. Its focus is on those marketplace practices that deceive or mislead consumers, and those that give some competitors an unfair advantage. Its mission is to regulate activities in the marketplace. Neither the Federal Trade Commission nor any other Federal agency except the Food and Drug Administration possesses the scientific expertise needed to implement effectively all provisions of the Family Smoking Prevention and Tobacco Control Act.

(46) If manufacturers state or imply in communications directed to consumers through the media or through a label, labeling, or advertising, that a tobacco product is approved or inspected by the Food and Drug Administration or complies with Food and Drug Administration standards, consumers are likely to be confused and misled. Depending upon the particular language used and its context, such a statement could result in consumers being misled into believing that the product is endorsed by the Food and Drug Administration for use or in consumers being misled about the harmfulness of the product because of such regulation, inspection, approval, or compliance.

(47) In August 2006 a United States district court judge found that the major United States cigarette companies continue to target and market to youth. USA v. Philip Morris, USA, Inc., et al. (Civil Action No. 99–2496 (GK), August 17, 2006).

"(3) EXEMPTIONS.—

"(A) IN GENERAL.—The Secretary may exempt from the requirements of this subsection relating to the demonstration that a tobacco product is substantially equivalent within the meaning of section 910, tobacco products that are modified by adding or deleting a tobacco additive, or increasing or decreasing the quantity of an existing tobacco additive, if the Secretary determines that—

"(i) such modification would be a minor modification of a tobacco product that can be sold under this Act;

"(ii) a report under this subsection is not necessary to ensure that permitting the tobacco product to be marketed would be appropriate for protection of the public health; and

"(iii) an exemption is otherwise appropriate.

"(B) REGULATIONS.—Not later than 15 months after the date of enactment of the Family Smoking Prevention and Tobacco Control Act, the Secretary shall issue regulations to implement this paragraph. Deadline.

"SEC. 906. GENERAL PROVISIONS RESPECTING CONTROL OF TOBACCO PRODUCTS. 21 USC 387f.

"(a) IN GENERAL.—Any requirement established by or under section 902, 903, 905, or 909 applicable to a tobacco product shall apply to such tobacco product until the applicability of the requirement to the tobacco product has been changed by action taken under section 907, section 910, section 911, or subsection (d) of this section, and any requirement established by or under section 902, 903, 905, or 909 which is inconsistent with a requirement imposed on such tobacco product under section 907, section 910, section 911, or subsection (d) of this section shall not apply to such tobacco product. The Secretary may by regulation impose restrictions on the advertising and promotion of a tobacco product consistent with and to full extent permitted by the first amendment to the Constitution. The finding as to whether such regulation would be appropriate for the protection of the public health shall be determined with respect to the risks and benefits to the population as a whole, including users and nonusers of the tobacco product, and taking into account—

"(A) the increased or decreased likelihood that existing users of tobacco products will stop using such products; and

"(ii) within 2 years after such date of enactment, issue regulations to address the promotion and marketing of tobacco products that are sold or distributed through means other than a direct, face-to-face exchange between a retailer and a consumer in order to protect individuals who have not attained the minimum age established by applicable law for the purchase of such products.

"(B) RELATION TO OTHER AUTHORITY.—Nothing in this paragraph limits the authority of the Secretary to take additional actions under the other paragraphs of this subsection.

"(e) GOOD MANUFACTURING PRACTICE REQUIREMENTS.—

"(1) METHODS, FACILITIES, AND CONTROLS TO CONFORM.—

"(A) IN GENERAL.—In applying manufacturing restrictions to tobacco, the Secretary shall, in accordance with subparagraph (B), prescribe regulations (which may differ based on the type of tobacco product involved) requiring that the methods used in, and the facilities and controls used for, the manufacture, preproduction design validation (including a process to assess the performance of a tobacco product), packing, and storage of a tobacco product conform to current good manufacturing practice, or hazard analysis and critical control point methodology, as prescribed in such regulations to assure that the public health is protected and that the tobacco product is in compliance with this chapter. Such regulations may provide for the testing of raw tobacco for pesticide chemical residues regardless of whether a tolerance for such chemical residues has been established. Regulations.

"(iii) provide the Tobacco Products Scientific Advisory Committee a reasonable time to make its recommendation with respect to proposed regulations under subparagraph (A);

"(iv) in establishing the effective date of a regulation promulgated under this subsection, take into account the differences in the manner in which the different types of tobacco products have historically been produced, the financial resources of the different tobacco product manufacturers, and the state of their existing manufacturing facilities, and shall provide for a reasonable period of time for such manufacturers to conform to good manufacturing practices; and

Compliance date.

"(v) not require any small tobacco product manufacturer to comply with a regulation under subparagraph (A) for at least 4 years following the effective date established by the Secretary for such regulation.

"(2) EXEMPTIONS; VARIANCES.—

Such a petition shall be submitted to the Secretary in such form and manner as the Secretary shall prescribe and shall—

"(ii) in the case of a petition for a variance from a requirement, set forth the methods proposed to be used in, and the facilities and controls proposed to be used for, the manufacture, packing, and storage of the tobacco product in lieu of the methods, facilities, and controls prescribed by the requirement; and

"(iii) contain such other information as the Secretary shall prescribe.

"(B) REFERRAL TO THE TOBACCO PRODUCTS SCIENTIFIC ADVISORY COMMITTEE.—The Secretary may refer to the Tobacco Products Scientific Advisory Committee any petition submitted under subparagraph (A). "(i) a petition for an exemption for a tobacco product from a requirement if the Secretary determines

that compliance with such requirement is not required to assure that the tobacco product will be in compliance with this chapter; and

"(ii) a petition for a variance for a tobacco product from a requirement if the Secretary determines that the methods to be used in, and the facilities and controls to be used for, the manufacture, packing, and storage of the tobacco product in lieu of the methods, facilities, and controls prescribed by the requirement are sufficient to assure that the tobacco product will be in compliance with this chapter.

"(D) CONDITIONS.—An order of the Secretary approving a petition for a variance shall prescribe such conditions respecting the methods used in, and the facilities and controls used for, the manufacture, packing, and storage of the tobacco product to be granted the variance under the petition as may be necessary to assure that the tobacco product will be in compliance with this chapter.

"(E) HEARING.—After the issuance of an order under subparagraph (B) respecting a petition, the petitioner shall have an opportunity for an informal hearing on such order.

"(3) COMPLIANCE.—Compliance with requirements under this subsection shall not be required before the end of the 3-year period following the date of enactment of the Family Smoking Prevention and Tobacco Control Act.

"(f) RESEARCH AND DEVELOPMENT.—The Secretary may enter into contracts for research, testing, and demonstrations respecting tobacco products and may obtain tobacco products for research, testing, and demonstration purposes.

"SEC. 907. TOBACCO PRODUCT STANDARDS.

21 USC 387g.

"(a) IN GENERAL.—

"(1) SPECIAL RULES.—

Effective dates.

"(A) SPECIAL RULE FOR CIGARETTES.—Beginning 3 months after the date of enactment of the Family Smoking Prevention and Tobacco Control Act, a cigarette or any of its component parts (including the tobacco, filter, or paper) shall not contain, as a constituent (including a smoke constituent) or additive, an artificial or natural flavor (other than tobacco or menthol) or an herb or spice, including strawberry, grape, orange, clove, cinnamon, pineapple, vanilla, coconut, licorice, cocoa, chocolate, cherry, or coffee, that is a characterizing flavor of the tobacco product or tobacco smoke. Nothing in this subparagraph shall be construed to limit the Secretary's authority to take action under this section or other sections of this Act applicable to menthol or any artificial or natural flavor, herb, or spice not specified in this subparagraph.

"(B) ADDITIONAL SPECIAL RULE.—Beginning 2 years after the date of enactment of the Family Smoking Prevention and Tobacco Control Act, a tobacco product manufacturer shall not use tobacco, including foreign grown tobacco, that contains a pesticide chemical residue that is at a level greater than is specified by any tolerance applicable under Federal law to domestically grown tobacco.

"(2) REVISION OF TOBACCO PRODUCT STANDARDS.—The Secretary may revise the tobacco product standards in paragraph (1) in accordance with subsection (c).

"(3) TOBACCO PRODUCT STANDARDS.—

"(A) IN GENERAL.—The Secretary may adopt tobacco product standards in addition to those in paragraph (1) if the Secretary finds that a tobacco product standard is appropriate for the protection of the public health.

"(B) DETERMINATIONS.—

"(i) CONSIDERATIONS.—In making a finding described in subparagraph (A), the Secretary shall consider scientific evidence concerning—

"(I) the risks and benefits to the population as a whole, including users and nonusers of tobacco products, of the proposed standard;

"(II) the increased or decreased likelihood that existing users of tobacco products will stop using such products; and

"(III) the increased or decreased likelihood that those who do not use tobacco products will start using such products.

"(ii) ADDITIONAL CONSIDERATIONS.—In the event that the Secretary makes a determination, set forth in a proposed tobacco product standard in a proposed rule, that it is appropriate for the protection of public health to require the reduction or elimination of an additive, constituent (including a smoke constituent), or other component of a tobacco product because the Secretary has found that the additive, constituent, or other component is or may be harmful, any party objecting to the proposed standard on the ground that the proposed standard will not reduce or eliminate the risk of illness or injury may provide for the Secretary's consideration scientific evidence that demonstrates that the proposed standard will not reduce or eliminate the risk of illness or injury.

"(4) CONTENT OF TOBACCO PRODUCT STANDARDS.—A tobacco product standard established under this section for a tobacco product—

"(A) shall include provisions that are appropriate for the protection of the public health, including provisions, where appropriate—

"(i) for nicotine yields of the product;

"(ii) for the reduction or elimination of other constituents, including smoke constituents, or harmful components of the product; or

"(iii) relating to any other requirement under subparagraph (B);

"(B) shall, where appropriate for the protection of the public health, include—

"(i) provisions respecting the construction, components, ingredients, additives, constituents, including smoke constituents, and properties of the tobacco product;

"(ii) provisions for the testing (on a sample basis or, if necessary, on an individual basis) of the tobacco product;

"(iii) provisions for the measurement of the tobacco product characteristics of the tobacco product;

"(iv) provisions requiring that the results of each or of certain of the tests of the tobacco product required to be made under clause (ii) show that the tobacco product is in conformity with the portions of the standard for which the test or tests were required; and

"(v) a provision requiring that the sale and distribution of the tobacco product be restricted but only to the extent that the sale and distribution of a tobacco product may be restricted under a regulation under section 906(d);

"(C) shall, where appropriate, require the use and prescribe the form and content of labeling for the proper use of the tobacco product; and

"(D) shall require tobacco products containing foreign-grown tobacco to meet the same standards applicable to tobacco products containing domestically grown tobacco.

"(5) PERIODIC REEVALUATION OF TOBACCO PRODUCT STANDARDS.—The Secretary shall provide for periodic evaluation of tobacco product standards established under this section to determine whether such standards should be changed to reflect new medical, scientific, or other technological data. The Secretary may provide for testing under paragraph (4)(B) by any person.

"(6) INVOLVEMENT OF OTHER AGENCIES; INFORMED PERSONS.—In carrying out duties under this section, the Secretary shall endeavor to—

"(A) use personnel, facilities, and other technical support available in other Federal agencies;

"(B) consult with other Federal agencies concerned with standard setting and other nationally or internationally recognized standard-setting entities; and

"(C) invite appropriate participation, through joint or other conferences, workshops, or other means, by informed persons representative of scientific, professional, industry, agricultural, or consumer organizations who in the Secretary's judgment can make a significant contribution.

"(b) CONSIDERATIONS BY SECRETARY.—

"(1) TECHNICAL ACHIEVABILITY.—The Secretary shall consider information submitted in connection with a proposed standard regarding the technical achievability of compliance with such standard.

"(2) OTHER CONSIDERATIONS.—The Secretary shall consider all other information submitted in connection with a proposed standard, including information concerning the countervailing effects of the tobacco product standard on the health of adolescent tobacco users, adult tobacco users, or nontobacco users, such as the creation of a significant demand for contraband or other tobacco products that do not meet the requirements of this chapter and the significance of such demand.

"(c) PROPOSED STANDARDS.—

"(1) IN GENERAL.—The Secretary shall publish in the Federal Register a notice of proposed rulemaking for the establishment, amendment, or revocation of any tobacco product standard.

Federal Register, publication. Notice.

"(2) REQUIREMENTS OF NOTICE.—A notice of proposed rulemaking for the establishment or amendment of a tobacco product standard for a tobacco product shall—

"(A) set forth a finding with supporting justification that the tobacco product standard is appropriate for the protection of the public health;

"(B) invite interested persons to submit a draft or proposed tobacco product standard for consideration by the Secretary;

"(C) invite interested persons to submit comments on structuring the standard so that it does not advantage foreign-grown tobacco over domestically grown tobacco; and

"(D) invite the Secretary of Agriculture to provide any information or analysis which the Secretary of Agriculture believes is relevant to the proposed tobacco product standard.

"(3) FINDING.—A notice of proposed rulemaking for the revocation of a tobacco product standard shall set forth a finding with supporting justification that the tobacco product standard is no longer appropriate for the protection of the public health.

"(4) COMMENT.—The Secretary shall provide for a comment period of not less than 60 days.

"(d) PROMULGATION.—

"(2) EFFECTIVE DATE.—A regulation establishing a tobacco product standard shall set forth the date or dates upon which the standard shall take effect, but no such regulation may take effect before 1 year after the date of its publication unless the Secretary determines that an earlier effective date is necessary for the protection of the public health. Such date or dates shall be established so as to minimize, consistent with the public health, economic loss to, and disruption or dislocation of, domestic and international trade. In establishing such effective date or dates, the Secretary shall consider information submitted in connection with a proposed product standard by interested parties, including manufacturers and tobacco growers, regarding the technical achievability of compliance with the standard, and including information concerning the existence of patents that make it impossible to comply in the timeframe envisioned in the proposed standard. If the Secretary determines, based on the Secretary's evaluation of submitted comments, that a product standard can be met only by manufacturers requiring substantial changes to the methods of farming the domestically grown tobacco used by the manufacturer, the

effective date of that product standard shall be not less than 2 years after the date of publication of the final regulation establishing the standard.

"(3) LIMITATION ON POWER GRANTED TO THE FOOD AND DRUG ADMINISTRATION.—Because of the importance of a decision of the Secretary to issue a regulation—

"(A) banning all cigarettes, all smokeless tobacco products, all little cigars, all cigars other than little cigars, all pipe tobacco, or all roll-your-own tobacco products; or

"(B) requiring the reduction of nicotine yields of a tobacco product to zero,

the Secretary is prohibited from taking such actions under this Act.

"(4) AMENDMENT; REVOCATION.—

"(A) AUTHORITY.—The Secretary, upon the Secretary's own initiative or upon petition of an interested person, may by a regulation, promulgated in accordance with the requirements of subsection (c) and paragraph (2), amend or revoke a tobacco product standard.

"(B) EFFECTIVE DATE.—The Secretary may declare a proposed amendment of a tobacco product standard to be effective on and after its publication in the Federal Register and until the effective date of any final action taken on such amendment if the Secretary determines that making it so effective is in the public interest.

"(5) REFERRAL TO ADVISORY COMMITTEE.—

"(A) IN GENERAL.—The Secretary may refer a proposed regulation for the establishment, amendment, or revocation of a tobacco product standard to the Tobacco Products Scientific Advisory Committee for a report and recommendation with respect to any matter involved in the proposed regulation which requires the exercise of scientific judgment.

"(B) INITIATION OF REFERRAL.—The Secretary may make a referral under this paragraph—

"(i) on the Secretary's own initiative; or

"(ii) upon the request of an interested person that—

"(I) demonstrates good cause for the referral; and

"(II) is made before the expiration of the period for submission of comments on the proposed regulation. Deadline.

"(C) PROVISION OF DATA.—If a proposed regulation is referred under this paragraph to the Tobacco Products Scientific Advisory Committee, the Secretary shall provide the Advisory Committee with the data and information on which such proposed regulation is based.

"(D) REPORT AND RECOMMENDATION.—The Tobacco Products Scientific Advisory Committee shall, within 60 days after the referral of a proposed regulation under this paragraph and after independent study of the data and information furnished to it by the Secretary and other data and information before it, submit to the Secretary a report and recommendation respecting such regulation, together with all underlying data and information and a statement of the reason or basis for the recommendation. Statement.

"(E) PUBLIC AVAILABILITY.—The Secretary shall make a copy of each report and recommendation under subparagraph (D) publicly available.

"(e) MENTHOL CIGARETTES.—

"(1) REFERRAL; CONSIDERATIONS.—Immediately upon the establishment of the Tobacco Products Scientific Advisory Committee under section 917(a), the Secretary shall refer to the Committee for report and recommendation, under section 917(c)(4), the issue of the impact of the use of menthol in cigarettes on the public health, including such use among children, African-Americans, Hispanics, and other racial and ethnic minorities. In its review, the Tobacco Products Scientific Advisory Committee shall address the considerations listed in subsections (a)(3)(B)(i) and (b).

"(2) REPORT AND RECOMMENDATION.—Not later than 1 year after its establishment, the Tobacco Product Scientific Advisory Committee shall submit to the Secretary the report and recommendations required pursuant to paragraph (1).

"(3) RULE OF CONSTRUCTION.—Nothing in this subsection shall be construed to limit the Secretary's authority to take action under this section or other sections of this Act applicable to menthol.

"(f) DISSOLVABLE TOBACCO PRODUCTS.—

"(1) REFERRAL; CONSIDERATIONS.—The Secretary shall refer to the Tobacco Products Scientific Advisory Committee for report and recommendation, under section 917(c)(4), the issue of the nature and impact of the use of dissolvable tobacco products on the public health, including such use among children. In its review, the Tobacco Products Scientific Advisory Committee shall address the considerations listed in subsection (a)(3)(B)(i).

"(2) REPORT AND RECOMMENDATION.—Not later than 2 years after its establishment, the Tobacco Product Scientific Advisory Committee shall submit to the Secretary the report and recommendations required pursuant to paragraph (1).

21 USC 387h.

"SEC. 908. NOTIFICATION AND OTHER REMEDIES.

"(a) NOTIFICATION.—If the Secretary determines that—

"(1) a tobacco product which is introduced or delivered for introduction into interstate commerce for commercial distribution presents an unreasonable risk of substantial harm to the public health; and

"(2) notification under this subsection is necessary to eliminate the unreasonable risk of such harm and no more practicable means is available under the provisions of this chapter (other than this section) to eliminate such risk,

the Secretary may issue such order as may be necessary to assure that adequate notification is provided in an appropriate form, by the persons and means best suited under the circumstances involved, to all persons who should properly receive such notification in order to eliminate such risk. The Secretary may order notification by any appropriate means, including public service announcements.

Before issuing an order under this subsection, the Secretary shall consult with the persons who are to give notice under the order. Consultation.

"(b) NO EXEMPTION FROM OTHER LIABILITY.—Compliance with an order issued under this section shall not relieve any person from liability under Federal or State law. In awarding damages for economic loss in an action brought for the enforcement of any such liability, the value to the plaintiff in such action of any remedy provided under such order shall be taken into account.

"(c) RECALL AUTHORITY.—

"(1) IN GENERAL.—If the Secretary finds that there is a reasonable probability that a tobacco product contains a manufacturing or other defect not ordinarily contained in tobacco products on the market that would cause serious, adverse health consequences or death, the Secretary shall issue an order requiring the appropriate person (including the manufacturers, importers, distributors, or retailers of the tobacco product) to immediately cease distribution of such tobacco product. The order shall provide the person subject to the order with an opportunity for an informal hearing, to be held not later than 10 days after the date of the issuance of the order, on the actions required by the order and on whether the order should be amended to require a recall of such tobacco product. If, after providing an opportunity for such a hearing, the Secretary determines that inadequate grounds exist to support the actions required by the order, the Secretary shall vacate the order. Order. Deadline.

"(2) AMENDMENT OF ORDER TO REQUIRE RECALL.—

"(A) IN GENERAL.—If, after providing an opportunity for an informal hearing under paragraph (1), the Secretary determines that the order should be amended to include a recall of the tobacco product with respect to which the order was issued, the Secretary shall, except as provided in subparagraph (B), amend the order to require a recall. The Secretary shall specify a timetable in which the tobacco product recall will occur and shall require periodic reports to the Secretary describing the progress of the recall. Timetable. Reports.

"(3) REMEDY NOT EXCLUSIVE.—The remedy provided by this subsection shall be in addition to remedies provided by subsection (a).

Regulations. 21 USC 387i.

"(a) IN GENERAL.—Every person who is a tobacco product manufacturer or importer of a tobacco product shall establish and maintain such records, make such reports, and provide such information, as the Secretary may by regulation reasonably require to assure

that such tobacco product is not adulterated or misbranded and to otherwise protect public health. Regulations prescribed under the preceding sentence—

"(1) may require a tobacco product manufacturer or importer to report to the Secretary whenever the manufacturer or importer receives or otherwise becomes aware of information that reasonably suggests that one of its marketed tobacco products may have caused or contributed to a serious unexpected adverse experience associated with the use of the product or any significant increase in the frequency of a serious, expected adverse product experience;

"(2) shall require reporting of other significant adverse tobacco product experiences as determined by the Secretary to be necessary to be reported;

"(3) shall not impose requirements unduly burdensome to a tobacco product manufacturer or importer, taking into account the cost of complying with such requirements and the need for the protection of the public health and the implementation of this chapter;

"(6) may not require that the identity of any patient or user be disclosed in records, reports, or information required under this subsection unless required for the medical welfare of an individual, to determine risks to public health of a tobacco product, or to verify a record, report, or information submitted under this chapter.

In prescribing regulations under this subsection, the Secretary shall have due regard for the professional ethics of the medical profession and the interests of patients. The prohibitions of paragraph (6) continue to apply to records, reports, and information concerning any individual who has been a patient, irrespective of whether or when he ceases to be a patient.

"(1) IN GENERAL.—Except as provided in paragraph (2), the Secretary shall by regulation require a tobacco product manufacturer or importer of a tobacco product to report promptly to the Secretary any corrective action taken or removal from the market of a tobacco product undertaken by such manufacturer or importer if the removal or correction was undertaken—

"(A) to reduce a risk to health posed by the tobacco product; or

"(B) to remedy a violation of this chapter caused by the tobacco product which may present a risk to health.

A tobacco product manufacturer or importer of a tobacco product who undertakes a corrective action or removal from the market of a tobacco product which is not required to be

reported under this subsection shall keep a record of such correction or removal.

"(2) EXCEPTION.—No report of the corrective action or removal of a tobacco product may be required under paragraph (1) if a report of the corrective action or removal is required and has been submitted under subsection (a).

"(2) PREMARKET REVIEW REQUIRED.—

"(A) NEW PRODUCTS.—An order under subsection (c)(1)(A)(i) for a new tobacco product is required unless—

"(i) the manufacturer has submitted a report under section 905(j); and the Secretary has issued an order that the tobacco product—

"(I) is substantially equivalent to a tobacco product commercially marketed (other than for test marketing) in the United States as of February 15, 2007; and

"(II) is in compliance with the requirements of this Act; or

"(ii) the tobacco product is exempt from the requirements of section 905(j) pursuant to a regulation issued under section 905(j)(3).

"(B) APPLICATION TO CERTAIN POST-FEBRUARY 15, 2007, PRODUCTS.—Subparagraph (A) shall not apply to a tobacco product—

"(i) that was first introduced or delivered for introduction into interstate commerce for commercial distribution in the United States after February 15, 2007, and prior to the date that is 21 months after the date of enactment of the Family Smoking Prevention and Tobacco Control Act; and

"(ii) for which a report was submitted under section 905(j) within such 21-month period,

except that subparagraph (A) shall apply to the tobacco product if the Secretary issues an order that the tobacco product is not substantially equivalent.

"(3) SUBSTANTIALLY EQUIVALENT DEFINED.—

"(A) IN GENERAL.—In this section and section 905(j), the term 'substantially equivalent' or 'substantial equivalence' means, with respect to the tobacco product being compared to the predicate tobacco product, that the Secretary by order has found that the tobacco product—

"(i) has the same characteristics as the predicate tobacco product; or

"(ii) has different characteristics and the information submitted contains information, including clinical data if deemed necessary by the Secretary, that demonstrates that it is not appropriate to regulate the product under this section because the product does not raise different questions of public health.

"(B) CHARACTERISTICS.—In subparagraph (A), the term 'characteristics' means the materials, ingredients, design, composition, heating source, or other features of a tobacco product.

"(C) LIMITATION.—A tobacco product may not be found to be substantially equivalent to a predicate tobacco product that has been removed from the market at the initiative of the Secretary or that has been determined by a judicial order to be misbranded or adulterated.

"(4) HEALTH INFORMATION.—

"(A) SUMMARY.—As part of a submission under section 905(j) respecting a tobacco product, the person required to file a premarket notification under such section shall provide an adequate summary of any health information related to the tobacco product or state that such information will be made available upon request by any person.

Public information. Deadline.

"(B) REQUIRED INFORMATION.—Any summary under subparagraph (A) respecting a tobacco product shall contain detailed information regarding data concerning adverse health effects and shall be made available to the public by the Secretary within 30 days of the issuance of a determination that such tobacco product is substantially equivalent to another tobacco product.

"(b) APPLICATION.—

"(1) CONTENTS.—An application under this section shall contain—

"(A) full reports of all information, published or known to, or which should reasonably be known to, the applicant, concerning investigations which have been made to show the health risks of such tobacco product and whether such tobacco product presents less risk than other tobacco products;

"(B) a full statement of the components, ingredients, additives, and properties, and of the principle or principles of operation, of such tobacco product;

"(C) a full description of the methods used in, and the facilities and controls used for, the manufacture, processing, and, when relevant, packing and installation of, such tobacco product;

"(D) an identifying reference to any tobacco product standard under section 907 which would be applicable to any aspect of such tobacco product, and either adequate information to show that such aspect of such tobacco product fully meets such tobacco product standard or adequate information to justify any deviation from such standard;

"(E) such samples of such tobacco product and of components thereof as the Secretary may reasonably require;

"(F) specimens of the labeling proposed to be used for such tobacco product; and

"(G) such other information relevant to the subject matter of the application as the Secretary may require.

"(2) REFERRAL TO TOBACCO PRODUCTS SCIENTIFIC ADVISORY COMMITTEE.—Upon receipt of an application meeting the requirements set forth in paragraph (1), the Secretary—

"(A) may, on the Secretary's own initiative; or

"(B) may, upon the request of an applicant,

refer such application to the Tobacco Products Scientific Advisory Committee for reference and for submission (within such period as the Secretary may establish) of a report and recommendation respecting the application, together with all underlying data and the reasons or basis for the recommendation.

"(c) ACTION ON APPLICATION.—

"(1) DEADLINE.—

"(A) IN GENERAL.—As promptly as possible, but in no event later than 180 days after the receipt of an application under subsection (b), the Secretary, after considering the report and recommendation submitted under subsection (b)(2), shall—

"(i) issue an order that the new product may be introduced or delivered for introduction into interstate commerce if the Secretary finds that none of the grounds specified in paragraph (2) of this subsection applies; or

"(ii) issue an order that the new product may not be introduced or delivered for introduction into interstate commerce if the Secretary finds (and sets forth the basis for such finding as part of or accompanying such denial) that 1 or more grounds for denial specified in paragraph (2) of this subsection apply.

"(B) RESTRICTIONS ON SALE AND DISTRIBUTION.—An order under subparagraph (A)(i) may require that the sale and distribution of the tobacco product be restricted but only to the extent that the sale and distribution of a tobacco product may be restricted under a regulation under section 906(d).

"(2) DENIAL OF APPLICATION.—The Secretary shall deny an application submitted under subsection (b) if, upon the basis of the information submitted to the Secretary as part of the application and any other information before the Secretary with respect to such tobacco product, the Secretary finds that—

"(A) there is a lack of a showing that permitting such tobacco product to be marketed would be appropriate for the protection of the public health;

"(B) the methods used in, or the facilities or controls used for, the manufacture, processing, or packing of such tobacco product do not conform to the requirements of section 906(e);

"(C) based on a fair evaluation of all material facts, the proposed labeling is false or misleading in any particular; or

"(D) such tobacco product is not shown to conform in all respects to a tobacco product standard in effect under

section 907, and there is a lack of adequate information to justify the deviation from such standard.

Statement.

"(3) DENIAL INFORMATION.—Any denial of an application shall, insofar as the Secretary determines to be practicable, be accompanied by a statement informing the applicant of the measures required to remove such application from deniable form (which measures may include further research by the applicant in accordance with 1 or more protocols prescribed by the Secretary).

"(4) BASIS FOR FINDING.—For purposes of this section, the finding as to whether the marketing of a tobacco product for which an application has been submitted is appropriate for the protection of the public health shall be determined with respect to the risks and benefits to the population as a whole, including users and nonusers of the tobacco product, and taking into account—

"(A) the increased or decreased likelihood that existing users of tobacco products will stop using such products; and

"(B) the increased or decreased likelihood that those who do not use tobacco products will start using such products.

"(5) BASIS FOR ACTION.—

"(A) INVESTIGATIONS.—For purposes of paragraph (2)(A), whether permitting a tobacco product to be marketed would be appropriate for the protection of the public health shall, when appropriate, be determined on the basis of well-controlled investigations, which may include 1 or more clinical investigations by experts qualified by training and experience to evaluate the tobacco product.

"(B) OTHER EVIDENCE.—If the Secretary determines that there exists valid scientific evidence (other than evidence derived from investigations described in subparagraph (A)) which is sufficient to evaluate the tobacco product, the Secretary may authorize that the determination for purposes of paragraph (2)(A) be made on the basis of such evidence.

"(d) WITHDRAWAL AND TEMPORARY SUSPENSION.—

Notice.
Hearings.

"(1) IN GENERAL.—The Secretary shall, upon obtaining, where appropriate, advice on scientific matters from the Tobacco Products Scientific Advisory Committee, and after due notice and opportunity for informal hearing for a tobacco product for which an order was issued under subsection (c)(1)(A)(i), issue an order withdrawing the order if the Secretary finds—

"(A) that the continued marketing of such tobacco product no longer is appropriate for the protection of the public health;

"(B) that the application contained or was accompanied by an untrue statement of a material fact;

"(C) that the applicant—

"(i) has failed to establish a system for maintaining records, or has repeatedly or deliberately failed to maintain records or to make reports, required by an applicable regulation under section 909;

"(ii) has refused to permit access to, or copying or verification of, such records as required by section 704; or

"(iii) has not complied with the requirements of section 905;

"(D) on the basis of new information before the Secretary with respect to such tobacco product, evaluated together with the evidence before the Secretary when the application was reviewed, that the methods used in, or the facilities and controls used for, the manufacture, processing, packing, or installation of such tobacco product do not conform with the requirements of section 906(e) and were not brought into conformity with such requirements within a reasonable time after receipt of written notice from the Secretary of nonconformity;

"(E) on the basis of new information before the Secretary, evaluated together with the evidence before the Secretary when the application was reviewed, that the labeling of such tobacco product, based on a fair evaluation of all material facts, is false or misleading in any particular and was not corrected within a reasonable time after receipt of written notice from the Secretary of such fact; or

"(F) on the basis of new information before the Secretary, evaluated together with the evidence before the Secretary when such order was issued, that such tobacco product is not shown to conform in all respects to a tobacco product standard which is in effect under section 907, compliance with which was a condition to the issuance of an order relating to the application, and that there is a lack of adequate information to justify the deviation from such standard.

"(2) APPEAL.—The holder of an application subject to an order issued under paragraph (1) withdrawing an order issued pursuant to subsection (c)(1)(A)(i) may, by petition filed on or before the 30th day after the date upon which such holder receives notice of such withdrawal, obtain review thereof in accordance with section 912.

"(3) TEMPORARY SUSPENSION.—If, after providing an opportunity for an informal hearing, the Secretary determines there is reasonable probability that the continuation of distribution of a tobacco product under an order would cause serious, adverse health consequences or death, that is greater than ordinarily caused by tobacco products on the market, the Secretary shall by order temporarily suspend the authority of the manufacturer to market the product. If the Secretary issues such an order, the Secretary shall proceed expeditiously under paragraph (1) to withdraw such application. Order.

"(e) SERVICE OF ORDER.—An order issued by the Secretary under this section shall be served—

"(1) in person by any officer or employee of the department designated by the Secretary; or

"(2) by mailing the order by registered mail or certified mail addressed to the applicant at the applicant's last known address in the records of the Secretary.

"(f) RECORDS.—

"(1) ADDITIONAL INFORMATION.—In the case of any tobacco product for which an order issued pursuant to subsection Reports.

(c)(1)(A)(i) for an application filed under subsection (b) is in effect, the applicant shall establish and maintain such records, and make such reports to the Secretary, as the Secretary may by regulation, or by order with respect to such application, prescribe on the basis of a finding that such records and reports are necessary in order to enable the Secretary to determine, or facilitate a determination of, whether there is or may be grounds for withdrawing or temporarily suspending such order.

"(2) ACCESS TO RECORDS.—Each person required under this section to maintain records, and each person in charge of custody thereof, shall, upon request of an officer or employee designated by the Secretary, permit such officer or employee at all reasonable times to have access to and copy and verify such records.

"(g) INVESTIGATIONAL TOBACCO PRODUCT EXEMPTION FOR INVESTIGATIONAL USE.—The Secretary may exempt tobacco products intended for investigational use from the provisions of this chapter under such conditions as the Secretary may by regulation prescribe.

21 USC 387k.

"SEC. 911. MODIFIED RISK TOBACCO PRODUCTS.

"(a) IN GENERAL.—No person may introduce or deliver for introduction into interstate commerce any modified risk tobacco product unless an order issued pursuant to subsection (g) is effective with respect to such product.

"(b) DEFINITIONS.—In this section:

"(1) MODIFIED RISK TOBACCO PRODUCT.—The term 'modified risk tobacco product' means any tobacco product that is sold or distributed for use to reduce harm or the risk of tobacco-related disease associated with commercially marketed tobacco products.

"(2) SOLD OR DISTRIBUTED.—

"(A) IN GENERAL.—With respect to a tobacco product, the term 'sold or distributed for use to reduce harm or the risk of tobacco-related disease associated with commercially marketed tobacco products' means a tobacco product—

"(i) the label, labeling, or advertising of which represents explicitly or implicitly that—

"(I) the tobacco product presents a lower risk of tobacco-related disease or is less harmful than one or more other commercially marketed tobacco products;

"(II) the tobacco product or its smoke contains a reduced level of a substance or presents a reduced exposure to a substance; or

"(III) the tobacco product or its smoke does not contain or is free of a substance;

"(ii) the label, labeling, or advertising of which uses the descriptors 'light', 'mild', or 'low' or similar descriptors; or

"(iii) the tobacco product manufacturer of which has taken any action directed to consumers through the media or otherwise, other than by means of the tobacco product's label, labeling, or advertising, after the date of enactment of the Family Smoking Prevention and Tobacco Control Act, respecting the product

that would be reasonably expected to result in consumers believing that the tobacco product or its smoke may present a lower risk of disease or is less harmful than one or more commercially marketed tobacco products, or presents a reduced exposure to, or does not contain or is free of, a substance or substances.

"(B) LIMITATION.—No tobacco product shall be considered to be 'sold or distributed for use to reduce harm or the risk of tobacco-related disease associated with commercially marketed tobacco products', except as described in subparagraph (A).

"(C) SMOKELESS TOBACCO PRODUCT.—No smokeless tobacco product shall be considered to be 'sold or distributed for use to reduce harm or the risk of tobacco-related disease associated with commercially marketed tobacco products' solely because its label, labeling, or advertising uses the following phrases to describe such product and its use: 'smokeless tobacco', 'smokeless tobacco product', 'not consumed by smoking', 'does not produce smoke', 'smokefree', 'smoke-free', 'without smoke', 'no smoke', or 'not smoke'.

"(3) EFFECTIVE DATE.—The provisions of paragraph (2)(A)(ii) shall take effect 12 months after the date of enactment of the Family Smoking Prevention and Tobacco Control Act for those products whose label, labeling, or advertising contains the terms described in such paragraph on such date of enactment. The effective date shall be with respect to the date of manufacture, provided that, in any case, beginning 30 days after such effective date, a manufacturer shall not introduce into the domestic commerce of the United States any product, irrespective of the date of manufacture, that is not in conformance with paragraph (2)(A)(ii).

"(c) TOBACCO DEPENDENCE PRODUCTS.—A product that is intended to be used for the treatment of tobacco dependence, including smoking cessation, is not a modified risk tobacco product under this section if it has been approved as a drug or device by the Food and Drug Administration and is subject to the requirements of chapter V.

"(d) FILING.—Any person may file with the Secretary an application for a modified risk tobacco product. Such application shall include—

"(1) a description of the proposed product and any proposed advertising and labeling;

"(2) the conditions for using the product;

"(3) the formulation of the product;

"(4) sample product labels and labeling;

"(5) all documents (including underlying scientific information) relating to research findings conducted, supported, or possessed by the tobacco product manufacturer relating to the effect of the product on tobacco-related diseases and health-related conditions, including information both favorable and unfavorable to the ability of the product to reduce risk or exposure and relating to human health;

"(6) data and information on how consumers actually use the tobacco product; and

"(7) such other information as the Secretary may require.

"(e) PUBLIC AVAILABILITY.—The Secretary shall make the application described in subsection (d) publicly available (except Comment period.

matters in the application which are trade secrets or otherwise confidential, commercial information) and shall request comments by interested persons on the information contained in the application and on the label, labeling, and advertising accompanying such application.

"(f) ADVISORY COMMITTEE.—

"(1) IN GENERAL.—The Secretary shall refer to the Tobacco Products Scientific Advisory Committee any application submitted under this section.

Deadline. Reports.

"(2) RECOMMENDATIONS.—Not later than 60 days after the date an application is referred to the Tobacco Products Scientific Advisory Committee under paragraph (1), the Advisory Committee shall report its recommendations on the application to the Secretary.

"(g) MARKETING.—

Order.

"(1) MODIFIED RISK PRODUCTS.—Except as provided in paragraph (2), the Secretary shall, with respect to an application submitted under this section, issue an order that a modified risk product may be commercially marketed only if the Secretary determines that the applicant has demonstrated that such product, as it is actually used by consumers, will—

"(A) significantly reduce harm and the risk of tobacco-related disease to individual tobacco users; and

"(B) benefit the health of the population as a whole taking into account both users of tobacco products and persons who do not currently use tobacco products.

"(2) SPECIAL RULE FOR CERTAIN PRODUCTS.—

"(A) IN GENERAL.—The Secretary may issue an order that a tobacco product may be introduced or delivered for introduction into interstate commerce, pursuant to an application under this section, with respect to a tobacco product that may not be commercially marketed under paragraph (1) if the Secretary makes the findings required under this paragraph and determines that the applicant has demonstrated that—

"(i) such order would be appropriate to promote the public health;

"(ii) any aspect of the label, labeling, and advertising for such product that would cause the tobacco product to be a modified risk tobacco product under subsection (b) is limited to an explicit or implicit representation that such tobacco product or its smoke does not contain or is free of a substance or contains a reduced level of a substance, or presents a reduced exposure to a substance in tobacco smoke;

"(iii) scientific evidence is not available and, using the best available scientific methods, cannot be made available without conducting long-term epidemiological studies for an application to meet the standards set forth in paragraph (1); and

"(iv) the scientific evidence that is available without conducting long-term epidemiological studies demonstrates that a measurable and substantial reduction in morbidity or mortality among individual tobacco users is reasonably likely in subsequent studies.

"(B) ADDITIONAL FINDINGS REQUIRED.—To issue an order under subparagraph (A) the Secretary must also find that the applicant has demonstrated that—

"(i) the magnitude of the overall reductions in exposure to the substance or substances which are the subject of the application is substantial, such substance or substances are harmful, and the product as actually used exposes consumers to the specified reduced level of the substance or substances;

"(ii) the product as actually used by consumers will not expose them to higher levels of other harmful substances compared to the similar types of tobacco products then on the market unless such increases are minimal and the reasonably likely overall impact of use of the product remains a substantial and measurable reduction in overall morbidity and mortality among individual tobacco users;

"(iii) testing of actual consumer perception shows that, as the applicant proposes to label and market the product, consumers will not be misled into believing that the product—

"(I) is or has been demonstrated to be less harmful; or

"(II) presents or has been demonstrated to present less of a risk of disease than 1 or more other commercially marketed tobacco products; and

"(iv) issuance of an order with respect to the application is expected to benefit the health of the population as a whole taking into account both users of tobacco products and persons who do not currently use tobacco products.

"(C) CONDITIONS OF MARKETING.—

"(i) IN GENERAL.—Applications subject to an order under this paragraph shall be limited to a term of not more than 5 years, but may be renewed upon a finding by the Secretary that the requirements of this paragraph continue to be satisfied based on the filing of a new application.

"(ii) AGREEMENTS BY APPLICANT.—An order under this paragraph shall be conditioned on the applicant's agreement to conduct postmarket surveillance and studies and to submit to the Secretary the results of such surveillance and studies to determine the impact of the order on consumer perception, behavior, and health and to enable the Secretary to review the accuracy of the determinations upon which the order was based in accordance with a protocol approved by the Secretary. Study.

"(iii) ANNUAL SUBMISSION.—The results of such postmarket surveillance and studies described in clause (ii) shall be submitted annually.

"(3) BASIS.—The determinations under paragraphs (1) and (2) shall be based on—

"(A) the scientific evidence submitted by the applicant; and

"(B) scientific evidence and other information that is made available to the Secretary.

"(4) BENEFIT TO HEALTH OF INDIVIDUALS AND OF POPULATION AS A WHOLE.—In making the determinations under paragraphs (1) and (2), the Secretary shall take into account—

"(A) the relative health risks to individuals of the tobacco product that is the subject of the application;

"(B) the increased or decreased likelihood that existing users of tobacco products who would otherwise stop using such products will switch to the tobacco product that is the subject of the application;

"(C) the increased or decreased likelihood that persons who do not use tobacco products will start using the tobacco product that is the subject of the application;

"(D) the risks and benefits to persons from the use of the tobacco product that is the subject of the application as compared to the use of products for smoking cessation approved under chapter V to treat nicotine dependence; and

"(E) comments, data, and information submitted by interested persons.

"(h) ADDITIONAL CONDITIONS FOR MARKETING.—

"(1) MODIFIED RISK PRODUCTS.—The Secretary shall require for the marketing of a product under this section that any advertising or labeling concerning modified risk products enable the public to comprehend the information concerning modified risk and to understand the relative significance of such information in the context of total health and in relation to all of the diseases and health-related conditions associated with the use of tobacco products.

"(2) COMPARATIVE CLAIMS.—

"(A) IN GENERAL.—The Secretary may require for the marketing of a product under this subsection that a claim comparing a tobacco product to 1 or more other commercially marketed tobacco products shall compare the tobacco product to a commercially marketed tobacco product that is representative of that type of tobacco product on the market (for example the average value of the top 3 brands of an established regular tobacco product).

"(B) QUANTITATIVE COMPARISONS.—The Secretary may also require, for purposes of subparagraph (A), that the percent (or fraction) of change and identity of the reference tobacco product and a quantitative comparison of the amount of the substance claimed to be reduced shall be stated in immediate proximity to the most prominent claim.

"(3) LABEL DISCLOSURE.—

"(A) IN GENERAL.—The Secretary may require the disclosure on the label of other substances in the tobacco product, or substances that may be produced by the consumption of that tobacco product, that may affect a disease or health-related condition or may increase the risk of other diseases or health-related conditions associated with the use of tobacco products.

"(B) CONDITIONS OF USE.—If the conditions of use of the tobacco product may affect the risk of the product to human health, the Secretary may require the labeling of conditions of use.

"(4) TIME.—An order issued under subsection (g)(1) shall be effective for a specified period of time.

"(5) ADVERTISING.—The Secretary may require, with respect to a product for which an applicant obtained an order under subsection (g)(1), that the product comply with requirements relating to advertising and promotion of the tobacco product.

"(i) POSTMARKET SURVEILLANCE AND STUDIES.—

"(1) IN GENERAL.—The Secretary shall require, with respect to a product for which an applicant obtained an order under subsection (g)(1), that the applicant conduct postmarket surveillance and studies for such a tobacco product to determine the impact of the order issuance on consumer perception, behavior, and health, to enable the Secretary to review the accuracy of the determinations upon which the order was based, and to provide information that the Secretary determines is otherwise necessary regarding the use or health risks involving the tobacco product. The results of postmarket surveillance and studies shall be submitted to the Secretary on an annual basis. Deadline.

"(2) SURVEILLANCE PROTOCOL.—Each applicant required to conduct a surveillance of a tobacco product under paragraph (1) shall, within 30 days after receiving notice that the applicant is required to conduct such surveillance, submit, for the approval of the Secretary, a protocol for the required surveillance. The Secretary, within 60 days of the receipt of such protocol, shall determine if the principal investigator proposed to be used in the surveillance has sufficient qualifications and experience to conduct such surveillance and if such protocol will result in collection of the data or other information designated by the Secretary as necessary to protect the public health. Deadlines. Notice.

"(j) WITHDRAWAL OF AUTHORIZATION.—The Secretary, after an opportunity for an informal hearing, shall withdraw an order under subsection (g) if the Secretary determines that— Hearings.

"(1) the applicant, based on new information, can no longer make the demonstrations required under subsection (g), or the Secretary can no longer make the determinations required under subsection (g);

"(2) the application failed to include material information or included any untrue statement of material fact;

"(3) any explicit or implicit representation that the product reduces risk or exposure is no longer valid, including if—

"(A) a tobacco product standard is established pursuant to section 907;

"(B) an action is taken that affects the risks presented by other commercially marketed tobacco products that were compared to the product that is the subject of the application; or

"(C) any postmarket surveillance or studies reveal that the order is no longer consistent with the protection of the public health;

"(4) the applicant failed to conduct or submit the postmarket surveillance and studies required under subsection (g)(2)(C)(ii) or subsection (i); or

"(5) the applicant failed to meet a condition imposed under subsection (h).

"(k) CHAPTER IV OR V.—A product for which the Secretary has issued an order pursuant to subsection (g) shall not be subject to chapter IV or V.

"(l) IMPLEMENTING REGULATIONS OR GUIDANCE.—

Deadline.

"(1) SCIENTIFIC EVIDENCE.—Not later than 2 years after the date of enactment of the Family Smoking Prevention and Tobacco Control Act, the Secretary shall issue regulations or guidance (or any combination thereof) on the scientific evidence required for assessment and ongoing review of modified risk tobacco products. Such regulations or guidance shall—

"(A) to the extent that adequate scientific evidence exists, establish minimum standards for scientific studies needed prior to issuing an order under subsection (g) to show that a substantial reduction in morbidity or mortality among individual tobacco users occurs for products described in subsection (g)(1) or is reasonably likely for products described in subsection (g)(2);

"(B) include validated biomarkers, intermediate clinical endpoints, and other feasible outcome measures, as appropriate;

"(C) establish minimum standards for postmarket studies, that shall include regular and long-term assessments of health outcomes and mortality, intermediate clinical endpoints, consumer perception of harm reduction, and the impact on quitting behavior and new use of tobacco products, as appropriate;

"(D) establish minimum standards for required postmarket surveillance, including ongoing assessments of consumer perception;

"(E) require that data from the required studies and surveillance be made available to the Secretary prior to the decision on renewal of a modified risk tobacco product; and

"(F) establish a reasonable timetable for the Secretary to review an application under this section.

Deadline.

"(4) NEW TOBACCO PRODUCTS.—Not later than 2 years after the date of enactment of the Family Smoking Prevention and Tobacco Control Act, the Secretary shall issue a regulation or guidance that permits the filing of a single application for any tobacco product that is a new tobacco product under section 910 and which the applicant seeks to commercially market under this section.

"(m) DISTRIBUTORS.—Except as provided in this section, no distributor may take any action, after the date of enactment of the Family Smoking Prevention and Tobacco Control Act, with respect to a tobacco product that would reasonably be expected to result in consumers believing that the tobacco product or its smoke may present a lower risk of disease or is less harmful

than one or more commercially marketed tobacco products, or presents a reduced exposure to, or does not contain or is free of, a substance or substances.

Subject to paragraph (1), the end of the first year of such 4-year period shall coincide with the initial date of compliance under this section set by the Secretary with respect to manufacturers that are not small tobacco product manufacturers or the end of the 2-year period following the final promulgation of such regulations, as described in paragraph (1)(A). A small tobacco product manufacturer shall be required—

"(ii) to conduct such testing and reporting for its largest-selling tobacco products (as determined by the Secretary) before its other tobacco products, or in such other order of priority as determined by the Secretary.

"(B) CASE-BY-CASE DELAY.—Notwithstanding subparagraph (A), the Secretary may, on a case-by-case basis, delay the date by which an individual small tobacco product manufacturer must conduct testing and reporting for its tobacco products under this section based upon a showing of undue hardship to such manufacturer. "(4) JOINT LABORATORY TESTING SERVICES.—The Secretary shall allow any 2 or more small tobacco product manufacturers to join together to purchase laboratory testing services required by this section on a group basis in order to ensure that such manufacturers receive access to, and fair pricing of, such testing services.

"(2) CONDITIONS.—Notwithstanding the requirements of this section, the Secretary may delay the date by which a small tobacco product manufacturer must be in compliance with the testing and reporting required by this section until such time as the testing is reported if, not later than 90 days before the deadline for reporting in accordance with this section, a small tobacco product manufacturer provides evidence to the Secretary demonstrating that—

"(A) the manufacturer has submitted the required products for testing to a laboratory and has done so sufficiently in advance of the deadline to create a reasonable expectation of completion by the deadline;

"(B) the products currently are awaiting testing by the laboratory; and

"(C) neither that laboratory nor any other laboratory is able to complete testing by the deadline at customary, nonexpedited testing fees.

"(3) EXTENSION.—The Secretary, taking into account the laboratory testing capacity that is available to tobacco product manufacturers, shall review and verify the evidence submitted by a small tobacco product manufacturer in accordance with paragraph (2). If the Secretary finds that the conditions described in such paragraph are met, the Secretary shall notify

If, however, the Secretary has not made a finding before the reporting deadline, the manufacturer shall not be considered to be in violation of such requirements until the Secretary finds that the conditions described in paragraph (2) have not been met, or until 1 year after the reporting deadline, whichever occurs sooner.

"(4) ADDITIONAL EXTENSION.—In addition to the time that may be provided under paragraph (3), the Secretary may provide further extensions of time, in increments of no more than 1 year, for required testing and reporting to occur if the Secretary determines, based on evidence properly and timely submitted by a small tobacco product manufacturer in accordance with paragraph (2), that a lack of available laboratory capacity prevents the manufacturer from completing the required testing during the period described in paragraph (3).

"(f) RULE OF CONSTRUCTION.—Nothing in subsection (d) or (e) shall be construed to authorize the extension of any deadline, or to otherwise affect any timeframe, under any provision of this Act or the Family Smoking Prevention and Tobacco Control Act other than this section.

[H.J. Res. 40]

To honor the achievements and contributions of Native Americans to the United States, and for other purposes.

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,

Native American Heritage Day Act of 2009.

SECTION 1. SHORT TITLE.

This Act may be cited as the "Native American Heritage Day Act of 2009".

SEC. 2. FINDINGS.

Congress finds that—

(1) Native Americans are the descendants of the aboriginal, indigenous, native people who were the original inhabitants of and who governed the lands that now constitute the United States;

(2) Native Americans have volunteered to serve in the United States Armed Forces and have served with valor in all of the Nation's military actions from the Revolutionary War through the present day, and in most of those actions, more Native Americans per capita served in the Armed Forces than any other group of Americans;

(3) Native American tribal governments included the fundamental principles of freedom of speech and separation of governmental powers;

(4) Native Americans have made distinct and significant contributions to the United States and the rest of the world in many fields, including agriculture, medicine, music, language, and art, and Native Americans have distinguished themselves as inventors, entrepreneurs, spiritual leaders, and scholars;

(5) Native Americans should be recognized for their contributions to the United States as local and national leaders, artists, athletes, and scholars;

(6) nationwide recognition of the contributions that Native Americans have made to the fabric of American society will afford an opportunity for all Americans to demonstrate their respect and admiration of Native Americans for their important contributions to the political, cultural, and economic life of the United States;

(7) nationwide recognition of the contributions that Native Americans have made to the Nation will encourage self-esteem, pride, and self-awareness in Native Americans of all ages;

(8) designation of the Friday following Thanksgiving of each year as Native American Heritage Day will underscore

the government-to-government relationship between the United States and Native American governments;

(9) designation of Native American Heritage Day will encourage public elementary and secondary schools in the United States to enhance understanding of Native Americans by providing curricula and classroom instruction focusing on the achievements and contributions of Native Americans to the Nation; and

(10) the Friday immediately succeeding Thanksgiving Day of each year would be an appropriate day to designate as Native American Heritage Day.

SEC. 3. HONORING NATIVE AMERICAN HERITAGE IN THE UNITED STATES.

Congress encourages the people of the United States, as well as Federal, State, and local governments, and interested groups and organizations to honor Native Americans, with activities relating to—

(1) appropriate programs, ceremonies, and activities to observe Native American Heritage Day;

(2) the historical status of Native American tribal governments as well as the present day status of Native Americans;

(3) the cultures, traditions, and languages of Native Americans; and

Public Law 111–40
111th Congress

An Act

July 1, 2009
[S. 614]

To award a Congressional Gold Medal to the Women Airforce Service Pilots ("WASP").

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

31 USC 5111 note.

SECTION 1. FINDINGS.

Congress finds that—

(1) the Women Airforce Service Pilots of WWII, known as the "WASP", were the first women in history to fly American military aircraft;

(2) more than 60 years ago, they flew fighter, bomber, transport, and training aircraft in defense of America's freedom;

(3) they faced overwhelming cultural and gender bias against women in nontraditional roles and overcame multiple injustices and inequities in order to serve their country;

(4) through their actions, the WASP eventually were the catalyst for revolutionary reform in the integration of women pilots into the Armed Services;

(5) during the early months of World War II, there was a severe shortage of combat pilots;

(6) Jacqueline Cochran, America's leading woman pilot of the time, convinced General Hap Arnold, Chief of the Army Air Forces, that women, if given the same training as men, would be equally capable of flying military aircraft and could then take over some of the stateside military flying jobs, thereby releasing hundreds of male pilots for combat duty;

(7) the severe loss of male combat pilots made the necessity of utilizing women pilots to help in the war effort clear to General Arnold, and a women's pilot training program was soon approved;

(8) it was not until August 1943, that the women aviators would receive their official name;

(9) General Arnold ordered that all women pilots flying military aircraft, including 28 civilian women ferry pilots, would be named "WASP", Women Airforce Service Pilots;

(10) more than 25,000 American women applied for training, but only 1,830 were accepted and took the oath;

(11) exactly 1,074 of those trainees successfully completed the 21 to 27 weeks of Army Air Forces flight training, graduated, and received their Army Air Forces orders to report to their assigned air base;

(12) on November 16, 1942, the first class of 29 women pilots reported to the Houston, Texas Municipal Airport and

began the same military flight training as the male Army Air Forces cadets were taking;

(13) due to a lack of adequate facilities at the airport, 3 months later the training program was moved to Avenger Field in Sweetwater, Texas;

(14) WASP were eventually stationed at 120 Army air bases all across America;

(15) they flew more than 60,000,000 miles for their country in every type of aircraft and on every type of assignment flown by the male Army Air Forces pilots, except combat;

(16) WASP assignments included test piloting, instructor piloting, towing targets for air-to-air gunnery practice, ground-to-air anti-aircraft practice, ferrying, transporting personnel and cargo (including parts for the atomic bomb), simulated strafing, smoke laying, night tracking, and flying drones;

(17) in October 1943, male pilots were refusing to fly the B–26 Martin Marauder (known as the "Widowmaker") because of its fatality records, and General Arnold ordered WASP Director, Jacqueline Cochran, to select 25 WASP to be trained to fly the B–26 to prove to the male pilots that it was safe to fly;

(18) during the existence of the WASP—

(A) 38 women lost their lives while serving their country;

(B) their bodies were sent home in poorly crafted pine boxes;

(C) their burial was at the expense of their families or classmates;

(D) there were no gold stars allowed in their parents' windows; and

(E) because they were not considered military, no American flags were allowed on their coffins;

(19) in 1944, General Arnold made a personal request to Congress to militarize the WASP, and it was denied;

(20) on December 7, 1944, in a speech to the last graduating class of WASP, General Arnold said, "You and more than 900 of your sisters have shown you can fly wingtip to wingtip with your brothers. I salute you . . . We of the Army Air Force are proud of you. We will never forget our debt to you.";

(21) with victory in WWII almost certain, on December 20, 1944, the WASP were quietly and unceremoniously disbanded;

(22) there were no honors, no benefits, and very few "thank you's";

(23) just as they had paid their own way to enter training, they had to pay their own way back home after their honorable service to the military;

(24) the WASP military records were immediately sealed, stamped "classified" or "secret", and filed away in Government archives, unavailable to the historians who wrote the history of WWII or the scholars who compiled the history text books used today, with many of the records not declassified until the 1980s;

(25) consequently, the WASP story is a missing chapter in the history of the Air Force, the history of aviation, and the history of the United States of America;

(26) in 1977, 33 years after the WASP were disbanded, the Congress finally voted to give the WASP the veteran status they had earned, but these heroic pilots were not invited to the signing ceremony at the White House, and it was not until 7 years later that their medals were delivered in the mail in plain brown envelopes;

(27) in the late 1970s, more than 30 years after the WASP flew in World War II, women were finally permitted to attend military pilot training in the United States Armed Forces;

(28) thousands of women aviators flying support aircraft have benefitted from the service of the WASP and followed in their footsteps;

(29) in 1993, the WASP were once again referenced during congressional hearings regarding the contributions that women could make to the military, which eventually led to women being able to fly military fighter, bomber, and attack aircraft in combat;

(30) hundreds of United States servicewomen combat pilots have seized the opportunity to fly fighter aircraft in recent conflicts, all thanks to the pioneering steps taken by the WASP;

(31) the WASP have maintained a tight-knit community, forged by the common experiences of serving their country during war;

(32) as part of their desire to educate America on the WASP history, WASP have assisted "Wings Across America", an organization dedicated to educating the American public, with much effort aimed at children, about the remarkable accomplishments of these WWII veterans; and

(33) the WASP have been honored with exhibits at numerous museums, to include—

(A) the Smithsonian Institution, Washington, DC;

(B) the Women in Military Service to America Memorial at Arlington National Cemetery, Arlington, Virginia;

(C) the National Museum of the United States Air Force, Wright Patterson Air Force Base, Ohio;

(D) the National WASP WWII Museum, Sweetwater, Texas;

(E) the 8th Air Force Museum, Savannah, Georgia;

(F) the Lone Star Flight Museum, Galveston, Texas;

(G) the American Airpower Museum, Farmingdale, New York;

(H) the Pima Air Museum, Tucson, Arizona;

(I) the Seattle Museum of Flight, Seattle, Washington;

(J) the March Air Museum, March Reserve Air Base, California; and

(K) the Texas State History Museum, Austin, Texas.

Joint Resolution

Aug. 19, 2009
[H.J. Res. 44]

Recognizing the service, sacrifice, honor, and professionalism of the Noncommissioned Officers of the United States Army.

Whereas the Noncommissioned Officer ranks, namely corporals and sergeants, date back more than 230 years in United States Army history, beginning with the birth of the Continental Army in 1775 and highlighted in the westward expansion of the United States, the Civil War, World War I, World War II, the Korean Conflict, the Vietnam Conflict, the liberation of Kuwait, and the current Global War on Terror;

Whereas Noncommissioned Officers are accomplished military professionals who have combined civilian and military education opportunities to become the Army's preeminent body of leadership;

Whereas Noncommissioned Officers are the "backbone of the American Army" and are the standard keepers for the Army in the training, leading, coaching, and mentoring of soldiers;

Whereas Noncommissioned Officers have provided invaluable service and have made great sacrifices in the line of duty, a virtue held most high, and they have continually proven their dedication and a willingness to make great sacrifices on behalf of the United States;

Whereas Noncommissioned Officers recognize their role in training young soldiers to become future leaders, and they also recognize that an important part of their job is caring and looking out for the welfare of junior enlisted members and their families;

Whereas Noncommissioned Officers are the "eyes and ears" of the commander, and have a well-earned reputation for having operational and strategic awareness to interpret and issue orders as necessary within their duties and in the absence of commissioned officers; and

Whereas the United States Army is an institution rich in cultural, ethnic, and gender diversity, and Noncommissioned Officers are outstanding role models for all Americans and are exemplary representatives of the moral character and strength of the United States: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That Congress—

(1) recognizes the service, sacrifice, honor, and professionalism of the Noncommissioned Officers of the United States Army;

(2) expresses its deepest appreciation to the Noncommissioned Officers of the Army who serve or have served in defense of the United States; and

(3) encourages the people of the United States to recognize, commemorate, and honor the role and contribution of Noncommissioned Officers, past and present, in defense of the United States.

Joint Resolution

Aug. 19, 2009
[S.J. Res. 19]

Granting the consent and approval of Congress to amendments made by the State of Maryland, the Commonwealth of Virginia, and the District of Columbia to the Washington Metropolitan Area Transit Regulation Compact.

Whereas Congress in title VI of the Passenger Rail Investment and Improvement Act of 2008 (section 601, Public Law 110–432) authorized the Secretary of Transportation to make grants to the Washington Metropolitan Area Transit Authority subject to certain conditions, including that no amounts may be provided until specified amendments to the Washington Metropolitan Area Transit Regulation Compact have taken effect;

Whereas legislation enacted by the State of Maryland (Chapter 111, 2009 Laws of the Maryland General Assembly), the Commonwealth of Virginia (Chapter 771, 2009 Acts of Assembly of Virginia), and the District of Columbia (D.C. Act 18–0095) contain the amendments to the Washington Metropolitan Area Transit Regulation Compact specified by the Passenger Rail Investment and Improvement Act of 2008 (section 601, Public Law 110–432); and

Whereas the consent of Congress is required in order to implement such amendments: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. CONSENT OF CONGRESS TO COMPACT AMENDMENTS.

(a) CONSENT.—Consent of Congress is given to the amendments of the State of Maryland, the amendments of the Commonwealth of Virginia, and the amendments of the District of Columbia to sections 5, 9 and 18 of title III of the Washington Metropolitan Area Transit Regulation Compact.

(1) Section 5 is amended to read as follows:

"(a) The Authority shall be governed by a Board of eight Directors consisting of two Directors for each Signatory and two for the federal government (one of whom shall be a regular passenger and customer of the bus or rail service of the Authority). For Virginia, the Directors shall be appointed by the Northern Virginia Transportation Commission; for the District of Columbia, by the Council of the District of Columbia; for Maryland, by the Washington Suburban Transit Commission; and for the Federal Government, by the Administrator of General Services. For Virginia and Maryland, the Directors shall be appointed from among the members of the appointing body, except as otherwise provided herein,

and shall serve for a term coincident with their term on the appointing body. A Director for a Signatory may be removed or suspended from office only as provided by the law of the Signatory from which he was appointed. The nonfederal appointing authorities shall also appoint an alternate for each Director. In addition, the Administrator of General Services shall also appoint two nonvoting members who shall serve as the alternates for the federal Directors. An alternate Director may act only in the absence of the Director for whom he has been appointed an alternate, except that, in the case of the District of Columbia where only one Director and his alternate are present, such alternate may act on behalf of the absent Director. Each alternate, including the federal nonvoting Directors, shall serve at the pleasure of the appointing authority. In the event of a vacancy in the Office of Director or alternate, it shall be filled in the same manner as an original appointment.

"(b) Before entering upon the duties of his office each Director and alternate Director shall take and subscribe to the following oath (or affirmation) of office or any such other oath or affirmation, if any, as the constitution or laws of the Government he represents shall provide: 'I, , hereby solemnly swear (or affirm) that I will support and defend the Constitution of the United States and the Constitution and laws of the state or political jurisdiction from which I was appointed as a director (alternate director) of the Board of Washington Metropolitan Area Transit Authority and will faithfully discharge the duties of the office upon which I am about to enter.'".

(2) Subsection (a) of section 9 is amended to read as follows:

"(a) The officers of the Authority, none of whom shall be members of the Board, shall consist of a general manager, a secretary, a treasurer, a comptroller, an inspector general, and a general counsel and such other officers as the Board may provide. Except for the office of general manager, inspector general, and comptroller, the Board may consolidate any of such other offices in one person. All such officers shall be appointed and may be removed by the Board, shall serve at the pleasure of the Board and shall perform such duties and functions as the Board shall specify. The Board shall fix and determine the compensation to be paid to all officers and, except for the general manager who shall be a full-time employee, all other officers may be hired on a full-time or part-time basis and may be compensated on a salary or fee basis, as the Board may determine. All employees and such officers as the Board may designate shall be appointed and removed by the general manager under such rules of procedure and standards as the Board may determine.".

(3) Section 9 is further amended by inserting new subsection (d) to read as follows (and by renumbering all subsequent paragraphs of section 9):

"(d) The inspector general shall report to the Board and head the Office of the Inspector General, an independent and objective unit of the Authority that conducts and supervises audits, program evaluations, and investigations relating to Authority activities; promotes economy, efficiency, and effectiveness in Authority activities; detects and prevents fraud and abuse in Authority activities; and keeps the Board fully and currently informed about deficiencies in Authority activities as well as the necessity for and progress of corrective action.".

(4) Section 18 is amended by adding a new section 18(d) to read as follows:

"(d)(1) All payments made by the local Signatory governments for the Authority for the purpose of matching federal funds appropriated in any given year as authorized under title VI, section 601, Public Law 110–432 regarding funding of capital and preventative maintenance projects of 1 the Authority shall be made from amounts derived from dedicated funding sources.

Definition.

"(2) For the purposes of this paragraph (d), a 'dedicated funding source' means any source of funding that is earmarked or required under State or local law to be used to match Federal appropriations authorized under title VI, section 601, Public Law 110–432 for payments to the Authority.".

The right to alter, amend, or repeal this Act is expressly reserved. The consent granted by this Act shall not be construed as impairing or in any manner affecting any right or jurisdiction of the United States in and over the region that forms the subject of the compact.

SEC. 3. CONSTRUCTION AND SEVERABILITY.

It is intended that the provisions of this compact shall be reasonably and liberally construed to effectuate the purposes thereof. If any part or application of this compact, or legislation enabling the compact, is held invalid, the remainder of the compact or its application to other situations or persons shall not be affected.

SEC. 3. DECLARATION OF POLICY.

(a) FINDINGS.—Section 2 of the Defense Production Act of 1950 (50 U.S.C. App. 2062) is amended to read as follows:

"SEC. 2. DECLARATION OF POLICY.

"(a) FINDINGS.—Congress finds that—

"(1) the security of the United States is dependent on the ability of the domestic industrial base to supply materials and services for the national defense and to prepare for and respond to military conflicts, natural or man-caused disasters, or acts of terrorism within the United States;

"(2) to ensure the vitality of the domestic industrial base, actions are needed—

"(A) to promote industrial resources preparedness in the event of domestic or foreign threats to the security of the United States;

"(B) to support continuing improvements in industrial efficiency and responsiveness;

"(C) to provide for the protection and restoration of domestic critical infrastructure operations under emergency conditions; and

"(D) to respond to actions taken outside of the United States that could result in reduced supplies of strategic and critical materials, including energy, necessary for national defense and the general economic well-being of the United States;

"(3) in order to provide for the national security, the national defense preparedness effort of the United States Government requires—

"(A) preparedness programs to respond to both domestic emergencies and international threats to national defense;

"(B) measures to improve the domestic industrial base for national defense;

"(C) the development of domestic productive capacity to meet—

"(i) essential national defense needs that can result from emergency conditions; and

"(ii) unique technological requirements; and

"(D) the diversion of certain materials and facilities from ordinary use to national defense purposes, when national defense needs cannot otherwise be satisfied in a timely fashion;

"(4) to meet the requirements referred to in this subsection, this Act provides the President with an array of authorities to shape national defense preparedness programs and to take

appropriate steps to maintain and enhance the domestic industrial base;

"(5) in order to ensure national defense preparedness, it is necessary and appropriate to assure the availability of domestic energy supplies for national defense needs;

"(6) to further assure the adequate maintenance of the domestic industrial base, to the maximum extent possible, domestic energy supplies should be augmented through reliance on renewable energy sources (including solar, geothermal, wind, and biomass sources), more efficient energy storage and distribution technologies, and energy conservation measures;

"(7) much of the industrial capacity that is relied upon by the United States Government for military production and other national defense purposes is deeply and directly influenced by—

"(A) the overall competitiveness of the industrial economy of the United States; and

"(B) the ability of industries in the United States, in general, to produce internationally competitive products and operate profitably while maintaining adequate research and development to preserve competitiveness with respect to military and civilian production; and

"(8) the inability of industries in the United States, especially smaller subcontractors and suppliers, to provide vital parts and components and other materials would impair the ability to sustain the Armed Forces of the United States in combat for longer than a short period.

"(b) STATEMENT OF POLICY.—It is the policy of the United States that—

"(1) to ensure the adequacy of productive capacity and supply, Federal departments and agencies that are responsible for national defense acquisition should continuously assess the capability of the domestic industrial base to satisfy production requirements under both peacetime and emergency conditions, specifically evaluating the availability of adequate production sources, including subcontractors and suppliers, materials, skilled labor, and professional and technical personnel;

"(2) every effort should be made to foster cooperation between the defense and commercial sectors for research and development and for acquisition of materials, components, and equipment;

"(3) plans and programs to carry out the purposes of this Act should be undertaken with due consideration for promoting efficiency and competition;

"(4) in providing United States Government financial assistance under this Act to correct a domestic industrial base shortfall, the President should give consideration to the creation or maintenance of production sources that will remain economically viable after such assistance has ended;

"(5) authorities under this Act should be used to reduce the vulnerability of the United States to terrorist attacks, and to minimize the damage and assist in the recovery from terrorist attacks that occur in the United States;

SEC. 3. FINDINGS. 22 USC 8402.

Congress finds the following:

(1) The people of the Islamic Republic of Pakistan and the United States share a long history of friendship and comity, and the interests of both nations are well-served by strengthening and deepening this friendship.

(2) Since 2001, the United States has contributed more than $15,000,000,000 to Pakistan, of which more than $10,000,000,000 has been security-related assistance and direct payments.

(3) With the free and fair election of February 18, 2008, Pakistan returned to civilian rule, reversing years of political tension and mounting popular concern over military rule and Pakistan's own democratic reform and political development.

(4) Pakistan is a major non-NATO ally of the United States and has been a valuable partner in the battle against al Qaeda and the Taliban, but much more remains to be accomplished by both nations.

(5) The struggle against al Qaeda, the Taliban, and affiliated terrorist groups has led to the deaths of several thousand Pakistani civilians and members of the security forces of Pakistan over the past seven years.

(6) Despite killing or capturing hundreds of al Qaeda operatives and other terrorists—including major al Qaeda leaders, such as Khalid Sheikh Muhammad, Ramzi bin al-Shibh, and Abu Faraj al-Libi—the FATA, parts of the NWFP, Quetta in Balochistan, and Muridke in Punjab remain a sanctuary for al Qaeda, the Afghan Taliban, the Terikh-e Taliban and affiliated groups from which these groups organize terrorist actions against Pakistan and other countries.

(7) The security forces of Pakistan have struggled to contain a Taliban-backed insurgency, recently taking direct action against those who threaten Pakistan's security and stability, including military operations in the FATA and the NWFP.

(8) On March 27, 2009, President Obama noted, "Multiple intelligence estimates have warned that al Qaeda is actively planning attacks on the United States homeland from its safe-haven in Pakistan.".

(9) According to a Government Accountability Office report (GAO–08–622), "since 2003, the [A]dministration's national security strategies and Congress have recognized that a comprehensive plan that includes all elements of national power—diplomatic, military, intelligence, development assistance, economic, and law enforcement support—was needed to address the terrorist threat emanating from the FATA" and that such a strategy was also mandated by section 7102(b)(3) of the Intelligence Reform and Terrorism Prevention Act of 2004 (Public Law 108–458; 22 U.S.C. 2656f note) and section 2042(b)(2) of the Implementing the Recommendations of the 9/11 Commission Act of 2007 (Public Law 110–53; 22 U.S.C. 2375 note).

(10) During 2008 and 2009, the people of Pakistan have been especially hard hit by rising food and commodity prices and severe energy shortages, with ⅔ of the population living on less than $2 a day and ⅕ of the population living below the poverty line according to the United Nations Development Program.

(11) Economic growth is a fundamental foundation for human security and national stability in Pakistan, a country with more than 175,000,000 people, an annual population growth rate of two percent, and a ranking of 136 out of 177 countries in the United Nations Human Development Index.

(12) The 2009 Pakistani military offensive in the NWFP and the FATA displaced millions of residents in one of the gravest humanitarian crises Pakistan has faced, and despite the heroic efforts of Pakistanis to respond to the needs of the displaced millions and facilitate the return of many, it has highlighted the need for Pakistan to develop an effective national counterinsurgency strategy.

SEC. 4. STATEMENT OF PRINCIPLES. 22 USC 8403.

Congress declares that the relationship between the United States and Pakistan should be based on the following principles:

(1) Pakistan is a critical friend and ally to the United States, both in times of strife and in times of peace, and the two countries share many common goals, including combating terrorism and violent radicalism, solidifying democracy and rule of law in Pakistan, and promoting the social and economic development of Pakistan.

(2) United States assistance to Pakistan is intended to supplement, not supplant, Pakistan's own efforts in building a stable, secure, and prosperous Pakistan.

(3) The United States requires a balanced, integrated, countrywide strategy for Pakistan that provides assistance throughout the country and does not disproportionately focus on security-related assistance or one particular area or province.

(4) The United States supports Pakistan's struggle against extremist elements and recognizes the profound sacrifice made by Pakistan in the fight against terrorism, including the loss of more than 1,900 soldiers and police since 2001 in combat with al Qaeda, the Taliban, and other extremist and terrorist groups.

(5) The United States intends to work with the Government of Pakistan—

(A) to build mutual trust and confidence by actively and consistently pursuing a sustained, long-term, multifaceted relationship between the two countries, devoted to strengthening the mutual security, stability, and prosperity of both countries;

(B) to support the people of Pakistan and their democratic government in their efforts to consolidate democracy, including strengthening Pakistan's parliament, helping Pakistan reestablish an independent and transparent judicial system, and working to extend the rule of law in all areas in Pakistan;

(C) to promote sustainable long-term development and infrastructure projects, including in healthcare, education, water management, and energy programs, in all areas of Pakistan, that are sustained and supported by each successive democratic government in Pakistan;

(D) to ensure that all the people of Pakistan, including those living in areas governed by the Frontier Crimes Regulation, have access to public, modernized education and vocational training to enable them to provide for themselves, for their families, and for a more prosperous future for their children;

(E) to support the strengthening of core curricula and the quality of schools across Pakistan, including madrassas, in order to improve the prospects for Pakistani children's

futures and eliminate incitements to violence and intolerance;

(F) to encourage and promote public-private partnerships in Pakistan in order to bolster ongoing development efforts and strengthen economic prospects, especially with respect to opportunities to build civic responsibility and professional skills of the people of Pakistan, including support for institutions of higher learning with international accreditation;

(G) to expand people-to-people engagement between the two countries, through increased educational, technical, and cultural exchanges and other methods;

(H) to encourage the development of local analytical capacity to measure program effectiveness and progress on an integrated basis, especially across the areas of United States assistance and payments to Pakistan, and increase accountability for how such assistance and payments are being spent;

(I) to assist Pakistan's efforts to improve counterterrorism financing and anti-money laundering regulatory structure in order to achieve international standards and encourage Pakistan to apply for "Financial Action Task Force" observer status and adhere to the United Nations International Convention for the Suppression of the Financing of Terrorism;

(J) to strengthen Pakistan's counterinsurgency and counterterrorism strategy to help prevent any territory of Pakistan from being used as a base or conduit for terrorist attacks in Pakistan or elsewhere;

(K) to strengthen Pakistan's efforts to develop strong and effective law enforcement and national defense forces under civilian leadership;

(L) to achieve full cooperation in matters of counterproliferation of nuclear materials and related networks;

(M) to strengthen Pakistan's efforts to gain control of its under-governed areas and address the threat posed by any person or group that conducts violence, sabotage, or other terrorist activities in Pakistan or its neighboring countries; and

(N) to explore means to consult with and utilize the relevant expertise and skills of the Pakistani-American community.
