If a tenant described in the preceding sentence cannot establish eligibility, the public housing
agency or owner or manager of the housing shall pro-

“(C) RULES OF CONSTRUCTION.—Nothing in subpara-

of the tenant, if the public housing agency or owner
or manager does not subject an individual who is or
has been a victim of domestic violence, dating violence,
or stalking to a more demanding standard than other
tenants in determining whether to evict or terminate;

“(iii) to limit the authority to terminate assistance
to a tenant or evict a tenant from housing assisted
under a covered housing program if a public housing
agency or owner or manager of the housing can dem-

tenants or individuals employed at or providing service
to the property would be present if the assistance
is not terminated or the tenant is not evicted; or

submit to the public housing agency or owner or manager
a form of documentation described in paragraph (3).

“(2) FAILURE TO PROVIDE CERTIFICATION.—

provide the documentation requested under paragraph (1)
within 14 business days after the tenant receives a request
in writing for such certification from a public housing
agency or owner or manager of housing assisted under

   “(ii) deny assistance under the covered program to the applicant or tenant;
   “(iii) terminate the participation of the applicant or tenant in the covered program; or

“(6) COMPLIANCE NOT SUFFICIENT TO CONSTITUTE EVIDENCE OF UNREASONABLE ACT.—Compliance with subsection (b) by a public housing agency or owner or manager of housing assisted under a covered housing program based on documentation received under this subsection, shall not be sufficient to constitute evidence of an unreasonable act or omission by the public housing agency or owner or manager or an employee or agent of the public housing agency or owner or manager. Nothing in this paragraph shall be construed to limit the liability of a public housing agency or owner or manager of housing assisted under a covered housing program for failure to comply with subsection (b).

(1) Firearm traces are designed to assist law enforcement authorities in conducting investigations by tracking the sale and possession of specific firearms. Law enforcement agencies may request firearm traces for any reason, and those reasons are not necessarily reported to the Federal Government. Not
all firearms used in crime are traced and not all firearms traced are used in crime.

(2) Firearms selected for tracing are not chosen for purposes of determining which types, makes, or models of firearms are used for illicit purposes. The firearms selected do not constitute a random sample and should not be considered representative of the larger universe of all firearms used by criminals, or any subset of that universe. Firearms are normally traced to the first retail seller, and sources reported for firearms traced do not necessarily represent the sources or methods by which firearms in general are acquired for use in crime.

SEC. 515. (a) The Inspectors General of the Department of Commerce, the Department of Justice, the National Aeronautics and Space Administration, the National Science Foundation, and the Legal Services Corporation shall conduct audits, pursuant to the Inspector General Act (5 U.S.C. The results shall be made available in redacted form to exclude—

(2) sensitive personal information for any individual, the public access to which could be used to commit identity theft or for other inappropriate or unlawful purposes.

(c) A grant or contract funded by amounts appropriated by this Act may not be used for the purpose of defraying the costs of a banquet or conference that is not directly and programmatically related to the purpose for which the grant or contract was awarded, such as a banquet or conference held in connection with planning, training, assessment, review, or other routine purposes related to a project funded by the grant or contract.

(d) Any person awarded a grant or contract funded by amounts appropriated by this Act shall submit a statement to the Secretary of Commerce, the Attorney General, the Administrator, Director, or President, as appropriate, certifying that no funds derived from the grant or contract will be made available through a subcontract or in any other manner to another person who has a financial interest in the person awarded the grant or contract.

(e) The provisions of the preceding subsections of this section shall take effect 30 days after the date on which the Director of the Office of Management and Budget, in consultation with the Director of the Office of Government Ethics, determines that a uniform set of rules and requirements, substantially similar to the requirements in such subsections, consistently apply under the executive branch ethics program to all Federal departments, agencies, and entities.

SEC. 516. (a) None of the funds appropriated or otherwise made available under this Act may be used by the Departments
of Commerce and Justice, the National Aeronautics and Space Administration, or the National Science Foundation to acquire an information technology system unless the head of the entity involved, in consultation with the Federal Bureau of Investigation or other appropriate Federal entity, has made an assessment of any associated risk of cyber-espionage or sabotage associated with the acquisition of such system, including any risk associated with such system being produced, manufactured or assembled by one or more entities that are owned, directed or subsidized by the People's Republic of China.

(b) None of the funds appropriated or otherwise made available under this Act may be used to acquire an information technology system described in an assessment required by subsection (a) and produced, manufactured or assembled by one or more entities that are owned, directed or subsidized by the People's Republic of China unless the head of the assessing entity described in subsection (a) determines, and reports that determination to the Committees on Appropriations of the House of Representatives and the Senate, that the acquisition of such system is in the national interest of the United States.

SEC. 517. None of the funds made available in this Act shall be used in any way whatsoever to support or justify the use of torture by any official or contract employee of the United States Government.

SEC. 518. (a) Notwithstanding any other provision of law or treaty, none of the funds appropriated or otherwise made available under this Act or any other Act may be expended or obligated by a department, agency, or instrumentality of the United States to pay administrative expenses or to compensate an officer or employee of the United States in connection with requiring an export license for the export to Canada of components, parts, accessories or attachments for firearms listed in Category I, section 121.1 of title 22, Code of Federal Regulations (International Traffic in Arms Regulations (ITAR), part 121, as it existed on April 1, 2005) with a total value not exceeding $500 wholesale in any transaction, provided that the conditions of subsection (b) of this section are met by the exporting party for such articles.

(b) The foregoing exemption from obtaining an export license—

(1) does not exempt an exporter from filing any Shipper's Export Declaration or notification letter required by law, or from being otherwise eligible under the laws of the United States to possess, ship, transport, or export the articles enumerated in subsection (a); and

(2) does not permit the export without a license of—

(C) articles for export from Canada to another foreign destination.

(c) In accordance with this section, the District Directors of Customs and postmasters shall permit the permanent or temporary export without a license of any unclassified articles specified in
subsection (a) to Canada for end use in Canada or return to the United States, or temporary import of Canadian-origin items from Canada for end use in the United States or return to Canada for a Canadian citizen.

(d) The President may require export licenses under this section on a temporary basis if the President determines, upon publication first in the Federal Register, that the Government of Canada has implemented or maintained inadequate import controls for the articles specified in subsection (a), such that a significant diversion of such articles has and continues to take place for use in international terrorism or in the escalation of a conflict in another nation. The President shall terminate the requirements of a license when reasons for the temporary requirements have ceased.

SEC. 519. Notwithstanding any other provision of law, no department, agency, or instrumentality of the United States receiving appropriated funds under this Act or any other Act shall obligate or expend in any way such funds to pay administrative expenses or the compensation of any officer or employee of the United States to deny any application submitted pursuant to 22 U.S.C. 2778(b)(1)(B) and qualified pursuant to 27 CFR section 478.112 or .113, for a permit to import United States origin “curios or relics” firearms, parts, or ammunition.

The Secretary, Administrator, or Director shall notify the House and Senate Committees on Appropriations within 30 days in writing of such increase, and shall include in such notice: the date on which such determination was made; a statement of the reasons for such increases; the action taken and proposed to be taken to control future cost growth of the project; changes made in the performance or schedule milestones and the degree to which such changes have contributed to the increase in total program costs or procurement costs; new estimates of the total project or procurement costs; and a statement validating that the project’s management structure is adequate to control total project or procurement costs.
SEC. 523. Funds appropriated by this Act, or made available by the transfer of funds in this Act, for intelligence or intelligence related activities are deemed to be specifically authorized by the Congress for purposes of section 504 of the National Security Act of 1947 (50 U.S.C. 414) during fiscal year 2013 until the enactment of the Intelligence Authorization Act for fiscal year 2013.

Public Law 113–11
113th Congress

An Act

To award posthumously a Congressional Gold Medal to Addie Mae Collins, Denise McNair, Carole Robertson, and Cynthia Wesley to commemorate the lives they lost 50 years ago in the bombing of the Sixteenth Street Baptist Church, where these 4 little Black girls’ ultimate sacrifice served as a catalyst for the Civil Rights Movement.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. FINDINGS.

The Congress Finds the following:

(1) September 15, 2013, will mark 50 years since the lives of Addie Mae Collins, Denise McNair, Carole Robertson, and Cynthia Wesley were suddenly taken by a bomb planted in the Sixteenth Street Baptist Church in Birmingham, Alabama.

(2) The senseless and premature death of these 4 little Black girls sparked “The Movement that Changed the World”.

(3) On that tragic Sunday in September of 1963, the world took notice of the violence inflicted in the struggle for equal rights.

(4) The fact that 4 innocent children lost their lives as they prepared for Sunday School shook the world’s conscience.

(5) This tragedy galvanized the Civil Rights Movement and sparked a surge of momentum that helped secure the passage of the Civil Rights Act of 1964 and later the Voting Rights Act of 1965 by President Lyndon B. Johnson.

(6) Justice was delayed for these 4 little Black girls and their families until 2002, 39 years after the bombing, when the last of the 4 Klansmen responsible for the bombing was charged and convicted of the crime.

(7) The 4 little Black girls are emblematic of so many who have lost their lives for the cause of freedom and equality, including Virgil Ware and James Johnny Robinson who were children also killed within hours of the 1963 church bombing.

(8) The legacy that these 4 little Black girls left will live on in the minds and hearts of us all for generations to come.

(9) Their extraordinary sacrifice sparked real and lasting change as Congress began to aggressively pass legislation that ensured equality.

(10) Sixteenth Street Baptist Church remains a powerful symbol of the movement for civil and human rights and will host the 50th anniversary ceremony on Sunday, September 15, 2013.

(11) It is befitting that Congress bestow the highest civilian honor, the Congressional Gold Medal, in 2013 to the 4 little
Black girls, Addie Mae Collins, Denise McNair, Carole Robertson, and Cynthia Wesley, posthumously in recognition of the 50th commemoration of the historical significance of the bombing of the Sixteenth Street Baptist Church.

“(c) ANNUAL FEE SETTING; ADJUSTMENTS.—
“(1) ANNUAL FEE SETTING.—The Secretary shall establish, 60 days before the start of each fiscal year beginning after September 30, 2003, for that fiscal year, animal drug application fees, supplemental animal drug application fees, animal drug sponsor fees, animal drug establishment fees, and animal drug product fees based on the revenue amounts established under subsection (b) and the adjustments provided under this subsection.
“(2) INFLATION ADJUSTMENT.—For fiscal year 2015 and subsequent fiscal years, the revenue amounts established in subsection (b) shall be adjusted by the Secretary by notice, published in the Federal Register, for a fiscal year, by an amount equal to the sum of—
“(A) one;
“(B) the average annual percent change in the cost, per full-time equivalent position of the Food and Drug Administration, of all personnel compensation and benefits paid with respect to such positions for the first 3 of the preceding 4 fiscal years for which data are available, multiplied by the average proportion of personnel compensation and benefits costs to total Food and Drug Administration costs for the first 3 years of the preceding 4 fiscal years for which data are available; and
“(C) the average annual percent change that occurred in the Consumer Price Index for urban consumers (Washington-Baltimore, DC–MD–VA–WV; not seasonally adjusted; all items less food and energy; annual index) for the first 3 years of the preceding 4 years for which data are available multiplied by the average proportion of all costs other than personnel compensation and benefits costs to total Food and Drug Administration costs for the first 3 years of the preceding 4 fiscal years for which data are available.
The adjustment made each fiscal year under this paragraph shall be added on a compounded basis to the sum of all adjustments made each fiscal year after fiscal year 2014 under this paragraph.
“(3) WORKLOAD ADJUSTMENT.—For fiscal year 2015 and subsequent fiscal years, after the revenue amounts established in subsection (b) are adjusted for inflation in accordance with paragraph (2), the revenue amounts shall be further adjusted for such fiscal year to reflect changes in the workload of the Secretary for the process for the review of animal drug applications. With respect to such adjustment—
“(A) such adjustment shall be determined by the Secretary based on a weighted average of the change in the total number of animal drug applications, supplemental animal drug applications for which data with respect to safety or effectiveness are required, manufacturing supplemental animal drug applications, investigational animal drug study submissions, and investigational animal drug protocol submissions submitted to the Secretary;
“(B) the Secretary shall publish in the Federal Register the fees resulting from such adjustment and the supporting methodologies; and

“(C) under no circumstances shall such adjustment result in fee revenues for a fiscal year that are less than the fee revenues for that fiscal year established in subsection (b), as adjusted for inflation under paragraph (2).

“(4) FINAL YEAR ADJUSTMENT.—For fiscal year 2018, the Secretary may, in addition to other adjustments under this subsection, further increase the fees under this section, if such an adjustment is necessary, to provide for up to 3 months of operating reserves of carryover user fees for the process for the review of animal drug applications for the first 3 months of fiscal year 2019. If the Food and Drug Administration has carryover balances for the process for the review of animal drug applications in excess of 3 months of such operating reserves, then this adjustment will not be made. If this adjustment is necessary, then the rationale for the amount of the increase shall be contained in the annual notice setting fees for fiscal year 2018.

“(5) LIMIT.—The total amount of fees charged, as adjusted under this subsection, for a fiscal year may not exceed the total costs for such fiscal year for the resources allocated for the process for the review of animal drug applications.

“(d) FEE WAIVER OR REDUCTION.—

“(1) IN GENERAL.—The Secretary shall grant a waiver from or a reduction of one or more fees assessed under subsection (a) where the Secretary finds that—

“(A) the assessment of the fee would present a significant barrier to innovation because of limited resources available to such person or other circumstances;

“(B) the fees to be paid by such person will exceed the anticipated present and future costs incurred by the Secretary in conducting the process for the review of animal drug applications for such person;

“(C) the animal drug application or supplemental animal drug application is intended solely to provide for use of the animal drug in—

“(i) a Type B medicated feed (as defined in section 558.3(b)(3) of title 21, Code of Federal Regulations (or any successor regulation)) intended for use in the manufacture of Type C free-choice medicated feeds; or

“(ii) a Type C free-choice medicated feed (as defined in section 558.3(b)(4) of title 21, Code of Federal Regulations (or any successor regulation));

“(D) the animal drug application or supplemental animal drug application is intended solely to provide for a minor use or minor species indication; or

“(E) the sponsor involved is a small business submitting its first animal drug application to the Secretary for review.

“(2) USE OF STANDARD COSTS.—In making the finding in paragraph (1)(B), the Secretary may use standard costs.

“(3) RULES FOR SMALL BUSINESSES.—
“(A) Definition.—In paragraph (1)(E), the term ‘small business’ means an entity that has fewer than 500 employees, including employees of affiliates.

“(B) Waiver of Application Fee.—The Secretary shall waive under paragraph (1)(E) the application fee for the first animal drug application that a small business or its affiliate submits to the Secretary for review. After a small business or its affiliate is granted such a waiver, the small business or its affiliate shall pay application fees for all subsequent animal drug applications and supplemental animal drug applications for which safety or effectiveness data are required in the same manner as an entity that does not qualify as a small business.

“(C) Certification.—The Secretary shall require any person who applies for a waiver under paragraph (1)(E) to certify their qualification for the waiver. The Secretary shall periodically publish in the Federal Register a list of persons making such certifications.

“(e) Effect of Failure To Pay Fees.—An animal drug application or supplemental animal drug application submitted by a person subject to fees under subsection (a) shall be considered incomplete and shall not be accepted for filing by the Secretary until all fees owed by such person have been paid. An investigational animal drug submission under section 739(5)(B) that is submitted by a person subject to fees under subsection (a) shall be considered incomplete and shall not be accepted for review by the Secretary until all fees owed by such person have been paid. The Secretary may discontinue review of any animal drug application, supplemental animal drug application or investigational animal drug submission from a person if such person has not submitted for payment all fees owed under this section by 30 days after the date upon which they are due.

“(f) Assessment of Fees.—

“(1) Limitation.—Fees may not be assessed under subsection (a) for a fiscal year beginning after fiscal year 2003 unless appropriations for salaries and expenses of the Food and Drug Administration for such fiscal year (excluding the amount of fees appropriated for such fiscal year) are equal to or greater than the amount of appropriations for the salaries and expenses of the Food and Drug Administration for the fiscal year 2003 (excluding the amount of fees appropriated for such fiscal year) multiplied by the adjustment factor applicable to the fiscal year involved.

“(2) Authority.—If the Secretary does not assess fees under subsection (a) during any portion of a fiscal year because of paragraph (1) and if at a later date in such fiscal year the Secretary may assess such fees, the Secretary may assess and collect such fees, without any modification in the rate, for animal drug applications, supplemental animal drug applications, investigational animal drug submissions, animal drug sponsors, animal drug establishments and animal drug products at any time in such fiscal year notwithstanding the provisions of subsection (a) relating to the date fees are to be paid.

“(g) Crediting and Availability of Fees.—

“(1) In General.—Subject to paragraph (2)(C), fees authorized under subsection (a) shall be collected and available for
obligation only to the extent and in the amount provided in advance in appropriations Acts. Such fees are authorized to be appropriated to remain available until expended. Such sums as may be necessary may be transferred from the Food and Drug Administration salaries and expenses appropriation account without fiscal year limitation to such appropriation account for salary and expenses with such fiscal year limitation. The sums transferred shall be available solely for the process for the review of animal drug applications.

“(2) COLLECTIONS AND APPROPRIATION ACTS.—

“(A) IN GENERAL.—The fees authorized by this section—

“(i) subject to subparagraph (C), shall be collected and available in each fiscal year in an amount not to exceed the amount specified in appropriation Acts, or otherwise made available for obligation for such fiscal year, and

“(ii) shall be available to defray increases in the costs of the resources allocated for the process for the review of animal drug applications (including increases in such costs for an additional number of full-time equivalent positions in the Department of Health and Human Services to be engaged in such process) over such costs, excluding costs paid from fees collected under this section, for fiscal year 2003 multiplied by the adjustment factor.

“(B) COMPLIANCE.—The Secretary shall be considered to have met the requirements of subparagraph (A)(ii) in any fiscal year if the costs funded by appropriations and allocated for the process for the review of animal drug applications—

“(i) are not more than 3 percent below the level specified in subparagraph (A)(ii); or

“(ii)(I) are more than 3 percent below the level specified in subparagraph (A)(ii), and fees assessed for the fiscal year following the subsequent fiscal year are decreased by the amount in excess of 3 percent by which such costs fell below the level specified in subparagraph (A)(ii); and

“(II) such costs are not more than 5 percent below the level specified in subparagraph (A)(ii).

“(C) PROVISION FOR EARLY PAYMENTS.—Payment of fees authorized under this section for a fiscal year, prior to the due date for such fees, may be accepted by the Secretary in accordance with authority provided in advance in a prior year appropriations Act.

“(3) AUTHORIZATION OF APPROPRIATIONS.—For each of the fiscal years 2014 through 2018, there is authorized to be appropriated for fees under this section an amount equal to the total revenue amount determined under subsection (b) for the fiscal year, as adjusted or otherwise affected under subsection (c) and paragraph (4).

“(4) OFFSET OF OVERCOLLECTIONS; RECOVERY OF COLLECTION SHORTFALLS.—

“(A) OFFSET OF OVERCOLLECTIONS.—If the sum of the cumulative amount of fees collected under this section for fiscal years 2014 through 2016 and the amount of fees
estimated to be collected under this section for fiscal year 2017 (including any increased fee collections attributable to subparagraph (B)), exceeds the cumulative amount appropriated pursuant to paragraph (3) for the fiscal years 2014 through 2017, the excess amount shall be credited to the appropriation account of the Food and Drug Administration as provided in paragraph (1), and shall be subtracted from the amount of fees that would otherwise be authorized to be collected under this section pursuant to appropriation Acts for fiscal year 2018.

“(B) RECOVERY OF COLLECTION SHORTFALLS.—

“(i) Fiscal Year 2016.—For fiscal year 2016, the amount of fees otherwise authorized to be collected under this section shall be increased by the amount, if any, by which the amount collected under this section and appropriated for fiscal year 2014 falls below the amount of fees authorized for fiscal year 2014 under paragraph (3).

“(ii) Fiscal Year 2017.—For fiscal year 2017, the amount of fees otherwise authorized to be collected under this section shall be increased by the amount, if any, by which the amount collected under this section and appropriated for fiscal year 2015 falls below the amount of fees authorized for fiscal year 2015 under paragraph (3).

“(iii) Fiscal Year 2018.—For fiscal year 2018, the amount of fees otherwise authorized to be collected under this section (including any reduction in the authorized amount under subparagraph (A)), shall be increased by the cumulative amount, if any, by which the amount collected under this section and appropriated for fiscal years 2016 and 2017 (including estimated collections for fiscal year 2017) falls below the cumulative amount of fees authorized under paragraph (3) for fiscal years 2016 and 2017.

“(h) Collection of Unpaid Fees.—In any case where the Secretary does not receive payment of a fee assessed under subsection (a) within 30 days after it is due, such fee shall be treated as a claim of the United States Government subject to subchapter II of chapter 37 of title 31, United States Code.

“(i) Written Requests for Waivers, Reductions, and Refunds.—To qualify for consideration for a waiver or reduction under subsection (d), or for a refund of any fee collected in accordance with subsection (a), a person shall submit to the Secretary a written request for such waiver, reduction, or refund not later than 180 days after such fee is due.

“(j) Construction.—This section may not be construed to require that the number of full-time equivalent positions in the Department of Health and Human Services, for officers, employees, and advisory committees not engaged in the process of the review of animal drug applications, be reduced to offset the number of officers, employees, and advisory committees so engaged.

“(k) Abbreviated New Animal Drug Applications.—The Secretary shall—

“(1) to the extent practicable, segregate the review of abbreviated new animal drug applications from the process for the review of animal drug applications; and
“(2) adopt other administrative procedures to ensure that review times of abbreviated new animal drug applications do not increase from their current level due to activities under the user fee program.”.

“(1) Annual Fee Setting.—The Secretary shall establish, 60 days before the start of each fiscal year beginning after September 30, 2008, for that fiscal year, abbreviated application fees, generic new animal drug sponsor fees, and generic new animal drug product fees, based on the revenue amounts established under subsection (b) and the adjustments provided under this subsection.

“(2) Workload Adjustment.—The fee revenues shall be adjusted each fiscal year after fiscal year 2014 to reflect changes in review workload. With respect to such adjustment:

“(A) This adjustment shall be determined by the Secretary based on a weighted average of the change in the total number of abbreviated applications for generic new animal drugs, manufacturing supplemental abbreviated applications for generic new animal drugs, investigational generic new animal drug study submissions, and investigational generic new animal drug protocol submissions submitted to the Secretary. The Secretary shall publish in the Federal Register the fees resulting from this adjustment and the supporting methodologies.

“(B) Under no circumstances shall this workload adjustment result in fee revenues for a fiscal year that are less than the fee revenues for that fiscal year established in subsection (b).

“(3) Final Year Adjustment.—For fiscal year 2018, the Secretary may, in addition to other adjustments under this subsection, further increase the fees under this section, if such an adjustment is necessary, to provide for up to 3 months of operating reserves of carryover user fees for the process for the review of abbreviated applications for generic new animal drugs for the first 3 months of fiscal year 2019. If the Food and Drug Administration has carryover balances for the process for the review of abbreviated applications for generic new animal drugs in excess of 3 months of such operating reserves, then this adjustment shall not be made. If this adjustment is necessary, then the rationale for the amount of the increase shall be contained in the annual notice setting fees for fiscal year 2018.

the process for the review of abbreviated applications for generic
new animal drugs.

“(d) Fee Waiver or Reduction.—The Secretary shall grant
a waiver from or a reduction of 1 or more fees assessed under
subsection (a) where the Secretary finds that the generic new
animal drug is intended solely to provide for a minor use or minor
species indication.

“(e) Effect of Failure to Pay Fees.—An abbreviated applica-
tion for a generic new animal drug submitted by a person subject
to fees under subsection (a) shall be considered incomplete and
shall not be accepted for filing by the Secretary until all fees
owed by such person have been paid. An investigational submission
for a generic new animal drug that is submitted by a person
subject to fees under subsection (a) shall be considered incomplete
and shall not be accepted for review by the Secretary until all
fees owed by such person have been paid. The Secretary may
discontinue review of any abbreviated application for a generic
new animal drug, supplemental abbreviated application for a
generic new animal drug, or investigational submission for a generic
new animal drug from a person if such person has not submitted
for payment all fees owed under this section by 30 days after
the date upon which they are due.

“(f) Assessment of Fees.—

“(1) Limitation.—Fees may not be assessed under sub-
section (a) for a fiscal year beginning after fiscal year 2008
unless appropriations for salaries and expenses of the Food
and Drug Administration for such fiscal year (excluding the
amount of fees appropriated for such fiscal year) are equal
to or greater than the amount of appropriations for the salaries
and expenses of the Food and Drug Administration for the
fiscal year 2003 (excluding the amount of fees appropriated
for such fiscal year) multiplied by the adjustment factor
applicable to the fiscal year involved.

“(2) Authority.—If the Secretary does not assess fees
under subsection (a) during any portion of a fiscal year because
of paragraph (1) and if at a later date in such fiscal year
the Secretary may assess such fees, the Secretary may assess
and collect such fees, without any modification in the rate,
for abbreviated applications, generic new animal drug sponsors,
and generic new animal drug products at any time in such
fiscal year notwithstanding the provisions of subsection (a)
relating to the date fees are to be paid.

“(g) Crediting and Availability of Fees.—

“(1) In General.—Subject to paragraph (2)(C), fees author-
ized under subsection (a) shall be collected and available for
obligation only to the extent and in the amount provided in
advance in appropriations Acts. Such fees are authorized to
be appropriated to remain available until expended. Such sums
as may be necessary may be transferred from the Food and
Drug Administration salaries and expenses appropriation
account without fiscal year limitation to such appropriation
account for salary and expenses with such fiscal year limitation.
The sums transferred shall be available solely for the process
for the review of abbreviated applications for generic new
animal drugs.

“(2) Collections and Appropriation Acts.—
“(A) IN GENERAL.—The fees authorized by this section—
   “(i) subject to subparagraph (C), shall be collected and available in each fiscal year in an amount not to exceed the amount specified in appropriation Acts, or otherwise made available for obligation for such fiscal year; and
   “(ii) shall be available to defray increases in the costs of the resources allocated for the process for the review of abbreviated applications for generic new animal drugs (including increases in such costs for an additional number of full-time equivalent positions in the Department of Health and Human Services to be engaged in such process) over such costs, excluding costs paid from fees collected under this section, for fiscal year 2008 multiplied by the adjustment factor.
   “(B) COMPLIANCE.—The Secretary shall be considered to have met the requirements of subparagraph (A)(ii) in any fiscal year if the costs funded by appropriations and allocated for the process for the review of abbreviated applications for generic new animal drugs—
      “(i) are not more than 3 percent below the level specified in subparagraph (A)(ii); or
      “(ii)(I) are more than 3 percent below the level specified in subparagraph (A)(ii), and fees assessed for the fiscal year following the subsequent fiscal year are decreased by the amount in excess of 3 percent by which such costs fell below the level specified in subparagraph (A)(ii); and
      “(II) such costs are not more than 5 percent below the level specified in subparagraph (A)(ii).
   “(C) PROVISION FOR EARLY PAYMENTS.—Payment of fees authorized under this section for a fiscal year, prior to the due date for such fees, may be accepted by the Secretary in accordance with authority provided in advance in a prior year appropriations Act.
   “(3) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated for fees under this section—
      “(A) $7,328,000 for fiscal year 2014;
      “(B) $6,944,000 for fiscal year 2015;
      “(C) $7,429,000 for fiscal year 2016;

June 19, considered and passed Senate.
Public Law 113–16
113th Congress

An Act

To grant the Congressional Gold Medal, collectively, to the First Special Service Force, in recognition of its superior service during World War II.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. FINDINGS.

Congress finds the following:

(1) The First Special Service Force (the “Force”), a military unit composed of volunteers from the United States and Canada, was activated in July 1942 at Fort Harrison near Helena, Montana.

(2) The Force was initially intended to target military and industrial installations that were supporting the German war effort, including important hydroelectric plants, which would severely limit the production of strategic materials used by the Axis powers.

(3) From July 1942 through June 1943, volunteers of the Force trained in hazardous, arctic conditions in the mountains of western Montana, and in the waterways of Camp Bradford, Virginia.

(4) The combat echelon of the Force totaled 1,800 soldiers, half from the United States and half from Canada.

(5) The Force also contained a service battalion, composed of 800 members from the United States, that provided important support for the combat troops.

(6) A special bond developed between the Canadian and United States soldiers, who were not segregated by country, although the commander of the Force was a United States colonel.

(7) The Force was the only unit formed during World War II that consisted of troops from Canada and the United States.

(8) In October 1943, the Force went to Italy, where it fought in battles south of Cassino, including Monte La Difensa and Monte Majo, two mountain peaks that were a critical anchor of the German defense line.

(9) During the night of December 3, 1943, the Force ascended to the top of the precipitous face of Monte La Difensa, where the Force suffered heavy casualties and overcame fierce resistance to overtake the German line.

(10) After the battle for La Difensa, the Force continued to fight tough battles at high altitudes, in rugged terrain, and in severe weather.
(11) After battles on the strongly defended Italian peaks of Sammucro, Vischiataro, and Remetanea, the size of the Force had been reduced from 1,800 soldiers to fewer than 500.

(12) For 4 months in 1944, the Force engaged in raids and aggressive patrols at the Anzio Beachhead.

(13) On June 4, 1944, members of the Force were among the first Allied troops to liberate Rome.

(14) After liberating Rome, the Force moved to southern Italy and prepared to assist in the liberation of France.

(15) During the early morning of August 15, 1944, members of the Force made silent landings on Les Iles D’Hyères, small islands in the Mediterranean Sea along the southern coast of France.

(16) The Force faced a sustained and withering assault from the German garrisons as the Force progressed from the islands to the Franco-Italian border.

(17) After the Allied forces secured the Franco-Italian border, the United States Army ordered the disbandment of the Force on December 5, 1944, in Nice, France.

(18) During 251 days of combat, the Force suffered 2,314 casualties, or 134 percent of its authorized strength, captured thousands of prisoners, won 5 United States campaign stars and 8 Canadian battle honors, and never failed a mission.

(19) The United States is forever indebted to the acts of bravery and selflessness of the troops of the Force, who risked their lives for the cause of freedom.

(20) The efforts of the Force along the seas and skies of Europe were critical in repelling the advance of Nazi Germany and liberating numerous communities in France and Italy.

(21) The bond between the members of the Force from the United States and those from Canada has endured over the decades, as the members meet every year for a reunion, alternating between the United States and Canada.

(22) The traditions and honors exhibited by the Force are carried on by 2 outstanding active units of 2 great democracies, the Special Forces of the United States and the Canadian Special Operations Regiment.

SEC. 2. CONGRESSIONAL GOLD MEDAL.

(a) AWARD AUTHORIZED.—The Speaker of the House of Representatives and the President pro tempore of the Senate shall make appropriate arrangements for the award, on behalf of the Congress, of a gold medal of appropriate design to the First Special Service Force, collectively, in recognition of their dedicated service during World War II.

(b) DESIGN AND STRIKING.—For the purposes of the award referred to in subsection (a), the Secretary of the Treasury (in this Act referred to as the “Secretary”) shall strike the gold medal with suitable emblems, devices, and inscriptions, to be determined by the Secretary.

(c) AWARD OF MEDAL.—Following the award of the gold medal in honor of the First Special Service Force under subsection (a), the medal shall be given to the First Special Service Force Association in Helena, Montana, where it shall be available for display or temporary loan to be displayed elsewhere, particularly at other
appropriate locations associated with the First Special Service Force, including Fort William Henry Harrison in Helena, Montana.

SEC. 3. DUPLICATE MEDALS.

The Secretary may strike and sell duplicates in bronze of the gold medal struck under section 2, at a price sufficient to cover the costs of the medal, including labor, materials, dies, use of machinery, and overhead expenses, and amounts received from the sale of such duplicates shall be deposited in the United States Mint Public Enterprise Fund.

SEC. 4. NATIONAL MEDALS.

Medals struck pursuant to this Act are national medals for purposes of chapter 51 of title 31, United States Code.

Public Law 113–17  
113th Congress  

An Act  
To direct the Secretary of State to develop a strategy to obtain observer status for Taiwan at the triennial International Civil Aviation Organization Assembly, and for other purposes.  

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,  

SECTION 1. CONCERNING THE PARTICIPATION OF TAIWAN IN THE INTERNATIONAL CIVIL AVIATION ORGANIZATION.  

(a) FINDINGS.—Congress makes the following findings:  
(1) Safe, secure, and economical international air navigation and transport is important to every citizen of the world, and safe skies are ensured through uniform aviation standards, harmonization of security protocols, and expeditious dissemination of information regarding new regulations and other relevant matters.  
(2) Direct and unobstructed participation in international civil aviation forums and programs is beneficial for all nations and their civil aviation authorities. Civil aviation is vital to all due to the international transit and commerce it makes possible, but must also be closely regulated due to the possible use of aircraft as weapons of mass destruction or to transport biological, chemical, and nuclear weapons or other dangerous materials.  
(3) The Convention on International Civil Aviation, signed in Chicago, Illinois, on December 7, 1944, and entered into force April 4, 1947, established the International Civil Aviation Organization (ICAO), stating “The aims and objectives of the Organization are to develop the principles and techniques of international air navigation and to foster the planning and development of international air transport so as to . . . meet the needs of the peoples of the world for safe, regular, efficient and economical air transport.”.  
(4) The terrorist attacks of September 11, 2001, demonstrated that the global civil aviation network is subject to vulnerabilities that can be exploited in one country to harm another. The ability of civil aviation authorities to coordinate, preempt and act swiftly and in unison is an essential element of crisis prevention and response.  
(5) Following the terrorist attacks of September 11, 2001, the ICAO convened a high-level Ministerial Conference on Aviation Security that endorsed a global strategy for strengthening aviation security worldwide and issued a public declaration that “a uniform approach in a global system is essential to
ensure aviation security throughout the world and that deficiencies in any part of the system constitute a threat to the entire global system,” and that there should be a commitment to “foster international cooperation in the field of aviation security and harmonize the implementation of security measures”.

(6) The Taipei Flight Information Region, under the jurisdiction of Taiwan, covers 180,000 square nautical miles of airspace and provides air traffic control services to over 1.2 million flights annually, with the Taiwan Taoyuan International Airport recognized as the 10th and 19th largest airport by international cargo volume and number of international passengers, respectively, in 2011.

(7) Despite the established international consensus regarding a uniform approach to aviation security that fosters international cooperation, exclusion from the ICAO since 1971 has impeded the efforts of the Government of Taiwan to maintain civil aviation practices that comport with evolving international standards, due to its inability to contact the ICAO for up-to-date information on aviation standards and norms, secure amendments to the organization’s regulations in a timely manner, obtain sufficient and timely information needed to prepare for the implementation of new systems and procedures set forth by the ICAO, receive technical assistance in implementing new regulations, and participate in technical and academic seminars hosted by the ICAO.

(8) On October 8, 2010, the Department of State praised the 37th ICAO Assembly on its adoption of a Declaration on Aviation Security, but noted that “because every airport offers a potential entry point into this global system, every nation faces the threat from gaps in aviation security throughout the world—and all nations must share the responsibility for securing that system”.

(9) On October 2, 2012, Taiwan became the 37th participant to join the United States Visa Waiver program, which is expected to stimulate tourism and commerce that will rely increasingly on international commercial aviation.

(10) The Government of Taiwan’s exclusion from the ICAO constitutes a serious gap in global standards that should be addressed at the earliest opportunity in advance of the 38th ICAO Assembly in September 2013.

(11) The Federal Aviation Administration and its counterpart agencies in Taiwan have enjoyed close collaboration on a wide range of issues related to innovation and technology, civil engineering, safety and security, and navigation.

(12) The ICAO has allowed a wide range of observers to participate in the activities of the organization.

(13) The United States, in the 1994 Taiwan Policy Review, declared its intention to support Taiwan’s participation in appropriate international organizations and has consistently reiterated that support.

(14) Senate Concurrent Resolution 17, agreed to on September 11, 2012, affirmed the sense of Congress that—

(A) meaningful participation by the Government of Taiwan as an observer in the meetings and activities of the ICAO will contribute both to the fulfillment of the ICAO’s overarching mission and to the success of a global
strategy to address aviation security threats based on effective international cooperation; and

(B) the United States Government should take a leading role in garnering international support for the granting of observer status to Taiwan in the ICAO.

(15) Following the enactment of Public Law 108–235, a law authorizing the Secretary of State to initiate and implement a plan to endorse and obtain observer status for Taiwan at the annual summit of the World Health Assembly and subsequent advocacy by the United States, Taiwan was granted observer status to the World Health Assembly for four consecutive years since 2009. Both prior to and in its capacity as an observer, Taiwan has contributed significantly to the international community’s collective efforts in pandemic control, monitoring, early warning, and other related matters.

(16) ICAO rules and existing practices allow for the meaningful participation of non-contracting countries as well as other bodies in its meetings and activities through granting of observer status.

(b) TAIWAN’S PARTICIPATION AT ICAO.—The Secretary of State shall—

(1) develop a strategy to obtain observer status for Taiwan at the triennial ICAO Assembly—next held in September 2013 in Montreal, Canada—and other related meetings, activities, and mechanisms thereafter; and

(2) instruct the United States Mission to the ICAO to officially request observer status for Taiwan at the triennial ICAO Assembly and other related meetings, activities, and mechanisms thereafter and to actively urge ICAO member states to support such observer status and participation for Taiwan.

(c) REPORT CONCERNING OBSERVER STATUS FOR TAIWAN AT THE ICAO ASSEMBLY.—Not later than 30 days after the date of the enactment of this Act, the Secretary of State shall submit to Congress a report, in unclassified form, describing the United States strategy to endorse and obtain observer status for Taiwan at the triennial ICAO Assembly and at subsequent ICAO Assemblies and at other related meetings, activities, and mechanisms thereafter. The report shall include the following:

(1) A description of the efforts the Secretary of State has made to encourage ICAO member states to promote Taiwan’s bid to obtain observer status.
(2) The steps the Secretary of State will take to endorse and obtain observer status for Taiwan in ICAO and at other related meetings, activities, and mechanisms thereafter.

An Act
To improve hydropower, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE; TABLE OF CONTENTS.
(a) Short Title.—This Act may be cited as the “Hydropower Regulatory Efficiency Act of 2013”.
(b) Table of Contents.—The table of contents of this Act is as follows:

Sec. 1. Short title; table of contents.
Sec. 2. Findings.
Sec. 3. Promoting small hydroelectric power projects.
Sec. 4. Promoting conduit hydropower projects.
Sec. 5. FERC authority to extend preliminary permit periods.
Sec. 6. Promoting hydropower development at nonpowered dams and closed loop pumped storage projects.
Sec. 7. DOE study of pumped storage and potential hydropower from conduits.

SEC. 2. FINDINGS.
Congress finds that—
(1) the hydropower industry currently employs approximately 300,000 workers across the United States;
(2) hydropower is the largest source of clean, renewable electricity in the United States;
(3) as of the date of enactment of this Act, hydropower resources, including pumped storage facilities, provide—
(A) nearly 7 percent of the electricity generated in the United States; and
(B) approximately 100,000 megawatts of electric capacity in the United States;
(4) only 3 percent of the 80,000 dams in the United States generate electricity, so there is substantial potential for adding hydropower generation to nonpowered dams; and
(5) according to one study, by utilizing currently untapped resources, the United States could add approximately 60,000 megawatts of new hydropower capacity by 2025, which could create 700,000 new jobs over the next 13 years.

SEC. 3. PROMOTING SMALL HYDROELECTRIC POWER PROJECTS.
Subsection (d) of section 405 of the Public Utility Regulatory Policies Act of 1978 (16 U.S.C. 2705) is amended by striking “5,000” and inserting “10,000”.

SEC. 4. PROMOTING CONDUIT HYDROPOWER PROJECTS.

(a) APPLICABILITY OF, AND EXEMPTION FROM, LICENSING REQUIREMENTS.—Section 30 of the Federal Power Act (16 U.S.C. 823a) is amended—

(1) by striking subsections (a) and (b) and inserting the following:

“(a) A qualifying conduit hydropower facility shall not be required to be licensed under this part.

“(2)(A) Any person, State, or municipality proposing to construct a qualifying conduit hydropower facility shall file with the Commission a notice of intent to construct such facility. The notice shall include sufficient information to demonstrate that the facility meets the qualifying criteria.

“(B) Not later than 15 days after receipt of a notice of intent filed under subparagraph (A), the Commission shall—

“(i) make an initial determination as to whether the facility meets the qualifying criteria; and

“(ii) if the Commission makes an initial determination, pursuant to clause (i), that the facility meets the qualifying criteria, publish public notice of the notice of intent filed under subparagraph (A).

“(C) If, not later than 45 days after the date of publication of the public notice described in subparagraph (B)(ii)—

“(i) an entity contests whether the facility meets the qualifying criteria, the Commission shall promptly issue a written determination as to whether the facility meets such criteria; or

“(ii) no entity contests whether the facility meets the qualifying criteria, the facility shall be deemed to meet such criteria.

“(3) For purposes of this section:

“(A) The term ‘conduit’ means any tunnel, canal, pipeline, aqueduct, flume, ditch, or similar manmade water conveyance that is operated for the distribution of water for agricultural, municipal, or industrial consumption and not primarily for the generation of electricity.

“(B) The term ‘qualifying conduit hydropower facility’ means a facility (not including any dam or other impoundment) that is determined or deemed under paragraph (2)(C) to meet the qualifying criteria.

“(C) The term ‘qualifying criteria’ means, with respect to a facility—

“(i) the facility is constructed, operated, or maintained for the generation of electric power and uses for such generation only the hydroelectric potential of a non-federally owned conduit;

“(ii) the facility has an installed capacity that does not exceed 5 megawatts; and

“(iii) on or before the date of enactment of the Hydropower Regulatory Efficiency Act of 2013, the facility is not licensed under, or exempted from the license requirements contained in, this part.

“(b) Subject to subsection (c), the Commission may grant an exemption in whole or in part from the requirements of this part, including any license requirements contained in this part, to any facility (not including any dam or other impoundment) constructed, operated, or maintained for the generation of electric power which the Commission determines, by rule or order—
“(1) utilizes for such generation only the hydroelectric potential of a conduit; and
“(2) has an installed capacity that does not exceed 40 megawatts.”;
(2) in subsection (c), by striking “subsection (a)” and inserting “subsection (b)”; and
(3) in subsection (d), by striking “subsection (a)” and inserting “subsection (b)”.
(b) CONFORMING AMENDMENT.—Subsection (d) of section 405 of the Public Utility Regulatory Policies Act of 1978 (16 U.S.C. 2705), as amended, is further amended by striking “subsection (a) of such section 30” and inserting “subsection (b) of such section 30”.

SEC. 5. FERC AUTHORITY TO EXTEND PRELIMINARY PERMIT PERIODS.

Section 5 of the Federal Power Act (16 U.S.C. 798) is amended—
(1) by designating the first, second, and third sentences as subsections (a), (c), and (d), respectively; and
(2) by inserting after subsection (a) (as so designated) the following:

SEC. 6. PROMOTING HYDROPOWER DEVELOPMENT AT NONPOWERED DAMS AND CLOSED LOOP PUMPED STORAGE PROJECTS.

(a) IN GENERAL.—To improve the regulatory process and reduce delays and costs for hydropower development at nonpowered dams and closed loop pumped storage projects, the Federal Energy Regulatory Commission (referred to in this section as the “Commission”) shall investigate the feasibility of the issuance of a license for hydropower development at nonpowered dams and closed loop pumped storage projects in a 2-year period (referred to in this section as a “2-year process”). Such a 2-year process shall include any prefiling licensing process of the Commission.
(b) WORKSHOPS AND PILOTS.—The Commission shall—
(1) not later than 60 days after the date of enactment of this Act, hold an initial workshop to solicit public comment and recommendations on how to implement a 2-year process;
(2) develop criteria for identifying projects featuring hydropower development at nonpowered dams and closed loop pumped storage projects that may be appropriate for licensing within a 2-year process;
(3) not later than 180 days after the date of enactment of this Act, develop and implement pilot projects to test a 2-year process, if practicable; and
(4) not later than 3 years after the date of implementation of the final pilot project testing a 2-year process, hold a final workshop to solicit public comment on the effectiveness of each tested 2-year process.
(c) MEMORANDUM OF UNDERSTANDING.—The Commission shall, to the extent practicable, enter into a memorandum of understanding with any applicable Federal or State agency to implement a pilot project described in subsection (b).
(d) REPORTS.—
(1) PILOT PROJECTS NOT IMPLEMENTED.—If the Commission determines that no pilot project described in subsection (b) is practicable because no 2-year process is practicable, not later than 240 days after the date of enactment of this Act, the Commission shall submit to the Committee on Energy and Commerce of the House of Representatives and the Committee on Energy and Natural Resources of the Senate a report that—

(A) describes the public comments received as part of the initial workshop held under subsection (b)(1); and

(B) identifies the process, legal, environmental, economic, and other issues that justify the determination of the Commission that no 2-year process is practicable, with recommendations on how Congress may address or remedy the identified issues.

(2) PILOT PROJECTS IMPLEMENTED.—If the Commission develops and implements pilot projects involving a 2-year process, not later than 60 days after the date of completion of the final workshop held under subsection (b)(4), the Commission shall submit to the Committee on Energy and Commerce of the House of Representatives and the Committee on Energy and Natural Resources of the Senate a report that—

(A) describes the outcomes of the pilot projects;

(B) describes the public comments from the final workshop on the effectiveness of each tested 2-year process; and

(C)(i) outlines how the Commission will adopt policies under existing law (including regulations) that result in a 2-year process for appropriate projects;

(ii) outlines how the Commission will issue new regulations to adopt a 2-year process for appropriate projects; or

(iii) identifies the process, legal, environmental, economic, and other issues that justify a determination of the Commission that no 2-year process is practicable, with recommendations on how Congress may address or remedy the identified issues.

SEC. 7. DOE STUDY OF PUMPED STORAGE AND POTENTIAL HYDROPOWER FROM CONDUITS.

(a) IN GENERAL.—The Secretary of Energy shall conduct a study—

(1)(A) of the technical flexibility that existing pumped storage facilities can provide to support intermittent renewable electric energy generation, including the potential for such existing facilities to be upgraded or retrofitted with advanced commercially available technology; and

(B) of the technical potential of existing pumped storage facilities and new advanced pumped storage facilities, to provide grid reliability benefits; and

(2)(A) to identify the range of opportunities for hydropower that may be obtained from conduits (as defined by the Secretary) in the United States; and

To support revitalization and reform of the Organization of American States, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Organization of American States Revitalization and Reform Act of 2013”.

SEC. 2. FINDINGS.

Congress makes the following findings:

(1) The Charter of the Organization of American States recognizes that—
   (A) representative democracy is indispensable for the stability, peace, and development of the Western Hemisphere; and
   (B) a purpose of the Organization of American States is to promote and consolidate representative democracy, with due respect for the principle of nonintervention.

(2) The United States supports the purposes and principles enshrined in—
   (A) the Charter of the Organization of American States;
   (B) the Inter-American Democratic Charter; and
   (C) the American Declaration on the Rights and Duties of Man.

(3) The United States supports the Organization of American States in its efforts with all member states to meet our commitments under the instruments set forth in paragraph (2).

(4) Congress supports the Organization of American States as it operates in a manner consistent with the Inter-American Democratic Charter.

SEC. 3. STATEMENT OF POLICY.

It is the policy of the United States—

(1) to promote democracy and the rule of law throughout the Western Hemisphere;

(2) to promote and protect human rights and fundamental freedoms in the Western Hemisphere; and

(3) to support the practices, purposes, and principles expressed in the Charter of the Organization of American States, the American Declaration on the Rights and Duties of Man, the Inter-American Democratic Charter, and other fundamental instruments of democracy.
SEC. 4. SENSE OF CONGRESS.

It is the sense of Congress that—

(1) the Organization of American States (OAS) should be the primary multi-lateral diplomatic entity for regional dispute resolution and promotion of democratic governance and institutions;

(2) the OAS is a valuable platform from which to launch initiatives aimed to benefit the countries of the Western Hemisphere;

(3) the Summit of the Americas institution and process embodies a valuable complement to regional dialogue and cooperation;

(4) the Summit of the Americas process should be formally and more effectively integrated into the work of the OAS, the Inter-American Development Bank, and other Members of the Joint Summit Working Group, and the OAS should play a central role in overseeing and managing the Summit process;

(5) the OAS General Assembly and the Summit of the Americas events should be combined geographically and chronologically in the years in which they coincide;

(6) the OAS has historically accepted too many mandates from its member states, resulting in both lack of clarity on priorities and loss of institutional focus, which in turn has reduced the effectiveness of the organization;

(7) to ensure an appropriate balance of priorities, the OAS should review its core functions no less than annually and seek opportunities to reduce the number of mandates not directly related to its core functions;

(8) key OAS strengths lie in strengthening peace and security, promoting and consolidating representative democracy, regional dispute resolution, election assistance and monitoring, fostering economic growth and development cooperation, facilitating trade, combating illicit drug trafficking and transnational crime, and support for the Inter-American Human Rights System;

(9) the core competencies referred to in paragraph (8) should remain central to the strategic planning process of the OAS and the consideration of future mandates;

(10) any new OAS mandates should be accepted by the member states only after an analysis is conducted and formally presented consisting of a calculation of the financial costs associated with the mandate, an assessment of the comparative advantage of the OAS in the implementation of the mandate, and a description of the ways in which the mandate advances the organization’s core mission;

(11) any new mandates should include, in addition to the analysis described in paragraph (10), an identification of the source of funding to be used to implement the mandate;

(12) the OAS would benefit from enhanced coordination between the OAS and the Inter-American Development Bank on issues that relate to economic development;

(13) the OAS would benefit from standard reporting requirements for each project and grant agreement;

(14) the OAS would benefit from effective implementation of—
(A) transparent and merit-based human resource standards and processes; and

(B) transparent hiring, firing, and promotion standards and processes, including with respect to factors such as gender and national origin; and

(15) it is in the interest of the United States, OAS member states, and a modernized OAS to move toward an assessed fee structure that assures the financial sustainability of the organization and establishes, not later than five years after the date of the enactment of this Act, that no member state pays more than 50 percent of the organization’s assessed fees.

22 USC 290q.

(A) identifies a path toward the adoption of necessary reforms that prioritize and reinforce the OAS’s core competencies described in section 4(8);

(B) outlines an approach to secure from the OAS effective adoption of—

(i) a results-based budgeting process in order to strategically prioritize, and where appropriate, reduce current and future mandates; and

(ii) transparent hiring, firing, and promotion practices;

(C) reflects the inputs and coordination from other Executive Branch agencies, as appropriate; and

(D) identifies a path toward the adoption of necessary reforms that would—

(i) lead to an assessed fee structure in which no member state would pay more than 50 percent of the OAS’s assessed yearly fees; and

(ii) seek to minimize the negative financial impact on the OAS and its operations.

(2) POLICY PRIORITIES AND COORDINATION.—The Secretary of State shall—

(A) carry out diplomatic engagement to build support for reforms and budgetary burden sharing among OAS member states and observers; and

(3) analyzes the progress made by the OAS to adopt and effectively implement transparent and merit-based human resource standards and practices and transparent hiring, firing,
and promotion standards and processes, including with respect to factors such as gender and national origin;

(4) analyzes the progress made by the OAS to adopt and effectively implement a practice of soliciting member quotas to be paid on a schedule that will improve the consistency of its operating budget; and

An Act
To ensure that the Federal Aviation Administration advances the safety of small air
planes, and the continued development of the general aviation industry, and
for other purposes.
Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.
This Act may be cited as the “Small Airplane Revitalization Act of 2013”.

SEC. 2. FINDINGS.
Congress makes the following findings:
(1) A healthy small aircraft industry is integral to economic growth and to maintaining an effec
tive transportation infrastructure for communities and countries around the world.
(2) Small airplanes comprise nearly 90 percent of general aviation aircraft certified by the Federal Aviation Administra
tion.
(3) General aviation provides for the cultivation of a workforce of engineers, manufacturing and maintenance profes
sionals, and pilots who secure the economic success and defense of the United States.
(4) General aviation contributes to well-paying jobs in the manufacturing and technology sectors in the United States and products produced by those sectors are exported in great numbers.
(5) Technology developed and proven in general aviation aids in the success and safety of all sectors of aviation and scientific competence.
(6) The average small airplane in the United States is now 40 years old and the regulatory barriers to bringing new designs to the market are resulting in a lack of innovation and investment in small airplane design.
(7) Since 2003, the United States lost 10,000 active private pilots per year on average, partially due to a lack of cost-effective, new small airplanes.
(8) General aviation safety can be improved by modernizing and revamping the regulations relating to small airplanes to clear the path for technology adoption and cost-effective means to retrofit the existing fleet with new safety technologies.
SEC. 3. SAFETY AND REGULATORY IMPROVEMENTS FOR GENERAL AVIATION.

(a) IN GENERAL.—Not later than December 15, 2015, the Administrator of the Federal Aviation Administration shall issue a final rule—

(1) to advance the safety and continued development of small airplanes by reorganizing the certification requirements for such airplanes under part 23 to streamline the approval of safety advancements; and

(2) that meets the objectives described in subsection (b).

(b) OBJECTIVES DESCRIBED.—The objectives described in this subsection are based on the recommendations of the Part 23 Reorganization Aviation Rulemaking Committee:

(1) The establishment of a regulatory regime for small airplanes that will improve safety and reduce the regulatory cost burden for the Federal Aviation Administration and the aviation industry.

(2) The establishment of broad, outcome-driven safety objectives that will spur innovation and technology adoption.

(3) The replacement of current, prescriptive requirements under part 23 with performance-based regulations.

(4) The use of consensus standards accepted by the Federal Aviation Administration to clarify how the safety objectives of part 23 may be met using specific designs and technologies.

(c) CONSENSUS-BASED STANDARDS.—In prescribing regulations under this section, the Administrator shall use consensus standards, as described in section 12(d) of the National Technology Transfer and Advancement Act of 1996 (15 U.S.C. 272 note), to the extent practicable while continuing traditional methods for meeting part 23.

(d) SAFETY COOPERATION.—The Administrator shall lead the effort to improve general aviation safety by working with leading aviation regulators to assist them in adopting a complementary regulatory approach for small airplanes.

(e) DEFINITIONS.—In this section:

(1) CONSENSUS STANDARDS.—

(A) IN GENERAL.—The term "consensus standards" means standards developed by an organization described in subparagraph (B) that may include provisions requiring that owners of relevant intellectual property have agreed to make that intellectual property available on a non-discriminatory, royalty-free, or reasonable royalty basis to all interested persons.

(B) ORGANIZATIONS DESCRIBED.—An organization described in this subparagraph is a domestic or international organization that—

(i) plans, develops, establishes, or coordinates, through a process based on consensus and using agreed-upon procedures, voluntary standards; and

(ii) operates in a transparent manner, considers a balanced set of interests with respect to such standards, and provides for due process and an appeals process with respect to such standards.

(2) PART 23.—The term "part 23" means part 23 of title 14, Code of Federal Regulations.
(3) **PART 23 REORGANIZATION AVIATION RULEMAKING COMMITTEE.**—The term “Part 23 Reorganization Aviation Rulemaking Committee” means the aviation rulemaking committee established by the Federal Aviation Administration in August 2011 to consider the reorganization of the regulations under part 23.

(4) **SMALL AIRPLANE.**—The term “small airplane” means an airplane which is certified to part 23 standards.

“(iii) establish a process by which the Secretary may determine other products or transactions that shall be exempt from the requirements of this section.

“(B) CONTENT.—The guidance issued under subparagraph (A) shall include a process for the biennial review and renewal of such waivers, exceptions, and exemptions, as applicable.
