(a) BEFORE NEW ALLOCATION FORMULA.—

(1) FISCAL YEAR 2017.—If a new allocation formula for the motor carrier safety assistance program has not been established under this subtitle for fiscal year 2017, the Secretary shall calculate for fiscal year 2017 the maintenance of effort baseline required under section 31102(f) of title 49, United States Code, as amended by this subtitle, by averaging the expenditures for fiscal years 2004 and 2005 required by section 31102(b)(4) of title 49, United States Code, as that section was in effect on the day before the date of enactment of this Act.

(2) SUBSEQUENT FISCAL YEARS.—The Secretary may use the methodology for calculating the maintenance of effort baseline specified in paragraph (1) for fiscal year 2018 and subsequent fiscal years if a new allocation formula for the motor carrier safety assistance program has not been established for that fiscal year.

(b) BEGINNING WITH NEW ALLOCATION FORMATION.—

(1) IN GENERAL.—Subject to paragraphs (2) and (3)(B), beginning on the date that a new allocation formula for the motor carrier safety assistance program is established under this subtitle, upon the request of a State, the Secretary may waive or modify the baseline maintenance of effort required of the State by section 31102(f) of title 49, United States Code, as amended by this subtitle, for the purpose of establishing a new baseline maintenance of effort if the Secretary determines that a waiver or modification—

(A) is equitable due to reasonable circumstances;

(B) will ensure the continuation of commercial motor vehicle enforcement activities in the State; and

(C) is necessary to ensure that the total amount of State maintenance of effort and matching expenditures required under sections 31102 and 31104 of title 49, United States Code, as amended by this subtitle, does not exceed a sum greater than the average of the total amount of State maintenance of effort and matching expenditures required under those sections for the 3 fiscal years prior to the date of enactment of this Act.

(2) ADJUSTMENT METHODOLOGY.—If requested by a State, the Secretary may modify the maintenance of effort baseline referred to in paragraph (1) for the State according to the following methodology:

(A) The Secretary shall establish the maintenance of effort baseline for the State using the average baseline of fiscal years 2004 and 2005, as required by section 31102(b)(4) of title 49, United States Code, as that section was in effect on the day before the date of enactment of this Act.

(B) The Secretary shall calculate the average required match by a lead State commercial motor vehicle safety agency for fiscal years 2013, 2014, and 2015 for motor carrier safety assistance grants established at 20 percent by section 31103 of title 49, United States Code, as that section was in effect on the day before the date of enactment of this Act.

(C) The Secretary shall calculate the estimated match required under section 31104(b) of title 49, United States Code, as amended by this subtitle.

(D) The Secretary shall subtract the amount in subparagraph (B) from the amount in subparagraph (C) and—

(i) if the number is greater than 0, the Secretary shall subtract the number from the amount in subparagraph (A); or

(ii) if the number is not greater than 0, the Secretary shall calculate the maintenance of effort using the methodology in subparagraph (A).

(3) MAINTENANCE OF EFFORT AMOUNT.—

(iv) Plans and a schedule for public and tribal outreach and coordination, to the extent required by applicable law.

(C) MEMORANDUM OF UNDERSTANDING.—The coordinated project plan described in subparagraph (A) may be incorporated into a memorandum of understanding.

(2) PERMITTING TIMETABLE.—

(A) ESTABLISHMENT.—As part of the coordination project plan under paragraph (1), the facilitating or lead agency, as applicable, in consultation with each cooperating and participating agency, the project sponsor, and any State in which the project is located, and, subject to subparagraph (C), with the concurrence of each cooperating agency, shall establish a permitting timetable that includes intermediate and final completion dates for action by each participating agency on any Federal environmental review or authorization required for the project.

(B) FACTORS FOR CONSIDERATION.—In establishing the permitting timetable under subparagraph (A), the facilitating or lead agency shall follow the performance schedules established under section 41002(c)(1)(C), but may vary the timetable based on relevant factors, including—

(I) the facilitating or lead agency, as applicable, and the affected cooperating agencies, after consultation with the participating agencies and the project sponsor, agree to a different completion date;

(II) the facilitating agency or lead agency, as applicable, or the affected cooperating agency provides a written justification for the modification; and

(III) in the case of a modification that would necessitate an extension of a final completion date under a permitting timetable established under subparagraph (A) to a date more than 30 days after the final completion date originally established under subparagraph (A), the facilitating or

lead agency submits a request to modify the permitting timetable to the Executive Director, who shall consult with the project sponsor and make a determination on the record, based on consideration of the relevant factors described under subparagraph (B), whether to grant the facilitating or lead agency, as applicable, authority to make such modification.

(ii) COMPLETION DATE.—A completion date in the permitting timetable may not be modified within 30 days of the completion date.

(iii) LIMITATION ON LENGTH OF MODIFICATIONS.—

(I) IN GENERAL.—Except as provided in subclause (II), the total length of all modifications to a permitting timetable authorized or made under this subparagraph, other than for reasons outside the control of Federal, State, local, or tribal governments, may not extend the permitting timetable for a period of time greater than half of the amount of time from the establishment of the permitting timetable under subparagraph (A) to the last final completion date originally established under subparagraph (A).

(II) ADDITIONAL EXTENSIONS.—The Director of the Office of Management and Budget, after consultation with the project sponsor, may permit the Executive Director to authorize additional extensions of a permitting timetable beyond the limit prescribed by subclause (I). In such a case, the Director of the Office of Management and Budget shall transmit, not later than 5 days after making a determination to permit an authorization of extension under this subclause, a report to Congress explaining why such modification is required. Such report shall explain to Congress with specificity why the original permitting timetable and the modifications authorized by the Executive Director failed to be adequate. The lead or facilitating agency, as applicable, shall transmit to Congress, the Director of the Office of Management and Budget, and the Executive Director a supplemental report on progress toward the final completion date each year thereafter, until the permit review is completed or the project sponsor withdraws its notice or application or other request to which this title applies under section 41010.

(i) IN GENERAL.—Each Federal agency shall conform to the completion dates set forth in the permitting timetable established under subparagraph (A), or with any completion date modified under subparagraph (D).

(ii) FAILURE TO CONFORM.—If a Federal agency fails to conform with a completion date for agency action on a covered project or is at significant risk of failing to conform with such a completion date, the agency shall—

(I) promptly submit to the Executive Director for publication on the Dashboard an explanation of the specific reasons for failing or significantly risking failing to conform to the completion date and a proposal for an alternative completion date;

(II) in consultation with the facilitating or lead agency, as applicable, establish an alternative completion date; and

(G) ABANDONMENT OF COVERED PROJECT.—

(i) IN GENERAL.—If the facilitating or lead agency, as applicable, has a reasonable basis to doubt the continuing technical or financial ability of the project sponsor to construct the covered project, the facilitating or lead agency may request the project sponsor provide an updated statement regarding the ability of the project sponsor to complete the project.

(ii) FAILURE TO RESPOND.—If the project sponsor fails to respond to a request described in clause (i) by the date that is 30 days after receiving the request, the lead or facilitating agency, as applicable, shall notify the Executive Director, who shall publish an appropriate notice on the Dashboard.

(iii) PUBLICATION TO DASHBOARD.—On publication of a notice under clause (ii), the completion dates in the permitting timetable shall be tolled and agencies shall be relieved of the obligation to comply with subparagraph (F) until such time as the project sponsor submits to the facilitating or lead agency, as applicable, an updated statement regarding the technical and financial ability of the project sponsor to construct the project.

(3) COOPERATING STATE, LOCAL, OR TRIBAL GOVERNMENTS.—

(A) STATE AUTHORITY.—If the Federal environmental review is being implemented within the boundaries of a State, the State, consistent with State law, may choose to participate in the environmental review and authorization process under this subsection and to make subject to the process all State agencies that—

(i) have jurisdiction over the covered project;
(ii) are required to conduct or issue a review, analysis, opinion, or statement for the covered project; or
(iii) are required to make a determination on issuing a permit, license, or other approval or decision for the covered project.

(B) COORDINATION.—To the maximum extent practicable under applicable law, the facilitating or lead agency, as applicable, shall coordinate the Federal environmental review and authorization processes under this subsection with any State, local, or tribal agency responsible for conducting any separate review or authorization of the covered project to ensure timely and efficient completion of environmental reviews and authorizations.

(d) EARLY CONSULTATION.—The facilitating or lead agency, as applicable, shall provide an expeditious process for project sponsors to confer with each cooperating and participating agency involved and, not later than 60 days after the date on which the project sponsor submits a request under this subsection, to have each such agency provide to the project sponsor information concerning—

(1) the availability of information and tools, including pre-application toolkits, to facilitate early planning efforts;

(2) key issues of concern to each agency and to the public; and

(3) issues that must be addressed before an environmental review or authorization can be completed.

(1) carry out the obligations of the agency with respect to a covered project under any other applicable law concurrently, and in conjunction with, other environmental reviews and authorizations being conducted by other cooperating or participating agencies, including environmental reviews and authorizations required under NEPA, unless the agency determines that doing so would impair the ability of the agency to carry out the statutory obligations of the agency; and

(2) formulate and implement administrative, policy, and procedural mechanisms to enable the agency to ensure completion of the environmental review process in a timely, coordinated, and environmentally responsible manner.

(b) ADOPTION, INCORPORATION BY REFERENCE, AND USE OF DOCUMENTS.—

(1) STATE ENVIRONMENTAL DOCUMENTS; SUPPLEMENTAL DOCUMENTS.—

(A) USE OF EXISTING DOCUMENTS.—

(i) IN GENERAL.—On the request of a project sponsor, a lead agency shall consider and, as appropriate, adopt or incorporate by reference, the analysis and documentation that has been prepared for a covered project under State laws and procedures as the documentation, or part of the documentation, required to complete an environmental review for the covered project, if the analysis and documentation were, as determined by the lead agency in consultation with the Council on Environmental Quality, prepared under circumstances that allowed for opportunities for public

participation and consideration of alternatives, environmental consequences, and other required analyses that are substantially equivalent to what would have been available had the documents and analysis been prepared by a Federal agency pursuant to NEPA.

(ii) GUIDANCE BY CEQ.—The Council on Environmental Quality may issue guidance to carry out this subsection.

(B) NEPA OBLIGATIONS.—An environmental document adopted under subparagraph (A) or a document that includes documentation incorporated under subparagraph (A) may serve as the documentation required for an environmental review or a supplemental environmental review required to be prepared by a lead agency under NEPA.

(C) SUPPLEMENTATION OF STATE DOCUMENTS.—If the lead agency adopts or incorporates analysis and documentation described in subparagraph (A), the lead agency shall prepare and publish a supplemental document if the lead agency determines that during the period after preparation of the analysis and documentation and before the adoption or incorporation—

(i) a significant change has been made to the covered project that is relevant for purposes of environmental review of the project; or

(ii) there has been a significant circumstance or new information has emerged that is relevant to the environmental review for the covered project.

(D) COMMENTS.—If a lead agency prepares and publishes a supplemental document under subparagraph (C), the lead agency shall solicit comments from other agencies and the public on the supplemental document for a period of not more than 45 days, beginning on the date on which the supplemental document is published, unless—

(4) PREFERRED ALTERNATIVE.—With the concurrence of the cooperating agencies with jurisdiction under Federal law and at the discretion of the lead agency, the preferred alternative for a project, after being identified, may be developed to a higher level of detail than other alternatives to facilitate the development of mitigation measures or concurrent compliance with other applicable laws if the lead agency determines that the development of the higher level of detail will not prevent—

(A) the lead agency from making an impartial decision as to whether to accept another alternative that is being considered in the environmental review; and

(B) the public from commenting on the preferred and other alternatives.

(d) ENVIRONMENTAL REVIEW COMMENTS.—

(1) COMMENTS ON DRAFT ENVIRONMENTAL IMPACT STATEMENT.—For comments by an agency or the public on a draft environmental impact statement, the lead agency shall establish a comment period of not less than 45 days and not more than 60 days after the date on which a notice announcing availability of the environmental impact statement is published in the Federal Register, unless—

(A) the action is filed not later than 2 years after the date of publication in the Federal Register of the final

record of decision or approval or denial of a permit, unless a shorter time is specified in the Federal law under which judicial review is allowed; and

(B) in the case of an action pertaining to an environmental review conducted under NEPA—

(i) the action is filed by a party that submitted a comment during the environmental review; and

(ii) any commenter filed a sufficiently detailed comment so as to put the lead agency on notice of the issue on which the party seeks judicial review, or the lead agency did not provide a reasonable opportunity for such a comment on that issue.

(2) NEW INFORMATION.—

(A) IN GENERAL.—The head of a lead agency or participating agency shall consider new information received after the close of a comment period if the information satisfies the requirements under regulations implementing NEPA.

(B) SEPARATE ACTION.—If Federal law requires the preparation of a supplemental environmental impact statement or other supplemental environmental document, the preparation of such document shall be considered a separate final agency action and the deadline for filing a claim for judicial review of the agency action shall be 2 years after the date on which a notice announcing the final agency action is published in the Federal Register, unless a shorter time is specified in the Federal law under which judicial review is allowed.

(3) RULE OF CONSTRUCTION.—Nothing in this subsection creates a right to judicial review or places any limit on filing a claim that a person has violated the terms of an authorization.

(b) PRELIMINARY INJUNCTIVE RELIEF.—In addition to considering any other applicable equitable factors, in any action seeking a temporary restraining order or preliminary injunction against an agency or a project sponsor in connection with review or authorization of a covered project, the court shall—

(1) consider the potential effects on public health, safety, and the environment, and the potential for significant negative effects on jobs resulting from an order or injunction; and

(2) not presume that the harms described in paragraph

(1) are reparable.

(c) JUDICIAL REVIEW.—Except as provided in subsection (a), nothing in this title affects the reviewability of any final Federal agency action in a court of competent jurisdiction.

“(i) IN GENERAL.—If a State makes significant changes to its plan at any time, such as the adoption of new challenging State academic standards or new academic assessments under subsection (b), or changes to its accountability system under subsection (c), such information shall be submitted to the Secretary in the form of revisions or amendments to the State plan.

“(ii) REVIEW OF REVISED PLANS.—The Secretary shall review the information submitted under clause (i) and approve changes to the State plan, or disapprove such changes in accordance with paragraph (4)(A)(vi), within 90 days, without undertaking the peer-review process under such paragraph.

“(iii) SPECIAL RULE FOR STANDARDS.—If a State makes changes to its challenging State academic standards, the requirements of subsection (b)(1), including the requirement that such standards need not be submitted to the Secretary pursuant to subsection (b)(1)(A), shall still apply.

“(7) FAILURE TO MEET REQUIREMENTS.—If a State fails to meet any of the requirements of this section, the Secretary may withhold funds for State administration under this part until the Secretary determines that the State has fulfilled those requirements.

“(8) PUBLIC COMMENT.—Each State shall make the State plan publicly available for public comment for a period of not less than 30 days, by electronic means and in an easily accessible format, prior to submission to the Secretary for approval under this subsection. The State, in the plan it files under this subsection, shall provide an assurance that public comments were taken into account in the development of the State plan.

“(b) CHALLENGING ACADEMIC STANDARDS AND ACADEMIC ASSESSMENTS.—

“(1) CHALLENGING STATE ACADEMIC STANDARDS.—

“(A) IN GENERAL.—Each State, in the plan it files under subsection (a), shall provide an assurance that the State has adopted challenging academic content standards and

aligned academic achievement standards (referred to in this Act as ‘challenging State academic standards’), which achievement standards shall include not less than 3 levels of achievement, that will be used by the State, its local educational agencies, and its schools to carry out this part. A State shall not be required to submit such challenging State academic standards to the Secretary.

“(B) SAME STANDARDS.—Except as provided in subparagraph (E), the standards required by subparagraph (A) shall—

“(i) apply to all public schools and public school students in the State; and

“(ii) with respect to academic achievement standards, include the same knowledge, skills, and levels of achievement expected of all public school students in the State.

“(C) SUBJECTS.—The State shall have such academic standards for mathematics, reading or language arts, and science, and may have such standards for any other subject determined by the State.

“(D) ALIGNMENT.—

“(i) IN GENERAL.—Each State shall demonstrate that the challenging State academic standards are aligned with entrance requirements for credit-bearing coursework in the system of public higher education in the State and relevant State career and technical education standards.

“(ii) RULE OF CONSTRUCTION.—Nothing in this Act shall be construed to authorize public institutions of higher education to determine the specific challenging State academic standards required under this paragraph.

“(E) ALTERNATE ACADEMIC ACHIEVEMENT STANDARDS FOR STUDENTS WITH THE MOST SIGNIFICANT COGNITIVE DISABILITIES.—

“(i) IN GENERAL.—The State may, through a documented and validated standards-setting process, adopt alternate academic achievement standards for students with the most significant cognitive disabilities, provided those standards—

“(I) are aligned with the challenging State academic content standards under subparagraph (A);

“(II) promote access to the general education curriculum, consistent with the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.);

“(III) reflect professional judgment as to the highest possible standards achievable by such students;

“(IV) are designated in the individualized education program developed under section 614(d)(3) of the Individuals with Disabilities Education Act (20 U.S.C. 1414(d)(3)) for each such student as the academic achievement standards that will be used for the student; and

“(V) are aligned to ensure that a student who meets the alternate academic achievement standards is on track to pursue postsecondary education

or employment, consistent with the purposes of Public Law 93–112, as in effect on July 22, 2014.

“(ii) PROHIBITION ON ANY OTHER ALTERNATE OR MODIFIED ACADEMIC ACHIEVEMENT STANDARDS.—A State shall not develop, or implement for use under this part, any alternate academic achievement standards for children with disabilities that are not alternate academic achievement standards that meet the requirements of clause (i).

“(F) ENGLISH LANGUAGE PROFICIENCY STANDARDS.—Each State plan shall demonstrate that the State has adopted English language proficiency standards that—

“(i) are derived from the 4 recognized domains of speaking, listening, reading, and writing;

“(ii) address the different proficiency levels of English learners; and

“(iii) are aligned with the challenging State academic standards.

“(G) PROHIBITIONS.—

“(i) STANDARDS REVIEW OR APPROVAL.—A State shall not be required to submit any standards developed under this subsection to the Secretary for review or approval.

“(ii) FEDERAL CONTROL.—The Secretary shall not have the authority to mandate, direct, control, coerce, or exercise any direction or supervision over any of the challenging State academic standards adopted or implemented by a State.

“(H) EXISTING STANDARDS.—Nothing in this part shall prohibit a State from revising, consistent with this section, any standards adopted under this part before or after the date of enactment of the Every Student Succeeds Act.

“(2) ACADEMIC ASSESSMENTS.—

“(A) IN GENERAL.—Each State plan shall demonstrate that the State educational agency, in consultation with local educational agencies, has implemented a set of high-quality student academic assessments in mathematics, reading or language arts, and science. The State retains the right to implement such assessments in any other subject chosen by the State.

“(B) REQUIREMENTS.—The assessments under subparagraph (A) shall—

“(i) except as provided in subparagraph (D), be—

“(I) the same academic assessments used to measure the achievement of all public elementary school and secondary school students in the State; and

“(II) administered to all public elementary school and secondary school students in the State;

“(ii) be aligned with the challenging State academic standards, and provide coherent and timely information about student attainment of such standards and whether the student is performing at the student’s grade level;

“(iii) be used for purposes for which such assessments are valid and reliable, consistent with relevant, nationally recognized professional and technical testing

standards, objectively measure academic achievement, knowledge, and skills, and be tests that do not evaluate or assess personal or family beliefs and attitudes, or publicly disclose personally identifiable information;

“(iv) be of adequate technical quality for each purpose required under this Act and consistent with the requirements of this section, the evidence of which shall be made public, including on the website of the State educational agency;

“(v)(I) in the case of mathematics and reading or language arts, be administered—

“(aa) in each of grades 3 through 8; and

“(bb) at least once in grades 9 through 12;

“(II) in the case of science, be administered not less than one time during—

“(aa) grades 3 through 5;

“(bb) grades 6 through 9; and

“(cc) grades 10 through 12; and

“(III) in the case of any other subject chosen by the State, be administered at the discretion of the State;

“(vi) involve multiple up-to-date measures of student academic achievement, including measures that assess higher-order thinking skills and understanding, which may include measures of student academic growth and may be partially delivered in the form of portfolios, projects, or extended performance tasks;

“(vii) provide for—

“(I) the participation in such assessments of all students;

“(II) the appropriate accommodations, such as interoperability with, and ability to use, assistive technology, for children with disabilities (as defined in section 602(3) of the Individuals with Disabilities Education Act (20 U.S.C. 1401(3))), including students with the most significant cognitive disabilities, and students with a disability who are provided accommodations under an Act other than the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.), necessary to measure the academic achievement of such children relative to the challenging State academic standards or alternate academic achievement standards described in paragraph (1)(E); and

“(III) the inclusion of English learners, who shall be assessed in a valid and reliable manner and provided appropriate accommodations on assessments administered to such students under this paragraph, including, to the extent practicable, assessments in the language and form most likely to yield accurate data on what such students know and can do in academic content areas, until such students have achieved English language proficiency, as determined under subparagraph (G);

“(viii) at the State’s discretion—

“(I) be administered through a single summative assessment; or

“(II) be administered through multiple statewide interim assessments during the course of the academic year that result in a single summative score that provides valid, reliable, and transparent information on student achievement or growth;

“(ix) notwithstanding clause (vii)(III), provide for assessments (using tests in English) of reading or language arts of any student who has attended school in the United States (not including the Commonwealth of Puerto Rico) for 3 or more consecutive school years, except that if the local educational agency determines, on a case-by-case individual basis, that academic assessments in another language or form would likely yield more accurate and reliable information on what such student knows and can do, the local educational agency may make a determination to assess such student in the appropriate language other than English for a period that does not exceed 2 additional consecutive years, provided that such student has not yet reached a level of English language proficiency sufficient to yield valid and reliable information on what such student knows and can do on tests (written in English) of reading or language arts;

“(x) produce individual student interpretive, descriptive, and diagnostic reports, consistent with clause (iii), regarding achievement on such assessments that allow parents, teachers, principals, and other school leaders to understand and address the specific academic needs of students, and that are provided to parents, teachers, and school leaders, as soon as is practicable after the assessment is given, in an understandable and uniform format, and to the extent practicable, in a language that parents can understand;

“(xi) enable results to be disaggregated within each State, local educational agency, and school by—

“(I) each major racial and ethnic group;

“(II) economically disadvantaged students as compared to students who are not economically disadvantaged;

“(III) children with disabilities as compared to children without disabilities;

“(IV) English proficiency status;

“(V) gender; and

“(VI) migrant status,

except that such disaggregation shall not be required in the case of a State, local educational agency, or a school in which the number of students in a subgroup is insufficient to yield statistically reliable information or the results would reveal personally identifiable information about an individual student;

“(xii) enable itemized score analyses to be produced and reported, consistent with clause (iii), to local educational agencies and schools, so that parents, teachers, principals, other school leaders, and administrators can interpret and address the specific academic needs of

students as indicated by the students' achievement on assessment items; and

“(xiii) be developed, to the extent practicable, using the principles of universal design for learning.

“(C) EXCEPTION FOR ADVANCED MATHEMATICS IN MIDDLE SCHOOL.—A State may exempt any 8th grade student from the assessment in mathematics described in subparagraph (B)(v)(I)(aa) if—

“(i) such student takes the end-of-course assessment the State typically administers to meet the requirements of subparagraph (B)(v)(I)(bb) in mathematics;

“(ii) such student's achievement on such end-of-course assessment is used for purposes of subsection (c)(4)(B)(i), in lieu of such student's achievement on the mathematics assessment required under subparagraph (B)(v)(I)(aa), and such student is counted as participating in the assessment for purposes of subsection (c)(4)(B)(vi); and

“(iii) in high school, such student takes a mathematics assessment pursuant to subparagraph (B)(v)(I)(bb) that—

“(I) is any end-of-course assessment or other assessment that is more advanced than the assessment taken by such student under clause (i) of this subparagraph; and

“(II) shall be used to measure such student's academic achievement for purposes of subsection (c)(4)(B)(i).

“(D) ALTERNATE ASSESSMENTS FOR STUDENTS WITH THE MOST SIGNIFICANT COGNITIVE DISABILITIES.—

“(i) ALTERNATE ASSESSMENTS ALIGNED WITH ALTERNATE ACADEMIC ACHIEVEMENT STANDARDS.—A State may provide for alternate assessments aligned with the challenging State academic standards and alternate academic achievement standards described in paragraph (1)(E) for students with the most significant cognitive disabilities, if the State—

“(I) consistent with clause (ii), ensures that, for each subject, the total number of students assessed in such subject using the alternate assessments does not exceed 1 percent of the total number of all students in the State who are assessed in such subject;

“(II) ensures that the parents of such students are clearly informed, as part of the process for developing the individualized education program (as defined in section 614(d)(1)(A) of the Individuals with Disabilities Education Act (20 U.S.C. 1414(d)(1)(A)))—

“(aa) that their child's academic achievement will be measured based on such alternate standards; and

“(bb) how participation in such assessments may delay or otherwise affect the student from completing the requirements for a regular high school diploma;

“(III) promotes, consistent with the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.), the involvement and progress of students with the most significant cognitive disabilities in the general education curriculum;

“(IV) describes in the State plan the steps the State has taken to incorporate universal design for learning, to the extent feasible, in alternate assessments;

“(V) describes in the State plan that general and special education teachers, and other appropriate staff—

“(aa) know how to administer the alternate assessments; and

“(bb) make appropriate use of accommodations for students with disabilities on all assessments required under this paragraph;

“(VI) develops, disseminates information on, and promotes the use of appropriate accommodations to increase the number of students with significant cognitive disabilities—

“(aa) participating in academic instruction and assessments for the grade level in which the student is enrolled; and

“(bb) who are tested based on challenging State academic standards for the grade level in which the student is enrolled; and

“(VII) does not preclude a student with the most significant cognitive disabilities who takes an alternate assessment based on alternate academic achievement standards from attempting to complete the requirements for a regular high school diploma.

“(ii) SPECIAL RULES.—

“(I) RESPONSIBILITY UNDER IDEA.—Subject to the authority and requirements for the individualized education program team for a child with a disability under section 614(d)(1)(A)(i)(VI)(bb) of the Individuals with Disabilities Education Act (20 U.S.C. 1414(d)(1)(A)(i)(VI)(bb)), such team, consistent with the guidelines established by the State and required under section 612(a)(16)(C) of such Act (20 U.S.C. 1412(c)(16)(C)) and clause (i)(II) of this subparagraph, shall determine when a child with a significant cognitive disability shall participate in an alternate assessment aligned with the alternate academic achievement standards.

“(II) PROHIBITION ON LOCAL CAP.—Nothing in this subparagraph shall be construed to permit the Secretary or a State educational agency to impose on any local educational agency a cap on the percentage of students administered an alternate assessment under this subparagraph, except that a local educational agency exceeding the cap applied to the State under clause (i)(I) shall submit information to the State educational agency justifying the need to exceed such cap.

“(III) STATE SUPPORT.—A State shall provide appropriate oversight, as determined by the State, of any local educational agency that is required to submit information to the State under subclause (II).

“(IV) WAIVER AUTHORITY.—This subparagraph shall be subject to the waiver authority under section 8401.

“(E) STATE AUTHORITY.—If a State educational agency provides evidence, which is satisfactory to the Secretary, that neither the State educational agency nor any other State government official, agency, or entity has sufficient authority, under State law, to adopt challenging State academic standards, and academic assessments aligned with such standards, which will be applicable to all students enrolled in the State’s public elementary schools and secondary schools, then the State educational agency may meet the requirements of this subsection by—

“(i) adopting academic standards and academic assessments that meet the requirements of this subsection, on a statewide basis, and limiting their applicability to students served under this part; or

“(ii) adopting and implementing policies that ensure that each local educational agency in the State that receives grants under this part will adopt academic content and student academic achievement standards, and academic assessments aligned with such standards, which—

“(I) meet all of the criteria in this subsection and any regulations regarding such standards and assessments that the Secretary may publish; and

“(II) are applicable to all students served by each such local educational agency.

“(F) LANGUAGE ASSESSMENTS.—

“(i) IN GENERAL.—Each State plan shall identify the languages other than English that are present to a significant extent in the participating student population of the State and indicate the languages for which annual student academic assessments are not available and are needed.

“(ii) SECRETARIAL ASSISTANCE.—The State shall make every effort to develop such assessments and may request assistance from the Secretary if linguistically accessible academic assessment measures are needed. Upon request, the Secretary shall assist with the identification of appropriate academic assessment measures in the needed languages, but shall not mandate a specific academic assessment or mode of instruction.

“(G) ASSESSMENTS OF ENGLISH LANGUAGE PROFICIENCY.—

“(i) IN GENERAL.—Each State plan shall demonstrate that local educational agencies in the State will provide for an annual assessment of English proficiency of all English learners in the schools served by the State educational agency.

“(ii) ALIGNMENT.—The assessments described in clause (i) shall be aligned with the State’s English language proficiency standards described in paragraph (1)(F).

“(H) LOCALLY-SELECTED ASSESSMENT.—

“(i) IN GENERAL.—Nothing in this paragraph shall be construed to prohibit a local educational agency from administering a locally-selected assessment in lieu of the State-designed academic assessment under subclause (I)(bb) and subclause (II)(cc) of subparagraph (B)(v), if the local educational agency selects a nationally-recognized high school academic assessment that has been approved for use by the State as described in clause (iii) or (iv) of this subparagraph.

“(ii) STATE TECHNICAL CRITERIA.—To allow for State approval of nationally-recognized high school academic assessments that are available for local selection under clause (i), a State educational agency shall establish technical criteria to determine if any such assessment meets the requirements of clause (v).

“(iii) STATE APPROVAL.—If a State educational agency chooses to make a nationally-recognized high school assessment available for selection by a local educational agency under clause (i), which has not already been approved under this clause, such State educational agency shall—

“(I) conduct a review of the assessment to determine if such assessment meets or exceeds the technical criteria established by the State educational agency under clause (ii);

“(II) submit evidence in accordance with subsection (a)(4) that demonstrates such assessment meets the requirements of clause (v); and

“(III) after fulfilling the requirements of subclauses (I) and (II), approve such assessment for selection and use by any local educational agency that requests to use such assessment under clause (i).

“(iv) LOCAL EDUCATIONAL AGENCY OPTION.—

“(I) LOCAL EDUCATIONAL AGENCY.—If a local educational agency chooses to submit a nationally-recognized high school academic assessment to the State educational agency, subject to the approval process described in subclause (I) and subclause (II) of clause (iii) to determine if such assessment fulfills the requirements of clause (v), the State educational agency may approve the use of such assessment consistent with clause (i).

“(II) STATE EDUCATIONAL AGENCY.—Upon such approval, the State educational agency shall approve the use of such assessment in any other local educational agency in the State that subsequently requests to use such assessment without repeating the process described in subclauses (I) and (II) of clause (iii).

“(v) REQUIREMENTS.—To receive approval from the State educational agency under clause (iii), a locally-selected assessment shall—

“(I) be aligned to the State’s academic content standards under paragraph (1), address the depth and breadth of such standards, and be equivalent in its content coverage, difficulty, and quality to the State-designed assessments under this paragraph (and may be more rigorous in its content coverage and difficulty than such State-designed assessments);

“(II) provide comparable, valid, and reliable data on academic achievement, as compared to the State-designed assessments, for all students and for each subgroup of students defined in subsection (c)(2), with results expressed in terms consistent with the State’s academic achievement standards under paragraph (1), among all local educational agencies within the State;

“(III) meet the requirements for the assessments under subparagraph (B) of this paragraph, including technical criteria, except the requirement under clause (i) of such subparagraph; and

“(IV) provide unbiased, rational, and consistent differentiation between schools within the State to meet the requirements of subsection (c).

“(vi) PARENTAL NOTIFICATION.—A local educational agency shall notify the parents of high school students served by the local educational agency—

“(I) of its request to the State educational agency for approval to administer a locally-selected assessment; and

“(II) upon approval, and at the beginning of each subsequent school year during which the locally selected assessment will be administered, that the local educational agency will be administering a different assessment than the State-designed assessments under subclause (I)(bb) and subclause (II)(cc) of subparagraph (B)(v).

“(I) DEFERRAL.—A State may defer the commencement, or suspend the administration, but not cease the development, of the assessments described in this paragraph, for 1 year for each year for which the amount appropriated for grants under part B is less than \$369,100,000.

“(J) ADAPTIVE ASSESSMENTS.—

“(i) IN GENERAL.—Subject to clause (ii), a State retains the right to develop and administer computer adaptive assessments as the assessments described in this paragraph, provided the computer adaptive assessments meet the requirements of this paragraph, except that—

“(I) subparagraph (B)(i) shall not be interpreted to require that all students taking the computer adaptive assessment be administered the same assessment items; and

“(II) such assessment—

“(aa) shall measure, at a minimum, each student’s academic proficiency based on the challenging State academic standards for the student’s grade level and growth toward such standards; and

“(bb) may measure the student’s level of academic proficiency and growth using items above or below the student’s grade level, including for use as part of a State’s accountability system under subsection (c).

“(ii) STUDENTS WITH THE MOST SIGNIFICANT COGNITIVE DISABILITIES AND ENGLISH LEARNERS.—In developing and administering computer adaptive assessments—

“(I) as the assessments allowed under subparagraph (D), a State shall ensure that such computer adaptive assessments—

“(aa) meet the requirements of this paragraph, including subparagraph (D), except such assessments shall not be required to meet the requirements of clause (i)(II); and

“(bb) assess the student’s academic achievement to measure, in the subject being assessed, whether the student is performing at the student’s grade level; and

“(II) as the assessments required under subparagraph (G), a State shall ensure that such computer adaptive assessments—

“(aa) meet the requirements of this paragraph, including subparagraph (G), except such assessment shall not be required to meet the requirements of clause (i)(II); and

“(bb) assess the student’s language proficiency, which may include growth towards such proficiency, in order to measure the student’s acquisition of English.

“(K) RULE OF CONSTRUCTION ON PARENT RIGHTS.—Nothing in this paragraph shall be construed as preempting a State or local law regarding the decision of a parent to not have the parent’s child participate in the academic assessments under this paragraph.

“(L) LIMITATION ON ASSESSMENT TIME.—Subject to Federal or State requirements related to assessments, evaluations, and accommodations, each State may, at the sole discretion of such State, set a target limit on the aggregate amount of time devoted to the administration of assessments for each grade, expressed as a percentage of annual instructional hours.

“(3) EXCEPTION FOR RECENTLY ARRIVED ENGLISH LEARNERS.—

“(A) ASSESSMENTS.—With respect to recently arrived English learners who have been enrolled in a school in one of the 50 States in the United States or the District of Columbia for less than 12 months, a State may choose to—

“(i) exclude—

“(I) such an English learner from one administration of the reading or language arts assessment required under paragraph (2); and

“(II) such an English learner’s results on any of the assessments required under paragraph (2)(B)(v)(I) or (2)(G) for the first year of the English learner’s enrollment in such a school for the purposes of the State-determined accountability system under subsection (c); or

“(ii)(I) assess, and report the performance of, such an English learner on the reading or language arts and mathematics assessments required under paragraph (2)(B)(v)(I) in each year of the student’s enrollment in such a school; and

“(II) for the purposes of the State-determined accountability system—

“(aa) for the first year of the student’s enrollment in such a school, exclude the results on the assessments described in subclause (I);

“(bb) include a measure of student growth on the assessments described in subclause (I) in the second year of the student’s enrollment in such a school; and

“(cc) include proficiency on the assessments described in subclause (I) in the third year of the student’s enrollment in such a school, and each succeeding year of such enrollment.

“(B) ENGLISH LEARNER SUBGROUP.—With respect to a student previously identified as an English learner and for not more than 4 years after the student ceases to be identified as an English learner, a State may include the results of the student’s assessments under paragraph (2)(B)(v)(I) within the English learner subgroup of the subgroups of students (as defined in subsection (c)(2)(D)) for the purposes of the State-determined accountability system.

“(c) STATEWIDE ACCOUNTABILITY SYSTEM.—

“(1) IN GENERAL.—Each State plan shall describe a statewide accountability system that complies with the requirements of this subsection and subsection (d).

“(2) SUBGROUP OF STUDENTS.—In this subsection and subsection (d), the term ‘subgroup of students’ means—

“(A) economically disadvantaged students;

“(B) students from major racial and ethnic groups;

“(C) children with disabilities; and

“(D) English learners.

“(3) MINIMUM NUMBER OF STUDENTS.—Each State shall describe—

“(A) with respect to any provisions under this part that require disaggregation of information by each subgroup of students—

“(i) the minimum number of students that the State determines are necessary to be included to carry out such requirements and how that number is statistically sound, which shall be the same State-determined number for all students and for each subgroup of students in the State;

“(ii) how such minimum number of students was determined by the State, including how the State collaborated with teachers, principals, other school leaders, parents, and other stakeholders when determining such minimum number; and

“(iii) how the State ensures that such minimum number is sufficient to not reveal any personally identifiable information.

“(4) DESCRIPTION OF SYSTEM.—The statewide accountability system described in paragraph (1) shall be based on the challenging State academic standards for reading or language arts and mathematics described in subsection (b)(1) to improve student academic achievement and school success. In designing such system to meet the requirements of this part, the State shall carry out the following:

“(A) ESTABLISHMENT OF LONG-TERM GOALS.—Establish ambitious State-designed long-term goals, which shall include measurements of interim progress toward meeting such goals—

“(i) for all students and separately for each subgroup of students in the State—

“(I) for, at a minimum, improved—

“(aa) academic achievement, as measured by proficiency on the annual assessments required under subsection (b)(2)(B)(v)(I); and

“(bb) high school graduation rates, including—

“(AA) the four-year adjusted cohort graduation rate; and

“(BB) at the State’s discretion, the extended-year adjusted cohort graduation rate, except that the State shall set a more rigorous long-term goal for such graduation rate, as compared to the long-term goal set for the four-year adjusted cohort graduation rate;

“(II) for which the term set by the State for such goals is the same multi-year length of time for all students and for each subgroup of students in the State; and

“(III) that, for subgroups of students who are behind on the measures described in items (aa) and (bb) of subclause (I), take into account the improvement necessary on such measures to make significant progress in closing statewide proficiency and graduation rate gaps; and

“(ii) for English learners, for increases in the percentage of such students making progress in achieving English language proficiency, as defined by the State and measured by the assessments described in subsection (b)(2)(G), within a State-determined timeline.

“(B) INDICATORS.—Except for the indicator described in clause (iv), annually measure, for all students and separately for each subgroup of students, the following indicators:

“(i) For all public schools in the State, based on the long-term goals established under subparagraph (A), academic achievement—

“(I) as measured by proficiency on the annual assessments required under subsection (b)(2)(B)(v)(I); and

“(II) at the State’s discretion, for each public high school in the State, student growth, as measured by such annual assessments.

“(ii) For public elementary schools and secondary schools that are not high schools in the State—

“(I) a measure of student growth, if determined appropriate by the State; or

“(II) another valid and reliable statewide academic indicator that allows for meaningful differentiation in school performance.

“(iii) For public high schools in the State, and based on State-designed long term goals established under subparagraph (A)—

“(I) the four-year adjusted cohort graduation rate; and

“(II) at the State’s discretion, the extended-year adjusted cohort graduation rate.

“(iv) For public schools in the State, progress in achieving English language proficiency, as defined by the State and measured by the assessments described in subsection (b)(2)(G), within a State-determined timeline for all English learners—

“(I) in each of the grades 3 through 8; and

“(II) in the grade for which such English learners are otherwise assessed under subsection (b)(2)(B)(v)(I) during the grade 9 through grade 12 period, with such progress being measured against the results of the assessments described in subsection (b)(2)(G) taken in the previous grade.

“(v)(I) For all public schools in the State, not less than one indicator of school quality or student success that—

“(aa) allows for meaningful differentiation in school performance;

“(bb) is valid, reliable, comparable, and statewide (with the same indicator or indicators used for each grade span, as such term is determined by the State); and

“(cc) may include one or more of the measures described in subclause (II).

“(II) For purposes of subclause (I), the State may include measures of—

“(III) student engagement;

“(IV) educator engagement;

“(V) student access to and completion of advanced coursework;

“(VI) postsecondary readiness;

“(VII) school climate and safety; and

“(VIII) any other indicator the State chooses that meets the requirements of this clause.

“(C) ANNUAL MEANINGFUL DIFFERENTIATION.—Establish a system of meaningfully differentiating, on an annual basis, all public schools in the State, which shall—

“(i) be based on all indicators in the State’s accountability system under subparagraph (B), for all students and for each of subgroup of students, consistent with the requirements of such subparagraph;

“(ii) with respect to the indicators described in clauses (i) through (iv) of subparagraph (B) afford—

“(I) substantial weight to each such indicator; and

“(II) in the aggregate, much greater weight than is afforded to the indicator or indicators utilized by the State and described in subparagraph (B)(v), in the aggregate; and

“(iii) include differentiation of any such school in which any subgroup of students is consistently underperforming, as determined by the State, based on all indicators under subparagraph (B) and the system established under this subparagraph.

“(D) IDENTIFICATION OF SCHOOLS.—Based on the system of meaningful differentiation described in subparagraph (C), establish a State-determined methodology to identify—

“(i) beginning with school year 2017–2018, and at least once every three school years thereafter, one statewide category of schools for comprehensive support and improvement, as described in subsection (d)(1), which shall include—

“(I) not less than the lowest-performing 5 percent of all schools receiving funds under this part in the State;

“(II) all public high schools in the State failing to graduate one third or more of their students; and

“(III) public schools in the State described under subsection (d)(3)(A)(i)(II); and

“(ii) at the discretion of the State, additional statewide categories of schools.

“(E) ANNUAL MEASUREMENT OF ACHIEVEMENT.—(i) Annually measure the achievement of not less than 95 percent of all students, and 95 percent of all students in each subgroup of students, who are enrolled in public schools on the assessments described under subsection (b)(2)(v)(I).

“(ii) For the purpose of measuring, calculating, and reporting on the indicator described in subparagraph (B)(i), include in the denominator the greater of—

“(I) 95 percent of all such students, or 95 percent of all such students in the subgroup, as the case may be; or

“(II) the number of students participating in the assessments.

“(iii) Provide a clear and understandable explanation of how the State will factor the requirement of clause (i) of this subparagraph into the statewide accountability system.

“(F) PARTIAL ATTENDANCE.—(i) In the case of a student who has not attended the same school within a local educational agency for at least half of a school year, the performance of such student on the indicators described in clauses (i), (ii), (iv), and (v) of subparagraph (B)—

“(I) may not be used in the system of meaningful differentiation of all public schools as described in subparagraph (C) for such school year; and

“(II) shall be used for the purpose of reporting on the State and local educational agency report cards under subsection (h) for such school year.

“(ii) In the case of a high school student who has not attended the same school within a local educational agency for at least half of a school year and has exited high school without a regular high school diploma and without transferring to another high school that grants a regular high school diploma during such school year, the local educational agency shall, in order to calculate the graduation rate pursuant to subparagraph (B)(iii), assign such student to the high school—

“(I) at which such student was enrolled for the greatest proportion of school days while enrolled in grades 9 through 12; or

“(II) in which the student was most recently enrolled.

“(5) ACCOUNTABILITY FOR CHARTER SCHOOLS.—The accountability provisions under this Act shall be overseen for charter schools in accordance with State charter school law.

“(d) SCHOOL SUPPORT AND IMPROVEMENT ACTIVITIES.—

“(1) COMPREHENSIVE SUPPORT AND IMPROVEMENT.—

“(A) IN GENERAL.—Each State educational agency receiving funds under this part shall notify each local educational agency in the State of any school served by the local educational agency that is identified for comprehensive support and improvement under subsection (c)(4)(D)(i).

“(B) LOCAL EDUCATIONAL AGENCY ACTION.—Upon receiving such information from the State, the local educational agency shall, for each school identified by the State and in partnership with stakeholders (including principals and other school leaders, teachers, and parents), locally develop and implement a comprehensive support and improvement plan for the school to improve student outcomes, that—

“(i) is informed by all indicators described in subsection (c)(4)(B), including student performance against State-determined long-term goals;

“(ii) includes evidence-based interventions;

“(iii) is based on a school-level needs assessment;

“(iv) identifies resource inequities, which may include a review of local educational agency and school-level budgeting, to be addressed through implementation of such comprehensive support and improvement plan;

“(v) is approved by the school, local educational agency, and State educational agency; and

“(vi) upon approval and implementation, is monitored and periodically reviewed by the State educational agency.

“(C) STATE EDUCATIONAL AGENCY DISCRETION.—With respect to any high school in the State identified under subsection (c)(4)(D)(i)(II), the State educational agency may—

“(i) permit differentiated improvement activities that utilize evidence-based interventions in the case of such a school that predominantly serves students—

“(I) returning to education after having exited secondary school without a regular high school diploma; or

“(II) who, based on their grade or age, are significantly off track to accumulate sufficient academic credits to meet high school graduation requirements, as established by the State; and

“(ii) in the case of such a school that has a total enrollment of less than 100 students, permit the local educational agency to forego implementation of improvement activities required under this paragraph.

“(D) PUBLIC SCHOOL CHOICE.—

“(i) IN GENERAL.—A local educational agency may provide all students enrolled in a school identified by the State for comprehensive support and improvement under subsection (c)(4)(D)(i) with the option to transfer to another public school served by the local educational agency, unless such an option is prohibited by State law.

“(ii) PRIORITY.—In providing students the option to transfer to another public school, the local educational agency shall give priority to the lowest-achieving children from low-income families, as determined by the local educational agency for the purposes of allocating funds to schools under section 1113(a)(3).

“(iii) TREATMENT.—A student who uses the option to transfer to another public school shall be enrolled in classes and other activities in the public school to which the student transfers in the same manner as all other students at the public school.

agency in which any subgroup of students is consistently underperforming, as described in subsection (c)(4)(C)(iii); and

“(B) TARGETED SUPPORT AND IMPROVEMENT PLAN.—Each school receiving a notification described in this paragraph, in partnership with stakeholders (including principals and other school leaders, teachers and parents), shall develop and implement a school-level targeted support and improvement plan to improve student outcomes based on the indicators in the statewide accountability system established under subsection (c)(4), for each subgroup of students that was the subject of notification that—

“(i) is informed by all indicators described in subsection (c)(4)(B), including student performance against long-term goals;

“(ii) includes evidence-based interventions;

“(iii) is approved by the local educational agency prior to implementation of such plan;

“(C) ADDITIONAL TARGETED SUPPORT.—A plan described in subparagraph (B) that is developed and implemented in any school receiving a notification under this paragraph from the local educational agency in which any subgroup of students, on its own, would lead to identification under subsection (c)(4)(D)(i)(I) using the State’s methodology under subsection (c)(4)(D) shall also identify resource inequities (which may include a review of local educational agency and school level budgeting), to be addressed through implementation of such plan.

“(D) SPECIAL RULE.—The State educational agency, based on the State’s differentiation of schools under subsection (c)(4)(C) for school year 2017–2018, shall notify local educational agencies of any schools served by the local educational agency in which any subgroup of students, on its own, would lead to identification under subsection (c)(4)(D)(i)(I) using the State’s methodology under subsection (c)(4)(D), after which notification of such schools under this paragraph shall result from differentiation of schools pursuant to subsection (c)(4)(C)(iii).

“(II) schools described in paragraph (2)(C), which, if not satisfied within a State-determined number of years, shall, in the case of such schools receiving assistance under this part, result in identification of the school by the State for comprehensive support and improvement under subsection (c)(4)(D)(i)(III);

general fund purposes for comparable local educational agencies in the State; and

“(cc) was eligible to receive assistance under subparagraph (A) for fiscal year 2001.

“(ii) LOSS OF ELIGIBILITY.—

“(I) IN GENERAL.—Subject to subclause (II), a heavily impacted local educational agency that met the requirements of clause (i) for a fiscal year shall be ineligible to receive a basic support payment under subparagraph (A) if the agency fails to meet the requirements of clause (i) for a subsequent fiscal year, except that such agency shall continue to receive a basic support payment under this paragraph for the fiscal year for which the ineligibility determination is made.

“(II) LOSS OF ELIGIBILITY DUE TO FALLING BELOW 95 PERCENT OF THE AVERAGE TAX RATE FOR GENERAL FUND PURPOSES.—In the case of a heavily impacted local educational agency described in subclause (II) or (V) of clause (i) that is eligible to receive a basic support payment under subparagraph (A), but that has had, for 2 consecutive fiscal years, a tax rate for general fund purposes that falls below 95 percent of the average tax rate for general fund purposes of comparable local educational agencies in the State, such agency shall be determined to be ineligible under clause (i) and ineligible to receive a basic support payment under subparagraph (A) for each fiscal year succeeding such 2 consecutive fiscal years for which the agency has such a tax rate for general fund purposes, and until the fiscal year for which the agency resumes such eligibility in accordance with clause (iii).

“(III) TAKEN OVER BY STATE BOARD OF EDUCATION.—In the case of a heavily impacted local educational agency that is eligible to receive a basic support payment under subparagraph (A), but that has been taken over by a State board of education in any 2 previous years, such agency shall be deemed to maintain heavily impacted status for 2 fiscal years following the date of enactment of the Every Student Succeeds Act.

“(iii) RESUMPTION OF ELIGIBILITY.—A heavily impacted local educational agency described in clause (i) that becomes ineligible under such clause for 1 or more fiscal years may resume eligibility for a basic support payment under this paragraph for a subsequent fiscal year only if the agency meets the requirements of clause (i) for that subsequent fiscal year, except that such agency shall not receive a basic support payment under this paragraph until the fiscal year succeeding the fiscal year for which the eligibility determination is made.

“(C) MAXIMUM AMOUNT FOR HEAVILY IMPACTED LOCAL EDUCATIONAL AGENCIES.—

“(i) IN GENERAL.—Except as provided in subparagraph (D), the maximum amount that a heavily impacted local educational agency is eligible to receive under this paragraph for any fiscal year is the sum of the total weighted student units, as computed under subsection (a)(2) and subject to clause (ii), multiplied by the greater of—

“(I) four-fifths of the average per-pupil expenditure of the State in which the local educational agency is located for the third fiscal year preceding the fiscal year for which the determination is made; or

“(II) four-fifths of the average per-pupil expenditure of all of the States for the third fiscal year preceding the fiscal year for which the determination is made.

“(ii) CALCULATION OF WEIGHTED STUDENT UNITS.—

“(I) IN GENERAL.—

“(aa) PERCENTAGE ENROLLMENT.—For a local educational agency in which 35 percent or more of the total student enrollment of the schools of the agency are children described in subparagraph (D) or (E) (or a combination thereof) of subsection (a)(1), and that has an enrollment of children described in subparagraph (A), (B), or (C) of such subsection equal to at least 10 percent of the agency’s total enrollment, the Secretary shall calculate the weighted student units of those children described in subparagraph (D) or (E) of such subsection by multiplying the number of such children by a factor of 0.55.

“(bb) EXCEPTION.—Notwithstanding item (aa), a local educational agency that received a payment under this paragraph for fiscal year 2013 shall not be required to have an enrollment of children described in subparagraph (A), (B), or (C) of subsection (a)(1) equal to at least 10 percent of the agency’s total enrollment and shall be eligible for the student weight as provided for in item (aa).

“(II) ENROLLMENT OF 100 OR FEWER CHILDREN.—For a local educational agency that has an enrollment of 100 or fewer children described in subsection (a)(1), the Secretary shall calculate the total number of weighted student units for purposes of subsection (a)(2) by multiplying the number of such children by a factor of 1.75.

“(III) ENROLLMENT OF MORE THAN 100 CHILDREN BUT LESS THAN 1000.—For a local educational agency that is not described under subparagraph (B)(i)(I) and has an enrollment of more than 100 but not more than 1,000 children described in subsection (a)(1), the Secretary shall calculate the total number of weighted student units for purposes of subsection (a)(2) by multiplying the number of such children by a factor of 1.25.

“(D) MAXIMUM AMOUNT FOR LARGE HEAVILY IMPACTED LOCAL EDUCATIONAL AGENCIES.—

“(i) IN GENERAL.—

“(I) FORMULA.—Subject to clause (ii), the maximum amount that a heavily impacted local educational agency described in subclause (II) is eligible to receive under this paragraph for any fiscal year shall be determined in accordance with the formula described in paragraph (1)(C).

“(II) HEAVILY IMPACTED LOCAL EDUCATIONAL AGENCY.—A heavily impacted local educational agency described in this subclause is a local educational agency that has a total student enrollment of not less than 25,000 students, of which not less than 50 percent are children described in subsection (a)(1) and not less than 5,000 of such children are children described in subparagraphs (A) and (B) of subsection (a)(1).

“(ii) FACTOR.—For purposes of calculating the maximum amount described in clause (i), the factor used in determining the weighted student units under subsection (a)(2) with respect to children described in subparagraphs (A) and (B) of subsection (a)(1) shall be 1.35.

“(E) DATA.—For purposes of providing assistance under this paragraph, the Secretary shall use student, revenue, expenditure, and tax data from the third fiscal year preceding the fiscal year for which the local educational agency is applying for assistance under this paragraph.

“(F) DETERMINATION OF AVERAGE TAX RATES FOR GENERAL FUND PURPOSES.—

“(i) IN GENERAL.—Except as provided in clause (ii), for the purpose of determining the average tax rates for general fund purposes for local educational agencies in a State under this paragraph, the Secretary shall use either—

“(I) the average tax rate for general fund purposes for comparable local educational agencies, as determined by the Secretary in regulations; or

“(II) the average tax rate of all the local educational agencies in the State.

“(ii) FISCAL YEARS 2010–2015.—

“(I) IN GENERAL.—For fiscal years 2010 through 2015, any local educational agency that was found ineligible to receive a payment under subparagraph (A) because the Secretary determined that it failed to meet the average tax rate requirement for general fund purposes in subparagraph (B)(i)(II)(cc), shall be considered to have met that requirement, if its State determined, through an alternate calculation of average tax rates for general fund purposes, that such local educational agency met that requirement.

“(II) SUBSEQUENT FISCAL YEARS AFTER 2015.—For any succeeding fiscal year after 2015, any local educational agency identified in subclause

(I) may continue to have its State use that alternate methodology to calculate whether the average tax rate requirement for general fund purposes under subparagraph (B)(i)(II)(cc) is met.

“(III) AVAILABILITY OF FUNDS.—Notwithstanding any other provision of law limiting the period during which the Secretary may obligate funds appropriated for any fiscal year after 2012, the Secretary shall reserve a total of \$14,000,000 from funds that remain unobligated under this section from fiscal years 2015 or 2016 in order to make payments under this clause for fiscal years 2011 through 2014.

“(G) ELIGIBILITY FOR HEAVILY IMPACTED LOCAL EDUCATIONAL AGENCIES AFFECTED BY PRIVATIZATION OF MILITARY HOUSING.—

“(i) ELIGIBILITY.—For any fiscal year, a heavily impacted local educational agency that received a basic support payment under this paragraph for the prior fiscal year, but is ineligible for such payment for the current fiscal year under subparagraph (B) due to the conversion of military housing units to private housing described in clause (iii), or as the direct result of base realignment and closure or modularization as determined by the Secretary of Defense and force structure change or force relocation, shall be deemed to meet the eligibility requirements under subparagraph (B) for the period during which the housing units are undergoing such conversion or during such time as activities associated with base closure and realignment, modularization, force structure change, or force relocation are ongoing.

“(ii) AMOUNT OF PAYMENT.—The amount of a payment to a heavily impacted local educational agency for a fiscal year by reason of the application of clause (i), and calculated in accordance with subparagraph (C) or (D), as the case may be, shall be based on the number of children in average daily attendance in the schools of such agency for the fiscal year and under the same provisions of subparagraph (C) or (D) under which the agency was paid during the prior fiscal year.

“(iii) CONVERSION OF MILITARY HOUSING UNITS TO PRIVATE HOUSING DESCRIBED.—For purposes of clause (i), ‘conversion of military housing units to private housing’ means the conversion of military housing units to private housing units pursuant to subchapter IV of chapter 169 of title 10, United States Code, or pursuant to any other related provision of law.”; (C) in paragraph (3)—

(i) in subparagraph (B), by striking clause (iii) and inserting the following:

“(iii) In the case of a local educational agency providing a free public education to students enrolled in kindergarten through grade 12, that enrolls students described in subparagraphs (A), (B), and (D) of subsection (a)(1) only in grades 9 through 12, and that received a final payment

for fiscal year 2009 calculated under section 8003(b)(3) (as such section was in effect on the day before the date of enactment of the Every Student Succeeds Act) for students in grades 9 through 12, the Secretary shall, in calculating the agency’s payment, consider only that portion of such agency’s total enrollment of students in grades 9 through 12 when calculating the percentage under clause (i)(I) and only that portion of the total current expenditures attributed to the operation of grades 9 through 12 in such agency when calculating the percentage under clause (i)(II).”;

(ii) in subparagraph (C), by striking “subparagraph (D) or (E) of paragraph (2), as the case may be” and inserting “subparagraph (C) or (D) of paragraph (2), as the case may be”; and

(iii) by striking subparagraph (D) and inserting the following:

“(D) RATABLE DISTRIBUTION.—For fiscal years described in subparagraph (A), for which the sums available exceed the amount required to pay each local educational agency 100 percent of its threshold payment, the Secretary shall distribute the excess sums to each eligible local educational agency that has not received its full amount computed under paragraphs (1) or (2) (as the case may be) by multiplying—

“(i) a percentage, the denominator of which is the difference between the full amount computed under paragraph (1) or (2) (as the case may be) for all local educational agencies and the amount of the threshold payment (as calculated under subparagraphs (B) and (C)) of all local educational agencies, and the numerator of which is the aggregate of the excess sums, by

“(ii) the difference between the full amount computed under paragraph (1) or (2) (as the case may be) for the agency and the amount of the threshold payment (as calculated under subparagraphs (B) or (C)) of the agency, except that no local educational agency shall receive more than 100 percent of the maximum payment calculated under subparagraph (C) or (D) of paragraph (2).

“(E) INSUFFICIENT PAYMENTS.—For each fiscal year described in subparagraph (A) for which the sums appropriated are insufficient to pay each local educational agency all of the local educational agency’s threshold payment described in subparagraph (B), the Secretary shall ratably reduce the payment to each local educational agency under this paragraph.

“(F) INCREASES.—

“(i) INCREASES BASED ON INSUFFICIENT FUNDS.—If additional funds become available under 7014(b) for making payments under paragraphs (1) and (2) and those funds are not sufficient to increase each local

educational agency's threshold payment above 100 percent of its threshold payment described in subparagraph (B), payments that were reduced under subparagraph (E) shall be increased by the Secretary on the same basis as such payments were reduced.

“(ii) INCREASES BASED ON SUFFICIENT FUNDS.—If additional funds become available under section 7014(b) for making payments under paragraphs (1) and (2) and those funds are sufficient to increase each local educational agency's threshold payment above 100 percent of its threshold payment described in subparagraph (B), the payment for each local educational agency shall be 100 percent of its threshold payment. The Secretary shall then distribute the excess sums to each eligible local educational agency in accordance with subparagraph (D).

“(G) PROVISION OF TAX RATE AND RESULTING PERCENTAGE.—As soon as practicable following the payment of funds under paragraph (2) to an eligible local educational agency, the Secretary shall provide the local educational agency with a description of—

“(i) the tax rate of the local educational agency; and

“(ii) the percentage such tax rate represents of the average tax rate for general fund purposes of comparable local educational agencies in the State as determined under subclauses (II)(cc), III(aa), or (V)(bb) of paragraph (2)(B)(i) (as the case may be).”; and

“(aa) subparagraph (A), (B), (C), or (D) of subsection (a)(1); or

“(II) of not less than 100 of such children; and

“(ii) that is the direct result of closure or realignment of military installations under the base closure process or the relocation of members of the Armed Forces and civilian employees of the Department of Defense as part of the force structure changes or movements of units or personnel between military installations or because of actions initiated by the Secretary of the Interior or the head of another Federal agency; or

“(2) AMOUNT OF REDUCTION.—Subject to paragraph (3), A local educational agency described in paragraph (1) shall receive—

“(I) If the child or youth continues to live in the area served by the local educational agency in which the school of origin is located, the child’s or youth’s transportation to and from the school of origin shall be provided or arranged by the local educational agency in which the school of origin is located.

PART B—MISCELLANEOUS; OTHER LAWS

SEC. 9201. FINDINGS AND SENSE OF CONGRESS ON SEXUAL MISCONDUCT.

(a) FINDINGS.—Congress finds the following:

(1) There are significant anecdotal reports that some schools and local educational agencies have failed to properly report allegations of sexual misconduct by employees, contractors, or agents.

(2) Instead of reporting alleged sexual misconduct to the appropriate authorities, such as the police or child welfare services, reports suggest that some schools or local educational agencies have kept information on allegations of sexual misconduct private or have entered into confidentiality agreements with the suspected employee, contractor, or agent who agrees to terminate employment with or discontinue work for the school or local educational agency.

(3) The practice of withholding information on allegations of sexual misconduct can facilitate the exposure of other students in other jurisdictions to sexual misconduct.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) confidentiality agreements between local educational agencies or schools and child predators should be prohibited;

(2) local educational agencies or schools should not facilitate the transfer of child predators to other local educational agencies or schools; and

(3) States should require local educational agencies and schools to report any and all information regarding allegations of sexual misconduct to law enforcement and other appropriate authorities.

SEC. 9202. SENSE OF CONGRESS ON FIRST AMENDMENT RIGHTS.

It is the sense of Congress that a student, teacher, school administrator, or other school employee of an elementary school or secondary school retains the individual's rights under the First Amendment to the Constitution of the United States during the school day or while on the grounds of an elementary school or secondary school.

20 USC 7933.

SEC. 9203. PREVENTING IMPROPER USE OF TAXPAYER FUNDS.

To address the misuse of taxpayer funds, the Secretary of Education shall—

(1) require that each recipient of a grant or subgrant under the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6301 et seq.) display, in a public place, the hotline contact information of the Office of Inspector General of the Department of Education so that any individual who observes, detects, or suspects improper use of taxpayer funds can easily report such improper use;

(2) annually notify employees of the Department of Education of their responsibility to report fraud; and

(3) require any applicant—

(A) for a grant under such Act to provide an assurance to the Secretary that any information submitted when applying for such grant and responding to monitoring and compliance reviews is truthful and accurate; and

(B) for a subgrant under such Act to provide the assurance described in subparagraph (A) to the entity awarding the subgrant.

20 USC 7934.

SEC. 9204. ACCOUNTABILITY TO TAXPAYERS THROUGH MONITORING AND OVERSIGHT.

To improve monitoring and oversight of taxpayer funds authorized for appropriation under the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6301 et seq.), and to deter and prohibit waste, fraud, and abuse with respect to such funds, the Secretary of Education shall—

(1) notify each recipient of a grant under such Act (and, if applicable, require the grantee to inform each subgrantee) of its responsibility to—

(A) comply with all monitoring requirements under the applicable program or programs; and

(B) monitor properly any subgrantee under the applicable program or programs;

(2) review and analyze the results of monitoring and compliance reviews—

(A) to understand trends and identify common issues; and

(B) to issue guidance to help grantees address such issues before the loss or misuse of taxpayer funding occurs;

(3) publicly report the work undertaken by the Secretary to prevent fraud, waste, and abuse with respect to such taxpayer funds; and

(4) work with the Office of Inspector General of the Department of Education, as needed, to help ensure that employees of the Department understand how to adequately monitor grantees and to help grantees adequately monitor any sub-grantees.

SEC. 9206. POSTHUMOUS PARDON.

(a) **FINDINGS.**—Congress finds the following:

(1) John Arthur “Jack” Johnson was a flamboyant, defiant, and controversial figure in the history of the United States who challenged racial biases.

(2) Jack Johnson was born in Galveston, Texas, in 1878 to parents who were former slaves.

(3) Jack Johnson became a professional boxer and traveled throughout the United States, fighting White and African-American heavyweights.

(4) After being denied (on purely racial grounds) the opportunity to fight 2 White champions, in 1908, Jack Johnson was granted an opportunity by an Australian promoter to fight the reigning White title-holder, Tommy Burns.

(5) Jack Johnson defeated Tommy Burns to become the first African-American to hold the title of Heavyweight Champion of the World.

(6) The victory by Jack Johnson over Tommy Burns prompted a search for a White boxer who could beat Jack Johnson, a recruitment effort that was dubbed the search for the “great white hope”.

(7) In 1910, a White former champion named Jim Jeffries left retirement to fight Jack Johnson in Reno, Nevada.

(8) Jim Jeffries lost to Jack Johnson in what was deemed the “Battle of the Century”.

(9) The defeat of Jim Jeffries by Jack Johnson led to rioting, aggression against African-Americans, and the racially-motivated murder of African-Americans throughout the United States.

(10) The relationships of Jack Johnson with White women compounded the resentment felt toward him by many Whites.

(11) Between 1901 and 1910, 754 African-Americans were lynched, some simply for being “too familiar” with White women.

(12) In 1910, Congress passed the Act of June 25, 1910 (commonly known as the “White Slave Traffic Act” or the “Mann Act”) (18 U.S.C. 2421 et seq.), which outlawed the transportation of women in interstate or foreign commerce “for the purpose of prostitution or debauchery, or for any other immoral purpose”.

(13) In October 1912, Jack Johnson became involved with a White woman whose mother disapproved of their relationship and sought action from the Department of Justice, claiming that Jack Johnson had abducted her daughter.

(14) Jack Johnson was arrested by Federal marshals on October 18, 1912, for transporting the woman across State lines for an “immoral purpose” in violation of the Mann Act.

(15) The Mann Act charges against Jack Johnson were dropped when the woman refused to cooperate with Federal authorities, and then married Jack Johnson.

(16) Federal authorities persisted and summoned a White woman named Belle Schreiber, who testified that Jack Johnson had transported her across State lines for the purpose of “prostitution and debauchery”.

(17) In 1913, Jack Johnson was convicted of violating the Mann Act and sentenced to 1 year and 1 day in Federal prison.

(18) Jack Johnson fled the United States to Canada and various European and South American countries.

(19) Jack Johnson lost the Heavyweight Championship title to Jess Willard in Cuba in 1915.

(20) Jack Johnson returned to the United States in July 1920, surrendered to authorities, and served nearly a year in the Federal penitentiary in Leavenworth, Kansas.

(21) Jack Johnson subsequently fought in boxing matches, but never regained the Heavyweight Championship title.

(22) Jack Johnson served the United States during World War II by encouraging citizens to buy war bonds and participating in exhibition boxing matches to promote the war bond cause.

(23) Jack Johnson died in an automobile accident in 1946.

(24) In 1954, Jack Johnson was inducted into the Boxing Hall of Fame.

(25) Senate Concurrent Resolution 29, 111th Congress, agreed to July 29, 2009, expressed the sense of the 111th

Congress that Jack Johnson should receive a posthumous pardon for his racially-motivated 1913 conviction.

(b) RECOMMENDATIONS.—It remains the sense of Congress that Jack Johnson should receive a posthumous pardon—

(1) to expunge a racially-motivated abuse of the prosecutorial authority of the Federal Government from the annals of criminal justice in the United States; and

(2) in recognition of the athletic and cultural contributions of Jack Johnson to society.

“(D) TERMINATION.—The State educational agency shall annually review the performance of any local educational agency, educational service agency, or school granted a waiver of Federal statutory or regulatory requirements as described in paragraph (1)(A) in accordance with the evaluation requirement described in paragraph (3)(A)(v), and shall terminate or temporarily suspend any waiver granted to the local educational agency, educational service agency, or school if the State educational agency determines, after notice and an opportunity for a hearing, that—

“(i) there is compelling evidence of systematic waste, fraud, or abuse;

“(ii) the performance of the local educational agency, educational service agency, or school with respect to meeting the accountability requirement described in paragraph (2)(C) and the goals described in subparagraph (A)(iii) has been inadequate to justify continuation of such waiver;

“(II) has improved student performance.

“(B) PERFORMANCE REVIEW.—

“(i) IN GENERAL.—Following the expiration of an approved educational flexibility program for a State that is designated an Ed-Flex Partnership State, the Secretary shall have not more than 180 days to complete a review of the performance of the State educational agency in granting waivers of Federal statutory or regulatory requirements as described in paragraph (1)(A) to determine if the State educational agency—

“(I) has achieved, or is making substantial progress towards achieving, the objectives described in the application submitted pursuant to paragraph (3)(A)(iii) and the specific long-term goals and measurements of interim progress established under section 1111(c)(4)(A)(i) of the Elementary and Secondary Education Act of 1965; and

SEC. 9211. STUDY ON THE TITLE I FORMULA.

(a) **FINDINGS.**—Congress finds the following:

(1) Part A of title I of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6311 et seq.) provides funding to local educational agencies through four separate formulas that have been added to the law over time, and which have “distinct allocation patterns, providing varying shares of allocated funds to different types of local educational agencies or States,” according to a 2015 report from the Congressional Research Service.

(2) Minimal effort has been made by the Federal Government to determine if the four formulas are adequately delivering funds to local educational agencies with the highest districtwide poverty averages.

(3) The formulas for distributing Targeted Grants and Education Finance Incentive grants use two weighting systems,

one based on the percentage of children included in the determination of grants to local educational agencies (percentage weighting), and another based on the absolute number of such children (number weighting). Both weighting systems have five quintiles with a roughly equal number of children in each quintile. Whichever of these weighting systems results in the highest total weighted formula child count for a local educational agency is the weighting system used for that agency in the final allocation of Targeted and Education Finance Incentive Grant funds.

(4) The Congressional Research Service has also said the number weighting alternative is generally more favorable to large local educational agencies with much larger geographic boundaries and larger counts of eligible children than smaller local educational agencies with smaller counts, but potentially higher percentages, of eligible children, because large local educational agencies have many more children in the higher weighted quintiles.

(5) In local educational agencies that are classified by the National Center for Education Statistics as “Large City”, 47 percent of all students attend schools with 75 percent or higher poverty.

(b) STUDY.—

(1) IN GENERAL.—Not later than 18 months after the date of enactment of this Act, the Director of the Institute of Education Sciences shall complete a study on the effectiveness of the four part A of title I formulas, described in subsection (a), to deliver funds to the most economically disadvantaged communities.

(2) CONTENTS.—The study described in paragraph (1) shall include—

(A) an analysis of the distribution of part A of title I funds under the four formulas;

(B) an analysis of how part A of title I funds are distributed among local educational agencies in each of the 12 locale types classified by the National Center on Education Statistics.

(C) the extent to which the four formulas unduly benefit or unduly disadvantage any of the local educational agencies described in subparagraph (B);

(D) the extent to which the four formulas unduly benefit or unduly disadvantage high-poverty eligible school attendance areas in the local educational agencies described in subparagraph (B);

(E) the extent to which the four formulas unduly benefit or unduly disadvantage lower population local educational agencies with relatively high percentages of districtwide poverty;

(F) the impact of number weighting and percentage weighting in the formulas for distributing Targeted Grants and Education Finance Incentive Grants on each of the local educational agencies described in subparagraph (B);

(G) the impact of number weighting and percentage weighting on targeting part A of title I funds to eligible school attendance areas with the highest concentrations of poverty in local educational agencies described in subparagraph (B), and local educational agencies described

in subparagraph (B) with higher percentages of districtwide poverty;

(H) an analysis of other studies and reports produced by public and non-public entities examining the distribution of part A of title I funds under the four formulas; and

(I) recommendations, as appropriate, for amending or consolidating the formulas to better target part A of title I funds to the most economically disadvantaged communities and most economically disadvantaged eligible school attendance areas.

(3) PUBLIC DISSEMINATION.—The Director of the Institute of Education Sciences shall widely disseminate the findings of the study conducted under this section—

(A) in a timely fashion;

(B) to—

(i) the public; and

(ii) the Committee on Education and the Workforce of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate; and

(C) through electronic transfer and other means, such as posting to the website of the Institute of Education Sciences or the Department of Education.

Public Law 114–98
114th Congress

An Act

To amend the Safe Drinking Water Act to reauthorize technical assistance to small public water systems, and for other purposes.

Dec. 11, 2015
[S. 611]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Grassroots Rural and Small Community Water Systems Assistance Act”.

Grassroots Rural and Small Community Water Systems Assistance Act.
42 USC 201 note.

SEC. 2. FINDINGS.

Congress finds that—

(1) the Safe Drinking Water Act Amendments of 1996 (Public Law 104–182) authorized technical assistance for small and rural communities to assist those communities in complying with regulations promulgated pursuant to the Safe Drinking Water Act (42 U.S.C. 300f et seq.);

(2) technical assistance and compliance training—

(A) ensures that Federal regulations do not overwhelm the resources of small and rural communities; and

(B) provides small and rural communities lacking technical resources with the necessary skills to improve and protect water resources;

(3) across the United States, more than 90 percent of the community water systems serve a population of less than 10,000 individuals;

(4) small and rural communities have the greatest difficulty providing safe, affordable public drinking water and wastewater services due to limited economies of scale and lack of technical expertise; and

(5) in addition to being the main source of compliance assistance, small and rural water technical assistance has been the main source of emergency response assistance in small and rural communities.

42 USC 300j–1
note.

SEC. 3. SENSE OF CONGRESS.

It is the sense of Congress that—

(1) to assist small and rural communities most effectively, the Administrator of the Environmental Protection Agency should prioritize the types of technical assistance that are most beneficial to those communities, based on input from those communities; and

(2) local support is the key to making Federal assistance initiatives work in small and rural communities to the maximum benefit.

SEC. 4. FUNDING PRIORITIES.

Section 1442(e) of the Safe Drinking Water Act (42 U.S.C. 300j–1(e)) is amended—

(1) by designating the first through seventh sentences as paragraphs (1) through (7), respectively;

(2) in paragraph (5) (as so designated), by striking “1997 through 2003” and inserting “2015 through 2020”; and

(3) by adding at the end the following:

“(8) **NONPROFIT ORGANIZATIONS.**—

“(A) **IN GENERAL.**—The Administrator may use amounts made available to carry out this section to provide grants or cooperative agreements to nonprofit organizations that provide to small public water systems onsite technical assistance, circuit-rider technical assistance programs, multistate, regional technical assistance programs, onsite and regional training, assistance with implementing source water protection plans, and assistance with implementing monitoring plans, rules, regulations, and water security enhancements.

“(B) **PREFERENCE.**—To ensure that technical assistance funding is used in a manner that is most beneficial to the small and rural communities of a State, the Administrator shall give preference under this paragraph to nonprofit organizations that, as determined by the Administrator, are the most qualified and experienced in providing training and technical assistance to small public water systems and that the small community water systems in that State find to be the most beneficial and effective.

“(C) **LIMITATION.**—No grant or cooperative agreement provided or otherwise made available under this section may be used for litigation pursuant to section 1449.”

An Act

Dec. 18, 2015
[H.R. 2693]

To designate the arboretum at the Hunter Holmes McGuire VA Medical Center in Richmond, Virginia, as the “Phyllis E. Galanti Arboretum”.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. FINDINGS.

Congress makes the following findings:

(1) Phyllis Eason Galanti, a tireless advocate for the rights of prisoners of war from the United States during the Vietnam War and a beloved member of the Richmond, Virginia, community, died on April 23, 2014.

(2) Ms. Eason graduated from the College of William and Mary in 1963 and shortly afterward was married to Paul Edward Galanti, a pilot with the United States Navy, at the Chapel of the Centurion in Fort Monroe, Virginia.

(3) In June 1966, when Mr. Galanti was shot down over North Vietnam, captured, and held prisoner, Phyllis E. Galanti became active in the National League of Families of American Prisoners and Missing in Southeast Asia, soon becoming chair of the organization.

(4) Mrs. Galanti spearheaded the Let’s Bring Paul Galanti Home project as part of the national Write Hanoi campaign—

(A) to raise awareness;

(B) to secure the return of more than 600 soldiers from the United States who were missing in action or held as prisoners of war in Vietnam; and

(C) to ensure that prisoners of war were treated in accordance with the Geneva Conventions.

(5) The efforts of Mrs. Galanti under the Let’s Bring Paul Galanti Home project, the most successful of many such campaigns, resulted in more than 1,000,000 letters that were personally delivered to the North Vietnamese embassy in Stockholm, Sweden, in 1971.

(6) Mrs. Galanti became known as “Fearless Phyllis”, traveling to Versailles, France, seeking an audience with North Vietnamese leaders, and giving hundreds of presentations to policy leaders in the United States, including President Richard Nixon, National Security Advisor Henry Kissinger, and Virginia Governor Mills E. Godwin, Jr., who said of her in 1975, “One dedicated woman and a handful of others had more influence on the communist world than legions of armies and diplomats.”.

(7) After more than seven years apart, Mrs. Galanti was reunited with her husband Paul Galanti at the Naval Air Station in Norfolk, Virginia, on February 15, 1973.

(8) Mrs. Galanti spent decades confronting the issue of prisoners and hostages from the United States, not only in Vietnam but also in the Soviet Union and Iran.

(9) Mrs. Galanti actively supported the Virginia Home, Theatre IV, and the Virginia Repertory Theatre, visited schools, and continued to meet with lawmakers until she died on April 23, 2014, at age 73, from complications with leukemia.

(10) The work of Mrs. Galanti earned her the American Legion Service Medal, and the Paul and Phyllis Galanti Education Center at the Virginia War Memorial was named in honor of her and her husband.

(11) The leadership at the Hunter Holmes McGuire VA Medical Center in Richmond, Virginia, including Director John Brandecker, seeks to recognize Mrs. Galanti by naming the arboretum at Hunter Holmes McGuire VA Medical Center in her honor.

(12) It is a fitting tribute that Congress name the arboretum after such an outstanding advocate for members of the Armed Forces of the United States and veterans.

SEC. 2. PHYLLIS E. GALANTI ARBORETUM AT HUNTER HOLMES MCGUIRE VA MEDICAL CENTER IN RICHMOND, VIRGINIA.

(a) DESIGNATION.—The arboretum at the Hunter Holmes McGuire VA Medical Center in Richmond, Virginia, shall after the date of the enactment of this Act be known and designated as the “Phyllis E. Galanti Arboretum”.
