“(B) In the case of any supplies and associated support services that, as determined in writing by the Secretary of Defense, are urgently needed to eliminate a documented deficiency that impacts an ongoing or anticipated contingency operation and that, if left unfulfilled, could potentially result in loss of life or critical mission failure, the Secretary may use

the procedures developed under this section in order to accomplish the rapid acquisition and deployment of the needed supplies and associated support services.

“(C)(i) In the case of any supplies and associated support services that, as determined in writing by the Secretary of Defense without delegation, are urgently needed to eliminate a deficiency that as the result of a cyber attack has resulted in critical mission failure, the loss of life, property destruction, or economic effects, or if left unfilled is likely to result in critical mission failure, the loss of life, property destruction, or economic effects, the Secretary may use the procedures developed under this section in order to accomplish the rapid acquisition and deployment of the needed offensive or defensive cyber capabilities, supplies, and associated support services.

(2) **ADJUSTMENT IN FUNDING FOR REIMBURSEMENTS FROM NON-DEFENSE AGENCIES.**—The amount appropriated and otherwise available to the Defense Contract Audit Agency for a fiscal year beginning after September 30, 2016, shall be reduced by an amount equivalent to any reimbursements received by the Agency from non-Defense Agencies for audit support provided.

(i) A description of actions taken to avoid duplicative audits and streamline oversight reviews based on the review conducted under paragraph (1).

(ii) A comparison of commercial industry accounting practices, including requirements under the Sarbanes-Oxley Act of 2002 (Public Law 107–204; 15 U.S.C. 7201 et seq.), with the cost accounting standards prescribed under chapter 15 of title 41, United States Code, to determine if some portions of cost accounting standards compliance can be met through such practices or requirements.

SEC. 894. SENSE OF CONGRESS ON EVALUATION METHOD FOR PROCUREMENT OF AUDIT OR AUDIT READINESS SERVICES.

(a) FINDINGS.—Congress finds the following:

(1) Given the size, scope, and complexity of the Department of Defense, the statutory deadline to establish and maintain auditable financial statements, starting with the fiscal year 2018 financial statement, is one of the more challenging management tasks that has ever faced the Department.

(2) As the military services have never received a clean opinion on their consolidated financial statements and only recently begun auditing portions of their financial statements, the audits of military service financial statements will also

be a complex challenge for companies selected to provide audit services.

(3) The acquisition of services by the Department abides by many rules and parameters, one of which is the lowest price, technically acceptable (LPTA) evaluation method. LPTA is generally appropriate for commercial or noncomplex services or supplies where the requirement is clearly definable and the risk of unsuccessful contract performance is minimal.

(b) SENSE OF CONGRESS.—It is the sense of Congress that, before using the lowest price, technically acceptable evaluation method for the procurement of audit or audit readiness services, the Secretary of Defense should establish the values and metrics for evaluating companies offering audit services, including financial management and audit expertise and experience, personnel qualifications and certifications, past performance, technology, tools, and size.

10 USC 2304

SEC. 896. SURVEY ON THE COSTS OF REGULATORY COMPLIANCE.

(a) SURVEY.—The Secretary of Defense shall conduct a survey of contractors with the highest level of reimbursements for cost type contracts with the Department of Defense during fiscal year 2014 to estimate industry’s cost of regulatory compliance (as a percentage of total costs) with Government-unique acquisition regulations and requirements in the categories of quality assurance, accounting and financial management, contracting and purchasing, program management, engineering, logistics, material management, property administration, and other unique requirements not imposed on contracts for commercial items.

(b) REPORT.—Not later than 180 days after the date of the enactment of this Act, the Secretary of Defense shall submit to the congressional defense committees a report on the findings of the survey conducted under subsection (a). The data received as a result of the survey and included in the report shall be aggregated to protect against the public release of proprietary information.

note.

(a) **PILOT PROGRAM AUTHORIZED.**—The Secretary of Defense may conduct a pilot program to demonstrate the efficacy of using risk-based techniques in requiring submission of data on a sampling basis for purposes of section 2306a of title 10, United States Code (popularly known as the “Truth in Negotiations Act”).

(b) **INCREASE IN THRESHOLDS.**—For purposes of a pilot program under subsection (a), \$5,000,000 shall be the threshold applicable to requirements under paragraph (1) of section 2306a(a) of such title, as follows:

(1) The requirement under subparagraph (A) of such paragraph to submit cost or pricing data for a prime contract entered into during the pilot program period.

(2) The requirement under subparagraph (B) of such paragraph to submit cost or pricing data for the change or modification to a prime contract made during the pilot program period.

(3) The requirement under subparagraph (C) of such paragraph to submit cost or pricing data for a subcontract entered into during the pilot program period.

(4) The requirement under subparagraph (D) of such paragraph to submit cost or pricing data for the change or modification to a subcontract made during the pilot program period.

(c) **RISK-BASED CONTRACTING.**—

(1) **AUTHORITY TO REQUIRE SUBMISSION OF COST OR PRICING DATA ON BELOW-THRESHOLD CONTRACTS.**—Subject to paragraph (4), when certified cost or pricing data are not required to be submitted pursuant to subsection (b) for a contract or subcontract entered into or modified during the pilot program period, such data may nevertheless be required to be submitted by the head of the procuring activity, if the head of the procuring activity—

(A) determines that such data are necessary for the evaluation by the agency of the reasonableness of the price of the contract, subcontract, or modification of a contract or subcontract; or

(B) requires the submission of such data in accordance with a risk-based contracting approach established pursuant to paragraph (3).

(2) **WRITTEN DETERMINATION REQUIRED.**—In any case in which the head of the procuring activity requires certified cost or pricing data to be submitted under paragraph (1)(A), the head of the procuring activity shall justify in writing the reason for such requirement.

(3) **RISK-BASED CONTRACTING.**—The head of an agency shall establish a risk-based sampling approach under which the submission of certified cost or pricing data may be required for a risk-based sample of contracts, the price of which is expected to exceed \$750,000 but not \$5,000,000. The authority to require certified cost or pricing data under this paragraph shall not apply to any contract of an offeror that has not

been awarded, for at least the one-year period preceding the issuance of a solicitation for the contract, any other contract in excess of \$5,000,000 under which the offeror was required to submit certified cost or pricing data under section 2306a of title 10, United States Code.

(4) EXCEPTION.—The head of the procuring activity may not require certified cost or pricing data to be submitted under this subsection for any contract or subcontract, or modification of a contract or subcontract, covered by the exceptions in subparagraph (A) or (B) of section 2306a(b)(1) of title 10, United States Code.

(5) DELEGATION OF AUTHORITY PROHIBITED.—The head of a procuring activity may not delegate functions under this subsection.

(d) REPORTS.—Not later than January 1, 2017, and January 1, 2019, the Secretary of Defense shall submit to the congressional defense committees a report on activities undertaken under this section.

(e) DEFINITIONS.—In this section:

(1) HEAD OF AN AGENCY.—The term “head of an agency” has the meaning given the term in section 2302 of title 10, United States Code.

TITLE IX—DEPARTMENT OF DEFENSE ORGANIZATION AND MANAGEMENT

Sec. 901. Update of statutory specification of functions of the Chairman of the Joint Chiefs of Staff relating to joint force development activities.

Sec. 902. Sense of Congress on the United States Marine Corps.

SEC. 901. UPDATE OF STATUTORY SPECIFICATION OF FUNCTIONS OF THE CHAIRMAN OF THE JOINT CHIEFS OF STAFF RELATING TO JOINT FORCE DEVELOPMENT ACTIVITIES.

Section 153(a)(5) of title 10, United States Code, is amended by adding at the end the following new subparagraph:

“(F) Advising the Secretary on development of joint command, control, communications, and cyber capability, including integration and interoperability of such capability, through requirements, integrated architectures, data standards, and assessments.”.

SEC. 902. SENSE OF CONGRESS ON THE UNITED STATES MARINE CORPS.

(a) FINDINGS.—Congress finds the following:

(1) As senior United States statesman Dr. Henry Kissinger wrote in testimony submitted to the Committee on Armed Services of the Senate on January 29, 2015, “The United States has not faced a more diverse and complex array of crises since the end of the Second World War.”.

(2) The rise of non-state forces and near peer competitors has introduced destabilizing pressures around the globe.

(3) Advances in information and weapons technology have reduced the time available for the United States to prepare

for and respond to crises against both known and unknown threats.

(4) The importance of the maritime domain cannot be overstated. As acknowledged in the March 2015 Navy, Marine Corps, and Coast Guard maritime strategy, “A Cooperative Strategy for 21st Century Seapower: Forward, Engaged, Ready”: “Oceans are the lifeblood of the interconnected global community. . . 90 percent of trade by volume travels across the oceans. Approximately 70 percent of the world’s population lives within 100 miles of the coastline.”

(5) The United States must be prepared to rapidly respond to crises around the world regardless of the nation’s fiscal health.

(6) In this global security environment, it is critical that the nation possess a maritime force whose mission and ethos is readiness—a fight tonight force, forward deployed, that can respond immediately to emergent crises across the full range of military operations around the globe either from the sea or home station.

(7) The need for such a force was recognized by the 82nd Congress during the Korean War, when it mandated a core mission for the nation’s leanest force—the Marine Corps—to be most ready when the nation is least ready.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the Marine Corps, within the Department of the Navy, remain the Nation’s expeditionary, crisis response force;

(2) the need for such a force with such a capability has never been greater; and

(3) accordingly, in recognition of this need and the wisdom of the 82nd Congress, the 114th Congress reaffirms section 5063 of title 10, United States Code, which states that the Marine Corps—

(A) shall—

(i) be organized to include not less than three combat divisions and three air wings, and such other land combat, aviation, and other services as may be organic therein;

(ii) be organized, trained, and equipped to provide fleet marine forces of combined arms, together with supporting air components, for service with the fleet in the seizure or defense of advanced naval bases and for the conduct of such land operations as may be essential to the prosecution of a naval campaign; and

(iii) provide detachments and organizations for service on armed vessels of the Navy, provide security detachments for the protection of naval property at naval stations and bases, and perform such other duties as the President may direct;

but these additional duties may not detract from nor interfere with the operations for which the Marine Corps is primarily organized;

(B) shall develop, in coordination with the Army and the Air Force, those phases of amphibious operations that pertain to the tactics, techniques, and equipment used by landing forces; and

(C) is responsible, in accordance with the integrated joint mobilization plans, for the expansion of peacetime

components of the Marine Corps to meet the needs of war.

(a) AUTHORITY TO TRANSFER AUTHORIZATIONS.—

(1) AUTHORITY.—Upon determination by the Secretary of Defense that such action is necessary in the national interest, the Secretary may transfer amounts of authorizations made available to the Department of Defense in this division for fiscal year 2016 between any such authorizations for that fiscal year (or any subdivisions thereof). Amounts of authorizations so transferred shall be merged with and be available for the same purposes as the authorization to which transferred.

(2) LIMITATION.—Except as provided in paragraph (3), the total amount of authorizations that the Secretary may transfer under the authority of this section may not exceed \$4,500,000,000.

(2) budget caps imposed by the Budget Control Act of 2011 (Public Law 112–25) impose unacceptable limitations on the budget and increase risk to the national security of the United States; and

(b) DISADVANTAGED BUSINESS ENTERPRISES.—

(1) FINDINGS.—Congress finds that—

(A) while significant progress has occurred due to the establishment of the disadvantaged business enterprise program, discrimination and related barriers continue to pose significant obstacles for minority- and women-owned businesses seeking to do business in federally assisted surface transportation markets across the United States;

23 USC 101 note.

(B) the continuing barriers described in subparagraph (A) merit the continuation of the disadvantaged business enterprise program;

(C) Congress has received and reviewed testimony and documentation of race and gender discrimination from numerous sources, including congressional hearings and roundtables, scientific reports, reports issued by public and private agencies, news stories, reports of discrimination by organizations and individuals, and discrimination lawsuits, which show that race- and gender-neutral efforts alone are insufficient to address the problem;

(D) the testimony and documentation described in subparagraph (C) demonstrate that discrimination across the United States poses a barrier to full and fair participation in surface transportation-related businesses of women business owners and minority business owners and has impacted firm development and many aspects of surface transportation-related business in the public and private markets; and

(E) the testimony and documentation described in subparagraph (C) provide a strong basis that there is a compelling need for the continuation of the disadvantaged business enterprise program to address race and gender discrimination in surface transportation-related business.

(2) DEFINITIONS.—In this subsection, the following definitions apply:

(A) SMALL BUSINESS CONCERN.—

(i) IN GENERAL.—The term “small business concern” means a small business concern (as the term is used in section 3 of the Small Business Act (15 U.S.C. 632)).

(ii) EXCLUSIONS.—The term “small business concern” does not include any concern or group of concerns controlled by the same socially and economically disadvantaged individual or individuals that have average annual gross receipts during the preceding 3 fiscal years in excess of \$23,980,000, as adjusted annually by the Secretary for inflation.

(B) SOCIALLY AND ECONOMICALLY DISADVANTAGED INDIVIDUALS.—The term “socially and economically disadvantaged individuals” has the meaning given the term in section 8(d) of the Small Business Act (15 U.S.C. 637(d)) and relevant subcontracting regulations issued pursuant to that Act, except that women shall be presumed to be socially and economically disadvantaged individuals for purposes of this subsection.

(3) AMOUNTS FOR SMALL BUSINESS CONCERNS.—Except to the extent that the Secretary determines otherwise, not less than 10 percent of the amounts made available for any program under titles I, II, III, and VI of this Act and section 403 of title 23, United States Code, shall be expended through small business concerns owned and controlled by socially and economically disadvantaged individuals.

(4) ANNUAL LISTING OF DISADVANTAGED BUSINESS ENTERPRISES.—Each State shall annually—

(A) survey and compile a list of the small business concerns referred to in paragraph (3) in the State, including

the location of the small business concerns in the State;
and

(B) notify the Secretary, in writing, of the percentage of the small business concerns that are controlled by—
(i) women;
(ii) socially and economically disadvantaged individuals (other than women); and
(iii) individuals who are women and are otherwise socially and economically disadvantaged individuals.

(5) UNIFORM CERTIFICATION.—

(A) IN GENERAL.—The Secretary shall establish minimum uniform criteria for use by State governments in certifying whether a concern qualifies as a small business concern for the purpose of this subsection.

(B) INCLUSIONS.—The minimum uniform criteria established under subparagraph (A) shall include, with respect to a potential small business concern—

- (i) on-site visits;
- (ii) personal interviews with personnel;
- (iii) issuance or inspection of licenses;
- (iv) analyses of stock ownership;
- (v) listings of equipment;
- (vi) analyses of bonding capacity;
- (vii) listings of work completed;
- (viii) examination of the resumes of principal owners;
- (ix) analyses of financial capacity; and
- (x) analyses of the type of work preferred.

(6) REPORTING.—The Secretary shall establish minimum requirements for use by State governments in reporting to the Secretary—

(A) information concerning disadvantaged business enterprise awards, commitments, and achievements; and

(B) such other information as the Secretary determines to be appropriate for the proper monitoring of the disadvantaged business enterprise program.

(7) COMPLIANCE WITH COURT ORDERS.—Nothing in this subsection limits the eligibility of an individual or entity to receive funds made available under titles I, II, III, and VI of this Act and section 403 of title 23, United States Code, if the entity or person is prevented, in whole or in part, from complying with paragraph (3) because a Federal court issues a final order in which the court finds that a requirement or the implementation of paragraph (3) is unconstitutional.

(8) SENSE OF CONGRESS ON PROMPT PAYMENT OF DBE SUB-CONTRACTORS.—It is the sense of Congress that—

(A) the Secretary should take additional steps to ensure that recipients comply with section 26.29 of title 49, Code of Federal Regulations (the disadvantaged business enterprises prompt payment rule), or any corresponding regulation, in awarding federally funded transportation contracts under laws and regulations administered by the Secretary; and

(B) such additional steps should include increasing the Department's ability to track and keep records of complaints and to make that information publicly available.

“(V) provides that the State will conduct comprehensive and highly visible traffic enforcement and commercial motor vehicle safety inspection programs in high-risk locations and corridors;

“(W) except in the case of an imminent hazard or obvious safety hazard, ensures that an inspection of a vehicle transporting passengers for a motor carrier of passengers is conducted at a bus station, terminal, border crossing, maintenance facility, destination, or other location where a motor carrier may make a planned stop (excluding a weigh station);

“(X) ensures that the State will transmit to its roadside inspectors notice of each Federal exemption granted under section 31315(b) of this title and sections 390.23 and 390.25

of title 49, Code of Federal Regulations, and provided to the State by the Secretary, including the name of the person that received the exemption and any terms and conditions that apply to the exemption;

“(Y) except as provided in subsection (d), provides that the State—

“(i) will conduct safety audits of interstate and, at the State’s discretion, intrastate new entrant motor carriers under section 31144(g); and

“(ii) if the State authorizes a third party to conduct safety audits under section 31144(g) on its behalf, the State verifies the quality of the work conducted and remains solely responsible for the management and oversight of the activities;

“(AA) in the case of a State that shares a land border with another country, provides that the State—

“(i) will conduct a border commercial motor vehicle safety program focusing on international commerce that includes enforcement and related projects; or

“(ii) will forfeit all funds calculated by the Secretary based on border-related activities if the State declines to conduct the program described in clause (i) in its plan; and

“(BB) in the case of a State that meets the other requirements of this section and agrees to comply with the requirements established in subsection (1)(3), provides that the State may fund operation and maintenance costs associated with innovative technology deployment under subsection (1)(3) with motor carrier safety assistance program funds authorized under section 31104(a)(1).

“(3) PUBLICATION.—

“(A) IN GENERAL.—Subject to subparagraph (B), the Secretary shall publish each approved State multiple-year plan, and each annual update thereto, on a publically accessible Internet Web site of the Department of Transportation not later than 30 days after the date the Secretary approves the plan or update.

“(B) LIMITATION.—Before publishing an approved State multiple-year plan or annual update under subparagraph (A), the Secretary shall redact any information identified by the State that, if disclosed—

“(i) would reasonably be expected to interfere with enforcement proceedings; or

“(ii) would reveal enforcement techniques or procedures that would reasonably be expected to risk circumvention of the law.

“(d) EXCLUSION OF U.S. TERRITORIES.—The requirement that a State conduct safety audits of new entrant motor carriers under

subsection (c)(2)(Y) does not apply to a territory of the United States unless required by the Secretary.

“(e) INTRASTATE COMPATIBILITY.—The Secretary shall prescribe regulations specifying tolerance guidelines and standards for ensuring compatibility of intrastate commercial motor vehicle safety laws, including regulations, with Federal motor carrier safety regulations to be enforced under subsections (b) and (c). To the extent practicable, the guidelines and standards shall allow for maximum flexibility while ensuring a degree of uniformity that will not diminish motor vehicle safety.

“(f) MAINTENANCE OF EFFORT.—

“(1) BASELINE.—Except as provided under paragraphs (2) and (3) and in accordance with section 5107 of the FAST Act, a State plan under subsection (c) shall provide that the total expenditure of amounts of the lead State commercial motor vehicle safety agency responsible for administering the plan will be maintained at a level each fiscal year that is at least equal to—

“(A) the average level of that expenditure for fiscal years 2004 and 2005; or

“(B) the level of that expenditure for the year in which the Secretary implements a new allocation formula under section 5106 of the FAST Act.

“(2) ADJUSTED BASELINE AFTER FISCAL YEAR 2017.—At the request of a State, the Secretary may evaluate additional documentation related to the maintenance of effort and may make reasonable adjustments to the maintenance of effort baseline after the year in which the Secretary implements a new allocation formula under section 5106 of the FAST Act, and this adjusted baseline will replace the maintenance of effort requirement under paragraph (1).

“(3) WAIVERS.—At the request of a State, the Secretary may waive or modify the requirements of this subsection for a total of 1 fiscal year if the Secretary determines that the waiver or modification is reasonable, based on circumstances described by the State, to ensure the continuation of commercial motor vehicle enforcement activities in the State.

“(4) LEVEL OF STATE EXPENDITURES.—In estimating the average level of a State’s expenditures under paragraph (1), the Secretary—

“(A) may allow the State to exclude State expenditures for federally sponsored demonstration and pilot programs and strike forces;

“(B) may allow the State to exclude expenditures for activities related to border enforcement and new entrant safety audits; and

“(C) shall require the State to exclude State matching amounts used to receive Federal financing under section 31104.

“(g) USE OF UNIFIED CARRIER REGISTRATION FEES AGREEMENT.—Amounts generated under section 14504a and received by a State and used for motor carrier safety purposes may be included as part of the State’s match required under section 31104 or maintenance of effort required by subsection (f).

“(h) USE OF GRANTS TO ENFORCE OTHER LAWS.—When approved as part of a State’s plan under subsection (c), the State

may use motor carrier safety assistance program funds received under this section—

“(1) if the activities are carried out in conjunction with an appropriate inspection of a commercial motor vehicle to enforce Federal or State commercial motor vehicle safety regulations, for—

“(A) enforcement of commercial motor vehicle size and weight limitations at locations, excluding fixed-weight facilities, such as near steep grades or mountainous terrains, where the weight of a commercial motor vehicle can significantly affect the safe operation of the vehicle, or at ports where intermodal shipping containers enter and leave the United States; and

“(B) detection of and enforcement actions taken as a result of criminal activity, including the trafficking of human beings, in a commercial motor vehicle or by any occupant, including the operator, of the commercial motor vehicle; and

“(2) for documented enforcement of State traffic laws and regulations designed to promote the safe operation of commercial motor vehicles, including documented enforcement of such laws and regulations relating to noncommercial motor vehicles when necessary to promote the safe operation of commercial motor vehicles, if—

“(A) the number of motor carrier safety activities, including roadside safety inspections, conducted in the State is maintained at a level at least equal to the average level of such activities conducted in the State in fiscal years 2004 and 2005; and

“(B) the State does not use more than 10 percent of the basic amount the State receives under a grant awarded under section 31104(a)(1) for enforcement activities relating to noncommercial motor vehicles necessary to promote the safe operation of commercial motor vehicles unless the Secretary determines that a higher percentage will result in significant increases in commercial motor vehicle safety.

“(i) EVALUATION OF PLANS AND AWARD OF GRANTS.—

“(1) AWARDS.—The Secretary shall establish criteria for the application, evaluation, and approval of State plans under this section. Subject to subsection (j), the Secretary may allocate the amounts made available under section 31104(a)(1) among the States.

“(2) OPPORTUNITY TO CURE.—If the Secretary disapproves a plan under this section, the Secretary shall give the State a written explanation of the reasons for disapproval and allow the State to modify and resubmit the plan for approval.

plans approved under this section in accordance with the criteria prescribed under paragraph (1).

“(3) ELECTIVE ADJUSTMENTS.—Subject to the availability of funding and notwithstanding fluctuations in the data elements used by the Secretary to calculate the annual allocation amounts, after the creation of a new allocation formula under section 5106 of the FAST Act, the Secretary may not make elective adjustments to the allocation formula that decrease a State’s Federal funding levels by more than 3 percent in a fiscal year. The 3 percent limit shall not apply to the withholding provisions of subsection (k).

“(k) PLAN MONITORING.—

“(1) IN GENERAL.—On the basis of reports submitted by the lead State agency responsible for administering a State plan approved under this section and an investigation by the Secretary, the Secretary shall periodically evaluate State implementation of and compliance with the State plan.

“(2) WITHHOLDING OF FUNDS.—

“(A) DISAPPROVAL.—If, after notice and an opportunity to be heard, the Secretary finds that a State plan previously approved under this section is not being followed or has become inadequate to ensure enforcement of State regulations, standards, or orders described in subsection (c)(1), or the State is otherwise not in compliance with the requirements of this section, the Secretary may withdraw approval of the State plan and notify the State. Upon the receipt of such notice, the State plan shall no longer be in effect and the Secretary shall withhold all funding to the State under this section.

“(B) NONCOMPLIANCE WITHHOLDING.—In lieu of withdrawing approval of a State plan under subparagraph (A), the Secretary may, after providing notice to the State and an opportunity to be heard, withhold funding from the State to which the State would otherwise be entitled under this section for the period of the State’s noncompliance. In exercising this option, the Secretary may withhold—

“(i) up to 5 percent of funds during the fiscal year that the Secretary notifies the State of its noncompliance;

“(ii) up to 10 percent of funds for the first full fiscal year of noncompliance;

“(iii) up to 25 percent of funds for the second full fiscal year of noncompliance; and

“(iv) not more than 50 percent of funds for the third and any subsequent full fiscal year of noncompliance.

“(3) JUDICIAL REVIEW.—A State adversely affected by a determination under paragraph (2) may seek judicial review under chapter 7 of title 5. Notwithstanding the disapproval of a State plan under paragraph (2)(A) or the withholding of funds under paragraph (2)(B), the State may retain jurisdiction in an administrative or a judicial proceeding that commenced before the notice of disapproval or withholding if the issues involved are not related directly to the reasons for the disapproval or withholding.

“(l) HIGH PRIORITY PROGRAM.—

“(1) IN GENERAL.—The Secretary shall administer a high priority program funded under section 31104(a)(2) for the purposes described in paragraphs (2) and (3).

“(2) ACTIVITIES RELATED TO MOTOR CARRIER SAFETY.—The Secretary may make discretionary grants to and enter into cooperative agreements with States, local governments, federally recognized Indian tribes, other political jurisdictions as necessary, and any person to carry out high priority activities and projects that augment motor carrier safety activities and projects planned in accordance with subsections (b) and (c), including activities and projects that—

“(A) increase public awareness and education on commercial motor vehicle safety;

“(i) for entities not responsible for submitting the plan under subsection (c); or

“(ii) for entities responsible for submitting the plan under subsection (c)—

“(I) before October 1, 2020, to achieve compliance with the requirements of participation; and

“(II) beginning on October 1, 2020, or once compliance is achieved, whichever is sooner, for special initiatives or projects that exceed routine operations required for participation;

“(G) conduct safety data improvement projects—

“(i) that complete or exceed the requirements under subsection (c)(2)(P) for entities not responsible for submitting the plan under subsection (c); or

“(ii) that exceed the requirements under subsection (c)(2)(P) for entities responsible for submitting the plan under subsection (c); and

“(H) otherwise improve commercial motor vehicle safety and compliance with commercial motor vehicle safety regulations.

“(3) INNOVATIVE TECHNOLOGY DEPLOYMENT GRANT PROGRAM.—

“(A) IN GENERAL.—The Secretary shall establish an innovative technology deployment grant program to make discretionary grants to eligible States for the innovative technology deployment of commercial motor vehicle information systems and networks.

“(B) PURPOSES.—The purposes of the program shall be—

“(i) to advance the technological capability and promote the deployment of intelligent transportation

system applications for commercial motor vehicle operations, including commercial motor vehicle, commercial driver, and carrier-specific information systems and networks; and

“(ii) to support and maintain commercial motor vehicle information systems and networks—

“(I) to link Federal motor carrier safety information systems with State commercial motor vehicle systems;

“(II) to improve the safety and productivity of commercial motor vehicles and drivers; and

“(III) to reduce costs associated with commercial motor vehicle operations and Federal and State commercial motor vehicle regulatory requirements.

“(C) ELIGIBILITY.—To be eligible for a grant under this paragraph, a State shall—

“(i) have a commercial motor vehicle information systems and networks program plan approved by the Secretary that describes the various systems and networks at the State level that need to be refined, revised, upgraded, or built to accomplish deployment of commercial motor vehicle information systems and networks capabilities;

“(ii) certify to the Secretary that its commercial motor vehicle information systems and networks deployment activities, including hardware procurement, software and system development, and infrastructure modifications—
