An Act

To award a Congressional Gold Medal to the soldiers of the 5307th Composite Unit (Provisional), commonly known as "Merrill's Marauders", in recognition of their bravery and outstanding service in the jungles of Burma during World War II.

Oct. 17, 2020
[S. 743]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Merrill's Marauders Congressional Gold Medal Act. 31 USC 5111 note.

SECTION 1. SHORT TITLE.

This Act may be cited as the "Merrill's Marauders Congressional Gold Medal Act".

SEC. 2. FINDINGS.

Congress finds that—

(1) in August 1943, President Franklin D. Roosevelt and other Allied leaders proposed the creation of a ground unit of the Armed Forces that would engage in a "long-range penetration mission" in Japanese-occupied Burma to—

(A) cut off Japanese communications and supply lines; and

(B) capture the town of Myitkyina and the Myitkyina airstrip, both of which were held by the Japanese;

(2) President Roosevelt issued a call for volunteers for "a dangerous and hazardous mission" and the call was answered by approximately 3,000 soldiers from the United States;

(3) the Army unit composed of the soldiers described in paragraph (2)—

(A) was officially designated as the "5307th Composite Unit (Provisional)" with the code name "Galahad"; and

(B) later became known as "Merrill's Marauders" (referred to in this section as the "Marauders") in reference to its leader, Brigadier General Frank Merrill;

(4) in February 1944, the Marauders began their approximately 1,000-mile trek through the dense Burmese jungle with no artillery support, carrying their supplies on their backs or the pack saddles of mules;

(5) over the course of their 5-month trek to Myitkyina, the Marauders fought victoriously against larger Japanese forces through 5 major and 30 minor engagements;

(6) during their march to Myitkyina, the Marauders faced hunger and disease that were exacerbated by inadequate aerial resupply drops;

(7) malaria, typhus, and dysentery inflicted more casualties on the Marauders than the Japanese;

(8) by August 1944, the Marauders had accomplished their mission, successfully disrupting Japanese supply and communication lines and taking the town of Myitkyina and the Myitkyina airstrip, the only all-weather airstrip in Northern Burma;

(9) after taking Myitkyina, only 130 Marauders out of the original 2,750 were fit for duty and all remaining Marauders still in action were evacuated to hospitals due to tropical diseases, exhaustion, and malnutrition;

(10) for their bravery and accomplishments, the Marauders were awarded the "Distinguished Unit Citation", later redesignated as the "Presidential Unit Citation", and a Bronze Star; and

(11) though the Marauders were operational for only a few months, the legacy of their bravery is honored by the Army through the modern day 75th Ranger Regiment, which traces its lineage directly to the 5307th Composite Unit.

SEC. 3. CONGRESSIONAL GOLD MEDAL.

(a) AWARD AUTHORIZED.—The Speaker of the House of Representatives and the President pro tempore of the Senate shall make appropriate arrangements for the award, on behalf of Congress, of a single gold medal of appropriate design to the soldiers of the 5307th Composite Unit (Provisional) (referred to in this section as "Merrill's Marauders"), in recognition of their bravery and outstanding service in the jungles of Burma during World War II.

Determination.

(b) DESIGN AND STRIKING.—For the purposes of the award referred to in subsection (a), the Secretary of the Treasury (referred to in this Act as the "Secretary") shall strike a gold medal with suitable emblems, devices, and inscriptions, to be determined by the Secretary.

(c) SMITHSONIAN INSTITUTION.—

(1) IN GENERAL.—Following the award of the gold medal referred to in subsection (a) in honor of Merrill's Marauders, the gold medal shall be given to the Smithsonian Institution, where it shall be displayed as appropriate and made available for research.

(2) SENSE OF CONGRESS.—It is the sense of Congress that the Smithsonian Institution should make the gold medal received under paragraph (1) available for display elsewhere, particularly at other locations and events associated with Merrill's Marauders.

SEC. 4. DUPLICATE MEDALS.

Under such regulations as the Secretary may prescribe, the Secretary may strike and sell duplicates in bronze of the gold medal struck under section 3, at a price sufficient to cover the costs of the medals, including labor, materials, dies, use of machinery, and overhead expenses.

SEC. 5. STATUS OF MEDALS.

Medals struck pursuant to this Act are national medals for purposes of chapter 51 of title 31, United States Code.

(a) FINDINGS.—Congress makes the following findings:

(1) The Department of Veterans Affairs must be more effective in its approach to reducing the burden of veteran suicide connected to mental health diagnoses, to include expansion of treatment delivered via telehealth methods and in rural areas.

(2) An innovative project, known as Suicide Assessment and Follow-up Engagement: Veteran Emergency Treatment (in this subsection referred to as "SAFE VET"), was designed to help suicidal veterans seen at emergency departments within

the Veterans Health Administration and was successfully implemented in five intervention sites beginning in 2010.

(3) A 2018 study found that safety planning intervention under SAFE VET was associated with 45 percent fewer suicidal behaviors in the six-month period following emergency department care and more than double the odds of a veteran engaging in outpatient behavioral health care.

(4) SAFE VET is a promising alternative and acceptable delivery of care system that augments the treatment of suicidal veterans in emergency departments of the Veterans Health Administration and helps ensure that those veterans have appropriate follow-up care.

(5) Beginning in September 2018, the Veterans Health Administration implemented a suicide prevention program, known as the SPED program, for veterans presenting to the emergency department who are assessed to be at risk for suicide and are safe to be discharged home.

(6) The SPED program includes issuance and update of a safety plan and post-discharge follow-up outreach for veterans to facilitate engagement in outpatient mental health care.

Public Law 116–189
116th Congress

An Act

To amend the Ted Stevens Olympic and Amateur Sports Act to provide for congressional oversight of the board of directors of the United States Olympic and Paralympic Committee and to protect amateur athletes from emotional, physical, and sexual abuse, and for other purposes.

Oct. 30, 2020
[S. 2330]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Empowering Olympic, Paralympic, and Amateur Athletes Act of 2020.
36 USC 101 note.
36 USC 220501 note.

SECTION 1. SHORT TITLE.

This Act may be cited as the "Empowering Olympic, Paralympic, and Amateur Athletes Act of 2020".

SEC. 2. FINDINGS.

Congress makes the following findings:

(1) The courageous voice of survivors is a call to action to end emotional, physical, and sexual abuse in the Olympic and Paralympic movement.

(2) Larry Nassar, the former national team doctor for USA Gymnastics, sexually abused over 300 athletes for over two decades because of ineffective oversight by USA Gymnastics and the United States Olympic Committee.

(3) While the case of Larry Nassar is unprecedented in scale, the case is hardly the only recent incident of sexual abuse in amateur sports.

(4) Survivors of Larry Nassar's abuse and all survivors of abuse in the Olympic and Paralympic movement deserve justice and redress for the wrongs the survivors have suffered.

(5) After a comprehensive congressional investigation, including interviews and statements from survivors, former and current organization officials, law enforcement, and advocates, Congress found that the United States Olympic Committee and USA Gymnastics fundamentally failed to uphold their existing statutory purposes and duty to protect amateur athletes from sexual, emotional, or physical abuse.

(6) USA Gymnastics and the United States Olympic Committee knowingly concealed abuse by Larry Nassar, leading to the abuse of dozens of additional amateur athletes during the period beginning in the summer of 2015 and ending in September 2016.

(7) Ending abuse in the Olympic and Paralympic movement requires enhanced oversight to ensure that the Olympic and Paralympic movement does more to serve athletes and protect their voice and safety.

To award a Congressional Gold Medal, collectively, to the women in the United States who joined the workforce during World War II, providing the aircraft, vehicles, weaponry, ammunition and other material to win the war, that were referred to as "Rosie the Riveter", in recognition of their contributions to the United States and the inspiration they have provided to ensuing generations.

Dec. 3, 2020
[H.R. 1773]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Rosie the Riveter Congressional Gold Medal Act of 2019.
31 USC 5111 note.

SECTION 1. SHORT TITLE.

This Act may be cited as the "Rosie the Riveter Congressional Gold Medal Act of 2019".

SEC. 2. FINDINGS.

Congress finds the following:

(1) Over 70 years ago there was a call to action, a demand for workers to fill the vacancies left by the men who went to fight in the war.

(2) More than 6 million women answered the call then, entering the workforce during World War II and providing the equipment, weaponry and ammunition to achieve final victory and end the war.

(3) These women left their homes to work or volunteer full-time in factories, farms, shipyards, airplane factories, banks, and other institutions in support of the military overseas.

(4) They worked with the United Service Organizations and the American Red Cross, drove trucks, riveted airplane parts, collected critical materials, rolled bandages, and served on rationing boards.

(5) Our "Rosie the Riveter", the women who worked and sacrificed to strengthen this country during World War II, are among the greatest living heroines in the United States.

(6) These women persevered, despite often facing harassment from their male colleagues and disapproval from their male family members, and all the while continued to maintain their "other jobs" as caretakers of children and their households.

(7) Minority women also overcame long-held policies of discrimination and made significant contributions to the war effort.

(8) Because of the "Rosies", Federal, State, and local agencies coordinated with business owners to develop childcare programs and other supports for working mothers.

(9) The example that these women set during World War II continues to inspire us and blaze a path for the working women and young girls of today.

(10) Specifically, the images of "Rosie the Riveter" and the phrase "We Can Do It" continue to symbolize the empowerment of women today, representing patriotic women who want to serve and strengthen their country, and to inspire young girls to become "21st Century Rosies" by aspiring to, and attaining positions of leadership in all walks of life in America.

116th Congress

An Act

Dec. 4, 2020
[H.R. 3589]

To award a Congressional Gold Medal to Greg LeMond, in recognition of his service to the Nation as an athlete, activist, role model, and community leader.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Greg LeMond Congressional Gold Medal Act. 31 USC 5111 note.

SECTION 1. SHORT TITLE.

This Act may be cited as the "Greg LeMond Congressional Gold Medal Act".

SEC. 2. FINDINGS.

The Congress finds the following:

(1) Gregory James "Greg" LeMond was born in Lakewood, California, on June 26, 1961.

(2) Greg began cycling at the age of 14, winning an astonishing 11 straight races to begin his career.

(3) Greg took home a full suite of medals at the 1979 Junior World Championships, including gold, silver, and bronze, emerging victorious in the road race and placing in both team and track pursuit events.

(4) At age 18, Greg became the youngest cyclist in the history of the sport to be selected for the United States Men's Olympic team.

(5) Greg emerged victorious in the 1980 Circuit de la Sarthe, becoming the first American in history and the youngest rider ever to win a major pro-am cycling event on the European continent.

(6) At age 19, Greg signed his first professional contract.

(7) In 1982, Greg made the first of several remarkable recoveries, returning from a broken collarbone to win the silver medal at the world championships in Great Britain.

(8) The Tour de France, the world's preeminent cycling competition, was first held over a century ago, in 1903.

(9) The Tour de France takes place over 23 days, covering an extraordinary 2,200 miles, winding through multiple mountain ranges, spanning multiple nations, and is viewed as comparable to running a marathon every day for three consecutive weeks.

(10) Greg first competed in the Tour de France in 1984, finishing third, and finishing second the following year, in both years deputizing himself to his teammates, sacrificing a chance to win himself to boost his teammates toward victory.

(11) Greg emerged victorious in the 1986 Tour de France, ascending the fabled Alpe D'Huez, defeating the field by more

than 3 full minutes, becoming the first American and the first non-European to win cycling's most prestigious race.

(12) In 1987, while recovering from a broken wrist and collarbone, Greg was tragically shot during a turkey hunting accident, leaving him in intensive care, requiring the removal of over 40 shotgun pellets from his abdomen, was deemed unlikely to ever ride a bicycle again, and likely survived only due to the abnormal strength of his cardiovascular system.

(13) Greg mounted the greatest comeback in the history of American sports, taking home an astonishing victory at the 1989 Tour de France, following multiple surgeries, life-threatening gunshot wounds, tendon repair, and an appendectomy, winning by 8 seconds in the closest finish in the history of the Tour de France.

(14) Greg would win a third Tour de France victory in 1990.

(15) Greg is the only American to win the Tour de France.

(16) Greg has vocally spoken out to champion healthy sport amongst athletes of all ages and competition levels.

(17) Greg and his wife, Kathy, are active in numerous nonprofit causes, including healthy sport, assisting victims of sexual abuse and various childhood illnesses.

(18) Cycling offers young people a healthy, active, outdoor hobby.

(19) Greg completed his professional career having won 2 World Championships, 3 Tour de France championships, and 22 titles overall.

(20) More than any other cyclist, Greg personified the "breakaway" culture of American cycling in the 1970s and 80s, viewed universally as the epitome of a young person on a bicycle, attempting to accomplish feats no other American had achieved.

(21) Greg has not only reached the pinnacle of international sport, but has devoted his time and resources to assisting his fellow athletes.

(22) Greg has demonstrated the commitment to excellence, generosity, community, and tenacity that makes him an example for all to follow.

SEC. 3. CONGRESSIONAL GOLD MEDAL.

(a) PRESENTATION AUTHORIZED.—The Speaker of the House of Representatives and the President pro tempore of the Senate shall make appropriate arrangements for the presentation, on behalf of the Congress, of a gold medal of appropriate design to Greg LeMond, in recognition of his contributions to the Nation as an athlete, activist, role model, and community leader.

(b) DESIGN AND STRIKING.—For purposes of the presentation referred to in subsection (a), the Secretary of the Treasury (referred to in this Act as the "Secretary") shall strike a gold medal with suitable emblems, devices, and inscriptions, to be determined by the Secretary.

SEC. 4. DUPLICATE MEDALS.

The Secretary may strike and sell duplicates in bronze of the gold medal struck pursuant to section 3 under such regulations as the Secretary may prescribe, at a price sufficient to cover the cost thereof, including labor, materials, dies, use of machinery, and overhead expenses, and the cost of the gold medal.

SEC. 5. STATUS OF MEDALS.

(a) NATIONAL MEDALS.—The medals struck pursuant to this Act are national medals for purposes of chapter 51 of title 31, United States Code.

(b) NUMISMATIC ITEMS.—For purposes of section 5134 of title 31, United States Code, all medals struck under this Act shall be considered to be numismatic items.

SEC. 6. DETERMINATION OF BUDGETARY EFFECTS.

The budgetary effects of this Act, for the purpose of complying with the Statutory Pay-As-You-Go Act of 2010, shall be determined by reference to the latest statement titled "Budgetary Effects of PAYGO Legislation" for this Act, submitted for printing in the Congressional Record by the Chairman of the House Budget Committee, provided that such statement has been submitted prior to the vote on passage.

116th Congress

An Act

To require the Secretary of the Treasury to mint a coin in commemoration of the 100th anniversary of the establishment of the Negro Leagues baseball.

Dec. 4, 2020
[H.R. 4104]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Negro Leagues Baseball Centennial Commemorative Coin Act.
31 USC 5112 note.

SECTION 1. SHORT TITLE.

This Act may be cited as the "Negro Leagues Baseball Centennial Commemorative Coin Act".

SEC. 2. FINDINGS.

The Congress finds the following:

(1) The year 2020 marks the 100th anniversary of the establishment of the Negro National League, a professional baseball league formed in response to African-American players being banned from the major leagues.

(2) On February 13, 1920, Andrew "Rube" Foster convened a meeting of 8 independent African-American baseball team owners at the Paseo YMCA in Kansas City, Missouri, to form a "league of their own," establishing the Negro National League, the first successful, organized professional African-American baseball league in the United States.

(3) Soon, additional leagues formed in eastern and southern States.

(4) The Negro Leagues would operate for 40 years until 1960.

(5) The story of the Negro Leagues is a story of strong-willed athletes who forged a glorious history in the midst of an inglorious era of segregation in the United States.

(6) The passion of the Negro Leagues players for the "National Pastime" would not only change the game, but also the United States.

(7) The creation of the Negro Leagues provided a playing field for more than 2,600 African-American and Hispanic baseball players to showcase their world-class baseball abilities.

(8) The Negro Leagues introduced an exciting brand of baseball that was in stark contrast to Major League Baseball.

(9) A fast, aggressive style of play attracted black and white fans who sat together to watch those games at a time when it was virtually unheard of to interact socially in such a way.

(10) Negro Leagues baseball would become a catalyst for economic development across the United States in major urban centers such as Kansas City, St. Louis, New York, Memphis, Baltimore, Washington, DC, Chicago, and Atlanta.

(11) The Negro Leagues pioneered "Night Baseball" in 1930, 5 years before Major League Baseball, and would introduce game-changing innovations such as shin guards and the batting helmet.

(12) The Negro Leagues helped make the National Pastime a global game as players from the Negro Leagues—

(A) were the first people from the United States to play in many Spanish-speaking countries; and

(B) introduced professional baseball to the Japanese in 1927.

(13) Jackie Robinson, a military veteran and former member of the Negro Leagues' Kansas City Monarchs, would break Major League Baseball's color barrier on April 15, 1947, with the Brooklyn Dodgers, paving the way for other African-American and Hispanic baseball players.

(14) The Negro Leagues were born out of segregation yet would become a driving force for social change in the United States.

(15) The Negro Leagues produced future Major League Baseball stars, including Leroy "Satchel" Paige, Larry Doby, Willie Mays, Henry Aaron, Ernie Banks, and Roy Campanella.

(16) The Negro Leagues Baseball Museum was established in Kansas City, Missouri, in 1990—

(A) to save from extinction a precious piece of Americana and baseball history; and

(B) to use the many life lessons of the powerful story of triumph over adversity of Negro Leagues players to promote tolerance, diversity, and inclusion.

(17) In 2006, Congress granted National Designation to the Negro Leagues Baseball Museum, recognizing it as "America's Home" for Negro Leagues baseball history.

116th Congress

An Act

To provide for the transfer of certain Federal land in the State of Minnesota for the benefit of the Leech Lake Band of Ojibwe.

Dec. 23, 2020
[S. 199]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Leech Lake Band of Ojibwe Reservation Restoration Act".

SEC. 2. LEECH LAKE BAND OF OJIBWE RESERVATION RESTORATION.

(a) FINDINGS.—Congress finds that—

(1) the Federal land described in subsection (b)(1) was taken from members of the Leech Lake Band of Ojibwe during a period—

(A) beginning in 1948;

(B) during which the Bureau of Indian Affairs incorrectly interpreted an order of the Secretary of the Interior to mean that the Department of the Interior had the authority to sell tribal allotments without the consent of a majority of the rightful landowners; and

(C) ending in 1959, when the Secretary of the Interior was—

(i) advised that sales described in subparagraph (B) were illegal; and

(ii) ordered to cease conducting those sales;

(2) as a result of the Federal land described in subsection (b)(1) being taken from members of the Leech Lake Band of Ojibwe, the Leech Lake Band of Ojibwe hold the smallest percentage of its original reservation lands of any Ojibwe bands in Minnesota;

(3)(A) the applicable statute of limitations prohibits individuals from pursuing through litigation the return of the land taken as described in paragraph (1); but

(B) a Federal judge ruled that the land could be restored to the affected individuals through the legislative process;

(4) a comprehensive review of the Federal land demonstrated that—

(A) a portion of the Federal land is encumbered by—

(i) utility easements;

(ii) rights-of-way for roads; and

(iii) flowage and reservoir rights; and

(B) there are no known cabins, campgrounds, lodges, or resorts located on any portion of the Federal land; and

(5) on reacquisition by the Tribe of the Federal land, the Tribe—

(A) has pledged to respect the easements, rights-of-way, and other rights described in paragraph (4)(A); and

(B)(i) does not intend immediately to modify the use of the Federal land; but

(ii) will keep the Federal land in tax-exempt fee status as part of the Chippewa National Forest until the Tribe develops a plan that allows for a gradual subdivision of some tracts for economic and residential development by the Tribe.

(b) DEFINITIONS.—In this section:

(1) FEDERAL LAND.—

(A) IN GENERAL.—The term "Federal land" means the approximately 11,760 acres of Federal land located in the Chippewa National Forest in Cass County, Minnesota, the boundaries of which shall be depicted on the map, and described in the legal description, submitted under subsection (d)(1)(B).

(i) the Committee on Natural Resources of the House of Representatives; and

(ii) the Committee on Indian Affairs of the Senate.

(2) FORCE AND EFFECT.—The map and legal description submitted under paragraph (1)(B) shall have the same force and effect as if included in this Act, except that the Secretary may correct any clerical or typographical error in the map or legal description.

(3) PUBLIC AVAILABILITY.—The map and legal description submitted under paragraph (1)(B) shall be on file and available for public inspection in the office of the Secretary.

(e) ADMINISTRATION.—

(1) IN GENERAL.—Except as otherwise expressly provided in this section, nothing in this section affects any right or claim of the Tribe, as in existence on the date of enactment of this Act, to any land or interest in land.

(2) PROHIBITIONS.—

An Act

Dec. 23, 2020
[S. 2904]

To direct the Director of the National Science Foundation to support research on the outputs that may be generated by generative adversarial networks, otherwise known as deepfakes, and other comparable techniques that may be developed in the future, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Identifying Outputs of Generative Adversarial Networks Act.
15 USC 9101 note.

SECTION 1. SHORT TITLE.

This Act may be cited as the "Identifying Outputs of Generative Adversarial Networks Act" or the "IOGAN Act".

15 USC 9101.

SEC. 2. FINDINGS.

Congress finds the following:

(1) Gaps currently exist on the underlying research needed to develop tools that detect videos, audio files, or photos that have manipulated or synthesized content, including those generated by generative adversarial networks. Research on digital forensics is also needed to identify, preserve, recover, and analyze the provenance of digital artifacts.

(2) The National Science Foundation's focus to support research in artificial intelligence through computer and information science and engineering, cognitive science and psychology, economics and game theory, control theory, linguistics, mathematics, and philosophy, is building a better understanding of how new technologies are shaping the society and economy of the United States.

(3) The National Science Foundation has identified the "10 Big Ideas for NSF Future Investment" including "Harnessing the Data Revolution" and the "Future of Work at the Human-Technology Frontier", with artificial intelligence is a critical component.

(4) The outputs generated by generative adversarial networks should be included under the umbrella of research described in paragraph (3) given the grave national security and societal impact potential of such networks.

(5) Generative adversarial networks are not likely to be utilized as the sole technique of artificial intelligence or machine learning capable of creating credible deepfakes. Other techniques may be developed in the future to produce similar outputs.

SEC. 3. NSF SUPPORT OF RESEARCH ON MANIPULATED OR SYNTHESIZED CONTENT AND INFORMATION SECURITY. 15 USC 9102.

The Director of the National Science Foundation, in consultation with other relevant Federal agencies, shall support merit-reviewed and competitively awarded research on manipulated or synthesized content and information authenticity, which may include— Consultation.

(1) fundamental research on digital forensic tools or other technologies for verifying the authenticity of information and detection of manipulated or synthesized content, including content generated by generative adversarial networks;

(2) fundamental research on technical tools for identifying manipulated or synthesized content, such as watermarking systems for generated media;

(3) social and behavioral research related to manipulated or synthesized content, including human engagement with the content;

(4) research on public understanding and awareness of manipulated and synthesized content, including research on best practices for educating the public to discern authenticity of digital content; and

(5) research awards coordinated with other federal agencies and programs, including the Defense Advanced Research Projects Agency and the Intelligence Advanced Research Projects Agency, with coordination enabled by the Networking and Information Technology Research and Development Program. Coordination.

SEC. 4. NIST SUPPORT FOR RESEARCH AND STANDARDS ON GENERATIVE ADVERSARIAL NETWORKS. 15 USC 9103.

(a) IN GENERAL.—The Director of the National Institute of Standards and Technology shall support research for the development of measurements and standards necessary to accelerate the development of the technological tools to examine the function and outputs of generative adversarial networks or other technologies that synthesize or manipulate content.

(b) OUTREACH.—The Director of the National Institute of Standards and Technology shall conduct outreach—

(1) to receive input from private, public, and academic stakeholders on fundamental measurements and standards research necessary to examine the function and outputs of generative adversarial networks; and

(2) to consider the feasibility of an ongoing public and private sector engagement to develop voluntary standards for the function and outputs of generative adversarial networks or other technologies that synthesize or manipulate content.

SEC. 5. REPORT ON FEASIBILITY OF PUBLIC-PRIVATE PARTNERSHIP TO DETECT MANIPULATED OR SYNTHESIZED CONTENT.

Not later than 1 year after the date of enactment of this Act, the Director of the National Science Foundation and the Director of the National Institute of Standards and Technology shall jointly submit to the Committee on Science, Space, and Technology of the House of Representatives, the Subcommittee on Commerce, Justice, Science, and Related Agencies of the Committee on Appropriations of the House of Representatives, the Committee on Commerce, Science, and Transportation of the Senate, and the

Subcommittee on Commerce, Justice, Science, and Related Agencies of the Committee on Appropriations of the Senate a report containing—

(1) the Directors' findings with respect to the feasibility for research opportunities with the private sector, including digital media companies to detect the function and outputs of generative adversarial networks or other technologies that synthesize or manipulate content; and

Recommendations.

(2) any policy recommendations of the Directors that could facilitate and improve communication and coordination between the private sector, the National Science Foundation, and relevant Federal agencies through the implementation of innovative approaches to detect digital content produced by generative adversarial networks or other technologies that synthesize or manipulate content.

15 USC 9104.

SEC. 6. GENERATIVE ADVERSARIAL NETWORK DEFINED.

In this Act, the term "generative adversarial network" means, with respect to artificial intelligence, the machine learning process of attempting to cause a generator artificial neural network (referred to in this paragraph as the "generator" and a discriminator artificial neural network (referred to in this paragraph as a "discriminator") to compete against each other to become more accurate in their function and outputs, through which the generator and discriminator create a feedback loop, causing the generator to produce increasingly higher-quality artificial outputs and the discriminator to increasingly improve in detecting such artificial outputs.
