

Irrigation enter-
prises added. shall also be made as to the location and character of irrigation enterprises; quantity of land irrigated in the arid region of the United States and in each State and county in that section under state and federal laws; the price at which these lands, including water right, are obtainable; the character and value of crops produced on irrigated lands, the amount of water used per acre for said irrigation and whether it was obtainable from national, state, or private works; the location of the various projects and method of construction with facts as to their physical condition; the amount of capital invested in such irrigation works.

Period of enumer-
ation. "The census of manufactures and of mines and quarries shall relate to the year ending December thirty-first next preceding the enumeration of population and shall be confined to mines and quarries and manufacturing establishments which were in active operation during all or a portion of that year. The census of manufactures shall furthermore be confined to manufacturing establishments conducted under what is known as the factory system, exclusive of the so-called neighborhood household and hand industries: *Provided*, That the census shall also include an enumeration of the number of cattle, calves, sheep, lambs, hogs, goats, and kids slaughtered for food purposes, and all hides produced, whether taken from animals slaughtered for food purposes or otherwise; during the year next preceding the year of the enumeration of population, irrespective of the character of the establishment in which slaughtered or produced.

Factory system.
Proviso.
Animals slaugh-
tered for food. "The inquiry concerning manufactures shall cover the production of turpentine and rosin, and the report concerning this industry shall show, in addition to the other facts covered by the regular schedule of manufactures, the quantity and quality of turpentine and rosin manufactured and marketed, the sources, methods, and extent of the industry.

All hides produced. "Whenever he shall deem it expedient, the Director of the Census may charge the collection of these statistics upon special agents or upon detailed employees, to be employed without respect to locality.

Turpentine and
rosin industry. "The form and subdivision of inquiries necessary to secure the information under the foregoing topics shall be determined by the Director of the Census."

Agents for special
inquiries. "The form and subdivision of inquiries necessary to secure the information under the foregoing topics shall be determined by the Director of the Census."

Form of inquiries.

[Public, No. 64.]

CHAP. 64.—An Act Authorizing the construction of a bridge across the Connecticut River, in the State of Connecticut, between the towns of Old Saybrook and Old Lyme.

Connecticut River.
Saybrook and Lyme
Connecticut Bridge
Commission may
bridge, between Old
Saybrook and Old
Lyme, Conn. *Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled*, That the State of Connecticut, acting through the Saybrook and Lyme Connecticut River Bridge Commission, a commission created by the laws of the State of Connecticut, be, and hereby is, authorized to construct and maintain a drawbridge across the Connecticut River, at a point suitable to the interests of navigation, between the towns of Old Saybrook and Old Lyme, in the State of Connecticut, in accordance with the provisions of the Act entitled "An Act to regulate the construction of bridges over navigable waters," approved March twenty-third, nineteen hundred and six.

Vol. 34, p. 84.

Amendment.

SEC. 2. That the right to alter, amend, or repeal this Act is hereby expressly reserved.
