AN ACT

April 21, 1934. [H.R. 8402.] [Public, No. 169.]

To place the cotton industry on a sound commercial basis, to prevent unfair competition and practices in putting cotton into the channels of interstate and foreign commerce, to provide funds for paying additional benefits under the Agricultural Adjustment Act, and for other purposes.

Regulation of cotton industry.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

DECLARATION OF POLICY

Declaration of policy.

That in order to relieve the present acute economic emergency in that part of the agricultural industry devoted to cotton production and marketing by diminishing the disparity between prices paid to cotton producers and persons engaged in cotton marketing and prices of other commodities and by restoring purchasing power to such producers and persons so that the restoration of the normal exchange in interstate and foreign commerce of all commodities may be fostered, and to raise revenue to enable the payment of additional benefits to cotton producers under the Agricultural Adjustment Act—

It is hereby declared to be the policy of Congress to promote the orderly marketing of cotton in interstate and foreign commerce; to enable producers of such commodity to stabilize their markets against undue and excessive fluctuations, and to preserve advantageous markets for such commodity, and to prevent unfair competition and practices in putting cotton into the channels of interstate and foreign commerce, and to more effectively balance production and consumption of cotton.
