(c) To procure, use, and lend radium as hereinafter provided;  
(d) To provide training and instruction in technical matters relating to the diagnosis and treatment of cancer;

(e) To provide fellowships in the Institute from funds appropriated or donated for such purpose;

(f) To secure for the Institute consultation services and advice of cancer experts from the United States and abroad; and

(g) To cooperate with State health agencies in the prevention, control, and eradication of cancer.

SEC. 3. There is hereby created the National Advisory Cancer Council (herein referred to as the "Council"), to consist of six members to be appointed by the Surgeon General with the approval of the Secretary of the Treasury, and of the Surgeon General, ex officio, who shall be chairman of the Council. The six appointed members shall be selected from leading medical or scientific authorities who are outstanding in the study, diagnosis, or treatment of cancer in the United States. Each appointed member shall hold office for a term of three years, except that (1) any member appointed to fill a vacancy occurring prior to the expiration of the term for which his predecessor was appointed shall be appointed for the remainder of such term, and (2) the terms of office of the members first taking office shall expire, as designated by the Surgeon General at the time of appointment, two at the end of the first year, two at the end of the second year, and two at the end of the third year after the date of the first meeting of the Council. No appointed member shall be eligible to serve continuously for more than three years but shall be eligible for reappointment if he has not served as a member of the Council at any time within twelve months immediately preceding his reappointment. Each appointed member shall receive compensation at the rate of \$25 per day during the time spent in attending meetings of the Council and for the time devoted to official business of the Council under this Act, and actual and necessary traveling and subsistence expenses while away from his place of residence upon official business under this Act.

SEC. 4. The Council is authorized—

(a) To review research projects or programs submitted to or initiated by it relating to the study of the cause, prevention, or methods of diagnosis and treatment of cancer, and certify approval to the Surgeon General for prosecution under section 2 (a) hereof any such projects which it believes show promise of making valuable contributions to human knowledge with respect to the cause, prevention, or methods of diagnosis and treatment of cancer;

(b) To collect information as to studies which are being carried on in the United States or any other country as to the cause, prevention, and methods of diagnosis and treatment of cancer, by correspondence or by personal investigation of such studies, and with the approval of the Surgeon General make available such information through the appropriate publications for the benefit of health agencies and organizations (public or private), physicians, or any other scientists, and for the information of the general public;

(c) To review applications from any university, hospital, laboratory, or other institution, whether public or private, or from individuals, for grants-in-aid for research projects relating to cancer, and certify to the Surgeon General its approval of grants-in-aid in the cases of such projects which show promise of making valuable contributions to human knowledge with respect to the cause, prevention, or methods of diagnosis or treatment of cancer;

(d) To recommend to the Secretary of the Treasury for acceptance conditional gifts pursuant to section 6; and

(e) To make recommendations to the Surgeon General with respect to carrying out the provisions of this Act.

SEC. 5. In carrying out the provisions of section 2 the Surgeon General is authorized—

(a) With the approval of the Secretary of the Treasury, to purchase radium, from time to time, without regard to section 3709 of the Revised Statutes; to make such radium available for use in carrying out the purposes of this Act; and, for such consideration and subject to such conditions as the Secretary of the Treasury shall prescribe, to lend such radium to institutions, now existing or hereafter established in the United States for the study of the cause, prevention, or methods of diagnosis or treatment of cancer, or for the treatment of cancer;

(b) To provide the necessary facilities where training and instruction may be given in all technical matters relating to diagnosis and treatment of cancer to such persons as in the opinion of the Surgeon General have proper technical training and shall be designated by him for such training or instruction; such persons while receiving training or instruction may, with the approval of the Surgeon General, receive a per-diem allowance to be fixed by the Surgeon General but not to exceed \$10;

(c) To establish and maintain, with the approval of the Secretary of the Treasury, research fellowships in the Institute with such stipends or allowances (including traveling and subsistence expenses) as the Surgeon General may deem necessary to procure the assistance of the most brilliant and promising research fellows from the United States or abroad;

(d) To secure for the Institute, from time to time and for such periods as may be advisable, the assistance and advice of experts, scholars, and consultants from the United States or abroad who are learned and experienced in the problems involved in accomplishing the purposes of this Act;

(e) To make grants in aid for research projects certified by the Council pursuant to section 4 (c); and

(f) To adopt, upon recommendation of the Council and with the approval of the Secretary of the Treasury, such additional means as the Surgeon General may deem necessary or appropriate to carry out the provisions of sections 1 and 2 of this Act.

SEC. 6. The Secretary of the Treasury is authorized to accept on behalf of the United States gifts made unconditionally by will or otherwise for study, investigation, or research into the cause, prevention, and methods of diagnosis and treatment of cancer, or for the acquisition of grounds or for the erection, equipment, and maintenance of premises, buildings, and equipment for the Institute. Conditional gifts may be accepted by the Secretary if recommended by the Surgeon General and the Council. Any such gifts, if in money, shall be held in trusts and shall be invested by the Secretary of the Treasury in securities of the United States, and the principal or income thereof shall be expended by the Surgeon General, with the approval of the Secretary of the Treasury, for the purposes prescribed by this Act, subject to the same examination and audit as provided for appropriations made for the Public Health Service by Congress. Donations of \$500,000 or over in aid of research under this Act shall be acknowledged permanently by the establishment within the Institute of suitable memorials to the donors.

SEC. 7. (a) There is hereby authorized to be appropriated a sum not to exceed \$750,000 for the erection and equipment of a suitable and adequate building and facilities for the use of the Institute in
