[S. 1514]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That—

DECLARATION OF PURPOSE

SECTION 1. Because any existing confusion and wasteful duplication of functions and administration pose a threat to the objectives of programs of the Federal Government shared in by the States, including their political subdivisions, because the activity of the Federal Government has been extended into many fields which, under our constitutional system, may be the primary interest and obligation of the several States and the subdivisions thereof, and because of the resulting complexity to intergovernmental relations, it is necessary to study the proper role of the Federal Government in relation to the States and their political subdivisions, with respect to such fields, to the end that these relations may be clearly defined and the functions concerned may be allocated to their proper jurisdiction. It is further necessary that intergovernmental fiscal relations be so adjusted that each level of government discharges the functions which belong within its jurisdiction in a sound and effective manner.
