(B) Various locations: Global range tracking and communication facilities and equipment, and propulsion development facilities, $15,250,000.

(b) Authorization is hereby granted whereby either the amount prescribed in subparagraph (A) or the amount prescribed in subparagraph (B) of subsection (a) (3) may, in the discretion of the Administrator of the National Aeronautics and Space Administration, be varied upward 5 per centum to meet unusual cost variations, but the total cost of all work authorized under such subparagraphs shall not exceed a total of $24,250,000.

SEC. 2. Any amount, not to exceed $500,000, of the funds appropriated pursuant to authorization of subsection (a) (3) of the first section for the construction of facilities described under such subsection may, with the approval of the Bureau of the Budget, be used for the construction of new research facilities or for the modification of existing research facilities not specifically authorized in this Act, if such construction or modification is deemed by the Administrator of the National Aeronautics and Space Administration to be of greater urgency than the construction of any facility authorized by this Act: *Provided*, That upon reaching a final decision to implement, the Administrator or his designee shall notify the Committee on Science and Astronautics of the House of Representatives and the Committee on Aeronautical and Space Sciences of the Senate, of the cost of such construction of new research facilities or the modification of existing research facilities: *Provided further*, That no such funds shall be used for the construction or modification of any facility if funds for such construction or modification have been previously denied by the Congress.
