

Public Law 86-481

AN ACT

June 1, 1960
[H. R. 10809]

To authorize appropriations to the National Aeronautics and Space Administration for salaries and expenses, research and development, construction and equipment, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That there are hereby authorized to be appropriated to the National Aeronautics and Space Administration for the fiscal year 1961 the sum of \$970,000,000, as follows:

National Aeronautics and Space Administration.
Appropriation.

- (a) For "Salaries and expenses," \$170,760,000.
- (b) For "Research and development," \$621,453,000.
- (c) For "Construction and equipment," \$122,787,000, as follows:
 - (1) Langley Research Center, Hampton, Virginia: Hypersonic aerothermal dynamics facility and dynamics research laboratory, \$11,957,000.
 - (2) Ames Research Center, Moffett Field, California: Centrifuge equipment, \$980,000.
 - (3) Lewis Research Center, Cleveland, Ohio: Energy conversion laboratory and basic materials research laboratory, \$9,100,000.
 - (4) Goddard Space Flight Center, Greenbelt, Maryland: Payload testing facility; satellite systems laboratory; and utility installations, \$9,500,000.
 - (5) Pilotless Aircraft Station, Wallops Island, Virginia: Precision trajectory determination system; operations computing center; and equipment modernization, \$4,000,000.
 - (6) Jet Propulsion Laboratory, Pasadena, California: Land acquisition; modernization of laboratory facilities; solid propellant facility; liquid propellant test cell; and antenna range, \$5,000,000.
 - (7) George C. Marshall Space Flight Center, Huntsville, Alabama: Saturn static test facility; central laboratory and office facility; dynamic test facility; pressure test cell; and additions to existing facilities for structures engineering, guidance and control, fabrication, checkout, and assembly, \$26,750,000.
 - (8) Atlantic Missile Range, Cape Canaveral, Florida: Completion of the Saturn launching complex, escape mechanism, hydrogen system, new Saturn launching complex, staging buildings, and addition to the engineering and laboratory building, \$27,750,000.
 - (9) Various locations: Tracking facilities, \$27,750,000.
- (d) For emergency "Research and development" in accordance with the provisions of section 3, \$50,000,000.
- (e) For emergency "Construction and equipment", in accordance with the provisions of section 4, \$5,000,000.
- (f) Appropriations for "Research and development" may be used for any items of a capital nature (other than acquisition of land) which may be required for the performance of research and development contracts: *Provided*, That none of the funds appropriated for "Research and development" pursuant to this Act may be used for construction of any major facility, the estimated cost of which, including collateral equipment, exceeds \$250,000, unless the Administrator or his designee notifies the Committee on Science and Aeronautics of the House of Representatives and the Committee on Aeronautical and Space Sciences of the Senate of the nature, location, and estimated cost of such facility.
- (g) When so specified in an appropriation Act any amount appropriated for "Research and development" and for "Construction and equipment" may remain available without fiscal year limitation.

Restriction.

Limitation.

(h) Appropriations other than "Construction and equipment" may be used, but not to exceed \$20,000, for scientific consultations or extraordinary expenses upon the approval or authority of the Administrator and his determination shall be final and conclusive upon the accounting officers of the Government.

Cost variation.

SEC. 2. Authorization is hereby granted whereby any of the amounts prescribed in subparagraph (1), (2), (3), (4), (5), (6), (7), (8), or (9) of subsection 1(c) may, in the discretion of the Administrator of the National Aeronautics and Space Administration, be varied upward 5 per centum to meet unusual cost variations, but the total cost of all work authorized under such subparagraph shall not exceed a total of \$122,787,000.

Activities in the national interest.

SEC. 3. The sum authorized by section 1(d) for emergency "Research and development" shall be available for expenditure to defray the cost of research and development activities which the Administrator has determined to be urgently required in the national interest to exploit technological or scientific breakthroughs, to assure safety of personnel, to fund required research and development program changes, to meet unusual cost variations in research and development activities, and for the other purposes of section 1(b). No portion of such sum may be obligated for expenditure or expended to defray the cost of research and development activities until the Administrator or his designee has transmitted to the Committee on Science and Astronautics of the House of Representatives and to the Committee on Aeronautical and Space Sciences of the Senate a written report containing a full and complete statement concerning (1) the nature of the research or development item or activity, (2) the cost thereof, and (3) the reason why the research or development item or activity is necessary in the national interest.

Report to Congress.

Construction of laboratories, etc. Condition.

SEC. 4. The sum authorized by section 1(e) for emergency "Construction and equipment", and any amount, not to exceed \$5,000,000 of the funds appropriated pursuant to subsection 1(c) hereof, shall be available for expenditure to construct, expand or modify laboratories and other installations if (1) the Administrator determines such action to be necessary because of changes in the national program of aeronautical and space activities or new scientific or engineering developments and (2) he determines that deferral of such action until the enactment of the next authorization Act would be inconsistent with the interest of the Nation in aeronautical and space activities. The funds so made available may be expended to acquire, construct, convert, rehabilitate, or install permanent or temporary public works, including land acquisition, site preparation, appurtenances, utilities, and equipment. No portion of such sums may be obligated for expenditure or expended to construct, expand, or modify laboratories and other installations until the Administrator or his designee has transmitted to the Committee on Science and Astronautics of the House of Representatives and to the Committee on Aeronautical and Space Sciences of the Senate a written report containing a full and complete statement concerning (1) the nature of such construction, expansion, or modification, (2) the cost thereof, including the cost of any real estate action pertaining thereto, and (3) the reason why such construction, expansion, or modification is necessary in the national interest. No such funds may be used for any construction, expansion, or modification if authorization for such construction, expansion, or modification previously has been denied by the Congress.

Report to Congress.

SEC. 5. Paragraph 203(b)(2) of the National Aeronautics and Space Act of 1958, as amended (42 U.S.C. 2473(b)(2)), is amended by striking out "ten" and inserting in lieu thereof "thirteen", and by striking out "two hundred and sixty" and inserting in lieu thereof "two hundred and ninety".

Approved June 1, 1960.

72 Stat. 429.

Public Law 86-482

AN ACT

To authorize the loan of one submarine to Canada and the extension of a loan of a naval vessel to the Government of the Republic of China.

June 1, 1960
[H. R. 9465]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That, notwithstanding section 7307 of title 10, United States Code, or any other law, the President may extend the loan of one destroyer to the Government of the Republic of China on such terms and under such conditions as he deems are appropriate. The President may promulgate such rules and regulations as he deems necessary to carry out the provisions of this Act.

Canada and
China.
Submarine and
vessel loan.
70A Stat. 452.

SEC. 2. The extension of the loan authorized under this Act is an extension of the loan made under the authority granted by the Act of August 5, 1953 (67 Stat. 363).

Extension.

SEC. 3. Extension shall be for a period of not to exceed five years and shall be made on the condition that it may be terminated at an earlier date if necessitated by the defense requirements of the United States.

Period and con-
dition.

SEC. 4. No loan may be extended under this Act unless the Secretary of Defense, after consultation with the Joint Chiefs of Staff, determines that such extension is in the best interest of the United States. The Secretary of Defense shall keep the Congress currently advised of all extensions made under authority of this Act.

Report to Con-
gress.

SEC. 5. Notwithstanding section 7307 of title 10, United States Code, or any other law, the President may, under conditions which he prescribes, lend one submarine to the Government of Canada for a period of not more than five years and may, in his discretion, extend such loan for an additional period of not more than five years. All expenses involved in the activation of this submarine including repairs, alterations, outfitting, and logistic support shall be paid by the Government of Canada. The authority of the President to transfer a submarine under this section terminates on December 31, 1961.

Termination
date.

Approved June 1, 1960.

Public Law 86-483

JOINT RESOLUTION

To authorize and request the President to issue a proclamation in connection with the centennial of the birth of General of the Armies John J. Pershing.

June 1, 1960
[H. J. Res. 640]

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the President of the United States is authorized and requested to proclaim September 13, 1960, as a day upon which all Americans should pay honor and respect to General of the Armies John J. Pershing and the men who served under him.

General of the
Armies John J.
Pershing.
Centennial.
