## TITLE V

### GENERAL PROVISIONS

SEC. 501. The Secretary of each military department may proceed to establish or develop installations and facilities under this Act without regard to sections 3648 and 3734 of the Revised Statutes, as amended (31 U.S.C. 529, 40 U.S.C. 259, 267), and sections 4774(d) and 9774(d) of title 10, United States Code. The authority to place permanent or temporary improvements on land includes authority for surveys, administration, overhead, planning, and supervision incident to construction. That authority may be exercised before title to the land is approved under section 355 of the Revised Statutes, as amended (40 U.S.C. 255), and even though the land is held temporarily. The authority to acquire real estate or land includes authority to make surveys and to acquire land, and interests in land (including temporary use), by gift, purchase, exchange of Government-owned land, or otherwise.

Land improve-  
ments, etc.

However, the total costs of all projects in each such title may not be more than the total amount authorized to be appropriated for projects in that title.

The Secretaries of the military departments shall report semi-annually to the President of the Senate and the Speaker of the House of Representatives with respect to all contracts awarded on other than a competitive basis to the lowest responsible bidder.
