"Tissue bank" means a facility for procuring, removing, and disposing of portions of bodies of dead humans for the purposes of reconstructive medicine and surgery, and research and teaching in reconstructive medicine and surgery.

SEC. 4. TISSUE BANK LICENSES AND REGULATIONS.—(a) No person shall operate any tissue bank in the District of Columbia without a valid license issued pursuant to this Act. No such license shall be issued except to persons duly licensed or duly registered as physicians under the Healing Arts Practice Act of the District of Columbia (45 Stat. 1326; title 2, ch. 1, D.C. Code, 1951 ed.) or to persons holding valid licenses to operate and maintain hospitals for humans pursuant to the Act entitled "An Act to regulate the establishment and maintenance of private hospitals and asylums in the District of Columbia", approved April 20, 1908 (35 Stat. 64; D.C. TISSUE DONATIONS BY THOSE HAVING RIGHT TO BODY.—Any person having the right to a body for the purpose of burial may by a written statement donate any tissue from such body to any tissue bank, and in such written statement may designate the purpose or purposes for which such tissue is to be used. Such writing shall constitute full authority for the tissue bank to use such tissue for the purposes of this Act.

The Commissioners are further authorized, in their discretion, to accept the services of such physicians without compensation.

(b) The Coroner of the District of Columbia may, in his discretion, allow tissue to be removed from any dead human body in his custody or under his jurisdiction: *Provided*, That such tissue removal shall not interfere with other functions of the Office of the Coroner: *Provided further*, That the person who, in accordance with section 8 of this Act, is entitled to the body for burial, shall first authorize such tissue removal.
