AN ACT

October 31, 1965
[H. R. 11096]

To authorize the disposal of graphite, quartz crystals, and lump steatite talc from the national stockpile or the supplemental stockpile, or both.

Graphite, etc. Disposal.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Administrator of General Services is hereby authorized to dispose of, by negotiation or otherwise: (1) approximately sixteen thousand five hundred and eighty-six short tons of Malagasy crystalline graphite and two thousand and nine short tons of crystalline graphite produced in countries other than Ceylon and Malagasy, now held in the national stockpile established pursuant to the Strategic and Critical Materials Stock Piling Act (50 U.S.C. 98–98h) and the supplemental stockpile established pursuant to section 104(b) of the Agricultural Trade Development and Assistance Act of 1954, as amended (7 U.S.C. 1704(b)); (2) approximately four million three hundred and eighty-eight thousand five hundred and twenty-two pounds of stockpile grade quartz crystals and four hundred and sixty-seven thousand eight hundred and sixteen pounds of nonstockpile grade quartz crystals, now held in said national and supplemental stockpiles, and (3) approximately one thousand and forty-nine short tons of lump steatite talc now held in said national stockpile. Such dispositions may be made without regard to the provisions of section 3 of the Strategic and Critical Materials Stock Piling Act: *Provided*, That the time and method of disposition shall be fixed with due regard to the protection of the United States against avoidable loss and the protection of producers, processors, and consumers against avoidable disruption of their usual markets.
