The head of each such department or agency, hereinafter in this subsection called the ‘trustor’, is authorized to set aside a part or all of any obligations held by him and subject them to a trust or trusts and, incident thereto, shall guarantee to the trustee timely payment thereof. The trust instrument may provide for the issuance and sale of beneficial interests or participations, by the trustee, in such obligations or in the right to receive interest and principal collections therefrom; and may provide for the substitution or withdrawal of such obligations, or for the substitution of cash for obligations. The trust or trusts shall be exempt from all taxation. The trust instrument may also contain other appropriate provisions in keeping with the purposes of this subsection. The Association shall be named and shall act as trustee of any such trusts and, for the purposes thereof, the title to such obligations shall be deemed to have passed to the Association in trust. The trust instrument shall provide that custody, control, and administration of the obligations shall remain in the trustor subjecting the obligations to the trust, subject to transfer to the trustee in event of default or probable default, as determined by the trustee, in the payment of principal and interest of the beneficial interests or participations. Collections from obligations subject to the trust shall be dealt with as provided in the instrument creating the trust. The trust instrument shall provide that the trustee will promptly pay to the trustor the full net proceeds of any sale of beneficial interests or participations to the extent they are based upon such obligations or collections. Such proceeds shall be dealt with as otherwise provided by law for sales or repayment of such obligations. The effect of both past and future sales of any issue of beneficial interests or participations shall be the same, to the extent of the principal of such issue, as the direct sale with recourse of the obligations subject to the trust. Any trustor creating a trust or trusts hereunder is authorized to purchase, through the facilities of the trustee, outstanding beneficial interests or participations to the extent of the amount of his responsibility to the trustee on beneficial interests or participations outstanding, and to pay his proper share of the costs and expenses incurred by the Federal National Mortgage Association as trustee pursuant to the trust instrument.

“(3) When any trustor guarantees to the trustee the timely payment of obligations he subjects to a trust pursuant to this subsection, and it becomes necessary for such trustor to meet his responsibilities under such guaranty, he is authorized to fulfill such guaranty.

“(4) Beneficial interests or participations shall not be issued for the account of any trustor in an aggregate principal amount greater than is authorized with respect to such trustor in an appropriation Act. Any such authorization shall remain available only for the fiscal year for which it is granted and for the succeeding fiscal year.

“(5) The Association, as trustee, is authorized to issue and sell beneficial interests or participations under this subsection, notwithstanding that there may be an insufficiency in aggregate receipts from obligations subject to the related trust to provide for the payment by the trustee (on a timely basis out of current receipts or otherwise) of all interest or principal on such interests or participations (after provision for all costs and expenses incurred by the trustee, fairly prorated among trustors). There are authorized to be appropriated without fiscal year limitation such sums as may be necessary to enable any trustor to pay the trustee such insufficiency as the trustee may require on account of outstanding beneficial interests or participations
