TITLE V

MILITARY FAMILY HOUSING

SEC. 501. (a) The first sentence of section 515 of Public Law 84-161 (69 Stat. 352), as amended, is amended by striking out "1966 through and including 1967" and inserting in lieu thereof "1967 and 1968".

(b) Such section 515 is further amended by adding at the end thereof a new sentence as follows: "In addition to the foregoing, not more than 500 housing units may be leased during the fiscal years 1967 and 1968 in the State of Hawaii in order to provide temporary housing relief at or near military installations in such State."

SEC. 502. Section 1594j of title 42, United States Code, is amended at subsection (a) by deleting the period at the end thereof, substituting a colon therefor, and adding the following: "*Provided*, That notwithstanding the fair rental value of such quarters, or of any other housing facilities under the jurisdiction of a department or agency of the United States, no rental charge for occupancy of family units designated as other than public quarters shall be made against the basic allowance for quarters of a member of a uniformed service in excess of 75 per centum of such allowance, except that in no event shall the net rental value charged to the member's basic allowance for quarters be less than the costs of maintaining and operating the housing."

SEC. 503. There is authorized to be appropriated for use by the Secretary of Defense or his designee as authorized by law for support of military family housing, including operating expenses, leasing, maintenance of real property, payments of principal and interest on mortgage debts incurred, payments to the Commodity Credit Corporation and mortgage insurance premiums authorized under section 222 of the National Housing Act, as amended (12 U.S.C. 1715m), an amount not to exceed \$511,196,000.

TITLE VI

GENERAL PROVISIONS

Construction
authority.

Waiver of re-
strictions.
70A Stat. 269,
590.

Appropriation.

SEC. 601. The Secretary of each military department may proceed to establish or develop installations and facilities under this Act without regard to section 3648 of the Revised Statutes, as amended (31 U.S.C. 529), and sections 4774(d) and 9774(d) of title 10, United States Code. The authority to place permanent or temporary improvements on land includes authority for surveys, administration, overhead, planning, and supervision incident to construction. That authority may be exercised before title to the land is approved under section 355 of the Revised Statutes, as amended (40 U.S.C. 255), and even though the land is held temporarily. The authority to acquire real estate or land includes authority to make surveys and to acquire land, and interests in land (including temporary use), by gift, purchase, exchange of Government-owned land, or otherwise.

SEC. 602. There are authorized to be appropriated such sums as may be necessary for the purposes of this Act, but appropriations for public works projects authorized by titles I, II, III, IV, and V shall not exceed—

(1) for title I: Inside the United States, \$57,219,000; Outside the United States, \$36,141,000; section 102, \$33,000,000; or a total of \$126,360,000.

(2) for title II: Inside the United States, \$114,138,000; Outside the United States, \$9,948,000; section 202, \$13,788,000; or a total of \$137,874,000.

(3) for title III: Inside the United States, \$107,098,000; Outside the United States, \$14,091,000; section 302, \$76,825,000; or a total of \$198,014,000.

(4) for title IV: a total of \$5,875,000.

(5) for title V: Military Family Housing, a total of \$511,196,000.

Cost variations.

SEC. 603. Any of the amounts named in titles I, II, III, and IV of this Act, may, in the discretion of the Secretary concerned, be increased by 5 per centum for projects inside the United States (other than Alaska) and by 10 per centum for projects outside the United States or in Alaska, if he determines in the case of any particular project that such increase (1) is required for the sole purpose of meeting unusual variations in cost arising in connection with that project, and (2) could not have been reasonably anticipated at the time such project was submitted to the Congress. However, the total costs of all projects in each such title may not be more than the total amount authorized to be appropriated for projects in that title.

Contracts.

70A Stat. 132.

SEC. 604. Whenever—

(1) the President determines that compliance with section 2313 (b) of title 10, United States Code, for contracts made under this Act for the establishment or development of military installations and facilities in foreign countries would interfere with the carrying out of this Act; and

(2) the Secretary of Defense and the Comptroller General have agreed upon alternative methods of adequately auditing those contracts;

the President may exempt those contracts from the requirements of that section.

Contract super-
vision.

SEC. 605. Contracts for construction made by the United States for performance within the United States and its possessions under this Act shall be executed under the jurisdiction and supervision of the

Corps of Engineers, Department of the Army, or the Naval Facilities Engineering Command, Department of the Navy, unless the Secretary of Defense or his designee determines that because such jurisdiction and supervision is wholly impracticable such contracts should be executed under the jurisdiction and supervision of another department or Government agency, and shall be awarded, insofar as practicable, on a competitive basis to the lowest responsible bidder, if the national security will not be impaired and the award is consistent with chapter 137 of title 10, United States Code. Regulations issued by the Secretary of Defense implementing the provisions of this section shall provide the department or agency requiring such construction with the right to select either the Corps of Engineers, Department of the Army, or the Naval Facilities Engineering Command, Department of the Navy, as its construction agent, providing that under the facts and circumstances that exist at the time of the selection of the construction agent, such selection will not result in any increased cost to the United States. The Secretaries of the military departments shall report semiannually to the President of the Senate and the Speaker of the House of Representatives with respect to all contracts awarded on other than a competitive basis to the lowest responsible bidder.

Congress.

SEC. 606. (a) Notwithstanding the repeal provisions of section 606 of the Act of September 16, 1965, Public Law 89-188 (79 Stat. 815), all authorizations for military public works (other than family housing), contained in the Act of August 1, 1964, Public Law 88-390 (78 Stat. 363), and all such authorizations contained in the Act of September 16, 1965, Public Law 89-188, including prior authorizations extended by section 606(a)(3) of said Act of September 16, 1965, to be accomplished by the Secretary of a military department in connection with the establishment or development of military installations and facilities, and all authorizations for appropriations therefor, and not superseded or otherwise modified, are hereby authorized, and shall remain in full force and effect until October 1, 1968.

Authorizations
continued.

(b) Notwithstanding the provisions of section 606 of the Act of September 16, 1965, Public Law 89-188 (79 Stat. 815), effective October 1, 1968, all authorizations for construction of family housing which are contained in this Act or the Act of September 16, 1965, Public Law 89-188, including prior authorizations for construction of family housing saved from repeal by the provisions of section 606(b) of such Act of September 16, 1965, are repealed except the authorization for family housing projects as to which funds have been obligated for construction contracts or land acquisitions or manufactured structural component contracts in whole or in part before such date.

Repeals, ex-
ception.

SEC. 607. Notwithstanding any other provision of law, none of the military public works authorized by title I, II, III, or IV of this Act may be placed under contract until such time as those military public works previously authorized by law, and for which funds have been appropriated and for which the authorization has been extended by section 606 of this Act, have been placed under contract. The foregoing provision shall not apply to military public works previously authorized by law which have heretofore been deferred and which are certified by the Secretary of Defense to be no longer current and necessary to the mission of the military department or military installation concerned. Certifications by the Secretary of Defense under this section shall be made in writing to the Committees on Armed Services of the Senate and House of Representatives.

Priority of
projects.

Notwithstanding the foregoing provisions of this section, any military public work authorized by title I, II, III, or IV of this Act may

be placed under contract if the Secretary of Defense determines and certifies in writing to the Committees on Armed Services of the Senate and the House of Representatives that such project is (1) urgently required in the interests of national defense, and (2) more essential to the interests of national defense than those military public works previously authorized by law, described in the first sentence of this section.

76 Stat. 511;
79 Stat. 819.

SEC. 608. The last sentence of section 2674(a) of title 10, United States Code, as amended, is amended by changing the figure "\$15,000" to "\$25,000".

Unit cost limitations.

SEC. 609. None of the authority contained in titles I, II, III, and IV of this Act shall be deemed to authorize any building construction project inside the United States (other than Alaska) at a unit cost in excess of—

- (1) \$32 per square foot for cold-storage warehousing;
- (2) \$8 per square foot for regular warehousing;
- (3) \$2,300 per man for permanent barracks;
- (4) \$8,500 per man for bachelor officer quarters; unless the

Secretary of Defense or his designee determines that, because of special circumstances, application to such project of the limitations on unit costs contained in this section is impracticable.

Fallout protection.

SEC. 610. (a) On and after the date of enactment of this Act all construction authorized in annual military construction authorization Acts shall be designed using techniques developed by the Office of Civil Defense to maximize fallout protection, where such can be done without impairing the purpose for which the construction is authorized or the effectiveness of the structure, unless exempted from this requirement under regulations prescribed by the Secretary of Defense or his designee.

(b) The Secretary of Defense shall make appropriate provision for the utilization of technical design and construction methods in the preparation of design and construction plans and in construction under this Act, to assure carrying out the purposes of this section; and for such purposes expenditures on individual projects shall not exceed one per centum of the amount authorized for that project.

Leasing arrangement.
79 Stat. 818.

SEC. 611. Section 607(b) of Public Law 89-188 is amended by deleting the words "July 1, 1967" and inserting in lieu thereof the words "December 31, 1970" and adding at the end thereof "nor shall any of this land be set aside or committed by the Department of Defense for use by any other agency of the Federal Government other than the Department of Defense. However, the Department of Defense may, if and when directed by the President, enter into a leasing arrangement with the Federal Aviation Agency for a period not to extend beyond December 31, 1970, and subject to a one-year revocation provision whereby the Federal Aviation Agency or its designee may operate the runways, taxiways, hangars, parking aprons, and other related facilities at the Bolling-Anacostia complex for appropriate aviation purposes. The said lease shall not include facilities which are required for military activities. Such leasing arrangements shall be reported to the Committees on Armed Services of the Senate and the House of Representatives."

Advance planning and design projects.

Reports to committees.

69 Stat. 352.

SEC. 612. In the case of any public works project for which advance planning, construction design and architectural services are estimated to cost \$150,000 or more, which are to be funded from moneys hereafter appropriated for such purposes pursuant to authority of section 723 of title 31, U.S.C., the Secretary of Defense shall describe the project and report the estimated cost of such services not less than 30

days prior to initial obligation of funds therefor to the Committees on Armed Services of the Senate and House of Representatives.

SEC. 613. Section 611 of the Military Construction Authorization Act, 1966 (79 Stat. 818), is amended to read as follows:

Closing of facilities, etc.
Report to Congress.
10 USC 2662 note.

“(a) No camp, post, station, base, yard, or other installation under the authority of the Department of Defense shall be closed or abandoned until the expiration of thirty days of continuous session of the Congress following the date on which the Secretary of Defense or the Secretary of a military department makes a full report of the facts including the justification for such proposed action to the Congress.

“(b) For the purposes of subparagraph (a) continuity of session shall be considered as broken only by an adjournment of the Congress sine die; but in the computation of the thirty-day period there shall be excluded the days on which either House is not in session because of an adjournment of more than three days to a day certain.

“(c) This section shall apply only to posts, camps, stations, bases, yards, or other installations that are located in the United States and Puerto Rico and have a total military and civilian complement of more than two hundred and fifty. It shall not apply to any facility used primarily for river and harbor projects or flood control projects.”

SEC. 614. The Secretary of Defense is authorized and directed to make a comprehensive study with respect to the desirability of (1) transferring the Defense Language Institute from the Washington, D.C. area to the lands formerly constituting Biggs Air Force Base, Texas, and (2) demolishing the four existing piers at the Boston Naval Shipyard, Boston, Massachusetts, and constructing three new piers and carrying out related operations associated therewith at such shipyard. The Secretary shall report the findings of such study, together with such recommendations as he deems appropriate, to the Committees on Armed Services of the Senate and the House of Representatives not later than six months after the date of enactment of this Act.

AN ACT

September 12, 1966
[H. R. 15858]

To amend section 6 of the District of Columbia Redevelopment Act of 1945, to authorize early land acquisition for the purpose of acquiring a site for a replacement of Shaw Junior High School.

D.C.
Shaw Junior
High School, re-
placement site.
60 Stat. 794.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 6 of the District of Columbia Redevelopment Act of 1945 (District of Columbia Code, sec. 5-705) is amended by adding at the end thereof the following new subsection:

"(e) Prior to the adoption of an urban renewal plan by the Planning Commission and approval by the District Commissioners, the Agency may exercise the powers granted to it by this Act, for the acquisition and disposition of real property, the demolition and removal of buildings or structures, the relocation of site occupants, and the construction of site improvements for the purpose of providing a site for a new facility to replace Shaw Junior High School within the boundaries which may be established for any urban renewal project area: *Provided*, That (1) the District Commissioners, after a public hearing, and the Planning Commission approve the acquisition and disposition of all such property or properties; and (2) the District Commissioners agree to assume the responsibility to bear any loss that may arise as a result of the exercise of authority under this subsection in the event that the property is not used for urban renewal purposes because the urban renewal plan is not approved by all appropriate authorities or because such urban renewal plan, as approved by all appropriate authorities does not include such property or properties or is amended to omit any of the acquired property, or is abandoned for any reason. The District Commissioners and the appropriate agencies operating within the District of Columbia are authorized to do any and all things necessary to secure financial assistance under title I of the Housing Act of 1949, as amended, to acquire and prepare a site for a new facility to replace Shaw Junior High School. The District Commissioners are authorized to assume the responsibilities described in this subsection and, to carry out the purposes of this subsection, the District Commissioners and the Agency are authorized to borrow money pursuant to the early land acquisition provisions of title I of the Housing Act of 1949, as amended, and to issue obligations evidencing such loans and to make such pledges as may be required to secure such loans."
