COOPERATION WITH STATES IN EMERGENCIES

SEC. 4. Section 311 of the Public Health Service Act (42 U.S.C. 243) is amended by inserting at the end thereof the following new subsection:

“(c) The Secretary may enter into agreements providing for cooperative planning between Public Health Service medical facilities and community health facilities to cope with health problems resulting from disasters, and for participation by Public Health Service medical facilities in carrying out such planning. He may also, at the request of the appropriate State or local authority, extend temporary (not in excess of forty-five days) assistance to States or localities in meeting health emergencies of such a nature as to warrant Federal assistance. The Secretary may require such reimbursement of the United States for aid (other than planning) under the preceding sentences of this subsection as he may determine to be reasonable under the circumstances. Any reimbursement so paid shall be credited to the applicable appropriation of the Public Health Service for the year in which such reimbursement is received.”

CLINICAL LABORATORIES IMPROVEMENT

SEC. 5. (a) Part F of title III of the Public Health Service Act (42 U.S.C. 262-3) is amended by changing the title to read: “LICENSING—BIOLOGICAL PRODUCTS AND CLINICAL LABORATORIES”, and by adding after section 352 (42 U.S.C. 263) the following new section:

“LICENSING OF LABORATORIES

“SEC. 353. (a) As used in this section—

“(1) the term ‘laboratory’ or ‘clinical laboratory’ means a facility for the biological, microbiological, serological, chemical, immuno-hematological, hematological, biophysical, cytological, pathological, or other examination of materials derived from the human body, for the purpose of providing information for the diagnosis, prevention, or treatment of any disease or impairment of, or the assessment of the health of, man;

“(2) The term ‘interstate commerce’ means trade, traffic, commerce, transportation, transmission, or communication between any State or possession of the United States, the Commonwealth of Puerto Rico, or the District of Columbia, and any place outside thereof, or within the District of Columbia.

“(b) (1) No person may solicit or accept in interstate commerce, directly or indirectly, any specimen for laboratory examination or other laboratory procedures, unless there is in effect a license for such laboratory issued by the Secretary under this section applicable to such procedures.

“(2) The Secretary shall by regulation exempt from the provisions of this section laboratories whose operations are so small or infrequent as not to constitute a significant threat to the public health.

“(c) A license issued by the Secretary under this section may be applicable to all laboratory procedures or only to specified laboratory procedures or categories of laboratory procedures.

“(d) (1) A license shall not be issued in the case of any clinical laboratory unless (A) the application therefor contains or is accompanied by such information as the Secretary finds necessary, and (B) the applicant agrees and the Secretary determines that such laboratory will be operated in accordance with standards found necessary by the Secretary to carry out the purposes of this section. Such standards shall be designed to assure consistent performance by the laboratories

Standards.

of accurate laboratory procedures and services, and shall include, among others, standards to assure—

“(i) maintenance of a quality control program adequate and appropriate for accuracy of the laboratory procedures and services;

“(ii) maintenance of records, equipment, and facilities necessary to proper and effective operation of the laboratory;

“(iii) qualifications of the director of the laboratory and other supervisory professional personnel necessary for adequate and effective professional supervision of the operation of the laboratory (which shall include criteria relating to the extent to which training and experience shall be substituted for education); and

“(iv) participation in a proficiency testing program established by the Secretary.

“(2) A license issued under this section shall be valid for a period of three years, or such shorter period as the Secretary may establish for any clinical laboratory or any class or classes thereof; and may be renewed in such manner as the Secretary may prescribe. The provisions of this section requiring licensing shall not apply to a clinical laboratory in a hospital accredited by the Joint Commission on the Accreditation of Hospitals or by the American Osteopathic Association, or a laboratory which has been inspected and accredited by such commission or association, by the Commission on Inspection and Accreditation of the College of American Pathologists, or by any other national accreditation body approved for the purpose by the Secretary, but only if the standards applied by such commission, association, or other body in determining whether or not to accredit such hospital or laboratory are equal to or more stringent than the provisions of this section and the rules and regulations issued under this section, and only if there is adequate provision for assuring that such standards continue to be met by such hospital or laboratory; provided that any such laboratory shall be treated as a licensed laboratory for all other purposes of this section.

“(3) The Secretary may require payment of fees for the issuance and renewal of licenses, but the amount of any such fee shall not exceed \$125 per annum.

“(e) A laboratory license may be revoked, suspended, or limited if the Secretary finds, after reasonable notice and opportunity for hearing to the owner or operator of the laboratory, that such owner or operator or any employee of the laboratory—

“(1) has been guilty of misrepresentation in obtaining the license;

“(2) has engaged or attempted to engage or represented himself as entitled to perform any laboratory procedure or category of procedures not authorized in the license;

“(3) has failed to comply with the standards with respect to laboratories and laboratory personnel prescribed by the Secretary pursuant to this section;

“(4) has failed to comply with reasonable requests of the Secretary for any information or materials, or work on materials, he deems necessary to determine the laboratory's continued eligibility for its license hereunder or continued compliance with the Secretary's standards hereunder;

“(5) has refused a request of the Secretary or any Federal officer or employee duly designated by him for permission to inspect the laboratory and its operations and pertinent records at any reasonable time; or

“(6) has violated or aided and abetted in the violation of any provisions of this section or of any rule or regulation promulgated thereunder.

Period of validity.

License fees.

Revocation, etc.

Legal procedure.

“(f) Whenever the Secretary has reason to believe that continuation of any activity by a laboratory licensed under this section would constitute an imminent hazard to the public health, he may bring suit in the district court for the district in which such laboratory is situated to enjoin continuation of such activity and, upon proper showing, a temporary injunction or restraining order against continuation of such activity pending issuance of a final order under this section shall be granted without bond by such court.

Judicial review.

“(g) (1) Any party aggrieved by any final action taken under subsection (e) of this section may at any time within sixty days after the date of such action file a petition with the United States court of appeals for the circuit wherein such person resides or has his principal place of business, for judicial review of such action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary or other officer designated by him for that purpose. The Secretary thereupon shall file in the court the record on which the action of the Secretary is based, as provided in section 2112 of title 28, United States Code.

72 Stat. 941;  
80 Stat. 1323.

“(2) If the petitioner applies to the court for leave to adduce additional evidence, and shows to the satisfaction of the court that such additional evidence is material and that there were reasonable grounds for the failure to adduce such evidence in the proceeding before the Secretary, the court may order such additional evidence (and evidence in rebuttal thereof) to be taken before the Secretary, and to be adduced upon the hearing in such manner and upon such terms and conditions as the court may deem proper. The Secretary may modify his findings as to the facts, or make new findings, by reason of the additional evidence so taken, and he shall file such modified or new findings, and his recommendations, if any, for the modification or setting aside of his original action, with the return of such additional evidence.

“(3) Upon the filing of the petition referred to in paragraph (1) of this subsection, the court shall have jurisdiction to affirm the action, or to set it aside in whole or in part, temporarily or permanently. The findings of the Secretary as to the facts, if supported by substantial evidence, shall be conclusive.

“(4) The judgment of the court affirming or setting aside, in whole or in part, any such action of the Secretary shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code.

62 Stat. 928.

Penalty.

“(h) Any person who willfully violates any provision of this section or any rule or regulation promulgated thereunder shall be guilty of a misdemeanor and shall on conviction thereof be subject to imprisonment for not more than one year, or a fine of not more than \$1,000, or both such imprisonment and fine.

Exemptions.

“(i) The provisions of this section shall not apply to any clinical laboratory operated by a licensed physician, osteopath, dentist, or podiatrist, or group thereof, who performs or perform laboratory tests or procedures, personally or through his or their employees, solely as an adjunct to the treatment of his or their own patients; nor shall such provisions apply to any laboratory with respect to tests or other procedures made by it for any person engaged in the business of insurance if made solely for purposes of determining whether to write an insurance contract or of determining eligibility or continued eligibility for payments thereunder.

“(j) In carrying out his functions under this section, the Secretary is authorized, pursuant to agreement, to utilize the services or facilities of any Federal or State or local public agency or nonprofit private agency or organization, and may pay therefor in advance or by way of reimbursement, and in such installments, as he may determine.

“(k) Nothing in this section shall be construed as affecting the power of any State to enact and enforce laws relating to the matters covered by this section to the extent that such laws are not inconsistent with the provisions of this section or with the rules and regulations issued under this section.

“(l) Where a State has enacted or hereafter enacts laws relating to matters covered by this section, which provide for standards equal to or more stringent than the provisions of this section or than the rules and regulations issued under this section, the Secretary may exempt clinical laboratories in that State from compliance with this section.”

(b) The amendment made by subsection (a) shall become effective on the first day of the thirteenth month after the month in which it is enacted, except that the Secretary of Health, Education, and Welfare may postpone such effective date for such additional period as he finds necessary, but not beyond the first day of the 19th month after such month in which the amendment is enacted.

(c) This section may be cited as the “Clinical Laboratories Improvement Act of 1967”.

58 Stat. 695.  
42 USC 243 et  
seq.

## “SHARING OF MEDICAL CARE FACILITIES AND RESOURCES

“SEC. 328. (a) For purposes of this section—

“(1) the term ‘specialized health resources’ means health care resources (whether equipment, space, or personnel) which, because of cost, limited availability, or unusual nature, are either unique in the health care community or are subject to maximum utilization only through mutual use;

“Specialized  
health resources.”

“(2) the term ‘hospital’, unless otherwise specified, includes (in addition to other hospitals) any Federal hospital.

“Hospital.”

“(b) For the purpose of maintaining or improving the quality of care in Public Health Service facilities and to provide a professional environment therein which will help to attract and retain highly qualified and talented health personnel, to encourage mutually beneficial relationships between Public Health Service facilities and hospitals and other health facilities in the health care community, and to promote the full utilization of hospitals and other health facilities and resources, the Secretary may—

“(1) enter into agreements or arrangements with schools of medicine, and with other health schools, agencies, or institutions, for such interchange or cooperative use of facilities and services on a reciprocal or reimbursable basis, as will be of benefit to the

training or research programs of the participating agencies; and  
 “(2) enter into agreements or arrangements with hospitals and other health care facilities for the mutual use or the exchange of use of specialized health resources, and providing for reciprocal reimbursement.

Any reimbursement pursuant to any such agreement or arrangement shall be based on charges covering the reasonable cost of such utilization, including normal depreciation and amortization costs of equipment. Any proceeds to the Government under this subsection shall be credited to the applicable appropriation of the Public Health Service for the year in which such proceeds are received.”
