authorization.
74 Stat. 415.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That subsection (d) of section 103 of title 23, United States Code, is amended by inserting "(1)" immediately after "(d)" and by adding at the end thereof the following new paragraph:

"(2) In addition to the mileage authorized by the first sentence of paragraph (1) of this subsection, there is hereby authorized additional mileage for the Interstate System of two hundred miles, to be used in making modifications or revisions in the Interstate System as provided in this paragraph. Upon the request of a State highway department the Secretary may withdraw his approval of any route or portion thereof on the Interstate System within that State selected and approved in accordance with this title prior to the enactment of this paragraph, if he determines that such route or portion thereof is not essential to completion of a unified and connected Interstate System (including urban routes necessary for metropolitan transportation) and will not be constructed as a part of the Interstate System, and if he receives assurances that the State does not intend to construct a toll road in the traffic corridor which would be served by such route or portion thereof. After the Secretary has withdrawn his approval of any such route or portion thereof the mileage of such route or portion thereof and the additional mileage authorized by the first sentence of this paragraph shall be available for the designation of interstate routes or portions thereof as provided in this subsection. The provisions of this title applicable to the Interstate System shall apply to all mileage designated under the third sentence of this paragraph, except that the cost to the United States of the aggregate of all mileage designated under the third sentence of this paragraph shall not exceed the cost to the United States of the aggregate of all mileage approval for which is withdrawn under the second sentence of this paragraph, as such cost is included in the 1965 Interstate System cost estimate set forth in House Document Numbered 42, Eighty-ninth Congress. In considering routes or portions thereof to be added to the Interstate System under the third sentence of this paragraph, the Secretary shall, in consultation with the States and local governments concerned, give due regard to (A) routes or portions thereof in States in which the Secretary has heretofore or hereafter withdrawn his approval of other routes or portions thereof, and (B) the extension of routes which terminate within municipalities served by a single interstate route, so as to provide traffic service entirely through such municipalities."
