"PROCEDURE FOR FORMATION OF AN INTERSTATE SCHOOL DISTRICT

"A. CREATION OF PLANNING COMMITTEE.—The New Hampshire and Vermont commissioners of education shall have the power, acting jointly to constitute and discharge one or more interstate school district planning committees. Each such planning committee shall consist of at least two voters from each of a group of two or more neighboring member districts. The term of each member of a planning committee who is not also a school board member shall expire on June thirtieth of the third year following his appointment. The existence of any planning committee may be terminated either by vote of a majority of its members or by joint action of the commissioners. In forming and appointing members to an interstate school district planning board, the commissioners shall consider and take into account recommendations and nominations made by school boards of member districts. No member of a planning committee shall be disqualified because he is at the same time a member of another planning board or committee created under the provisions of this compact or under any other provisions of law. Any existing informal interstate school planning committee may be reconstituted as a formal planning committee in accordance with the provisions hereof, and its previous deliberations adopted and ratified by the reorganized formal planning committee. Vacancies on a planning committee shall be filled by the commissioners acting jointly.

"B. OPERATING PROCEDURES OF PLANNING COMMITTEE.—Each interstate school district planning committee shall meet in the first instance at the call of any member, and shall organize by the election of a chairman and clerk-treasurer, each of whom shall be a resident of a different state. Subsequent meetings may be called by either officer of the committee. The members of the committee shall serve without pay. The member districts shall appropriate money on an equal basis at each annual meeting to meet the expenses of the committee, including the cost of publication and distribution of reports and advertising. From time to time the commissioners may add additional members and additional member districts to the committee, and may remove members and member districts from the committee. An interstate school district planning committee shall act by majority vote of its membership present and voting.

"C. DUTIES OF INTERSTATE SCHOOL DISTRICT PLANNING COMMITTEE.—It shall be the duty of an interstate school district planning committee, in consultation with the commissioners and the state departments of education: to study the advisability of establishing an inter-

state school district in accordance with the standards set forth in paragraph A of Article I of this compact, its organization, operation and control, and the advisability of constructing, maintaining and operating a school or schools to serve the needs of such interstate district; to estimate the construction and operating costs thereof; to investigate the methods of financing such school or schools, and any other matters pertaining to the organization and operation of an interstate school district; and to submit a report or reports of its findings and recommendations to the several member districts.

"D. RECOMMENDATIONS AND PREPARATION OF ARTICLES OF AGREEMENT.—An interstate school district planning committee may recommend that an interstate school district composed of all the member districts represented by its membership, or any specified combination of such member districts, be established. If the planning committee does recommend the establishment of an interstate school district, it shall include in its report such recommendation, and shall also prepare and include in its report proposed articles of agreement for the proposed interstate school district, which shall be signed by at least a majority of the membership of the planning committee, which set forth the following:

"a. The name of the interstate school district.

"b. The member districts which shall be combined to form the proposed interstate school district.

"c. The number, composition, method of selection and terms of office of the interstate school board, provided that:

"(1) The interstate school board shall consist of an odd number of members, not less than five nor more than fifteen;

"(2) The terms of office shall not exceed three years;

"(3) Each member district shall be entitled to elect at least one member of the interstate school board. Each member district shall either vote separately at the interstate school district meeting by the use of a distinctive ballot, or shall choose its member or members at any other election at which school officials may be chosen;

"(4) The method of election shall provide for the filing of candidacies in advance of election and for the use of a printed non-partisan ballot;

"(5) Subject to the foregoing, provision may be made for the election of one or more members at large.

"d. The grades for which the interstate school district shall be responsible.

"e. The specific properties of member districts to be acquired initially by the interstate school district and the general location of any proposed new schools to be initially established or constructed by the interstate school district.

"f. The method of apportioning the operating expenses of the interstate school district among the several member districts, and the time and manner of payments of such shares.

"g. The indebtedness of any member district which the interstate district is to assume.

"h. The method of apportioning the capital expenses of the interstate school district among the several member districts, which need not be the same as the method of apportioning operating expenses, and the time and manner of payment of such shares. Capital expenses shall include the cost of acquiring land and buildings for school purposes; the construction, furnishing and equipping of school buildings and facilities; and the payment of the principal and interest of any indebtedness which is incurred to pay for the same.

"i. The manner in which state aid, available under the laws of either New Hampshire or Vermont, shall be allocated, unless otherwise expressly provided in this compact or by the laws making such aid available.

"j. The method by which the articles of agreement may be amended, which amendments may include the annexation of territory, or an increase or decrease in the number of grades for which the interstate district shall be responsible, provided that no amendment shall be effective until approved by both state boards in the same manner as required for approval of the original articles of agreement.

"k. The date of operating responsibility of the proposed interstate school district and a proposed program for the assumption of operating responsibility for education by the proposed interstate school district, and any school construction; which the interstate school district shall have the power to vary by vote as circumstances may require.

"l. Any other matters, not incompatible with law, which the interstate school district planning committee may consider appropriate to include in the articles of agreement, including, without limitation:

"(1) The method of allocating the cost of transportation between the interstate district and member districts;

"(2) The nomination of individual school directors to serve until the first annual meeting of the interstate school district.

"E. HEARINGS.—If the planning committee recommends the formation of an interstate school district, it shall hold at least one public hearing on its report and the proposed articles of agreement within the proposed interstate school district in New Hampshire, and at least one public hearing thereon within the proposed interstate school district in Vermont. The planning committee shall give such notice thereof as it may determine to be reasonable, provided that such notice shall include at least one publication in a newspaper of general circulation within the proposed interstate school district not less than fifteen days (not counting the date of publication and not counting the date of the hearing) before the date of the first hearing. Such hearings may be adjourned from time to time and from place to place. The planning committee may revise the proposed articles of agreement after the date of the hearings. It shall not be required to hold further hearings on the revised articles of agreement but may hold one or more further hearings after notice similar to that required for the first hearings if the planning committee in its sole discretion determines that the revisions are so substantial in nature as to require further presentation to the public before submission to the state boards of education.

"F. APPROVAL BY STATE BOARDS.—After the hearings a copy of the proposed articles of agreement, as revised, signed by a majority of the planning committee, shall be submitted by it to each state board. The state boards may (a) if they find that the articles of agreement are in accord with the standards set forth in this compact and in accordance with sound educational policy, approve the same as submitted, or (b) refer them back to the planning committee for further study. The planning committee may make additional revisions to the proposed articles of agreement to conform to the recommendations of the state boards. Further hearings on the proposed articles of agreement shall not be required unless ordered by the state boards in their discretion. In exercising such discretion, the state boards shall take into account whether or not the additional revisions are so substantial in nature as to require further presentation to the public. If both state boards find that the articles of agreement as further revised are in accord with

the standards set forth in this compact and in accordance with sound educational policy, they shall approve the same. After approval by both state boards, each state board shall cause the articles of agreement to be submitted to the school boards of the several member districts in each state for acceptance by the member districts as provided in the following paragraph. At the same time, each state board shall designate the form of warrant, date, time, place, and period of voting for the special meeting of the member district to be held in accordance with the following paragraph.

“G. ADOPTION BY MEMBER DISTRICTS.—Upon receipt of written notice from the state board in its state of the approval of the articles of agreement by both state boards, the school board of each member district shall cause the articles of agreement to be filed with the member district clerk. Within ten days after receipt of such notice, the school board shall issue its warrant for a special meeting of the member district, the warrant to be in the form, and the meeting to be held at the time and place and in the manner prescribed by the state board. No approval of the superior court shall be required for such special school district meeting in New Hampshire. Voting shall be with the use of the check list by a ballot substantially in the following form:

“Shall the school district accept the provisions of the New Hampshire-Vermont Interstate School Compact providing for the establishment of an interstate school district, together with the school districts of ----- and -----, etc., in accordance with the provisions of the proposed articles of agreement filed with the school district (town, city or incorporated school district) clerk?

“Yes

No

“If the articles of agreement included the nomination of individual school directors, those nominated from each member district shall be included in the ballot and voted upon, such election to become effective upon the formation of an interstate school district.

“If a majority of the voters present and voting in a member district vote in the affirmative, the clerk for such member district shall forthwith send to the state board in its state a certified copy of the warrant, certificate of posting, and minutes of the meeting of the district. If the state boards of both states find that a majority of the voters present and voting in each member district have voted in favor of the establishment of the interstate school district, they shall issue a joint certificate to that effect; and such certificate shall be conclusive evidence of the lawful organization and formation of the interstate school district as of its date of issuance.

“H. RESUBMISSION.—If the proposed articles of agreement are adopted by one or more of the member districts but rejected by one or more of the member districts, the state boards may resubmit them, in the same form as previously submitted, to the rejecting member districts, in which case the school boards thereof shall resubmit them to the voters in accordance with paragraph G of this article. An affirmative vote in accordance therewith shall have the same effect as though the articles of agreement had been adopted in the first instance. In the alternative, the state boards may either (a) discharge the planning committee, or (b) refer the articles of agreement back for further consideration to the same or a reconstituted planning committee, which shall have all of the powers and duties as the planning committee as originally constituted.

“ARTICLE III**“POWERS OF INTERSTATE SCHOOL DISTRICTS**

“A. **POWERS.**—Each interstate school district shall be a body corporate and politic, with power to:

“a. To acquire, construct, extend, improve, staff, operate, manage and govern public schools within its boundaries;

“i. To employ such assistants, agents, servants, and independent contractors as it shall deem necessary or desirable for its purposes; and

“j. To take any other action which is necessary or appropriate in order to exercise any of the foregoing powers.

“ARTICLE IV**“DISTRICT MEETINGS**

“B. **ELIGIBILITY OF VOTERS.**—Any resident who would be eligible to vote at a meeting of a member district being held at the same time, shall be eligible to vote at a meeting of the interstate district. The board of civil authority in each Vermont member district and the supervisors of the check list of each New Hampshire district shall respectively prepare a check list of eligible voters for each meeting of the interstate district in the same manner, and they shall have all the same powers and duties with respect to eligibility of voters in their districts as for a meeting of a member district.

“C. **WARNING OF MEETINGS.**—A meeting shall be warned by a warrant addressed to the residents of the interstate school district qualified to vote in district affairs, stating the time and place of the meeting and the subject matter of the business to be acted upon. The warrant shall be signed by the clerk and by a majority of the directors. Upon written application of ten or more voters in the district, presented to the directors or to one of them, at least twenty-five days before the day prescribed for an annual meeting, the directors shall insert in their warrant for such meeting any subject matter specified in such application.

"D. POSTING AND PUBLICATION OF WARRANT.—The directors shall cause an attested copy of the warrant to be posted at the place of meeting, and a like copy at a public place in each member district at least twenty days (not counting the date of posting and the date of meeting) before the date of the meeting. In addition, the directors shall cause the warrant to be advertised in a newspaper of general circulation on at least one occasion, such publication to occur at least ten days (not counting the date of publication and not counting the date of the meeting) before the date of the meeting. Although no further notice shall be required, the directors may give such further notice of the meeting as they in their discretion deem appropriate under the circumstances.

"E. RETURN OF WARRANT.—The warrant with a certificate thereon, verified by oath, stating the time and place when and where copies of the warrant were posted and published, shall be given to the clerk of the interstate school district at or before the time of the meeting, and shall be recorded by him in the records of the interstate school district.

Such meeting shall be held within sixty days after the date of issuance of the certificate of formation, unless the time is further extended by the joint action of the state boards. At the organization meeting the commissioner of education of the state where the meeting is held, or his designate, shall preside in the first instance, and the following business shall be transacted:

"a. A temporary moderator and temporary clerk shall be elected from among the qualified voters who shall serve until a moderator and clerk respectively have been elected and qualified.

"b. A moderator, a clerk, a treasurer, and three auditors shall be elected to serve until the next annual meeting and thereafter until their successors are elected and qualified. Unless previously elected, a board of school directors shall be elected to serve until their successors are elected and qualified.

"c. The date for the annual meeting shall be established.

"d. Provision shall be made for the payment of any organizational or other expense incurred on behalf of the district before the organization meeting, including the cost of architects, surveyors, contractors, attorneys, and educational or other consultants or experts.

"e. Any other business, the subject matter of which has been included in the warrant, and which the voters would have had power to transact at an annual meeting.

"G. ANNUAL MEETINGS.—An annual meeting of the district shall be held between January fifteenth and June first of each year at such time as the interstate district may by vote determine. Once determined, the date of the annual meeting shall remain fixed until changed by vote of the interstate district at a subsequent annual or special meeting. At each annual meeting the following business shall be transacted:

"a. Necessary officers shall be elected.

"b. Money shall be appropriated for the support of the interstate district schools for the fiscal year beginning the following July first.

"c. Such other business as may properly come before the meeting.

"H. SPECIAL MEETINGS.—A special meeting of the district shall be held whenever, in the opinion of the directors, there is occasion therefor, or whenever written application shall have been made by five per cent or more of the voters (based on the check lists as prepared for

the last preceding meeting) setting forth the subject matter upon which such action is desired. A special meeting may appropriate money without compliance with RSA 33:8 or RSA 197:3 which would otherwise require the approval of the New Hampshire superior court.

"I. CERTIFICATION OF RECORDS.—The clerk of an interstate school district shall have the power to certify the record of the votes adopted at an interstate school district meeting to the respective commissioners and state boards and (where required) for filing with a secretary of state.

"J. METHOD OF VOTING AT SCHOOL DISTRICT MEETINGS.—Voting at meetings of interstate school districts shall take place as follows:

"a. SCHOOL DIRECTORS.—A separate ballot shall be prepared for each member district, listing the candidates for interstate school director to represent such member district; and any candidates for interstate school director at large; and the voters of each member district shall register on a separate ballot their choice for the office of school director or directors. In the alternative, the articles of agreement may provide for the election of school directors by one or more of the member districts at an election otherwise held for the choice of school or other municipal officers.

"b. OTHER VOTES.—Except as otherwise provided in the articles of agreement or this compact, with respect to all other votes (1) the voters of the interstate school district shall vote as one body irrespective of the member districts in which they are resident, and (2) a simple majority of those present and voting at any duly warned meeting shall carry the vote. Voting for officers to be elected at any meeting, other than school directors, shall be by ballot or voice, as the interstate district may determine, either in its articles of agreement or by a vote of the meeting.

"ARTICLE V

"OFFICERS

"A. OFFICERS: GENERAL.—The officers of an interstate school district shall be a board of school directors, a chairman of the board, a vice-chairman of the board, a secretary of the board, a moderator, a clerk, a treasurer and three auditors. Except as otherwise specifically provided, they shall be eligible to take office immediately following their election; they shall serve until the next annual meeting of the interstate district and until their successors are elected and qualified. Each shall take oath for the faithful performance of his duties before the moderator, or a notary public or a justice of the peace of the state in which the oath is administered. Their compensation shall be fixed by vote of the district. No person shall be eligible to any district office unless he is a voter in the district. A custodian, school teacher, principal, superintendent or other employee of an interstate district acting as such shall not be eligible to hold office as a school director.

"B. BOARD OF DIRECTORS.—

"a. HOW CHOSEN.—Each member district shall be represented by at least one resident on the board of school directors of an interstate school district. A member district shall be entitled to such further representation on the interstate board of school directors as provided in the articles of agreement as amended from time to time. The articles of agreement as amended from time to time may provide for school directors at large, as above set forth. No person shall be disqualified to serve as a member of an interstate board because he is at the same time a member of the school board of a member district.

"b. TERM.—Interstate school directors shall be elected for terms in accordance with the articles of agreement.

"c. DUTIES OF BOARD OF DIRECTORS.—The board of school directors of an interstate school district shall have and exercise all of the powers of the district not reserved herein to the voters of the district.

"d. ORGANIZATION.—The clerk of the district shall warn a meeting of the board of school directors to be held within ten days following the date of the annual meeting, for the purpose of organizing the board, including the election of its officers.

"C. CHAIRMAN OF THE BOARD.—The chairman of the board of interstate school directors shall be elected by the interstate board from among its members at its first meeting following the annual meeting. The chairman shall preside at the meetings of the board and shall perform such other duties as the board may assign to him.

"D. VICE-CHAIRMAN OF THE BOARD OF DIRECTORS.—The vice-chairman of the interstate board shall be elected in the same manner as the chairman. He shall represent a member district in a state other than that represented by the chairman. He shall preside in the absence of the chairman and shall perform such other duties as may be assigned to him by the interstate board.

"E. SECRETARY OF THE BOARD.—The Secretary of the interstate board shall be elected in the same manner as the chairman. Instead of electing one of its members, the interstate board may appoint the interstate district clerk to serve as secretary of the board in addition to his other duties. The secretary of the interstate board (or the interstate district clerk, if so appointed) shall keep the minutes of its meetings, shall certify its records, and perform such other duties as may be assigned to him by the board.

"F. MODERATOR.—The moderator shall preside at the district meetings, regulate the business thereof, decide questions of order, and make a public declaration of every vote passed. He may prescribe rules of procedure; but such rules may be altered by the district. He may administer oaths to district officers in either state.

"G. CLERK.—The clerk shall keep a true record of all proceedings at each district meeting, shall certify its records, shall make an attested copy of any records of the district for any person upon request and tender of reasonable fees therefor, if so appointed, shall serve as secretary of the board of school directors, and shall perform such other duties as may be required by custom or law.

"H. TREASURER.—The treasurer shall have custody of all of the monies belonging to the district and shall pay out the same only upon the order of the interstate board. He shall keep a fair and accurate account of all sums received into and paid from the interstate district treasury, and at the close of each fiscal year he shall make a report to the interstate district, giving a particular account of all receipts and payments during the year. He shall furnish to the interstate directors, statements from his books and submit his books and vouchers to them and to the district auditors for examination whenever so requested. He shall make all returns called for by laws relating to school districts. Before entering on his duties, the treasurer shall give a bond with sufficient sureties and in such sum as the directors may require. The treasurer's term of office is from July 1 to the following June 30.

"I. AUDITORS.—At the organization meeting of the district, three auditors shall be chosen, one to serve for a term of one year, one to serve for a term of two years, and one to serve for a term of three years. After the expiration of each original term, the successor shall be chosen for a three year term. At least one auditor shall be a resident of New Hampshire, and one auditor shall be a resident of Vermont. An interstate district may vote to employ a certified public accountant to assist the auditors in the performance of their duties. The auditors shall carefully examine the accounts of the treasurer and the directors at the

close of each fiscal year, and at such other times whenever necessary, and report to the district whether the same are correctly cast and properly vouched.

"J. SUPERINTENDENT.—The superintendent of schools shall be selected by a majority vote of the board of school directors of the interstate district with the approval of both commissioners.

"K. VACANCIES.—Any vacancy among the elected officers of the district shall be filled by the interstate board until the next annual meeting of the district or other election, when a successor shall be elected to serve out the remainder of the unexpired term, if any. Until all vacancies on the interstate board are filled, the remaining members shall have full power to act.

"ARTICLE VI

"APPROPRIATION AND APPORTIONMENT OF FUNDS

"A. BUDGET.—Before each annual meeting, the interstate board shall prepare a report of expenditures for the preceding fiscal year, an estimate of expenditures for the current fiscal year, and a budget for the succeeding fiscal year.

"B. APPROPRIATION.—The interstate board of directors shall present the budget report of the annual meeting. The interstate district shall appropriate a sum of money for the support of its schools and for the discharge of its obligations for the ensuing fiscal year.

"C. APPORTIONMENT OF APPROPRIATION.—Subject to the provisions of article VII hereof, the interstate board shall first apply against such appropriation any income to which the interstate district is entitled, and shall then apportion the balance among the member districts in accordance with one of the following formulas as determined by the articles of agreement as amended from time to time:

"a. All of such balance to be apportioned on the basis of the ratio that the fair market value of the taxable property in each member district bears to that of the entire interstate district; or

"b. All of such balance to be apportioned on the basis that the average daily resident membership for the preceding fiscal year of each member district bears to that of the average daily resident membership of the entire interstate school district; or

"c. A formula based on any combination of the foregoing factors. The term 'fair market value of taxable property' shall mean the last locally assessed valuation of a member district in New Hampshire, as last equalized by the New Hampshire state tax commission.

The term 'fair market value of taxable property' shall mean the equalized grand list of a Vermont member district, as determined by the Vermont department of taxes.

"Such assessed valuation and grand list may be further adjusted (by elimination of certain types of taxable property from one or the other or otherwise) in accordance with the articles of agreement, in order that the fair market value of taxable property in each state shall be comparable.

"'Average daily resident membership' of the interstate district in the first instance shall be the sum of the average daily resident membership of the member districts in the grades involved for the preceding fiscal year where no students were enrolled in the interstate district schools for such preceding fiscal year.

"D. SHARE OF NEW HAMPSHIRE MEMBER DISTRICT.—The interstate board shall certify the share of a New Hampshire member district of the total appropriation to the school board of each member district which shall add such sum to the amount appropriated by the member district itself for the ensuing year and raise such sum in the same man-

ner as though the appropriation had been voted at a school district meeting of the member district. The interstate district shall not set up its own capital reserve funds; but a New Hampshire member district may set up a capital reserve fund in accordance with RSA 35, to be turned over to the interstate district in payment of the New Hampshire member district's share of any anticipated obligations.

"E. SHARE OF VERMONT MEMBER DISTRICT.—The interstate board shall certify the share of a Vermont member district of the total appropriation to the school board of each member district which shall add sum to the amount appropriated by the member district itself for the ensuing year and raise such sum in the same manner as though the appropriation had been voted at a school district meeting of the member district.

"ARTICLE VII

"BORROWING

"A. INTERSTATE DISTRICT INDEBTEDNESS.—Indebtedness of an interstate district shall be a general obligation of the district and shall also be a joint and several general obligation of each member district, except that such obligations of the district and its member districts shall not be deemed indebtedness of any member district for the purposes of determining its borrowing capacity under New Hampshire or Vermont law. A member district which withdraws from an interstate district shall remain liable for indebtedness of the interstate district which is outstanding at the time of withdrawal and shall be responsible for paying its share of such indebtedness to the same extent as though it had not been withdrawn.

"B. TEMPORARY BORROWING.—The interstate board may authorize the borrowing of money by the interstate district (1) in anticipation of payments of operating and capital expenses by the member districts to the interstate districts and (2) in anticipation of the issue of bonds or notes of the interstate district which have been authorized for the purpose of financing capital projects. Such temporary borrowing shall be evidenced by interest bearing or discounted notes of the interstate district. The amount of notes issued in any fiscal year in anticipation of expense payments shall not exceed the amount of such payments received by the interstate district in the preceding fiscal year. Notes issued under this paragraph shall be payable within one year in the case of notes under clause (1) and three years in the case of notes under clause (2) from their respective dates, but the principal of and interest on notes issued for a shorter period may be renewed or paid from time to time by the issue of other notes, provided that the period from the date of an original note to the maturity of any note issued to renew or pay the same debt shall not exceed the maximum period permitted for the original loan.

"C. BORROWING FOR CAPITAL PROJECTS.—An interstate district may incur debt and issue its bonds or notes to finance capital projects. Such projects may consist of the acquisition or improvement of land and buildings for school purposes, the construction, reconstruction, alteration, or enlargement of school buildings and related school facilities, the acquisition of equipment of a lasting character and the payment of judgments. No interstate district may authorize indebtedness in excess of ten percent of the total fair market value of taxable property in its member districts as defined in article VI of this compact. The primary obligation of the interstate district to pay indebtedness of member districts shall not be considered indebtedness of the interstate district for the purpose of determining its borrowing capacity under this paragraph. Bonds or notes issued under this paragraph shall mature in equal or diminishing installments of principal payable at

least annually commencing no later than two years and ending not later than thirty years after their dates.

"D. AUTHORIZATION PROCEEDINGS.—An interstate district shall authorize the incurring of debts to finance capital projects by a majority vote of the district passed at an annual or special district meeting. Such vote shall be taken by secret ballot after full opportunity for debate, and any such vote shall be subject to reconsideration and further action by the district at the same meeting or at an adjourned session thereof.

"E. SALE OF BONDS AND NOTES.—Bonds and notes which have been authorized under this article may be issued from time to time and shall be sold at not less than par and accrued interest at public or private sale by the chairman of the school board and by the treasurer. Interstate district bonds and notes shall be signed by the said officers, except that either one of the two required signatures may be a facsimile. Subject to this compact and the authorizing vote, they shall be in such form, bear such rates of interest and mature at such times as the said officers may determine. Bonds shall, but notes need not, bear the seal of the interstate district, or a facsimile of such seal. Any bonds or notes of the interstate district which are properly executed by the said officers shall be valid and binding according to their terms notwithstanding that before the delivery thereof such officers may have ceased to be officers of the interstate district.

"F. PROCEEDS OF BONDS.—Any accrued interest received upon delivery of bonds or notes of an interstate district shall be applied to the payment of the first interest which becomes due thereon. The other proceeds of the sale of such bonds or notes, other than temporary notes, including any premiums, may be temporarily invested by the interstate district pending their expenditure; and such proceeds, including any income derived from the temporary investment of such proceeds, shall be used to pay the costs of issuing and marketing the bonds or notes and to meet the operating expenses or capital expenses in accordance with the purposes for which the bonds or notes were issued or, by proceedings taken in the manner required for the authorization of such debt, for other purposes for which such debt could be incurred. No purchaser of any bonds or notes of an interstate district shall be responsible in any way to see to the application of the proceeds thereof.

"G. STATE AID PROGRAMS.—As used in this paragraph the term 'initial aid' shall include New Hampshire and Vermont financial assistance with respect to a capital project, or the means of financing a capital project, which is available in connection with construction costs of a capital project or which is available at the time indebtedness is incurred to finance the project. Without limiting the generality of the foregoing definition, initial aid shall specifically include a New Hampshire state guarantee under RSA 195-B with respect to bonds or notes and Vermont construction aid under chapter 123 of 16 V.S.A. As used in this paragraph the term 'long-term aid' shall include New Hampshire and Vermont financial assistance which is payable periodically in relation to capital costs incurred by an interstate district. Without limiting the generality of the foregoing definition, long-term aid shall specifically include New Hampshire school building aid under RSA 198 and Vermont school building aid under chapter 123 of Title 16 V.S.A. For the purpose of applying for, receiving and expending initial aid and long-term aid an interstate district shall be deemed a native school district by each state, subject to the following provisions. When an interstate district has appropriated money for a capital project, the amount appropriated shall be divided into a New Hampshire share and a Vermont share in accordance with the capital expense apportionment formula in the articles of agreement as though the total amount appropriated for the project was a capital expense requir-

ing apportionment in the year the appropriation is made. New Hampshire initial aid shall be available with respect to the amount of the New Hampshire share as though it were authorized indebtedness of a New Hampshire cooperative school district. In the case of a state guarantee of interstate districts bonds or notes under RSA 195-B, the interstate district shall be eligible to apply for and receive an unconditional state guarantee with respect to an amount of its bonds or notes which does not exceed fifty per cent of the amount of the New Hampshire share as determined above. Vermont initial aid shall be available with respect to the amount of the Vermont share as though it were funds voted by a Vermont school district. Payments of Vermont initial aid shall be made to the interstate district, and the amount of any borrowing authorized to meet the appropriation for the capital project shall be reduced accordingly. New Hampshire and Vermont long-term aid shall be payable to the interstate district. The amounts of long-term aid in each year shall be based on the New Hampshire and Vermont shares of the amount of indebtedness of the interstate district which is payable in that year and which has been apportioned in accordance with the capital expense apportionment formula in the articles of agreement. The New Hampshire aid shall be payable at the rate of forty-five per cent, if there are three or less New Hampshire members in the interstate district, and otherwise it shall be payable as though the New Hampshire members were a New Hampshire cooperative school district. New Hampshire and Vermont long-term aid shall be deducted from the total capital expenses for the fiscal year in which the long-term aid is payable, and the balance of such expenses shall be apportioned among the member districts. Notwithstanding the foregoing provisions, New Hampshire and Vermont may at any time change their state school aid programs that are in existence when this compact takes effect and may establish new programs, and any legislation for these purposes may specify how such programs shall be applied with respect to interstate districts.

"H. TAX EXEMPTION.—Bonds and notes of an interstate school district shall be exempt from local property taxes in both states, and the interest or discount thereon and any profit derived from the disposition thereof shall be exempt from personal income taxes in both states.

"ARTICLE VIII

"TAKING OVER OF EXISTING PROPERTY

"A. POWER TO ACQUIRE PROPERTY OF MEMBER DISTRICT.—The articles of agreement, or an amendment thereof, may provide for the acquisition by an interstate district from a member district of all or a part of its existing plant and equipment.

"B. VALUATION.—The articles of agreement, or the amendment, shall provide for the determination of the value of the property to be acquired in one or more of the following ways:

"a. A valuation set forth in the articles of agreement or the amendment.

"b. By appraisal, in which case, one appraiser shall be appointed by each commissioner, and a third appraiser appointed by the first two appraisers.

"C. REIMBURSEMENT TO MEMBER DISTRICT.—The articles of agreement shall specify the method by which the member district shall be reimbursed by the interstate district for the property taken over, in one or more of the following ways:

"a. By one lump sum, appropriated, allocated, and raised by the interstate district in the same manner as an appropriation for operating expenses.

"b. In installments over a period of not more than twenty years, each of which is appropriated, allocated, and raised by the interstate district in the same manner as an appropriation for operating expenses.

"c. By an agreement to assume or reimburse the member district for all principal and interest on any outstanding indebtedness originally incurred by the member district to finance the acquisition and improvement of the property, each such installment to be appropriated, allocated, and raised by the interstate district in the same manner as an appropriation for operating expenses.

"The member district transferring the property shall have the same obligation to pay to the interstate district its share of the cost of such acquisition, but may offset its right to reimbursement.

"ARTICLE IX

"AMENDMENTS TO ARTICLES OF AGREEMENT

"A. Amendments to the articles of agreement may be adopted in the same manner provided for the adoption of the original articles of agreement, except that:

"a. Unless the amendment calls for the addition of a new member district, the functions of the planning committee shall be carried out by the interstate district board of directors.

"b. If the amendment proposes the addition of a new member district, the planning committee shall consist of all of the members of the interstate board and all of the members of the school board of the proposed new member district or districts. In such case the amendment shall be submitted to the voters at an interstate district meeting, at which an affirmative vote of two-thirds of those present and voting shall be required. The articles of agreement together with the proposed amendment shall be submitted to the voters of the proposed new member district at a meeting thereof, at which a simple majority of those present and voting shall be required.

"c. In all cases an amendment may be adopted on the part of an interstate district upon the affirmative vote of voters thereof at a meeting voting as one body. Except where the amendment proposes the admission of a new member district, a simple majority of those present and voting shall be required for adoption.

"d. No amendment to the articles of agreement may impair the rights of bond or note holders or the power of the interstate district to procure the means for their payment.

"ARTICLE X

"APPLICABILITY OF NEW HAMPSHIRE LAWS

"A. GENERAL SCHOOL LAWS.—With respect to the operation and maintenance of any school of the district located in New Hampshire, the provisions of New Hampshire law shall apply except as otherwise provided in this compact and except that the powers and duties of the school board shall be exercised and discharged by the interstate board and the powers and duties of the union superintendent shall be exercised and discharged by the interstate district superintendent.

"B. NEW HAMPSHIRE STATE AID.—A New Hampshire school district shall be entitled to receive an amount of state aid for operating expenditures as though its share of the interstate district's expenses were the expenses of the New Hampshire member district, and as though the New Hampshire member district pupils attending the interstate school were attending a New Hampshire cooperative school district's school.

The state aid shall be paid to the New Hampshire member school district to reduce the sums which would otherwise be required to be raised by taxation within the member district.

"C. CONTINUED EXISTENCE OF THE NEW HAMPSHIRE MEMBER SCHOOL DISTRICT.—A New Hampshire member school district shall continue in existence, and shall have all of the powers and be subject to all of the obligations imposed by law and not herein delegated to the interstate district. If the interstate district incorporates only a part of the schools in the member school district, then the school board of the member school district shall continue in existence and it shall have all of the powers and be subject to all of the obligations imposed by law on it and not herein delegated to the district. However, if all of the schools in the member school district are incorporated into the interstate school district, then the member or members of the interstate board representing the member district shall have all of the powers and be subject to all of the obligations imposed by law on the members of a school board for the member district and not herein delegated to the interstate district. The New Hampshire member school district shall remain liable on its existing indebtedness; and the interstate school district shall not become liable therefor, unless the indebtedness is specifically assumed in accordance with the articles of agreement. Any trust funds or capital reserve funds and any property not taken over by the interstate district shall be retained by the New Hampshire member district and held or disposed of according to law. If all of the schools in a member district are incorporated into an interstate district, then no annual meeting of the member district shall be required unless the members of the interstate board from the member district shall determine that there is occasion for such an annual meeting.

"D. SUIT AND SERVICE OF PROCESS IN NEW HAMPSHIRE.—The courts of New Hampshire shall have the same jurisdiction over the district as though a New Hampshire member district were a party instead of the interstate district. The service necessary to institute suit in New Hampshire shall be made on the district by leaving a copy of the writ or other proceedings in hand or at the last and usual place of abode of one of the directors who reside in New Hampshire, and by mailing a like copy to the clerk and to one other director by certified mail with return receipt requested.

"E. EMPLOYMENT.—Each employee of an interstate district assigned to a school located in New Hampshire shall be considered an employee of a New Hampshire school district for the purpose of the New Hampshire teachers' retirement system, the New Hampshire state employees' retirement system, the New Hampshire workmen's compensation law and any other law relating to the regulation of employment or the provision of benefits for employees of New Hampshire school districts except as follows:

"1. A teacher in a New Hampshire member district may elect to remain a member of the New Hampshire teachers' retirement system, even though assigned to teach in an interstate school in Vermont.

"2. Employees of interstate districts designated as professional or instructional staff members, as defined in article I hereof, may elect to participate in the teachers' retirement system of either the state of New Hampshire or the state of Vermont but in no case will they participate in both retirement systems simultaneously.

"3. It shall be the duty of the superintendent in an interstate district to: (a) advise teachers and other professional staff employees contracted for the district about the terms of the contract and the policies and procedure of the retirement systems; (b) see

that each teacher or professional staff employee selects the retirement system of his choice at the time his contract is signed; (c) provide the commissioners of education in New Hampshire and in Vermont with the names and other pertinent information regarding each staff member under his jurisdiction so that each may be enrolled in the retirement system of his preference.

“ARTICLE XI

“B. VERMONT STATE AID.—A Vermont school district shall be entitled to receive such amount of state aid for operating expenditures as though its share of the interstate district's expenses were the expenses of the Vermont member district, and as though the Vermont member district pupils attending the interstate schools were attending a Vermont union school district's schools. Such state aid shall be paid to the Vermont member school district to reduce the sums which would otherwise be required to be raised by taxation within the member district.

“D. SUIT AND SERVICE OF PROCESS IN VERMONT.—The Courts of Vermont shall have the same jurisdiction over the districts as though a Vermont member district were a party instead of the interstate district. "ARTICLE XII

"e. The corporate existence of the Dresden School District shall not be terminated by such adoption of articles of amendment, but shall be deemed to be so amended that it shall thereafter be governed by the terms of this compact.

"ARTICLE XIII

"H. AMENDMENT.—Neither state shall amend its legislation or any agreement authorized thereby without the consent of the other in such manner as to substantially adversely affect the rights of the other state or its people hereunder, or as to substantially impair the rights of the holders of any bonds or notes or other evidences of indebtedness then outstanding or the rights of an interstate school district to procure the means for payment thereof. To consent to the upper Niobrara River compact between the States of Wyoming and Nebraska.

Upper Niobrara
River Compact.
Wyo.-Nebr.
Consent of
Congress.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the consent of Congress is given to the upper Niobrara River compact between the States of Wyoming and Nebraska. Such compact reads as follows:

"UPPER NIOBRARA RIVER COMPACT"

"The State of Wyoming, and the State of Nebraska, parties signatory to this compact (hereinafter referred to as Wyoming and Nebraska, respectively, or individually as a 'State', or collectively as 'States'), having resolved to conclude a compact with respect to the use of waters of the Niobrara River Basin, and being duly authorized by Act of Congress of the United States of America, approved August 5, 1953 (Public Law 191, 83rd Congress, 1st Session, Chapter 324, 67 Stat. 365) and the Act of May 29, 1958 (Public Law 85-427, 85th Congress, S. 2557, 72 Stat. 147) and the Act of August 30, 1961 (Public Law 87-181, 87th Congress, S. 2245, 75 Stat. 412) and pursuant to the Acts of their respective Legislatures have, through their respective Governors, appointed as their Commissioners: For Wyoming, Earl Lloyd, Andrew McMaster, Richard Pfister, John Christian, Eugene P. Willson, H. T. Person, Norman B. Gray, E. J. Van Camp; For Nebraska, Dan S. Jones, Jr., who after negotiations participated in by W. E. Blomgren appointed by the President of the United States of America, have agreed upon the following articles:

"ARTICLE I.

"A. The major purposes of this compact are to provide for an equitable division or apportionment of the available surface water supply of the Upper Niobrara River Basin between the States; to provide for obtaining information on groundwater and underground water flow necessary for apportioning the underground flow by supplement to this compact; to remove all causes, present and future which might lead to controversies; and to promote interstate comity.

"B. The physical and other conditions peculiar to the Upper Niobrara River Basin constitute the basis for this compact; and neither of the States hereby concedes that this compact establishes any general principle or precedent with respect to any other interstate stream.

"C. Either State and all others using, claiming or in any other manner asserting any right to the use of the waters of the Niobrara River Basin under the authority of that State, shall be subject to the terms of this compact.

"ARTICLE II.

"A. The term 'Upper Niobrara River' shall mean and include the Niobrara River and its tributaries in Nebraska and Wyoming west of Range 55 West of the 6th P.M.

"B. The term 'Upper Niobrara River Basin' or the term 'Basin' shall mean that area in Wyoming and Nebraska which is naturally drained by the Niobrara River west of Range 55 West of the 6th P.M.

"C. Where the name of a State or the term 'State' or 'States' is used, they shall be construed to include any person or entity of any nature whatsoever using, claiming, or in any manner asserting any right to the use of the waters of the Niobrara River under the authority of that State.

"ARTICLE III.

"It shall be the duty of the two States to administer this compact through the official in each State who is now or may hereafter be charged with the duty of administering the public water supplies, and to collect and correlate through such officials the data necessary for the proper administration of the provisions of this compact. Such officials may, by unanimous action, adopt rules and regulations consistent with the provisions of this compact.

"The States agree that the United States Geological Survey, or whatever Federal agency may succeed to the functions and duties of that agency, insofar as this compact is concerned, may collaborate with the officials of the States charged with the administration of this compact in the execution of the duty of such officials in the collection, correlation, and publication of information necessary for the proper administration of this compact.

"ARTICLE IV.

"Each State shall itself or in conjunction with other responsible agencies cause to be established, maintained, and operated such suitable water gaging stations as are found necessary to administer this compact.

"ARTICLE V.

"A. Wyoming and Nebraska agree that the division of surface waters of the Upper Niobrara River shall be in accordance with the following provisions.

"1. There shall be no restrictions on the use of the surface waters of the Upper Niobrara River by Wyoming except as would be imposed under Wyoming law and the following limitations:

"(a) No reservoir constructed after August 1, 1957, and used solely for domestic and stock water purposes shall exceed 20 acre-feet in capacity.

"(b) Storage reservoirs with priority dates after August 1, 1957, and storing water from the main stem of the Niobrara River east of Range 62 West of the 6th P.M. and from the main stem of Van Tassel Creek south of Section 27, Township 32 North, Range 60 West of the 6th P.M. shall not store in any water year (October 1 of one year to September 30 of the next year) more than a total of 500 acre-feet of water.

"(c) Storage in reservoirs with priority dates prior to August 1, 1957, and storing water from the main stem of the Niobrara River east of Range 62 West and from the main stem of Van Tassel Creek south of Section 27, Township 32 North, shall be made only during the period October 1 of one year to June 1 of the next year and at such times during the period June 1 to September 30 that the water is not required to meet the legal requirements by direct flow appropriations in Wyoming and in Nebraska west of Range 55 West. Where water is pumped from such storage reservoirs, the quantity of storage water pumped or otherwise diverted for irrigation purposes or other beneficial purposes from any such reservoir in any water year shall be limited to the capacity of such reservoir as shown by the records of the Wyoming State Engineer's Office, unless additional storage water becomes available during the period June 1 to September 30 after meeting the legal diversion requirements by direct flow appropriations in Wyoming and in Nebraska west of Range 55 West.

"(d) Storage in reservoirs with priority dates after August 1, 1957, and storing water from the main stem of the Niobrara River east of Range 62 West and the main stem of Van Tassel Creek south of Section 27, Township 32 North, shall be made only during the period October 1 of one year to May 1 of the next year and at such times during the period May 1, and September 30 that the water is not required for direct diversion by ditches in Wyoming and in Nebraska west of Range 55 West.

"(e) Direct flow rights with priority dates after August 1, 1957, on the main stem of the Niobrara River east of Range 62 West and Van Tassel Creek south of Section 27, Township 32 North, shall be regulated on priority basis with Nebraska rights west of Range 55 West, provided, that any direct flow rights for a maximum of 143 acres which may be granted by the Wyoming State Engineer with a priority date not later than July 1, 1961, for lands which had Territorial Rights under the Van Tassel No. 4 Ditch with a priority date of April 8, 1882, and the Van Tassel No. 5 Ditch with a priority date of April 18, 1882, shall be exempt from the provisions of this subsection (e).

"(f) All direct flow diversions from the main stem of the Niobrara River east of Range 62 West and from Van Tassel Creek south of Section 27, Township 32 North shall at all times be limited to their diversion rates as specified by Wyoming law, and provided that Wyoming laws relating to diversion of 'Surplus Water' (Wyoming Statutes, 1957, Sections 41-181 to 41-188 inclusive) shall apply only when the water flowing in the main channel of the Niobrara River west of Range 55 West is in excess of the legal diversion requirements of Nebraska ditches having priority dates before August 1, 1957.

"ARTICLE VI.

"A. Nebraska and Wyoming recognize that the future use of ground water for irrigation in the Niobrara River Basin may be a factor in the depletion of the surface flows of the Niobrara River, and since the data now available are inadequate to make a determination in regard to this matter, any apportionment of the ground water of the Niobrara River Basin should be delayed until such time as adequate data on ground water of the basin are available.

"B. To obtain data on ground water, Nebraska and Wyoming, with the cooperation and advice of the United States Geological Survey, Groundwater Branch, shall undertake ground water investigations in the Niobrara River Basin in the area of the Wyoming-Nebraska State line. The investigations shall be such as are agreed to by the State Engineer of Wyoming and the Director of Water Resources of Nebraska, and may include such observation wells as the said two officials agree are essential for the investigations. Costs of the investigations may be financed under the cooperative ground water programs between the United States Geological Survey and the States, and the States' share of the costs shall be borne equally by the two States.

"C. The ground water investigations shall begin within one year after the effective date of this compact. Upon collection of not more than twelve months of ground water data Nebraska and Wyoming with the cooperation of the United States Geological Survey, shall make, or cause to be made, an analysis of such data to determine the desirability or necessity of apportioning the ground water by supplement to this compact. If, upon completion of the initial analysis, it is determined that apportionment of the ground water is not then desirable or necessary, reanalysis shall be made at not to exceed two-year intervals, using all data collected until such apportionment is made.

"D. When the results of the ground water investigations indicate that apportionment of ground water of the Niobrara River Basin is desirable, the two States shall proceed to negotiate a supplement to this compact apportioning the ground water of the Basin.

"E. Any proposed supplement to this compact apportioning the ground water shall not become effective until ratified by the legislatures of the two States and approved by the Congress of the United States.

"ARTICLE VII.

"The provisions of this compact shall remain in full force and effect until amended by action of the Legislatures of the Signatory States and until such amendment is consented to and approved by the Congress of the United States in the same manner as this compact is required to be ratified and consented to in order to become effective.

"ARTICLE VIII.

"Nothing in this compact shall be construed to limit or prevent either State from instituting or maintaining any action or proceeding, legal or equitable, in any court of competent jurisdiction for the protection of any right under this compact or the enforcement of any of its provisions.

“ARTICLE IX.

“Nothing in this compact shall be deemed:

“A. To impair or affect any rights or powers of the United States, its agencies, or instrumentalities, in and to the use of the waters of the Upper Niobrara River Basin nor its capacity to acquire rights in and to the use of said waters; provided that, any beneficial uses of the waters allocated by this compact hereafter made within a State by the United States, or those acting by or under its authority, shall be taken into account in determining the extent of use within that State.

“B. To subject any property of the United States, its agencies, or instrumentalities to taxation by either State or subdivision thereof, nor to create an obligation on the part of the United States, its agencies, or instrumentalities, by reason of the acquisition, construction, or operation of any property or works of whatsoever kind, to make any payment to any State or political subdivision thereof, State agency, municipality, or entity whatsoever in reimbursement for the loss of taxes.

“C. To subject any property of the United States, its agencies, or instrumentalities, to the laws of any State to an extent other than the extent to which these laws would apply without regard to the compact.

“D. To affect the obligations of the United States of America to Indians or Indian tribes, or any right owned or held by or for Indians or Indian tribes which is subject to the jurisdiction of the United States.

“ARTICLE X.

“Should a court of competent jurisdiction hold any part of this compact contrary to the constitution of any State or of the United States, all other severable provisions shall continue in full force and effect.

“ARTICLE XI.

“This compact shall become effective when ratified by the Legislatures of each of the signatory States and by the Congress of the United States.

“IN WITNESS WHEREOF, the Commissioners have signed this compact in triplicate original, one of which shall be filed in the archives of the United States of America and shall be deemed the authoritative original, and one copy of which shall be forwarded to the Governor of each of the signatory States.

“(2) From the remainder of the sum so appropriated for a fiscal year each State shall be allotted an additional amount which bears the same ratio to such remainder as the population aged sixty-five or over in such State bears to the population aged sixty-five or over in all of the States, as determined by the Secretary on the basis of the most recent information available to him, including any relevant data furnished to him by the Department of Commerce.

“(3) A State's allotment for a fiscal year under this section shall be equal to the sum of the amounts allotted to it under paragraphs (1) and (2); except that if such sum is for any State, other than the Virgin Islands, Guam, the Trust Territory of the Pacific Islands, and American Samoa, less than \$75,000 it shall be increased to that amount, the total of the increases thereby required being derived by proportionately reducing such sum for each of the remaining States (except the Virgin Islands, Guam, the Trust Territory of the Pacific Islands, and American Samoa), but with such adjustments as may be necessary to prevent such sum for any of such remaining States from being reduced to less than \$75,000.

Such reallocations shall be made on the basis of such need and ability, after taking into consideration the population aged sixty-five or over. Any amount so reallocated to a State shall be deemed part of its allotment under subsection (b).

“(d) The allotment of any State under subsection (b) for any fiscal year shall be available for payments pursuant to this section to State agencies which have provided reasonable assurance that there will be expended for the purposes for which such payments are made, for the year for which such payments are made and from funds from State sources, not less than the amount expended for such purposes from such funds for the fiscal year ending June 30, 1969.”

Highway repairs.

SEC. 2. The President is authorized to allocate funds hereafter appropriated to carry out this section to those States affected by a major disaster for the permanent repair and reconstruction of those permanent street, road, and highway facilities not on any of the Federal-aid systems which were destroyed or damaged as a result of such a major disaster. No funds shall be allocated under this section for repair or reconstruction of such a street, road, or highway facility unless the affected State agrees to pay not less than 50 per centum of all costs of such repair or reconstruction.

Timber sale contracts.

SEC. 3. (a) Where an existing timber sale contract between the Secretary of Agriculture or the Secretary of the Interior and a timber purchaser does not provide relief from major physical change not due to negligence of the purchaser prior to approval of construction of any section of specified road or other specified development facility and, as a result of a major disaster in an affected State a major physical change results in additional construction work in connection with such road or facility by such purchaser with an estimated cost as determined by the appropriate Secretary (1) of more than \$1,000 for sales under one million board feet, or (2) of more than \$1 per thousand board feet for sales of one to three million board feet, or (3) of more than \$3,000 for sales over three million board feet, such increased-construction cost shall be borne by the United States.

To authorize special allowances for lenders with respect to insured student loans under title IV-B of the Higher Education Act of 1965 when necessary in the light of economic conditions in order to assure that students will have reasonable access to such loans for financing their education, and to increase the authorizations for certain other student assistance programs.

October 22, 1969
[H. R. 13194]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Emergency Insured Student Loan Act of 1969".

Emergency Insured Student Loan Act of 1969.

INCENTIVE PAYMENTS ON INSURED STUDENT LOANS

SEC. 2. (a) (1) Whenever the Secretary of Health, Education, and Welfare determines that the limitations on interest or other conditions (or both) applicable under part B of title IV of the Higher Education Act of 1965 (Public Law 89-329) to student loans eligible for insurance by the Commissioner of Education or under a State or nonprofit private insurance program covered by an agreement under section 428(b) of such Act, considered in the light of the then current economic conditions and in particular the relevant money market, are impeding or threatening to impede the carrying out of the purposes of such part B and have caused the return to holders of such loans to be less than equitable, he is hereby authorized, by regulation applicable to a three-month period specified therein, to prescribe (after consultation with the Secretary of the Treasury and the heads of other appropriate agencies) a special allowance to be paid by the Commissioner of Education to each holder of an eligible loan or loans. The amount of such allowance to any holder with respect to such period shall be a percentage, specified in such regulation, of the average unpaid balance of disbursed principal (not including interest added to principal) of all eligible loans held by such holder during such period, which balance shall be computed in a manner specified

in such regulation; but no such percentage shall be set at a rate in excess of 3 per centum per annum.

(2) A determination pursuant to paragraph (1) may be made by the Secretary of Health, Education, and Welfare, on a national, regional, or other appropriate basis and the regulation based thereon may, accordingly, set differing allowance rates for different regions or other areas or classifications of lenders, within the limit of the maximum rate set forth in paragraph (1).

(3) For each three-month period with respect to which the Secretary of Health, Education, and Welfare prescribes a special allowance, the determination required by paragraph (1) shall be made, and the percentage rate applicable thereto shall be set, by promulgation of a new regulation or by amendment to a regulation applicable to a prior period or periods.

(4) The special allowance established for any such three-month period shall be payable at such time, after the close of such period, as may be specified by or pursuant to regulations promulgated under this Act. The holder of a loan with respect to which any such allowance is to be paid shall be deemed to have a contractual right, as against the United States, to receive such allowance from the Commissioner.

(5) Each regulation or amendment, prescribed under this Act, which establishes a special allowance with respect to a three-month period specified in the regulation or amendment shall, notwithstanding section 505 of the Higher Education Amendments of 1968, apply to the three-month period immediately preceding the period in which such regulation or amendment is published in the Federal Register, except that the first such regulation may be made effective as of August 1, 1969, and notwithstanding other provisions of this section requiring a three-month period, may be made effective for a period of less than three months.

(6)(A) The Secretary of Health, Education, and Welfare shall determine, with respect to the student insured loan program as authorized under part B of title IV of the Higher Education Act of 1965 and this Act, whether there are any practices of lending institutions which may result in discrimination against particular classes or categories of students, including the requirement that as a condition to the receipt of a loan the student or his family maintain a business relationship with the lender, the consequences of such requirement, and the practice of refusing to make loans to students for their freshman year of study, and also including any discrimination on the basis of sex, color, creed, or national origin. The Secretary shall make a report with respect to such determination, and his recommendations, to the Congress on or before March 1, 1970.

(B) If, after making such determination, the Secretary finds that, in any area, a substantial number of eligible students are denied a fair opportunity to obtain an insured student loan because of practices of lending institutions in the area which limit student participation, (i) he shall take such steps as may be appropriate, after consultation with the appropriate State guarantee agencies and the Advisory Council on Financial Aid to Students, relating to such practices and to encourage the development in such area of a plan to increase the availability of financial assistance opportunities for such students, and (ii) he shall, within sixty days after making such determination, adopt or amend

AN ACT

To amend the Act of August 7, 1956 (70 Stat. 1115), as amended, providing for a Great Plains conservation program.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 16(b) (1) of the Soil Conservation and Domestic Allotment Act, as amended, is amended to read as follows:

Soil Conservation and Domestic Allotment Act, amendment.

70 Stat. 1115.
16 USC 590p.

Great Plains conservation program.

“(1) the Secretary is authorized, within the amounts of such appropriations as may be provided therefor, to enter into contracts of not to exceed ten years with owners and operators of land in the Great Plains area having such control as the Secretary determines to be needed of the farms, ranches, or other lands covered thereby; but such contracts shall be entered into with respect to lands, other than farms or ranches, only where erosion is so serious as to make such contracts necessary for the protection of farm or ranch lands. Such contracts shall be designed to assist farm, ranch, or other land owners or operators to make, in orderly progression over a period of years, changes in their cropping systems or land uses which are needed to conserve, develop, protect, and utilize the soil and water resources of their farms, ranches, and other lands and to install the soil and water conservation measures and carry out the practices needed under such changed systems and uses. Such contracts may be entered into during the period ending not later than December 31, 1981, with respect to farms, ranches, and other lands in counties in the Great Plains area of the States of Colorado, Kansas, Montana, Nebraska, New Mexico, North Dakota, Oklahoma, South Dakota, Texas, and Wyoming, designated by the Secretary as susceptible to serious wind erosion by reason of their soil types, terrain, and climatic and other factors. The land owner or operator shall furnish to the Secretary a plan of farming operations or land use which incorporates such soil and water conservation practices and principles as may be determined by him to be practicable for maximum mitigation of climatic hazards of the area in which such land is located, and which outlines a schedule of proposed changes in cropping systems or land use and of the conservation measures which are to be carried out on the farm, ranch, or other land during the contract period to protect the farm, ranch, or other land from erosion and deterioration by natural causes. Such plan may also include practices and measures for (a) enhancing fish and wildlife and recreation resources, (b) promoting the economic use of land, and (c) reducing or controlling agricultural related pollution. Inclusion in the farm plan of these practices shall be the exclusive decision of the land owner or operator. Approved conservation plans of land owners and operators developed in cooperation with the soil and water conservation district in which their lands are situated shall form a basis for contracts. Under the contract the land owner or operator shall agree—

“(i) to effectuate the plan for his farm, ranch, or other land substantially in accordance with the schedule outlined therein unless any requirement thereof is waived or modified by the Secretary pursuant to paragraph (3) of this subsection;

“(ii) to forfeit all rights to further payments or grants under the contract and refund to the United States all payments or grants received thereunder upon his violation of the contract at any stage during the time he has control of the land if the Secretary, after considering the recommendations

of the soil and water conservation district board, determines that such violation is of such a nature as to warrant termination of the contract, or to make refunds or accept such payment adjustments as the Secretary may deem appropriate if he determines that the violation by the owner or operator does not warrant termination of the contract;

“(iii) upon transfer of his right and interest in the farm, ranch, or other land during the contract period to forfeit all rights to further payments or grants under the contract and refund to the United States all payments or grants received thereunder unless the transferee of any such land agrees with the Secretary to assume all obligations of the contract;

“(iv) not to adopt any practice specified by the Secretary in the contract as a practice which would tend to defeat the purposes of the contract;

“(v) to such additional provisions as the Secretary determines are desirable and includes in the contract to effectuate the purposes of the program or to facilitate the practical administration of the program.

“In return for such agreement by the landowner or operator the Secretary shall agree to share the cost of carrying out those conservation practices and measures set forth in the contract for which he determines that cost sharing is appropriate and in the public interest. The portion of such cost (including labor) to be shared shall be that part which the Secretary determines is necessary and appropriate to effectuate the physical installation of the conservation practices and measures under the contract;”

Cost sharing.

Sec. 2. Section 16(b) (2) of said Act is amended to read:

“(2) the Secretary may terminate any contract with a land owner or operator by mutual agreement with the owner or operator if the Secretary determines that such termination would be in the public interest, and may agree to such modification of contracts previously entered into as he may determine to be desirable to carry out the purposes of the program or facilitate the practical administration thereof or to accomplish equitable treatment with respect to other similar conservation, land use, or commodity programs administered by the Secretary;”

Termination of contract.
70 Stat. 1116.
16 USC 590p.

Sec. 3. Section 16(b) (7) of said Act is amended, to read:

“(7) there is hereby authorized to be appropriated, without fiscal year limitations, such sums as may be necessary to carry out this subsection: *Provided*, That the total cost of the program (excluding administrative costs) shall not exceed \$300,000,000, and for any program year payments shall not exceed \$25,000,000. The funds made available for the program under this subsection may be expended without regard to the maximum payment limitation and small payment increases required under section 8(e) of this Act, and may be distributed among States without regard to distribution of funds formulas of section 15 of this Act. The program authorized under this subsection shall be in addition to, and not in substitution of, other programs in such area authorized by this or any other Act.”

“(A) **IN GENERAL.**—If the President of the United States determines that the rates of tax imposed by paragraph (1), or provided in any prior Executive order issued pursuant to this paragraph, are lower or higher than the rates of tax necessary to limit the total acquisitions by United States persons of stock of foreign issuers and debt obligations of foreign obligors within a range consistent with the balance-of-payments objectives of the United States (including achieving a minimum reliance on the tax), he may by Executive order (effective as provided in subparagraph (C)(ii)) increase or decrease such rates of tax. To the extent specified in such Executive order, the rates applicable to acquisitions of stock or debt obligations which are part of an original or new issue may be lower than the rates applicable to acquisitions of stock or debt obligations which are not part of an original or new issue. An Executive order which has the effect of establishing lower rates for original or new issues may be applicable to all original or new issues or to any aggregate amount or classification thereof and to acquisitions occurring during such period of time as may be stated therein, and may provide for other limitations and implementing procedures. The transferor may rebut this presumption with respect to each such calendar quarter by submitting, on or before the 30th day following the close of such quarter, documents or other proof which will establish to the satisfaction of the Secretary or his delegate that, during such quarter, liability for such tax has not been incurred or any liability which has been incurred has been paid.”

December 5, 1969
[H. R. 11363]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled. That, for the purposes of sections 2 through 5 of this Act, the term—

SEC. 3. (a) A species or subspecies of fish or wildlife shall be deemed to be threatened with worldwide extinction whenever the Secretary determines, based on the best scientific and commercial data available to him and after consultation, in cooperation with the Secretary of State, with the foreign country or countries in which such fish or wildlife are normally found and, to the extent practicable, with interested persons and organizations and other interested Federal agencies, that the continued existence of such species or subspecies of fish or wildlife is, in the judgment of the Secretary, endangered due to any of the following factors: (1) the destruction, drastic modification, or severe curtailment, or the threatened destruction, drastic modification, or severe curtailment, of its habitat, or (2) its overutilization for commercial or sporting purposes, or (3) the effect on it of disease or predation, or (4) other natural or man-made factors affecting its continued existence. After making such determination, the Secretary shall promulgate and from time to time he may revise, by regulation, a list in the Federal Register of such fish or wildlife by scientific, common, and commercial name or names, together with his determination. The Secretary shall at least once every five years conduct a thorough review of any such list to determine what, if any, changes have occurred relative to the continued existence of the species or subspecies of fish or wildlife then on the list and to determine whether such fish or wildlife continue to be threatened with worldwide extinction. Upon completion of such review, he shall take appropriate action consistent with the purposes of this Act. (c) The Secretary may permit, under such terms and conditions as he may prescribe, the importation of any species or subspecies of fish or wildlife listed in the Federal Register under this section for zoological, educational, and scientific purposes, and for the propagation of such fish or wildlife in captivity for preservation purposes, unless such importation is prohibited by any other Federal law or regulation.

(d) The provisions of section 553 of title 5 of the United States Code shall apply to any regulation issued under this section.

Sec. 4. No penalty shall be assessed unless such person is given notice and opportunity for a hearing with respect to such violation. Each violation shall be a separate offense. Any such civil penalty may be compromised by the Secretary. Upon any failure to pay the penalty assessed under this paragraph, the Secretary may request the Attorney General to institute a civil action in a district court of the United States for any district in which such person is found or resides or transacts business to collect the penalty and such court shall have jurisdiction to hear and decide any such action. In hearing such action, the court shall have authority to review the violation and the assessment of the civil penalty de novo.

Such fish, wildlife, property, or item so seized shall be held by any employee authorized by the Secretary or the Secretary of the Treasury pending disposition of proceedings by the Secretary involving the assessment of a civil penalty pursuant to paragraph (1) of this subsection; except that the Secretary may, in lieu of holding such fish, wildlife, property, or item, permit such person to post a bond or other surety satisfactory to the Secretary. Upon the assessment of a civil penalty pursuant to paragraph (1) of this subsection for any nonwillful violation of any such section, regulation, or permit, such fish, wildlife, property, or item so seized may be proceeded against in any court of competent jurisdiction and forfeited to the Secretary for disposition by him in such manner as he deems appropriate. The owner or consignee of any such fish, wildlife, property, or item so seized shall, as soon as practicable following such seizure, be notified of that fact in accordance with regulations established by the Secretary or the Secretary of the Treasury. Whenever any fish or wildlife or property or item is seized pursuant to this subsection, the Secretary shall move to dispose of the civil penalty proceedings pursuant to paragraph (1) of this subsection as expeditiously as possible. Upon conviction, any (1) fish or wildlife seized shall be forfeited to the Secretary for disposal by him in such manner as he deems appropriate, and (2) any other property or items seized may, in the discretion of the court, commissioner, or magistrate, be forfeited to the United States or otherwise disposed of. Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Federal
Contested
Election Act.

SHORT TITLE

SECTION 1. This Act may be cited as the "Federal Contested Election Act".

DEFINITIONS

SEC. 2. For purposes of this Act—

(a) The term "election" means an official general or special election to choose a Representative in or Resident Commissioner to the Congress of the United States, but does not include a primary election, or a caucus or convention of a political party.

(b) The term "candidate" means an individual (1) whose name is printed on the official ballot for election to the House of Representatives of the United States, or (2) notwithstanding his name is not printed on such ballot, who seeks election to the House of Representatives by write-in votes, provided that he is qualified for such office and that, under the law of the State in which the congressional district is located, write-in voting for such office is permitted and he is eligible to receive write-in votes in such election.

(c) The term "contestant" means an individual who contests the election of a Member of the House of Representatives of the United States under this Act.

(d) The term "contestee" means a Member of the House of Representatives of the United States whose election is contested under this Act.

(e) The term "Member" means an incumbent Representative in or Resident Commissioner to the Congress of the United States, or an individual who has been elected to either of such offices but has not taken the oath of office.

(f) The term "Clerk" means the Clerk of the House of Representatives of the United States.

(g) The term "committee" means the Committee on House Administration of the House of Representatives of the United States.

(h) The term "State" includes territory and possession of the United States.

(i) The term "write-in vote" means a vote cast for a person whose name does not appear on the official ballot by writing in the name of such person on such ballot or by any other method prescribed by the law of the State in which the election is held.

NOTICE OF CONTEST

SEC. 3. (a) Whoever, having been a candidate for election to the House of Representatives in the last preceding election and claiming a right to such office, intends to contest the election of a Member of the House of Representatives, shall, within thirty days after the result of such election shall have been declared by the officer or Board of Canvassers authorized by law to declare such result, file with the Clerk and serve upon the contestee written notice of his intention to contest such election.

(b) Such notice shall state with particularity the grounds upon which contestant contests the election and shall state that an answer

thereto must be served upon contestant under section 4 of this Act within thirty days after service of such notice. Such notice shall be signed by contestant and verified by his oath or affirmation.

(c) Service of the notice of contest upon contestee shall be made as follows:

- (1) by delivering a copy to him personally;
- (2) by leaving a copy at his dwelling house or usual place of abode with a person of discretion not less than sixteen years of age then residing therein;
- (3) by leaving a copy at his principal office or place of business with some person then in charge thereof;
- (4) by delivering a copy to an agent authorized by appointment to receive service of such notice; or
- (5) by mailing a copy by registered or certified mail addressed to contestee at his residence or principal office or place of business. Service by mail is complete upon mailing;
- (6) the verified return by the person so serving such notice, setting forth the time and manner of such service shall be proof of same, and the return post office receipt shall be proof of the service of said notice mailed by registered or certified mail as aforesaid. Proof of service shall be made to the Clerk promptly and in any event within the time during which the contestee must answer the notice of contest. Failure to make proof of service does not affect the validity of the service.

ANSWER; DEFENSES MADE BY MOTION

SEC. 4. (a) Any contestee upon whom a notice of contest as described in section 3 shall be served, shall, within thirty days after the service thereof, serve upon contestant a written answer to such notice, admitting or denying the averments upon which contestant relies. If contestee is without knowledge or information sufficient to form a belief as to the truth of an averment, he shall so state and this shall have the effect of a denial. Such answer shall set forth affirmatively any other defenses, in law or fact, on which contestee relies. Contestee shall sign and verify such answer by oath or affirmation.

(b) At the option of contestee, the following defenses may be made by motion served upon contestant prior to contestee's answer:

- (1) Insufficiency of service of notice of contest.
- (2) Lack of standing of contestant.
- (3) Failure of notice of contest to state grounds sufficient to change result of election.
- (4) Failure of contestant to claim right to contestee's seat.

(c) If a notice of contest to which an answer is required is so vague or ambiguous that the contestee cannot reasonably be required to frame a responsive answer, he may move for a more definite statement before interposing his answer. The motion shall point out the defects complained of and the details desired. If the motion is granted and the order of the committee is not obeyed within ten days after notice of the order or within such other time as the committee may fix, the committee may dismiss the action, or make such order as it deems just.

(d) Service of a motion permitted under this section alters the time for serving the answer as follows, unless a different time is fixed by order of the committee: If the committee denies the motion or postpones its disposition until the hearing on the merits, the answer shall be served within ten days after notice of such action. If the committee grants a motion for a more definite statement the answer shall be served within ten days after service of the more definite statement.

SERVICE AND FILING OF PAPERS OTHER THAN NOTICE OF CONTEST;
HOW MADE; PROOF OF SERVICE

SEC. 5. (a) Except for the notice of contest, every paper required to be served shall be served upon the attorney representing the party, or, if he is not represented by an attorney, upon the party himself. Service upon the attorney or upon a party shall be made:

- (1) by delivering a copy to him personally;
- (2) by leaving it at his principal office with some person then in charge thereof; or if the office is closed or the person to be served has no office, leaving it at his dwelling house or usual place of abode with a person of discretion not less than sixteen years of age then residing therein; or
- (3) by mailing it addressed to the person to be served at his residence or principal office. Service by mail is complete upon mailing.

(b) All papers subsequent to the notice of contest required to be served upon the opposing party shall be filed with the Clerk either before service or within a reasonable time thereafter.

(c) Papers filed subsequent to the notice of contest shall be accompanied by proof of service showing the time and manner of service, made by affidavit of the person making service or by certificate of an attorney representing the party in whose behalf service is made. Failure to make proof of service does not affect the validity of such service.

DEFAULT OF CONTESTEE

SEC. 6. The failure of contestee to answer the notice of contest or to otherwise defend as provided by this Act shall not be deemed an admission of the truth of the averments in the notice of contest. Notwithstanding such failure, the burden is upon contestant to prove that the election results entitle him to contestee's seat.

TAKING TESTIMONY BY DEPOSITION

SEC. 7. (a) Either party may take the testimony of any person, including the opposing party, by deposition upon oral examination for the purpose of discovery or for use as evidence in the contested election case, or for both purposes. Depositions shall be taken only within the time for the taking of testimony prescribed in this section.

(b) Witnesses may be examined regarding any matter, not privileged, which is relevant to the subject matter involved in the pending contested election case, whether it relates to the claim or defense of the examining party or the claim or defense of the opposing party, including the existence, description, nature, custody, condition and location of any books, papers, documents, or other tangible things and the identity and location of persons having knowledge of relevant facts. After the examining party has examined the witness the opposing party may cross examine.

(c) The order in which the parties may take testimony shall be as follows:

(1) Contestant may take testimony within thirty days after service of the answer, or, if no answer is served within the time provided in section 4, within thirty days after the time for answer has expired.

(2) Contestee may take testimony within thirty days after contestant's time for taking testimony has expired.

(3) If contestee has taken any testimony or has filed testimonial affidavits or stipulations under section 8(c), contestant may take rebut-

tal testimony within ten days after contestee's time for taking testimony has expired.

(d) Testimony shall be taken before an officer authorized to administer oaths by the laws of the United States or of the place where the examination is held.

(e) Attendance of witnesses may be compelled by subpoena as provided in section 9.

(f) At the taking of testimony, a party may appear and act in person, or by his agent or attorney.

(g) The officer before whom testimony is to be taken shall put the witness under oath and shall personally, or by someone acting under his direction and in his presence, record the testimony of the witness. The testimony shall be taken stenographically and transcribed. All objections made at the time of examination to the qualifications of the officer taking the deposition, or to the manner of taking it, or to the evidence presented, or the conduct of any party, and any other objection to the proceedings, shall be noted by the officer upon the deposition. Evidence objected to shall be taken subject to the objections. In lieu of participating in the oral examination, a party served with a notice of deposition may transmit written interrogatories to the officer, who shall propound them to the witness and record the answers verbatim.

(h) When the testimony is fully transcribed, the deposition shall be submitted to the witness for examination and shall be read to or by him, unless such examination and reading are waived by the witness and the parties. Any changes in the form or substance which the witness desires to make shall be entered upon the deposition by the officer with a statement of the reasons given by the witness for making them. The deposition shall be signed by the witness, unless the parties by stipulation waive the signing or the witness is ill or cannot be found or refuses to sign. If the deposition is not signed by the witness, the officer shall sign it and note on the deposition the fact of the waiver or of the illness or the absence of the witness or the fact of refusal to sign together with the reason, if any, given therefor; and the deposition may then be used as fully as though signed, unless on a motion to suppress, the committee rules that the reasons given for the refusal to sign require rejection of the deposition in whole or in part.

NOTICE OF DEPOSITIONS; TESTIMONY BY AFFIDAVIT OR STIPULATION

SEC. 8. (a) A party desiring to take the deposition of any person upon oral examination shall serve written notice on the opposing party not later than two days before the date of the examination. The notice shall state the time and place for taking the deposition and the name and address of each person to be examined. A copy of such notice, together with proof of such service thereof, shall be attached to the deposition when it is filed with the Clerk.

(b) By written stipulation of the parties, the deposition of a witness may be taken without notice. A copy of such stipulation shall be attached to the deposition when it is filed with the Clerk.

(c) By written stipulation of the parties, the testimony of any witness of either party may be filed in the form of an affidavit by such witness or the parties may agree what a particular witness would testify to if his deposition were taken. Such testimonial affidavits or stipulations shall be filed within the time limits prescribed for the taking of testimony in section 7.

SUBPENAS; PRODUCTION OF DOCUMENTS

SEC. 9. (a) Upon application of any party, a subpoena for attendance at a deposition shall be issued by:

(1) a judge or clerk of the United States district court for the district in which the place of examination is located;

(2) a judge or clerk of any court of record of the State in which the place of examination is located; or

(3) a judge or clerk of any court of record of the county in which the place of examination is located.

(b) Service of the subpoena shall be made upon the witness no later than three days before the day on which his attendance is directed. A subpoena may be served by any person who is not a party to the contested election case and is not less than eighteen years of age. Service of a subpoena upon a person named therein shall be made by delivering a copy thereof to such person and by tendering to him the fee for one day's attendance and the mileage allowed by section 10. Written proof of service shall be made under oath by the person making same and shall be filed with the Clerk.

(c) A witness may be required to attend an examination only in the county wherein he resides or is employed, or transacts his business in person, or is served with a subpoena, or within forty miles of the place of service.

(d) Every subpoena shall state the name and title of the officer issuing same and the title of the contested election case, and shall command each person to whom it is directed to attend and give testimony at a time and place and before an officer specified therein.

(e) A subpoena may also command the person to whom it is directed to produce the books, papers, documents, or other tangible things designated therein, but the committee, upon motion promptly made and in any event at or before the time specified in the subpoena for compliance therewith, may (1) quash or modify the subpoena if it is unreasonable or oppressive, or (2) condition denial of the motion upon the advancement by the party in whose behalf the subpoena is issued of the reasonable cost of producing the books, papers, documents, or tangible things. In the case of public records or documents, copies thereof, certified by the person having official custody thereof, may be produced in lieu of the originals.

OFFICER AND WITNESS FEES

SEC. 10. (a) Each judge, clerk of court, or other officer who issues any subpoena or takes a deposition and each person who serves any subpoena or other paper herein authorized shall be entitled to receive from the party at whose instance the service shall have been performed such fees as are allowed for similar services in the district courts of the United States.

(b) Witnesses whose depositions are taken shall be entitled to receive from the party at whose instance the witness appeared the same fees and travel allowance paid to witnesses subpoenaed to appear before the House of Representatives or its committees.

PENALTY FOR FAILURE TO APPEAR, TESTIFY, OR PRODUCE DOCUMENTS

SEC. 11. Every person who, having been subpoenaed as a witness under this Act to give testimony or to produce documents, willfully makes default, or who, having appeared, refuses to answer any question pertinent to the contested election case, shall be deemed guilty of a misdemeanor punishable by fine of not more than \$1,000 nor less than \$100 or imprisonment for not less than one month nor more than twelve months, or both.

CERTIFICATION AND FILING OF DEPOSITIONS

SEC. 12. (a) The officer before whom any deposition is taken shall certify thereon that the witness was duly sworn by him and that the deposition is a true record of the testimony given by the witness. He shall then securely seal the deposition, together with any papers produced by the witness and the notice of deposition or stipulation, if the deposition was taken without notice, in an envelope endorsed with the title of the contested election case and marked "Deposition of (here insert name of witness)" and shall within thirty days after completion of the witness' testimony, file it with the Clerk.

(b) After filing the deposition, the officer shall promptly notify the parties of its filing.

(c) Upon payment of reasonable charges therefor, not to exceed the charges allowed in the district court of the United States for the district wherein the place of examination is located, the officer shall furnish a copy of deposition to any party or the deponent.

RECORD; PRINTING AND FILING OF BRIEFS AND APPENDIXES

SEC. 13. (a) Contested election cases shall be heard by the committee on the papers, depositions, and exhibits filed with the Clerk. Such papers, depositions, and exhibits shall constitute the record of the case.

(b) Contestant shall print as an appendix to his brief those portions of the record which he desires the committee to consider in order to decide the case and such other portions of the record as may be prescribed by the rules of the committee.

(c) Contestee shall print as an appendix to his brief those portions of the record not printed by contestant which contestee desires the committee to consider in order to decide the case.

(d) Within forty-five days after the time for both parties to take testimony has expired, contestant shall serve on contestee his printed brief of the facts and authorities relied on to establish his case together with his appendix.

(e) Within thirty days of service of contestant's brief and appendix, contestee shall serve on contestant his printed brief of the facts and authorities relied on to establish his case together with his appendix.

(f) Within ten days after service of contestee's brief and appendix, contestant may serve on contestee a printed reply brief.

TITLE VII

GENERAL PROVISIONS

Construction
authority.
Waiver of
restrictions.
70A Stat. 269,
590.

SEC. 701. The Secretary of each military department may proceed to establish or develop installations and facilities under this Act without regard to section 3648 of the Revised Statutes, as amended (31 U.S.C. 529) and sections 4774(d) and 9774(d) of title 10, United States Code. The authority to place permanent or temporary improvements on land includes authority for surveys, administration, overhead, planning, and supervision incident to construction. That authority may be exercised before title to the land is approved under section 355 of the Revised Statutes, as amended (40 U.S.C. 255), and even though the land is held temporarily. The authority to acquire real estate or land includes authority to make surveys and to acquire land, and interests in land (including temporary use), by gift, purchase, exchange of Government-owned land, or otherwise.

Appropriation.

SEC. 702. There are authorized to be appropriated such sums as may be necessary for the purposes of this Act, but appropriations for public works projects authorized by titles I, II, III, IV, and V shall not exceed—

(1) for title I: Inside the United States, \$175,853,000; outside the United States, \$104,135,000; or a total of \$279,988,000.

(2) for title II: Inside the United States, \$271,251,000; outside United States, \$24,244,000; section 202, \$10,810,000; or a total of \$306,305,000.

(3) for title III: Inside the United States, \$208,611,000; outside the United States, \$31,149,000; section 302, \$29,234,000; or a total of \$268,994,000.

(4) for title IV: A total of \$41,165,000.

(5) for title V: Military family housing, \$689,518,000.

Cost
variations.

SEC. 703 (a) Except as provided in subsection (b), any of the amounts specified in titles I, II, III, and IV of this Act, may, in the discretion of the Secretary concerned, be increased by 5 per centum when inside the United States (other than Alaska), and by 10 per centum when outside the United States or in Alaska, if he determines that such increase (1) is required for the sole purpose of meeting unusual variations in cost, and (2) could not have been reasonably anticipated at the time such estimate was submitted to the Congress. However, the total cost of all construction and acquisition in each such title may not exceed the total amount authorized to be appropriated in that title.

(b) When the amount named for any construction or acquisition in title I, II, III, or IV of this Act involves only one project at any military installation and the Secretary of Defense, or his designee, determines that the amount authorized must be increased by more than the applicable percentage prescribed in subsection (a), the Secretary concerned may proceed with such construction or acquisition if the amount of the increase does not exceed by more than 25 per centum the amount named for such project by the Congress.

Conditions.

(c) Subject to the limitations contained in subsection (a), no individual project authorized under title I, II, III, or IV of this Act for any specifically listed military installation may be placed under contract if—

(1) the estimated cost of such project is \$250,000 or more, and

(2) the current working estimate of the Department of Defense, based on bids received, for the construction of such project exceeds by more than 25 per centum the amount authorized for such project by the Congress, until after the expiration of thirty

days from the date on which a written report of the facts relating to the increased cost of such project, including a statement of the reasons for such increase has been submitted to the Committees on Armed Services of the House of Representatives and the Senate.

Report to congressional committees.

(d) The Secretary of Defense shall submit an annual report to the Congress identifying each individual project which has been placed under contract in the preceding twelve-month period and with respect to which the then current working estimate of the Department of Defense based upon bids received for such project exceeded the amount authorized by the Congress for that project by more than 25 per centum. The Secretary shall also include in such report each individual project with respect to which the scope was reduced in order to permit contract award within the available authorization for such project. Such report shall include all pertinent cost information for each individual project, including the amount in dollars and percentage by which the current working estimate based on the contract price for the project exceeded the amount authorized for such project by the Congress.

Report to Congress.

SEC. 704. Contracts for construction made by the United States for performance within the United States and its possessions under this Act shall be executed under the jurisdiction and supervision of the Corps of Engineers, Department of the Army, or the Naval Facilities Engineering Command, Department of the Navy, or such other department or Government agency as the Secretaries of the military departments recommend and the Secretary of Defense approves to assure the most efficient, expeditious and cost-effective accomplishment of the construction herein authorized. The Secretaries of the military departments shall report annually to the President of the Senate and the Speaker of the House of Representatives a breakdown of the dollar value of construction contracts awarded by each of the several construction agencies selected, together with the design, construction supervision, and overhead fees charged by each of the several agents in the execution of the assigned construction. Further, such contracts shall be awarded, insofar as practicable, on a competitive basis to the lowest responsible bidder, if the national security will not be impaired and the award is consistent with chapter 137 of title 10, United States Code. The Secretaries of the military departments shall report semi-annually to the President of the Senate and the Speaker of the House of Representatives with respect to all contracts awarded on other than a competitive basis to the lowest responsible bidder.

Tahoe Regional
Planning Compact.
Consent of
Congress.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in order to encourage the wise use and conservation of the waters of Lake Tahoe and of the resources of the area around said lake, the consent of the Congress is hereby given to the Tahoe regional planning compact heretofore adopted by the States of California and Nevada, which compact reads as follows:

"TAHOE REGIONAL PLANNING COMPACT

"Article I. Findings and Declarations of Policy

"(a) It is found and declared that the waters of Lake Tahoe and other resources of the Lake Tahoe region are threatened with deterioration or degeneration, which may endanger the natural beauty and economic productivity of the region.

"(b) It is further declared that by virtue of the special conditions and circumstances of the natural ecology, developmental pattern, population distribution, and human needs in the Lake Tahoe region, the region is experiencing problems of resource use and deficiencies of environmental control.

"(c) It is further found and declared that there is a need to maintain an equilibrium between the region's natural endowment and its manmade environment, to preserve the scenic beauty and recreational opportunities of the region, and it is recognized that for the purpose

of enhancing the efficiency and governmental effectiveness of the region, it is imperative that there be established an areawide planning agency with power to adopt and enforce a regional plan of resource conservation and orderly development, to exercise effective environmental controls and to perform other essential functions, as enumerated in this title.

"(2) A transportation plan for the integrated development of a regional system of transportation, including but not limited to, freeways, parkways, highways, transportation facilities, transit routes, waterways, navigation and aviation aids and facilities, and appurtenant terminals and facilities for the movement of people and goods within the region.

"In formulating and maintaining the regional plan, the planning commission and governing body shall take account of and shall seek to harmonize the needs of the region as a whole, the plans of the counties and cities within the region, the plans and planning activities of the state, federal and other public agencies and nongovernmental agencies and organizations which affect or are concerned with planning and development within the region. Where necessary for the realization of the regional plan, the agency may engage in collaborative planning with local governmental jurisdictions located outside the region, but contiguous to its boundaries. In formulating and implementing the regional plan, the agency shall seek the cooperation and consider the recommendations of counties and cities and other agencies of local government, of state and federal agencies, of educational institutions and research organizations, whether public or private, and of civic groups and private individuals.

"(e) The agency shall maintain the data, maps and other information developed in the course of formulating and administering the regional plan and interim plan, in a form suitable to assure a consistent view of developmental trends and other relevant information for the availability of and use by other agencies of government and by private organizations and individuals concerned.

"(f) All provisions of the interim plan shall be enforced by the agency and by the states, the counties, and cities.

"ARTICLE VI. AGENCY'S POWERS

"(a) The governing body shall adopt all necessary ordinances, rules, regulations and policies to effectuate the adopted regional and interim plans. Every such ordinance, rule or regulation shall establish a minimum standard applicable throughout the basin, and any political subdivision may adopt and enforce an equal or higher standard applicable to the same subject of regulation in its territory. The regulations shall contain general, regional standards including but not limited to the following: water purity and clarity; subdivision; zoning; tree removal; solid waste disposal; sewage disposal; land fills, excavations, cuts and grading; piers; harbors, breakwaters; or channels and other shoreline developments; waste disposal in shoreline areas; waste disposal from boats; mobile-home parks; house relocation; outdoor advertising; flood plain protection; soil and sedimentation control; air pollution; and watershed protection. Whenever possible without diminishing the effectiveness of the interim plan or the general plan, the ordinances, rules, regulations and policies shall be confined to matters which are general and regional in application, leaving to the jurisdiction of the respective states, counties and cities the enactment of specific and local ordinances, rules, regulations and policies which conform to the interim or general plan.

"Every ordinance adopted by the agency shall be published at least once by title in a newspaper or combination of newspapers whose circulation is general throughout the region. Except an ordinance adopting or amending the interim plan or the regional plan, no ordinance shall become effective until 60 days after its adoption. Immediately after its adoption, a copy of each ordinance shall be transmitted to the governing body of each political subdivision having territory within the region.

"Interim regulations shall be adopted within 90 days from the formation of the agency and final regulations within 18 months after the formation of the agency.

"Every plan, ordinance, rule, regulation or policy adopted by the agency shall recognize as a permitted and conforming use any business or recreational establishment which is required by law of the state in which it is located to be individually licensed by the state, if such business or establishment:

"(1) Was so licensed on February 5, 1968, or was licensed for a

limited season during any part of the calendar year immediately preceding February 5, 1968.

“(2) Is to be constructed on land which was so zoned or designated in a finally adopted master plan on February 5, 1968, as to permit the construction of such a business or establishment.

“(b) All ordinances, rules, regulations and policies adopted by the agency shall be enforced by the agency and by the respective states, counties, and cities. The appropriate courts of the respective states, each within its limits of territory and subject matter provided by state law, are vested with jurisdiction over civil actions to which the agency is a party and criminal actions for violations of its ordinances. Each such action shall be brought in a court of the state where the violation is committed or where the property affected by a civil action is situated, unless the action is brought in a federal court. For this purpose, the agency shall be deemed a political subdivision of both the State of California and the State of Nevada.

“(c) Except as otherwise provided in paragraph (d), all public works projects shall be reviewed prior to construction and approved by the agency as to the project's compliance with the adopted regional general plan.

“(d) All plans, programs and proposals of the State of California or Nevada, or of its executive or administrative agencies, which may substantially affect, or may specifically apply, to the uses of land, water, air, space and other natural resources in the region, including but not limited to public works plans, programs and proposals concerning highway routing, design and construction, shall be referred to the agency for its review, as to conformity with the regional plan or interim plan, and for report and recommendations by the agency to the executive head of the state agency concerned and to the Governor. A public works project which is initiated and is to be constructed by a department of either state shall be submitted to the agency for review and recommendation, but may be constructed as proposed.

“(e) The agency shall police the region to ensure compliance with the general plan and adopted ordinances, rules, regulations and policies. If it is found that the general plan, or ordinances, rules, regulations and policies are not being enforced by a local jurisdiction, the agency may bring action in a court of competent jurisdiction to ensure compliance.

“(f) Violation of any ordinance of the agency is a misdemeanor.

“(g) The agency is hereby empowered to initiate, negotiate and participate in contracts and agreements among the local governmental authorities of the region, or any other intergovernmental contracts or agreements authorized by state or federal law.

“(h) Each intergovernmental contract or agreement shall provide for its own funding and staffing, but this shall not preclude financial contributions from the local authorities concerned or from supplementary sources.

“(i) Whenever a new city is formed within the region, the membership of the governing body shall be increased by two additional members, one appointed by, and who shall be a member of, the legislative body of the new city, and one appointed by the Governor of the state in which the city is not located. A member appointed by the Governor of California is subject to Senate confirmation.

“(j) Every record of the agency, whether public or not, shall be open for examination to the Legislative Analyst of the State of California and the Fiscal Analyst of the State of Nevada.

“(k) Whenever under the provisions of this article or any ordinance, rule, regulation or policy adopted pursuant thereto, the agency

is required to review or approve any proposal, public or private, the agency shall take final action, whether to approve, to require modification or to reject such proposal, within 60 days after such proposal is delivered to the agency. If the agency does not take final action within 60 days, the proposal shall be deemed approved.

“ARTICLE VII. FINANCES

“(a) Except as provided in paragraph (e), on or before December 30 of each calendar year the agency shall establish the amount of money necessary to support its activities for the next succeeding fiscal year commencing July 1 of the following year. The agency shall apportion not more than \$150,000 of this amount among the counties within the region on the same ratio to the total sum required as the full cash valuation of taxable property within the region in each county bears to the total full cash valuation of taxable property within the region. Each county in California shall pay the sum allotted to it by the agency from any funds available therefor and may levy a tax on any taxable property within its boundaries sufficient to pay the amount so allocated to it. Each county in Nevada shall pay such sums from its general fund or from any other moneys available therefor.

“(b) The agency may fix and collect reasonable fees for any services rendered by it.

“(c) The agency shall be strictly accountable to any county in the region for all funds paid by it to the agency and shall be strictly accountable to all participating bodies for all receipts and disbursements.

“AN AGREEMENT TO EXTEND THE INTERSTATE
COMPACT TO CONSERVE OIL AND GAS

“Whereas, on the 16th day of February, 1935, in the City of Dallas, Texas, there was executed ‘An Interstate Compact to Conserve Oil and Gas’ which was thereafter formally ratified and approved by the States of Oklahoma, Texas, New Mexico, Illinois, Colorado, and Kansas, the original of which is now on deposit with the Department of State of the United States, a true copy of which follows:

“‘AN INTERSTATE COMPACT TO CONSERVE OIL
AND GAS

“‘ARTICLE I

“‘This agreement may become effective within any compacting state at any time as prescribed by that state, and shall become effective within those states ratifying it whenever any three of the States of Texas, Oklahoma, California, Kansas, and New Mexico have ratified and Congress has given its consent. Any oil-producing state may become a party hereto as hereinafter provided.

“ARTICLE II

“The purpose of this compact is to conserve oil and gas by the prevention of physical waste thereof from any cause.

“ARTICLE III

“Each state bound hereby agrees that within a reasonable time it will enact laws, or if the laws have been enacted, then it agrees to continue the same in force, to accomplish within reasonable limits the prevention of:

“(a) The operation of any oil well with an inefficient gas-oil ratio.

“(b) The drowning with water of any stratum capable of producing oil or gas, or both oil and gas, in paying quantities.

“(c) The avoidable escape into the open air or the wasteful burning of gas from a natural gas well.

“(d) The creation of unnecessary fire hazards.

“(e) The drilling, equipping, locating, spacing or operating of a well or wells so as to bring about physical waste of oil or gas or loss in the ultimate recovery thereof.

“(f) The inefficient, excessive or improper use of the reservoir energy in producing any well.

“The enumeration of the foregoing subjects shall not limit the scope of the authority of any state.

“ARTICLE IV

“Each state bound hereby agrees that it will, within a reasonable time, enact statutes, or if such statutes have been enacted then that it will continue the same in force, providing in effect that oil produced in violation of its valid oil and/or gas conservation statutes or any valid rule, order or regulation promulgated thereunder, shall be denied access to commerce; and providing for stringent penalties for the waste of either oil or gas.

“ARTICLE V

“It is not the purpose of this compact to authorize the states joining herein to limit the production of oil or gas for the purpose of stabilizing or fixing the price thereof, or create or perpetuate monopoly, or to promote regimentation, but is limited to the purpose of conserving oil and gas and preventing the avoidable waste thereof within reasonable limitations.

“ARTICLE VI

“Each State joining herein shall appoint one representative to a commission hereby constituted and designated as “The Interstate Oil Compact Commission”, the duty of which said commission shall be to make inquiry and ascertain from time to time such methods, practices, circumstances, and conditions as may be disclosed for bringing about conservation and the prevention of physical waste of oil and gas, and at such intervals as said commission deems beneficial it shall report its findings and recommendations to the several States for adoption or rejection.

“The Commission shall have power to recommend the coordination of the exercise of the police powers of the several states within their several jurisdictions to promote the maximum ultimate recovery from the petroleum reserves of said states, and to recommend measures for the maximum ultimate recovery of oil and gas. Said Commission shall organize and adopt suitable rules and regulations for the conduct of its business.

“No action shall be taken by the Commission except: (1) by the affirmative votes of the majority of the whole number of compacting States represented at any meeting, and (2) by a concurring vote of a majority in interest of the compacting States at said meeting, such interest to be determined as follows: such vote of each State shall be in the decimal proportion fixed by the ratio of its daily average production during the preceding calendar half-year to the daily average production of the compacting States during said period.

“ARTICLE VII

“No State by joining herein shall become financially obligated to any other State, nor shall the breach of the terms hereof by any State subject such State to financial responsibility to the other States joining herein.

“ARTICLE VIII

“This compact shall expire September 1, 1937. But any State joining herein may, upon sixty (60) days notice, withdraw herefrom.

“The representatives of the signatory States have signed this agreement in a single original which shall be deposited in the archives of the Department of State of the United States, and a duly certified copy shall be forwarded to the Governor of each of the signatory states.

“This compact shall become effective when ratified and approved as provided in Article I. Any oil-producing State may become a party hereto by affixing its signature to a counterpart to be similarly deposited, certified, and ratified.

“Whereas, the said Interstate Compact to Conserve Oil and Gas has heretofore been duly renewed and extended with the consent of the Congress to September 1, 1967; and

“Whereas, it is desired to renew and extend the said Interstate Compact to Conserve Oil and Gas for a period of four (4) years from September 1, 1967, to September 1, 1971:

“Now, therefore, this writing witnesseth:

“It is hereby agreed that the Compact entitled ‘An Interstate Compact To Conserve Oil and Gas’ executed in the City of Dallas, Texas, on the 16th day of February, 1935, and now on deposit with the Department of State of the United States, a correct copy of which appears above, be, and the same hereby is, extended for a period of four (4) years from September 1, 1967, its present date of expiration, to September 1, 1971. This agreement shall become effective when executed, ratified, and approved as provided in Article I of the original Compact.

“The signatory States have executed this agreement in a single original which shall be deposited in the archives of the Department of State of the United States and a duly certified copy thereof shall

be forwarded to the Governor of each of the signatory States. Any oil-producing state may become a party hereto by executing a counterpart of this agreement to be similarly deposited, certified, and ratified.

“Executed by the several undersigned states, at their several state capitols, through their proper officials on the dates as shown, as duly authorized by statutes and resolutions, subject to the limitations and qualifications of the acts of the respective State Legislatures.

JOINT RESOLUTION

December 24, 1969
[S. J. Res. 90]

To enable the United States to organize and hold a diplomatic conference in the United States in fiscal year 1970 to negotiate a Patent Cooperation Treaty and authorize an appropriation therefor.

Whereas all countries issuing patents, and especially countries such as the United States having an examination system, deal with large and constantly growing numbers of patent applications of increasing complexity; and

Whereas in any one country a considerable number of patent applications duplicate or substantially duplicate applications relating to the same inventions in other countries, thereby increasing further the volume of applications to be processed; and

Whereas a resolution of the difficulties attendant upon duplications in filings and examination would result in more economical, quicker, and more effective protection for inventions throughout the world thus benefiting inventors, the general public, and government; and

Whereas a treaty for international patent cooperation providing a central filing, search and examination system should provide a practicable means of resolving the difficulties arising out of the duplications in the filing and examination of patent applications; and

Whereas governments concerned with international patent problems have spent a number of years in consultation and in the development of a draft treaty for international patent cooperation to alleviate these problems: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of State and the Secretary of Commerce, in consultation with other concerned departments and agencies, are authorized to take all necessary steps to organize and hold a diplomatic conference to negotiate a Patent Cooperation Treaty in Washington, District of Columbia, in fiscal year 1970.

Patent Cooperation Treaty, conference to negotiate.

SEC. 2. There is authorized to be appropriated to the Department of State, out of any money in the Treasury not otherwise appropriated, a sum not to exceed \$175,000 for the purpose of defraying the expenses incident to organizing and holding such an international conference. Funds appropriated pursuant to this authorization shall be available for expenses incurred on behalf of the United States as host government, including without limitation personal services without regard to civil service and classification laws, except that no salary rate shall exceed the maximum rate payable under section 5332 of title 5, United States Code; employment of aliens, printing and binding without regard to the provisions of any other law; travel expenses without regard to the Standardized Government Travel Regulations and to the rates of per diem allowances in lieu of subsistence expenses under section 5707 of title 5, United States Code; rent or lease of facilities in the District of Columbia or elsewhere by contract or otherwise; hire of passenger motor vehicles; and official functions and courtesies.

Appropriation.

SEC. 3. The Secretary of State and the Secretary of Commerce, or either of them, are authorized to accept and use contributions of funds, property, services, and facilities for the purpose of organizing and holding such an international conference. For the purpose of Federal

Contributions of funds, property, etc.

income, estate, and gift taxes, any gift, devise, or bequest accepted by the Secretary of State or the Secretary of Commerce under authority of this Act shall be deemed to be a gift, devise, or bequest to or for the use of the United States.

SEC. 4. The head of any department, agency, or establishment of the United States is authorized on request, to assist with or without reimbursement the Department of State and the Department of Commerce in carrying out the functions herein authorized, including the furnishing of personnel and facilities.

“SEC. 4943. TAXES ON EXCESS BUSINESS HOLDINGS.

“(a) INITIAL TAX.—

“(1) IMPOSITION.—There is hereby imposed on the excess business holdings of any private foundation in a business enterprise during any taxable year which ends during the taxable period a tax equal to 5 percent of the value of such holdings.

“(2) SPECIAL RULES.—The tax imposed by paragraph (1)—

“(A) shall be imposed on the last day of the taxable year, but

“(B) with respect to the private foundation’s holdings in any business enterprise, shall be determined as of that day during the taxable year when the foundation’s excess holdings in such enterprise were the greatest.

“(b) ADDITIONAL TAX.—In any case in which an initial tax is imposed under subsection (a) with respect to the holdings of a private foundation in any business enterprise, if, at the close of the correction period with respect to such holdings, the foundation still has excess business holdings in such enterprise, there is hereby imposed a tax equal to 200 percent of such excess business holdings.

“(c) EXCESS BUSINESS HOLDINGS.—For purposes of this section—

Definition.

“(1) IN GENERAL.—The term ‘excess business holdings’ means, with respect to the holdings of any private foundation in any business enterprise, the amount of stock or other interest in the enterprise which the foundation would have to dispose of to a person other than a disqualified person in order for the remaining

holdings of the foundation in such enterprise to be permitted holdings.

“(2) PERMITTED HOLDINGS IN A CORPORATION.—

“(A) IN GENERAL.—The permitted holdings of any private foundation in an incorporated business enterprise are—

“(i) 20 percent of the voting stock, reduced by

“(ii) the percentage of the voting stock owned by all disqualified persons.

In any case in which all disqualified persons together do not own more than 20 percent of the voting stock of an incorporated business enterprise, nonvoting stock held by the private foundation shall also be treated as permitted holdings.

“(B) 35 PERCENT RULE WHERE THIRD PERSON HAS EFFECTIVE CONTROL OF ENTERPRISE.—If—

“(i) the private foundation and all disqualified persons together do not own more than 35 percent of the voting stock of an incorporated business enterprise, and

“(ii) it is established to the satisfaction of the Secretary or his delegate that effective control of the corporation is in one or more persons who are not disqualified persons with respect to the foundation,

then subparagraph (A) shall be applied by substituting 35 percent for 20 percent.

“(C) 2 PERCENT DE MINIMIS RULE.—A private foundation shall not be treated as having excess business holdings in any corporation in which it (together with all other private foundations which are described in section 4946(a)(1)(H)) owns not more than 2 percent of the voting stock and not more than 2 percent in value of all outstanding shares of all classes of stock.

“(3) PERMITTED HOLDINGS IN PARTNERSHIPS, ETC.—The permitted holdings of a private foundation in any business enterprise which is not incorporated shall be determined under regulations prescribed by the Secretary or his delegate. Such regulations shall be consistent in principle with paragraphs (2) and (4), except that—

“(A) in the case of a partnership or joint venture, ‘profits interest’ shall be substituted for ‘voting stock’, and ‘capital interest’ shall be substituted for ‘nonvoting stock’,

“(B) in the case of a proprietorship, there shall be no permitted holdings, and

“(C) in any other case, ‘beneficial interest’ shall be substituted for ‘voting stock’.

“(4) PRESENT HOLDINGS.—

“(A) (i) In applying this section with respect to the holdings of any private foundation in a business enterprise, if such foundation and all disqualified persons together have holdings in such enterprise in excess of 20 percent of the voting stock on May 26, 1969, the percentage of such holdings shall be substituted for ‘20 percent,’ and for ‘35 percent’ (if the percentage of such holdings is greater than 35 percent), wherever it appears in paragraph (2), but in no event shall the percentage so substituted be more than 50 percent.

“(ii) If the percentage of the holdings of any private foundation and all disqualified persons together in a business enterprise (or if the percentage of the holdings of the private foundation in such enterprise) decreases for any reason, clause (i) and subparagraph (D) shall, except as provided

in the next sentence, be applied for all periods after such decrease by substituting such decreased percentage for the percentage held on May 26, 1969, but in no event shall the percentage substituted be less than 20 percent. For purposes of this clause, any decrease in percentage holdings attributable to issuances of stock (or to issuances of stock coupled with redemptions of stock) shall be determined only as of the close of each taxable year of the private foundation unless the aggregate of the percentage decreases attributable to the issuances of stock (or such issuances and redemptions) during such taxable year equals or exceeds 1 percent.

“(iii) The percentage substituted under clause (i), and any percentage substituted under subparagraph (D), shall be applied both with respect to the voting stock and, separately, with respect to the value of all outstanding shares of all classes of stock.

“(iv) In the case of any merger, recapitalization, or other reorganization involving one or more business enterprises, the application of clauses (i), (ii), and (iii) shall be determined under regulations prescribed by the Secretary or his delegate.

“(B) Any interest in a business enterprise which a private foundation holds on May 26, 1969, if the private foundation on such date has excess business holdings, shall (while held by the foundation) be treated as held by a disqualified person (rather than by the private foundation)—

“(i) during the 20-year period beginning on such date, if the private foundation has more than a 95 percent voting stock interest on such date,

“(ii) except as provided in clause (i), during the 15-year period beginning on such date, if the foundation and all disqualified persons have more than a 75 percent voting stock interest (or more than a 75 percent profits or beneficial interest in the case of any unincorporated enterprise) on such date or more than a 75 percent interest in the value of all outstanding shares of all classes of stock (or more than a 75 percent capital interest in the case of a partnership or joint venture) on such date, or

“(iii) during the 10-year period beginning on such date, in any other case.

“(C) The 20-year, 15-year, and 10-year periods described in subparagraph (B) for the disposition of excess business holdings shall be suspended during the pendency of any judicial proceeding by the private foundation which is necessary to reform, or to excuse such foundation from compliance with, its governing instrument or any other instrument (as in effect on May 26, 1969) in order to allow disposition of such holdings.

“(D)(i) If, at any time during the second phase, all disqualified persons together have holdings in a business enterprise in excess of 2 percent of the voting stock of such enterprise, then subparagraph (A)(i) shall be applied by substituting for ‘50 percent’ the following: ‘50 percent, of which not more than 25 percent shall be voting stock held by the private foundation’.

“(ii) If, immediately before the close of the second phase, clause (i) of this subparagraph did not apply with respect to a business enterprise, then for all periods after the close of the

second phase subparagraph (A) (i) shall be applied by substituting for '50 percent' the following: '35 percent, or if at any time after the close of the second phase all disqualified persons together have had holdings in such enterprise which exceed 2 percent of the voting stock, 35 percent, of which not more than 25 percent shall be voting stock held by the private foundation'.

"(iii) For purposes of this subparagraph, the term 'second phase' means the 15-year period immediately following the 20-year, 15-year, or 10-year period described in subparagraph (B), whichever applies, as modified by subparagraph (C).

"(E) Clause (ii) of subparagraph (B) shall not apply with respect to any business enterprise if before January 1, 1971, one or more individuals who are substantial contributors (or members of the family (within the meaning of section 4946(d)) of one or more substantial contributors) to the private foundation and who on May 26, 1969, held more than 15 percent of the voting stock of the enterprise elect, in such manner as the Secretary or his delegate may by regulations prescribe, not to have such clause (ii) apply with respect to such enterprise.

"(5) HOLDINGS ACQUIRED BY TRUST OR WILL.—Paragraph (4) (other than subparagraph (B) (i)) shall apply to any interest in a business enterprise which a private foundation acquires under the terms of a trust which was irrevocable on May 26, 1969, or under the terms of a will executed on or before such date, which are in effect on such date and at all times thereafter, as if such interest were held on May 26, 1969, except that the 15-year and 10-year periods prescribed in clauses (ii) and (iii) of paragraph (4) (B) shall commence with respect to such interest on the date of distribution under the trust or will in lieu of May 26, 1969.

"(6) 5-YEAR PERIOD TO DISPOSE OF GIFTS, BEQUESTS, ETC.—Except as provided in paragraph (5), if, after May 26, 1969, there is a change in the holdings in a business enterprise (other than by purchase by the private foundation or by a disqualified person) which causes the private foundation to have—

"(A) excess business holdings in such enterprise, the interest of the foundation in such enterprise (immediately after such change) shall (while held by the foundation) be treated as held by a disqualified person (rather than by the foundation) during the 5-year period beginning on the date of such change in holdings; or

"(B) an increase in excess business holdings in such enterprise (determined without regard to subparagraph (A)), subparagraph (A) shall apply, except that the excess holdings immediately preceding the increase therein shall not be treated, solely because of such increase, as held by a disqualified person (rather than by the foundation).

"(d) DEFINITIONS; SPECIAL RULES.—For purposes of this section—

"(1) BUSINESS HOLDINGS.—In computing the holdings of a private foundation, or a disqualified person (as defined in section 4946) with respect thereto, in any business enterprise, any stock or other interest owned, directly or indirectly, by or for a corporation, partnership, estate, or trust shall be considered as being owned proportionately by or for its shareholders, partners, or beneficiaries. The preceding sentence shall not apply with respect to an income or remainder interest of a private foundation in a trust described in section 4947(a) (2), but only if, in the case of

property transferred in trust after May 26, 1969, such foundation holds only an income interest or only a remainder interest in such trust.

26 USC 6212.

“(3) **CORRECTION PERIOD.**—The term ‘correction period’ means, with respect to excess business holdings of a private foundation in a business enterprise, the period ending 90 days after the date of mailing of a notice of deficiency (with respect to the tax imposed by subsection (b)) under section 6212, extended by—

“(A) any period in which a deficiency cannot be assessed under section 6213(a), and

“(B) any other period which the Secretary or his delegate determines is reasonable and necessary to permit orderly disposition of such excess business holdings.

“(4) **BUSINESS ENTERPRISE.**—The term ‘business enterprise’ does not include—

“(A) a functionally related business (as defined in section 4942(j)(5)), or

“(B) a trade or business at least 95 percent of the gross income of which is derived from passive sources.

For purposes of subparagraph (B), gross income from passive sources includes the items excluded by section 512(b)(1), (2), (3), and (5), and income from the sale of goods (including charges or costs passed on at cost to purchasers of such goods or income received in settlement of a dispute concerning or in lieu of the exercise of the right to sell such goods) if the seller does not manufacture, produce, physically receive or deliver, negotiate sales of, or maintain inventories in such goods.

In applying the preceding sentence, in addition to the limitations contained in section 504(a) or 681(c) before its repeal, section 504(a)(1) or 681(c)(1) shall be treated as not applying to an organization to the extent its income is required to be accumulated pursuant to the mandatory terms (as in effect on January 1, 1951, and at all times thereafter) of an instrument executed before January 1, 1951, with respect to the transfer of income producing property to such organization before such date, if such transfer was irrevocable on such date;

(C) apply to a grant to a private foundation described in section 4942(g)(1)(A)(ii) which is not described in section 4942(g)(1)(A)(i), pursuant to a written commitment which was binding on May 26, 1969, and at all times thereafter, as if such grant is a grant to an operating foundation (as defined in section 4942(j)(3)), if such grant is made for one or more of the purposes described in section 170(c)(2)(B) and is to be paid out to such private foundation on or before December 31, 1974;

(D) apply, for purposes of section 4942(f), in such a manner as to treat any distribution made to a private foundation in redemption of stock held by such private foundation in a business enterprise as not essentially equivalent to a dividend under section 302(b)(1) if such redemption is described in paragraph (2)(B) of this subsection; and

26 USC 512.

“(B) except in the case of income excluded under section 512(b)(5), any property to the extent that the income from such property is taken into account in computing the gross income of any unrelated trade or business;

“(C) any property to the extent that the income from such property is excluded by reason of the provisions of paragraph (7), (8), or (9) of section 512(b) in computing the gross income of any unrelated trade or business; or

“(D) any property to the extent that it is used in any trade or business described in paragraph (1), (2), or (3) of section 513(a).

Ante, p. 541.

For purposes of subparagraph (A), substantially all the use of a property shall be considered to be substantially related to the exercise or performance by an organization of its charitable, educational, or other purpose or function constituting the basis for its exemption under section 501 if such property is real property subject to a lease to a medical clinic entered into primarily for purposes which are substantially related (aside from the need of such organization for income or funds or the use it makes of the rents derived) to the exercise or performance by such organization of its charitable, educational, or other purpose or function constituting the basis for its exemption under section 501.

“(2) SPECIAL RULE FOR RELATED USES.—For purposes of applying paragraphs (1) (A), (C), and (D), the use of any property by an exempt organization which is related to an organization shall be treated as use by such organization.

“(3) SPECIAL RULES WHEN LAND IS ACQUIRED FOR EXEMPT USE WITHIN 10 YEARS.—

“(A) NEIGHBORHOOD LAND.—If an organization acquires real property for the principal purpose of using the land (commencing within 10 years of the time of acquisition) in the manner described in paragraph (1) (A) and at the time of acquisition the property is in the neighborhood of other property owned by the organization which is used in such manner, the real property acquired for such future use shall not be treated as debt-financed property so long as the organization does not abandon its intent to so use the land within the 10-year period. The preceding sentence shall not apply for any period after the expiration of the 10-year period, and shall apply after the first 5 years of the 10-year period only if the organization establishes to the satisfaction of the Secretary or his delegate that it is reasonably certain that the land will be used in the described manner before the expiration of the 10-year period.

“(B) OTHER CASES.—If the first sentence of subparagraph (A) is inapplicable only because—

“(i) the acquired land is not in the neighborhood referred to in subparagraph (A), or

“(ii) the organization (for the period after the first 5 years of the 10-year period) is unable to establish to the satisfaction of the Secretary or his delegate that it is reasonably certain that the land will be used in the manner described in paragraph (1) (A) before the expiration of the 10-year period,

but the land is converted to such use by the organization within the 10-year period, the real property (subject to the provisions of subparagraph (D)) shall not be treated as debt-financed property for any period before such conversion. For

purposes of this subparagraph, land shall not be treated as used in the manner described in paragraph (1) (A) by reason of the use made of any structure which was on the land when acquired by the organization.

“(C) LIMITATIONS.—Subparagraphs (A) and (B)—

“(i) shall apply with respect to any structure on the land when acquired by the organization, or to the land occupied by the structure, only if (and so long as) the intended future use of the land in the manner described in paragraph (1) (A) requires that the structure be demolished or removed in order to use the land in such manner;

“(ii) shall not apply to structures erected on the land after the acquisition of the land; and

“(iii) shall not apply to property subject to a lease which is a business lease as (defined in subsection (f)).

“(D) REFUND OF TAXES WHEN SUBPARAGRAPH (B) APPLIES.—

If an organization for any taxable year has not used land in the manner to satisfy the actual use condition of subparagraph (B) before the time prescribed by law (including extensions thereof) for filing the return for such taxable year, the tax for such year shall be computed without regard to the application of subparagraph (B), but if and when such use condition is satisfied, the provisions of subparagraph (B) shall then be applied to such taxable year. If the actual use condition of subparagraph (B) is satisfied for any taxable year after such time for filing the return, and if credit or refund of any overpayment for the taxable year resulting from the satisfaction of such use condition is prevented at the close of the taxable year in which the use condition is satisfied, by the operation of any law or rule of law (other than chapter 74, relating to closing agreements and compromises), credit or refund of such overpayment may nevertheless be allowed or made if claim therefor is filed before the expiration of 1 year after the close of the taxable year in which the use condition is satisfied. Interest on any overpayment for a taxable year resulting from the application of subparagraph (B) after the actual use condition is satisfied shall be allowed and paid at the rate of 4 percent per annum in lieu of 6 percent per annum.

“(E) SPECIAL RULE FOR CHURCHES.—In applying this paragraph to a church or convention or association of churches, in lieu of the 10-year period referred to in subparagraphs (A) and (B) a 15-year period shall be applied, and subparagraphs (A) and (B) (ii) shall apply whether or not the acquired land meets the neighborhood test.

(c) ACQUISITION INDEBTEDNESS.—

“(1) GENERAL RULE.—For purposes of this section, the term ‘acquisition indebtedness’ means, with respect to any debt-financed property, the unpaid amount of—

“(A) the indebtedness incurred by the organization in acquiring or improving such property;

“(B) the indebtedness incurred before the acquisition or improvement of such property if such indebtedness would not have been incurred but for such acquisition or improvement; and

“(C) the indebtedness incurred after the acquisition or improvement of such property if such indebtedness would not have been incurred but for such acquisition or improvement

and the incurrence of such indebtedness was reasonably foreseeable at the time of such acquisition or improvement, except that in the case of any taxable year beginning before January 1, 1972, any indebtedness incurred before June 28, 1966, shall not be taken into account. In the case of an organization (other than a church or convention or association of churches) such indebtedness incurred before June 28, 1966, shall be taken into account if such indebtedness constitutes business lease indebtedness (as defined in subsection (g)).

“(2) PROPERTY ACQUIRED SUBJECT TO MORTGAGE, ETC.—For purposes of this subsection—

“(A) GENERAL RULE.—Where property (no matter how acquired) is acquired subject to a mortgage or other similar lien, the amount of the indebtedness secured by such mortgage or lien shall be considered as an indebtedness of the organization incurred in acquiring such property even though the organization did not assume or agree to pay such indebtedness.

“(B) EXCEPTIONS.—Where property subject to a mortgage is acquired by an organization by bequest or devise, the indebtedness secured by the mortgage shall not be treated as acquisition indebtedness during a period of 10 years following the date of the acquisition. If an organization acquires property by gift subject to a mortgage which was placed on the property more than 5 years before the gift, which property was held by the donor more than 5 years before the gift, the indebtedness secured by such mortgage shall not be treated as acquisition indebtedness during a period of 10 years following the date of such gift. This subparagraph shall not apply if the organization, in order to acquire the equity in the property by bequest, devise, or gift, assumes and agrees to pay the indebtedness secured by the mortgage, or if the organization makes any payment for the equity in the property owned by the decedent or the donor.

“(3) EXTENSION OF OBLIGATIONS.—For purposes of this section, an extension, renewal, or refinancing of an obligation evidencing a pre-existing indebtedness shall not be treated as the creation of a new indebtedness.

“(4) INDEBTEDNESS INCURRED IN PERFORMING EXEMPT PURPOSE.—For purposes of this section, the term ‘acquisition indebtedness’ does not include indebtedness the incurrence of which is inherent in the performance or exercise of the purpose or function constituting the basis of the organization’s exemption, such as the indebtedness incurred by a credit union described in section 501(c)(14) in accepting deposits from its members.

“(5) ANNUITIES.—For purposes of this section, the term ‘acquisition indebtedness’ does not include an obligation to pay an annuity which—

“(A) is the sole consideration (other than a mortgage to which paragraph (2)(B) applies) issued in exchange for property if, at the time of the exchange, the value of the annuity is less than 90 percent of the value of the property received in the exchange,

“(B) is payable over the life of one individual in being at the time the annuity is issued, or over the lives of two individuals in being at such time, and

“(C) is payable under a contract which—

“(i) does not guarantee a minimum amount of payments or specify a maximum amount of payments, and

“(ii) does not provide for any adjustment of the amount of the annuity payments by reference to the income received from the transferred property or any other property.

“(6) CERTAIN FEDERAL FINANCING.—For purposes of this section, the term ‘acquisition indebtedness’ does not include an obligation, to the extent that it is insured by the Federal Housing Administration, to finance the purchase, rehabilitation, or construction of housing for low and moderate income persons.

“(7) AVERAGE ACQUISITION INDEBTEDNESS.—For purposes of this section, the term ‘average acquisition indebtedness’ for any taxable year with respect to a debt-financed property means the average amount, determined under regulations prescribed by the Secretary or his delegate, of the acquisition indebtedness during the period the property is held by the organization during the taxable year, except that for the purpose of computing the percentage of any gain or loss to be taken into account on a sale or other disposition of debt-financed property, such term means the highest amount of the acquisition indebtedness with respect to such property during the 12-month period ending with the date of the sale or other disposition.

“(d) BASIS OF DEBT-FINANCED PROPERTY ACQUIRED IN CORPORATE LIQUIDATION.—For purposes of this subtitle, if the property was acquired in a complete or partial liquidation of a corporation in exchange for its stock, the basis of the property shall be the same as it would be in the hands of the transferor corporation, increased by the amount of gain recognized to the transferor corporation upon such distribution and by the amount of any gain to the organization which was included, on account of such distribution, in unrelated business taxable income under subsection (a).

“(e) ALLOCATION RULES.—Where debt-financed property is held for purposes described in subsection (b) (1) (A), (B), (C), or (D) as well as for other purposes, proper allocation shall be made with respect to basis, indebtedness, and income and deductions. The allocations required by this section shall be made in accordance with regulations prescribed by the Secretary or his delegate to the extent proper to carry out the purposes of this section.”

(2) RELATED AMENDMENTS.—

(A) Section 48(a) (4) (relating to definition of section 38 property) is amended by adding at the end thereof the following new sentence: “If the property is debt-financed property (as defined in section 514(c)), the basis or cost of such property for purposes of computing qualified investment under section 46(c) shall include only that percentage of the basis or cost which is the same percentage as is used under section 514(b), for the year the property is placed in service, in computing the amount of gross income to be taken into account during such taxable year with respect to such property.”

(B) The second sentence of section 681(a) (relating to limitation on charitable deduction of taxable trusts) is amended by striking out the words “certain leases” and inserting in lieu thereof “certain property acquired with borrowed funds”.

(C) Section 1443(a) (relating to withholding of tax on payments to foreign tax-exempt organizations) is amended by striking out “rents” and inserting in lieu thereof “income”.

"(c) RESTRICTION ON EXAMINATION OF CHURCHES.—No examination of the books of account of a church or convention or association of churches shall be made to determine whether such organization may be engaged in the carrying on of an unrelated trade or business or may be otherwise engaged in activities which may be subject to tax under part III of subchapter F of chapter 1 of this title (sec. 511 and following, relating to taxation of business income of exempt organizations) unless the Secretary or his delegate (such officer being no lower than a principal internal revenue officer for an internal revenue region) believes that such organization may be so engaged and so notifies the organization in advance of the examination. No examination of the religious activities of such an organization shall be made except to the extent necessary to determine whether such organization is a church or a convention or association of churches, and no examination of the books of account of such an organization shall be made other than to the extent necessary to determine the amount of tax imposed by this title."

“(3) **FUTURE INTERESTS IN TANGIBLE PERSONAL PROPERTY.**—For purposes of this section, payment of a charitable contribution which consists of a future interest in tangible personal property shall be treated as made only when all intervening interests in, and rights to the actual possession or enjoyment of, the property have expired or are held by persons other than the taxpayer or those standing in a relationship to the taxpayer described in section

68A Stat. 78.
26 USC 267.

267(b). For purposes of the preceding sentence, a fixture which is intended to be severed from the real property shall be treated as tangible personal property.

“(A) GENERAL RULE.—Any charitable contribution to—
“(i) a church or a convention or association of churches,

“(iv) an organization which normally receives a substantial part of its support (exclusive of income received in the exercise or performance by such organization of its charitable, educational, or other purpose or function constituting the basis for its exemption under section 501(a)) from the United States or any State or political subdivision thereof or from direct or indirect contributions from the general public, and which is organized and operated exclusively to receive, hold, invest, and administer property and to make expenditures to or for the benefit of a college or university which is an organization referred to in clause (ii) of this subparagraph and which is an agency or instrumentality of a State or political subdivision thereof, or which is owned or operated by a State or political subdivision thereof or by an agency or instrumentality of one or more States or political subdivisions,

“(v) a governmental unit referred to in subsection (c) (1),

“(vi) an organization referred to in subsection (c) (2) which normally receives a substantial part of its support (exclusive of income received in the exercise or performance by such organization of its charitable, educational, or other purpose or function constituting the basis for its exemption under section 501(a)) from a governmental unit referred to in subsection (c) (1) or from direct or indirect contributions from the general public,

“(vii) a private foundation described in subparagraph (E), or

“(viii) an organization described in section 509(a) (2) or (3), shall be allowed to the extent that the aggregate of such contributions does not exceed 50 percent of the taxpayer’s contribution base for the taxable year.

Ante, p. 496.

“(B) OTHER CONTRIBUTIONS.—Any charitable contribution other than a charitable contribution to which subparagraph (A) applies shall be allowed to the extent that the aggregate of such contributions does not exceed the lesser of—

“(C) UNLIMITED DEDUCTION FOR CERTAIN INDIVIDUALS.—Subject to the provisions of subsections (f) (6) and (g), the limitations in subparagraphs (A), (B), and (D), and the provisions of subsection (e) (1) (B), shall not apply, in the case of an individual for a taxable year beginning before January 1, 1975, if in such taxable year and in 8 of the 10 preceding taxable years, the amount of the charitable contributions, plus the amount of income tax (determined without regard to chapter 2, relating to tax on self-employment income) paid during such year in respect of such year or preceding taxable years, exceeds the transitional deduction percentage (determined under subsection (f) (6)) of the taxpayer’s taxable income for such year, computed without regard to—

68A Stat. 353;
81 Stat. 835.
26 USC 1401.

Post, pp. 675,
676.

“(iii) any net operating loss carryback to the taxable year under section 172.

Post, p. 619.

In lieu of the amount of income tax paid during any such year, there may be substituted for that year the amount of income tax paid in respect of such year, provided that any amount so included in the year in respect of which payment was made shall not be included in any other year.

“(D) SPECIAL LIMITATION WITH RESPECT TO CONTRIBUTIONS OF CERTAIN CAPITAL GAIN PROPERTY.—

“(i) In the case of charitable contributions of capital gain property to which subsection (e) (1) (B) does not apply, the total amount of contributions of such property which may be taken into account under subsection (a) for any taxable year shall not exceed 30 percent of the taxpayer’s contribution base for such year. For purposes of this subsection, contributions of capital gain property to which this paragraph applies shall be taken into account after all other charitable contributions.

“(ii) If charitable contributions described in subparagraph (A) of capital gain property to which clause (i) applies exceeds 30 percent of the taxpayer’s contribution base for any taxable year, such excess shall be treated, in a manner consistent with the rules of subsection (d) (1), as a charitable contribution of capital gain property to which clause (i) applies in each of the 5 succeeding taxable years in order of time.

“(iii) At the election of the taxpayer (made at such time and in such manner as the Secretary or his delegate prescribes by regulations), subsection (e) (1) shall apply to all contributions of capital gain property (to which subsection (e) (1) (B) does not otherwise apply) made by the taxpayer during the taxable year. If such an election is made, clauses (i) and (ii) shall not apply to contributions of capital gain property made during the taxable year, and, in applying subsection (d) (1) for such taxable year with respect to contributions of capital gain property made in any prior contribution year for which an election was not made under this clause, such contributions shall be reduced as if subsection (e) (1) had applied to such contributions in the year in which made.

“(iv) For purposes of this subparagraph, the term ‘capital gain property’ means, with respect to any contribution, any capital asset the sale of which at its fair market value at the time of the contribution would have resulted in gain which would have been long-term capital gain. For purposes of the preceding sentence, any property which is property used in the trade or business (as defined in section 1231(b)) shall be treated as a capital asset.

“(E) CERTAIN PRIVATE FOUNDATIONS.—The private foundations referred to in subparagraph (A) (vii) and subsection (e) (1) (B) are—

“(i) a private operating foundation (as defined in section 4942(j) (3)),

“(ii) any other private foundation (as defined in section 509(a)) which, not later than the 15th day of the third month after the close of the foundation’s taxable year in which contributions are received, makes qualifying distributions (as defined in section 4942(g), without regard to paragraph (3) thereof), which are treated, after the application of section 4942(g) (3), as distributions out of corpus (in accordance with section 4942(h)) in an amount equal to 100 percent of such contributions, and with respect to which the taxpayer obtains adequate records or other sufficient evidence from the foundation showing that the foundation made such qualifying distributions, and

“(iii) a private foundation all of the contributions to which are pooled in a common fund and which would be described in section 509(a) (3) but for the right of any substantial contributor (hereafter in this clause called ‘donor’) or his spouse to designate annually the recipients, from among organizations described in paragraph (1) of section 509(a), of the income attributable to the donor’s contribution to the fund and to direct (by deed or by will) the payment, to an organization described in such paragraph (1), of the corpus in the common fund attributable to the donor’s contribution; but this clause shall apply only if all of the income of the common fund is required to be (and is) distributed to one or more organizations described in such paragraph (1) not later than the 15th day of the third month after the close of the taxable year in which the income is realized by the fund and only if

all of the corpus attributable to any donor's contribution to the fund is required to be (and is) distributed to one or more of such organizations not later than one year after his death or after the death of his surviving spouse if she has the right to designate the recipients of such corpus.

76 Stat. 889.
26 USC 172.

“(2) CORPORATIONS.—In the case of a corporation, the total deductions under subsection (a) for any taxable year shall not exceed 5 percent of the taxpayer's taxable income computed without regard to—

“(B) part VIII (except section 248),

26 USC 241-248.

“(C) any net operating loss carryback to the taxable year under section 172,

Post, p. 638.

“(c) CHARITABLE CONTRIBUTION DEFINED.—For purposes of this section, the term ‘charitable contribution’ means a contribution or gift to or for the use of—

“(1) A State, a possession of the United States, or any political subdivision of any of the foregoing, or the United States or the District of Columbia, but only if the contribution or gift is made for exclusively public purposes.

“(2) A corporation, trust, or community chest, fund, or foundation—

“(A) created or organized in the United States or in any possession thereof, or under the law of the United States, any State, the District of Columbia, or any possession of the United States;

“(B) organized and operated exclusively for religious, charitable, scientific, literary, or educational purposes or for the prevention of cruelty to children or animals;

“(C) no part of the net earnings of which inures to the benefit of any private shareholder or individual; and

“(D) no substantial part of the activities of which is carrying on propaganda, or otherwise attempting, to influence legislation, and which does not participate in, or intervene in (including the publishing or distributing of statements), any political campaign on behalf of any candidate for public office.

A contribution or gift by a corporation to a trust, chest, fund, or foundation shall be deductible by reason of this paragraph only if it is to be used within the United States or any of its possessions exclusively for purposes specified in subparagraph (B).

“(3) A post or organization of war veterans, or an auxiliary unit or society of, or trust or foundation for, any such post or organization—

“(4) In the case of a contribution or gift by an individual, a domestic fraternal society, order, or association, operating under the lodge system, but only if such contribution or gift is to be used exclusively for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals.

“(5) A cemetery company owned and operated exclusively for the benefit of its members, or any corporation chartered solely for burial purposes as a cemetery corporation and not permitted by its charter to engage in any business not necessarily incident to that purpose, if such company or corporation is not operated for profit and no part of the net earnings of such company or corporation inures to the benefit of any private shareholder or individual.

For purposes of this section, the term ‘charitable contribution’ also means an amount treated under subsection (h) as paid for the use of an organization described in paragraph (2), (3), or (4).

“(d) CARRYOVERS OF EXCESS CONTRIBUTIONS.—

“(1) INDIVIDUALS.—

“(A) IN GENERAL.—In the case of an individual, if the amount of charitable contributions described in subsection (b) (1) (A) payment of which is made within a taxable year (hereinafter in this paragraph referred to as the ‘contribution year’) exceeds 50 percent (30 percent, in the case of a contribution year beginning before January 1, 1970) of the taxpayer’s contribution base for such year, such excess shall be treated as a charitable contribution described in subsection (b) (1) (A) paid in each of the 5 succeeding taxable years in order of time, but, with respect to any such succeeding taxable year, only to the extent of the lesser of the two following amounts:

“(i) the amount by which 50 percent of the taxpayer’s contribution base for such succeeding taxable year exceeds the sum of the charitable contributions described in subsection (b) (1) (A) payment of which is made by the taxpayer within such succeeding taxable year (determined without regard to this subparagraph) and the charitable contributions described in subsection (b) (1) (A) payment of which was made in taxable years before the contribution year which are treated under this subparagraph as having been paid in such succeeding taxable year; or

“(ii) in the case of the first succeeding taxable year, the amount of such excess, and in the case of the second, third, fourth, or fifth succeeding taxable year, the portion of such excess not treated under this subparagraph as a charitable contribution described in subsection (b) (1) (A) paid in any taxable year intervening between the contribution year and such succeeding taxable year.

“(B) SPECIAL RULE FOR NET OPERATING LOSS CARRYOVERS.—

In applying subparagraph (A), the excess determined under subparagraph (A) for the contribution year shall be reduced to the extent that such excess reduces taxable income (as computed for purposes of the second sentence of section 172 (b) (2)) and increases the net operating loss deduction for a taxable year succeeding the contribution year.

“(2) CORPORATIONS.—

“(A) IN GENERAL.—Any contribution made by a corporation in a taxable year (hereinafter in this paragraph referred

to as the 'contribution year') in excess of the amount deductible for such year under subsection (b) (2) shall be deductible for each of the 5 succeeding taxable years in order of time, but only to the extent of the lesser of the two following amounts: (i) the excess of the maximum amount deductible for such succeeding taxable year under subsection (b) (2) over the sum of the contributions made in such year plus the aggregate of the excess contributions which were made in taxable years before the contribution year and which are deductible under this subparagraph for such succeeding taxable year; or (ii) in the case of the first succeeding taxable year, the amount of such excess contribution, and in the case of the second, third, fourth, or fifth succeeding taxable year, the portion of such excess contribution not deductible under this subparagraph for any taxable year intervening between the contribution year and such succeeding taxable year.

"(B) SPECIAL RULE FOR NET OPERATING LOSS CARRYOVERS.—For purposes of subparagraph (A), the excess of—

"(i) the contributions made by a corporation in a taxable year to which this section applies, over

"(ii) the amount deductible in such year under the limitation in subsection (b) (2),

"(A) the amount of gain which would not have been long-term capital gain if the property contributed had been sold by the taxpayer at its fair market value (determined at the time of such contribution), and

"(B) in the case of a charitable contribution—

"(i) of tangible personal property, if the use by the donee is unrelated to the purpose or function constituting the basis for its exemption under section 501 (or, in the case of a governmental unit, to any purpose or function described in subsection (c)), or

50 percent (62½ percent, in the case of a corporation) of the amount of gain which would have been long-term capital gain if the property contributed had been sold by the taxpayer at its fair market value (determined at the time of such contribution).

For purposes of applying this paragraph (other than in the case of gain to which section 617(d) (1), 1245(a), 1250(a), 1251(c), or 1252(a) applies), property which is property used in the trade or business (as defined in section 1231(b)) shall be treated as a capital asset.

"(2) ALLOCATION OF BASIS.—For purposes of paragraph (1), in the case of a charitable contribution of less than the taxpayer's entire interest in the property contributed, the taxpayer's adjusted

“(f) **DISALLOWANCE OF DEDUCTION IN CERTAIN CASES AND SPECIAL RULES.**—

“(1) **IN GENERAL.**—No deduction shall be allowed under this section for a contribution to or for the use of an organization or trust described in section 508(d) or 4948(c)(4) subject to the conditions specified in such sections.

“(2) **CONTRIBUTIONS OF PROPERTY PLACED IN TRUST.**—

“(A) **REMAINDER INTEREST.**—In the case of property transferred in trust, no deduction shall be allowed under this section for the value of a contribution of a remainder interest unless the trust is a charitable remainder annuity trust or a charitable remainder unitrust (described in section 664), or a pooled income fund (described in section 642(c)(5)).

“(B) **INCOME INTERESTS, ETC.**—No deduction shall be allowed under this section for the value of any interest in property (other than a remainder interest) transferred in trust unless the interest is in the form of a guaranteed annuity or the trust instrument specifies that the interest is a fixed percentage distributed yearly of the fair market value of the trust property (to be determined yearly) and the grantor is treated as the owner of such interest for purposes of applying section 671. If the donor ceases to be treated as the owner of such an interest for purposes of applying section 671, at the time the donor ceases to be so treated, the donor shall for purposes of this chapter be considered as having received an amount of income equal to the amount of any deduction he received under this section for the contribution reduced by the discounted value of all amounts of income earned by the trust and taxable to him before the time at which he ceases to be treated as the owner of the interest. Such amounts of income shall be discounted to the date of the contribution. The Secretary or his delegate shall prescribe such regulations as may be necessary to carry out the purposes of this subparagraph.

“(C) **DENIAL OF DEDUCTION IN CASE OF PAYMENTS BY CERTAIN TRUSTS.**—In any case in which a deduction is allowed under this section for the value of an interest in property described in subparagraph (B), transferred in trust, no deduction shall be allowed under this section to the grantor or any other person for the amount of any contribution made by the trust with respect to such interest.

“(D) **EXCEPTION.**—This paragraph shall not apply in a case in which the value of all interests in property transferred in trust are deductible under subsection (a).

“(3) **DENIAL OF DEDUCTION IN CASE OF CERTAIN CONTRIBUTIONS OF PARTIAL INTERESTS IN PROPERTY.**—

“(A) **IN GENERAL.**—In the case of a contribution (not made by a transfer in trust) of an interest in property which consists of less than the taxpayer's entire interest in such property, a deduction shall be allowed under this section only to the extent that the value of the interest contributed would be allowable as a deduction under this section if such interest had been transferred in trust. For purposes of this subparagraph, a contribution by a taxpayer of the right to use property shall be treated as a contribution of less than the taxpayer's entire interest in such property.

“(B) EXCEPTIONS.—Subparagraph (A) shall not apply to a contribution of—

“(i) a remainder interest in a personal residence or farm, or

“(ii) an undivided portion of the taxpayer's entire interest in property.

“(4) VALUATION OF REMAINDER INTEREST IN REAL PROPERTY.—For purposes of this section, in determining the value of a remainder interest in real property, depreciation (computed on the straight line method) and depletion of such property shall be taken into account, and such value shall be discounted at a rate of 6 percent per annum, except that the Secretary or his delegate may prescribe a different rate.

“(5) REDUCTION FOR CERTAIN INTEREST.—If, in connection with any charitable contribution, a liability is assumed by the recipient or by any other person, or if a charitable contribution is of property which is subject to a liability, then, to the extent necessary to avoid the duplication of amounts, the amount taken into account for purposes of this section as the amount of the charitable contribution—

“(A) shall be reduced for interest (i) which has been paid (or is to be paid) by the taxpayer, (ii) which is attributable to the liability, and (iii) which is attributable to any period after the making of the contribution, and

“(B) in the case of a bond, shall be further reduced for interest (i) which has been paid (or is to be paid) by the taxpayer on indebtedness incurred or continued to purchase or carry such bond, and (ii) which is attributable to any period before the making of the contribution.

The reduction pursuant to subparagraph (B) shall not exceed the interest (including interest equivalent) on the bond which is attributable to any period before the making of the contribution and which is not (under the taxpayer's method of accounting) includible in the gross income of the taxpayer for any taxable year. For purposes of this paragraph, the term ‘bond’ means any bond, debenture, note, or certificate or other evidence of indebtedness.

“(6) PARTIAL REDUCTION OF UNLIMITED DEDUCTION.—

“(A) IN GENERAL.—If the limitations in subsections (b) (1) (A) and (B) do not apply because of the application of subsection (b) (1) (C), the amount otherwise allowable as a deduction under subsection (a) shall be reduced by the amount by which the taxpayer's taxable income computed without regard to this subparagraph is less than the transitional income percentage (determined under subparagraph (C)) of the taxpayer's adjusted gross income. However, in no case shall a taxpayer's deduction under this section be reduced below the amount allowable as a deduction under this section without the applicability of subsection (b) (1) (C).

“(B) TRANSITIONAL DEDUCTION PERCENTAGE.—For purposes of applying subsection (b) (1) (C), the term ‘transitional deduction percentage’ means—

For purposes of this subpart, a trust shall not be considered to be a trust which is not required to distribute all of its income currently for any taxable year prior to the first taxable year in which income is accumulated.

“(b) TAX ON DISTRIBUTION.—

“(1) ALTERNATIVE METHODS.—Except as provided in paragraph (2), the partial tax imposed by subsection (a)(2) shall be the lesser of—

“(A) the aggregate of the taxes attributable to the amounts deemed distributed under section 666 had they been included in the gross income of the beneficiary on the last day of each respective preceding taxable year, or

“(B) the tax determined by multiplying, by the number of preceding taxable years of the trust, on the last day of which an amount is deemed under section 666(a) to have been distributed, the average of the increase in tax attributable to recomputing the beneficiary's gross income for each of the beneficiary's 3 taxable years immediately preceding the year of the accumulation distribution by adding to the income of each of such years an amount determined by dividing the amount deemed distributed under section 666 and required to be included in income under subsection (a) by such number of preceding taxable years of the trust,

less an amount equal to the amount of taxes deemed distributed to the beneficiary under sections 666 (b) and (c).

“(2) SPECIAL RULES.—

“(A) If a beneficiary was not in existence on the last day of a preceding taxable year of the trust with respect to which a distribution is deemed made under section 666(a), the partial tax under either paragraph (1)(A) or (1)(B) shall be computed as if the beneficiary were in existence on the last day of such year on the basis that the beneficiary had no gross income (other than amounts deemed distributed to him under sections 666 and 669 by the same or other trusts) and no deductions for such year.

“(B) The partial tax shall not be computed under the provisions of subparagraph (B) of paragraph (1) if, in the same prior taxable year of the beneficiary in which any part of the accumulation distribution is deemed under section 666(a) to have been distributed to such beneficiary, some part of prior accumulation distributions by each of two or more other trusts

is deemed under section 666(a) to have been distributed to such beneficiary.

“(C) If the partial tax is computed under paragraph (1)(B), and the amount of the undistributed net income deemed distributed in any preceding taxable year of the trust is less than 25 percent of the amount of the accumulation distribution divided by the number of preceding taxable years to which the accumulation distribution is allocated under section 666(a), the number of preceding taxable years of the trust with respect to which an amount is deemed distributed to a beneficiary under section 666(a) shall be determined without regard to such year.

“(3) EFFECT OF OTHER ACCUMULATION DISTRIBUTIONS AND CAPITAL GAIN DISTRIBUTIONS.—In computing the partial tax under paragraph (1) for any beneficiary, the income of such beneficiary for each of his prior taxable years—

“(A) shall include amounts previously deemed distributed to such beneficiary in such year under section 666 or 669 as a result of prior accumulation distributions or capital gain distributions (whether from the same or another trust), and

“(B) shall not include amounts deemed distributed to such beneficiary in such year under section 669 as a result of a capital gain distribution from the same trust in the current year.

“(4) MULTIPLE DISTRIBUTIONS IN THE SAME TAXABLE YEAR.—In the case of accumulation distributions made from more than one trust which are includible in the income of a beneficiary in the same taxable year, the distributions shall be deemed to have been made consecutively in whichever order the beneficiary shall determine.

“(5) INFORMATION REQUIREMENTS WITH RESPECT TO BENEFICIARY.—

“(A) Except as provided in subparagraph (B), the partial tax shall not be computed under the provisions of paragraph (1)(A) unless the beneficiary supplies such information with respect to his income, for each taxable year with which or in which ends a taxable year of the trust on the last day of which an amount is deemed distributed under section 666(a), as the Secretary or his delegate prescribes by regulations.

“(B) If by reason of paragraph (2)(B) the provisions of paragraph (1)(B) do not apply, the determination of the amount of the beneficiary's income for a taxable year for which the beneficiary has not supplied the information required under subparagraph (A) shall be made by the Secretary or his delegate on the basis of information available to him.

“SEC. 669. TREATMENT OF CAPITAL GAIN DEEMED DISTRIBUTED IN PRECEDING YEARS.

“(a) AMOUNT ALLOCATED.—In the case of a trust which is not required to distribute all of its income currently, the amount of a capital gain distribution of such trust for a taxable year shall be deemed to be an amount properly paid, credited, or required to be distributed on the last day of each of the preceding taxable years, commencing with the earliest of such years, to the extent that such amount exceeds the total of any undistributed capital gain for all earlier preceding taxable years. The amount deemed to be distributed in any such preceding taxable year under the preceding sentence shall not exceed the undistributed capital gain for such preceding taxable year. For purposes of

this subsection, undistributed capital gain for each of such preceding taxable years shall be computed without regard to such capital gain distribution and without regard to any capital gain distribution determined for any succeeding taxable year.

“(b) **TAX ON DISTRIBUTION.**—The partial tax imposed by section 668 (a) (3) shall be the lesser of—

“(1) the aggregate of the taxes attributable to the amounts deemed distributed under this section, had such amounts been included in the gross income of the beneficiary on the last day of each respective preceding taxable year, or

“(2) the tax determined by multiplying by the number of preceding taxable years of the trust, on the last day of which net gains from the sale or exchange of capital assets are deemed under subsection (a) to have been distributed, the average of the increase in tax attributable to recomputing the beneficiary's gross income for each of the beneficiary's 3 taxable years immediately preceding the year of the capital gain distribution by adding to the income of each of such years an amount determined by dividing the total of the amounts deemed distributed under this section and required to be included in income under section 668 (a) by such number of preceding taxable years of the trust,

less an amount equal to the amount of taxes deemed distributed to the beneficiary under subsections (d) and (e) which are attributable to the capital gain distribution.

“(c) **EFFECT OF OTHER DISTRIBUTIONS; SPECIAL RULES, ETC.**—In computing the partial tax under subsection (b) for any beneficiary, the income of such beneficiary for each of his prior taxable years—

“(1) shall include amounts previously deemed distributed to such beneficiary in such year under section 666 or 669 as a result of prior accumulation distributions or capital gain distributions (whether from the same or another trust), and

“(2) shall include amounts deemed distributed to such beneficiary in such year under section 666 as a result of an accumulation distribution from the same trust in the current year.

Under regulations prescribed by the Secretary or his delegate, rules similar to the rules provided by paragraphs (2), (4), and (5) of section 668 (b) shall be applied for purposes of this section.

“(d) **TOTAL TAXES DEEMED DISTRIBUTED.**—If any portion of a capital gain distribution for any taxable year is deemed under subsection (a) to be an amount properly paid, credited or required to be distributed on the last day of any preceding taxable year, and such portion of such capital gain distribution is not less than the undistributed capital gain for such preceding taxable year, the trust shall be deemed to have properly distributed on the last day of such preceding taxable year an additional amount. Such additional amount shall be equal to the taxes imposed on the trust for such preceding taxable year attributable to such undistributed capital gain. For purposes of this subsection, the undistributed capital gain and the taxes imposed on the trust for such preceding taxable year attributable to such gain shall be computed without regard to such capital gain distribution and without regard to any capital gain distribution determined for any succeeding taxable year.

“(e) **PRO RATA PORTION OF TAXES DEEMED DISTRIBUTED.**—If any portion of a capital gain distribution for any taxable year is deemed under subsection (a) to be an amount properly paid, credited, or required to be distributed on the last day of any preceding taxable year and such portion of the capital gain distribution is less than the undistributed capital gain for such preceding taxable year, the trust shall

be deemed to have properly distributed on the last day of such preceding taxable year an additional amount. Such additional amount shall be equal to the taxes imposed on the trust for such taxable year attributable to such undistributed capital gain multiplied by the ratio of the portion of the capital gain distribution to the undistributed capital gain of the trust for such year. For purposes of this subsection, the undistributed capital gain and the taxes imposed on the trust for such preceding taxable year attributable to such gain shall be computed without regard to the capital gain distribution and without regard to any capital gain distribution determined for any succeeding taxable year.

“(f) CHARACTER OF CAPITAL GAIN.—For purposes of this section, the character of the capital gain of a trust for any taxable year with respect to a beneficiary shall be the same as it was with respect to the trust.”

“(B) assets of another corporation (hereinafter in this section referred to as ‘acquired corporation’) pursuant to a plan under which at least two-thirds (in value) of all the assets (excluding money) used in trades and businesses carried on by such corporation are acquired,

“(2) such obligation is either—

“(A) subordinated to the claims of trade creditors of the issuing corporation generally, or

“(B) expressly subordinated in right of payment to the payment of any substantial amount of unsecured indebtedness, whether outstanding or subsequently issued, of the issuing corporation,

“(3) the bond or other evidence of indebtedness is either—

“(A) convertible directly or indirectly into stock of the issuing corporation, or

“(4) as of a day determined under subsection (c) (1), either—

“(A) the ratio of debt to equity (as defined in subsection (c) (2)) of the issuing corporation exceeds 2 to 1, or

“(B) the projected earnings (as defined in subsection (c) (3)) do not exceed 3 times the annual interest to be paid or incurred (determined under subsection (c) (4)).

“(c) RULES FOR APPLICATION OF SUBSECTION (b) (4).—For purposes of subsection (b) (4)—

“(1) TIME OF DETERMINATION.—Determinations are to be made as of the last day of any taxable year of the issuing corporation in which it issues any obligation to provide consideration for an acquisition described in subsection (b) (1) of stock in, or assets of, the acquired corporation.

“(2) RATIO OF DEBT TO EQUITY.—The term ‘ratio of debt to equity’ means the ratio which the total indebtedness of the issuing corporation bears to the sum of its money and all its other assets (in an amount equal to their adjusted basis for determining gain) less such total indebtedness.

“(3) PROJECTED EARNINGS.—

“(A) The term ‘projected earnings’ means the ‘average annual earnings’ (as defined in subparagraph (B)) of—

“(i) the issuing corporation only, if clause (ii) does not apply, or

“(ii) both the issuing corporation and the acquired corporation, in any case where the issuing corporation has acquired control (as defined in section 368(c)), or has acquired substantially all of the properties, of the acquired corporation.

“(B) The average annual earnings referred to in subparagraph (A) is, for any corporation, the amount of its earnings and profits for any 3-year period ending with the last day of a taxable year of the issuing corporation described in paragraph (1), computed without reduction for—

“(i) interest paid or incurred,

“(ii) depreciation or amortization allowed under this chapter,

“(iii) liability for tax under this chapter, and

“(iv) distributions to which section 301(c)(1) applies (other than such distributions from the acquired to the issuing corporation),

Such regulations shall include rules for cases where any corporation was not in existence for all of such 3-year period or such period includes only a portion of a taxable year of any corporation.

“(4) ANNUAL INTEREST TO BE PAID OR INCURRED.—The term ‘annual interest to be paid or incurred’ means—

“(A) if subparagraph (B) does not apply, the annual interest to be paid or incurred by the issuing corporation only, determined by reference to its total indebtedness outstanding, or

“(B) if projected earnings are determined under clause (ii) of paragraph (3)(A), the annual interest to be paid or incurred by both the issuing corporation and the acquired corporation, determined by reference to their combined total indebtedness outstanding.

“(5) SPECIAL RULES FOR BANKS AND LENDING OR FINANCE COMPANIES.—With respect to any corporation which is a bank (as defined in section 581) or is primarily engaged in a lending or finance business—

“(A) in determining under paragraph (2) the ratio of debt to equity of such corporation (or of the affiliated group of which such corporation is a member), the total indebtedness of such corporation (and the assets of such corporation) shall be reduced by an amount equal to the total indebtedness owed to such corporation which arises out of the banking business of such corporation, or out of the lending or finance business of such corporation, as the case may be;

“(B) in determining under paragraph (4) the annual interest to be paid or incurred by such corporation (or by the issuing and acquired corporations referred to in paragraph (4)(B) or by the affiliated group of which such corporation is a member) the amount of such interest (determined without regard to this paragraph) shall be reduced by an amount which bears the same ratio to the amount of such interest as the amount of the reduction for the taxable year under subparagraph (A) bears to the total indebtedness of such corporation; and

“(C) in determining under paragraph (3)(B) the average annual earnings, the amount of the earnings and profits for the 3-year period shall be reduced by the sum of the reductions under subparagraph (B) for such period.

For purposes of this paragraph, the term ‘lending or finance business’ means a business of making loans or purchasing or discounting accounts receivable, notes, or installment obligations.

“(d) TAXABLE YEARS TO WHICH APPLICABLE.—In applying this section—

“(1) FIRST YEAR OF DISALLOWANCE.—The deduction of interest on any obligation shall not be disallowed under subsection (a) before the first taxable year of the issuing corporation as of the last day of which the application of either subparagraph (A) or subparagraph (B) of subsection (b) (4) results in such obligation being corporate acquisition indebtedness.

“(2) GENERAL RULE FOR SUCCEEDING YEARS.—Except as provided in paragraphs (3), (4), and (5), if an obligation is determined to be corporate acquisition indebtedness as of the last day of any taxable year of the issuing corporation, it shall be corporate acquisition indebtedness for such taxable year and all subsequent taxable years.

“(3) REDETERMINATION WHERE CONTROL, ETC., IS ACQUIRED.—If an obligation is determined to be corporate acquisition indebtedness as of the close of a taxable year of the issuing corporation in which clause (i) of subsection (c) (3) (A) applied, but would not be corporate acquisition indebtedness if the determination were made as of the close of the first taxable year of such corporation thereafter in which clause (ii) of subsection (c) (3) (A) could apply, such obligation shall be considered not to be corporate acquisition indebtedness for such later taxable year and all taxable years thereafter.

“(4) SPECIAL 3-YEAR RULE.—If an obligation which has been determined to be corporate acquisition indebtedness for any taxable year would not be such indebtedness for each of any 3 consecutive taxable years thereafter if subsection (b) (4) were applied as of the close of each of such 3 years, then such obligation shall not be corporate acquisition indebtedness for all taxable years after such 3 consecutive taxable years.

“(5) 5 PERCENT STOCK RULE.—In the case of obligations issued to provide consideration for the acquisition of stock in another corporation, such obligations shall be corporate acquisition indebtedness for a taxable year only if at some time after October 9, 1969, and before the close of such year the issuing corporation owns 5 percent or more of the total combined voting power of all classes of stock entitled to vote of such other corporation.

“(e) CERTAIN NONTAXABLE TRANSACTIONS.—An acquisition of stock of a corporation of which the issuing corporation is in control (as defined in section 368(c)) in a transaction in which gain or loss is not recognized shall be deemed an acquisition described in paragraph (1) of subsection (b) only if immediately before such transaction (1) the acquired corporation was in existence, and (2) the issuing corporation was not in control (as defined in section 368(c)) of such corporation.

“(f) EXEMPTION FOR CERTAIN ACQUISITIONS OF FOREIGN CORPORATIONS.—For purposes of this section, the term ‘corporate acquisition indebtedness’ does not include any indebtedness issued to any person to provide consideration for the acquisition of stock in, or assets of, any foreign corporation substantially all of the income of which, for the 3-year period ending with the date of such acquisition or for such part of such period as the foreign corporation was in existence, is from sources without the United States.

“(g) AFFILIATED GROUPS.—In any case in which the issuing corporation is a member of an affiliated group, the application of this section shall be determined, pursuant to regulations prescribed by the Secretary or his delegate, by treating all of the members of the affiliated group in the aggregate as the issuing corporation, except that the ratio of debt to equity of, projected earnings of, and annual interest to be

paid or incurred by any corporation (other than the issuing corporation determined without regard to this subsection) shall be included in the determinations required under subparagraphs (A) and (B) of subsection (b) (4) as of any day only if such corporation is a member of the affiliated group on such day, and, in determining projected earnings of such corporation under subsection (c) (3), there shall be taken into account only the earnings and profits of such corporation for the period during which it was a member of the affiliated group. For purposes of the preceding sentence, the term 'affiliated group' has the meaning assigned to such term by section 1504 (a), except that all corporations other than the acquired corporation shall be treated as includible corporations (without any exclusion under section 1504 (b)) and the acquired corporation shall not be treated as an includible corporation.

“(2) Any obligation which is corporate acquisition indebtedness of the issuing corporation is also corporate acquisition indebtedness of any corporation which becomes liable for such obligation as guarantor, endorser, or indemnitor or which assumes liability for such obligation in any transaction.

“(i) **CERTAIN OBLIGATIONS ISSUED AFTER OCTOBER 9, 1969.**—For purposes of this section, an obligation shall not be corporate acquisition indebtedness if issued after October 9, 1969, to provide consideration for the acquisition of—

“(1) stock or assets pursuant to a binding written contract which was in effect on October 9, 1969, and at all times thereafter before such acquisition, or

“(2) stock in any corporation where the issuing corporation, on October 9, 1969, and at all times thereafter before such acquisition, owned at least 50 percent of the total combined voting power of all classes of stock entitled to vote of the acquired corporation.

Paragraph (2) shall cease to apply when (at any time on or after October 9, 1969) the issuing corporation has acquired control (as defined in section 368 (c)) of the acquired corporation.

26 USC 368.

“(j) **EFFECT ON OTHER PROVISIONS.**—No inference shall be drawn from any provision in this section that any instrument designated as a bond, debenture, note, or certificate or other evidence of indebtedness by its issuer represents an obligation or indebtedness of such issuer in applying any other provision of this title.”

(b) **CLERICAL AMENDMENT.**—The table of sections for part IX of subchapter B of chapter 1 is amended by adding at the end thereof the following new item:

“Sec. 279. Interest on indebtedness incurred by corporation to acquire stock or assets of another corporation.”

"(a) **GENERAL RULE.**—For purposes of this subtitle, in the case of bonds, debentures, notes, or certificates or other evidences of indebtedness, which are capital assets in the hands of the taxpayer, and which are issued by any corporation, or by any government or political subdivision thereof—

"(1) **RETIREMENT.**—Amounts received by the holder on retirement of such bonds or other evidences of indebtedness shall be considered as amounts received in exchange therefor (except that in the case of bonds or other evidences of indebtedness issued before January 1, 1955, this paragraph shall apply only to those issued with interest coupons or in registered form, or to those in such form on March 1, 1954).

"(2) **SALE OR EXCHANGE.**—

"(A) **CORPORATE BONDS ISSUED AFTER MAY 27, 1969.**—Except as provided in subparagraph (C), on the sale or exchange of bonds or other evidences of indebtedness issued by a corporation after May 27, 1969, held by the taxpayer more than 6 months, any gain realized shall (except as provided in the following sentence) be considered gain from the sale or exchange of a capital asset held for more than 6 months. If at the time of original issue there was an intention to call the bond or other evidence of indebtedness before maturity, any gain realized on the sale or exchange thereof which does not exceed an amount equal to the original issue discount (as defined in subsection (b)) reduced by the portion of original issue discount previously includible in the gross income of any holder (as provided in paragraph (3)(B)) shall be considered as gain from the sale or exchange of property which is not a capital asset.

"(B) **CORPORATE BONDS ISSUED ON OR BEFORE MAY 27, 1969, AND GOVERNMENT BONDS.**—Except as provided in subparagraph (C), on the sale or exchange of bonds or other evidences of indebtedness issued by a government or political subdivision thereof after December 31, 1954, or by a corporation after December 31, 1954, and on or before May 27, 1969, held by the taxpayer more than 6 months, any gain realized which does not exceed—

before maturity, an amount which bears the same ratio to the original issue discount (as defined in subsection (b)) as the number of complete months that the bond or other evidence of indebtedness was held by the taxpayer bears to the number of complete months from the date of original issue to the date of maturity,

shall be considered as gain from the sale or exchange of property which is not a capital asset. Gain in excess of such amount shall be considered gain from the sale or exchange of a capital asset held more than 6 months.

“(C) EXCEPTIONS.—This paragraph shall not apply to—

Except as provided in subparagraph (B), the ratable monthly portion of original issue discount shall equal the original issue discount (as defined in subsection (b)) divided by the number of complete months from the date of original issue to the stated maturity date of such bond or other evidence of indebtedness. For purposes of this section, a complete month commences with the date of original issue and the corresponding day of each succeeding calendar month (or the last day of a calendar month in which there is no corresponding day); and, in any case where a bond or other evidence of indebtedness is acquired on any other day, the ratable monthly portion of original issue discount for the complete month in which such acquisition occurs shall be allocated between the transferor and the transferee in accordance with the number of days in such complete month each held the bond or other evidence of indebtedness.

“(B) REDUCTION IN CASE OF ANY SUBSEQUENT HOLDER.—For purposes of this paragraph, the ratable monthly portion of original issue discount shall not include an amount, determined at the time of any purchase after the original issue of such bond or other evidence of indebtedness, equal to the excess of—

“(i) the cost of such bond or other evidence of indebtedness incurred by such holder, over

“(ii) the issue price of such bond or other evidence of indebtedness increased by the portion of original discount previously includible in the gross income of any holder (computed without regard to this subparagraph),

divided by the number of complete months (plus any fractional part of a month commencing with the date of purchase) from the date of such purchase to the stated maturity date of such bond or other evidence of indebtedness.

“(C) **PURCHASE DEFINED.**—For purposes of subparagraph (B), the term ‘purchase’ means any acquisition of a bond or other evidence of indebtedness, but only if the basis of the bond or other evidence of indebtedness is not determined in whole or in part by reference to the adjusted basis of such bond or other evidence of indebtedness in the hands of the person from whom acquired, or under section 1014(a) (relating to property acquired from a decedent).

The issue price of the bond or other evidence of indebtedness included in such investment unit shall be the portion so allocated to it. In the case of a bond or other evidence of indebtedness, or an investment unit as described in this paragraph (other than a bond or other evidence of indebtedness or an investment unit issued pursuant to a plan of reorganization within the meaning of section 368(a)(1) or an insolvency reorganization within the meaning of section 371, 373, or 374), which is issued for property and which—

Except in cases to which the preceding sentence applies, the issue price of a bond or other evidence of indebtedness (whether or not issued as a part of an investment unit) which is issued for property (other than money) shall be the stated redemption price at maturity.”

(d) **STATEMENTS TO BE FURNISHED TO PERSONS WITH RESPECT TO WHOM INFORMATION IS FURNISHED.**—Section 6049(c) (relating to statements to be furnished to persons with respect to whom information is furnished) is amended to read as follows:

“(1) the name and address of the person making such return, and

“(2) the aggregate amount of payments to, or the aggregate amount includible in the gross income of, the person as shown on such return.

The written statement required under the preceding sentence shall be furnished to the person on or before January 31 of the year following the calendar year for which the return under subsection (a)(1) was made. “(b) **SPECIAL RULES.**—For purposes of subsection (a)—

“(1) **ADJUSTED ISSUE PRICE.**—The adjusted issue price is the issue price (as defined in section 1232(b)) increased by any amount of discount deducted before repurchase, or, in the case of bonds or other evidences of indebtedness issued after February 28, 1913, decreased by any amount of premium included in gross income before repurchase by the issuing corporation.

“(ii) if the amount of loans outstanding at the close of the taxable year is less than the amount of loans outstanding at the close of the base year, the amount which bears the same ratio to loans outstanding at the close of the taxable

“(ii) the first accounting period with respect to such property is after the July 1969 accounting period, and the taxpayer used a flow-through method of accounting for its July 1969 accounting period for the property on the basis of which the applicable 1968 method for the property in question is established.

“(2) **POST-1969 PUBLIC UTILITY PROPERTY.**—In the case of any post-1969 public utility property, the term ‘reasonable allowance’ as used in subsection (a) means an allowance computed under—

“(A) a subsection (1) method,

“(B) a method otherwise allowable under this section if the taxpayer uses a normalization method of accounting, or

“(C) the applicable 1968 method, if, with respect to its pre-1970 public utility property of the same (or similar) kind most recently placed in service, the taxpayer used a flow-through method of accounting for its July 1969 accounting period.

“(3) **DEFINITIONS.**—For purposes of this subsection—

“(A) **PUBLIC UTILITY PROPERTY.**—The term ‘public utility property’ means property used predominantly in the trade or business of the furnishing or sale of—

“(i) electrical energy, water, or sewage disposal services,

“(ii) gas or steam through a local distribution system,

“(iii) telephone services, or other communication services if furnished or sold by the Communications Satellite Corporation for purposes authorized by the Communications Satellite Act of 1962 (47 U.S.C. 701), or

“(iv) transportation of gas or steam by pipeline, if the rates for such furnishing or sale, as the case may be, have been established or approved by a State or political subdivision thereof, by any agency or instrumentality of the United States, or by a public service or public utility commission or other similar body of any State or political subdivision thereof.

“(B) **PRE-1970 PUBLIC UTILITY PROPERTY.**—The term ‘pre-1970 public utility property’ means property which was public utility property in the hands of any person at any time before January 1, 1970.

“(C) **POST-1969 PUBLIC UTILITY PROPERTY.**—The term ‘post-1969 public utility property’ means any public utility property which is not pre-1970 public utility property.

“(D) **APPLICABLE 1968 METHOD.**—The term ‘applicable 1968 method’ means, with respect to any public utility property—

“(i) the method of depreciation used on a return with respect to such property for the latest taxable year for which a return was filed before August 1, 1969,

“(ii) if clause (i) does not apply, the method used by the taxpayer on a return for the latest taxable year for which a return was filed before August 1, 1969, with respect to its public utility property of the same kind (or if there is no property of the same kind, property of the most similar kind) most recently placed in service, or

“(iii) if neither clause (i) nor (ii) applies, a subsection (1) method.

In the case of any section 1250 property to which subsection (j) applies, the term ‘applicable 1968 method’ means the method permitted under subsection (j) which is most nearly comparable to the applicable 1968 method determined under the preceding sentence.

“(E) **APPLICABLE 1968 METHOD IN CERTAIN CASES.**—If the taxpayer evidenced the intent to use a method of depreciation (other than its applicable 1968 method or a subsection (1)

method) with respect to any public utility property in a timely application for change of accounting method filed before August 1, 1969, or in the computation of its tax expense for purposes of reflecting operating results in its regulated books of account for its July 1969 accounting period, such other method shall be deemed to be its applicable 1968 method with respect to such property and public utility property of the same (or similar) kind subsequently placed in service.

“(F) SUBSECTION (1) METHOD.—The term ‘subsection (1) method’ means any method determined by the Secretary or his delegate to result in a reasonable allowance under subsection (a), other than (i) a declining balance method, (ii) the sum of the years-digits method, or (iii) any other method allowable solely by reason of the application of subsection (b) (4) or (j) (1) (C).

“(G) NORMALIZATION METHOD OF ACCOUNTING.—In order to use a normalization method of accounting with respect to any public utility property—

“(i) the taxpayer must use the same method of depreciation to compute both its tax expense and its depreciation expense for purposes of establishing its cost of service for ratemaking purposes and for reflecting operating results in its regulated books of account, and

“(ii) if, to compute its allowance for depreciation under this section, it uses a method of depreciation other than the method it used for the purposes described in clause (i), the taxpayer must make adjustments to a reserve to reflect the deferral of taxes resulting from the use of such different methods of depreciation.

“(H) FLOW-THROUGH METHOD OF ACCOUNTING.—The taxpayer used a ‘flow-through method of accounting’ with respect to any public utility property if it used the same method of depreciation (other than a subsection (1) method) to compute its allowance for depreciation under this section and to compute its tax expense for purposes of reflecting operating results in its regulated books of account.

“(I) JULY 1969 ACCOUNTING PERIOD.—The term ‘July 1969 accounting period’ means the taxpayer’s latest accounting period ending before August 1, 1969, for which it computed its tax expense for purposes of reflecting operating results in its regulated books of account.

For purposes of this paragraph, different declining balance rates shall be treated as different methods of depreciation.

“(4) SPECIAL RULES AS TO FLOW-THROUGH METHOD.—

“(A) ELECTION AS TO NEW PROPERTY REPRESENTING GROWTH IN CAPACITY.—If the taxpayer makes an election under this subparagraph within 180 days after the date of the enactment of this subparagraph in the manner prescribed by the Secretary or his delegate, in the case of taxable years beginning after December 31, 1970, paragraph (2) (C) shall not apply with respect to any post-1969 public utility property, to the extent that such property constitutes property which increases the productive or operational capacity of the taxpayer with respect to the goods or services described in paragraph (3) (A) and does not represent the replacement of existing capacity.

“(B) CERTAIN PENDING APPLICATIONS FOR CHANGES IN METHOD.—In applying paragraph (1) (B), the taxpayer shall

be deemed to have used a flow-through method of accounting for its July 1969 accounting period with respect to any pre-1970 public utility property for which it filed a timely application for change of accounting method before August 1, 1969, if with respect to public utility property of the same (or similar) kind most recently placed in service, it used a flow-through method of accounting for its July 1969 accounting period.

“(5) REORGANIZATIONS, ASSETS ACQUISITIONS, ETC.—If by reason of a corporate reorganization, by reason of any other acquisition of the assets of one taxpayer by another taxpayer, by reason of the fact that any trade or business of the taxpayer is subject to ratemaking by more than one body, or by reason of other circumstances, the application of any provisions of this subsection to any public utility property does not carry out the purposes of this subsection, the Secretary or his delegate shall provide by regulations for the application of such provisions in a manner consistent with the purposes of this subsection.”

(b) EFFECTIVE DATE.—The amendment made by subsection (a) shall apply with respect to all taxable years for which a return has not been filed before August 1, 1969.

(a) IN GENERAL.—Section 312 (relating to earnings and profits) is amended by adding at the end thereof the following new subsection:

“(m) EFFECT OF DEPRECIATION ON EARNINGS AND PROFITS.—

“(1) GENERAL RULE.—For purposes of computing the earnings and profits of a corporation for any taxable year beginning after June 30, 1972, the allowance for depreciation (and amortization, if any) shall be deemed to be the amount which would be allowable for such year if the straight line method of depreciation had been used for each taxable year beginning after June 30, 1972.

“(2) EXCEPTION.—If for any taxable year beginning after June 30, 1972, a method of depreciation was used by the taxpayer which the Secretary or his delegate has determined results in a reasonable allowance under section 167(a), and which is not—

“(A) a declining balance method,

“(B) the sum of the years-digits method, or

“(C) any other method allowable solely by reason of the application of subsection (b) (4) or (j) (1) (C) of section 167, then the adjustment to earnings and profits for depreciation for such year shall be determined under the method so used (in lieu of under the straight line method).

“(3) CERTAIN FOREIGN CORPORATIONS.—The provisions of paragraph (1) shall not apply in computing the earnings and profits of a foreign corporation for any taxable year for which less than 20 percent of the gross income from all sources of such corporation is derived from sources within the United States.”

(b) CONFORMING AMENDMENTS.—

(1) Section 964(a) (relating to earnings and profits of a foreign corporation) is amended by striking out “For purposes of this subpart,” and inserting in lieu thereof “Except as provided in section 312(m) (3), for purposes of this subpart”.

“(C) any other consistent method productive of an annual allowance which, when added to all allowances for the period commencing with the taxpayer’s use of the property and including the taxable year, does not, during the first two-thirds of the useful life of the property, exceed the total of such allowances which would have been used had such allowances been computed under the method described in subparagraph (B).

Nothing in this paragraph shall be construed to limit or reduce an allowance otherwise allowable under subsection (a) except where allowable solely by reason of paragraph (2), (3), or (4) of subsection (b).

“(2) RESIDENTIAL RENTAL PROPERTY.—

“(A) IN GENERAL.—Paragraph (1) of this subsection shall not apply, and subsection (b) shall apply in any taxable year, to a building or structure—

For purposes of the preceding sentence, if any portion of such building or structure is occupied by the taxpayer, the gross rental

income from such building or structure shall include the rental value of the portion so occupied.

“(C) CHANGE IN METHOD OF DEPRECIATION.—Any change in the computation of the allowance for depreciation for any taxable year, permitted or required by reason of the application of subparagraph (A), shall not be considered a change in a method of accounting.

“(ii) the sum of the years-digits method, or

“(iii) any other method allowable solely by reason of the application of subsection (b) (4) or paragraph (1) (C) of this subsection.

“(A) the straight line method,

“(B) the declining balance method, using a rate not exceeding 125 percent of the rate which would have been used had the annual allowance been computed under the method described in subparagraph (A), or

“(C) any other method determined by the Secretary or his delegate to result in a reasonable allowance under subsection (a), not including—

“(i) the sum of the years-digits method,

“(ii) any declining balance method using a rate in excess of the rate permitted under subparagraph (B), or

“(iii) any other method allowable solely by reason of the application of subsection (b) (4) or paragraph (1) (C) of this subsection.

“(C) Paragraphs (4) and (5) shall not apply in the case of section 1250 property acquired after July 24, 1969, pursuant to a written contract for the acquisition of such property or for the permanent financing thereof, which was, on July 24, 1969, and at all times thereafter, binding on the taxpayer.

“(d) **ARBITRAGE BONDS.**—

“(1) **SUBSECTION (a) (1) NOT TO APPLY.**—Except as provided in this subsection, any arbitrage bond shall be treated as an obligation not described in subsection (a) (1).

“(2) **ARBITRAGE BOND.**—For purposes of this subsection, the term ‘arbitrage bond’ means any obligation which is issued as part of an issue all or a major portion of the proceeds of which are reasonably expected to be used directly or indirectly—

“(B) to replace funds which were used directly or indirectly to acquire securities or obligations described in subparagraph (A).

“(3) **EXCEPTION.**—Paragraph (1) shall not apply to any obligation—

“(B) an amount of the proceeds of the issue of which such obligation is a part may be invested in securities or other obligations which are part of a reasonably required reserve or replacement fund.

The amount referred to in subparagraph (B) shall not exceed 15 percent of the proceeds of the issue of which such obligation is a part unless the issuer establishes that a higher amount is necessary.

(a) **IN GENERAL.**—Subpart B of part IV of subchapter A of chapter 1 (relating to rules for computing credit for investment in certain depreciable property) is amended by adding at the end thereof the following new section:

“SEC. 49. TERMINATION OF CREDIT.

“(a) **GENERAL RULE.**—For purposes of this subpart, the term ‘section 38 property’ does not include property—

“(1) the physical construction, reconstruction, or erection of which is begun after April 18, 1969, or

“(2) which is acquired by the taxpayer after April 18, 1969, other than pre-termination property.

“(b) **PRE-TERMINATION PROPERTY.**—For purposes of this section—

“(1) **BINDING CONTRACTS.**—Any property shall be treated as pre-termination property to the extent that such property is constructed, reconstructed, erected, or acquired pursuant to a contract which was, on April 18, 1969, and at all times thereafter, binding on the taxpayer.

“(2) **EQUIPPED BUILDING RULE.**—If—

“(A) pursuant to a plan of the taxpayer in existence on April 18, 1969 (which plan was not substantially modified at any time after such date and before the taxpayer placed the equipped building in service), the taxpayer has constructed, reconstructed, erected, or acquired a building and the machinery and equipment necessary to the planned use of the building by the taxpayer, and

“(B) more than 50 percent of the aggregate adjusted basis of all the property of a character subject to the allowance for depreciation making up such building as so equipped is attributable to either property the construction, reconstruction, or erection of which was begun by the taxpayer before April 19, 1969, or property the acquisition of which by the taxpayer occurred before such date,

then all property comprising such building as so equipped (and any incidental property adjacent to such building which is necessary to the planned use of the building) shall be pre-termination property. For purposes of subparagraph (B) of the preceding sentence, the rules of paragraphs (1) and (4) shall be applied. For purposes of this paragraph, a special purpose structure shall be treated as a building.

“(3) **PLANT FACILITY RULE.**—

“(A) **GENERAL RULE.**—If—

“(i) pursuant to a plan of the taxpayer in existence on April 18, 1969 (which plan was not substantially modified at any time after such date and before the taxpayer placed the plant facility in service), the taxpayer has constructed, reconstructed, or erected a plant facility, and either

“(ii) the construction, reconstruction, or erection of such plant facility was commenced by the taxpayer before April 19, 1969, or

“(iii) more than 50 percent of the aggregate adjusted basis of all the property of a character subject to the allowance for depreciation making up such plant facility is attributable to either property the construction, reconstruction, or erection of which was begun by the taxpayer before April 19, 1969, or property the acquisition of which by the taxpayer occurred before such date,

then all property comprising such plant facility shall be pre-termination property. For purposes of clause (iii) of the preceding sentence, the rules of paragraphs (1) and (4) shall be applied.

“(B) **PLANT FACILITY DEFINED.**—For purposes of this paragraph, the term ‘plant facility’ means a facility which does not include any building (or of which buildings constitute an insignificant portion) and which is—

“(i) a self-contained, single operating unit or processing operation,

“(ii) located on a single site, and

“(iii) identified, on April 18, 1969, in the purchasing and internal financial plans of the taxpayer as a single unitary project.

“(C) SPECIAL RULE.—For purposes of this subsection, if—

“(i) a certificate of convenience and necessity has been issued before April 19, 1969, by a Federal regulatory agency with respect to two or more plant facilities which are included under a single plan of the taxpayer to construct, reconstruct, or erect such plant facilities, and

“(ii) more than 50 percent of the aggregate adjusted basis of all the property of a character subject to the allowance for depreciation making up such plant facilities is attributable to either property the construction, reconstruction, or erection of which was begun by the taxpayer before April 19, 1969, or property the acquisition of which by the taxpayer occurred before such date, such plant facilities shall be treated as a single plant facility.

“(D) COMMENCEMENT OF CONSTRUCTION.—For purposes of subparagraph (A) (ii), the construction, reconstruction, or erection of a plant facility shall not be considered to have commenced until construction, reconstruction, or erection has commenced at the site of such plant facility. The preceding sentence shall not apply if the site of such plant facility is not located on land.

“(4) MACHINERY OR EQUIPMENT RULE.—Any piece of machinery or equipment—

“(A) more than 50 percent of the parts and components of which (determined on the basis of cost) were held by the taxpayer on April 18, 1969, or are acquired by the taxpayer pursuant to a binding contract which was in effect on such date, for inclusion or use in such piece of machinery or equipment, and

“(B) the cost of the parts and components of which is not an insignificant portion of the total cost, shall be treated as property which is pre-termination property.

“(5) CERTAIN LEASE-BACK TRANSACTIONS, ETC.—

“(A) Where a person who is a party to a binding contract described in paragraph (1) transfers rights in such contract (or in the property to which such contract relates) to another person but a party to such contract retains a right to use the property under a lease with such other person, then to the extent of the transferred rights such other person shall, for purposes of paragraph (1), succeed to the position of the transferor with respect to such binding contract and such property. In any case in which the lessor does not make an election under section 48(d)—

“(i) the preceding sentence shall apply only if a party to the contract retains the right to use the property under a lease for a term of at least 1 year; and

“(ii) if such use is retained (other than under a long-term lease), the lessor shall be deemed for the purposes of section 47 as having made a disposition of the property at such time as the lessee loses the right to use the property.

76 Stat. 967;
78 Stat. 34.
26 USC 48.

26 USC 47.

For purposes of clause (ii), if the lessee transfers the lease in a transfer described in paragraph (7), the lessee shall be considered as having the right to use of the property so long as the transferee has such use.

“(B) For purposes of subparagraph (A)—

“(i) a person who holds property (or rights in property) which is pre-termination property by reason of the application of paragraph (4) shall, with respect to such property, be treated as a party to a binding contract described in paragraph (1), and

“(ii) a corporation which is a member of the same affiliated group (as defined in paragraph (8)) as the transferor described in subparagraph (A) and which simultaneously with the transfer of property to another person acquires a right to use such property under a lease with such other person shall be treated as the transferor and as a party to the contract.

“(6) CERTAIN LEASE AND CONTRACT OBLIGATIONS.—

“(A) Where, pursuant to a binding lease or contract to lease in effect on April 18, 1969, a lessor or lessee is obligated to construct, reconstruct, erect, or acquire property specified in such lease or contract or in a related document filed before April 19, 1969, with a Federal regulatory agency, or property the specifications of which are readily ascertainable from the terms of such lease or contract or from such related document, any property so constructed, reconstructed, erected, or acquired by the lessor or lessee shall be pre-termination property. In the case of any project which includes property other than the property to be leased to such lessee, the preceding sentence shall be applied, in the case of the lessor, to such other property only if the binding leases and contracts with all lessees in effect on April 18, 1969, cover real property constituting 25 percent or more of the project (determined on the basis of rental value). For purposes of the preceding sentences of this paragraph, in the case of any project where one or more vendor-vendee relationships exist, such vendors and vendees shall be treated as lessors and lessees.

“(B) Where, in order to perform a binding contract or contracts in effect on April 18, 1969, (i) the taxpayer is required to construct, reconstruct, erect, or acquire property specified in any order of a Federal regulatory agency for which application was filed before April 19, 1969, (ii) the property is to be used to transport one or more products under such contract or contracts, and (iii) one or more parties to the contract or contracts are required to take or to provide more than 50 percent of the products to be transported over a substantial portion of the expected useful life of the property, then such property shall be pre-termination property.

“(C) Where, in order to perform a binding contract in effect on April 18, 1969, the taxpayer is required to construct, reconstruct, erect, or acquire property specified in the contract to be used to produce one or more products and (unless the other party to the contract is a State or a political subdivision of a State which is required by the contract to make substantial expenditures which benefit the taxpayer) the other party to the contract is required to take substantially all of the products to be produced over a substantial portion of the expected useful life of the property, then such property shall

be pre-termination property. For purposes of applying the preceding sentence in the case of a contract for the extraction of minerals, property shall be treated as specified in the contract if (i) the specifications for such property are readily ascertainable from the location and characteristics of the mineral properties specified in such contract from which the minerals are to be extracted; (ii) such property is necessary for and is to be used solely in the extraction of minerals under such contract; (iii) the physical construction, reconstruction, or erection of such property is begun by the taxpayer before April 19, 1970, such property is acquired by the taxpayer before April 19, 1970, or such property is constructed, reconstructed, erected, or acquired pursuant to a contract which was, on April 18, 1970, and at all times thereafter, binding on the taxpayer; (iv) such property is placed in service on or before December 31, 1972; (v) such contract is a fixed price contract (except for provisions for price changes under which the loss of the credit allowed by section 38 would not result in a price change); and (vi) such property is not placed in service to replace other property used in extracting minerals under such contract.

“(7) CERTAIN TRANSFERS TO BE DISREGARDED.—

“(A) If property or rights under a contract are transferred in—

“(i) a transfer by reason of death,

“(ii) a transaction as a result of which the basis of the property in the hands of the transferee is determined by reference to its basis in the hands of the transferor by reason of the application of section 332, 351, 361, 371 (a), 374 (a), 721, or 731, or

“(a) **ALLOWANCE OF DEDUCTION.**—Every person, at his election, shall be entitled to a deduction with respect to the amortization of the amortizable basis of any certified pollution control facility (as defined in subsection (d), based on a period of 60 months. Such amortization deduction shall be an amount, with respect to each month of such period within the taxable year, equal to the amortizable basis of the pollution control facility at the end of such month divided by the number of months (including the month for which the deduction is computed) remaining in the period. Such amortizable basis at the end of the month shall be computed without regard to the amortization deduction for such month. The amortization deduction provided by this section with respect to any month shall be in lieu of the depreciation deduction with respect to such pollution control facility for such month provided by section 167. The depreciation deduction provided under section 167 shall be allowed, beginning with the first month as to which the

amortization deduction does not apply, and the taxpayer shall not be entitled to any further amortization deduction under this section with respect to such pollution control facility.

“(d) DEFINITIONS.—For purposes of this section—

“(A) is property—

“(i) the construction, reconstruction, or erection of which is completed by the taxpayer after December 31, 1968, or

“(B) The amortizable basis of a certified pollution control facility with respect to which an election under this section is in effect shall not be increased, for purposes of this section, for additions or improvements after the amortization period has begun.

“(g) **DEPRECIATION DEDUCTION.**—The depreciation deduction provided by section 167 shall, despite the provisions of subsection (a), be allowed with respect to the portion of the adjusted basis which is not the amortizable basis.

The amortization deduction provided by this section with respect to such property shall be in lieu of any depreciation deduction, or other amortization deduction, with respect to such property for any taxable year to which the election applies.

“(b) AMOUNT OF DEDUCTION.—

“(1) IN GENERAL.—The deduction allowable under subsection (a) for any taxable year shall be an amount determined by amortizing ratably over a period of 50 years the adjusted basis (for determining gain) of the qualified railroad grading and tunnel bores of the taxpayer. Such 50-year period shall commence with the first taxable year for which an election under this section is effective.

“(2) SPECIAL RULE.—In the case of qualified railroad grading and tunnel bores placed in service after the beginning of the first taxable year for which an election under this section is effective, the 50-year period with respect to such property shall begin with the year following the year the property is placed in service.

If expenditures for improvements described in the preceding sentence are incurred with respect to an existing roadbed or right-of-way for railroad track, such expenditures shall be considered, in applying this section, as costs for railroad grading or tunnel bores placed in service in the year in which such costs are incurred.

“(2) QUALIFIED RAILROAD GRADING AND TUNNEL BORES.—The term ‘qualified railroad grading and tunnel bores’ means railroad grading and tunnel bores the original use of which commences after December 31, 1968.

“(e) TREATMENT UPON RETIREMENT.—If any qualified railroad grading or tunnel bore is retired or abandoned during a taxable year for which an election under this section is in effect, no deduction shall be allowed on account of such retirement or abandonment and the amortization deduction under this section shall continue with respect to such property. This subsection shall not apply if the retirement or abandonment is attributable primarily to fire, storm, or other casualty.

“(f) INVESTMENT CREDIT NOT TO BE ALLOWED.—Property eligible to be amortized under this section shall not be treated as section 38 property within the meaning of section 48(a).

“(g) REGULATIONS.—The Secretary or his delegate shall prescribe such regulations as may be necessary to carry out the purposes of this section.

AN ACT

December 30, 1969
[S. 2917]

To provide for the protection of the health and safety of persons working in the coal mining industry of the United States, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Federal Coal Mine Health and Safety Act of 1969".

Federal Coal
Mine Health and
Safety Act of
1969.

FINDINGS AND PURPOSE

SEC. 2. Congress declares that—

(a) the first priority and concern of all in the coal mining

industry must be the health and safety of its most precious resource—the miner;

(b) deaths and serious injuries from unsafe and unhealthful conditions and practices in the coal mines cause grief and suffering to the miners and to their families;

(c) there is an urgent need to provide more effective means and measures for improving the working conditions and practices in the Nation's coal mines in order to prevent death and serious physical harm, and in order to prevent occupational diseases originating in such mines;

(d) the existence of unsafe and unhealthful conditions and practices in the Nation's coal mines is a serious impediment to the future growth of the coal mining industry and cannot be tolerated;

(e) the operators of such mines with the assistance of the miners have the primary responsibility to prevent the existence of such conditions and practices in such mines;

(f) the disruption of production and the loss of income to operators and miners as a result of coal mine accidents or occupationally caused diseases unduly impedes and burdens commerce; and

(g) it is the purpose of this Act (1) to establish interim mandatory health and safety standards and to direct the Secretary of Health, Education, and Welfare and the Secretary of the Interior to develop and promulgate improved mandatory health or safety standards to protect the health and safety of the Nation's coal miners; (2) to require that each operator of a coal mine and every miner in such mine comply with such standards; (3) to cooperate with, and provide assistance to, the States in the development and enforcement of effective State coal mine health and safety programs; and (4) to improve and expand, in cooperation with the States and the coal mining industry, research and development and training programs aimed at preventing coal mine accidents and occupationally caused diseases in the industry.

In the case of mandatory health standards, the Secretary of Health, Education, and Welfare may direct the Secretary to promulgate the mandatory health standards with such modifications as the Secretary of Health, Education, and Welfare deems appropriate and the Secretary shall thereupon promulgate the mandatory health standards. In the event the Secretary or the Secretary of Health, Education, and Welfare, as the case may be, determines that a proposed mandatory health or safety standard should not be promulgated or should be modified, he shall within a reasonable time publish his reasons for his determination.

(h) Any mandatory health or safety standard promulgated under this section shall be effective upon publication in the Federal Register unless the Secretary or the Secretary of Health, Education, and Welfare, as appropriate, specifies a later date.

Effective date.

(i) Proposed mandatory health and safety standards for surface coal mines shall be published by the Secretary, in accordance with the provisions of this section, not later than twelve months after the date of enactment of this Act. Publication in Federal Register.

(k) The Secretary shall send a copy of every proposed standard or regulation at the time of publication in the Federal Register to the operator of each coal mine and the representative of the miners at such mine and such copy shall be immediately posted on the bulletin board of the mine by the operator or his agent, but failure to receive such notice shall not relieve anyone of the obligation to comply with such standard or regulation.

INSPECTIONS AND INVESTIGATIONS

SEC. 103. (a) Authorized representatives of the Secretary shall make frequent inspections and investigations in coal mines each year for the purpose of (1) obtaining, utilizing, and disseminating information relating to health and safety conditions, the causes of accidents and the causes of diseases and physical impairments originating in such mines, (2) gathering information with respect to mandatory health or safety standards, (3) determining whether an imminent danger exists, and (4) determining whether or not there is compliance with the mandatory health or safety standards or with any notice, order, or decision issued under this title. In carrying out the requirements of clauses (3) and (4) of this subsection, no advance notice of an inspection shall be provided to any person. In carrying out the requirements of clauses (3) and (4) of this subsection in each underground coal mine, such representatives shall make inspections of the entire mine at least four times a year.

(b) (1) For the purpose of making any inspection or investigation under this Act, the Secretary or any authorized representative of the Secretary shall have a right of entry to, upon, or through any coal mine.

Right of entry.

(2) For the purpose of developing improved mandatory health standards, the Secretary of Health, Education, and Welfare or his authorized representative shall have a right of entry to, upon, or through, any coal mine.

Right of entry.

(3) The provisions of this Act relating to investigations and records shall be available to the Secretary of Health, Education, and Welfare to enable him to carry out his functions and responsibilities under this Act.

(c) For the purpose of carrying out his responsibilities under this Act, including the enforcement thereof, the Secretary may by agreement utilize with or without reimbursement the services, personnel, and facilities of any Federal agency.

(d) For the purpose of making any investigation of any accident or other occurrence relating to health or safety in a coal mine, the Secretary may, after notice, hold public hearings, and may sign and issue subpoenas for the attendance and testimony of witnesses and the production of relevant papers, books, and documents, and administer oaths. Witnesses summoned shall be paid the same fees and mileage that are paid witnesses in the courts of the United States. In case of contumacy or refusal to obey a subpoena served upon any person under this section, the district court of the United States for any district in which such person is found or resides or transacts business, upon application by the United States and after notice to such person, shall

have jurisdiction to issue an order requiring such person to appear and give testimony before the Secretary or to appear and produce documents before the Secretary, or both, and any failure to obey such order of the court may be punished by such court as a contempt thereof.

(e) In the event of any accident occurring in a coal mine, the operator shall notify the Secretary thereof and shall take appropriate measures to prevent the destruction of any evidence which would assist in investigating the cause or causes thereof. In the event of any accident occurring in a coal mine where rescue and recovery work is necessary, the Secretary or an authorized representative of the Secretary shall take whatever action he deems appropriate to protect the life of any person, and he may, if he deems it appropriate, supervise and direct the rescue and recovery activity in such mine.

(f) In the event of any accident occurring in a coal mine, an authorized representative of the Secretary, when present, may issue such orders as he deems appropriate to insure the safety of any person in the coal mine, and the operator of such mine shall obtain the approval of such representative, in consultation with appropriate State representatives, when feasible, of any plan to recover any person in the mine or to recover the mine or to return affected areas of the mine to normal.

(g) Whenever a representative of the miners has reasonable grounds to believe that a violation of a mandatory health or safety standard exists, or an imminent danger exists, such representative shall have a right to obtain an immediate inspection by giving notice to the Secretary or his authorized representative of such violation or danger. Any such notice shall be reduced to writing, signed by the representative of the miners, and a copy shall be provided the operator or his agent no later than at the time of inspection, except that, upon the request of the person giving such notice, his name and the names of individual miners referred to therein shall not appear in such copy. Upon receipt of such notification, a special inspection shall be made as soon as possible to determine if such violation or danger exists in accordance with the provisions of this title.

(h) At the commencement of any inspection of a coal mine by an authorized representative of the Secretary, the authorized representative of the miners at the mine at the time of such inspection shall be given an opportunity to accompany the authorized representative of the Secretary on such inspection.

(i) Whenever the Secretary finds that a mine liberates excessive quantities of methane or other explosive gases during its operations, or that a methane or other gas ignition or explosion has occurred in such mine which resulted in death or serious injury at any time during the previous five years, or that there exists in such mine other especially hazardous conditions, he shall provide a minimum of one spot inspection by his authorized representative of all or part of such mine during every five working days at irregular intervals.

FINDINGS, NOTICES, AND ORDERS

SEC. 104. (a) If, upon any inspection of a coal mine, an authorized representative of the Secretary finds that an imminent danger exists, such representative shall determine the area throughout which such danger exists, and thereupon shall issue forthwith an order requiring the operator of the mine or his agent to cause immediately all persons,

except those referred to in subsection (d) of this section, to be withdrawn from, and to be prohibited from entering, such area until an authorized representative of the Secretary determines that such imminent danger no longer exists.

(b) Except as provided in subsection (i) of this section, if, upon any inspection of a coal mine, an authorized representative of the Secretary finds that there has been a violation of any mandatory health or safety standard but the violation has not created an imminent danger, he shall issue a notice to the operator or his agent fixing a reasonable time for the abatement of the violation. If, upon the expiration of the period of time as originally fixed or subsequently extended, an authorized representative of the Secretary finds that the violation has not been totally abated, and if he also finds that the period of time should not be further extended, he shall find the extent of the area affected by the violation and shall promptly issue an order requiring the operator of such mine or his agent to cause immediately all persons, except those referred to in subsection (d) of this section, to be withdrawn from, and to be prohibited from entering, such area until an authorized representative of the Secretary determines that the violation has been abated.

(c) (1) If, upon any inspection of a coal mine, an authorized representative of the Secretary finds that there has been a violation of any mandatory health or safety standard, and if he also finds that, while the conditions created by such violation do not cause imminent danger, such violation is of such nature as could significantly and substantially contribute to the cause and effect of a mine safety or health hazard, and if he finds such violation to be caused by an unwarrantable failure of such operator to comply with such mandatory health or safety standards, he shall include such finding in any notice given to the operator under this Act. If, during the same inspection or any subsequent inspection of such mine within ninety days after the issuance of such notice, an authorized representative of the Secretary finds another violation of any mandatory health or safety standard and finds such violation to be also caused by an unwarrantable failure of such operator to so comply, he shall forthwith issue an order requiring the operator to cause all persons in the area affected by such violation, except those persons referred to in subsection (d) of this section, to be withdrawn from, and to be prohibited from entering, such area until an authorized representative of the Secretary determines that such violation has been abated.

(2) If a withdrawal order with respect to any area in a mine has been issued pursuant to paragraph (1) of this subsection, a withdrawal order shall promptly be issued by an authorized representative of the Secretary who finds upon any subsequent inspection the existence in such mine of violations similar to those that resulted in the issuance of the withdrawal order under paragraph (1) of this subsection until such time as an inspection of such mine discloses no similar violations. Following an inspection of such mine which discloses no similar violations, the provisions of paragraph (1) of this subsection shall again be applicable to that mine.

(d) The following persons shall not be required to be withdrawn from, or prohibited from entering, any area of the coal mine subject to an order issued under this section:

(1) any person whose presence in such area is necessary, in the judgment of the operator or an authorized representative of the Secretary, to eliminate the condition described in the order;

(2) any public official whose official duties require him to enter such area;

(3) any representative of the miners in such mine who is, in the judgment of the operator or an authorized representative of the Secretary, qualified to make coal mine examinations or who is accompanied by such a person and whose presence in such area is necessary for the investigation of the conditions described in the order; and

(4) any consultant to any of the foregoing.

(e) Notices and orders issued pursuant to this section shall contain a detailed description of the conditions or practices which cause and constitute an imminent danger or a violation of any mandatory health or safety standard and, where appropriate, a description of the area of the coal mine from which persons must be withdrawn and prohibited from entering.

(f) Each notice or order issued under this section shall be given promptly to the operator of the coal mine or his agent by an authorized representative of the Secretary issuing such notice or order, and all such notices and orders shall be in writing and shall be signed by such representative.

(g) A notice or order issued pursuant to this section, except an order issued under subsection (h) of this section, may be modified or terminated by an authorized representative of the Secretary.

(h) (1) If, upon any inspection of a coal mine, an authorized representative of the Secretary finds (A) that conditions exist therein which have not yet resulted in an imminent danger, (B) that such conditions cannot be effectively abated through the use of existing technology, and (C) that reasonable assurance cannot be provided that the continuance of mining operations under such conditions will not result in an imminent danger, he shall determine the area throughout which such conditions exist, and thereupon issue a notice to the operator of the mine or his agent of such conditions, and shall file a copy thereof, incorporating his findings therein, with the Secretary and with the representative of the miners of such mine. Upon receipt of such copy, the Secretary shall cause such further investigation to be made as he deems appropriate, including an opportunity for the operator or a representative of the miners to present information relating to such notice.

(2) Upon the conclusion of such investigation and an opportunity for a public hearing upon request by any interested party, the Secretary shall make findings of fact, and shall by decision incorporating such findings therein, either cancel the notice issued under this subsection or issue an order requiring the operator of such mine to cause all persons in the area affected, except those persons referred to in subsection (d) of this section, to be withdrawn from, and be prohibited from entering, such area until the Secretary, after a public hearing affording all interested persons an opportunity to present their views, determines that such conditions have been abated. Any hearing under this paragraph shall be of record and shall be subject to section 554 of title 5 of the United States Code.

(i) If, based upon samples taken and analyzed and recorded pursuant to section 202(a) of this Act, or samples taken during an inspection by an authorized representative of the Secretary, the applicable limit on the concentration of respirable dust required to be maintained under this Act is exceeded and thereby violated, the Secretary or his authorized representative shall issue a notice fixing a reasonable time for the abatement of the violation. During such time, the operator of

the mine shall cause samples described in section 202(a) of this Act to be taken of the affected area during each production shift. If, upon the expiration of the period of time as originally fixed or subsequently extended, the Secretary or his authorized representative finds that the period of time should not be further extended, he shall find the extent of the area affected by the violation and shall promptly issue an order requiring the operator of such mine or his agent to cause immediately all persons, except those referred to in subsection (d) of this section, to be withdrawn from, and to be prohibited from entering, such area until the Secretary or his authorized representative has reason to believe, based on actions taken by the operator, that such limit will be complied with upon the resumption of production in such mine. As soon as possible after an order is issued, the Secretary, upon request of the operator, shall dispatch to the mine involved a person or team of persons, to the extent such persons are available, who are knowledgeable in the methods and means of controlling and reducing respirable dust. Such person or team of persons shall remain at the mine involved for such time as they shall deem appropriate to assist the operator in reducing respirable dust concentrations. While at the mine, such persons may require the operator to take such actions as they deem appropriate to insure the health of any person in the coal mine.

REVIEW BY THE SECRETARY

SEC. 105. (a) (1) An operator issued an order pursuant to the provisions of section 104 of this title, or any representative of miners in any mine affected by such order or by any modification or termination of such order, may apply to the Secretary for review of the order within thirty days of receipt thereof or within thirty days of its modification or termination. An operator issued a notice pursuant to section 104(b) or (i) of this title, or any representative of miners in any mine affected by such notice, may, if he believes that the period of time fixed in such notice for the abatement of the violation is unreasonable, apply to the Secretary for review of the notice within thirty days of the receipt thereof. The applicant shall send a copy of such application to the representative of miners in the affected mine, or the operator, as appropriate. Upon receipt of such application, the Secretary shall cause such investigation to be made as he deems appropriate. Such investigation shall provide an opportunity for a public hearing, at the request of the operator or the representative of miners in such mine, to enable the operator and the representative of miners in such mine to present information relating to the issuance and continuance of such order or the modification or termination thereof or to the time fixed in such notice. The filing of an application for review under this subsection shall not operate as a stay of any order or notice.

Hearing.

(2) The operator and the representative of the miners shall be given written notice of the time and place of the hearing at least five days prior to the hearing. Any such hearing shall be of record and shall be subject to section 554 of title 5 of the United States Code.

80 Stat. 384.

(b) Upon receiving the report of such investigation, the Secretary shall make findings of fact, and he shall issue a written decision, incorporating therein an order vacating, affirming, modifying, or terminating the order, or the modification or termination of such order, or the notice, complained of and incorporate his findings therein.

(c) In view of the urgent need for prompt decision of matters submitted to the Secretary under this section, all actions which the Secretary takes under this section shall be taken as promptly as practicable, consistent with adequate consideration of the issues involved.

(d) Pending completion of the investigation required by this section, the applicant may file with the Secretary a written request that the Secretary grant temporary relief (1) from any modification or termination of any order, or (2) from any order issued under section 104 of this title, except an order issued under section 104(a) of this title, together with a detailed statement giving reasons for granting such relief. The Secretary may grant such relief, under such conditions as he may prescribe, if—

(1) a hearing has been held in which all parties were given an opportunity to be heard;

(2) the applicant shows that there is substantial likelihood that the findings of the Secretary will be favorable to the applicant; and

(3) such relief will not adversely affect the health and safety of miners in the coal mine.

No temporary relief shall be granted in the case of a notice issued under section 104 (b) or (i) of this title.

JUDICIAL REVIEW

SEC. 106. (a) Any order or decision issued by the Secretary or the Panel under this Act, except an order or decision under section 109(a) of this Act, shall be subject to judicial review by the United States court of appeals for the circuit in which the affected mine is located, or the United States Court of Appeals for the District of Columbia Circuit, upon the filing in such court within thirty days from the date of such order or decision of a petition by any person aggrieved by the order or decision praying that the order or decision be modified or set aside in whole or in part, except that the court shall not consider such petition unless such person has exhausted the administrative remedies available under this Act. A copy of the petition shall forthwith be sent by registered or certified mail to the other party and to the Secretary or the Panel, and thereupon the Secretary or the Panel shall certify and file in such court the record upon which the order or decision complained of was issued, as provided in section 2112 of title 28, United States Code.

(b) The court shall hear such petition on the record made before the Secretary or the Panel. The findings of the Secretary or the Panel, if supported by substantial evidence on the record considered as a whole, shall be conclusive. The court may affirm, vacate, or modify any order or decision or may remand the proceedings to the Secretary or the Panel for such further action as it may direct.

(c) (1) In the case of a proceeding to review any order or decision issued by the Secretary under this Act, except an order or decision pertaining to an order issued under section 104(a) of this title or an order or decision pertaining to a notice issued under section 104 (b) or (i) of this title, the court may, under such conditions as it may prescribe, grant such temporary relief as it deems appropriate pending final determination of the proceeding if—

(A) all parties to the proceeding have been notified and given an opportunity to be heard on a request for temporary relief;

(B) the person requesting such relief shows that there is a substantial likelihood that he will prevail on the merits of the final determination of the proceeding; and

(C) such relief will not adversely affect the health and safety of miners in the coal mine.

(2) In the case of a proceeding to review any order or decision issued by the Panel under this Act, the court may, under such condi-

tions as it may prescribe, grant such temporary relief as it deems appropriate pending final determination of the proceeding if—

(A) all parties to the proceeding have been notified and given an opportunity to be heard on a request for temporary relief; and

(B) the person requesting such relief shows that there is a substantial likelihood that he will prevail on the merits of the final determination of the proceeding.

(d) The judgment of the court shall be subject to review only by the Supreme Court of the United States upon a writ of certiorari or certification as provided in section 1254 of title 28, United States Code.

62 Stat. 928.

(e) The commencement of a proceeding under this section shall not, unless specifically ordered by the court, operate as a stay of the order or decision of the Secretary or the Panel.

(f) Subject to the direction and control of the Attorney General, as provided in section 507(b) of title 28 of the United States Code, attorneys appointed by the Secretary may appear for and represent him in any proceeding instituted under this section.

POSTING OF NOTICES, ORDERS, AND DECISIONS

SEC. 107. (a) At each coal mine there shall be maintained an office with a conspicuous sign designating it as the office of the mine, and a bulletin board at such office or at some conspicuous place near an entrance of the mine, in such manner that notices, orders, and decisions required by law or regulation to be posted on the mine bulletin board may be posted thereon, be easily visible to all persons desiring to read them, and be protected against damage by weather and against unauthorized removal. A copy of any notice, order, or decision required by this title to be given to an operator shall be delivered to the office of the affected mine, and a copy shall be immediately posted on the bulletin board of such mine by the operator or his agent.

(b) The Secretary shall cause a copy of any notice, order, or decision required by this Act to be given to an operator to be mailed immediately to a representative of the miners in the affected mine, and to the public official or agency of the State charged with administering State laws, if any, relating to health or safety in such mine. Such notice, order, or decision shall be available for public inspection.

(c) In order to insure prompt compliance with any notice, order, or decision issued under this Act, the authorized representative of the Secretary may deliver such notice, order, or decision to an agent of the operator and such agent shall immediately take appropriate measures to insure compliance with such notice, order, or decision.

(d) Each operator of a coal mine shall file with the Secretary the name and address of such mine and the name and address of the person who controls or operates the mine. Any revisions in such names or addresses shall be promptly filed with the Secretary. Each operator of a coal mine shall designate a responsible official at such mine as the principal officer in charge of health and safety at such mine and such official shall receive a copy of any notice, order, or decision issued under this Act affecting such mine. In any case, where the coal mine is subject to the control of any person not directly involved in the daily operations of the coal mine, there shall be filed with the Secretary the name and address of such person and the name and address of a principal official of such person who shall have overall responsibility for the conduct of an effective health and safety program at any coal mine subject to the control of such person and such official shall

receive a copy of any notice, order, or decision issued affecting any such mine. The mere designation of a health and safety official under this subsection shall not be construed as making such official subject to any penalty under this Act.

INJUNCTIONS

SEC. 108. The Secretary may institute a civil action for relief, including a permanent or temporary injunction, restraining order, or any other appropriate order in the district court of the United States for the district in which a coal mine is located or in which the operator of such mine has his principal office, whenever such operator or his agent (a) violates or fails or refuses to comply with any order or decision issued under this Act, or (b) interferes with, hinders, or delays the Secretary or his authorized representative, or the Secretary of Health, Education, and Welfare or his authorized representative, in carrying out the provisions of this Act, or (c) refuses to admit such representatives to the mine, or (d) refuses to permit the inspection of the mine, or the investigation of an accident or occupational disease occurring in, or connected with, such mine, or (e) refuses to furnish any information or report requested by the Secretary or the Secretary of Health, Education, and Welfare in furtherance of the provisions of this Act, or (f) refuses to permit access to, and copying of, such records as the Secretary or the Secretary of Health, Education, and Welfare determines necessary in carrying out the provisions of this Act. Each court shall have jurisdiction to provide such relief as may be appropriate. Temporary restraining orders shall be issued in accordance with Rule 65 of the Federal Rules of Civil Procedure, as amended, except that the time limit in such orders, when issued without notice, shall be seven days from the date of entry. Except as otherwise provided herein, any relief granted by the court to enforce an order under clause (a) of this section shall continue in effect until the completion or final termination of all proceedings for review of such order under this title, unless, prior thereto, the district court granting such relief sets it aside or modifies it. In actions under this section, subject to the direction and control of the Attorney General, as provided in section 507(b) of title 28 of the United States Code, attorneys appointed by the Secretary may appear for and represent him. In any action instituted under this section to enforce an order or decision issued by the Secretary after a public hearing in accordance with section 554 of title 5 of the United States Code, the findings of the Secretary, if supported by substantial evidence on the record considered as a whole, shall be conclusive.

PENALTIES

SEC. 109. (a) (1) The operator of a coal mine in which a violation occurs of a mandatory health or safety standard or who violates any other provision of this Act, except the provisions of title 4, shall be assessed a civil penalty by the Secretary under paragraph (3) of this subsection which penalty shall not be more than \$10,000 for each such violation. Each occurrence of a violation of a mandatory health or safety standard may constitute a separate offense. In determining the amount of the penalty, the Secretary shall consider the operator's history of previous violations, the appropriateness of such penalty to

the size of the business of the operator charged, whether the operator was negligent, the effect on the operator's ability to continue in business, the gravity of the violation, and the demonstrated good faith of the operator charged in attempting to achieve rapid compliance after notification of a violation.

(2) Any miner who willfully violates the mandatory safety standards relating to smoking or the carrying of smoking materials, matches, or lighters shall be subject to a civil penalty assessed by the Secretary under paragraph (3) of this subsection, which penalty shall not be more than \$250 for each occurrence of such violation.

(3) A civil penalty shall be assessed by the Secretary only after the person charged with a violation under this Act has been given an opportunity for a public hearing and the Secretary has determined, by decision incorporating his findings of fact therein, that a violation did occur, and the amount of the penalty which is warranted, and incorporating, when appropriate, an order therein requiring that the penalty be paid. Where appropriate, the Secretary shall consolidate such hearings with other proceedings under section 105 of this title. Any hearing under this section shall be of record and shall be subject to section 554 of title 5 of the United States Code.

80 Stat. 384.

(4) If the person against whom a civil penalty is assessed fails to pay the penalty within the time prescribed in such order, the Secretary shall file a petition for enforcement of such order in any appropriate district court of the United States. The petition shall designate the person against whom the order is sought to be enforced as the respondent. A copy of the petition shall forthwith be sent by registered or certified mail to the respondent and to the representative of the miners in the affected mine or the operator, as the case may be, and thereupon the Secretary shall certify and file in such court the record upon which such order sought to be enforced was issued. The court shall have jurisdiction to enter a judgment enforcing, modifying, and enforcing as so modified, or setting aside in whole or in part the order and decision of the Secretary or it may remand the proceedings to the Secretary for such further action as it may direct. The court shall consider and determine de novo all relevant issues, except issues of fact which were or could have been litigated in review proceedings before a court of appeals under section 106 of this Act, and upon the request of the respondent, such issues of fact which are in dispute shall be submitted to a jury. On the basis of the jury's findings, the court shall determine the amount of the penalty to be imposed. Subject to the direction and control of the Attorney General, as provided in section 507(b) of title 28 of the United States Code, attorneys appointed by the Secretary may appear for and represent him in any action to enforce an order assessing civil penalties under this paragraph.

(b) Any operator who willfully violates a mandatory health or safety standard, or knowingly violates or fails or refuses to comply with any order issued under section 104 of this title, or any order incorporated in a final decision issued under this title, except an order incorporated in a decision under subsection (a) of this section or section 110(b) (2) of this title, shall, upon conviction, be punished by a fine of not more than \$25,000, or by imprisonment for not more than one year, or by both, except that if the conviction is for a violation committed after the first conviction of such operator under this Act, punishment shall be by a fine of not more than \$50,000, or by imprisonment for not more than five years, or by both.

(c) Whenever a corporate operator violates a mandatory health or safety standard or knowingly violates or fails or refuses to comply with any order issued under this Act or any order incorporated in a final decision issued under this Act, except an order incorporated in a decision issued under subsection (a) of this section or section 110 (b) (2) of this title, any director, officer, or agent of such corporation who knowingly authorized, ordered, or carried out such violation, failure, or refusal shall be subject to the same civil penalties, fines, and imprisonment that may be imposed upon a person under subsections (a) and (b) of this section.

(d) Whoever knowingly makes any false statement, representation, or certification in any application, record, report, plan, or other document filed or required to be maintained pursuant to this Act or any order or decision issued under this Act shall, upon conviction, be punished by a fine of not more than \$10,000, or by imprisonment for not more than six months, or by both.

(e) Whoever knowingly distributes, sells, offers for sale, introduces, or delivers in commerce any equipment for use in a coal mine, including, but not limited to, components and accessories of such equipment, which is represented as complying with the provisions of this Act, or with any specification or regulation of the Secretary applicable to such equipment, and which does not so comply, shall, upon conviction, be subject to the same fine and imprisonment that may be imposed upon a person under subsection (d) of this section.

ENTITLEMENT OF MINERS

Compensation.

SEC. 110. (a) If a coal mine or area of a coal mine is closed by an order issued under section 104 of this title, all miners working during the shift when such order was issued who are idled by such order shall be entitled to full compensation by the operator at their regular rates of pay for the period they are idled, but for not more than the balance of such shift. If such order is not terminated prior to the next working shift, all miners on that shift who are idled by such order shall be entitled to full compensation by the operator at their regular rates of pay for the period they are idled, but for not more than four hours of such shift. If a coal mine or area of a coal mine is closed by an order issued under section 104 of this title for an unwarrantable failure of the operator to comply with any health or safety standard, all miners who are idled due to such order shall be fully compensated, after all interested parties are given an opportunity for a public hearing on such compensation and after such order is final, by the operator for lost time at their regular rates of pay for such time as the miners are idled by such closing, or for one week, whichever is the lesser. Whenever an operator violates or fails or refuses to comply with any order issued under section 104 of this Act, all miners employed at the affected mine who would be withdrawn from, or prevented from entering, such mine or area thereof as a result of such order shall be entitled to full compensation by the operator at their regular rates of pay, in addition to pay received for work performed after such order was issued, for the period beginning when such order was issued and ending when such order is complied with, vacated, or terminated.

Discrimination.

(b) (1) No person shall discharge or in any other way discriminate against or cause to be discharged or discriminated against any miner or any authorized representative of miners by reason of the fact that such miner or representative (A) has notified the Secretary or his authorized representative of any alleged violation or danger, (B) has

filed, instituted, or caused to be filed or instituted any proceeding under this Act, or (C) has testified or is about to testify in any proceeding resulting from the administration or enforcement of the provisions of this Act.

(2) Any miner or a representative of miners who believes that he has been discharged or otherwise discriminated against by any person in violation of paragraph (1) of this subsection may, within thirty days after such violation occurs, apply to the Secretary for a review of such alleged discharge or discrimination. A copy of the application shall be sent to such person who shall be the respondent. Upon receipt of such application, the Secretary shall cause such investigation to be made as he deems appropriate. Such investigation shall provide an opportunity for a public hearing at the request of any party to enable the parties to present information relating to such violation. The parties shall be given written notice of the time and place of the hearing at least five days prior to the hearing. Any such hearing shall be of record and shall be subject to section 554 of title 5 of the United States Code. Upon receiving the report of such investigation, the Secretary shall make findings of fact. If he finds that such violation did occur, he shall issue a decision, incorporating an order therein, requiring the person committing such violation to take such affirmative action to abate the violation as the Secretary deems appropriate, including, but not limited to, the rehiring or reinstatement of the miner or representative of miners to his former position with back pay. If he finds that there was no such violation, he shall issue an order denying the application. Such order shall incorporate the Secretary's findings therein. Any order issued by the Secretary under this paragraph shall be subject to judicial review in accordance with section 106 of this Act. Violations by any person of paragraph (1) of this subsection shall be subject to the provisions of sections 108 and 109(a) of this title.

80 Stat. 384.

(3) Whenever an order is issued under this subsection, at the request of the applicant, a sum equal to the aggregate amount of all costs and expenses (including the attorney's fees) as determined by the Secretary to have been reasonably incurred by the applicant for, or in connection with, the institution and prosecution of such proceedings, shall be assessed against the person committing such violation.

REPORTS

SEC. 111. (a) All accidents, including unintentional roof falls (except in any abandoned panels or in areas which are inaccessible or unsafe for inspections), shall be investigated by the operator or his agent to determine the cause and the means of preventing a recurrence. Records of such accidents, roof falls, and investigations shall be kept and the information shall be made available to the Secretary or his authorized representative and the appropriate State agency. Such records shall be open for inspection by interested persons. Such records shall include man-hours worked and shall be reported for periods determined by the Secretary, but at least annually.

(b) In addition to such records as are specifically required by this Act, every operator of a coal mine shall establish and maintain such records, make such reports, and provide such information, as the Secretary may reasonably require from time to time to enable him to perform his functions under this Act. The Secretary is authorized to compile, analyze, and publish, either in summary or detailed form, such reports or information so obtained. Except to the extent other-

wise specifically provided by this Act, all records, information, reports, findings, notices, orders, or decisions required or issued pursuant to or under this Act may be published from time to time, may be released to any interested person, and shall be made available for public inspection.

Records, availability.

TITLE II—INTERIM MANDATORY HEALTH STANDARDS

COVERAGE

SEC. 201. (a) The provisions of sections 202 through 206 of this title and the applicable provisions of section 318 of title III shall be interim mandatory health standards applicable to all underground coal mines until superseded in whole or in part by improved mandatory health standards promulgated by the Secretary under the provisions of section 101 of this Act, and shall be enforced in the same manner and to the same extent as any mandatory health standard promulgated under the provisions of section 101 of this Act. Any orders issued in the enforcement of the interim standards set forth in this title shall be subject to review as provided in title I of this Act.

Post, p. 791.

Ante, p. 745.

(b) Among other things, it is the purpose of this title to provide, to the greatest extent possible, that the working conditions in each underground coal mine are sufficiently free of respirable dust concentrations in the mine atmosphere to permit each miner the opportunity to work underground during the period of his entire adult working life without incurring any disability from pneumoconiosis or any other occupation-related disease during or at the end of such period.

DUST STANDARD AND RESPIRATORY EQUIPMENT

SEC. 202. (a) Each operator of a coal mine shall take accurate samples of the amount of respirable dust in the mine atmosphere to which each miner in the active workings of such mine is exposed. Such samples shall be taken by any device approved by the Secretary and the Secretary of Health, Education, and Welfare and in accordance with such methods, at such locations, at such intervals, and in such manner as the Secretaries shall prescribe in the Federal Register within sixty days from the date of enactment of this Act and from time to time thereafter. Such samples shall be transmitted to the Secretary in a manner established by him, and analyzed and recorded by him in a manner that will assure application of the provisions of section 104(i) of this Act when the applicable limit on the concentration of respirable dust required to be maintained under this section is exceeded. The results of such samples shall also be made available to the operator. Each operator shall report and certify to the Secretary at such intervals as the Secretary may require as to the conditions in the active workings of the coal mine, including, but not limited to, the average number of working hours worked during each shift, the quantity and velocity of air regularly reaching the working faces, the method of mining, the amount and pressure of the water, if any, reaching the working faces, and the number, location, and type of sprays, if any, used.

Publication in Federal Register.

(b) Except as otherwise provided in this subsection—

(1) Effective on the operative date of this title, each operator shall continuously maintain the average concentration of respira-

ble dust in the mine atmosphere during each shift to which each miner in the active workings of such mine is exposed at or below 3.0 milligrams of respirable dust per cubic meter of air.

(2) Effective three years after the date of enactment of this Act, each operator shall continuously maintain the average concentration of respirable dust in the mine atmosphere during each shift to which each miner in the active workings of such mine is exposed at or below 2.0 milligrams of respirable dust per cubic meter of air.

(3) Any operator who determines that he will be unable, using available technology, to comply with the provisions of paragraph (1) of this subsection, or the provisions of paragraph (2) of this subsection, as appropriate, may file with the Panel, no later than sixty days prior to the effective date of the applicable respirable dust standard established by such paragraphs, an application for a permit for noncompliance. If, in the case of an application for a permit for noncompliance with the 3.0 milligram standard established by paragraph (1) of this subsection, the application satisfies the requirements of subsection (c) of this section, the Panel shall issue a permit for noncompliance to the operator. If, in the case of an application for a permit for noncompliance with the 2.0 milligram standard established by paragraph (2) of this subsection, the application satisfies the requirements of subsection (c) of this section and the Panel determines that the applicant will be unable to comply with such standard, the Panel shall issue to the operator a permit for noncompliance.

Noncompliance permit.

(4) In any case in which an operator, who has been issued a permit (including a renewal permit) for noncompliance under this section, determines, not more than ninety days prior to the expiration date of such permit, that he still is unable to comply with the standard established by paragraph (1) of this subsection or the standard established by paragraph (2) of this subsection, as appropriate, he may file with the Panel an application for renewal of the permit. Upon receipt of such application, the Panel, if it determines, after all interested persons have been notified and given an opportunity for a public hearing under section 5 of this Act, that the application is in compliance with the provisions of subsection (c) of this section, and that the applicant will be unable to comply with such standard, may renew the permit.

Permit renewal.

Ante, p. 744.

(5) Any such permit or renewal thereof so issued shall be in effect for a period not to exceed one year and shall entitle the permittee during such period to maintain continuously the average concentration of respirable dust in the mine atmosphere during each shift in the working places of such mine to which the permit applies at a level specified by the Panel, which shall be at the lowest level which the application shows the conditions, technology applicable to such mine, and other available and effective control techniques and methods will permit, but in no event shall such level exceed 4.5 milligrams of dust per cubic meter of air during the period when the 3.0 milligram standard is in effect, or 3.0 milligrams of dust per cubic meter of air during the period when the 2.0 milligram standard is in effect.

Permit termination.

(6) No permit or renewal thereof for noncompliance shall

entitle any operator to an extension of time beyond eighteen months from the date of enactment of this Act to comply with the 3.0 milligram standard established by paragraph (1) of this subsection, or beyond seventy-two months from the date of enactment of this Act to comply with the 2.0 milligram standard established by paragraph (2) of this subsection.

(c) Any application for an initial or renewal permit made pursuant to this section shall contain—

(1) a representation by the applicant and the engineer conducting the survey referred to in paragraph (2) of this subsection that the applicant is unable to comply with the standard applicable under subsection (b) (1) or (b) (2) of this section at specified working places because the technology for reducing the concentration of respirable dust at such places is not available, or because of the lack of other effective control techniques or methods, or because of any combination of such reasons;

(2) an identification of the working places in such mine for which the permit is requested; the results of an engineering survey by a certified engineer of the respirable dust conditions of each working place of the mine with respect to which such application is filed and the ability to reduce such dust to the level required to be maintained in such place under this section; a description of the ventilation system of the mine and its capacity; the quantity and velocity of air regularly reaching the working faces; the method of mining; the amount and pressure of the water, if any, reaching the working faces; the number, location, and type of sprays, if any; action taken to reduce such dust; and such other information as the Panel may require; and

(3) statements by the applicant and the engineer conducting such survey, of the means and methods to be employed to achieve compliance with the applicable standard, the progress made toward achieving compliance, and an estimate of when compliance can be achieved.

(d) Beginning six months after the operative date of this title and from time to time thereafter, the Secretary of Health, Education, and Welfare shall establish, in accordance with the provisions of section 101 of this Act, a schedule reducing the average concentration of respirable dust in the mine atmosphere during each shift to which each miner in the active workings is exposed below the levels established in this section to a level of personal exposure which will prevent new incidences of respiratory disease and the further development of such disease in any person. Such schedule shall specify the minimum time necessary to achieve such levels taking into consideration present and future advancements in technology to reach these levels.

(e) References to concentrations of respirable dust in this title means the average concentration of respirable dust if measured with an MRE instrument or such equivalent concentrations if measured with another device approved by the Secretary and the Secretary of Health, Education, and Welfare. As used in this title, the term "MRE instrument" means the gravimetric dust sampler with four channel horizontal elutriator developed by the Mining Research Establishment of the National Coal Board, London, England.

(f) For the purpose of this title, the term "average concentration" means a determination which accurately represents the atmospheric conditions with regard to respirable dust to which each miner in the active workings of a mine is exposed (1) as measured, during the 18

month period following the date of enactment of this Act, over a number of continuous production shifts to be determined by the Secretary and the Secretary of Health, Education, and Welfare, and (2) as measured thereafter, over a single shift only, unless the Secretary and the Secretary of Health, Education, and Welfare find, in accordance with the provisions of section 101 of this Act, that such single shift measurement will not, after applying valid statistical techniques to such measurement, accurately represent such atmospheric conditions during such shift.

Ante, p. 745.

(g) The Secretary shall cause to be made such frequent spot inspections as he deems appropriate of the active workings of coal mines for the purpose of obtaining compliance with the provisions of this title.

Spot inspections.

(h) Respiratory equipment approved by the Secretary and the Secretary of Health, Education, and Welfare shall be made available to all persons whenever exposed to concentrations of respirable dust in excess of the levels required to be maintained under this Act. Use of respirators shall not be substituted for environmental control measures in the active workings. Each operator shall maintain a supply of respiratory equipment adequate to deal with occurrences of concentrations of respirable dust in the mine atmosphere in excess of the levels required to be maintained under this Act.

MEDICAL EXAMINATIONS

SEC. 203 (a) The operator of a coal mine shall cooperate with the Secretary of Health, Education, and Welfare in making available to each miner working in a coal mine the opportunity to have a chest roentgenogram within eighteen months after the date of enactment of this Act, a second chest roentgenogram within three years thereafter, and subsequent chest roentgenograms at such intervals thereafter of not to exceed five years as the Secretary of Health, Education, and Welfare prescribes. Each worker who begins work in a coal mine for the first time shall be given, as soon as possible after commencement of his employment, and again three years later if he is still engaged in coal mining, a chest roentgenogram; and in the event the second such chest roentgenogram shows evidence of the development of pneumoconiosis the worker shall be given, two years later if he is still engaged in coal mining, an additional chest roentgenogram. All chest roentgenograms shall be given in accordance with specifications prescribed by the Secretary of Health, Education, and Welfare and shall be supplemented by such other tests as the Secretary of Health, Education, and Welfare deems necessary. The films shall be read and classified in a manner to be prescribed by the Secretary of Health, Education, and Welfare, and the results of each reading on each such person and of such tests shall be submitted to the Secretary and to the Secretary of Health, Education, and Welfare, and, at the request of the miner, to his physician. The Secretary shall also submit such results to such miner and advise him of his rights under this Act related thereto. Such specifications, readings, classifications, and tests shall, to the greatest degree possible, be uniform for all coal mines and miners in such mines.

(b)(1) On and after the operative date of this title, any miner who, in the judgment of the Secretary of Health, Education, and Welfare based upon such reading or other medical examinations, shows

evidence of the development of pneumoconiosis shall be afforded the option of transferring from his position to another position in any area of the mine, for such period or periods as may be necessary to prevent further development of such disease, where the concentration of respirable dust in the mine atmosphere is not more than 2.0 milligrams of dust per cubic meter of air.

(2) Effective three years after the date of enactment of this Act, any miner who, in the judgment of the Secretary of Health, Education, and Welfare based upon such reading or other medical examinations, shows evidence of the development of pneumoconiosis shall be afforded the option of transferring from his position to another position in any area of the mine, for such period or periods as may be necessary to prevent further development of such disease, where the concentration of respirable dust in the mine atmosphere is not more than 1.0 milligrams of dust per cubic meter of air, or if such level is not attainable in such mine, to a position in such mine where the concentration of respirable dust is the lowest attainable below 2.0 milligrams per cubic meter of air.

(3) Any miner so transferred shall receive compensation for such work at not less than the regular rate of pay received by him immediately prior to his transfer.

(c) No payment may be required of any miner in connection with any examination or test given him pursuant to this title. Where such examinations or tests cannot be given, due to the lack of adequate medical or other necessary facilities or personnel, in the locality where the miner resides, arrangements shall be made to have them conducted, in accordance with the provisions of this title, in such locality by the Secretary of Health, Education, and Welfare, or by an appropriate person, agency, or institution, public or private, under an agreement or arrangement between the Secretary of Health, Education, and Welfare and such person, agency, or institution. The operator of the mine shall reimburse the Secretary of Health, Education, and Welfare, or such person, agency, or institution, as the case may be, for the cost of conducting each examination or test made, in accordance with this title, and shall pay whatever other costs are necessary to enable the miner to take such examinations or tests.

(d) If the death of any active miner occurs in any coal mine, or if the death of any active or inactive miner occurs in any other place, the Secretary of Health, Education, and Welfare is authorized to provide for an autopsy to be performed on such miner, with the consent of his surviving widow or, if he has no such widow, then with the consent of his surviving next of kin. The results of such autopsy shall be submitted to the Secretary of Health, Education, and Welfare and, with the consent of such survivor, to the miner's physician or other interested person. Such autopsy shall be paid for by the Secretary of Health, Education, and Welfare.

DUST FROM DRILLING ROCK

SEC. 204. The dust resulting from drilling in rock shall be controlled by the use of permissible dust collectors, or by water or water with a wetting agent, or by ventilation, or by any other method or device approved by the Secretary which is at least as effective in controlling such dust. Respiratory equipment approved by the Secretary and the Secretary of Health, Education, and Welfare shall be provided per-

sons exposed for short periods to inhalation hazards from gas, dusts, fumes, or mist. When the exposure is for prolonged periods, other measures to protect such persons or to reduce the hazard shall be taken.

DUST STANDARD WHEN QUARTZ IS PRESENT

SEC. 205. In coal mining operations where the concentration of respirable dust in the mine atmosphere of any working place contains more than 5 per centum quartz, the Secretary of Health, Education, and Welfare shall prescribe an appropriate formula for determining the applicable respirable dust standard under this title for such working place and the Secretary shall apply such formula in carrying out his duties under this title.

NOISE STANDARD

SEC. 206. On and after the operative date of this title, the standards on noise prescribed under the Walsh-Healey Public Contracts Act, as amended, in effect October 1, 1969, shall be applicable to each coal mine and each operator of such mine shall comply with them. Within six months after the date of enactment of this Act, the Secretary of Health, Education, and Welfare shall establish, and the Secretary shall publish, as provided in section 101 of this Act, proposed mandatory health standards establishing maximum noise exposure levels for all underground coal mines. Beginning six months after the operative date of this title, and at intervals of at least every six months thereafter, the operator of each coal mine shall conduct, in a manner prescribed by the Secretary of Health, Education, and Welfare, tests by a qualified person of the noise level at the mine and report and certify the results to the Secretary and the Secretary of Health, Education, and Welfare. In meeting such standard under this section, the operator shall not require the use of any protective device or system, including personal devices, which the Secretary or his authorized representative finds to be hazardous or cause a hazard to the miners in such mine.

TITLE III—INTERIM MANDATORY SAFETY STANDARDS FOR UNDERGROUND COAL MINES

COVERAGE

SEC. 301. (a) The provisions of sections 302 through 318 of this title shall be interim mandatory safety standards applicable to all underground coal mines until superseded in whole or in part by improved mandatory safety standards promulgated by the Secretary under the provisions of section 101 of this Act, and shall be enforced in the same manner and to the same extent as any mandatory safety standard promulgated under section 101 of this Act. Any orders issued in the enforcement of the interim standards set forth in this title shall be subject to review as provided in title I of this Act.

(b) The purpose of this title is to provide for the immediate application of mandatory safety standards developed on the basis of experience and advances in technology and to prevent newly created hazards resulting from new technology in coal mining. The Secretary shall immediately initiate studies, investigations, and research to further upgrade such standards and to develop and promulgate new and

improved standards promptly that will provide increased protection to the miners, particularly in connection with hazards from trolley wires, trolley feeder wires, and signal wires, the splicing and use of trailing cables, and in connection with improvements in vulcanizing of electric conductors, improvement in roof control measures, methane drainage in advance of mining, improved methods of measuring methane and other explosive gases and oxygen concentrations, and the use of improved underground equipment and other sources of power for such equipment.

Modifications.

(c) Upon petition by the operator or the representative of miners, the Secretary may modify the application of any mandatory safety standard to a mine if the Secretary determines that an alternative method of achieving the result of such standard exists which will at all times guarantee no less than the same measure of protection afforded the miners of such mine by such standard, or that the application of such standard to such mine will result in a diminution of safety to the miners in such mine. Upon receipt of such petition the Secretary shall publish notice thereof and give notice to the operator or the representative of miners in the affected mine, as appropriate, and shall cause such investigation to be made as he deems appropriate. Such investigation shall provide an opportunity for a public hearing, at the request of such operator or representative or other interested party, to enable the operator and the representative of miners in such mine or other interested party to present information relating to the modification of such standard. The Secretary shall issue a decision incorporating his findings of fact therein, and send a copy thereof to the operator or the representative of the miners, as appropriate. Any such hearing shall be of record and shall be subject to section 554 of title 5 of the United States Code.

80 Stat. 384.

(d) In any case where the provisions of sections 302 to 318, inclusive, of this title provide that certain actions, conditions, or requirements shall be carried out as prescribed by the Secretary, or the Secretary of Health, Education, and Welfare, as appropriate, the provisions of section 553 of title 5 of the United States Code shall apply unless either Secretary otherwise provides. Before granting any exception to a mandatory safety standard as authorized by this title, the findings of the Secretary or his authorized representative shall be made public and shall be available to the representative of the miners at the affected coal mine.

ROOF SUPPORT

SEC. 302. (a) Each operator shall undertake to carry out on a continuing basis a program to improve the roof control system of each coal mine and the means and measures to accomplish such system. The roof and ribs of all active underground roadways, travelways, and working places shall be supported or otherwise controlled adequately to protect persons from falls of the roof or ribs. A roof control plan and revisions thereof suitable to the roof conditions and mining system of each coal mine and approved by the Secretary shall be adopted and set out in printed form within sixty days after the operative date of this title. The plan shall show the type of support and spacing approved by the Secretary. Such plan shall be reviewed periodically, at least every six months by the Secretary, taking into consideration any falls of roof or ribs or inadequacy of support of roof or ribs. No person shall proceed beyond the last permanent sup-

port unless adequate temporary support is provided or unless such temporary support is not required under the approved roof control plan and the absence of such support will not pose a hazard to the miners. A copy of the plan shall be furnished the Secretary or his authorized representative and shall be available to the miners and their representatives.

(b) The method of mining followed in any coal mine shall not expose the miner to unusual dangers from roof falls caused by excessive widths of rooms and entries or faulty pillar recovery methods.

(c) The operator, in accordance with the approved plan, shall provide at or near each working face and at such other locations in the coal mine as the Secretary may prescribe an ample supply of suitable materials of proper size with which to secure the roof of all working places in a safe manner. Safety posts, jacks, or other approved devices shall be used to protect the workmen when roof material is being taken down, crossbars are being installed, roof boltholes are being drilled, roof bolts are being installed, and in such other circumstances as may be appropriate. Loose roof and overhanging or loose faces and ribs shall be taken down or supported. Except in the case of recovery work, supports knocked out shall be replaced promptly.

(d) When installation of roof bolts is permitted, such roof bolts shall be tested in accordance with the approved roof control plan.

(e) Roof bolts shall not be recovered where complete extractions of pillars are attempted, where adjacent to clay veins, or at the locations of other irregularities, whether natural or otherwise, that induce abnormal hazards. Where roof bolt recovery is permitted, it shall be conducted only in accordance with methods prescribed in the approved roof control plan, and shall be conducted by experienced miners and only where adequate temporary support is provided.

(f) Where miners are exposed to danger from falls of roof, face, and ribs the operator shall examine and test the roof, face, and ribs before any work or machine is started, and as frequently thereafter as may be necessary to insure safety. When dangerous conditions are found, they shall be corrected immediately.

VENTILATION

SEC. 303. (a) All coal mines shall be ventilated by mechanical ventilation equipment installed and operated in a manner approved by an authorized representative of the Secretary and such equipment shall be examined daily and a record shall be kept of such examination.

(b) All active workings shall be ventilated by a current of air containing not less than 19.5 volume per centum of oxygen, not more than 0.5 volume per centum of carbon dioxide, and no harmful quantities of other noxious or poisonous gases; and the volume and velocity of the current of air shall be sufficient to dilute, render harmless, and to carry away, flammable, explosive, noxious, and harmful gases, and dust, and smoke and explosive fumes. The minimum quantity of air reaching the last open crosscut in any pair or set of developing entries and the last open crosscut in any pair or set of rooms shall be nine thousand cubic feet a minute, and the minimum quantity of air reaching the intake end of a pillar line shall be nine thousand cubic feet a minute. The minimum quantity of air in any coal mine reaching each working face shall be three thousand cubic feet a minute. Within three months after the operative date of this title, the Secretary shall prescribe the minimum velocity and quantity of air reaching each working face of each coal mine in order to render harmless and carry away methane and

other explosive gases and to reduce the level of respirable dust to the lowest attainable level. The authorized representative of the Secretary may require in any coal mine a greater quantity and velocity of air when he finds it necessary to protect the health or safety of miners. Within one year after the operative date of this title, the Secretary or his authorized representative shall prescribe the maximum respirable dust level in the intake aircourses in each coal mine in order to reduce such level to the lowest attainable level. In robbing areas of anthracite mines, where the air currents cannot be controlled and measurements of the air cannot be obtained, the air shall have perceptible movement.

(c) (1) Properly installed and adequately maintained line brattice or other approved devices shall be continuously used from the last open crosscut of an entry or room of each working section to provide adequate ventilation to the working faces for the miners and to remove flammable, explosive, and noxious gases, dust, and explosive fumes, unless the Secretary or his authorized representative permits an exception to this requirement, where such exception will not pose a hazard to the miners. When damaged by falls or otherwise, such line brattice or other devices shall be repaired immediately.

(2) The space between the line brattice or other approved device and the rib shall be large enough to permit the flow of a sufficient volume and velocity of air to keep the working face clear of flammable, explosive, and noxious gases, dust, and explosive fumes.

(3) Brattice cloth used underground shall be of flame-resistant material.

Pre-shift examinations.

(d) (1) Within three hours immediately preceding the beginning of any shift, and before any miner in such shift enters the active workings of a coal mine, certified persons designated by the operator of the mine shall examine such workings and any other underground area of the mine designated by the Secretary or his authorized representative. Each such examiner shall examine every working section in such workings and shall make tests in each such working section for accumulations of methane with means approved by the Secretary for detecting methane and shall make tests for oxygen deficiency with a permissible flame safety lamp or other means approved by the Secretary; examine seals and doors to determine whether they are functioning properly; examine and test the roof, face, and rib conditions in such working section; examine active roadways, travelways, and belt conveyors on which men are carried, approaches to abandoned areas, and accessible falls in such section for hazards; test by means of an anemometer or other device approved by the Secretary to determine whether the air in each split is traveling in its proper course and in normal volume and velocity; and examine for such other hazards and violations of the mandatory health or safety standards, as an authorized representative of the Secretary may from time to time require. Belt conveyors on which coal is carried shall be examined after each coal-producing shift has begun. Such mine examiner shall place his initials and the date and time at all places he examines. If such mine examiner finds a condition which constitutes a violation of a mandatory health or safety standard or any condition which is hazardous to persons who may enter or be in such area, he shall indicate such hazardous place by posting a "DANGER" sign conspicuously at all points which persons entering such hazardous place would be required to pass, and shall notify the operator of the mine. No person, other than an authorized representative of the Secretary or a State mine inspector or persons authorized by the operator to enter such place

for the purpose of eliminating the hazardous condition therein, shall enter such place while such sign is so posted. Upon completing his examination, such mine examiner shall report the results of his examination to a person, designated by the operator to receive such reports at a designated station on the surface of the mine, before other persons enter the underground areas of such mine to work in such shift. Each such mine examiner shall also record the results of his examination with ink or indelible pencil in a book approved by the Secretary kept for such purpose in an area on the surface of the mine chosen by the operator to minimize the danger of destruction by fire or other hazard, and the record shall be open for inspection by interested persons.

(2) No person (other than certified persons designated under this subsection) shall enter any underground area, except during any shift, unless an examination of such area as prescribed in this subsection has been made within eight hours immediately preceding his entrance into such area.

(e) At least once during each coal-producing shift, or more often if necessary for safety, each working section shall be examined for hazardous conditions by certified persons designated by the operator to do so. Any such condition shall be corrected immediately. If such condition creates an imminent danger, the operator shall withdraw all persons from the area affected by such condition to a safe area, except those persons referred to in section 104(d) of this Act, until the danger is abated. Such examination shall include tests for methane with a means approved by the Secretary for detecting methane and for oxygen deficiency with a permissible flame safety lamp or other means approved by the Secretary.

Ante, p. 751.

(f) In addition to the pre-shift and daily examinations required by this section, examinations for hazardous conditions, including tests for methane, and for compliance with the mandatory health or safety standards, shall be made at least once each week by a certified person designated by the operator in the return of each split of air where it enters the main return, on pillar falls, at seals, in the main return, at least one entry of each intake and return aircourse in its entirety, idle workings, and, insofar as safety considerations permit, abandoned areas. Such weekly examination need not be made during any week in which the mine is idle for the entire week, except that such examination shall be made before any other miner returns to the mine. The person making such examinations and tests shall place his initials and the date and time at the places examined, and if any hazardous condition is found, such condition shall be reported to the operator promptly. Any hazardous condition shall be corrected immediately. If such condition creates an imminent danger, the operator shall withdraw all persons from the area affected by such condition to a safe area, except those persons referred to in section 104(d) of this Act, until such danger is abated. A record of these examinations, tests, and actions taken shall be recorded in ink or indelible pencil in a book approved by the Secretary kept for such purpose in an area on the surface of the mine chosen by the mine operator to minimize the danger of destruction by fire or other hazard, and the record shall be open for inspection by interested persons.

Weekly examinations for hazardous conditions.

Records.

(g) At least once each week, a qualified person shall measure the volume of air entering the main intakes and leaving the main returns, the volume passing through the last open crosscut in any pair or set of developing entries and the last open crosscut in any pair or set of

Weekly ventilation examinations.

Records.

rooms, the volume and, when the Secretary so prescribes, the velocity reaching each working face, the volume being delivered to the intake end of each pillar line, and the volume at the intake and return of each split of air. A record of such measurements shall be recorded in ink or indelible pencil in a book approved by the Secretary kept for such purpose in an area on the surface of the coal mine chosen by the operator to minimize the danger of destruction by fire or other hazard, and the record shall be open for inspection by interested persons.

Methane examinations.

(h) (1) At the start of each shift, tests for methane shall be made at each working place immediately before electrically operated equipment is energized. Such tests shall be made by qualified persons. If 1.0 volume per centum or more of methane is detected, electrical equipment shall not be energized, taken into, or operated in, such working place until the air therein contains less than 1.0 volume per centum of methane. Examinations for methane shall be made during the operation of such equipment at intervals of not more than twenty minutes during each shift, unless more frequent examinations are required by an authorized representative of the Secretary. In conducting such tests, such person shall use means approved by the Secretary for detecting methane.

(2) If at any time the air at any working place, when tested at a point not less than twelve inches from the roof, face, or rib, contains 1.0 volume per centum or more of methane, changes or adjustments shall be made at once in the ventilation in such mine so that such air shall contain less than 1.0 volume per centum of methane. While such changes or adjustments are underway and until they have been achieved, power to electric face equipment located in such place shall be cut off, no other work shall be permitted in such place, and due precautions shall be carried out under the direction of the operator or his agent so as not to endanger other areas of the mine. If at any time such air contains 1.5 volume per centum or more of methane, all persons, except those referred to in section 104(d) of this Act, shall be withdrawn from the area of the mine endangered thereby to a safe area, and all electric power shall be cut off from the endangered area of the mine, until the air in such working place shall contain less than 1.0 volume per centum of methane.

Ante, p. 751.

(i) (1) If, when tested, a split of air returning from any working section contains 1.0 volume per centum or more of methane, changes or adjustments shall be made at once in the ventilation in the mine so that such returning air shall contain less than 1.0 volume per centum of methane. Tests under this paragraph and paragraph (2) of this subsection shall be made at four-hour intervals during each shift by a qualified person designated by the operator of the mine. In making such tests, such person shall use means approved by the Secretary for detecting methane.

(2) If, when tested, a split of air returning from any working section contains 1.5 volume per centum or more of methane, all persons, except those persons referred to in section 104(d) of this Act, shall be withdrawn from the area of the mine endangered thereby to a safe area and all electric power shall be cut off from the endangered area of the mine, until the air in such split shall contain less than 1.0 volume per centum of methane.

(3) In virgin territory, if the quantity of air in a split ventilating the active workings in such territory equals or exceeds twice the minimum volume of air prescribed in subsection (b) of this section for the last open crosscut, if the air in the split returning from such workings

does not pass over trolley wires or trolley feeder wires, and if a certified person designated by the operator is continually testing the methane content of the air in such split during mining operations in such workings, it shall be necessary to withdraw all persons, except those referred to in section 104(d) of this Act, from the area of the mine endangered thereby to a safe area and all electric power shall be cut off from the endangered area only when the air returning from such workings contains 2.0 volume per centum or more of methane.

Ante, p. 751.

(j) Air which has passed by an opening of any abandoned area shall not be used to ventilate any working place in the coal mine if such air contains 0.25 volume per centum or more of methane. Examinations of such air shall be made during the pre-shift examination required by subsection (d) of this section. In making such tests, a certified person designated by the operator shall use means approved by the Secretary for detecting methane. For the purposes of this subsection, an area within a panel shall not be deemed to be abandoned until such panel is abandoned.

(k) Air that has passed through an abandoned area or an area which is inaccessible or unsafe for inspection shall not be used to ventilate any working place in any mine. No air which has been used to ventilate an area from which the pillars have been removed shall be used to ventilate any working place in a mine, except that such air, if it does not contain 0.25 volume per centum or more of methane, may be used to ventilate enough advancing working places immediately adjacent to the line of retreat to maintain an orderly sequence of pillar recovery on a set of entries.

(l) The Secretary or his authorized representative shall require, as an additional device for detecting concentrations of methane, that a methane monitor, approved as reliable by the Secretary after the operative date of this title, be installed, when available, on any electric face cutting equipment, continuous miner, longwall face equipment, and loading machine, except that no monitor shall be required to be installed on any such equipment prior to the date on which such equipment is required to be permissible under section 305(a) of this title. When installed on any such equipment, such monitor shall be kept operative and properly maintained and frequently tested as prescribed by the Secretary. The sensing device of such monitor shall be installed as close to the working face as practicable. Such monitor shall be set to deenergize automatically such equipment when such monitor is not operating properly and to give a warning automatically when the concentration of methane reaches a maximum percentage determined by an authorized representative of the Secretary which shall not be more than 1.0 volume per centum of methane. An authorized representative of the Secretary shall require such monitor to deenergize automatically equipment on which it is installed when the concentration of methane reaches a maximum percentage determined by such representative which shall not be more than 2.0 volume per centum of methane.

Methane monitor.

Post, p. 775.

(m) Idle and abandoned areas shall be inspected for methane and for oxygen deficiency and other dangerous conditions by a certified person with means approved by the Secretary as soon as possible but not more than three hours before other persons are permitted to enter or work in such areas. Persons, such as pumpmen, who are required regularly to enter such areas in the performance of their duties, and who are trained and qualified in the use of means approved by the

Secretary for detecting methane and in the use of a permissible flame safety lamp or other means approved by the Secretary for detecting oxygen deficiency are authorized to make such examinations for themselves, and each such person shall be properly equipped and shall make such examinations upon entering any such area.

(n) Immediately before an intentional roof fall is made, pillar workings shall be examined by a qualified person designated by the operator to ascertain whether methane is present. Such person shall use means approved by the Secretary for detecting methane. If in such examination methane is found in amounts of 1.0 volume per centum or more, such roof fall shall not be made until changes or adjustments are made in the ventilation so that the air shall contain less than 1.0 volume per centum of methane.

(o) A ventilation system and methane and dust control plan and revisions thereof suitable to the conditions and the mining system of the coal mine and approved by the Secretary shall be adopted by the operator and set out in printed form within ninety days after the operative date of this title. The plan shall show the type and location of mechanical ventilation equipment installed and operated in the mine, such additional or improved equipment as the Secretary may require, the quantity and velocity of air reaching each working face, and such other information as the Secretary may require. Such plan shall be reviewed by the operator and the Secretary at least every six months.

(p) Each operator shall provide for the proper maintenance and care of the permissible flame safety lamp or any other approved device for detecting methane and oxygen deficiency by a person trained in such maintenance, and, before each shift, care shall be taken to insure that such lamp or other device is in a permissible condition.

(q) Where areas are being pillared on the operative date of this title without bleeder entries, or without bleeder systems or an equivalent means, pillar recovery may be completed in the area, to the extent approved by an authorized representative of the Secretary, if the edges of pillar lines adjacent to active workings are ventilated with sufficient air to keep the air in open areas along the pillar lines below 1.0 volume per centum of methane.

(r) Each mechanized mining section shall be ventilated with a separate split of intake air directed by overcasts, undercasts, or the equivalent, except an extension of time, not in excess of nine months, may be permitted by the Secretary, under such conditions as he may prescribe, whenever he determines that this subsection cannot be complied with on the operative date of this title.

(s) In all underground areas of a coal mine, immediately before firing each shot or group of multiple shots and after blasting is completed, examinations for methane shall be made by a qualified person with means approved by the Secretary for detecting methane. If methane is found in amounts of 1.0 volume per centum or more, changes or adjustments shall be made at once in the ventilation so that the air shall contain less than 1.0 volume per centum of methane. No shots shall be fired until the air contains less than 1.0 volume per centum of methane.

(t) Each operator shall adopt a plan within sixty days after the operative date of this title which shall provide that when any mine fan stops, immediate action shall be taken by the operator or his agent (1) to withdraw all persons from the working sections, (2) to cut off the power in the mine in a timely manner, (3) to provide for restora-

tion of power and resumption of work if ventilation is restored within a reasonable period as set forth in the plan after the working places and other active workings where methane is likely to accumulate are reexamined by a certified person to determine if methane in amounts of 1.0 volume per centum or more exists therein, and (4) to provide for withdrawal of all persons from the mine if ventilation cannot be restored within such reasonable time. The plan and revisions thereof approved by the Secretary shall be set out in printed form and a copy shall be furnished to the Secretary or his authorized representative.

(u) Changes in ventilation which materially affect the main air current or any split thereof and which may affect the safety of persons in the coal mine shall be made only when the mine is idle. Only those persons engaged in making such changes shall be permitted in the mine during the change. Power shall be removed from the areas affected by the change before work starts to make the change and shall not be restored until the effect of the change has been ascertained and the affected areas determined to be safe by a certified person.

(v) The mine foreman shall read and countersign promptly the daily reports of the pre-shift examiner and assistant mine foremen, and he shall read and countersign promptly the weekly report covering the examinations for hazardous conditions. Where such reports disclose hazardous conditions, they shall be corrected promptly. If such conditions create an imminent danger, the operator shall withdraw all persons from, or prevent any person from entering, as the case may be, the area affected by such conditions, except those persons referred to in section 104(d) of this Act, until such danger is abated. The mine superintendent or assistant superintendent of the mine shall also read and countersign the daily and weekly reports of such persons.

Reports.

Ante, p. 751.

Daily reports.

(w) Each day, the mine foreman and each of his assistants shall enter plainly and sign with ink or indelible pencil in a book approved by the Secretary provided for that purpose a report of the condition of the mine or portion thereof under his supervision, which report shall state clearly the location and nature of any hazardous condition observed by him or reported to him during the day and what action was taken to remedy such condition. Such book shall be kept in an area on the surface of the mine chosen by the operator to minimize the danger of destruction by fire or other hazard, and shall be open for inspection by interested persons.

(x) Before a coal mine is reopened after having been abandoned or declared inactive by the operator, the Secretary shall be notified, and an inspection shall be made of the entire mine by an authorized representative of the Secretary before mining operations commence.

(y) (1) In any coal mine opened after the operative date of this title, the entries used as intake and return aircourses shall be separated from belt haulage entries, and each operator of such mine shall limit the velocity of the air coursed through belt haulage entries to the amount necessary to provide an adequate supply of oxygen in such entries, and to insure that the air therein shall contain less than 1.0 volume per centum of methane, and such air shall not be used to ventilate active working places. Whenever an authorized representative of the Secretary finds, in the case of any coal mine opened on or prior to the operative date of this title which has been developed with more than two entries, that the conditions in the entries, other than belt haulage entries, are such as to permit adequately the coursing of intake or return air through such entries, (1) the belt haulage entries shall not be used to ventilate, unless such entries are necessary to ventilate, active working places, and (2) when the belt haulage entries are not

necessary to ventilate the active working places, the operator of such mine shall limit the velocity of the air coursed through the belt haulage entries to the amount necessary to provide an adequate supply of oxygen in such entries, and to insure that the air therein shall contain less than 1.0 volume per centum of methane.

(2) In any coal mine opened on or after the operative date of this title, or, in the case of a coal mine opened prior to such date, in any new working section of such mine, where trolley haulage systems are maintained and where trolley wires or trolley feeder wires are installed, an authorized representative of the Secretary shall require a sufficient number of entries or rooms as intake aircourses in order to limit, as prescribed by the Secretary, the velocity of air currents on such haulageways for the purpose of minimizing the hazards associated with fires and dust explosions in such haulageways.

(z) (1) While pillars are being extracted in any area of a coal mine, such area shall be ventilated in the manner prescribed by this section.

(2) Within nine months after the operative date of this title, all areas from which pillars have been wholly or partially extracted and abandoned areas, as determined by the Secretary or his authorized representative, shall be ventilated by bleeder entries or by bleeder systems or equivalent means, or be sealed, as determined by the Secretary or his authorized representative. When ventilation of such areas is required, such ventilation shall be maintained so as continuously to dilute, render harmless, and carry away methane and other explosive gases within such areas and to protect the active workings of the mine from the hazards of such methane and other explosive gases. Air coursed through underground areas from which pillars have been wholly or partially extracted which enters another split of air shall not contain more than 2.0 volume per centum of methane, when tested at the point it enters such other split. When sealing is required, such seals shall be made in an approved manner so as to isolate with explosion-proof bulkheads such areas from the active workings of the mine.

(3) In the case of mines opened on or after the operative date of this title, or in the case of working sections opened on or after such date in mines opened prior to such date, the mining system shall be designed in accordance with a plan and revisions thereof approved by the Secretary and adopted by such operator so that, as each working section of the mine is abandoned, it can be isolated from the active workings of the mine with explosion-proof seals or bulkheads.

COMBUSTIBLE MATERIALS AND ROCK DUSTING

SEC. 304. (a) Coal dust, including float coal dust deposited on rock-dusted surfaces, loose coal, and other combustible materials, shall be cleaned up and not be permitted to accumulate in active workings, or on electric equipment therein.

(b) Where underground mining operations in active workings create or raise excessive amounts of dust, water or water with a wetting agent added to it, or other no less effective methods approved by the Secretary or his authorized representative, shall be used to abate such dust. In working places, particularly in distances less than forty feet from the face, water, with or without a wetting agent, or other no less effective methods approved by the Secretary or his authorized representative, shall be applied to coal dust on the ribs, roof, and floor to reduce dispersibility and to minimize the explosion hazard.

(c) All underground areas of a coal mine, except those areas in which the dust is too wet or too high in incombustible content to propagate an explosion, shall be rock dusted to within forty feet of all working faces, unless such areas are inaccessible or unsafe to enter or unless the Secretary or his authorized representative permits an exception upon his finding that such exception will not pose a hazard to the miners. All crosscuts that are less than forty feet from a working face shall also be rock dusted.

(d) Where rock dust is required to be applied, it shall be distributed upon the top, floor, and sides of all underground areas of a coal mine and maintained in such quantities that the incombustible content of the combined coal dust, rock dust, and other dust shall be not less than 65 per centum, but the incombustible content in the return aircourses shall be no less than 80 per centum. Where methane is present in any ventilating current, the per centum of incombustible content of such combined dusts shall be increased 1.0 and 0.4 per centum for each 0.1 per centum of methane where 65 and 80 per centum, respectively, of incombustibles are required.

(e) Subsections (b) through (d) of this section shall not apply to underground anthracite mines.

Nonapplicability.

Permit for non-compliance.

Ante, p. 744.

subsection and that such operator, despite his diligent efforts, will be unable to comply with such provisions, the Panel may issue to such operator such a permit. Such permit shall entitle the permittee to an additional extension of time to comply with the provisions of this paragraph of not to exceed twenty-four months, as determined by the Panel, from such effective date.

(3) The operator of each coal mine shall maintain in permissible condition all electric face equipment required by this subsection to be permissible which is taken into or used in by the last open crosscut of any such mine.

(6) Any operator of a coal mine who is unable to comply with the provisions of paragraph (1)(D) of this subsection within one year after the operative date of this title may file with the Panel an application for a permit for noncompliance. If the Panel determines that such application satisfies the provisions of paragraph (10) of this subsection, the Panel shall issue to such operator a permit for noncompliance. Such permit shall entitle the permittee to an extension of time to comply with such provisions of paragraph (1)(D) of not to exceed twelve months, as determined by the Panel, from the date that compliance with the provisions of paragraph (1)(D) of this subsection is required.

(7) Any operator of a coal mine issued a permit under paragraph (6) of this subsection who, ninety days prior to the termination of such permit, or renewal thereof, determines that he will be unable to comply with the provisions of paragraph (1)(D) of this subsection upon the expiration of such permit may file with the Panel an application for renewal thereof. Upon receipt of such application, the Panel, if it determines, after notice to all interested persons and an opportunity for a public hearing under section 5 of this Act, that such application satisfies the provisions of paragraph (10) of this subsection and that such operator, despite his diligent efforts, will be unable to comply with the provisions of paragraph (1)(D), may renew the permit for a period not exceeding twelve months.

(11) No permit for noncompliance shall be issued under this subsection for any nonpermissible electric face equipment, unless such equipment was being used by an operator in connection with the mining operations in a coal mine on the operative date of this title.

(12) Effective one year after the operative date of this title, all replacement equipment acquired for use in any mine referred to in this subsection shall be permissible and shall be maintained in a permissible condition, and in the event of any major overhaul of any item of equipment in use one year from the operative date of this title such equipment shall be put in, and thereafter maintained in, a permissible condition, unless, in the opinion of the Secretary, such equipment or necessary replacement parts are not available.

(b) A copy of any permit granted under this section shall be mailed immediately to a representative of the miners of the mine to which it pertains, and to the public official or agency of the State charged with administering State laws relating to coal mine health and safety in such mine.

(c) Any coal mine which, prior to the operative date of this title, was classed gassy under any provision of law and was required to use permissible electric face equipment and to maintain such equipment in a permissible condition shall continue to use such equipment and to maintain such equipment in such condition.

(d) All power-connection points, except where permissible power connection units are used, outby the last open crosscut shall be in intake air.

Any changes made in a location, electric rating, or setting shall be promptly shown on the map when the change is made. Such map shall be available to an authorized representative of the Secretary and to the miners in such mine.

Mine map.

(f) All power circuits and electric equipment shall be deenergized before work is done on such circuits and equipment, except when

necessary for trouble shooting or testing. In addition, energized trolley wires may be repaired only by a person trained to perform electrical work and to maintain electrical equipment and the operator of such mine shall require that such person wear approved and tested insulated shoes and wireman's gloves. No electrical work shall be performed on low-, medium-, or high-voltage distribution circuits or equipment, except by a qualified person or by a person trained to perform electrical work and to maintain electrical equipment under the direct supervision of a qualified person. Disconnecting devices shall be locked out and suitably tagged by the persons who performed such work, except that, in cases where locking out is not possible, such devices shall be opened and suitably tagged by such persons. Locks or tags shall be removed only by the persons who installed them or, if such persons are unavailable, by persons authorized by the operator or his agent.

(g) All electric equipment shall be frequently examined, tested, and properly maintained by a qualified person to assure safe operating conditions. When a potentially dangerous condition is found on electric equipment, such equipment shall be removed from service until such condition is corrected. A record of such examinations shall be kept and made available to an authorized representative of the Secretary and to the miners in such mine.

(h) All electric conductors shall be sufficient in size and have adequate current-carrying capacity and be of such construction that a rise in temperature resulting from normal operation will not damage the insulating materials.

(i) All electrical connections or splices in conductors shall be mechanically and electrically efficient, and suitable connectors shall be used. All electrical connections or splices in insulated wire shall be reinsulated at least to the same degree of protection as the remainder of the wire.

(j) Cables shall enter metal frames of motors, splice boxes, and electric compartments only through proper fittings. When insulated wires other than cables pass through metal frames the holes shall be substantially bushed with insulated bushings.

(k) All power wires (except trailing cables on mobile equipment, specially designed cables conducting high-voltage power to underground rectifying equipment or transformers, or bare or insulated ground and return wires) shall be supported on well-insulated insulators and shall not contact combustible material, roof, or ribs.

(l) Power wires and cables, except trolley wires, trolley feeder wires, and bare signal wires, shall be insulated adequately and fully protected.

(m) Automatic circuit-breaking devices or fuses of the correct type and capacity shall be installed so as to protect all electric equipment and circuits against short circuit and overloads. Three-phase motors on all electric equipment shall be provided with overload protection that will deenergize all three phases in the event that any phase is overloaded.

(n) In all main power circuits, disconnecting switches shall be installed underground within five hundred feet of the bottoms of shafts and boreholes through which main power circuits enter the underground area of the mine and within five hundred feet of all other places where main power circuits enter the underground area of the mine.

Electrical
equipment,

Records.

(o) All electric equipment shall be provided with switches or other controls that are safely designed, constructed, and installed.

(p) Each ungrounded, exposed power conductor that leads underground shall be equipped with suitable lightning arresters of approved type within one hundred feet of the point where the circuit enters the mine. Lightning arresters shall be connected to a low resistance grounding medium on the surface which shall be separated from neutral grounds by a distance of not less than twenty-five feet.

(q) No device for the purpose of lighting any coal mine which has not been approved by the Secretary or his authorized representative shall be permitted in such mine.

(r) An authorized representative of the Secretary may require in any mine that electric face equipment be provided with devices that will permit the equipment to be deenergized quickly in the event of an emergency.

TRAILING CABLES

SEC. 306. (a) Trailing cables used in coal mines shall meet the requirements established by the Secretary for flame-resistant cables.

(b) Short-circuit protection for trailing cables shall be provided by an automatic circuit breaker or other no less effective device approved by the Secretary of adequate current-interrupting capacity in each ungrounded conductor. Disconnecting devices used to disconnect power from trailing cables shall be plainly marked and identified and such devices shall be equipped or designed in such a manner that it can be determined by visual observation that the power is disconnected.

(c) When two or more trailing cables junction to the same distribution center, means shall be provided to assure against connecting a trailing cable to the wrong size circuit breaker.

(d) One temporary splice may be made in any trailing cable. Such trailing cable may only be used for the next twenty-four hour period. No temporary splice shall be made in a trailing cable within twenty-five feet of the machine, except cable reel equipment. Temporary splices in trailing cables shall be made in a workmanlike manner and shall be mechanically strong and well insulated. Trailing cables or hand cables which have exposed wires or which have splices that heat or spark under load shall not be used. As used in this subsection, the term "splice" means the mechanical joining of one or more conductors that have been severed.

"Splice."

(e) When permanent splices in trailing cables are made, they shall be—

(1) mechanically strong with adequate electrical conductivity and flexibility;

(2) effectively insulated and sealed so as to exclude moisture; and

(3) vulcanized or otherwise treated with suitable materials to provide flame-resistant qualities and good bonding to the outer jacket.

(f) Trailing cables shall be clamped to machines in a manner to protect the cables from damage and to prevent strain on the electrical connections. Trailing cables shall be adequately protected to prevent damage by mobile equipment.

(g) Trailing cable and power cable connections to junction boxes shall not be made or broken under load.

GROUNDING

SEC. 307. (a) All metallic sheaths, armors, and conduits enclosing power conductors shall be electrically continuous throughout and shall be grounded by methods approved by an authorized representative of the Secretary. Metallic frames, casings, and other enclosures of electric equipment that can become "alive" through failure of insulation or by contact with energized parts shall be grounded by methods approved by an authorized representative of the Secretary. Methods other than grounding which provide no less effective protection may be permitted by the Secretary or his authorized representative.

Within one hundred feet of the point on the surface where high-voltage circuits enter the underground portion of the mine, disconnecting devices shall be installed and so equipped or designed in such a manner that it can be determined by visual observation that the power is disconnected, except that the Secretary or his authorized representative may permit such devices to be installed at a greater distance from such area of the mine if he

determines, based on existing physical conditions, that such installation will be more accessible at a greater distance and will not pose any hazard to the miners.

(c) The grounding resistor, where required, shall be of the proper ohmic value to limit the voltage drop in the grounding circuit external to the resistor to not more than 100 volts under fault conditions. The grounding resistor shall be rated for maximum fault current continuously and insulated from ground for a voltage equal to the phase-to-phase voltage of the system.

A record shall be kept of such examinations. High-voltage cables, other than trailing cables, shall not be moved or handled at any time while energized, except that, when such centers and transformers are moved while energized as permitted under this subsection, energized high-voltage cables attached to such centers and transformers may be moved only by a qualified person and the operator of such mine shall require that such person wear approved and tested insulated wireman's gloves.

(b) Explosives and detonators shall be kept in separate containers until immediately before blasting. In underground anthracite mines, (1) mudcaps or other open, unconfined shake shots may be fired, if

restricted to battery starting when methane or a fire hazard is not present, and if it is otherwise impracticable to start the battery; (2) open, unconfined shake shots in pitching veins may be fired, when no methane or fire hazard is present, if the taking down of loose hanging coal by other means is too hazardous; and (3) tests for methane shall be made immediately before such shots are fired and if 1.0 volume per centum or more of methane is present, when tested, such shot shall not be made until the methane content is reduced below 1.0 volume per centum.

(c) Except as provided in this subsection, in all underground areas of a coal mine only permissible explosives, electric detonators of proper strength, and permissible blasting devices shall be used and all explosives and blasting devices shall be used in a permissible manner. Permissible explosives shall be fired only with permissible shot firing units. Only incombustible materials shall be used for stemming boreholes. The Secretary may, under such safeguards as he may prescribe, permit the firing of more than twenty shots and allow the use of non-permissible explosives in sinking shafts and slopes from the surface in rock. Nothing in this section shall prohibit the use of compressed air blasting.

(d) Explosives or detonators carried anywhere underground in a coal mine by any person shall be in containers constructed of non-conductive material, maintained in good condition, and kept closed.

(e) Explosives or detonators shall be transported in special closed containers (1) in cars moved by means of a locomotive or rope, (2) on belts, (3) in shuttle cars, or (4) in equipment designed especially to transport such explosives or detonators.

(f) When supplies of explosives and detonators for use in one or more working sections are stored underground, they shall be kept in section boxes or magazines of substantial construction with no metal exposed on the inside, located at least twenty-five feet from roadways and power wires, and in a dry, well rock-dusted location protected from falls of roof, except in pitching beds, where it is not possible to comply with the location requirement, such boxes shall be placed in niches cut into the solid coal or rock.

(g) Explosives and detonators stored in the working places shall be kept in separate closed containers which shall be located out of the line of blast and not less than fifty feet from the working face and fifteen feet from any pipeline, powerline, rail, or conveyor, except that, if kept in niches in the rib, the distance from any pipeline, powerline, rail, or conveyor shall be at least five feet. Such explosives and detonators, when stored, shall be separated by a distance of at least five feet.

HOISTING AND MANTRIPS

Every hoist handling platforms, cages, or other devices used to transport persons shall be equipped with brakes capable of stopping the fully loaded platform, cage, or other device; with hoisting cable adequately strong to sustain the fully loaded platform, cage, or other device; and have a proper margin of safety. Cages, platforms, or other devices which are used to transport persons in shafts and slopes shall be equipped with safety catches or other no less effective devices approved by the Secretary that act quickly and effectively in an emergency, and such catches shall be tested at least once every two months. Hoisting equipment, including automatic elevators, that is

used to transport persons shall be examined daily. Where persons are transported into, or out of, a coal mine by hoists, a qualified hoisting engineer shall be on duty while any person is underground, except that no such engineer shall be required for automatically operated cages, platforms, or elevators.

(b) Other safeguards adequate, in the judgment of an authorized representative of the Secretary, to minimize hazards with respect to transportation of men and materials shall be provided.

(c) Hoists shall have rated capacities consistent with the loads handled and the recommended safety factors of the ropes used. An accurate and reliable indicator of the position of the cage, platform, skip, bucket, or cars shall be provided.

(d) There shall be at least two effective methods approved by the Secretary of signaling between each of the shaft stations and the hoist room, one of which shall be a telephone or speaking tube.

(e) Each locomotive and haulage car used in an underground coal mine shall be equipped with automatic brakes, where space permits. Where space does not permit automatic brakes, locomotives and haulage cars shall be subject to speed reduction gear, or other similar devices approved by the Secretary which are designed to stop the locomotives and haulage cars with the proper margin of safety.

(f) All haulage equipment acquired by an operator of a coal mine on or after one year after the operative date of this title shall be equipped with automatic couplers which couple by impact and uncouple without the necessity of persons going between the ends of such equipment. All haulage equipment without automatic couplers in use in a mine on the operative date of this title shall also be so equipped within four years after the operative date of this title.

EMERGENCY SHELTERS

SEC. 315. The Secretary or an authorized representative of the Secretary may prescribe in any coal mine that rescue chambers, properly sealed and ventilated, be erected at suitable locations in the mine to which persons may go in case of an emergency for protection against hazards. Such chambers shall be properly equipped with first aid materials, an adequate supply of air and self-contained breathing equipment, an independent communication system to the surface, and proper accommodations for the persons while awaiting rescue, and such other equipment as the Secretary may require. A plan for the erection, maintenance, and revisions of such chambers and the training of the miners in their proper use shall be submitted by the operator to the Secretary for his approval.

SEC. 317. (a) Each operator of a coal mine shall take reasonable measures to locate oil and gas wells penetrating coalbeds or any underground area of a coal mine. When located, such operator shall establish and maintain barriers around such oil and gas wells in accordance

Oil and gas
wells, barriers.

with State laws and regulations, except that such barriers shall not be less than three hundred feet in diameter, unless the Secretary or his authorized representative permits a lesser barrier consistent with the applicable State laws and regulations where such lesser barrier will be adequate to protect against hazards from such wells to the miners in such mine, or unless the Secretary or his authorized representative requires a greater barrier where the depth of the mine, other geologic conditions, or other factors warrant such a greater barrier.

Boreholes.

(b) Whenever any working place approaches within fifty feet of abandoned areas in the mine as shown by surveys made and certified by a registered engineer or surveyor, or within two hundred feet of any other abandoned areas of the mine which cannot be inspected and which may contain dangerous accumulations of water or gas, or within two hundred feet of any workings of an adjacent mine, a borehole or boreholes shall be drilled to a distance of at least twenty feet in advance of the working face of such working place and shall be continually maintained to a distance of at least ten feet in advance of the advancing working face. When there is more than one borehole, they shall be drilled sufficiently close to each other to insure that the advancing working face will not accidentally hole through into abandoned areas or adjacent mines. Boreholes shall also be drilled not more than eight feet apart in the rib of such working place to a distance of at least twenty feet and at an angle of forty-five degrees. Such rib holes shall be drilled in one or both ribs of such working place as may be necessary for adequate protection of miners in such place.

Smoking, prohibition.

(c) No person shall smoke, carry smoking materials, matches, or lighters underground, or smoke in or around oil houses, explosives magazines, or other surface areas where such practice may cause a fire or explosion. The operator shall institute a program, approved by the Secretary, to insure that any person entering the underground area of the mine does not carry smoking materials, matches, or lighters.

Portable electric lamps.

(d) Persons underground shall use only permissible electric lamps approved by the Secretary for portable illumination. No open flame shall be permitted in the underground area of any coal mine, except as permitted under section 311 (d) of this title.

Ante, p. 784.

(e) Within nine months after the operative date of this title, the Secretary shall propose the standards under which all working places in a mine shall be illuminated by permissible lighting, within eighteen months after the promulgation of such standards, while persons are working in such places.

(f) (1) Except as provided in paragraphs (2) and (3) of this subsection, at least two separate and distinct travelable passageways which are maintained to insure passage at all times of any person, including disabled persons, and which are to be designated as escapeways, at least one of which is ventilated with intake air, shall be provided from each working section continuous to the surface escape drift opening, or continuous to the escape shaft or slope facilities to the surface, as appropriate, and shall be maintained in safe condition and properly marked. Mine openings shall be adequately protected to prevent the entrance into the underground area of the mine of surface fires, fumes, smoke, and flood water. Escape facilities approved by the Secretary or his authorized representative, properly maintained and frequently tested, shall be present at or in each escape shaft or slope to allow all persons, including disabled persons, to escape quickly to the surface in the event of an emergency.

(2) When new coal mines are opened, not more than twenty miners shall be allowed at any one time in any mine until a connection has

been made between the two mine openings, and such connections shall be made as soon as possible.

(3) When only one mine opening is available, owing to final mining of pillars, not more than twenty miners shall be allowed in such mine at any one time, and the distance between the mine opening and working face shall not exceed five hundred feet.

(4) In the case of all coal mines opened on or after the operative date of this title, and in the case of all new working sections opened on or after such date in mines opened prior to such date, the escapeway required by this section to be ventilated with intake air shall be separated from the belt and trolley haulage entries of the mine for the entire length of such entries to the beginning of each working section, except that the Secretary or his authorized representative may permit such separation to be extended for a greater or lesser distance so long as such extension does not pose a hazard to the miners.

(g) After the operative date of this title, all structures erected on the surface within one hundred feet of any mine opening shall be of fireproof construction. Unless structures existing on or prior to such date which are located within one hundred feet of any mine opening are of such construction, fire doors shall be erected at effective points in mine openings to prevent smoke or fire from outside sources endangering miners underground. These doors shall be tested at least monthly to insure effective operation. A record of such tests shall be kept in an area on the surface of the mine chosen by the operator to minimize the danger of destruction by fire or other hazard and shall be available for inspection by interested persons.

Surface structures, fireproofing.

(h) Adequate measures shall be taken to prevent methane and coal dust from accumulating in excessive concentrations in or on surface coal-handling facilities, but in no event shall methane be permitted to accumulate in concentrations in or on surface coal-handling facilities in excess of limits established for methane by the Secretary within one year after the operative date of this title. Where coal is dumped at or near air-intake openings, provisions shall be made to avoid dust from entering the mine.

(i) Every operator of a coal mine shall provide a program, approved by the Secretary, of training and retraining of both qualified and certified persons needed to carry out functions prescribed in this Act.

Training programs.

(j) An authorized representative of the Secretary may require in any coal mine where the height of the coalbed permits that electric face equipment, including shuttle cars, be provided with substantially constructed canopies or cabs to protect the miners operating such equipment from roof falls and from rib and face rolls.

(k) On and after the operative date of this title, the opening of any coal mine that is declared inactive by its operator or is permanently closed or abandoned for more than ninety days, shall be sealed by the operator in a manner prescribed by the Secretary. Openings of all other mines shall be adequately protected in a manner prescribed by the Secretary to prevent entrance by unauthorized persons.

(l) The Secretary may require any operator to provide adequate facilities for the miners to change from the clothes worn underground, to provide for the storing of such clothes from shift to shift, and to provide sanitary and bathing facilities. Sanitary toilet facilities shall be provided in the active workings of the mine when such surface facilities are not readily accessible to the active workings.

Sanitary facilities.

(m) Each operator shall make arrangements in advance for obtaining emergency medical assistance and transportation for injured

Emergency medical assistance.

persons. Emergency communications shall be provided to the nearest point of assistance. Selected agents of the operator shall be trained in first aid and first aid training shall be made available to all miners. Each coal mine shall have an adequate supply of first aid equipment located on the surface, at the bottom of shafts and slopes, and at other strategic locations near the working faces. In fulfilling each of the requirements of this subsection, the operator shall meet at least minimum requirements prescribed by the Secretary of Health, Education, and Welfare. Within two months after the operative date of this title, each operator shall file with the Secretary a plan setting forth in such detail as the Secretary may require the manner in which such operator has fulfilled the requirements in this subsection.

Self-rescue
device.

(n) A self-rescue device approved by the Secretary shall be made available to each miner by the operator which shall be adequate to protect such miner for one hour or longer. Each operator shall train each miner in the use of such device.

(o) The Secretary shall prescribe improved methods of assuring that miners are not exposed to atmospheres that are deficient in oxygen.

Identification
check system.

(p) Each operator of a coal mine shall establish a check-in and check-out system which will provide positive identification of every person underground, and will provide an accurate record of the persons in the mine kept on the surface in a place chosen to minimize the danger of destruction by fire or other hazard. Such record shall bear a number identical to an identification check that is securely fastened to the lamp belt worn by the person underground. The identification check shall be made of a rust resistant metal of not less than sixteen gauge.

(q) The Secretary shall require, when technologically feasible, that devices to prevent and suppress ignitions be installed on electric face cutting equipment.

Tunnels under
water.

(r) Whenever an operator mines coal from a coal mine opened after the operative date of this title, or from any new working section of a mine opened prior to such date, in a manner that requires the construction, operation, and maintenance of tunnels under any river, stream, lake, or other body of water, that is, in the judgment of the Secretary, sufficiently large to constitute a hazard to miners, such operator shall obtain a permit from the Secretary which shall include such terms and conditions as he deems appropriate to protect the safety of miners working or passing through such tunnels from cave-ins and other hazards. Such permits shall require, in accordance with a plan to be approved by the Secretary, that a safety zone be established beneath and adjacent to such body of water. No plan shall be approved unless there is a minimum of cover to be determined by the Secretary, based on test holes drilled by the operator in a manner to be prescribed by the Secretary. No such permit shall be required in the case of any new working section of a mine which is located under any water resource reservoir being constructed by a Federal agency on the date of enactment of this Act, the operator of which is required by such agency to operate in a manner that adequately protects the safety of miners working in such section from cave-ins and other hazards.

Drinking water.

(s) An adequate supply of potable water shall be provided for drinking purposes in the active workings of the mine, and such water shall be carried, stored, and otherwise protected in sanitary containers.

(t) Within one year after the operative date of this title, the Secretary shall propose standards for preventing explosions from explosive gases other than methane and for testing for accumulations of such gases.

TITLE IV—BLACK LUNG BENEFITS

PART A—GENERAL

SEC. 401. Congress finds and declares that there are a significant number of coal miners living today who are totally disabled due to pneumoconiosis arising out of employment in one or more of the Nation's underground coal mines; that there are a number of survivors of coal miners whose deaths were due to this disease; and that few States provide benefits for death or disability due to this disease to coal miners or their surviving dependents. It is, therefore, the purpose of this title to provide benefits, in cooperation with the States, to coal miners who are totally disabled due to pneumoconiosis and to the surviving dependents of miners whose death was due to such disease; and to ensure that in the future adequate benefits are provided to coal miners and their dependents in the event of their death or total disability due to pneumoconiosis.

SEC. 402. For purposes of this title—

Ante, p. 775.

PART B—CLAIMS FOR BENEFITS FILED ON OR BEFORE DECEMBER 31, 1972

SEC. 411. (a) The Secretary shall, in accordance with the provisions of this part, and the regulations promulgated by him under this part, make payments of benefits in respect of total disability of any miner due to pneumoconiosis, and in respect of the death of any miner whose death was due to pneumoconiosis.

(b) The Secretary shall by regulation prescribe standards for determining for purposes of section 411(a) whether a miner is totally disabled due to pneumoconiosis and for determining whether the death of a miner was due to pneumoconiosis. Regulations required by this subsection shall be promulgated and published in the Federal Register at the earliest practicable date after the date of enactment of this title, and in no event later than the end of the third month following the month in which this title is enacted. Such regulations may be modified or additional regulations promulgated from time to time thereafter.

Publication in
Federal Register.

(c) For purposes of this section—

(1) if a miner who is suffering or suffered from pneumoconiosis was employed for ten years or more in one or more underground coal mines there shall be a rebuttable presumption that his pneumoconiosis arose out of such employment;

(2) if a deceased miner was employed for ten years or more in one or more underground coal mines and died from a respirable disease there shall be a rebuttable presumption that his death was due to pneumoconiosis; and

(3) if a miner is suffering or suffered from a chronic dust disease of the lung which (A) when diagnosed by chest roentgenogram, yields one or more large opacities (greater than one centimeter in diameter) and would be classified in category A, B, or C in the International Classification of Radiographs of the Pneumoconioses by the International Labor Organization, (B) when diagnosed by biopsy or autopsy, yields massive lesions in the lung, or (C) when diagnosis is made by other means, would be a condition which could reasonably be expected to yield results described in clause (A) or (B) if diagnosis had been made in the manner prescribed in clause (A) or (B), then there shall be an irrebuttable presumption that he is totally disabled due to pneumoconiosis or that his death was due to pneumoconiosis, as the case may be.

(d) Nothing in subsection (c) shall be deemed to affect the applicability of subsection (a) in the case of a claim where the presumptions provided for therein are inapplicable.

SEC. 412. (a) Subject to the provisions of subsection (b) of this section, benefit payments shall be made by the Secretary under this part as follows:

(1) In the case of total disability of a miner due to pneumoconiosis, the disabled miner shall be paid benefits during the disability at a rate equal to 50 per centum of the minimum monthly payment to which a Federal employee in grade GS-2, who is totally disabled, is entitled at the time of payment under chapter 81 of title 5, United States Code.

(2) In the case of death of a miner due to pneumoconiosis or of a miner receiving benefits under this part, benefits shall be paid to his widow (if any) at the rate the deceased miner would receive such benefits if he were totally disabled.

(3) In the case of an individual entitled to benefit payments under clause (1) or (2) of this subsection who has one or more dependents, the benefit payments shall be increased at the rate of 50 per centum of such benefit payments, if such individual has one dependent, 75 per centum if such individual has two dependents, and 100 per centum if such individual has three or more dependents.

(b) Notwithstanding subsection (a), benefit payments under this section to a miner or his widow shall be reduced, on a monthly or other appropriate basis, by an amount equal to any payment received by such miner or his widow under the workmen's compensation, unemployment compensation, or disability insurance laws of his State on account of the disability of such miner, and the amount by which such payment would be reduced on account of excess earnings of such miner under section 203(b) through (l) of the Social Security Act if the amount paid were a benefit payable under section 202 of such Act.

(c) Benefits payable under this part shall be deemed not to be income for purposes of the Internal Revenue Code of 1954.

SEC. 413. (a) Except as otherwise provided in section 414 of this part, no payment of benefits shall be made under this part except pursuant to a claim filed therefor on or before December 31, 1972, in such manner, in such form, and containing such information, as the Secretary shall by regulation prescribe.

(b) In carrying out the provisions of this part, the Secretary shall to the maximum extent feasible (and consistent with the provisions of this part) utilize the personnel and procedures he uses in determining entitlement to disability insurance benefit payments under section 223 of the Social Security Act. Claimants under this part shall be reimbursed for reasonable medical expenses incurred by them in establishing their claims. For purposes of determining total disability under this part, the provisions of subsections (a), (b), (c), (d), and (g) of section 221 of such Act shall be applicable.

(c) No claim for benefits under this section shall be considered unless the claimant has also filed a claim under the applicable State workmen's compensation law prior to or at the same time his claim was filed for benefits under this section; except that the foregoing provisions of this paragraph shall not apply in any case in which the filing of a claim under such law would clearly be futile because the period within which such a claim may be filed thereunder has expired or because pneumoconiosis is not compensable under such law, or in any other situation in which, in the opinion of the Secretary, the filing of a claim would clearly be futile.

(b) No benefits shall be paid under this part after December 31, 1972, if the claim therefor was filed after December 31, 1971.

(c) No benefits under this part shall be payable for any period prior to the date a claim therefor is filed.

(d) No benefits shall be paid under this part to the residents of any State which, after the date of enactment of this Act, reduces the benefits payable to persons eligible to receive benefits under this part, under its State laws which are applicable to its general work force with regard to workmen's compensation, unemployment compensation, or disability insurance.

(e) No benefits shall be payable to a widow under this part on account of the death of a miner unless (1) benefits under this part were being paid to such miner with respect to disability due to pneumoconiosis prior to his death, or (2) the death of such miner occurred prior to January 1, 1973.

PART C—CLAIMS FOR BENEFITS AFTER DECEMBER 31, 1972

SEC. 421. (a) On and after January 1, 1973, any claim for benefits for death or total disability due to pneumoconiosis shall be filed pursuant to the applicable State workmen's compensation law, except that during any period when miners or their surviving widows are not covered by a State workmen's compensation law which provides adequate coverage for pneumoconiosis they shall be entitled to claim benefits under this part.

(b) (1) For purposes of this section, a State workmen's compensation law shall not be deemed to provide adequate coverage for pneumoconiosis during any period unless it is included in the list of State laws found by the Secretary to provide such adequate coverage during such period. The Secretary shall, no later than October 1, 1972, publish in the Federal Register a list of State workmen's compensation laws which provide adequate coverage for pneumoconiosis and shall revise and republish in the Federal Register such list from time to time, as may be appropriate to reflect changes in such State laws due to legislation or judicial or administrative interpretation.

(2) The Secretary shall include a State workmen's compensation law on such list during any period only if he finds that during such period under such law—

(A) benefits must be paid for total disability or death of a miner due to pneumoconiosis;

(B) the amount of such cash benefits is substantially equivalent to or greater than the amount of benefits prescribed by section 412(a) of this title;

(C) the standards for determining death or total disability due to pneumoconiosis are substantially equivalent to those established by section 411, and by the regulations of the Secretary of Health, Education, and Welfare promulgated thereunder;

(D) any claim for benefits on account of total disability or death of a miner due to pneumoconiosis is deemed to be timely filed if such claim is filed within three years of the discovery of total disability due to pneumoconiosis, or the date of such death, as the case may be;

(E) there are in effect provisions with respect to prior and successor operators which are substantially equivalent to the provisions contained in section 422(i) of this part; and

(F) there are applicable such other provisions, regulations or interpretations, which are consistent with the provisions contained in Public Law 803, 69th Congress (44 Stat. 1424, approved March 4, 1927), as amended, which are applicable under section 422(a), but are not inconsistent with any of the criteria set forth in subparagraphs (A) through (E) of this paragraph, as the Secretary, in accordance with regulations promulgated by him, determines to be necessary or appropriate to assure adequate compensation for total disability or death due to pneumoconiosis. The action of the Secretary in including or failing to include any State workmen's compensation law on such list shall be subject to judicial review exclusively in the United States court of appeals for the circuit in which the State is located or the United States Court of Appeals for the District of Columbia.

SEC. 422. (a) During any period after December 31, 1972, in which a State workmen's compensation law is not included on the list published by the Secretary under section 421(b) of this part, the provisions of Public Law 803, 69th Congress (44 Stat. 1424, approved March 4, 1927), as amended (other than the provisions contained in sections 1, 2, 3, 4, 7, 8, 9, 10, 12, 13, 29, 30, 31, 32, 33, 37, 38, 41, 43, 44, 45, 46, 47, 48, 49, 50, and 51 thereof) shall (except as otherwise provided in this subsection and except as the Secretary shall by regulation otherwise provide), be applicable to each operator of an underground coal mine in such State with respect to death or total disability due to pneumoconiosis arising out of employment in such mine. In administering this part, the Secretary is authorized to prescribe in the Federal Register such additional provisions, not inconsistent with those specifically excluded by this subsection, as he deems necessary to provide for the payment of benefits by such operator to persons entitled thereto as provided in this part and thereafter those provisions shall be applicable to such operator.

(b) During any such period each such operator shall be liable for and shall secure the payment of benefits, as provided in this section and section 423 of this part.

(c) Benefits shall be paid during such period by each such operator under this section to the categories of persons entitled to benefits under section 412(a) of this title in accordance with the regulations of the Secretary and the Secretary of Health, Education, and Welfare applicable under this section: *Provided*, That, except as provided in subsection (i) of this section, no benefit shall be payable by any operator on account of death or total disability due to pneumoconiosis which did not arise, at least in part, out of employment in a mine during the period when it was operated by such operator.

(d) Benefits payable under this section shall be paid on a monthly basis and, except as otherwise provided in this section, such payments shall be equal to the amounts specified in section 412(a) of this title.

(e) No payment of benefits shall be required under this section:

(1) except pursuant to a claim filed therefor in such manner, in such form, and containing such information, as the Secretary shall by regulation prescribe;

(2) for any period prior to January 1, 1973; or

(3) for any period after seven years after the date of enactment of this Act.

33 USC 901-950.

Publication in
Federal Register.

(f) Any claim for benefits under this section shall be filed within three years of the discovery of total disability due to pneumoconiosis or, in the case of death due to pneumoconiosis, the date of such death.

(g) The amount of benefits payable under this section shall be reduced, on a monthly or other appropriate basis, by the amount of any compensation received under or pursuant to any Federal or State workmen's compensation law because of death or disability due to pneumoconiosis.

(h) The regulations of the Secretary of Health, Education, and Welfare promulgated under section 411 of this title shall also be applicable to claims under this section. The Secretary of Labor shall by regulation establish standards, which may include appropriate presumptions, for determining whether pneumoconiosis arose out of employment in a particular underground coal mine or mines. The Secretary may also, by regulation, establish standards for apportioning liability for benefits under this subsection among more than one operator, where such apportionment is appropriate.

(i)(1) During any period in which this section is applicable with respect to a coal mine an operator of such mine who, after the date of enactment of this title, acquired such mine or substantially all the assets thereof from a person (hereinafter referred to in this paragraph as a "prior operator") who was an operator of such mine on or after the operative date of this title shall be liable for and shall, in accordance with section 423 of this part, secure the payment of all benefits which would have been payable by the prior operator under this section with respect to miners previously employed in such mine if the acquisition had not occurred and the prior operator had continued to operate such mine.

(2) Nothing in this subsection shall relieve any prior operator of any liability under this section.

SEC. 423. (a) During any period in which a State workmen's compensation law is not included on the list published by the Secretary under section 421(b) each operator of an underground coal mine in such State shall secure the payment of benefits for which he is liable under section 422 by (1) qualifying as a self-insurer in accordance with regulations prescribed by the Secretary, or (2) insuring and keeping insured the payment of such benefits with any stock company or mutual company or association, or with any other person or fund, including any State fund, while such company, association, person or fund is authorized under the laws of any State to insure workmen's compensation.

(b) In order to meet the requirements of clause (2) of subsection (a) of this section, every policy or contract of insurance must contain—

(1) a provision to pay benefits required under section 422, notwithstanding the provisions of the State workmen's compensation law which may provide for lesser payments;

(2) a provision that insolvency or bankruptcy of the operator or discharge therein (or both) shall not relieve the carrier from liability for such payments; and

(3) such other provisions as the Secretary, by regulation, may require.

(c) No policy or contract of insurance issued by a carrier to comply with the requirements of clause (2) of subsection (a) of this subsection shall be canceled prior to the date specified in such policy or contract for its expiration until at least thirty days have elapsed after

Insurance provisions.

notice of cancellation has been sent by registered or certified mail to the Secretary and to the operator at his last known place of business.

SEC. 424. If a totally disabled miner or a widow is entitled to benefits under section 422 and (1) an operator liable for such benefits has not obtained a policy or contract of insurance, or qualified as a self-insurer, as required by section 423, or such operator has not paid such benefits within a reasonable time, or (2) there is no operator who was required to secure the payment of such benefits, the Secretary shall pay such miner or such widow the benefits to which he or she is so entitled. In a case referred to in clause (1), the operator shall be liable to the United States in a civil action in an amount equal to the amount paid to such miner or his widow under this title.

SEC. 425. With the consent and cooperation of State agencies charged with administration of State workmen's compensation laws, the Secretary may, for the purpose of carrying out his functions and duties under section 422, utilize the services of State and local agencies and their employees and, notwithstanding any other provision of law, may advance funds to or reimburse such State and local agencies and their employees for services rendered for such purposes.

SEC. 426. (a) The Secretary of Labor and the Secretary of Health, Education, and Welfare are authorized to issue such regulations as each deems appropriate to carry out the provisions of this title. Such regulations shall be issued in conformity with section 553 of title 5 of the United States Code, notwithstanding subsection (a) thereof.

(b) Within 120 days following the convening of each session of Congress the Secretary of Health, Education, and Welfare shall submit to the Congress an annual report upon the subject matter of part B of this title, and, after January 1, 1973, the Secretary of Labor shall also submit such a report upon the subject matter of part C of this title.

(c) Nothing in this title shall relieve any operator of the duty to comply with any State workmen's compensation law, except insofar as such State law is in conflict with the provisions of this title and the Secretary by regulation, so prescribes. The provisions of any State workmen's compensation law which provide greater benefits than the benefits payable under this title shall not thereby be construed or held to be in conflict with the provisions of this title.

“STATEMENT OF PURPOSE

“SEC. 161. The Congress finds that the ‘Mainstream’ program aimed primarily at the chronically unemployed and the ‘New Careers’ program providing jobs for the unemployed and low-income persons leading to broader career opportunities are uniquely effective; that, in addition to providing persons assisted with jobs, the key to their economic independence, these programs are of advantage to the

“Mainstream”
program.

community at large in that they are directed at community beautification and betterment and the improvement of health, education, welfare, public safety, and other public services; and that, while these programs are important and necessary components of comprehensive work and training programs, there is a need to encourage imaginative and innovative use of these programs, to enlarge the authority to operate them, and to increase the resources available for them.

“SPECIAL PROGRAMS

Work and training programs.

“SEC. 162. (a) The Director is authorized to provide financial assistance to public or private nonprofit agencies to stimulate and support efforts to provide the unemployed with jobs and the low-income worker with greater career opportunity. Programs authorized under this section shall include the following:

“Mainstream” program.

“(1) A special program to be known as ‘Mainstream’ which involves work activities directed to the needs of those chronically unemployed poor who have poor employment prospects and are unable, because of age, physical condition, obsolete or inadequate skills, declining economic conditions, other causes of a lack of employment opportunity, or otherwise, to secure appropriate employment or training assistance under other programs, and which, in addition to other services provided, will enable such persons to participate in projects for the betterment or beautification of the community or area served by the program, including without limitation activities which will contribute to the management conservation, or development of natural resources, recreational areas, Federal, State, and local government parks, highways, and other lands, the rehabilitation of housing, the improvement of public facilities, and the improvement and expansion of health, education, day care, and recreation services;

“New Careers” program.

“(2) A special program to be known as ‘New Careers’ which will provide unemployed or low-income persons with jobs leading to career opportunities, including new types of careers, in programs designed to improve the physical, social, economic, or cultural condition of the community or area served in fields of public service, including without limitation health, education, welfare, recreation, day care, neighborhood redevelopment, and public safety, which provide maximum prospects for on-the-job training, promotion, and advancement and continued employment without Federal assistance, which give promise of contributing to the broader adoption of new methods of structuring jobs and new methods of providing job ladder opportunities, and which provide opportunities for further occupational training to facilitate career advancement.

Supportive services.

“(b) The Director is authorized to provide financial and other assistance to insure the provision of supportive and follow-up services to supplement programs under this part including health services, counseling, day care for children, transportation assistance, and other special services necessary to assist individuals to achieve success in these programs and in employment.

“ADMINISTRATIVE REGULATIONS

“SEC. 163. The Director shall prescribe regulations to assure that programs under this part have adequate internal administrative controls, accounting requirements, personnel standards, evaluation procedures, availability of in-service training and technical assistance programs, and other policies as may be necessary to promote the effective use of funds.

"SPECIAL CONDITIONS"

"SEC. 164. (a) The Director shall not provide financial assistance for any program under this part unless he determines, in accordance with such regulations as he may prescribe, that—

"(1) no participant will be employed on projects involving political parties, or the construction, operation, or maintenance of so much of any facility as is used or to be used for sectarian instruction or as a place for religious worship;

"(2) the program will not result in the displacement of employed workers or impair existing contracts for services, or result in the substitution of Federal for other funds in connection with work that would otherwise be performed;

"(3) the rates of pay for time spent in work-training and education, and other conditions of employment, will be appropriate and reasonable in the light of such factors as the type of work, geographical region, and proficiency of the participant; and

"(4) the program will, to the maximum extent feasible, contribute to the occupational development and upward mobility of individual participants.

"(b) For programs which provide work and training related to physical improvements, preference shall be given to those improvements which will be substantially used by low-income persons and families or which will contribute substantially to amenities or facilities in urban or rural areas having high concentrations or proportions of low-income persons and families.

"(c) Programs approved under this part shall, to the maximum extent feasible, contribute to the elimination of artificial barriers to employment and occupational advancement.

"(d) Projects under this part shall provide for maximum feasible use of resources under other Federal programs for work and training and the resources of the private sector.

"PROGRAM PARTICIPANTS"

"SEC. 165. (a) Participants in programs under this part must be unemployed or low-income persons. The Director, in consultation with the Commissioner of Social Security, shall establish criteria for low income, taking into consideration family size, urban-rural and farm-nonfarm differences, and other relevant factors. Any individual shall be deemed to be from a low-income family if the family receives cash welfare payments.

Low income

ment laws, non-

December 30, 1969
[H. R. 4293]*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*Export Admin-
istration Act of
1969.

SHORT TITLE

SECTION 1. This Act may be cited as the "Export Administration Act of 1969".

FINDINGS

SEC. 2. The Congress makes the following findings:

(1) The availability of certain materials at home and abroad varies so that the quantity and composition of United States exports and their distribution among importing countries may affect the welfare of the domestic economy and may have an important bearing upon fulfillment of the foreign policy of the United States.

(2) The unrestricted export of materials, information, and technology without regard to whether they make a significant contribution to the military potential of any other nation or nations may adversely affect the national security of the United States.

(3) The unwarranted restriction of exports from the United States has a serious adverse effect on our balance of payments.

(4) The uncertainty of policy toward certain categories of exports has curtailed the efforts of American business in those categories to the detriment of the overall attempt to improve the trade balance of the United States.

DECLARATION OF POLICY

SEC. 3. The Congress makes the following declarations:

(1) It is the policy of the United States both (A) to encourage trade with all countries with which we have diplomatic or trading relations, except those countries with which such trade has been determined by the President to be against the national interest, and (B) to restrict the export of goods and technology which would make a significant contribution to the military potential of any other nation or nations which would prove detrimental to the national security of the United States.

(2) It is the policy of the United States to use export controls (A) to the extent necessary to protect the domestic economy from the excessive drain of scarce materials and to reduce the serious inflationary impact of abnormal foreign demand, (B) to the extent necessary to further significantly the foreign policy of the United States and to fulfill its international responsibilities, and (C) to the extent necessary to exercise the necessary vigilance over exports from the standpoint of their significance to the national security of the United States.

Export controls.

(3) It is the policy of the United States (A) to formulate, reformulate, and apply any necessary controls to the maximum extent possible in cooperation with all nations with which the United States has defense treaty commitments, and (B) to formulate a unified trade control policy to be observed by all such nations.

(4) It is the policy of the United States to use its economic resources and trade potential to further the sound growth and stability of its economy as well as to further its national security and foreign policy objectives.

Restrictive
trade practices
or boycotts.

(5) It is the policy of the United States (A) to oppose restrictive trade practices or boycotts fostered or imposed by foreign countries against other countries friendly to the United States, and (B) to encourage and request domestic concerns engaged in the export of articles, materials, supplies, or information, to refuse to take any action, including the furnishing of information or the signing of agreements, which has the effect of furthering or supporting the restrictive trade practices or boycotts fostered or imposed by any foreign country against another country friendly to the United States.

AUTHORITY

SEC. 4. (a) (1) The Secretary of Commerce shall institute such organizational and procedural changes in any office or division of the Department of Commerce which has heretofore exercised functions relating to the control of exports and continues to exercise such controls under this Act as he determines are necessary to facilitate and effectuate the fullest implementation of the policy set forth in this Act with a view to promoting trade with all nations with which the United States is engaged in trade, including trade with (A) those countries or groups of countries with which other countries or groups of countries having defense treaty commitments with the United States have a significantly larger percentage of volume of trade than does the United States, and (B) other countries eligible for trade with the United States but not significantly engaged in trade with the United States. In addition, the Secretary shall review any list of articles, materials, or supplies, including technical data or other information, the exportation of which from the United States, its territories and possessions, was heretofore prohibited or curtailed with a view to making promptly such changes and revisions in such list as may be necessary or desirable in furtherance of the policy, purposes, and provisions of this Act. The Secretary shall include a detailed statement with respect to actions taken in compliance with the provisions of this paragraph in the second quarterly report (and in any subsequent report with respect to actions taken during the preceding quarter) made by him to the Congress after the date of enactment of this Act pursuant to section 10.

(2) The Secretary of Commerce shall use all practicable means available to him to keep the business sector of the Nation fully apprised of changes in export control policy and procedures instituted in conformity with this Act with a view to encouraging the widest possible trade.

Presidential
determination.

(b) To effectuate the policies set forth in section 3 of this Act, the President may prohibit or curtail the exportation from the United States, its territories and possessions, of any articles, materials, or supplies, including technical data or any other information, except under such rules and regulations as he shall prescribe. To the extent necessary to achieve effective enforcement of this Act, these rules and regulations may apply to the financing, transporting, and other servicing of exports and the participation therein by any person. Rules and

regulations may provide for denial of any request or application for authority to export articles, materials, or supplies, including technical data, or any other information, from the United States, its territories and possessions, to any nation or combination of nations threatening the national security of the United States if the President determines that their export would prove detrimental to the national security of the United States, regardless of their availability from nations other than any nation or combination of nations threatening the national security of the United States, but whenever export licenses are required on the ground that considerations of national security override considerations of foreign availability, the reasons for so doing shall be reported to the Congress in the quarterly report following the decision to require such licenses on that ground to the extent considerations of national security and foreign policy permit. The rules and regulations shall implement the provisions of section 3(5) of this Act and shall require that all domestic concerns receiving requests for the furnishing of information or the signing of agreements as specified in that section must report this fact to the Secretary of Commerce for such action as he may deem appropriate to carry out the purposes of that section.

Report to Congress.

Report.

(c) Nothing in this Act, or in the rules and regulations authorized by it, shall in any way be construed to require authority and permission to export articles, materials, supplies, data, or information except where the national security, the foreign policy of the United States, or the need to protect the domestic economy from the excessive drain of scarce materials makes such requirement necessary.

(d) The President may delegate the power, authority, and discretion conferred upon him by this Act to such departments, agencies, or officials of the Government as he may deem appropriate.

(e) The authority conferred by this section shall not be exercised with respect to any agricultural commodity, including fats and oils, during any period for which the supply of such commodity is determined by the Secretary of Agriculture to be in excess of the requirements of the domestic economy, except to the extent required to effectuate the policies set forth in clause (B) or (C) of paragraph (2) of section 3 of this Act.

Agricultural commodities, exception.

CONSULTATION AND STANDARDS

SEC. 5. (a) In determining what shall be controlled hereunder, and in determining the extent to which exports shall be limited, any department, agency, or official making these determinations shall seek information and advice from the several executive departments and independent agencies concerned with aspects of our domestic and foreign policies and operations having an important bearing on exports. Consistent with considerations of national security, the President shall from time to time seek information and advice from various segments of private industry in connection with the making of these determinations.

(b) In authorizing exports, full utilization of private competitive trade channels shall be encouraged insofar as practicable, giving consideration to the interests of small business, merchant exporters as well as producers, and established and new exporters, and provision shall be

made for representative trade consultation to that end. In addition, there may be applied such other standards or criteria as may be deemed necessary by the head of such department, or agency, or official to carry out the policies of this Act.

VIOLATIONS

Penalty.

SEC. 6. (a) Except as provided in subsection (b) of this section, whoever knowingly violates any provision of this Act or any regulation, order, or license issued thereunder shall be fined not more than \$10,000 or imprisoned not more than one year, or both. For a second or subsequent offense, the offender shall be fined not more than three times the value of the exports involved or \$20,000, whichever is greater, or imprisoned not more than five years, or both.

(b) Whoever willfully exports anything contrary to any provision of this Act or any regulation, order, or license issued thereunder, with knowledge that such exports will be used for the benefit of any Communist-dominated nation, shall be fined not more than five times the value of the exports involved or \$20,000, whichever is greater, or imprisoned not more than five years, or both.

(c) The head of any department or agency exercising any functions under this Act, or any officer or employee of such department or agency specifically designated by the head thereof, may impose a civil penalty not to exceed \$1,000 for each violation of this Act or any regulation, order, or license issued under this Act, either in addition to or in lieu of any other liability or penalty which may be imposed.

(d) The payment of any penalty imposed pursuant to subsection (c) may be made a condition, for a period not exceeding one year after the imposition of such penalty, to the granting, restoration, or continuing validity of any export license, permission, or privilege granted or to be granted to the person upon whom such penalty is imposed.

(e) Any amount paid in satisfaction of any penalty imposed pursuant to subsection (c) shall be covered into the Treasury as a miscellaneous receipt. The head of the department or agency concerned may, in his discretion, refund any such penalty, within two years after payment, on the ground of a material error of fact or law in the imposition. Notwithstanding section 1346(a) of title 28 of the United States Code, no action for the refund of any such penalty may be maintained in any court.

62 Stat. 933;
68 Stat. 589.

(f) In the event of the failure of any person to pay a penalty imposed pursuant to subsection (c), a civil action for the recovery thereof may, in the discretion of the head of the department or agency concerned, be brought in the name of the United States. In any such action, the court shall determine de novo all issues necessary to the establishment of liability. Except as provided in this subsection and in subsection (d), no such liability shall be asserted, claimed, or recovered upon by the United States in any way unless it has previously been reduced to judgment.

(1) the availability of other administrative or judicial remedies

with respect to violations of this Act, or any regulation, order, or license issued under this Act;

(2) the authority to compromise and settle administrative proceedings brought with respect to violations of this Act, or any regulation, order, or license issued under this Act; or

(3) the authority to compromise, remit, or mitigate seizures and forfeitures pursuant to section 1(b) of title VI of the Act of June 15, 1917 (22 U.S.C. 401(b)).

67 Stat. 577.

ENFORCEMENT

SEC. 7. (a) To the extent necessary or appropriate to the enforcement of this Act or to the imposition of any penalty, forfeiture, or liability arising under the Export Control Act of 1949, the head of any department or agency exercising any function thereunder (and officers or employees of such department or agency specifically designated by the head thereof) may make such investigations and obtain such information from, require such reports or the keeping of such records by, make such inspection of the books, records, and other writings, premises, or property of, and take the sworn testimony of, any person. In addition, such officers or employees may administer oaths or affirmations, and may by subpoena require any person to appear and testify or to appear and produce books, records, and other writings, or both, and in the case of contumacy by, or refusal to obey a subpoena issued to, any such person, the district court of the United States for any district in which such person is found or resides or transacts business, upon application, and after notice to any such person and hearing, shall have jurisdiction to issue an order requiring such person to appear and give testimony or to appear and produce books, records, and other writings, or both, and any failure to obey such order of the court may be punished by such court as a contempt thereof.

Self-incrimination, exception.

(c) No department, agency, or official exercising any functions under this Act shall publish or disclose information obtained hereunder which is deemed confidential or with reference to which a request for confidential treatment is made by the person furnishing such information, unless the head of such department or agency determines that the withholding thereof is contrary to the national interest.

Disclosure of confidential information, prohibition.

(d) In the administration of this Act, reporting requirements shall be so designed as to reduce the cost of reporting, recordkeeping, and export documentation required under this Act to the extent feasible consistent with effective enforcement and compilation of useful trade statistics. National Environmental
Policy Act of
1969.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "National Environmental Policy Act of 1969".

PURPOSE

SEC. 2. The purposes of this Act are: To declare a national policy which will encourage productive and enjoyable harmony between man and his environment; to promote efforts which will prevent or eliminate damage to the environment and biosphere and stimulate the health and welfare of man; to enrich the understanding of the ecological systems and natural resources important to the Nation; and to establish a Council on Environmental Quality.

TITLE I

DECLARATION OF NATIONAL ENVIRONMENTAL POLICY

Policies and
goals.

SEC. 101. (a) The Congress, recognizing the profound impact of man's activity on the interrelations of all components of the natural environment, particularly the profound influences of population growth, high-density urbanization, industrial expansion, resource exploitation, and new and expanding technological advances and recognizing further the critical importance of restoring and maintaining environmental quality to the overall welfare and development of man, declares that it is the continuing policy of the Federal Government, in cooperation with State and local governments, and other concerned public and private organizations, to use all practicable means and measures, including financial and technical assistance, in a manner calculated to foster and promote the general welfare, to create and maintain conditions under which man and nature can exist in productive harmony, and fulfill the social, economic, and other requirements of present and future generations of Americans.

(b) In order to carry out the policy set forth in this Act, it is the continuing responsibility of the Federal Government to use all practicable means, consistent with other essential considerations of national policy, to improve and coordinate Federal plans, functions, programs, and resources to the end that the Nation may—

(1) fulfill the responsibilities of each generation as trustee of the environment for succeeding generations;

(2) assure for all Americans safe, healthful, productive, and esthetically and culturally pleasing surroundings;

(3) attain the widest range of beneficial uses of the environment without degradation, risk to health or safety, or other undesirable and unintended consequences;

(4) preserve important historic, cultural, and natural aspects of our national heritage, and maintain, wherever possible, an environment which supports diversity and variety of individual choice;

(5) achieve a balance between population and resource use which will permit high standards of living and a wide sharing of life's amenities; and

(6) enhance the quality of renewable resources and approach the maximum attainable recycling of depletable resources.

(c) The Congress recognizes that each person should enjoy a healthful environment and that each person has a responsibility to contribute to the preservation and enhancement of the environment.

Administration.

PROCLAMATIONS

PROCLAMATIONS

Proclamation 3880

VETERANS DAY, 1968

By the President of the United States of America

October 23, 1968

A Proclamation

Fifty years ago this fall, on November 11, 1918, America and her allies won a great victory after hard and cruel combat. That Armistice Day half a century past ended history's first World War, and struck in the world's hearts the hope of enduring peace.

After little more than a generation, that fragile hope was extinguished in the flames of World War II. And hardly had its guns been stilled when another conflict—in Korea—revealed in anguish that aggression could threaten the community of men in 1950 no less than in 1917 or 1941.

Today, Pershing's young doughboys are living in the golden years of their retirement. The warriors of World War II and Korea are slipping into middle age. A thousand battlefields, stretching in time and place from Chateau-Thierry to the slopes of Suribachi to the streets of Seoul are consecrated ground, where Americans fought—and many fell—to defy aggression, to preserve freedom, to protect the security of their people.

Now America's sons are waging that same bitter fight anew. They stand on alien land, as their fathers and their grandfathers stood before them, to deny aggression its hope of conquest, to keep freedom from dying under an invader's heel, to give us all the priceless right to live secure and safe. They are trained and equipped better than any American force before them. But their stand is no less harsh and lonely. Their courage and their spirit are the equal of any generation's. And their sacrifices, in our name and in the cause of all we cherish, are as hard as men have ever made on the battlefields of war.

We provide material benefits to the veterans of all our wars. We have continually extended and improved those benefits to meet more fully the debt we owe them.

But each year we also pause to pay them another kind of tribute. In our prayers and thoughts and ceremonies, we honor the men to whom we owe our safety, our freedom, and the continued existence of

82 Stat. 250.

our Nation. For this purpose, Congress has designated the eleventh of November as a legal holiday to be known as Veterans Day, and has dedicated it to the cause of world peace (Act of May 13, 1938, 52 Stat. 351, as amended (5 U.S.C. 6103)).

NOW, THEREFORE, I, LYNDON B. JOHNSON, President of the United States of America, urge the people of this nation to join in commemorating Monday, November 11, 1968, as Veterans Day with suitable observances.

I direct the appropriate officials of the Government to arrange for the display of the flag of the United States on all public buildings on that day; and I request the officials of Federal, State, and local governments, and civic and patriotic organizations, to give their enthusiastic leadership and support to appropriate public ceremonies throughout the nation.

I ask that all citizens of every age take part in these observances which honor those whose unqualified loyalty and patriotism have preserved our freedom.

IN WITNESS WHEREOF, I have hereunto set my hand this 23rd day of October, in the year of our Lord nineteen hundred and sixty-eight, and of the Independence of the United States of America the one hundred and ninety-third.

Proclamation 3881

THANKSGIVING DAY, 1968

By the President of the United States of America

A Proclamation

Americans, looking back on the tumultuous events of 1968, may be more inclined to ask God's mercy and guidance than to offer Him thanks for his blessings.

There are many events in this year that deserve our remembrance, and give us cause for thanksgiving:

- the endurance and stability of our democracy, as we prepare once more for an orderly transition of authority;
- the renewed determination, on the part of millions of Americans, to bridge our divisions;
- the beginning of talks with our adversaries, that will, we pray, lead to peace in Vietnam;
- the increasing prosperity of our people, including those who were denied any share in America's blessings in the past;
- the achievement of new breakthroughs in medical science, and new victories over disease.

These events inspire not only the deepest gratitude, but confidence that our nation, the beneficiary of good fortune beyond that of any nation in history, will surmount its present trials and achieve a more just society for its people.

November 15, 1968

In this season, let us offer more than words of thanksgiving to God. Let us resolve to offer Him the best that is within us—tolerance, respect for life, faith in the destiny of all men to live in peace.

NOW, THEREFORE, I, LYNDON B. JOHNSON, President of the United States of America, in consonance with Section 6103 of Title 5 of the United States Code designating the fourth Thursday of November in each year as Thanksgiving Day, do hereby proclaim Thursday, November 28, 1968 as a day of national thanksgiving.

82 Stat. 250.

IN WITNESS WHEREOF, I have hereunto set my hand this 15th day of November, in the year of our Lord nineteen hundred and sixty-eight, and of the Independence of the United States of America the one hundred and ninety-third.

Proclamation 3882

HUMAN RIGHTS WEEK

By the President of the United States of America

December 7, 1968

A Proclamation

This year has marked the twentieth anniversary of the Universal Declaration of Human Rights—set forth in 1948 by the United Nations as a common standard for all mankind. It has been a year for thoughtful men in every continent to rededicate themselves to strengthening and extending the rights of man.

The United States has been a world leader in the struggle for human rights. The ideals which the Declaration of Human Rights embodies gave birth to our Nation almost two centuries ago. Our concern for individual freedom is deep, abiding and genuine. It is the very foundation of the American system.

The doctrine is guaranteed by our Constitution, by legislation enacted by the Congress, by decisions of the Supreme Court and by Executive action. But today more than ever, its promises must be matched by practice. Equal rights must be translated into equal opportunities.

Education about human rights must start in the home and continue from kindergarten through graduate school. Our schools and colleges must grasp the meaning of their responsibility to teach the history of the long struggle for human rights.

Human rights will take a firmer place in international law as all nations, including our own, ratify human rights conventions.

NOW, THEREFORE, I, LYNDON B. JOHNSON, President of the United States of America, do hereby proclaim December 10, 1968, as Human Rights Day, and December 15, 1968, as Bill of Rights Day, and call upon the people of the United States to observe the week of December 10-17 as Human Rights Week.

In observance of Human Rights Week, I call upon the American people and upon all agencies of government—Federal, State, and local—to pay homage to our great heritage of liberty, to seek to understand the human rights that we now enjoy, and to respect the rights of others.

I urge all our schools and colleges to encourage understanding of the Bill of Rights and the Universal Declaration of Rights to instill in our younger citizens respect for these basic principles.

IN WITNESS WHEREOF, I have hereunto set my hand this 7th day of December, in the year of our Lord nineteen hundred sixty-eight, and of the Independence of the United States of America the one hundred and ninety-third.

Proclamation 3883

WRIGHT BROTHERS DAY, 1968

By the President of the United States of America

A Proclamation

Sixty-five years ago, two bicycle makers—two amazingly inventive and persevering young brothers from Ohio—made four flights in one day with a machine that was heavier than air and propelled by motor.

Their first journey was shorter than the floor of the giant C-5 cargo ship that was test flown earlier this year. But those brief flights, in the sand hill area outside Kitty Hawk, North Carolina, on December 17, 1903, launched the air age. They changed mankind's way of life.

Orville and Wilbur Wright gave their names to history. Through their determination to master the secret of flight, they symbolized American ingenuity and courage. It is fitting that we should commemorate their achievement, as we enjoy the tremendous advances in convenient travel that have evolved from it.

To this end, the Congress by a joint resolution approved December 17, 1963 (77 Stat. 402), has designated the seventeenth day of December of each year as Wright Brothers Day, and has requested the President to issue annually a proclamation inviting the people of the United States to observe that day with appropriate ceremonies and activities.

NOW, THEREFORE, I, LYNDON B. JOHNSON, President of the United States of America, do hereby call upon the people of this Nation, and their local and national government officials, to observe Wright Brothers Day, December 17, 1968, with appropriate ceremonies and activities, both to recall the accomplishments of the Wright Brothers and to provide a stimulus to aviation in this country and throughout the world.

IN WITNESS WHEREOF, I have hereunto set my hand this sixteenth day of December, in the year of our Lord nineteen hundred sixty-eight, and of the Independence of the United States of America the one hundred and ninety-third.

note.

81 Stat. 1110.

82 Stat. 1455.

82 Stat. 1636.

82 Stat. 1649.

WHEREAS, pursuant to said section 22, the Secretary of Agriculture advised me there was reason to believe that the articles, for which import restrictions are hereinafter proclaimed, continued in effect, or modified, are being imported, and are practically certain to be imported, under such conditions and in such quantities as to render or tend to render ineffective, or materially interfere with the price support programs now conducted by the Department of Agriculture for milk and butterfat, and to reduce substantially the amount of products processed in the United States from domestic milk and butterfat; and

WHEREAS, under the authority of section 22, I have requested the United States Tariff Commission to make an investigation with respect to this matter; and

WHEREAS the Secretary of Agriculture further determined and reported to me with respect to certain of these articles that a condition existed which required emergency treatment, and as a result, Presidential Proclamations 3856 and 3870 were issued placing import restrictions upon certain of these articles without awaiting the recommendations of the Tariff Commission, such restrictions to continue in effect pending the report and recommendations of the Tariff Commission and action thereon by the President; and

WHEREAS, in compliance with my request the Tariff Commission has made an investigation under the authority of section 22 of the Agricultural Adjustment Act, as amended, with respect to this matter and has reported to me the findings and recommendations of the Commissioners voting in connection therewith; and

WHEREAS the findings and recommendations unanimously agreed upon by one-half of the number of Commissioners voting are considered by me pursuant to section 201 of the Trade Agreements Extension Act of 1953 (19 U.S.C. 1330(d)) as the findings and recommendations of the Commission; and

67 Stat. 472.

WHEREAS, on the basis of such investigation and report, I find and declare that the articles for which import restrictions are hereinafter proclaimed, continued in effect or modified, are being imported and are practically certain to be imported into the United States under such conditions and in such quantities as to render or tend to render ineffective or materially interfere with the price support programs now conducted by the Department of Agriculture for milk and butterfat, and to reduce substantially the amount of products processed in the United States from domestic milk and butterfat; and

WHEREAS, on the basis of such investigation and report, I find and declare that the imposition of the import restrictions hereinafter proclaimed or continued in effect is necessary in order that the entry, or withdrawal from warehouse, for consumption of such articles will not render or tend to render ineffective or materially interfere with the price support programs now conducted by the Department of Agriculture for milk and butterfat, or reduce substantially the amount of products processed in the United States from domestic milk and butterfat; and

WHEREAS, on the basis of such investigation and report, I find and declare that changed circumstances require the modification, as hereinafter proclaimed, of provisions applicable to the import restrictions on natural Cheddar cheese, as set forth in subdivision (i) of headnote 3(a) in part 3 of the Appendix to the Tariff Schedules of the United States, and in the import restrictions set forth as items 950.12 and 950.13 (hereinafter redesignated as items 950.22 and 950.23) in part 3 of such Appendix in order to carry out the purposes of said section 22; and

IN WITNESS WHEREOF, I have hereunto set my hand this twentieth day of January in the year of our Lord nineteen hundred and sixty-nine and of the Independence of the United States of America the one hundred and ninety-third.

Proclamation 3891**FRANKLIN DELANO ROOSEVELT MEMORIAL PARK****By the President of the United States of America**January 20, 1969**A Proclamation**

Because of the deep debt of gratitude of the American people to Franklin Delano Roosevelt for his leadership in America's struggle for peace, well-being, and human dignity, the Congress established the Franklin Delano Roosevelt Memorial Commission, by the Act of August 11, 1955, 69 Stat. 694, for the purpose of considering and formulating plans for the design, construction, and location of a permanent memorial to Franklin Delano Roosevelt in the City of Washington, District of Columbia, or in its immediate environs.

In furtherance of the objectives of that Act, the Act of September 1, 1959, 73 Stat. 445, reserved, for the erection of a memorial to Franklin Delano Roosevelt, a site comprising that portion of West Potomac Park in the District of Columbia which lies between Independence Avenue and the inlet bridge, being twenty-seven acres, more or less, and also provided for a competition for the design of such memorial.

Although the Commission has not yet reported to the Congress its selection of an appropriate memorial, it is desirable that the site be maintained, pending the Commission's final determination, as a park dedicated to the memory of Franklin Delano Roosevelt.

NOW, THEREFORE, I, LYNDON B. JOHNSON, President of the United States of America, do proclaim that the following described land reserved by the Act of September 1, 1959, be designated as the Franklin Delano Roosevelt Memorial Park area of the West Potomac Park:

That portion of West Potomac Park, in the District of Columbia, which lies between Independence Avenue and the inlet bridge, being twenty-seven acres, more or less.

IN WITNESS WHEREOF, I have hereunto set my hand this twentieth day of January, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-third.

Proclamation 3892**AMERICAN HEART MONTH, 1969****By the President of the United States of America**January 27, 1969**A Proclamation**

Brilliant advances have been scored in cardiovascular research in recent years. But heart disease remains a formidable threat to our national well-being. It clouds the future of thousands of children. It cuts down men and women in their most productive years.

Nearly every 30 seconds, someone in the United States dies of some form of heart disease. Last year, it took the lives of approximately one million people—over half of all deaths in the Nation. It incapaci-

tates or hampers millions of others, in varying degrees, from living a full and active life.

Heart disease is costly not only to the afflicted but also to the Nation. The cost of medical care for heart and circulatory disease victims exceeds \$2.5 billion annually. Lost wages and productivity due to illness and disability are estimated at about \$3.5 billion. The loss of future earnings of those who die from heart and blood vessel disease each year is estimated to be in excess of \$19 billion.

Despite the magnitude of the heart disease problem, the progress that has been made is encouraging. Today, some heart disease can be prevented. Greatly improved methods of diagnosis and treatment are more readily available to those who are stricken. The death rate is declining in all but one of the main categories of cardiovascular disease.

This progress has resulted in large part from a collaborative undertaking, led by the National Heart Institute as the principal Federal partner and the American Heart Association as the major voluntary ally. Public, professional, and private interests have been mobilized in a truly national endeavor against heart disease. Through this effort, buttressed by a determination to employ every necessary resource, we can continue to move ahead. With the firm support of all our people, the conquest of heart disease can be achieved.

For such reasons, the Congress, by a joint resolution approved December 30, 1963 (77 Stat. 843), requested the President to issue annually a proclamation designating February as American Heart Month.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby proclaim the month of February 1969 as American Heart Month, and I invite the Governors of the States, the Commonwealth of Puerto Rico, and officials of other areas subject to the jurisdiction of the United States to issue similar proclamations.

I urge the people of the United States to give heed to the nationwide problem of heart disease, and to support programs essential to bring about its solution.

IN WITNESS WHEREOF, I have hereunto set my hand this twenty-seventh day of January, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-third.

Proclamation 3893

NATIONAL POISON PREVENTION WEEK, 1969

By the President of the United States of America

A Proclamation

February 13, 1969

Accidental poisoning has been killing fewer young children over the past several years.

Intensive educational efforts and labeling procedures have reduced the toll of young lives. Professional groups, industrial and trade associations, service organizations, and government agencies have worked together to make parents more aware of the potential hazards of medicines and commonly used household products.

36 USC 165.

Congress authorized this poison prevention campaign in a joint resolution of September 26, 1961 (75 Stat. 681), and requested the President to issue annually a proclamation designating the third week in March as National Poison Prevention Week.

Hopefully, as year-round preventive activities are increased even more lives may be saved and serious injuries averted.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby proclaim the week beginning March 16, 1969, as National Poison Prevention Week.

I direct the appropriate agencies of the Federal Government, and I invite State and local governments and organizations, to participate actively in programs designed to promote better protection against accidental poisonings, particularly as they relate to young children.

IN WITNESS WHEREOF, I have hereunto set my hand this thirteenth day of February, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-third.

Proclamation 3894

RED CROSS MONTH, 1969

By the President of the United States of America

A Proclamation

For more than a century, men and women of good will have recognized one symbol as being representative of human compassion.

That symbol, revered throughout the world, is a banner bearing a red cross on a field of white. Under it, citizens of all nations strive to bring aid and comfort to the stricken, to heal the sick, and to serve those in distress.

As a member of that world fraternity, our American Red Cross helps each of us to help our fellow man.

Through its concern and aid for members of our Armed Forces in 30 countries around the globe, the Red Cross last year gave help to great numbers of servicemen and their families.

Each year, the Red Cross brings emergency aid and long-range assistance to victims of major catastrophies, and help to sufferers of thousands of local disasters. For the past several years it has been intensifying its efforts to involve all segments of society in the great work of volunteering to help others.

Every day thousands of hospitals and physicians look to the Red Cross to provide life-saving blood and blood products for their patients. Nearly fifty percent of all the blood used in this country comes from this source.

Each year millions of Americans of all ages participate in Red Cross classes, learning the skills of first aid, home care of the sick and injured, swimming and lifesaving.

More than two million trained volunteers devote their time and abilities to working with patients in military and civilian hospitals, clinics, and homes for the aged, with youth, and in community programs seeking to meet the needs of disadvantaged people.

February 20, 1969

To continue its mission, the American Red Cross must rely upon us, the people of America, from whom it receives its sole support. In March 1969, the Red Cross will ask for our help. We owe it to our communities and our country to respond generously to that appeal.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, and Honorary Chairman of the American National Red Cross, do hereby designate March 1969 as Red Cross Month. I urge all Americans to maintain the strength of the Red Cross by volunteering their time when they can, and by contributing as generously as they can.

IN WITNESS WHEREOF, I have hereunto set my hand this twentieth day of February, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-third.

Proclamation 3895

SAVE YOUR VISION WEEK, 1969

By the President of the United States of America

February 22, 1969

A Proclamation

Eyes are too precious to neglect, and every individual or family should take every precaution to protect the gift of sight.

If detected and treated early, most disorders that might reduce vision or cause blindness can be stopped before the eyes are seriously damaged.

Periodic examinations will reveal such disorders, and I urge every adult who has not had an eye examination in the past two years to arrange for such an examination promptly. A re-examination should be had at the first indication of visual defect or impairment.

Other preventive measures can be taken to protect sight. Proper illumination in the home and at work is essential. And, with a little forethought and caution, accidents to the eyes can be avoided—for example, by wearing protective glasses or safety goggles when engaged in hazardous sport or work, and by shielding the eyes from strong sunlight or harmful radiation in any form.

Where there are children, special precautions must be taken: making eye examinations a routine part of health care; immunizing against diseases, such as measles, which affect sight; teaching children to care for their eyes as they are taught to care for their teeth; and eliminating hazardous substances, tools, or toys which may cause eye injuries.

Effective preservation of vision requires not only individual and family responsibility but also an active interest by all citizens in the community's efforts to bring better eye care to all who need it—to the children in the schools, and to the men and women laboring on the farms and in the factories. We must encourage and support medical research to find the causes and cures of visual disorders; support those groups which help the visually handicapped to obtain medical care, education, and rehabilitation so that they may live independent and significant lives; and support such organizations as Eye Banks which encourage the pledging of one's eyes for the future good.

To make our people more fully aware of the importance of sight-saving, the Congress by a joint resolution approved December 30, 1963

36 USC 169a.

(77 Stat. 629), requested the President to proclaim the first week in March of each year as Save Your Vision Week.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby proclaim the week of March 2, 1969, as Save Your Vision Week; and I call upon all our citizens to join in this observance.

During this week every American should make certain that he is not only taking positive action to protect his own precious gift of sight, but also is giving thought to his responsibility for the conservation of sight among his family and his fellow countrymen.

IN WITNESS WHEREOF, I have hereunto set my hand this twenty-second day of February, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-third.

Proclamation 3896

NATIONAL SAFE BOATING WEEK 1969

By the President of the United States of America

A Proclamation

March 3, 1969

In a time of unprecedented opportunity for leisure-time activities, more and more Americans are discovering the benefits of boating. The ever-increasing traffic on the waterways has made it imperative that all boatmen observe the basic rules of boating safety.

Common sense and courtesy are the two foundations of boating safety. An overloaded boat, failure to heed weather warnings or the taking of other unnecessary risks can, and too often do, lead to boating tragedy. If each boatman takes simple precautions, understands the capabilities of his craft, and exercises ordinary good judgment, tragic losses can be avoided.

36 USC 161.

Recognizing the need for emphasis on boating safety, the Congress, by a joint resolution approved June 4, 1958 (72 Stat. 179) has requested that the President proclaim annually the week which includes July 4 as National Safe Boating Week.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby designate the week beginning June 29, 1969, as National Safe Boating Week.

I urge the public to take advantage of educational courses in boating safety, and all those who use our waterways for boating to exercise courtesy and apply safe boating practices.

I also invite the Governors of the states and the Commonwealth of Puerto Rico and appropriate officials of all other areas under the United States flag to provide for the observance of this week.

IN WITNESS WHEREOF, I have hereunto set my hand this third day of March, in the year of our Lord, nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-third.

Proclamation 3897**NATIONAL FARM SAFETY WEEK, 1969****By the President of the United States of America**March 3, 1969**A Proclamation**

American agriculture has advanced more in the past 50 years than in all our prior history. A third as many farmers are feeding twice as many Americans today as in 1920. In addition, America is the world's largest exporter of agricultural products, and our abundance is a powerful force for world peace.

Fundamental to this unparalleled achievement in food and fiber production have been the strong hands and management skills of our farm people. While their accomplishments have dramatically increased production, our farm people have suffered a tragic toll of accidents.

Agriculture continues to rank third among our industries in accidental death rate. Thousands of farm residents are fatally injured every year and hundreds of thousands disabled. The dollar cost to the nation approaches \$2 billion, but the cost in pain, grief, and suffering cannot be measured.

This terrible waste demands our urgent attention. It can be sharply reduced if everyone working in agriculture makes safety an integral part of management planning, a part of every job and every activity, both on and off the farm.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby call on the people of the nation to observe the week of July 20, 1969, as National Farm Safety Week. I urge all farm families, and those persons and groups serving or allied with agriculture, to use all possible means for minimizing accident losses at work, in homes, at recreation, and on public roads.

IN WITNESS WHEREOF, I have hereunto set my hand this third day of March, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-third.

Proclamation 3898**LAW DAY, U.S.A., 1969****By the President of the United States of America**March 4, 1969**A Proclamation**

The first day of May has been set aside by the Congress of the United States as LAW DAY, U.S.A. It is a special day to be observed by the American people in appreciation of their liberties and national independence. It is an occasion for rededication to the ideals of equality and justice under law.

There was never a greater need for such rededication. Events of recent years—rising crime rates, urban rioting, and violent campus protests—have impeded rather than advanced social justice.

75 Stat. 43.
36 USC 164.

We must reverse the upward trend of lawlessness in our land. We must bring forward in America our faith in ourselves and in our country and its future. We must move forward to a new era of peace and progress in which our great resources can be utilized to end poverty and injustice and to achieve greater opportunities for all Americans.

Achievement of these goals does not depend upon the acts of government alone; it depends in substantial part upon the attitude and actions of each of us. We must recognize a clear duty to obey the laws, to respect the rights of others, to resolve controversies by lawful means, to become responsive and responsible citizens.

Unequal justice is no justice at all, unenforced laws are worse than no laws at all; that is why equal justice under law is the bedrock of the American system.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby urge the people of the United States to observe Thursday, May 1, 1969, as Law Day in the United States of America with appropriate public ceremonies and by the reaffirmation of their dedication to our form of government and the supremacy of law in our lives. I especially urge the legal profession, the schools and educational institutions, civic and service organizations, all media of public information, and the courts to take the lead in sponsoring and participating in appropriate observances throughout the Nation.

And, as requested by the Congress, I direct the appropriate Government officials to display the flag of the United States on all public buildings on that day.

IN WITNESS WHEREOF, I have hereunto set my hand this fourth day of March, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-third.

Proclamation 3899

SENIOR CITIZENS MONTH, 1969

By the President of the United States of America

A Proclamation

There are today 20 million Americans who are 65 years of age or older.

The older Americans in our midst have been pioneers and builders during a period of dramatic change and severe testing. They remind us of the moral values and personal qualities which have been the basis of our national achievements. Having learned to live with change and challenge, they offer us, now and for the future, a valuable resource of skill and of wisdom.

We are grateful for scientific advances which have given us the longest life expectancy in the history of the world. But we must also be concerned with the quality of that longer life span.

It is therefore fitting that each year we designate one month in honor of older Americans. This is a special time to express our appreciation to older citizens for their services to the Nation, to recognize their potential for further contribution, and to consider whether we

March 17, 1969

are doing all we can to assure their full participation in the adventures of our time and in the affluence of our society.

The continuing theme for this special month is MEETING THE CHALLENGE OF THE LATER YEARS. This year, particular emphasis will be given to the concept of PARTNERSHIP in meeting that challenge: partnership among all levels of government, partnership with voluntary organizations, and partnership among Americans of all ages. In addition, the Federal Government's Administration on Aging, in cooperation with the National Safety Council, will conduct an action program on accident prevention and safety for the older generation.

The concerns we express during this special month should also guide us throughout the year. For there is still much pioneering work to be done, work in which all age groups must join as full partners.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby designate the month of May 1969 as Senior Citizens Month.

I invite the Governors of all the States and the Commonwealth of Puerto Rico, the officers of the Federal, State, and local governments, the heads of voluntary and private groups, and all Americans everywhere to join in this observance. I urge them to find suitable means for expressing appreciation to older citizens, for encouraging their continued and expanded activity, and for meeting the special needs of the frail and the poor and the lonely among them.

I especially invite the older citizens of this Nation to use this month as a time for reexamining the social role which they are playing and the conditions under which they live. And I ask them to share their conclusions and recommendations with their countrymen.

IN WITNESS WHEREOF, I have hereunto set my hand this seventeenth day of March, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-third.

Proclamation 3900

NATIONAL DEFENSE TRANSPORTATION DAY AND NATIONAL TRANSPORTATION WEEK, 1969

By the President of the United States of America

A Proclamation

America's transportation network is an example of democracy at work. Through the years the public and private sectors have joined hands and minds to plan, construct, maintain, and operate vast highway, air, water, rail, and pipeline transport systems.

Today, more than one hundred million private vehicles travel on public ways. And tomorrow—probably within the few years remaining in this century—the total system will need to double today's capacity if it is to carry the projected numbers of people and volume of goods.

Transportation makes all other industries possible. It takes grain to the mills, raw materials to the factories, finished products to the market; it must be designed to give our citizens the mobility they need. Our commerce and culture depend on a revitalized transportation

March 17, 1969

industry to end congestion and delay and to prepare for the burgeoning demands of the future.

36 USC 160.

To give public recognition to this great industry—to focus attention upon its contributions and the challenges it faces—the Congress, by a joint resolution approved May 16, 1957 (71 Stat. 30), has requested the President to proclaim annually the third Friday of May of each year as National Defense Transportation Day, and by a joint resolution approved May 14, 1962 (76 Stat. 69), has requested the President to proclaim annually the week of May in which that Friday falls as National Transportation Week, as a tribute to the men and women, who night and day, move our goods and our people throughout the land and around the world.

36 USC 166.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby designate Friday, May 16, 1969, as National Defense Transportation Day, and the week beginning May 11, 1969, as National Transportation Week.

I urge our people to participate with representatives of the transportation industry, our armed services, and other governmental agencies in the observance of these occasions through appropriate ceremonies.

I also invite the Governors of the States to provide for the observance of National Defense Transportation Day and National Transportation Week in a way that will give the citizens of each community the opportunity to recognize and appreciate fully the vital role our great and modern transportation system plays in their lives and in the defense of the Nation.

IN WITNESS WHEREOF, I have hereunto set my hand this seventeenth day of March, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-third.

Proclamation 3901

WORLD TRADE WEEK, 1969

By the President of the United States of America

A Proclamation

There is a clear interrelationship between America's economic health and that of the rest of the world. It follows from this that the cause of stability and peace is served by the advancement of free-flowing world trade.

The United States works closely with other nations to promote the expansion of trade on an equitable basis in the world market. Our national trade policy supports the General Agreement on Tariffs and Trade and other international institutions that seek new ways to facilitate the fair exchange of goods between nations. By reducing barriers to trade the United States and its trading partners have contributed to the growth of the world economy.

As we work toward freer trade, we recognize that our greatest strength lies in the traditional competitive urge of American business and labor. As their international efforts increase their earnings, the nation benefits from a strengthened dollar position and an improved balance of payments.

March 18, 1969

MAR 17 1969

Exports of United States merchandise rose to a record \$34 billion in 1968, \$3 billion more than in 1967. Imports of foreign products into the United States, attracted by vigorous domestic economic activity and rising consumer income, reached almost \$33 billion, an increase of \$6 billion.

Since imports advanced much faster than exports, our trade surplus dropped \$3 billion to a total of less than \$1 billion. One lesson in this decline is especially important: We must intensify our efforts to contain inflationary pressures at home, helping make our exports more competitive; as our exports expand, we will restore a healthy trade surplus.

Additional outlets are needed for the diversity and abundance of our industrial and agricultural production. We also must find ways to help less developed countries participate more fully in world trade.

Enlarged markets for our goods and services speed the pace of our economic progress and advance the well-being of all our people. New markets abroad create new jobs at home; new avenues of world trade run parallel to new roads to world peace.

Government in the past has helped American industry and agriculture to open up new markets abroad; today we are more willing and better prepared to help than ever before.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby proclaim the week beginning May 18, 1969, as World Trade Week; and I request the appropriate Federal, State, and local officials to cooperate in the observance of that week.

I urge business, labor, agricultural, educational, professional, and civic groups, as well as the people of the United States generally, to observe World Trade Week with gatherings, discussions, exhibits, ceremonies, and other appropriate activities designed to promote continuing awareness of the importance of world trade to our economy and our relations with other nations.

IN WITNESS WHEREOF, I have hereunto set my hand this eighteenth day of March, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-third.

Proclamation 3902

NATIONAL MARITIME DAY, 1969

By the President of the United States of America

A Proclamation

The American Merchant Marine must project the Nation's economic strength throughout the world in peacetime and give mobility to our national defense in times of emergency. Its vessels must enable us to compete effectively in international trade and to transport and supply our Armed Forces in defense of freedom.

Through the cooperation of business, labor, and Government, and with prudent use of advancing technology, the American Merchant Marine must become capable of providing modern, productive service to the Nation's commerce as an integral part of transportation.

March 18, 1969

A strong and profitable merchant fleet is vital to America's economic welfare and defense capability. The American flag on merchant vessels on the high seas and in foreign ports is a symbol of our Nation's dedication to peaceful trade throughout the world.

To remind Americans of the important role the Merchant Marine plays in our national life, the Congress in 1933 designated the anniversary of the first transatlantic voyage by a steamship, the SS *Savannah*, on May 22, 1819, as National Maritime Day, and requested the President to issue a proclamation annually in observance of that day.

48 Stat. 73.
36 USC 145.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby urge the people of the United States to honor our American Merchant Marine on May 22, 1969, by displaying the flag of the United States at their homes and other suitable places, and I request that all ships sailing under the American flag dress ship on that day in tribute to the American Merchant Marine.

IN WITNESS WHEREOF, I have hereunto set my hand this eighteenth day of March, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-third.

Proclamation 3903

CANCER CONTROL MONTH, 1969

By the President of the United States of America

A Proclamation

Cancer is the second greatest cause of death in the United States. And the death rate from this terrible disease is still rising.

In the past 25 years we have made progress in early diagnosis of certain types of cancer. Greater drug treatment has increased a victim's chances of survival.

While these medical advances are encouraging, it is evident that only the full-hearted commitment by all Americans to support the splendid efforts of our scientists, physicians, health administrators and volunteers will arrest this disease.

In recognition of the urgency of the cancer problem, the Congress, by a joint resolution of March 28, 1938 (52 Stat. 148), requested the President to issue annually a proclamation setting aside the month of April as Cancer Control Month.

36 USC 150.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby proclaim the month of April 1969 as Cancer Control Month, and I invite the Governors of the States and the Commonwealth of Puerto Rico, and appropriate officials of all other areas under the United States flag to issue similar proclamations.

I also ask the medical and allied health professions, the communications industries, and all other interested persons and groups to unite during the appointed month in public reaffirmation of this Nation's efforts to control cancer.

IN WITNESS WHEREOF, I have hereunto set my hand this twenty-fifth day of March, in the year of our Lord nineteen hundred

and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-third.

Proclamation 3904
LOYALTY DAY, 1969

By the President of the United States of America

March 26, 1969

A Proclamation

At the founding of our Republic, the signers of the Declaration of Independence pledged their mutual trust and sacred honor to the common ideals of freedom and equality that have brought greatness to our Nation.

Loyalty to our country and its flag must rest on understanding of our great national values which they have represented—individual freedom under the law, equality of opportunity in all walks of life, justice and protection of the law for all. Each of us has an obligation to fulfill these ideals and to preserve them for our children and for succeeding generations.

It is the function of government in a democracy to provide an orderly framework through which together we can all work constructively toward redeeming the enduring promise of our forefathers' faith. This can be achieved only with the unity and determination of our people. For freedom, justice, and equality are not ideals forever secure, once won. They require our unswerving devotion and our continued vigilance.

In recognition of the heritage of American freedom, the Congress by a joint resolution of July 18, 1958, designated May 1 of each year as Loyalty Day and requested the President to issue a proclamation inviting the people of the United States to observe such day with appropriate ceremonies.

72 Stat. 369.
36 USC 162.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do call upon the people of the United States, and upon all patriotic, civic, and educational organizations, to observe Thursday, May 1, 1969, as Loyalty Day, with appropriate ceremonies in which all of us may join in a reaffirmation of our loyalty to the United States of America.

I also call upon appropriate officials of the Government to display the flag of the United States on all Government buildings on that day as a manifestation of our loyalty to the Nation which that flag symbolizes.

IN WITNESS WHEREOF, I have hereunto set my hand this twenty-sixth day of March, in the year of our Lord nineteen hundred and sixty-nine and of the Independence of the United States of America the one hundred and ninety-third.

Proclamation 3905**SMALL BUSINESS WEEK, 1969****By the President of the United States of America****A Proclamation**

From its beginnings this Nation has honored the common man and has given him unprecedented freedom. It has drawn its strength, in turn, from the determination of the common citizen to use that freedom in his own unique way—from his capacity to be uncommon.

It was over three centuries ago that small bands of free men laid the foundations of our economic and political system. But the spirit which characterized their efforts is still the essence of the American character. The small businessmen of America best manifest this tradition of individual enterprise.

The American economy has grown affluent beyond the visions of our forefathers. Yet a very important part of it is still represented by the self-owned business: the little shop, the small factory, the family enterprise. They encompass all creeds and races; they exercise their imaginations and pursue their aspirations in a wide variety of enterprises. They provide goods and services of the highest quality; they offer employment opportunities to millions. Their prosperity is fundamental to our economic well-being.

We should recognize, however, that the continued vitality of small business is a matter of political and social concern; a society which encourages free competition cannot easily be subjected to arbitrary control from the top. And a society which opens constructive business opportunities to all of its citizens can liberate and uplift the isolated minorities at the bottom.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby designate the week beginning May 11, 1969, as Small Business Week. I encourage chambers of commerce, boards of trade, and other public and private organizations to observe this week by recognizing the contributions which small business enterprises have made to our national development. I urge them to find appropriate means for paying tribute to the accomplishments of small business, and I trust they will encourage small businessmen to achieve new successes in the future.

IN WITNESS WHEREOF, I have hereunto set my hand this twenty-seventh day of March, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-third.

Proclamation 3906**THE TWENTIETH ANNIVERSARY OF THE NORTH ATLANTIC TREATY ORGANIZATION****By the President of the United States of America****A Proclamation**

Twenty years ago, on April 4, 1949, twelve sovereign nations, determined to safeguard the freedom, common heritage, and civilization

March 27, 1969

March 28, 1969

of their peoples, signed the North Atlantic Treaty. In later years, Greece, Turkey, and the Federal Republic of Germany became parties to that agreement and members of the North Atlantic Treaty Organization, which was established to effect the Treaty's goals.

For twenty years, NATO has furthered the cause of Atlantic unity by achieving a spirit of solidarity on many common military, political, and economic problems. By promoting international security through collective defense arrangements and by fostering cooperation in the political realm, NATO has contributed to unprecedented peace and prosperity for all the peoples of the Treaty area. It has provided a stabilizing influence during times of crisis and has been a vigilant guardian in the face of threats to world peace. At the same time, NATO has steadfastly pursued the quest for improved relations between East and West, dedicated always to a peaceful settlement of European differences and to effective measures for disarmament and arms control.

Now, as NATO begins its third decade, committed still to a viable Atlantic community, to the resolution of differences between East and West, and to the stability and tranquillity of our entire planet, America's commitment to NATO remains firm and vital.

THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby direct the attention of the Nation to this twentieth anniversary of the signing of the North Atlantic Treaty; and I call upon all agencies and officials of the Federal Government, upon the Governors of the States, and upon the officers of local governments to encourage and facilitate the suitable observance of this notable event throughout this anniversary year with particular attention to April, the month which marks the historic signing ceremony.

I also urge all citizens to participate in appropriate activities and ceremonies in recognition of the achievements of the North Atlantic Treaty Organization and its contributions to America's security and well-being.

IN WITNESS WHEREOF, I have hereunto set my hand this twenty-eighth day of March in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-third.

Proclamation 3907

ANNOUNCING THE DEATH OF DWIGHT DAVID EISENHOWER

By the President of the United States of America

March 28, 1969

A Proclamation

TO THE PEOPLE OF THE UNITED STATES:

I have the sad duty to announce officially the death of Dwight David Eisenhower, the thirty-fourth President of the United States, on March 28, 1969.

In London, in 1945, this great soldier received the Freedom of the City of London. At that time, he said: “* * * we should turn to those inner things, call them what you will—I mean those intangibles that are the real treasures free men possess.”

As a soldier, he was guided by those inner things. As a President, he was strengthened by their wisdom and by the knowledge that the

ancient virtues, intangible but unconquerable, could offer comfort and solace even during the darkest hours.

And so it should be with us who today mourn his death. The memory of his greatness is now one of those "real treasures free men possess"; it belongs now to all Americans, and in its simplicity, its devotion, its courage, and its compassion, his life will shape the future as it shaped our time.

As long as free men cherish their freedom, Dwight Eisenhower will stand with them, as he stood during war and peace; strong, confident, and courageous. Even in death he has left us a great spirit that will never die.

NOW, THEREFORE, I, RICHARD M. NIXON, President of the United States of America, in honor and tribute to the memory of this great and good man, and as an expression of public sorrow, do hereby direct that the flag of the United States be displayed at half-staff at the White House and on all buildings, grounds, and Naval vessels of the United States for a period of thirty days from the day of death. I also direct that for the same length of time the representatives of the United States in foreign countries shall make similar arrangements for the display of the flag at half-staff over their Embassies, Legations, and other facilities abroad, including all military facilities and stations.

I hereby order that suitable honors be rendered by units of the Armed Forces under orders of the Secretary of Defense on the day of the funeral.

I also do appoint Monday, March 31, 1969 to be a National Day of Mourning throughout the United States. I earnestly recommend that the people assemble on that day in their respective places of divine worship, there to bow down in submission to the will of the Almighty God, and to pay their homage of love and reverence to the memory of President Eisenhower. I invite the people of the world who share our grief to join us in this day of mourning and rededication.

IN WITNESS WHEREOF, I have hereunto set my hand this twenty-eighth day of March in the year of our Lord nineteen hundred and sixty-nine and of the Independence of the United States of America the one hundred and ninety-third.

Proclamation 3908

PAN AMERICAN DAY AND PAN AMERICAN WEEK, 1969

By the President of the United States of America

A Proclamation

The Inter-American System is the oldest, most successful regional association in the world. On April 14, 1969, we celebrate the 79th Anniversary of its formation.

The Americas are bound together by history, geography and, most important of all, common concerns and shared hopes.

On this occasion, the United States reaffirms its dedication to:

—Close consultation with its Hemisphere partners in all matters of common concern.

- Furtherance of social and cultural ties that enhance human dignity and mutual respect.
- Cooperation with each of our partners in economic development that will benefit the entire Hemisphere.

Within this unity of purpose there is room for a diversity of viewpoint and approach. The United States seeks to cooperate, not to dominate; to participate fairly as a partner in the responsibilities that each nation shares within the System.

Much has been accomplished by the nations of our continents; the Organization of American States, focus of the Inter-American System, is stronger than ever, with a revised Charter soon coming into effect.

2 UST 2394.

We shall treat with high priority the tasks that lie ahead—to extend to all Americans the opportunity for lives of dignity in a climate of freedom.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby proclaim Monday, April 14, 1969, as Pan American Day, and the week beginning April 13 and ending April 19 as Pan American Week; and I call upon the Governors of the fifty States of the Union, the Governor of the Commonwealth of Puerto Rico, and the officials of all other areas under the flag of the United States to issue similar proclamations.

IN WITNESS WHEREOF, I have hereunto set my hand this eleventh day of April, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-third.

Proclamation 3909

FIFTIETH ANNIVERSARY OF THE LEAGUE OF WOMEN VOTERS OF THE UNITED STATES

By the President of the United States of America

April 17, 1969

A Proclamation

A half century ago—more than a year before the 19th Amendment was ratified—women from states where they already had the vote met to establish a League of Women Voters. Their purpose was to promote political responsibility through informed and active participation of citizens in government.

USC prec.
title 1.

For fifty years the League of Women Voters has provided Americans in every state with information on candidates and issues and it has furnished a non-partisan platform from which all candidates may be seen and heard. These activities have strengthened government and have helped to sustain the public weal.

Whether it be concern for our urban malaise or desire for better international cooperation, whether it be conservation of our natural resources or the revitalization of our State and local governments, the League of Women Voters deserves the cooperation and encouragement of all Americans.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, call upon all our citizens to join with the League of Women Voters of the United States in the observance of its fiftieth anniversary in 1970.

I urge all businesses, industries, foundations, and civic organizations to give the full measure of their support to the League and its activities.

IN WITNESS WHEREOF, I have hereunto set my hand this 17th day of April, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-third.

Proclamation 3910

MOTHER'S DAY, 1969

By the President of the United States of America

A Proclamation

Fifty-five years ago President Woodrow Wilson called upon the American people to display the flag as "a public expression of our love and reverence for the mothers of the country." The United States of America and the world have changed greatly since then, but the desire and need for a public display of love and affection for our mothers has remained.

How has such a day of commemoration survived the changes of taste, of value, of belief that have marked these years? I am convinced that the answer lies in the fact that the essential things never change at all. Mother's Day is set aside not only to publicly demonstrate what we all privately feel about our mothers, but for another purpose: it serves to remind us all that there is, at the heart of things, a sense of mystery and wonder, a dimly-understood but strongly felt feeling of continuity and interdependence which binds all men together and which is most clearly seen in the miracle of motherhood.

Nowhere in the complexity of the modern world are we more forcefully reminded of the power of love against hate, of creation over destruction, of life against death than in the gentle strength, the deep compassion of a mother.

On Mother's Day we demonstrate to our mothers not only love for who they are but reverence for what they represent: the sacredness of human life and the majesty of the ancient principles which enhance it and guide it toward public and private virtue.

A joint resolution of the Congress, approved on May 8, 1914, sets aside the second Sunday of May as the special day to pay tribute to our mothers.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby request that Sunday, May 11, 1969, be observed as Mother's Day; and I direct the appropriate officials of the Government to display the flag of the United States on all Government buildings on that day.

I call upon the people of the United States to honor the mothers of our country by displaying the flag at their homes or other suitable places and by expressions of love and respect.

IN WITNESS WHEREOF, I have hereunto set my hand this 25th day of April, in the year of our Lord nineteen hundred and sixty-nine,

Proclamation 3911

CITIZENSHIP DAY AND CONSTITUTION WEEK, 1969

By the President of the United States of America

May 13, 1969

A Proclamation

The Constitution of the United States is often viewed as a revered document drawn in a far-off time by a group of exceedingly wise men we call the Founding Fathers. It is much more than that. The Constitution is a living set of principles, created during a hot Philadelphia summer in 1787 by men who were often passionate in their convictions and always jealous of the basic rights which had been secured by the American Revolution. This Constitution is not a museum-piece, but something as strong and as proud and as passionately alive today as were the men who created it almost 200 years ago.

USC prec.
title 1.

As the foundation of our national life, the Constitution demands more than reverence. It demands the kind of active concern we show to anything we deeply care for. It demands our attention, our understanding of its character and of its fundamental place in our lives. This view of the Constitution will not allow us to pay honor to the idea unless we pay attention to the reality. It calls upon a citizen to not only be able to demand his rights, but also to know what they are.

United States citizenship, then, is also demanding. But the demands are more than matched by the benefits. Each citizen can help himself, his fellow citizens, and his nation if he takes some time out of his life to read and talk and think about the Constitution.

By a joint resolution of February 29, 1952 (66 Stat. 9), the Congress set aside the seventeenth day of September of each year as Citizenship Day, in commemoration of the signing of the Constitution on September 17, 1787, and in recognition of all who attained citizenship during the year. And by a joint resolution of August 2, 1956, (70 Stat. 932), the Congress requested the President to designate the period beginning September 17 and ending September 23 of each year as Constitution Week.

36 USC 153.

36 USC 159.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, direct the appropriate Government officials to display the flag of the United States on all government buildings on Citizenship Day, September 17, 1969. I urge Federal, State, and local officials, as well as all religious, civic, educational, and other interested organizations to make arrangements for impressive, meaningful pageants and observations on that day to inspire all our citizens to rededicate themselves to the service of their country and to the support and defense of the Constitution.

I also designate the period beginning September 17 and ending September 23, 1969, as Constitution Week; and I urge the people of the United States to observe that week with appropriate ceremonies and activities in their schools and churches, and in other suitable places, to the end that our citizens, whether naturalized or natural-born, may have a better understanding of the Constitution and of the rights and responsibilities of United States citizenship.

IN WITNESS WHEREOF, I have hereunto set my hand this 13th day of May, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-third.

Proclamation 3912

PRAYER FOR PEACE, MEMORIAL DAY, 1969

By the President of the United States of America

A Proclamation

On Memorial Day it is customary for Americans to honor the memory of their fellow countrymen who have died in the defense of freedom. Meditating on their sacrifices, we honor not only their memory but also the principles of justice and freedom for which they gave their lives.

Yet honor is not enough. Although we cannot change the pattern of the past, we must do all we can to create a pattern of justice and peace for the future.

The Congress, by a joint resolution of May 11, 1950 (64 Stat. 158), has requested the President to issue a proclamation calling upon the people of the United States to observe each Memorial Day as a day of prayer for permanent peace and designating a period during such day when the people of the United States might unite in such supplication.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby designate Memorial Day, Friday, May 30, 1969, as a day of prayer for permanent peace, and I designate the hour beginning in each locality at 11 o'clock in the morning of that day as a time to unite in such prayer.

I urge the press, radio, television, and all other information media to cooperate in this observance.

I urge also that on this consecrated day, all the people of America offer their prayers to the Almighty to make reason and good will prevail so that peace can once again bless our nation.

As a special mark of respect for those Americans who have given their lives in the tragic struggle in Vietnam, I direct that the flag of the United States be flown at half-staff all day on Memorial Day, instead of during the customary forenoon period, on all buildings, grounds, and naval vessels of the Federal Government throughout the United States and all areas under its jurisdiction and control.

I also request the Governors of the States and of the Commonwealth of Puerto Rico and the appropriate officials of all local units of government to direct that the flag be flown at half-staff on all public buildings during that entire day, and request the people of the United States to display the flag at half-staff from their homes for the same period.

IN WITNESS WHEREOF, I have hereunto set my hand this sixteenth day of May, in the year of our Lord nineteen hundred and

sixty-nine, and of the Independence of the United States of America the one hundred and ninety-third.

Proclamation 3913

WHITE CANE SAFETY DAY, 1969

By the President of the United States of America

May 20, 1969

A Proclamation

That blindness is a tragedy is known to all men. That courage and determination can help the blind to transcend that tragedy is not nearly as well known.

A symbol of the blind person's determination to help himself and to live a normal life is the white cane. More than a traveling aid for blind people, the familiar white cane has become—to those who can see—a reminder of the tremendous strides which have been made by the blind in adjusting to the world of sight.

A blind man or woman using a white cane can travel with greater confidence and safety on the Nation's streets. This confidence is reflected in other activities, such as education and employment, where the blind can make needed and highly valued contributions. Thus, the white cane helps the blind person to help himself by increasing the range of his activities.

To make our citizens more fully aware of the significance of the white cane, and of the need for motorists to exercise caution and courtesy when approaching its bearer, the Congress, by a joint resolution, approved October 6, 1964 (78 Stat. 1003), has authorized the President to issue annually a proclamation designating October 15 as White Cane Safety Day.

36 USC 169d.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby proclaim October 15, 1969, as White Cane Safety Day.

I urge all Americans to observe this day by increasing their understanding of the problems of the blind, learning more about the accomplishments of the blind, and seeking ways in which the blind may add even more than they already have to their own personal fulfillment and to the progress of our Nation.

IN WITNESS WHEREOF, I have hereunto set my hand this 20th day of May, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-third.

Proclamation 3914

HELEN KELLER MEMORIAL WEEK

By the President of the United States of America

May 29, 1969

A Proclamation

Deaf-blind people are isolated from our world by formidable communications barriers. Yet, we know that pioneering social concern and

the released genius of Helen Keller united to penetrate those barriers and produce a person who symbolized the vast potential resource of severely handicapped human beings. Miss Keller became an American ambassador-at-large to the world because she was unexcelled in interpreting the Nation's philosophy of respect for the unique inherent qualities of each individual.

Her recognition of this philosophy was never more eloquently expressed than when she said: "What I am, my country has made me. She has fostered the spirit which has made my education possible." At the same time, Helen Keller was deeply aware that she was miraculously fortunate to have been discovered by persons who were able to give her the priceless gift of language, which was what she needed to light up her extraordinary mind.

As the years passed, Miss Keller became increasingly concerned with those persons who were deprived of sight and hearing. Her later years were dedicated almost entirely to providing the deaf-blind with the kind of opportunities which had yielded such great benefit for her.

It is, therefore, fitting that we designate, as a memorial to Helen Keller, one week during which we may give special thought to the needs of our countrymen who are handicapped by the loss of sight and hearing. The minds of these people are forever imprisoned unless we muster every available resource to reach and rehabilitate them. Attaining this goal requires not only the use of such special techniques as lip reading, manual alphabet, and braille materials but the concern and commitment of all of us to let these people know they are a vital part of our society.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, in consonance with Senate Joint Resolution 99, do hereby designate the week beginning June 1, 1969, as Helen Keller Memorial Week.

Ante, p. 11.

I invite appropriate officers of the Federal, State, and local governments, the heads of voluntary and private groups, and all Americans everywhere to join in this observance. I urge them to find suitable means for expressing determination to cultivate a public understanding and sentiment in behalf of deaf-blind people and to devise a dynamic pattern for continuing their education, welfare and rehabilitation.

IN WITNESS WHEREOF, I have hereunto set my hand this 29th day of May, in the year of our Lord nineteen hundred sixty-nine, and of the Independence of the United States of America the one hundred ninety-third.

Proclamation 3915

D-DAY TWENTY-FIFTH ANNIVERSARY DAY

By the President of the United States of America

A Proclamation

Twenty-five years ago on June 6, Allied Forces under the leadership of Dwight David Eisenhower, made a successful landing on the beaches of Normandy. What happened on that day—and in the days and months immediately following—is now part of the acts of valor which have been the inspiration and often the salvation of Western

May 31, 1969

civilization. The Sixth of June was transformed on that day from a date on the calendar to a historical landmark in the history of freedom.

The valiant leader and many of the valiant men who made victory possible by their efforts on that day are now gone. Their triumph, however, remains, for it was a triumph of the human spirit. Our Nation and nations of free men everywhere are forever grateful for the sacrifices made in Normandy. Twenty-five years have not diminished but have, rather, enhanced the profound importance of that day.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby proclaim June 6, 1969, as D-Day Twenty-Fifth Anniversary Day; and I invite the people of this Nation to observe that day with appropriate ceremonies designed to commemorate the brave men living and dead who did so much to open this path to victory and peace.

IN WITNESS WHEREOF, I have hereunto set my hand this thirty-first day of May, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America, the one hundred and ninety-third.

Proclamation 3916

FLAG DAY AND NATIONAL FLAG WEEK, 1969

By the President of the United States of America

June 5, 1969

A Proclamation

It has become customary when referring to the flag of the United States of America to concentrate on what it represents. Every American has pledged allegiance to the flag "and to the Republic for which it stands." From time to time, however, it is necessary to remind ourselves not only of what the flag stands for but of what it is.

Our flag is a fragile but infinitely strong piece of cloth. What that piece of cloth stands for we all know. What we sometimes forget, however, is that it is precisely because those things which the flag represents are intangible that we need a flag at all. A flag is meant to be seen. Only when it is displayed does it stir us. Our ideals we can honor with our words and deeds; our flag must be honored by an essentially spiritual reaction to a visual stimulus.

On June 14, 1777, the Congress delineated the present form of the flag. These men gave it form; we give it life by displaying it, honoring it, and meditating on those qualities and attributes it so beautifully and proudly symbolizes.

In commemoration of the adoption of our flag, the Congress, by a joint resolution approved August 3, 1949 (63 Stat. 492), designated June 14 of each year as Flag Day and requested the President to issue annually a proclamation calling for its observance; by a joint resolution approved June 9, 1966 (80 Stat. 194), the Congress has requested the President to issue annually a proclamation designating the week in which June 14 occurs as National Flag Week and calling upon all citizens to display the flag of the United States on those days.

36 USC 157.

36 USC 157a.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby designate the week beginning June 8, 1969, as National Flag Week, and I direct the appropriate

Government officials to display the flag of the United States on all Government buildings during that week.

I also request the people of the United States to observe Flag Day, June 14, and Flag Week by flying the Stars and Stripes at their homes and other suitable places.

I urge the press, radio, television, and other information media to join in this observance and to promote continuing awareness of our flag and a rededication to the principles which it symbolizes.

IN WITNESS WHEREOF, I have hereunto set my hand this fifth day of June, in the year of our Lord nineteen hundred sixty-nine, and of the Independence of the United States of America the one hundred ninety-third.

Proclamation 3917

PROFESSIONAL PHOTOGRAPHY WEEK IN AMERICA

By the President of the United States of America

A Proclamation

June 7, 1969

Photography is one of the most versatile tools in the service of mankind.

In addition to photography's traditional role of memorializing the lives, the work, and the culture of our people, it plays an important part in education, industry, commerce, and the sciences.

More than 150,000 men and women are engaged in this profession, contributing over a billion dollars to our economy.

But photography is more than a pleasurable hobby or a commercial medium; it is a universal language which demonstrates that people throughout the world share many of the same problems and the same aspirations. As a means of communication, it makes a substantial contribution to world understanding and progress.

Ante, p. 33.

As a tribute to the importance of professional photography in American life, the Congress, by Senate Joint Resolution 77, has requested the President to issue a proclamation designating the period beginning June 8, 1969, and ending June 14, 1969, as Professional Photography Week in America.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby designate the week of June 8 through June 14, 1969, as Professional Photography Week in America; and I call upon the people of the United States and interested groups and organizations to observe that week with appropriate ceremonies and activities.

IN WITNESS WHEREOF, I have hereunto set my hand this 7th day of June, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-third.

Proclamation 3918**CAPTIVE NATIONS WEEK, 1969****By the President of the United States of America**

July 11, 1969

A Proclamation

By Joint Resolution on July 17, 1959, the Eighty-Sixth Congress authorized and requested the designation of the third week of July as Captive Nations Week. Ten years have passed and there have been many changes in international affairs. But one thing that has not changed is the desire for national independence in Eastern Europe.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby designate the week beginning July 13, 1969, as Captive Nations Week.

I invite the people of the United States of America to observe this week with appropriate ceremonies and activities, and I urge them to renew their devotion to the high ideals on which our nation was founded and has prospered and to sustain with understanding and sympathy the just aspirations of the peoples of all nations for independence and human freedom.

IN WITNESS WHEREOF, I have hereunto set my hand this eleventh day of July in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-fourth.

**Proclamation 3919****NATIONAL DAY OF PARTICIPATION****By the President of the United States of America**

July 16, 1969

A Proclamation

Apollo 11 is on its way to the moon. It carries three brave astronauts; it also carries the hopes and prayers of hundreds of millions of people here on earth, for whom that first footfall on the moon will be a moment of transcendent drama. Never before has man embarked on so epic an adventure.

In the words of the plaque the Apollo astronauts expect to leave on the moon, they go "in peace for all mankind." The adventure is not theirs alone, but everyone's; the history they are making is not only scientific history, but human history. That moment when man first sets foot on a body other than earth will stand through the centuries as one supreme in human experience, and profound in its meaning for generations to come.

In past ages, exploration was a lonely enterprise. But today, the miracles of space travel are matched by miracles of space communication; even across the vast lunar distance, television brings the moment of discovery into our homes, and makes all of us participants.

As the astronauts go where man has never gone; as they attempt what man has never tried, we on earth will want, as one people, to be

with them in spirit; to share the glory and the wonder, and to support them with prayers that all will go well.

In order that as many as possible can have the opportunity to share as fully as possible in this surpassing occasion, I, RICHARD NIXON, President of the United States of America, do hereby proclaim Monday, July 21, 1969, to be a National Day of Participation; and I invite the Governors of the States and the Commonwealth of Puerto Rico, and officials of other areas subject to the jurisdiction of the United States to issue similar proclamations.

All executive departments, independent establishments, and other governmental agencies, including their field services, shall be closed on the National Day of Participation, and all of their employees (except employees of the Department of State, the Department of Defense, or other agencies who in the judgment of their agency heads should be at their posts of duty for national security or other public reasons), shall be excused from duty on that day. And I direct that the flag of the United States be displayed on all public buildings on that day.

I urge the Governors of the States, the mayors of cities, the heads of school systems, and other public officials to take similar action. I also urge private employers to make appropriate arrangements so that as many of our citizens as possible will be able to share in the significant events of that day. And, finally, I call upon all of our people, on that historic day, to join in prayer for the successful conclusion of Apollo 11's mission and the safe return of its crew.

IN WITNESS WHEREOF, I have hereunto set my hand this sixteenth day of July, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-fourth.

Proclamation 3920

FIRE PREVENTION WEEK, 1969

By the President of the United States of America

A Proclamation

In an era when technological advancement has brought to our Nation an almost unbelievable array of conveniences and comforts, we still are plagued by the hazard of man's oldest implement for self-preservation—fire. The potential dangers associated with fire still present a real threat to human life and property.

The present level of our annual fire losses—more than 12,000 lives and over \$2 billion in property—is a measure of our failure to heed fire hazards and to correct them. It is essential that every citizen recognize that such losses can be avoided, but only by personal involvement, determination, and a realization that fires need not occur.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby designate the week beginning October 5, 1969, as Fire Prevention Week.

I urge that we, as a Nation and as individual citizens, assume a positive approach to fire prevention through the support of com-

munity fire departments, State and local governments, the National Fire Protection Association, business and civic groups, and public organizations that are trying to combat the senseless waste of human life and national resources.

I also urge Federal agencies, through the Federal Fire Council, to initiate and carry on effective fire prevention programs not only for the protection of Government employees and property but also for the betterment of all segments of our society.

IN WITNESS WHEREOF, I have hereunto set my hand this fifth day of August, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-fourth.

Proclamation 3921

NATIONAL ARCHERY WEEK

By the President of the United States of America

August 12, 1969

A Proclamation

Archery, which in centuries past was a major means of livelihood and warfare, today is one of the fastest growing forms of competitive sport and recreational activity in the United States.

The skills of the bow and arrow are taught in thousands of school physical education programs; archery rapidly is becoming a major intercollegiate sport; and the manufacture of archery equipment is a significant industry.

In 1972 archery will become an official Olympic sport, which is further evidence of its growing popularity and increased stature.

To give recognition to the development of archery as a major sport and to the role of the United States as host to the world archery championships this year, the Congress, by Senate Joint Resolution 85, has requested the President to proclaim the period from August 26, 1969, through September 1, 1969, as National Archery Week.

Ante, p. 98.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby designate the period from August 26 through September 1, 1969, as National Archery Week.

I invite the Governors of the States and appropriate officials of local governments to issue similar proclamations; and I urge recreational agencies, sportsmen's groups, and interested individuals to join in promoting activities which will preserve and enhance archery as an exciting and enjoyable link with mankind's past.

IN WITNESS WHEREOF, I have hereunto set my hand this twelfth day of August, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-fourth.

Proclamation 3922**NATIONAL HIGHWAY WEEK, 1969****By the President of the United States of America**

August 13, 1969

A Proclamation

Americans today own more than 80 million passenger cars and drive each of them an average of 9,600 miles a year—or three times the distance from Portland, Maine, to San Diego, California. This is a measure of the personal mobility we now enjoy through highway transportation, one of the major elements in our transportation system.

It is a mobility that opens new horizons in employment opportunity, in choice of residence, and in educational, religious, political, recreational, and other social activities.

Highway transportation has developed from a vast private investment in motor vehicles and a vast public investment in highway facilities. These facilities, in turn, are to a large extent, the product of a unique Federal-State partnership in road building.

In 1956 we called upon this partnership to build a new network of super-roads, the National System of Interstate and Defense Highways. Now two-thirds completed, the Interstate System already is providing the public with the benefits of safer, faster, and more economical highway transportation.

To assure the best use of the public investment in highways, all Americans must give special attention to improving the safety and efficiency of highway transportation.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby proclaim the week beginning September 21, 1969, as National Highway Week, and I urge Federal, State, and local officials, as well as highway industry and other organizations, to hold appropriate ceremonies during that week in recognition of what highway transportation means to our Nation.

IN WITNESS WHEREOF, I have hereunto set my hand this 13th day of August, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-fourth.

Proclamation 3923**WORLD LAW DAY, 1969****By the President of the United States of America**

August 14, 1969

A Proclamation

Economic and social progress bears a direct relationship to the establishment and maintenance of orderly societies and a world community of peaceful nations. Thus, laws which advance economic and social development can bring about essential progress in securing freedom for all men in all nations.

Governments are rightfully concerned about the economic and social progress of people, but much can be done on a private and

voluntary basis to supplement government plans and actions. Public programs, embodied in just laws at the local, national, and international levels, can advance the improvement of social and economic conditions in every community and country. Voluntary cooperation of private individuals and groups can help to bring about research, new proposals, and citizen participation which will provide essential public support for enactment of just and needed laws.

The concern and participation of the legal, professional, academic, commercial, and other sectors of the private community in the attack on the root problems of discontent—such as poverty, ignorance, and disease—are vital to the national and international welfare. Fundamentally, it is the human misery and unrest under these conditions which most directly affect man's ability to develop a peaceful and orderly world community. It is essential, therefore, that the public and private sectors of every community join together in cooperative endeavors to develop plans and programs to resolve basic social and economic needs within a framework of law on a local, national, and international basis.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby proclaim September 8, 1969, as World Law Day in the United States. I call upon public officials and private leaders, members of the legal profession, public and private organizations, and all men of goodwill to arrange public ceremonies on World Law Day in courts, schools, universities, and other public places in order that we may rededicate ourselves to the observance of international law and to the goals of social and economic progress, so essential to the preservation of world peace.

IN WITNESS WHEREOF, I have hereunto set my hand this fourteenth day of August, in the year of our Lord nineteen hundred sixty-nine, and of the Independence of the United States of America the one hundred ninety-fourth.

Proclamation 3924

UNITED NATIONS DAY, 1969

By the President of the United States of America

A Proclamation

On December 22, 1968, the crew of Apollo Eight transmitted a television picture of the entire planet Earth. The inescapable unity of mankind was dramatically and forcefully presented for all to see.

The realization of this unity has been at the heart of the United Nations since its creation twenty-four years ago. The United Nations has long realized that the world abounds with problems which call for a cooperative international approach: problems of conflict and war and the keeping of peace in troubled areas; the settlements of disputes by peaceful methods; the control and reduction of nuclear and other weapons, and many other problems ranging from hunger to the sharing of the manifold benefits of science and technology.

Yet the history of the last twenty-four years tells us that the realization of mankind's unity is not enough; men must constantly strive to see to it that in international practice, as well as physical fact, mankind realizes its unity.

August 15, 1969

On United Nations Day, 1969, it should be the resolve of the American people that our Nation, conscious of mankind's growing interdependence on this planet, shall be a steadfast partner with all who strive for the fulfillment of those hopes.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby proclaim Friday, October 24, 1969, as United Nations Day and I urge the citizens of this Nation to observe that day by means of community programs which will contribute to a realistic understanding of the United Nations and its associated organizations.

I also call upon officials of the Federal and State governments and upon local officials to encourage citizens' groups and agencies of communication—press, radio, television, and motion pictures—to engage in appropriate observance of United Nations Day this year in cooperation with the United Nations Association of the United States of America and other interested organizations.

Moreover, in anticipation of the Twenty-fifth Anniversary Year of the United Nations, I call upon the citizens of this Nation and its citizens' groups to plan such community and organization programs for 1970 as will contribute both to an appreciation of the accomplishments of the United Nations and to a realistic understanding of its aims, its limitations, and its potentialities.

IN WITNESS WHEREOF, I have hereunto set my hand this fifteenth day of August, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-fourth.

Proclamation 3925

LADY BIRD JOHNSON GROVE REDWOOD NATIONAL PARK

By The President of the United States of America

A Proclamation

August 27, 1969

It is fitting that a magnificent redwood grove in Redwood National Park be dedicated in honor of Lady Bird Johnson, who has done so much to stir in the American conscience a deepened sense of unity with our national environment. Mrs. Johnson has given generously of her time and talents on behalf of the natural beauty of the land she loves so well. That beauty is uniquely expressed in the Redwood National Park established by the Act of Congress of October 2, 1968, while Mrs. Johnson was First Lady of the land.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do proclaim that the following described land within the boundaries of the Redwood National Park is hereby designated as the Lady Bird Johnson Grove:

HUMBOLDT MERIDIAN

That parcel of land situated in sec. 26, T. 11 N., R. 1 E., more particularly described as follows:

Beginning at the northeast corner of sec. 26, T. 11 N., R. 1 E.;
thence southerly along the east line of said sec. 26 to the southeast corner thereof;

thence westerly along the south line of said sec. 26 to the south quarter corner thereof;

thence northerly along the north-south centerline approximately 2,200 feet through forest types $\frac{004}{R}$, $\frac{002}{R}$, $\frac{01}{R}$, $\frac{002}{R}$ as depicted on National Park Service Map, NPS-RED-7114-B of Redwood National Park as referred to in Section 2 of Public Law 90-545, October 2, 1968, to its intersection with the northerly line of forest type $\frac{002}{R}$;

thence easterly and northerly along the northerly line of forest type $\frac{002}{R}$ and northerly along the westerly line of forest types $\frac{03}{RD}$, $\frac{002}{RD}$ and $\frac{R3}{R}$ to its intersection with the north-south centerline of said sec. 26;

thence northerly along the north-south centerline to its intersection with the north line of said sec. 26;

thence easterly along the north line of said sec. 26 to the northeast corner, the Point of Beginning.

IN WITNESS WHEREOF, I have hereunto set my hand this 27th day of August, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-fourth.

Proclamation 3926

GENERAL PULASKI'S MEMORIAL DAY, 1969

By the President of the United States of America

September 5, 1969

A Proclamation

One hundred and ninety years ago, a young Polish patriot in exile gave his life in the cause of American freedom and independence.

Count Casimir Pulaski came to America and joined the Continental Army. He fought with great valor and was promoted by the Congress to the rank of brigadier general in recognition of his military leadership at the Battle of Brandywine. He raised and commanded a cavalry unit which won fame as the Pulaski Legion.

On October 11, 1779, General Pulaski died of wounds received two days earlier while leading a cavalry charge in the Battle of Savannah.

It is fitting that on the anniversary of his death we pay grateful tribute to this gallant Pole, and to the millions of his countrymen in America who have contributed to this nation's growth and to the defense of its freedoms.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby designate Saturday, October 11, 1969, as General Pulaski's Memorial Day; and I direct the appropriate Government officials to display the flag of the United States on all Government buildings on that day.

I also invite the people of the United States to observe the day with appropriate ceremonies in honor of the memory of General Pulaski and his dedication to the defense of liberty.

IN WITNESS WHEREOF, I have hereunto set my hand this fifth day of September, in the year of our Lord nineteen hundred sixty-nine,

and of the Independence of the United States of America the one hundred ninety-fourth.

Proclamation 3927

NATIONAL EMPLOY THE PHYSICALLY HANDICAPPED WEEK, 1969

By the President of the United States of America

A Proclamation

During the past three decades, this Nation has made great progress in helping handicapped Americans find work. Seven million men and women have overcome disabilities and found a place for themselves in industry, commerce, and the professions.

As favorable as are the statistics documenting this achievement, there are still many handicapped persons in need of rehabilitation. Programs are needed which will continue and expand the work which has already been done.

Yet even the best programs are not enough if they are not matched by a growth of understanding on the part of employers and the public at large. Misconceptions concerning disability must be supplanted by facts.

We must help the physically handicapped not only because it enables them to build better lives, but also because an American who is employed despite his handicap can help to build a better nation for all of us.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, in accordance with the joint resolution of Congress approved August 11, 1945 (59 Stat. 530), designating the first full week of October of each year as National Employ the Physically Handicapped Week, do hereby call upon the people of our Nation to observe the week beginning October 5, 1969, for such purpose.

During that week I urge all the Governors of States, mayors of cities, and other public officials, as well as leaders of industry, educational and religious groups, labor, civic, veterans', agricultural, women's, scientific, professional, and fraternal organizations, and all other interested organizations and individuals, including the handicapped themselves, to participate in this observance.

IN WITNESS WHEREOF, I have hereunto set my hand this ninth day of September, in the year of our Lord nineteen hundred sixty-nine, and of the Independence of the United States of America, the one hundred ninety-fourth.

Proclamation 3928

LEIF ERIKSON DAY, 1969

By The President of the United States of America

A Proclamation

Leif Erikson and his crew of adventurous Norse seafarers sailed across the northern seas nearly a thousand years ago and landed on the

shores of North America. These resourceful explorers opened new horizons to the west—a truly courageous and historic achievement.

Born of vision, courage and determination, Leif Erikson's success became an inspiration for later accomplishments. The spirit of Leif Erikson has continued to inspire millions of people, particularly the ten million Americans whose ancestors came from the Viking lands.

It is especially appropriate that we recognize Leif Erikson's explorations in 1969, the year in which a new kind of explorers landed on the moon and returned home to inspire all mankind from now on.

I am honored to comply with the request of the Congress of the United States, in a joint resolution approved September 2, 1964 (78 Stat. 849), that the President proclaim October 9 in each year as Leif Erikson Day.

36 USC 169c.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby designate Thursday, October 9, 1969, as Leif Erikson Day; and I direct the appropriate government officials to display the flag of the United States on all government buildings on that day.

I also invite the people of the United States to honor the memory of Leif Erikson on that day by holding appropriate exercises and ceremonies in schools and churches, or other suitable places.

IN WITNESS WHEREOF, I have hereunto set my hand this eleventh day of September, in the year of our Lord nineteen hundred sixty-nine, and of the Independence of the United States of America the one hundred ninety-fourth.

Proclamation 3929
COLUMBUS DAY, 1969

By the President of the United States of America

September 11, 1969

A Proclamation

On October 12 we again celebrate in honor of the great sea captain and explorer whose historic westward voyage across the Atlantic led to the permanent settlement of America.

Respect for the achievement of Christopher Columbus is especially appropriate this year when we have witnessed an epic journey of discovery, the journey to the moon. Both the voyages of Columbus and those of our modern astronauts are expressions of man's great ambition to confront the unknown, and to master the challenges of distance and space.

We remember also that Columbus was a man of Italy, a noble example for the many other men of Italy who have come to our country and to so many other lands of the new world. Sailing in the service of the Spanish crown, which had the vision to support his courage and initiative, Christopher Columbus opened America for all the people of the world.

In tribute to the memory of Columbus, the Congress of the United States, by a joint resolution approved April 30, 1934 (48 Stat. 657), requested the President to proclaim October 12 of each year as Columbus Day for the observance of the anniversary of the discovery of America.

36 USC 146.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby designate Sunday, October 12, 1969, as Columbus Day; and I invite the people of this nation to observe that day in schools, churches, and other suitable places with appropriate ceremonies in honor of the great explorer.

I also direct that the flag of the United States be displayed on all public buildings on the appointed day in memory of Christopher Columbus.

IN WITNESS WHEREOF, I have hereunto set my hand this eleventh day of September, in the year of our Lord nineteen hundred sixty-nine, and of the Independence of the United States of America the one hundred ninety-fourth.

Proclamation 3930

NATIONAL HISPANIC HERITAGE WEEK, 1969

By the President of the United States of America

A Proclamation

September 12, 1969

One of America's great strengths is her diversity. A wide variety of peoples have made contributions to our nation; each has added its own strength and charm to American life, and each provides an ongoing link between our culture and those of other countries around the world.

The Hispanic culture is one to which this nation is particularly indebted. Men of Hispanic origin were among the first Europeans to explore this hemisphere. For four centuries men and women of Hispanic descent have provided distinguished leadership in our country and in other New World countries, both in government and in other walks of life.

Today the people of the United States are reminded of this rich heritage in many ways. Millions of our citizens speak Spanish, and Hispanic names and traditions grace many parts of our landscape, including both the town where I was born and the place where I am making my new home.

This country's Hispanic heritage is particularly important because it reminds us of the great traditions we share with our neighbors in Latin America. In fact, when the Congress, just a year ago, requested the President to issue annually a proclamation setting aside one week as Hispanic Heritage Week, it designated the week which includes the dates of September 15th and 16th, when five Central American nations and the Republic of Mexico celebrate their Independence Days.

The Hispanic culture is one of depth, excitement, and beauty. It has crossed borders and mountains and oceans, and has made its influence felt in all parts of the globe. In honoring it, we give strength to that international understanding which is indispensable to world order.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby proclaim the week beginning September 14, 1969, as National Hispanic Heritage Week. I call upon all of the people of the United States, and especially the educational community, to observe that week with appropriate ceremonies and activities.

IN WITNESS WHEREOF, I have hereunto set my hand this twelfth day of Sept., in the year of our Lord nineteen hundred sixty-nine, and of the Independence of the United States of America the one hundred ninety-fourth.

Proclamation 3931

STAY IN SCHOOL

By the President of the United States of America

September 12, 1969

A Proclamation

As the summer ends, many young Americans are deciding whether to continue their formal education. For economic and personal reasons some will be tempted to drop out.

Most of those who abandon their classrooms will be forced to contest for jobs with others who possess better educational credentials. Without an opportunity to acquire relevant experience, they may be continually unable to obtain positions offering prospects for advancement.

Experience has proven that citizens sufficiently concerned to provide potential dropouts with encouragement and counseling can play a decisive role in persuading them to continue their education. The course of thousands of lives can be constructively influenced by this kind of individual action.

Parents, teachers, religious advisors, and friends can all contribute to the national welfare by urging young people to stay in school. Private and public employers can help by providing part-time jobs to those for whom the need to have income is critical.

To secure wide public participation in an effort to limit the number of youths who drop out of school, I, RICHARD NIXON, President of the United States of America, do hereby proclaim a national Stay-in-School campaign.

I call upon Governors, Mayors, and other public officials to join with me in focusing continuing civic attention on this effort.

IN WITNESS WHEREOF, I have hereunto set my hand this twelfth day of September, in the year of our Lord nineteen hundred sixty-nine, and of the Independence of the United States of America the one hundred ninety-fourth.

Proclamation 3932

NATIONAL FOREST PRODUCTS WEEK, 1969

By the President of the United States of America

September 15, 1969

A Proclamation

From the time of the first settlers, the forests of America have been valued for their beauty and their usefulness. The beauty and majesty of the great American forests have given us incomparable benefits; the utility of the forests has given us shelter, furnishings, chemicals, papers, and a host of other products essential to our well-being and comfort.

American forests grow on one-third of our entire country and provide us with over ten billion cubic feet of raw material every year. Equally important, they have yielded even more benefits in the form of water conservation, forage, and recreation for the additional betterment of life for all Americans.

36 USC 163.

The Congress, in order to re-emphasize the importance and heritage of our forest resources, has by a joint resolution of September 13, 1960 (74 Stat. 898), designated the seven-day period beginning on the third Sunday of October in each year as National Forest Products Week, and has requested the President to issue an annual proclamation calling for the observance of that week.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby call upon the people of the United States to observe the week beginning October 19, 1969, as National Forest Products Week, with activities and ceremonies designed to direct public attention to the forest resources with which we have been so abundantly blessed and to the riches which they provide for our material and spiritual advantage.

IN WITNESS WHEREOF, I have hereunto set my hand this fifteenth day of September, in the year of our Lord nineteen hundred sixty-nine, and of the Independence of the United States of America the one hundred ninety-fourth.

Proclamation 3933

NATIONAL FARM-CITY WEEK, 1969

By the President of the United States of America

A Proclamation

As our society becomes more complex, it also grows more interdependent. The behavior of each individual has a direct impact on the lives of others. What happens in one area of the country affects events in other areas. Occurrences in every walk of life and every section of society are inextricably intertwined.

One significant example of such interconnections can be found in the interdependence of urban and rural America. It is important that the people of our country come to understand that interdependence more fully than we do at present.

It is not well known for instance that agriculture serves as a \$50 billion customer to our economy. The marketing and processing of food and fiber provide almost 5 million non-farm jobs and a \$25 billion annual payroll. At the same time, technological changes on the farm have so increased agricultural efficiency that record production has been achieved by fewer people. Many rural residents have therefore migrated to the cities. While some have become productive contributors to urban society, many others have been unable to find new economic roles.

The relationship between urban and rural America will never be constant—but it will always be important. It will always require close examination and careful rethinking. It is to that end that I, RICHARD NIXON, President of the United States of America do hereby designate the week of November 21 through November 27,

September 16, 1969

1969, as National Farm-City Week. I call upon all Americans to participate in this observance.

I particularly urge the Department of Agriculture, the land-grant colleges and universities, the Cooperative Extension Service, and other appropriate organizations to carry out programs to mark this occasion, including public meetings and exhibits, and presentations in newspapers and in magazines, on radio and on television.

I urge that such programs emphasize:

—the development of better understanding and more effective working relationships between those who live on the farm and those who live in non-farm areas;

—the enormous scientific and technological advances in agriculture and their significance for the lives of both rural and urban dwellers;

—the vital need to plan more effectively the way we will use our land, conserve our natural resources, and protect the quality of our environment;

—the importance of maintaining and enhancing the social and economic health of farms and rural communities;

—the urgency of providing opportunities for disadvantaged people in both rural and urban areas to participate more fully in the economic life of the nation.

IN WITNESS WHEREOF, I have hereunto set my hand this 16th day of September, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-fourth.

Proclamation 3934

GENERAL VON STEUBEN MEMORIAL DAY

By The President of the United States of America

September 17, 1969

A Proclamation

It is with pleasure that I comply with the request of a joint resolution of the Congress that today, September 17, 1969, be proclaimed as General von Steuben Memorial Day.

Ante, p. 115.

When Friedrich Wilhelm von Steuben joined Washington at Valley Forge, he was among the first of more than eight million Germans who came to our shores in search of liberty. As he went on to distinguish himself in battle at Monmouth and Yorktown, General von Steuben became a symbol of the contributions made to the cause of freedom by more than 26 million Americans of German descent who live and work and serve in every part of our country and in every aspect of our national life.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby designate September 17, 1969, as General von Steuben Memorial Day.

I call upon all officials of the Government to display the flag of the United States on all Government buildings, and I invite all of our

people to join with our citizens of German descent who today are conducting special ceremonies to commemorate General von Steuben's birth.

IN WITNESS WHEREOF, I have hereunto set my hand this seventeenth day of September, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-fourth.

Proclamation 3935

AMERICAN EDUCATION WEEK, 1969

By the President of the United States of America

A Proclamation

There are times in the lives of men and in the lives of institutions when basic questions must be asked. Such a time has come for the institution of which many Americans have been most proud: our system of education.

We have reached a point at which we must take a close, long, hard look at what is good and what is bad about our schools, at what should be strengthened and what should be eliminated.

Yet even as we make such an examination we must all agree on one basic principle: we must not allow our schools to be captured by violence or dominated by ideological dogmatists. Our schools are not perfect, but this lack of perfection is no excuse for lawbreaking or a lack of civility and decency on the part of any critic, no matter how deeply he feels or how little he thinks.

Those of us who have attended public, private and religiously affiliated schools and colleges realize that no single act can ever repay the institutions and the men and women who serve them for what they did for us. The overwhelming majority of students today feels the same way. A good education is a form of rebirth, a way toward economic and intellectual achievement, an affirmation that an individual human being's thoughts are important, that his emotions can find creative direction, that he is a man and not a thing.

This is what education can do at its best. This is what all Americans, young and old, black and white, must preserve, expand and protect.

Therefore, I, RICHARD NIXON, President of the United States of America, do hereby designate the period of November 9 through November 15, 1969, as American Education Week.

I urge all Americans to join with me during this week in a thoughtful examination of our education system and in formulating ways in which education in America can be improved where needed, by the traditional American way of reason and open discussion.

IN WITNESS WHEREOF, I have hereunto set my hand this twenty-fourth day of September, in the year of our Lord nineteen hundred sixty-nine and of the Independence of the United States of America the one hundred ninety-fourth.

Proclamation 3936**VETERANS DAY, 1969****By the President of the United States of America**September 24, 1969**A Proclamation**

From Valley Forge to Vietnam, American servicemen have responded to their nation's call to duty.

That call has often led to loneliness, hardship, danger—and, for some, death. In response to that call, American servicemen have acted with unsurpassed valor and devotion and have demonstrated to enemies of freedom all over the world that free men and women will defend the principles of a free society.

After each war or conflict, these dedicated Americans who performed so valiantly as servicemen have returned to build a stronger country. Today there are approximately 27 million American veterans. Their contribution to our nation, in war and peace, has been invaluable.

To acknowledge the respect and admiration we have for our veterans, the Congress has designated November 11 to be a legal holiday and to be known as Veterans Day, and has dedicated it to the cause of world peace (Act of May 13, 1938, 52 Stat. 351, as amended (5 U.S.C. 6103)).

82 Stat. 250.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, urge the people of this nation to join in commemorating Tuesday, November 11, 1969, as Veterans Day with suitable observances.

I direct the appropriate officials of the government to arrange for the display of the flag of the United States on all public buildings on that day; and I request the officials of Federal, State, and local governments, and civic and patriotic organizations, to give their enthusiastic leadership and support to appropriate public ceremonies throughout the nation.

I urge all citizens of every age to participate in these observances in honor of those men who have preserved our Union and our freedom. I ask that special prayers for peace be offered for our men still involved in defending the inalienable right of liberty; and for those whose memory we honor with a star of gold, let us pause in silent tribute on this Veterans Day, praying that they did not die in vain and that their sacrifices will bring us peace.

IN WITNESS WHEREOF, I have hereunto set my hand this 24th day of September, in the year of our Lord nineteen hundred sixty-nine, and of the Independence of the United States of America the one hundred ninety-fourth.

Proclamation 3937**NATIONAL ADULT-YOUTH COMMUNICATIONS WEEK****By the President of the United States of America**September 25, 1969**A Proclamation**

The men who adopted and ultimately signed the Declaration of Independence were a varied group. Lawyers, planters, physicians,

farmers, merchants, politicians—their backgrounds were as different as their love of liberty was unanimous. What is perhaps even more significant than the differences in their backgrounds was the differences in their ages: three were under thirty, twenty were under forty, seven were sixty or older. The committee assigned to draft the Declaration included one of the youngest—Thomas Jefferson—and the oldest—Benjamin Franklin.

These brave men did not hold that only those in a certain age group were gifted enough to join their struggle. Each man was judged not on how old he was but on how strongly he was committed to liberty. These men debated and questioned each other as equals, because each shared the love of freedom that knows no boundary of age.

The spirit of the signers of the Declaration of Independence is needed in our nation more than ever before. Young and old, we are all Americans, and if we are to remain free we must talk to each other, listen to each other, young and old alike, in the interest of freedom.

To encourage and stimulate better communication between our citizens of different generations, the Congress by House Joint Resolution 614, has requested the President to proclaim the period from September 28, 1969, through October 4, 1969, as National Adult-Youth Communications Week.

Ante, p. 115.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby designate the period from September 28 through October 4, 1969, as National Adult-Youth Communications Week.

I call upon the people of the United States to observe that week with appropriate ceremonies and activities designed to encourage cooperation—especially through the communication of ideas—between persons of different generations.

In particular, I urge all American families to foster in their homes that atmosphere of mutual trust and understanding on which human happiness and dignity depend.

IN WITNESS WHEREOF, I have hereunto set my hand this 25th day of September, in the year of our Lord nineteen hundred sixty-nine, and of the Independence of the United States of America the one hundred ninety-fourth.

Proclamation 3938

CHILD HEALTH DAY, 1969

By the President of the United States of America

A Proclamation

Most Americans today are striving to build a better world, where men can live in peace and share the benefits derived from modern advances in science and technology.

To the extent that we succeed in this effort, we will pass on to our children a brighter future as individuals, as families, and as a nation.

But the health of some of our children will prevent them from sharing fully in this future. For examples, more than ten million

October 3, 1969

children need eye care; more than two and a half million have speech impairments; more than two million do not hear well; nearly two million have orthopedic handicaps. Their future will only be as bright as we, the leaders of this generation, are able to make it by minimizing physical impairments or other handicaps to their health.

In recognition of the necessity for protecting and developing the health of the Nation's children, the Congress, by a joint resolution of May 18, 1928, as amended (36 U.S.C. 143), requested the President to issue annually a proclamation setting apart the first Monday in October of each year as Child Health Day.

45 Stat. 617;
73 Stat. 627.

Child Health Day is also an appropriate time to salute the work which the United Nations, through its specialized agencies, and the United Nations Children's Fund are doing to improve the health of children around the world.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby proclaim Monday, October 6, 1969, as Child Health Day, and call upon all our citizens to unite on that day to make plans for the health needs of our children, whether they live in the cities or in the small towns or on the farms of rural America.

IN WITNESS WHEREOF, I have hereunto set my hand this third day of October, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-fourth.

Proclamation 3939

NATIONAL SCHOOL LUNCH WEEK, 1969

By the President of the United States of America

October 3, 1969

A Proclamation

Our land has been blessed by an abundance of food and by the genius and industry of our food-producers. Yet, despite the rich and varied diet available to us, there are still many Americans who are malnourished, whether due to poverty or to uninformed purchase and preparation of food.

It is one of the major tasks confronting the American people to eliminate malnutrition whether it be caused by the curse of poverty or the blight of ignorance.

A vital step toward this goal is the provision of ample food and proper nutrition for the American child. Safeguarding the health and well-being of school children has been a hallmark of the National School Lunch Program during its 23 years of operation. Last year it provided nutritious lunches to more than 20 million youngsters, including some three million from low-income families who were served at no cost or at a greatly reduced price.

It is unfortunate that many thousands of children seriously in need of better nutrition do not now have the benefit of either the school lunch or school breakfast service. All of us—professional and volunteer workers alike—at Federal, State and local levels must use our

abilities and resources in an effort to bring better nutrition to these children. There can be no more important or far-reaching use of the abundance of food produced by America's farmlands than to feed our children.

36 USC 168.

To recognize the value and achievements of the National School Lunch Program, the Congress, by a joint resolution of October 9, 1962 (76 Stat. 779), has designated the seven-day period beginning on the second Sunday of October in each year as National School Lunch Week, and has requested the President to issue a proclamation annually calling for the observance of that week.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, call upon the people of the United States to observe the week beginning October 12, 1969, as National School Lunch Week.

IN WITNESS WHEREOF, I have hereunto set my hand this third day of October, in the year of our Lord nineteen hundred sixty-nine, and of the Independence of the United States of America the one hundred ninety-fourth.

Proclamation 3940

NATIONAL DAY OF PRAYER, 1969

By the President of the United States of America

A Proclamation

John Adams was the first President to live in the executive residence we call the White House. His first night there, he wrote a letter to his wife, Abigail, in which he said: "Before I end my letter, I pray Heaven to bestow the best of blessings on this house and all that shall hereafter inhabit it. May none but wise and honest men ever rule under this roof."

This is a brief, unadorned prayer. Yet its very simplicity speaks to us today, across the years that separate the time of Adams from our own. Prayer knows no boundary of time; we in America today, in the spirit of Adams, seek the blessing of God on our nation and its leaders.

At a time in our nation's history when the power of prayer is needed more than ever, it is fitting that we publicly demonstrate our faith in the power of prayer.

66 Stat. 64.
36 USC 185.

Sensible of our people's faith, the Congress, by joint resolution of April 17, 1952, provided that the President "shall set aside and proclaim a suitable day each year, other than a Sunday, as a National Day of Prayer, on which the people of the United States may turn to God in prayer and meditation at churches, in groups, and as individuals."

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby set aside Wednesday, October 22, as National Day of Prayer, 1969. And I ask that on this day the people of the United States pray for the achievement of America's goal of peace with justice for all people throughout the world.

IN WITNESS WHEREOF, I have hereunto set my hand this eighth day of October, in the year of our Lord nineteen hundred sixty-

nine, and of the Independence of the United States of America the one hundred ninety-fourth.

Proclamation 3941

NATIONAL FAMILY HEALTH WEEK

By the President of the United States of America

October 16, 1969

A Proclamation

The American medical profession has made remarkable progress in the advancement of health. Constant expansion of medical knowledge, development of new, more and better hospitals and health facilities, growth of programs to assure access to health services to people who might otherwise lack them—all have combined to keep us moving toward the goal of higher standards for all our people.

Life expectancy has been increasing. Infant mortality rates have been declining slowly, as have maternal mortality rates. One after another, contagious diseases have been conquered.

But these overall gains cannot mask the critically serious problems that remain. Heart disease, cancer, and stroke account for two-thirds of all deaths in the United States. Too many mothers and young babies do not receive life-saving care. Thousands of Americans are not able to work because of chronic disabling diseases that might have been prevented. Many Americans are still without adequate health care. Efforts to improve health services must be and will be intensified.

Amid all of the large scale advances and the remaining problems, the family physician continues to perform a unique service to the nation in helping to guard health and prevent disease. His dedication and skill are the foundation of good medical care. His work embraces the broad spectrum of medical science—from personal health to family planning to emotional well-being.

To focus national attention on the accomplishments of the American health care system and the central role of the family physician in maintaining superior medical services and improving the health of Americans of all ages and in all walks of life, the Congress, by Senate Joint Resolution 46, has requested the President to issue a proclamation designating the week of November 16 to 22, 1969, as National Family Health Week.

Ante, p. 133.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby proclaim the week beginning November 16, 1969, as National Family Health Week. I call upon the people of the United States, the medical and health professions, and other interested organizations and groups to observe that week with appropriate ceremonies and activities.

IN WITNESS WHEREOF, I have hereunto set my hand this sixteenth day of October, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred ninety-fourth.

Proclamation 3942
NATIONAL INDUSTRIAL HYGIENE WEEK

October 17, 1969

By the President of the United States of America

A Proclamation

The protection and conservation of the health of our workers in all types of industry is of paramount importance in the highly industrialized society of the United States.

Through the concerted efforts of scientists, engineers, and research organizations, our industry has made great progress in solving many industrial health problems—in relation to air quality, noise abatement, mental health and the whole field of industrial hygiene.

In recognition of the progress already made in preserving the health of our industrial workers, and in recognition of those individuals and organizations who are seeking new ways to protect and improve the health of the nation's work force through the coordinated scientific measures and the technological and engineering controls which characterize industrial hygiene, the Congress by Senate Joint Resolution 150 has requested the President to proclaim the period beginning October 12, 1969, and ending October 18, 1969, as "National Industrial Hygiene Week."

Ante, p. 135.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby designate the period beginning October 12, 1969, and ending October 18, 1969, as National Industrial Hygiene Week.

I call upon the people of the United States, and interested groups and organizations, particularly those in industry, to observe this week with appropriate ceremonies and activities.

IN WITNESS WHEREOF, I have hereunto set my hand this seventeenth day of October, in the year of our Lord nineteen hundred sixty-nine, and of the Independence of the United States of America the one hundred ninety-fourth.

Proclamation 3943
DAY OF BREAD AND HARVEST FESTIVAL

October 20, 1969

By the President of the United States of America

A Proclamation

Bread has come to symbolize food—and even life itself—for the American people. More than a food, it is an ancient and universal part of man's daily life. In a time of harvest, the symbol of bread reminds all Americans of the blessings and bounty of our land.

As a token of man's gratitude for the bounty of nature and the annual harvest of farm and field, and in recognition of bread as a symbol of all foods, the Congress by House Joint Resolution 851 has requested the President to proclaim Tuesday, the 28th of October, 1969, as a "Day of Bread" as a part of international observances, and the last week of October within which it falls as a period of "Harvest Festival."

Ante, p. 135.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby designate Tuesday, October 28, 1969, as a Day of Bread, as a part of international observances, and the week beginning October 26, 1969, as a period of Harvest Festival.

I invite officials of the Federal and State governments and local officials to encourage citizens' groups and agencies of communication—press, radio, television and motion pictures—to observe these events with appropriate ceremonies and activities.

IN WITNESS WHEREOF, I have hereunto set my hand this twentieth day of October, in the year of our Lord nineteen hundred sixty-nine, and of the Independence of the United States of America the one hundred ninety-fourth.

Proclamation 3944

THANKSGIVING DAY, 1969

By the President of the United States of America

November 12, 1969

A Proclamation

On October 3, 1863, President Abraham Lincoln invited his fellow citizens to "set apart and observe the last Thursday of November next as a day of Thanksgiving. . . ." This was the year of the battle of Gettysburg and of other major battles between Americans on American soil. To many, this call for a national day of Thanksgiving must have seemed strange, coming as it did at a time of war and bitterness.

Yet Lincoln knew that the act of thanksgiving should not be limited to times of peace and serenity. He knew that it is precisely at those times of hardship when men most need to recognize that the Source of all good constantly bestows His blessings on mankind.

Today, despite our material wealth and well-being, Americans face complex problems unknown before in our nation's history. In giving thanks today, we express gratitude for past bounty and we also confidently face the challenges confronting our own nation and the world because we know we can rely on a strength greater than ourselves.

This year, let us especially seek to rekindle in our respective hearts and minds the spirit of our first settlers who valued freedom above all else, and who found much for which to be thankful when material comforts were meager. We are, indeed, a most fortunate people.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, in consonance with Section 6103 of Title 5 of the United States Code designating the fourth Thursday of November in each year as Thanksgiving Day, do hereby proclaim Thursday, November 27, 1969, as a day of national thanksgiving.

82 Stat. 250.

IN WITNESS WHEREOF, I have hereunto set my hand this twelfth day of November, in the year of our Lord nineteen hundred sixty-nine, and of the Independence of the United States of America the one hundred ninety-fourth.

Proclamation 3945**RANDOM SELECTION FOR MILITARY SERVICE****By the President of the United States of America****A Proclamation**

November 26, 1969

62 Stat. 608. WHEREAS section 5(a)(1) of the Military Selective Service Act of 1967, as amended (50 U.S.C. App. 455(a)(1)), provides that selection of persons for training and service under that Act shall be made in an impartial manner without discrimination on account of race or color, under such rules and regulations as the President may prescribe; and

81 Stat. 100. WHEREAS section 5(a)(2) of that Act (50 U.S.C. App. 455(a)(2)) limited the President's authority to prescribe rules and regulations by requiring, in effect, the selection of registrants through a method known as "oldest first"; and

Ante, p. 220. WHEREAS such section 5(a)(2) has been repealed by Public Law 91-124 of November 26, 1969:

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, acting under and by virtue of the authority vested in me by section 5(a) of the Military Selective Service Act of 1967, as amended, and having determined that a method of random selection will provide the most equitable basis for selection of registrants for military training and service, do hereby proclaim the following:

That a random selection sequence will be established by a drawing to be conducted in Washington, D.C., on December 1, 1969, and will be applied nationwide. The random selection method will use 366 days to represent the birthdays (month and day only) of all registrants who, prior to January 1, 1970, shall have attained their nineteenth year of age but not their twenty-sixth. The drawing, commencing with the first day selected and continuing until all 366 days are drawn, shall be accomplished impartially.

On the day designated above, a supplemental drawing or drawings will be conducted to determine alphabetically the random selection sequence by name among registrants who have the same birthday.

The random selection sequence obtained as described above shall determine the order of selection of registrants who prior to January 1, 1970, shall have attained their nineteenth year of age but not their twenty-sixth and who are not volunteers and not delinquents. New random selection sequences shall be established, in a similar manner, for registrants who attain their nineteenth year of age on or after January 1, 1970.

The random sequence number determined for any registrant shall apply to him so long as he remains subject to induction for military training and service by random selection.

IN WITNESS WHEREOF, I have hereunto set my hand this twenty-sixth day of November, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-fourth.

Proclamation 3946**BILL OF RIGHTS DAY****HUMAN RIGHTS DAY****By the President of the United States of America**December 9, 1969**A Proclamation**

One hundred seventy-eight years ago, the Bill of Rights was ratified and incorporated as part of the United States Constitution. The founders of our Republic had fought for individual liberty and for representative and responsible government. In the first ten amendments to the Constitution they sought to ensure that the power of the government would not abridge the rights of citizens.

USC prec.
title 1.

More than twenty years ago, the United Nations General Assembly adopted the Universal Declaration of Human Rights. The founders of the United Nations had endured a world war brought on by those who denied the rights of men to equality and justice and who abrogated the rights of nations to exist in peace.

The two documents—the Bill of Rights and the Universal Declaration of Human Rights—are close in spirit although widely separated in time. The Bill of Rights is the law of the land. The Universal Declaration is a statement of principles, of common standards of achievement for all peoples and all nations. We in the United States are engaged in unremitting efforts to give real meaning to these standards for every American, to assure to every person the full enjoyment of his basic rights.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby proclaim December 10, 1969, as Human Rights Day and December 15, 1969, as Bill of Rights Day, and call upon the people of the United States of America to observe the week of December 10–17, 1969, as Human Rights Week, to the end that we may rededicate ourselves as a united people to the task of assuring to every person—regardless of his race, sex, creed, color, or place of national origin—the full enjoyment of his basic human rights. Let us act so as to provide an example that will point the way in the struggle to promote respect for human rights throughout the world.

IN WITNESS WHEREOF, I have hereunto set my hand this ninth day of December, in the year of our Lord nineteen hundred sixty-nine, and of the Independence of the United States of America the one hundred ninety-fourth.

Proclamation 3947**WRIGHT BROTHERS DAY, 1969****By the President of the United States of America**December 11, 1969**A Proclamation**

Over the centuries, man dreamed a great dream—to break his bondage to the earth and fly through the sky. The Greeks told of Icarus who almost succeeded, but who paid for failure with his life. The dream took shape in the mind of the Renaissance Man, da Vinci, who

drew designs for a flying machine, but who never flew. But the dream was always there, and always man worked to make the dream a reality.

On December 17, 1903, Orville and Wilbur Wright made the dream a hard scientific fact. Orville stepped from a homemade contraption onto an ocean beach in the State of North Carolina, after completing the first successful airplane flight.

Almost sixty-six years later, another man stepped from another craft onto another plain. This plain was the waterless Sea of Tranquility on the Moon. Man had not only removed his bondage to the earth, but had expanded his horizons to outer space.

During these sixty-six years since the Wright brothers made man's first powered flight, aviation has revolutionized our way of life. Today, aviation is the servant of man, bringing the world closer together and making its parts more accessible. Tomorrow, aviation promises greater service, greater contributions, and new vistas for each of us.

The names of Orville Wright and Wilbur Wright symbolize America's pioneering leadership in aviation. With countless other men of all nations, they represent mankind's ceaseless effort to make dreams reality.

36 USC 169.

It is fitting that we should commemorate the achievements of the Wright brothers. The Congress, by Public Law 88-209 (77 Stat. 402), has designated the seventeenth day of December of each year as Wright Brothers Day and has requested the President to issue annually a proclamation inviting the people of the United States to observe that day with appropriate ceremonies and activities.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby call upon the people of this nation, and their local and national government officials, to observe Wright Brothers Day, December 17, 1969, with appropriate ceremonies and activities, both to recall the accomplishments of the Wright brothers, and to provide a stimulus to aviation in this country and throughout the world.

IN WITNESS WHEREOF, I have hereunto set my hand this eleventh day of December, in the year of our Lord nineteen hundred sixty-nine, and of the Independence of the United States of America the one hundred ninety-fourth.

Proclamation 3948

AMENDING PROCLAMATION NO. 3044 WITH RESPECT TO DISPLAY OF THE FLAG OF THE UNITED STATES OF AMERICA AT HALF-STAFF UPON THE DEATH OF CERTAIN OFFICIALS AND FORMER OFFICIALS

By the President of the United States of America

A Proclamation

I, RICHARD NIXON, President of the United States of America and Commander in Chief of the armed forces of the United States, do hereby proclaim that Proclamation No. 3044¹ of March 1, 1954, prescribing rules with respect to the display of the flag of the United States of America at half-staff upon the death of certain officials, is amended by substituting for subsection (c) of section 1 thereof the following:

December 12, 1969

68 Stat. C32.
36 USC 175
note.

“(c) An Associate Justice of the Supreme Court, a member of the Cabinet, a former Vice President, the President pro tempore of the Senate, the Majority Leader of the Senate, the Minority Leader of the Senate, the Majority Leader of the House of Representatives, or the Minority Leader of the House of Representatives: from the day of death until interment.”

IN WITNESS WHEREOF, I have hereunto set my hand this twelfth day of December, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-fourth.

Proclamation 3949

RESERVE RECOGNITION DAY

By the President of the United States of America

December 16, 1969

A Proclamation

In January and May of 1968, one hundred and fifteen units from the Reserve Components of the Army, Navy and Air Force were ordered to active duty to quickly augment the Active Forces. This action provided this country with armed strength capability with which to meet possible contingencies that might have arisen as a result of the threats and actions by the North Koreans and the need for additional troops in Vietnam caused by the TET offensive.

Many of these units have served in Vietnam while others have served in Korea, Japan, and the United States. Those units remaining in the United States were primarily used to strengthen the strategic reserve and participate in the Military Airlift Command operations.

By June 18th, Reserve units of the Naval Air Reserve, the Naval Reserve Mobile Construction Battalions (SEABEES), the Air National Guard, and the Air Force Reserve were demobilized and the units returned to inactive reserve status. The units of the Army National Guard and the Army Reserve have now been released.

All of these Reserve Component units responded to the Nation's call in time of need and established records of performance, both in and out of combat, which have demonstrated a level of readiness and training never before achieved by our reserve forces. In addition, many individual reservists volunteered for active duty during this period. They have truly upheld the heritage and tradition of the citizen soldier and have again proven that both the National Guard and the Reserves are a great resource for our country and one which is necessary to our national security.

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, do hereby issue this proclamation in recognition of and appreciation for the patriotic, dedicated and professional service of our loyal members of the Reserve Components of the Armed Forces of the United States.

IN WITNESS WHEREOF, I have hereunto set my hand this 16th day of December, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-fourth.

EXPLANATION

General.

The following tables are designed to serve as a guide to prior laws and other Federal instruments which are patently amended, repealed, referred to, or otherwise cited by the textual provisions of the public laws contained in this volume. These tables were initiated as a separate pamphlet to accompany Volume 70 of the United States Statutes at Large. Beginning with Volume 71, they are being published as an integral part of each volume.

From time to time the tables will be cumulated and made separately available as a convenience to users. Tables 1-9 of Volumes 70-79 covering the years 1956 through 1965 have been cumulated and published as a separate pamphlet. Coverage and arrangement of the tables are subject to change with a view to improved usefulness.

The arrangement of the tables is outlined above. There are two basic groups: (1) Tables 1-10 cover amendments, repeals, and other actions directly affecting prior laws and other Federal instruments; and (2) Tables 11-19 cover all citations and other references to prior laws and other Federal instruments.

Details of Arrangement.

Tables 1-9 are limited to cases in which prior laws and other Federal instruments are expressly affected.

Table 10 is a catch-all table designed as a finding aid to relationships which are expressed in general terms. Listed in this table are all public laws in this volume which contain such provisions as "notwithstanding any other provision of law," and "all laws in conflict with this law are hereby repealed."

Tables 11-19 cover all other cases in which prior laws or other Federal instruments are mentioned in the text of the public laws in this volume, without regard to the purpose underlying such reference.

In each of the basic groups the first and largest table is entitled "General Legislation," and contains listings of all laws affected which have not been codified in the Revised Statutes, the Internal Revenue Codes, the Canal Zone Code, or in those titles of the United States Code or District of Columbia Code which have been enacted into law. Succeeding tables cover these codified provisions, as well as other instruments such as reorganization plans, veterans' regulations, Executive orders and proclamations, and treaties and international agreements. The numbering of the tables in the two groups is parallel. Thus Table 2 and Table 12 both relate to the Revised Statutes; Table 7 and Table 17 both relate to veterans' regulations.

Table 1 is arranged chronologically. In preparing this table the "basic act" principle has been followed. Under this principle the key listing of amendatory legislation will be found under the basic act affected, rather than under intervening amendments thereto. Furthermore, all laws included are treated as if tables covering prior volumes of the United States Statutes at Large were in existence. Thus, no attempt is made to give an historical picture of a law, and only the latest amendment in the chain will be reflected. Occasionally, to promote clarity, cross references have been supplied at key points.

Users of Table 1 should, therefore, look under the date, public law number, or statutes volume and page number of the basic act affected, in order to determine whether changes have been made by the public laws contained in this volume. Although a given section of any act may have been added at a later date, the section is carried under the date and statutes citation of the basic act. For this reason the page numbers in the column headed "Statutes volume and page" are the numbers of the page on which each act begins.

All tables are arranged chronologically, except where the existence of a system of codification makes possible a sequential arrangement from the lowest to the highest title or section number. In Tables 1-10 there is a "Comment" column, in which the nature of the affecting action is described. These are editorial comments, intended to reflect what is patent in the laws reviewed, and every effort has been made to avoid interpretations.

In Tables 11-19 the "Comment" column is unnecessary, since in each instance the comment would be "Cited" or "Referred to." In these tables, moreover, the number of columns has been held to a minimum in the interest of brevity. Thus Table 11 contains only three columns listing the date and number of the law referred to, and the page number in this volume at which the reference may be found.

Caveat.

All the tables are editorially compiled and presented as reference guides only. Hence they have no evidentiary status or legal effect. Indirect or implied relationships are not included. These may be found through use of the Subject Index or through research based on the text itself.

The Office of the Federal Register invites criticisms or suggestions with a view to improving the tables wherever possible.
