FINDINGS AND DECLARATION OF POLICY

SEC. 2. The Congress finds that—

(1) certain species and population stocks of marine mammals are, or may be, in danger of extinction or depletion as a result of man's activities;

(2) such species and population stocks should not be permitted to diminish beyond the point at which they cease to be a significant functioning element in the ecosystem of which they are a part, and, consistent with this major objective, they should not be permitted to diminish below their optimum sustainable population. Further measures should be immediately taken to replenish any species or population stock which has already diminished below that population. In particular, efforts should be made to protect the rookeries, mating grounds, and areas of similar significance for each species of marine mammal from the adverse effect of man's actions;

(3) there is inadequate knowledge of the ecology and population dynamics of such marine mammals and of the factors which bear upon their ability to reproduce themselves successfully;

(4) negotiations should be undertaken immediately to encourage the development of international arrangements for research on, and conservation of, all marine mammals;

(5) marine mammals and marine mammal products either—
(A) move in interstate commerce, or

(B) affect the balance of marine ecosystems in a manner which is important to other animals and animal products which move in interstate commerce, and that the protection and conservation of marine mammals is therefore necessary to insure the continuing availability of those products which move in interstate commerce; and

(6) marine mammals have proven themselves to be resources of great international significance, esthetic and recreational as well as economic, and it is the sense of the Congress that they should be protected and encouraged to develop to the greatest extent feasible commensurate with sound policies of resource management and that the primary objective of their management should be to maintain the health and stability of the marine ecosystem. Whenever consistent with this primary objective, it should be the goal to obtain an optimum sustainable population keeping in mind the optimum carrying capacity of the habitat.

DEFINITIONS

SEC. 3. For the purposes of this Act—

(1) The term “depletion” or “depleted” means any case in which the Secretary, after consultation with the Marine Mammal Commission and the Committee of Scientific Advisors on Marine Mammals established under title II of this Act, determines that the number of individuals within a species or population stock—

(A) has declined to a significant degree over a period of years;

(B) has otherwise declined and that if such decline continues, or is likely to resume, such species would be subject to the provisions of the Endangered Species Conservation Act of 1969; or

(C) is below the optimum carrying capacity for the species or stock within its environment.

(2) The terms “conservation” and “management” mean the collection and application of biological information for the purposes of increasing and maintaining the number of animals within species and populations of marine mammals at the optimum carrying capacity of their habitat. Such terms include the entire scope of activities that constitute a modern scientific resource program, including, but not limited to, research, census, law enforcement, and habitat acquisition and improvement. Also included within these terms, when and where appropriate, is the periodic or total protection of species or populations as well as regulated taking.

(3) The term “district court of the United States” includes the District Court of Guam, District Court of the Virgin Islands, District Court of Puerto Rico, District Court of the Canal Zone, and, in the case of American Samoa and the Trust Territory of the Pacific Islands, the District Court of the United States for the District of Hawaii.

(4) The term “humane” in the context of the taking of a marine mammal means that method of taking which involves the least possible degree of pain and suffering practicable to the mammal involved.

(5) The term “marine mammal” means any mammal which (A) is morphologically adapted to the marine environment (including sea otters and members of the orders Sirenia, Pinnipedia and Cetacea), or (B) primarily inhabits the marine environment (such as the polar bear); and, for the purposes of this Act, includes any part of any such marine mammal, including its raw, dressed, or dyed fur or skin.

(6) The term “marine mammal product” means any item of merchandise which consists, or is composed in whole or in part, of any marine mammal.

(7) The term "moratorium" means a complete cessation of the taking of marine mammals and a complete ban on the importation into the United States of marine mammals and marine mammal products, except as provided in this Act.

(8) The term "optimum carrying capacity" means the ability of a given habitat to support the optimum sustainable population of a species or population stock in a healthy state without diminishing the ability of the habitat to continue that function.

(9) The term "optimum sustainable population" means, with respect to any population stock, the number of animals which will result in the maximum productivity of the population or the species, keeping in mind the optimum carrying capacity of the habitat and the health of the ecosystem of which they form a constituent element.

(10) The term "person" includes (A) any private person or entity, and (B) any officer, employee, agent, department, or instrumentality of the Federal Government, of any State or political subdivision thereof, or of any foreign government.

(11) The term "population stock" or "stock" means a group of marine mammals of the same species or smaller taxa in a common spatial arrangement, that interbreed when mature.

(12) The term "Secretary" means—

(A) the Secretary of the department in which the National Oceanic and Atmospheric Administration is operating, as to all responsibility, authority, funding, and duties under this Act with respect to members of the order Cetacea and members, other than walruses, of the order Pinnipedia, and

(B) the Secretary of the Interior as to all responsibility, authority, funding, and duties under this Act with respect to all other marine mammals covered by this Act.

(13) The term "take" means to harass, hunt, capture, or kill, or attempt to harass, hunt, capture, or kill any marine mammal.

(14) The term "United States" includes the several States, the District of Columbia, the Commonwealth of Puerto Rico, the Canal Zone, the possessions of the United States, and the Trust Territory of the Pacific Islands.

(15) The term "waters under the jurisdiction of the United States" means—

(A) the territorial sea of the United States, and

(B) the fisheries zone established pursuant to the Act of October 14, 1966 (80 Stat. 908; 16 U.S.C. 1091-1094).

EFFECTIVE DATE

SEC. 4. The provisions of this Act shall take effect upon the expiration of the sixty-day period following the date of its enactment.

TITLE I—CONSERVATION AND PROTECTION OF MARINE MAMMALS

MORATORIUM AND EXCEPTIONS

SEC. 101. (a) There shall be a moratorium on the taking and importation of marine mammals and marine mammal products, commencing on the effective date of this Act, during which time no permit may be issued for the taking of any marine mammal and no marine mammal or marine mammal product may be imported into the United States except in the following cases:

(1) Permits may be issued by the Secretary for taking and importation for purposes of scientific research and for public display if—

(A) the taking proposed in the application for any such permit, or

(B) the importation proposed to be made, is first reviewed by the Marine Mammal Commission and the Committee of Scientific Advisors on Marine Mammals established under title II of this Act. The Commission and Committee shall recommend any proposed taking or importation which is consistent with the purposes and policies of section 2 of this Act. The Secretary shall, if he grants approval for importation, issue to the importer concerned a certificate to that effect which shall be in such form as the Secretary of the Treasury prescribes and such importation may be made upon presentation of the certificate to the customs officer concerned.

Commercial
fishing opera-
tions.

(2) During the twenty-four calendar months initially following the date of the enactment of this Act, the taking of marine mammals incidental to the course of commercial fishing operations shall be permitted, and shall not be subject to the provisions of sections 103 and 104 of this title: *Provided*, That such taking conforms to such conditions and regulations as the Secretary is authorized and directed to impose pursuant to section 111 hereof to insure that those techniques and equipment are used which will produce the least practicable hazard to marine mammals in such commercial fishing operations. Subsequent to such twenty-four months, marine mammals may be taken incidentally in the course of commercial fishing operations and permits may be issued thereof pursuant to section 104 of this title, subject to regulations prescribed by the Secretary in accordance with section 103 hereof. In any event it shall be the immediate goal that the incidental kill or incidental serious injury of marine mammals permitted in the course of commercial fishing operations be reduced to insignificant levels approaching a zero mortality and serious injury rate. The Secretary shall request the Committee on Scientific Advisors on Marine Mammals to prepare for public dissemination detailed estimates of the numbers of mammals killed or seriously injured under existing commercial fishing technology and under the technology which shall be required subsequent to such twenty-four-month period. The Secretary of the Treasury shall ban the importation of commercial fish or products from fish which have been caught with commercial fishing technology which results in the incidental kill or incidental serious injury of ocean mammals in excess of United States standards. The Secretary shall insist on reasonable proof from the government of any nation from which fish or fish products will be exported to the United States of the effects on ocean mammals of the commercial fishing technology in use for such fish or fish products exported from such nation to the United States.

Incidental
killing or injury,
restriction.

Waiver.

(3) (A) The Secretary, on the basis of the best scientific evidence available and in consultation with the Marine Mammal Commission, is authorized and directed, from time to time, having due regard to the distribution, abundance, breeding habits, and times and lines of migratory movements of such marine mammals, to determine when, to what extent, if at all, and by what means, it is compatible with this Act to waive the requirements of this section so as to allow taking, or importing of any marine mammal, or any marine mammal product, and to adopt suitable regulations, issue permits, and make determinations in accordance with sections 102, 103, 104, and 111 of this title permitting and governing such taking and importing, in accordance with such determinations: *Provided, however*, That the Secretary, in making such determinations, must be assured that the taking of such marine

ment.

mammal is in accord with sound principles of resource protection and conservation as provided in the purposes and policies of this Act: *Provided further, however*, That no marine mammal or no marine mammal product may be imported into the United States unless the Secretary certifies that the program for taking marine mammals in the country of origin is consistent with the provisions and policies of this Act. Products of nations not so certified may not be imported into the United States for any purpose, including processing for exportation.

(B) Except for scientific research purposes as provided for in paragraph (1) of this subsection, during the moratorium no permit may be issued for the taking of any marine mammal which is classified as belonging to an endangered species pursuant to the Endangered Species Conservation Act of 1969 or has been designated by the Secretary as depleted, and no importation may be made of any such mammal.

note.

(b) The provisions of this Act shall not apply with respect to the taking of any marine mammal by any Indian, Aleut, or Eskimo who dwells on the coast of the North Pacific Ocean or the Arctic Ocean if such taking—

Alaskan natives, exemptions.

(1) is for subsistence purposes by Alaskan natives who reside in Alaska, or

(2) is done for purposes of creating and selling authentic native articles of handicrafts and clothing: *Provided*, That only authentic native articles of handicrafts and clothing may be sold in interstate commerce: *And provided further*, That any edible portion of marine mammals may be sold in native villages and towns in Alaska or for native consumption. For the purposes of this subsection, the term "authentic native articles of handicrafts and clothing" means items composed wholly or in some significant respect of natural materials, and which are produced, decorated, or fashioned in the exercise of traditional native handicrafts without the use of pantographs, multiple carvers, or other mass copying devices. Traditional native handicrafts include, but are not limited to weaving, carving, stitching, sewing, lacing, beading, drawing, and painting; and

"Authentic native articles of handicrafts and clothing."

(3) in each case, is not accomplished in a wasteful manner.

Notwithstanding the preceding provisions of this subsection, when, under this Act, the Secretary determines any species or stock of marine mammal subject to taking by Indians, Aleuts, or Eskimos to be depleted, he may prescribe regulations upon the taking of such marine mammals by any Indian, Aleut, or Eskimo described in this subsection. Such regulations may be established with reference to species or stocks, geographical description of the area included, the season for taking, or any other factors related to the reason for establishing such regulations and consistent with the purposes of this Act. Such regulations shall be prescribed after notice and hearing required by section 103 of this title and shall be removed as soon as the Secretary determines that the need for their imposition has disappeared.

Depleted species or stocks, regulations.

(c) In order to minimize undue economic hardship to persons subject to this Act, other than those engaged in commercial fishing operations referred to in subsection (a) (2) of this section, the Secretary, upon any such person filing an application with him and upon filing such information as the Secretary may require showing, to his satisfaction, such hardship, may exempt such person or class of persons from provisions of this Act for no more than one year from the date of the enactment of this Act, as he determines to be appropriate.

PROHIBITIONS

SEC. 102. (a) Except as provided in sections 101, 103, 104, 111, and 113 of this title, it is unlawful—

(1) for any person subject to the jurisdiction of the United States or any vessel or other conveyance subject to the jurisdiction of the United States to take any marine mammal on the high seas;

(2) except as expressly provided for by an international treaty, convention, or agreement to which the United States is a party and which was entered into before the effective date of this title or by any statute implementing any such treaty, convention, or agreement—

(A) for any person or vessel or other conveyance to take any marine mammal in waters or on lands under the jurisdiction of the United States; or

(B) for any person to use any port, harbor, or other place under the jurisdiction of the United States for any purpose in any way connected with the taking or importation of marine mammals or marine mammal products; and

(3) for any person, with respect to any marine mammal taken in violation of this title—

(A) to possess any such mammal; or

(B) to transport, sell, or offer for sale any such mammal or any marine mammal product made from any such mammal; and

(4) for any person to use, in a commercial fishery, any means or methods of fishing in contravention of any regulations or limitations, issued by the Secretary for that fishery to achieve the purposes of this Act.

(b) Except pursuant to a permit for scientific research issued under section 104(c) of this title, it is unlawful to import into the United States any marine mammal if such mammal was—

(1) pregnant at the time of taking;

(2) nursing at the time of taking, or less than eight months old, whichever occurs later;

(3) taken from a species or population stock which the Secretary has, by regulation published in the Federal Register, designated as a depleted species or stock or which has been listed as endangered under the Endangered Species Conservation Act of 1969; or

(4) taken in a manner deemed inhumane by the Secretary.

(c) It is unlawful to import into the United States any of the following:

(1) Any marine mammal which was—

(A) taken in violation of this title; or

(B) taken in another country in violation of the law of that country.

(2) Any marine mammal product if—

(A) the importation into the United States of the marine mammal from which such product is made is unlawful under paragraph (1) of this subsection; or

(B) the sale in commerce of such product in the country of origin of the product is illegal;

(3) Any fish, whether fresh, frozen, or otherwise prepared, if such fish was caught in a manner which the Secretary has proscribed for persons subject to the jurisdiction of the United States, whether or not any marine mammals were in fact taken incident to the catching of the fish.

(d) Subsections (b) and (c) of this section shall not apply—

(1) in the case of marine mammals or marine mammal prod-

ucts, as the case may be, to which subsection (b) (3) of this section applies, to such items imported into the United States before the date on which the Secretary publishes notice in the Federal Register of his proposed rulemaking with respect to the designation of the species or stock concerned as depleted or endangered; or

(2) in the case of marine mammals or marine mammal products to which subsection (c) (1) (B) or (c) (2) (B) of this section applies, to articles imported into the United States before the effective date of the foreign law making the taking or sale, as the case may be, of such marine mammals or marine mammal products unlawful.

(e) This Act shall not apply with respect to any marine mammal taken before the effective date of this Act, or to any marine mammal product consisting of, or composed in whole or in part of, any marine mammal taken before such date.

REGULATIONS ON TAKING OF MARINE MAMMALS

SEC. 103. (a) The Secretary, on the basis of the best scientific evidence available and in consultation with the Marine Mammal Commission, shall prescribe such regulations with respect to the taking and importing of animals from each species of marine mammal (including regulations on the taking and importing of individuals within population stocks) as he deems necessary and appropriate to insure that such taking will not be to the disadvantage of those species and population stocks and will be consistent with the purposes and policies set forth in section 2 of this Act.

(b) In prescribing such regulations, the Secretary shall give full consideration to all factors which may affect the extent to which such animals may be taken or imported, including but not limited to the effect of such regulations on—

(1) existing and future levels of marine mammal species and population stocks;

(2) existing international treaty and agreement obligations of the United States;

(3) the marine ecosystem and related environmental considerations;

(4) the conservation, development, and utilization of fishery resources; and

(5) the economic and technological feasibility of implementation.

(c) The regulations prescribed under subsection (a) of this section for any species or population stock of marine mammal may include, but are not limited to, restrictions with respect to—

(1) the number of animals which may be taken or imported in any calendar year pursuant to permits issued under section 104 of this title;

(2) the age, size, or sex (or any combination of the foregoing) of animals which may be taken or imported, whether or not a quota prescribed under paragraph (1) of this subsection applies with respect to such animals;

(3) the season or other period of time within which animals may be taken or imported;

(4) the manner and locations in which animals may be taken or imported; and

(5) fishing techniques which have been found to cause undue fatalities to any species of marine mammal in a fishery.

(d) Regulations prescribed to carry out this section with respect to any species or stock of marine mammals must be made on the record after opportunity for an agency hearing on both the Secretary's deter-

mination to waive the moratorium pursuant to section 101(a)(3)(A) of this title and on such regulations, except that, in addition to any other requirements imposed by law with respect to agency rulemaking, the Secretary shall publish and make available to the public either before or concurrent with the publication of notice in the Federal Register of his intention to prescribe regulations under this section—

(1) a statement of the estimated existing levels of the species and population stocks of the marine mammal concerned;

(2) a statement of the expected impact of the proposed regulations on the optimum sustainable population of such species or population stock;

(3) a statement describing the evidence before the Secretary upon which he proposes to base such regulations; and

(4) any studies made by or for the Secretary or any recommendations made by or for the Secretary or the Marine Mammal Commission which relate to the establishment of such regulations.

Review.

(e) Any regulation prescribed pursuant to this section shall be periodically reviewed, and may be modified from time to time in such manner as the Secretary deems consistent with and necessary to carry out the purposes of this Act.

Report to Congress; publication in Federal Register.

(f) Within six months after the effective date of this Act and every twelve months thereafter, the Secretary shall report to the public through publication in the Federal Register and to the Congress on the current status of all marine mammal species and population stocks subject to the provisions of this Act. His report shall describe those actions taken and those measures believed necessary, including where appropriate, the issuance of permits pursuant to this title to assure the well-being of such marine mammals.

PERMITS

SEC. 104. (a) The Secretary may issue permits which authorize the taking or importation of any marine mammal.

(b) Any permit issued under this section shall—

(1) be consistent with any applicable regulation established by the Secretary under section 103 of this title, and

(2) specify—

(A) the number and kind of animals which are authorized to be taken or imported,

(B) the location and manner (which manner must be determined by the Secretary to be humane) in which they may be taken, or from which they may be imported,

(C) the period during which the permit is valid, and

(D) any other terms or conditions which the Secretary deems appropriate.

In any case in which an application for a permit cites as a reason for the proposed taking the overpopulation of a particular species or population stock, the Secretary shall first consider whether or not it would be more desirable to transplant a number of animals (but not to exceed the number requested for taking in the application) of that species or stock to a location not then inhabited by such species or stock but previously inhabited by such species or stock.

Importation for display or research.

(c) Any permit issued by the Secretary which authorizes the taking or importation of a marine mammal for purposes of display or scientific research shall specify, in addition to the conditions required by subsection (b) of this section, the methods of capture, supervision,

care, and transportation which must be observed pursuant to and after such taking or importation. Any person authorized to take or import a marine mammal for purposes of display or scientific research shall furnish to the Secretary a report on all activities carried out by him pursuant to that authority.

Report.

(d) (1) The Secretary shall prescribe such procedures as are necessary to carry out this section, including the form and manner in which application for permits may be made.

Application procedures.

(2) The Secretary shall publish notice in the Federal Register of each application made for a permit under this section. Such notice shall invite the submission from interested parties, within thirty days after the date of the notice, of written data or views, with respect to the taking or importation proposed in such application.

Notice, publication in Federal Register.

(3) The applicant for any permit under this section must demonstrate to the Secretary that the taking or importation of any marine mammal under such permit will be consistent with the purposes of this Act and the applicable regulations established under section 103 of this title.

(4) If within thirty days after the date of publication of notice pursuant to paragraph (2) of this subsection with respect to any application for a permit any interested party or parties request a hearing in connection therewith, the Secretary may, within sixty days following such date of publication, afford to such party or parties an opportunity for such a hearing.

Hearing.

(5) As soon as practicable (but not later than thirty days) after the close of the hearing or, if no hearing is held, after the last day on which data, or views, may be submitted pursuant to paragraph (2) of this subsection, the Secretary shall (A) issue a permit containing such terms and conditions as he deems appropriate, or (B) shall deny issuance of a permit. Notice of the decision of the Secretary to issue or to deny any permit under this paragraph must be published in the Federal Register within ten days after the date of issuance or denial.

Publication in Federal Register.

(6) Any applicant for a permit, or any party opposed to such permit, may obtain judicial review of the terms and conditions of any permit issued by the Secretary under this section or of his refusal to issue such a permit. Such review, which shall be pursuant to chapter 7 of title 5, United States Code, may be initiated by filing a petition for review in the United States district court for the district wherein the applicant for a permit resides, or has his principal place of business, or in the United States District Court for the District of Columbia, within sixty days after the date on which such permit is issued or denied.

Judicial review.

80 Stat. 392.
5 USC 701.

(e) (1) The Secretary may modify, suspend, or revoke in whole or part any permit issued by him under this section—

Modification authority.

(A) in order to make any such permit consistent with any change made after the date of issuance of such permit with respect to any applicable regulation prescribed under section 103 of this title, or

(B) in any case in which a violation of the terms and conditions of the permit is found.

(2) Whenever the Secretary shall propose any modification, suspension, or revocation of a permit under this subsection, the permittee shall be afforded opportunity, after due notice, for a hearing by the Secretary with respect to such proposed modification, suspension, or revocation. Such proposed action by the Secretary shall not take effect until a decision is issued by him after such hearing. Any action taken by the Secretary after such a hearing is subject to judicial review on the same basis as is any action taken by him with respect to a permit

application under paragraph (5) of subsection (d) of this section.
(3) Notice of the modification, suspension, or revocation of any permit by the Secretary shall be published in the Federal Register within ten days from the date of the Secretary's decision.

(f) Any permit issued under this section must be in the possession of the person to whom it is issued (or an agent of such person) during—

- (1) the time of the authorized or taking importation;
- (2) the period of any transit of such person or agent which is incident to such taking or importation; and
- (3) any other time while any marine mammal taken or imported under such permit is in the possession of such person or agent.

A duplicate copy of the issued permit must be physically attached to the container, package, enclosure, or other means of containment, in which the marine mammal is placed for purposes of storage, transit, supervision, or care.

Fee.

(g) The Secretary shall establish and charge a reasonable fee for permits issued under this section.

General
permits.

(h) Consistent with the regulations prescribed pursuant to section 103 of this title and to the requirements of section 101 of this title, the Secretary may issue general permits for the taking of such marine mammals, together with regulations to cover the use of such general permits.

PENALTIES

Notice; hearing.

SEC. 105. (a) Any person who violates any provision of this title or of any permit or regulation issued thereunder may be assessed a civil penalty by the Secretary of not more than \$10,000 for each such violation. No penalty shall be assessed unless such person is given notice and opportunity for a hearing with respect to such violation. Each unlawful taking or importation shall be a separate offense. Any such civil penalty may be remitted or mitigated by the Secretary for good cause shown. Upon any failure to pay a penalty assessed under this subsection, the Secretary may request the Attorney General to institute a civil action in a district court of the United States for any district in which such person is found, resides, or transacts business to collect the penalty and such court shall have jurisdiction to hear and decide any such action.

(b) Any person who knowingly violates any provision of this title or of any permit or regulation issued thereunder shall, upon conviction, be fined not more than \$20,000 for each such violation, or imprisoned for not more than one year, or both.

VESSEL FINE, CARGO FORFEITURE, AND REWARDS

SEC. 106. (a) Any vessel or other conveyance subject to the jurisdiction of the United States that is employed in any manner in the unlawful taking of any marine mammal shall have its entire cargo or the monetary value thereof subject to seizure and forfeiture. All provisions of law relating to the seizure, judicial forfeiture, and condemnation of cargo for violation of the customs laws, the disposition of such cargo, and the proceeds from the sale thereof, and the remission or mitigation of any such forfeiture, shall apply with respect to the cargo of any vessel or other conveyance seized in connection with the lawful taking of a marine mammal insofar as such provisions of law are applicable and not inconsistent with the provisions of this title.

(b) Any vessel subject to the jurisdiction of the United States that is employed in any manner in the unlawful taking of any marine mammal shall be liable for a civil penalty of not more than \$25,000. Such penalty shall be assessed by the district court of the United States having jurisdiction over the vessel. Clearance of a vessel against which a penalty has been assessed, from a port of the United States, may be withheld until such penalty is paid, or until a bond or otherwise satisfactory surety is posted. Such penalty shall constitute a maritime lien on such vessel which may be recovered by action in rem in the district court of the United States having jurisdiction over the vessel.

Penalty.

(c) Upon the recommendation of the Secretary, the Secretary of the Treasury is authorized to pay an amount equal to one-half of the fine incurred but not to exceed \$2,500 to any person who furnishes information which leads to a conviction for a violation of this title. Any officer or employee of the United States or of any State or local government who furnishes information or renders service in the performance of his official duties shall not be eligible for payment under this section.

Information leading to conviction, reward.

ENFORCEMENT

SEC. 107. (a) Except as otherwise provided in this title, the Secretary shall enforce the provisions of this title. The Secretary may utilize, by agreement, the personnel, services, and facilities of any other Federal agency for purposes of enforcing this title.

Federal personnel, utilization.

(b) The Secretary may also designate officers and employees of any State or of any possession of the United States to enforce the provisions of this title. When so designated, such officers and employees are authorized to function as Federal law enforcement agents for these purposes, but they shall not be held and considered as employees of the United States for the purposes of any laws administered by the Civil Service Commission.

State officers and employees.

(c) The judges of the district courts of the United States and the United States magistrates may, within their respective jurisdictions, upon proper oath or affirmation showing probable cause, issue such warrants or other process, including warrants or other process issued in admiralty proceedings in United States district courts, as may be required for enforcement of this title and any regulations issued thereunder.

Warrants.

(d) Any person authorized by the Secretary to enforce this title may execute any warrant or process issued by any officer or court of competent jurisdiction for the enforcement of this title. Such person so authorized may, in addition to any other authority conferred by law—

Arrest and seizure, authority.

(1) with or without warrant or other process, arrest any person committing in his presence or view a violation of this title or the regulations issued thereunder;

(2) with a warrant or other process, or without a warrant if he has reasonable cause to believe that a vessel or other conveyance subject to the jurisdiction of the United States or any person on board is in violation of any provision of this title or the regulations issued thereunder, search such vessel or conveyance and arrest such person;

(3) seize the cargo of any vessel or other conveyance subject to the jurisdiction of the United States used or employed contrary to the provisions of this title or the regulations issued hereunder or which reasonably appears to have been so used or employed; and

(4) seize, whenever and wherever found, all marine mammals and marine mammal products taken or retained in violation of

this title or the regulations issued thereunder and shall dispose of them in accordance with regulations prescribed by the Secretary.

Seizure.

(e) (1) Whenever any cargo or marine mammal or marine mammal product is seized pursuant to this section, the Secretary shall expedite any proceedings commenced under section 105 (a) or (b) of this title. All marine mammals or marine mammal products or other cargo so seized shall be held by any person authorized by the Secretary pending disposition of such proceedings. The owner or consignee of any such marine mammal or marine mammal product or other cargo so seized shall, as soon as practicable following such seizure, be notified of that fact in accordance with regulations established by the Secretary.

Notification.

Bond posting.

(2) The Secretary may, with respect to any proceeding under section 105 (a) or (b) of this title, in lieu of holding any marine mammal or marine mammal product or other cargo, permit the person concerned to post bond or other surety satisfactory to the Secretary pending the disposition of such proceeding.

Forfeiture.

(3) (A) Upon the assessment of a penalty pursuant to section 105 (a) of this title, all marine mammals and marine mammal products or other cargo seized in connection therewith may be proceeded against in any court of competent jurisdiction and forfeited to the Secretary for disposition by him in such manner as he deems appropriate.

(B) Upon conviction for violation of section 105(b) of this title, all marine mammals and marine mammal products seized in connection therewith shall be forfeited to the Secretary for disposition by him in such manner as he deems appropriate. Any other property or item so seized may, at the discretion of the court, be forfeited to the United States or otherwise disposed of.

(4) If with respect to any marine mammal or marine mammal product or other cargo so seized—

(A) a civil penalty is assessed under section 105(a) of this title and no judicial action is commenced to obtain the forfeiture of such mammal or product within thirty days after such assessment, such marine mammal or marine mammal product or other cargo shall be immediately returned to the owner or the consignee; or

(B) no conviction results from an alleged violation of section 105(b) of this title, such marine mammal or marine mammal product or other cargo shall immediately be returned to the owner or consignee if the Secretary does not, within thirty days after the final disposition of the case involving such alleged violation, commence proceedings for the assessment of a civil penalty under section 105(a) of this title.

INTERNATIONAL PROGRAM

SEC. 108. (a) The Secretary, through the Secretary of State, shall—

(1) initiate negotiations as soon as possible for the development of bilateral or multilateral agreements with other nations for the protection and conservation of all marine mammals covered by this Act;

(2) initiate negotiations as soon as possible with all foreign governments which are engaged in, or which have persons or companies engaged in, commercial fishing operations which are found by the Secretary to be unduly harmful to any species of marine mammal, for the purpose of entering into bilateral and multilat-

eral treaties with such countries to protect marine mammals. The Secretary of State shall prepare a draft agenda relating to this matter for discussion at appropriate international meetings and forums;

(3) encourage such other agreements to promote the purposes of this Act with other nations for the protection of specific ocean and land regions which are of special significance to the health and stability of marine mammals;

(4) initiate the amendment of any existing international treaty for the protection and conservation of any species of marine mammal to which the United States is a party in order to make such treaty consistent with the purposes and policies of this Act;

(5) seek the convening of an international ministerial meeting on marine mammals before July 1, 1973, for the purposes of (A) the negotiation of a binding international convention for the protection and conservation of all marine mammals, and (B) the implementation of paragraph (3) of this section; and

(6) provide to the Congress by not later than one year after the date of the enactment of this Act a full report on the results of his efforts under this section.

(b) (1) In addition to the foregoing, the Secretary shall—

(A) in consultation with the Marine Mammal Commission established by section 201 of this Act, undertake a study of the North Pacific fur seals to determine whether herds of such seals subject to the jurisdiction of the United States are presently at their optimum sustainable population and what population trends are evident; and

(B) in consultation with the Secretary of State, promptly undertake a comprehensive study of the provisions of this Act, as they relate to North Pacific fur seals, and the provisions of the North Pacific Fur Seal Convention signed on February 9, 1957, as extended (hereafter referred to in this subsection as the "Convention"), to determine what modifications, if any, should be made to the provisions of the Convention, or of this Act, or both, to make the Convention and this Act consistent with each other.

The Secretary shall complete the studies required under this paragraph not later than one year after the date of enactment of this Act and shall immediately provide copies thereof to Congress.

(2) If the Secretary finds—

(A) as a result of the study required under paragraph (1) (A) of this subsection, that the North Pacific fur seal herds are below their optimum sustainable population and are not trending upward toward such level, or have reached their optimum sustainable population but are commencing a downward trend, and believes the herds to be in danger of depletion; or

(B) as a result of the study required under paragraph (1) (B) of this subsection, that modifications of the Convention are desirable to make it and this Act consistent;

he shall, through the Secretary of State, immediately initiate negotiations to modify the Convention so as to (i) reduce or halt the taking of seals to the extent required to assure that such herds attain and remain at their optimum sustainable population, or (ii) make the Convention and this Act consistent; or both, as the case may be. If negotiations to so modify the Convention are unsuccessful, the Secretary shall, through the Secretary of State, take such steps as may be necessary to continue the existing Convention beyond its present termination date so as to continue to protect and conserve the North Pacific fur seals and to prevent a return to pelagic sealing.

FEDERAL COOPERATION WITH STATES

SEC. 109. (a) (1) Except as otherwise provided in this section, no State may adopt any law or regulation relating to the taking of marine mammals within its jurisdiction or attempt to enforce any State law or regulation relating to such taking.

Law enforcement.

(2) Any State may adopt and enforce any laws or regulations relating to the protection and taking, within its jurisdiction, of any species or population stock of marine mammals if the Secretary determines, after review thereof, that such laws and regulations will be consistent with (A) the regulations promulgated under section 103 of this title with respect to such species or population stock, and (B) such other provisions of this Act, and any rule or regulation promulgated pursuant to this title, which apply with respect to such species or population stock. If the Secretary determines that any such State laws and regulations are so consistent, the provisions of this Act, except this section and sections 101 (except to the extent that the Secretary waives the application of section 101 to permit such State laws and regulations to take effect) and 110 of this title, and title II of this Act, shall not apply with respect to the species or population stock concerned within the jurisdiction of the State.

State laws and regulations, review.

(3) Notwithstanding the preceding provisions of this subsection and the provisions of subsection (c) of this section, the Secretary shall continuously monitor and review the laws and regulations of any State which has assumed responsibility for marine mammals as provided for in paragraph (2) of this subsection. Whenever the Secretary finds that the laws and regulations of any such State are not in substantial compliance with either paragraph (1) or (2), or both, he shall resume responsibilities under this Act for the marine mammals concerned within the jurisdiction of that State, superseding such State laws and regulations to the extent which, after notice and opportunity for hearing, he deems necessary.

Mammals, taking for humane purposes.

(4) Nothing in this Act shall prevent a State or local government official or employee, in the course of his duties as an official or employee, from taking a marine mammal in a humane manner if such taking (A) is for the protection or welfare of such mammal or for the protection of the public health and welfare, and (B) includes steps designed to assure the return of such mammal to its natural habitat.

Grants to States.

(b) The Secretary is authorized to make grants to each State whose laws and regulations relating to protection and management of marine mammals which primarily inhabit waters or lands within the boundaries of that State are found to be consistent with the purposes and policies of this Act. The purpose of such grants shall be to assist such States in developing and implementing State programs for the protection and management of such marine mammals. Such grants shall not exceed 50 per centum of the costs of a particular program's development and implementation. To be eligible for such grants, State programs shall include planning and such specific activities, including, but not limited, to research, censusing, habitat acquisition and improvement, or law enforcement as the Secretary finds contribute to the purposes and policies of this Act. The Secretary may also, as a condition of any such grant, provide that State agencies report at regular intervals on the status of species and populations which are the subject of such grants.

Limitation.

Report.

(c) The Secretary is authorized and directed to enter into cooperative arrangements with the appropriate officials of any State for the delegation to such State of the administration and enforcement of this title: *Provided*, That any such arrangement shall contain such provisions as the Secretary deems appropriate to insure that the purposes and policies of this Act will be carried out.

MARINE MAMMAL RESEARCH GRANTS

SEC. 110. (a) The Secretary is authorized to make grants, or to provide financial assistance in such other form as he deems appropriate, to any Federal or State agency, public or private institution, or other person for the purpose of assisting such agency, institution, or person to undertake research in subjects which are relevant to the protection and conservation of marine mammals.

(b) Any grant or other financial assistance provided by the Secretary pursuant to this section shall be subject to such terms and conditions as the Secretary deems necessary to protect the interests of the United States and shall be made after review by the Marine Mammal Commission.

(c) There are authorized to be appropriated for the fiscal year in which this section takes effect and for the next four fiscal years thereafter such sums as may be necessary to carry out this section, but the sums appropriated for any such year shall not exceed \$2,500,000, one-third of such sum to be available to the Secretary of the Interior and two-thirds of such sum to be made available to the Secretary of the department in which the National Oceanic and Atmospheric Administration is operating.

Appropriation.

Limitation.

COMMERCIAL FISHERIES GEAR DEVELOPMENT

SEC. 111. (a) The Secretary of the department in which the National Oceanic and Atmospheric Administration is operating (hereafter referred to in this section as the "Secretary") is hereby authorized and directed to immediately undertake a program of research and development for the purpose of devising improved fishing methods and gear so as to reduce to the maximum extent practicable the incidental taking of marine mammals in connection with commercial fishing. At the end of the full twenty-four calendar month period following the date of the enactment of this Act, the Secretary shall deliver his report in writing to the Congress with respect to the results of such research and development. For the purposes of this section, there is hereby authorized to be appropriated the sum of \$1,000,000 for the fiscal year ending June 30, 1973, and the same amount for the next fiscal year. Funds appropriated for this section shall remain available until expended.

Research and development.

Report to Congress.

Appropriation.

(b) The Secretary, after consultation with the Marine Mammal Commission, is authorized and directed to issue, as soon as practicable, such regulations, covering the twenty-four-month period referred to in section 101(a)(2) of this title, as he deems necessary or advisable, to reduce to the lowest practicable level the taking of marine mammals incidental to commercial fishing operations. Such regulations shall be adopted pursuant to section 553 of title 5, United States Code. In issuing such regulations, the Secretary shall take into account the results of any scientific research under subsection (a) of this section and, in each case, shall provide a reasonable time not exceeding four months for the persons affected to implement such regulations.

Regulations.

80 Stat. 383.

(c) Additionally, the Secretary and Secretary of State are directed to commence negotiations within the Inter-American Tropical Tuna Commission in order to effect essential compliance with the regulatory provisions of this Act so as to reduce to the maximum extent feasible the incidental taking of marine mammals by vessels involved in the tuna fishery. The Secretary and Secretary of State are further directed to request the Director of Investigations of the Inter-American Tropical Tuna Commission to make recommendations to all member nations

of the Commission as soon as is practicable as to the utilization of methods and gear devised under subsection (a) of this section.

Research and
observation.

(d) Furthermore, after timely notice and during the period of research provided in this section, duly authorized agents of the Secretary are hereby empowered to board and to accompany any commercial fishing vessel documented under the laws of the United States, there being space available, on a regular fishing trip for the purpose of conducting research or observing operations in regard to the development of improved fishing methods and gear as authorized by this section. Such research and observation shall be carried out in such manner as to minimize interference with fishing operations. The Secretary shall provide for the cost of quartering and maintaining such agents. No master, operator, or owner of such a vessel shall impair or in any way interfere with the research or observation being carried out by agents of the Secretary pursuant to this section.

REGULATIONS AND ADMINISTRATION

SEC. 112. (a) The Secretary, in consultation with any other Federal agency to the extent that such agency may be affected, shall prescribe such regulations as are necessary and appropriate to carry out the purposes of this title.

Federal agen-
cies, cooperation.

(b) Each Federal agency is authorized and directed to cooperate with the Secretary, in such manner as may be mutually agreeable, in carrying out the purposes of this title.

Contract
authority.

(c) The Secretary may enter into such contracts, leases, cooperative agreements, or other transactions as may be necessary to carry out the purposes of this title and on such terms as he deems appropriate with any Federal or State agency, public or private institution, or other person.

Annual review.

(d) The Secretary shall review annually the operation of each program in which the United States participates involving the taking of marine mammals on land. If at any time the Secretary finds that any such program cannot be administered on lands owned by the United States or in which the United States has an interest in a manner consistent with the purposes of policies of this Act, he shall suspend the operation of that program and shall forthwith submit to Congress his reasons for such suspension, together with recommendations for such legislation as he deems necessary and appropriate to resolve the problem.

Report to
Congress.

APPLICATION TO OTHER TREATIES AND CONVENTIONS; REPEAL

SEC. 113. (a) The provisions of this title shall be deemed to be in addition to and not in contravention of the provisions of any existing international treaty, convention, or agreement, or any statute implementing the same, which may otherwise apply to the taking of marine mammals. Upon a finding by the Secretary that the provisions of any international treaty, convention, or agreement, or any statute implementing the same has been made applicable to persons subject to the provisions of this title in order to effect essential compliance with the regulatory provisions of this Act so as to reduce to the lowest practicable level the taking of marine mammals incidental to commercial fishing operations, section 105 of this title may not apply to such persons.

Repeal.

(b) The proviso to the Act entitled "An Act to repeal certain laws providing for the protection of sea lions in Alaska water", approved June 16, 1934 (16 U.S.C. 659), is repealed.

48 Stat. 976.

AUTHORIZATION OF APPROPRIATIONS

SEC. 114. (a) There are authorized to be appropriated not to exceed \$2,000,000 for the fiscal year ending June 30, 1973, and the four next following fiscal years to enable the department in which the National Oceanic and Atmospheric Administration is operating to carry out such functions and responsibilities as it may have been given under this title.

(b) There are authorized to be appropriated not to exceed \$700,000 for the fiscal year ending June 30, 1973, and not to exceed \$525,000 for each of the next four fiscal years thereafter to enable the Department of the Interior to carry out such functions and responsibilities as it may have been given under this title.

TITLE II—MARINE MAMMAL COMMISSION

ESTABLISHMENT OF COMMISSION

SEC. 201. (a) There is hereby established the Marine Mammal Commission (hereafter referred to in this title as the "Commission").

(b) (1) The Commission shall be composed of three members who shall be appointed by the President. The President shall make his selection from a list, submitted to him by the Chairman of the Council on Environmental Quality, the Secretary of the Smithsonian Institution, the Director of the National Science Foundation, and the Chairman of the National Academy of Sciences, of individuals knowledgeable in the fields of marine ecology and resource management, and who are not in a position to profit from the taking of marine mammals. No member of the Commission may, during his period of service on the Commission, hold any other position as an officer or employee of the United States except as a retired officer or retired civilian employee of the United States.

(2) The term of office for each member shall be three years; except that of the members initially appointed to the Commission, the term of one member shall be for one year, the term of one member shall be for two years, and the term of one member shall be for three years. No member is eligible for reappointment; except that any member appointed to fill a vacancy occurring before the expiration of the term for which his predecessor was appointed (A) shall be appointed for the remainder of such term, and (B) is eligible for reappointment for one full term. A member may serve after the expiration of his term until his successor has taken office.

(c) The President shall designate a Chairman of the Commission (hereafter referred to in this title as the "Chairman") from among its members.

(d) Members of the Commission shall each be compensated at a rate equal to the daily equivalent of the rate for GS-18 of the General Schedule under section 5332 of title 5, United States Code, for each day such member is engaged in the actual performance of duties vested in the Commission. Each member shall be reimbursed for travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of title 5, United States Code, for persons in Government service employed intermittently.

(e) The Commission shall have an Executive Director, who shall be appointed (without regard to the provisions of title 5, United States Code, governing appointments in the competitive service) by the Chairman with the approval of the Commission and shall be paid at a rate not in excess of the rate for GS-18 of the General Schedule under section 5332 of title 5, United States Code. The Executive Director shall have such duties as the Chairman may assign.

DUTIES OF COMMISSION

Sec. 202. (a) The Commission shall—

(1) undertake a review and study of the activities of the United States pursuant to existing laws and international conventions relating to marine mammals, including, but not limited to, the International Convention for the Regulation of Whaling, the Whaling Convention Act of 1949, the Interim Convention on the Conservation of North Pacific Fur Seals, and the Fur Seal Act of 1966;

(2) conduct a continuing review of the condition of the stocks of marine mammals, of methods for their protection and conservation, of humane means of taking marine mammals, of research programs conducted or proposed to be conducted under the authority of this Act, and of all applications for permits for scientific research;

(3) undertake or cause to be undertaken such other studies as it deems necessary or desirable in connection with its assigned duties as to the protection and conservation of marine mammals;

(4) recommend to the Secretary and to other Federal officials such steps as it deems necessary or desirable for the protection and conservation of marine mammals;

(5) recommend to the Secretary of State appropriate policies regarding existing international arrangements for the protection and conservation of marine mammals, and suggest appropriate international arrangements for the protection and conservation of marine mammals;

(6) recommend to the Secretary of the Interior such revisions of the Endangered Species List, authorized by the Endangered Species Conservation Act of 1969, as may be appropriate with regard to marine mammals; and

(7) recommend to the Secretary, other appropriate Federal officials, and Congress such additional measures as it deems necessary or desirable to further the policies of this Act, including provisions for the protection of the Indians, Eskimos, and Aleuts whose livelihood may be adversely affected by actions taken pursuant to this Act.

(b) The Commission shall consult with the Secretary at such intervals as it or he may deem desirable, and shall furnish its reports and recommendations to him, before publication, for his comment.

(c) The reports and recommendations which the Commission makes shall be matters of public record and shall be available to the public at all reasonable times. All other activities of the Commission shall be matters of public record and available to the public in accordance with the provisions of section 552 of title 5, United States Code.

(d) Any recommendations made by the Commission to the Secretary and other Federal officials shall be responded to by those individuals within one hundred and twenty days after receipt thereof. Any recommendations which are not followed or adopted shall be referred to the Commission together with a detailed explanation of the reasons why those recommendations were not followed or adopted.

COMMITTEE OF SCIENTIFIC ADVISORS ON MARINE MAMMALS

SEC. 203. (a) The Commission shall establish, within ninety days after its establishment, a Committee of Scientific Advisors on Marine Mammals (hereafter referred to in this title as the "Committee"). Such Committee shall consist of nine scientists knowledgeable in marine ecology and marine mammal affairs appointed by the Chair-

Each member shall be reimbursed for travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of title 5, United States Code, for persons in Government service employed intermittently.

(c) The Commission shall consult with the Committee on all studies and recommendations which it may propose to make or has made, on research programs conducted or proposed to be conducted under the authority of this Act, and on all applications for permits for scientific research. Any recommendations made by the Committee or any of its members which are not adopted by the Commission shall be transmitted by the Commission to the appropriate Federal agency and to the appropriate committees of Congress with a detailed explanation of the Commission's reasons for not accepting such recommendations.

COORDINATION WITH OTHER FEDERAL AGENCIES

SEC. 205. The Commission shall have access to all studies and data compiled by Federal agencies regarding marine mammals. With the consent of the appropriate Secretary or Agency head, the Commission may also utilize the facilities or services of any Federal agency and shall take every feasible step to avoid duplication of research and to carry out the purposes of this Act.

ADMINISTRATION OF COMMISSION

SEC. 206. The Commission, in carrying out its responsibilities under this title, may—

- (1) employ and fix the compensation of such personnel;
- (2) acquire, furnish, and equip such office space;
- (3) enter into such contracts or agreements with other organizations, both public and private;
- (4) procure the services of such experts or consultants or an organization thereof as is authorized under section 3109 of title 5, United States Code (but at rates for individuals not to exceed \$100 per diem); and
- (5) incur such necessary expenses and exercise such other powers, as are consistent with and reasonably required to perform its functions under this title. Financial and administrative services (including those related to budgeting, accounting, financial reporting, personnel, and procurement) shall be provided the Commission by the General Serv-
