such loans will further the policies established in section 2(b) of this Act, with particular emphasis on the preservation or establishment of small business concerns located in urban or rural areas with high proportions of unemployed or low-income individuals, or owned by low-income individuals: *Provided, however*, That no such loans shall be made, participated in, or guaranteed if the total of such Federal assistance to a single borrower outstanding at any one time would exceed \$50,000. The Administration may defer payments on the principal of such loans for a grace period and use such other methods as it deems necessary and appropriate to assure the successful establishment and operation of such concern. The Administration may, in its discretion, as a condition of such financial assistance, require that the borrower take steps to improve his management skills by participating in a management training program approved by the Administration: *Provided, however*, That any management training program so approved must be of sufficient scope and duration to provide reasonable opportunity for the individuals served to develop entrepreneurial and managerial self-sufficiency.

"(2) The Administration shall encourage, as far as possible, the participation of the private business community in the program of assistance to such concerns, and shall seek to stimulate new private lending activities to such concerns through the use of the loan guarantees, participations in loans, and pooling arrangements authorized by this subsection.

"(3) To insure an equitable distribution between urban and rural areas for loans between \$3,500 and \$50,000 made under this subsection, the Administration is authorized to use the agencies and agreements and delegations developed under title III of the Economic Opportunity Act of 1964, as amended, as it shall determine necessary.

"(4) The Administration shall provide for the continuing evaluation of programs under this subsection, including full information on the location, income characteristics, and types of businesses and individuals assisted, and on new private lending activity stimulated, and the results of such evaluation together with recommendations shall be included in the report required by section 10(a) of this Act.

"(5) Loans made pursuant to this subsection (including immediate participation in and guarantees of such loans) shall have such terms and conditions as the Administration shall determine, subject to the following limitations—

"(A) there is reasonable assurance of repayment of the loan;

"(B) the financial assistance is not otherwise available on reasonable terms from private sources or other Federal, State, or local programs;

"(C) the amount of the loan, together with other funds available, is adequate to assure completion of the project or achievement of the purposes for which the loan is made;

"(D) the loan bears interest at a rate not less than (i) a rate determined by the Secretary of the Treasury, taking into consideration the average market yield on outstanding Treasury obligations of comparable maturity, plus (ii) such additional charge, if any, toward covering other costs of the program as the Administration may determine to be consistent with its purposes: *Provided, however*, That the rate of interest charged on loans made in redevelopment areas designated under the Public Works and Economic Development Act of 1965 (42 U.S.C. 3108 et seq.) shall not exceed the rate currently applicable to new loans made under section 201 of that Act (42 U.S.C. 3142); and

“(F) the furnishing of business counseling, management training, and legal and other related services, with special emphasis on the development of management training programs using the resources of the business community, including the development of management training opportunities in existing businesses, and with emphasis in all cases upon providing management training of sufficient scope and duration to develop entrepreneurial and managerial self-sufficiency on the part of the individuals served.

“(3) The Administration shall give preference to projects which promote the ownership, participation in ownership, or management of small business concerns by residents of urban areas of high concentration of unemployed or low-income individuals, and to projects which are planned and carried out with the participation of local businessmen.

“(4) The financial assistance authorized by this subsection includes assistance advanced by grant, agreement, or contract, but does not include the procurement of plant or equipment, or goods or services.

“(5) The Administration is authorized to make payments under grants and contracts entered into under this subsection in lump sum or installments, and in advance or by way of reimbursement, and in the case of grants, with necessary adjustments on account of overpayments or underpayments.

“(6) To the extent feasible, services under this subsection shall be provided in a location which is easily accessible to the individuals and small business concerns served.

“(7) The Administration shall provide for an independent and continuing evaluation of programs under this subsection, including full information on, and analysis of, the character and impact of managerial assistance provided, the location, income characteristics, and types of businesses and individuals assisted, and the extent to which private resources and skills have been involved in these programs. Such evaluation together with any recommendations deemed advisable by the Administration shall be included in the report required by section 10(a) of this Act.

“(8) The Administration shall take such steps as may be necessary and appropriate, in coordination and cooperation with the heads of other Federal departments and agencies, so that contracts, subcontracts, and deposits made by the Federal Government or in connection with programs aided with Federal funds are placed in such a way as to further the purposes of this subsection and of subsection 7(i) of this Act. The Administration shall provide for the continuing evaluation of programs under this subsection and the results of such evaluation together with recommendations shall be included in the report required by section 10(a) of this Act.

“(k) In carrying out its functions under subsections 7(i) and 7(j) of this Act, the Administration is authorized—

“(1) to utilize, with their consent, the services and facilities of Federal agencies without reimbursement, and, with the consent of any State or political subdivision of a State, accept and utilize the services and facilities of such State or subdivision without reimbursement;

“(2) to accept, in the name of the Administration, and employ or dispose of in furtherance of the purposes of this Act, any money or property, real, personal, or mixed, tangible, or intangible, received by gift, devise, bequest, or otherwise;
