(a) Notwithstanding any other provision of law, (1) the Administrator of Veterans' Affairs is authorized to administer, pursuant to an interagency agreement, the programs carried out under the provisions of section 420 of the Higher Education Act of 1965; (2) the Commissioner of Education, with the approval of the Secretary of Health, Education, and Welfare, is authorized to enter into such interagency agreement to transfer to the Administrator the functions, powers, and duties of the Commissioner under such section; and (3) pursuant to any such agreement, funds appropriated to such Department or the Office of Education in such Department for the purpose of carrying out such section shall be transferred from the Department to the Veterans' Administration for use for the purposes for which such funds are authorized and appropriated. Any such agreement shall provide, for such period of time as may be agreed upon by the Commissioner and the Administrator, for such appropriate technical and support assistance by the Commissioner as the Commissioner and the Administrator agree are necessary to facilitate the implementation of this section.

(1) inserting after section 245 the following new section:

"§ 246. Veterans cost-of-instruction payments to institutions of higher learning"

"(a) (1) During the period beginning on July 1, 1972, and ending on September 30, 1979, each institution of higher learning shall be entitled to a payment under, and in accordance with, this section during any fiscal year if—

"(i) 110 per centum of the number of such recipients who were in attendance at such institution during the preceding academic year, or

"(ii) 10 per centum of the total number of undergraduate students in attendance at such institution during such academic year and if such number does not constitute a per centum of such undergraduate students which is less than such per centum for the preceding academic year; and

"(B) the number of such persons is at least 25.

"(2) During the period specified in paragraph (1) of this subsection, each institution which has qualified for a payment under
this section for any fiscal year shall be entitled during the succeeding year, notwithstanding such paragraph (1), to a payment under and in accordance with this section, if the number of persons referred to in such paragraph (1) equals at least the number of such persons who were in attendance at such institution during the preceding academic year or equals at least the minimum number of such persons necessary to establish eligibility to entitlement under such paragraph (1) during the preceding academic year, whichever is the lesser. Each institution which is entitled to a payment for any fiscal year by reason of the preceding sentence shall be deemed, for the purposes of any such year succeeding the year for which it is so entitled, to have been entitled to a payment under such paragraph (1) during the preceding fiscal year.

"(b)(1) The amount of the payment to which any institution shall be entitled under this section for any fiscal year shall be—

(A) $300 for each veteran receiving vocational rehabilitation under chapter 31 of this title, or educational assistance under chapter 34 of this title, who is in attendance at such institution as an undergraduate student during such year; and

(B) in addition, $150, except in the case of a veteran on behalf of whom the institution has received a payment in excess of $150 under section 419 of the Higher Education Act of 1965 for each veteran who has been the recipient of educational assistance under subchapter V or subchapter VI of chapter 34 of this title and who is in attendance at such institution as an undergraduate student during such year.

"(2) In any case where a veteran on behalf of whom a payment is made under this section is enrolled in an institution on less than a full-time basis, the amount of the payment on behalf of such veteran shall be reduced in proportion to the degree to which such veteran is not enrolled on a full-time basis.

"(c)(1) An institution of higher education shall be eligible to receive the payment to which it is entitled under this section only if it makes application therefor to the Administrator. An application under this section shall be submitted at such time or times, in such manner, in such form, and containing such information as the Administrator determines necessary to carry out the functions assigned to the Administrator under this section, and shall—

(A) meet the requirements set forth in clauses (A) and (B) of section 419(c)(1) of the Higher Education Act of 1965;

(B) set forth such plans, policies, assurances, and procedures as will ensure that the applicant will make an adequate effort—

(i) to maintain a full-time office of veterans' affairs which has responsibility for veterans' outreach, recruitment, and special education programs, including the provisions of educational, vocational, and personal counseling for veterans,

(ii) to carry out programs designed to prepare educationally disadvantaged veterans for postsecondary education (I) under subchapter V of chapter 34 of this title, and (II) in the case of any institution located near a military installation, under subchapter VI of such chapter 34,

Consortium agreements. Notwithstanding clause (B) of the preceding sentence, an institution with less than 2,500 students in attendance which the Administrator determines, in accordance with regulations jointly prescribed by the Administrator and the Commissioner of Education, Department of Health, Education, and Welfare, cannot feasibly itself carry out any or all of the programs set forth in subclauses (i) through (iv) of clause (B) of the preceding sentence, may carry out such program or programs through a consortium agreement with one or more other institutions of higher education, and shall be required to carry out such programs only to the extent that the Administrator determines, in accordance with regulations jointly prescribed by the Administrator and the Commissioner of Education, is appropriate in terms of the number of veterans in attendance at such institution. The adequacy of efforts to meet the requirements of such clause (B) shall be determined by the Administrator, in consultation with the Commissioner of Education, based upon criteria established in regulations jointly prescribed by them.

Consultation. "(2) The Administrator shall not approve an application under this subsection unless the Administrator determines that the applicant will implement the requirements of clause (B) of paragraph (1) of this subsection within the first academic year during which such institution receives a payment under this section.

Payments. "(d) (1) The Administrator shall pay to each institution of higher learning which has had an application approved under subsection (c) of this section the amount to which it is entitled under this section. Payments under this subsection shall be made in not less than three installments during each academic year and shall be based on the actual number of veterans on behalf of whom such payments are made in attendance at the institution at the time of the payment.

Limitation. "(2) The maximum amount of payments to any institution of higher learning, or any branch thereof which is located in a community which is different from that in which the parent institution thereof is located, in any fiscal year, shall be $135,000. In making payments under this section for any fiscal year, the Administrator shall apportion the appropriation for making such payments, from funds which become available as a result of the limitation on payments set forth in the preceding sentence, in such a manner as will result in the receipt by each institution which is eligible for a payment under this section of first $9,000 (or the amount of its entitlement for that fiscal year, whichever is the lesser) and then additional amounts up to the limitation set forth in the preceding sentence.

Waiver. "(e) Not less than 75 per centum of the amounts paid to any institution under subsection (d) of this section in any fiscal year shall be used to implement the requirement of clause (B) (i) of paragraph (1) of subsection (c) of this section, and, to the extent that such funds remain after implementing such requirements, funds limited by such 75 per centum requirement shall be used for implementing the requirements of clauses (B) (ii), (iii), and (iv) of such paragraph (1), except that the Administrator may, in accordance with criteria established in regulations jointly prescribed by the Administrator and the Commissioner of Education, waive the requirement of this subsection to the extent that the Administrator finds that such institution is adequately carrying out all such requirements without the necessity for such application of such amount of the payments received under this subsection.
“(f) The Administrator, in carrying out the provisions of this section, shall seek to assure the coordination of programs assisted under this section with programs carried out by the Commissioner of Education pursuant to the Higher Education Act of 1965, and the Commissioner shall provide all assistance, technical consultation, and information otherwise authorized by law as necessary to promote the maximum effectiveness of the activities and programs assisted under this section.

“(g) The program provided for in this section shall be administered by an identifiable administrative unit in the Veterans' Administration.”;
