TITLE II—ADOPTION OPPORTUNITIES

FINDINGS AND DECLARATION OF PURPOSE

SEC. 201. The Congress hereby finds that many thousands of children remain in institutions or foster homes solely because of legal and other barriers to their placement in permanent, adoptive homes; that the majority of such children are of school age, handicapped, or both; that adoption may be the best alternative for assuring the healthy development of such children; that there are qualified persons seeking to adopt such children who are unable to do so because of barriers to their placement; and that, in order both to enhance the stability and love of the child’s home environment and to avoid wasteful expenditures of public funds, such children should not be maintained in foster care or institutions when adoption is appropriate and families for them can be found. It is, therefore, the purpose of this title to facilitate the elimination of barriers to adoption and to provide permanent and loving home environments for children who would benefit by adoption, particularly children with special needs by—

(1) promoting the establishment of model adoption legislation and procedures in the States and territories of the United States in order to eliminate jurisdictional and legal obstacles to adoption; and

(2) providing a mechanism for the Department of Health, Education, and Welfare to (A) promote quality standards for adoption services (including pre-placement, post-placement, and post-adoption counseling and standards to protect the rights of children in need of adoption), and (B) provide for a national adoption and foster care information data gathering and analysis system and a national adoption information exchange system to bring together children who would benefit by adoption and qualified prospective adoptive parents who are seeking such children.

MODEL ADOPTION LEGISLATION AND PROCEDURES

SEC. 202. (a) Not later than eighteen months after the date of enactment of this Act, the Secretary of Health, Education, and Welfare (hereinafter referred to as the “Secretary”) shall issue, based on
the recommendations of the panel described in subsection (b) of this section, proposed model adoption legislation and procedures and publish such proposal in the Federal Register for comment. After soliciting and giving due consideration to the comments of interested individuals, groups, and organizations and consulting further with such panel, the Secretary shall issue and publish model adoption legislation and procedures which shall not conflict with the provisions of any interstate compact in operation pursuant to which States are making, supervising, or regulating placements of children.

(b)(1) Not later than ninety days after the date of enactment of this Act, the Secretary shall appoint a panel (hereinafter referred to as the “panel”) to be composed of not less than eleven nor more than seventeen members generally representative of public and voluntary organizations, agencies, and persons interested and with expertise and experience in facilitating the achievement of the purposes of this title (including, but not limited to, national, State, and local child welfare organizations, including those representative of minorities, and adoptive parent organizations). The panel shall (A) review current conditions, practices, and laws relating to adoption, with special reference to their effect on facilitating or impeding the location of suitable adoptive homes for children who would benefit by adoption and the completion of suitable adoptions for such children; and (B) not later than twelve months after the date on which the members of the panel have been appointed, propose to the Secretary model (including adoption assistance agreement) legislation and procedures relating to adoption designed to facilitate adoption by families of all economic levels.

(2) The panel shall be terminated thirty days after the Secretary publishes the final model legislation and procedures pursuant to subsection (a) of this section.

(3) Members of the panel, other than those regularly employed by the Federal Government, while serving on business of the panel shall be entitled to receive compensation at a rate not in excess of the daily equivalent of the rate payable to a GS-18 employee under section 5322 of title 5, United States Code, including traveltime; and, while so serving away from their homes or regular places of business, they may be allowed travel expenses (including per diem in lieu of subsistence) as authorized by section 5703 of such title for persons in the Government service employed intermittently.

(c) The Secretary shall take such steps as he or she deems necessary to encourage and facilitate the enactment in each State of comprehensive adoption assistance legislation and the establishment in each State of the model legislation and procedures published pursuant to subsection (a) of this section.

INFORMATION AND SERVICES

Sec. 203. (a) The Secretary shall establish in the Department of Health, Education, and Welfare an appropriate administrative arrangement to provide a centralized focus for planning and coordinating of all departmental activities affecting adoption and foster care and for carrying out the provisions of this title. The Secretary shall make available such consultant services and personnel, together with
appropriate administrative expenses, as are necessary for carrying out such purposes.

(b) In connection with carrying out the provisions of subsection (a) of this section, the Secretary shall—

(1) provide (directly or by grant to or contract with public or private nonprofit agencies and organizations) for the establishment and operation of a national adoption and foster care data gathering and analysis system utilizing data collected by States pursuant to requirements of law;

(2) conduct (directly or by grant to or contract with public or private nonprofit agencies or organizations) an education and training program on adoption, and prepare, publish, and disseminate (directly or by grant to or contract with public or private nonprofit agencies and organizations) to all interested parties, public and private agencies and organizations (including, but not limited to, hospitals, health care and family planning clinics, and social services agencies), and governmental bodies, information and education and training materials regarding adoption and adoption assistance programs;

(3) notwithstanding any other provision of law, provide (directly or by grant to or contract with public or private nonprofit agencies or organizations) for (A) the operation of a national adoption information exchange system (including only such information as is necessary to facilitate the adoptive placement of children, utilizing computers and data processing methods to assist in the location of children who would benefit by adoption and in the placement in adoptive homes of children awaiting adoption); and (B) the coordination of such system with similar State and regional systems;

(4) provide (directly or by grant to or contract with public or private nonprofit agencies or organizations, including parent groups) for the provision of technical assistance in the planning, improving, developing, and carrying out of programs and activities relating to adoption; and

(5) consult with other appropriate Federal departments and agencies in order to promote maximum coordination of the services and benefits provided under programs carried out by such departments and agencies with those carried out by the Secretary, and provide for the coordination of such aspects of all programs within the Department of Health, Education, and Welfare relating to adoption.

STUDY OF UNLICENSED ADOPTION PLACEMENTS

Sec. 204. The Secretary shall provide for a study (the results of which shall be reported to the appropriate committees of the Congress not later than eighteen months after the date of enactment of this Act) designed to determine the nature, scope, and effects of the interstate (and, to the extent feasible, intrastate) placement of children in adoptive homes (not including the homes of stepparents or relatives of the child in question) by persons or agencies which are not licensed by or subject to regulation by any governmental entity.
AUTHORIZATION OF APPROPRIATIONS

Sec. 205. There are authorized to be appropriated $5,000,000 for the fiscal year ending September 30, 1978, and such sums as may be necessary for the succeeding three fiscal years to carry out this title.
