(b) **ACCEPTANCE OF AGREEMENTS BY THE PRESIDENT.**—

(1) **IN GENERAL.**—The President may accept for the United States the final legal instruments or texts embodying each of the trade agreements approved by the Congress under subsection (a). The President shall submit a copy of each final instrument or text to the Congress on the date such text or instrument is available, together with a notification of any changes in the instruments or texts, including their annexes, if any, as accepted and the texts of such agreements as submitted to the Congress under subsection (a). Such final legal instruments or texts shall be deemed to be the agreements submitted to and approved by the Congress under subsection (a) if such changes are—

Agreement,
submittal to
Congress.

(A) only rectifications of a formal character or minor technical or clerical changes which do not affect the substance or meaning of the texts as submitted to the Congress on June 19, 1979, or

Notwithstanding the preceding sentence, the President may accept such an agreement, if he determines that only one major industrial country is not accepting that agreement and the acceptance of that agreement by that country is not essential to the effective operation of the agreement, and if—

For purposes of this paragraph, the acceptance of an agreement by the European Communities on behalf of its member countries shall also be treated as acceptance of that agreement by each member country, and acceptance of an agreement by all the member countries of the European Communities shall also be treated as acceptance of that agreement by the European Communities.

"(a) INITIATION BY ADMINISTERING AUTHORITY.—A countervailing duty investigation shall be commenced whenever the administering authority determines, from information available to it, that a formal

investigation is warranted into the question of whether the elements necessary for the imposition of a duty under section 701(a) exist.

“(b) INITIATION BY PETITION.—

Post, p. 176.

“(1) PETITION REQUIREMENTS.—A countervailing duty proceeding shall be commenced whenever an interested party described in subparagraph (C), (D), or (E) of section 771(9) files a petition with the administering authority, on behalf of an industry, which alleges the elements necessary for the imposition of the duty imposed by section 701(a), and which is accompanied by information reasonably available to the petitioner supporting those allegations. The petition may be amended at such time, and upon such conditions, as the administering authority and the Commission may permit.

“(2) SIMULTANEOUS FILING WITH COMMISSION.—The petitioner shall file a copy of the petition with the Commission on the same day as it is filed with the administering authority.

“(3) if the determination is negative, dismiss the petition, terminate the proceeding, notify the petitioner in writing of the reasons for the determination, and provide for the publication of notice of the determination in the Federal Register.

“(d) NOTIFICATION TO COMMISSION OF DETERMINATION.—The administering authority shall—

“(1) notify the Commission immediately of any determination it makes under subsection (a) or (c), and

“(2) if the determination is affirmative, make available to the Commission such information as it may have relating to the matter under investigation, under such procedures as the administering authority and the Commission may establish to prevent disclosure, other than with the consent of the party providing it or under protective order, of any information to which confidential treatment has been given by the administering authority.

19 USC 1671b.

“SEC. 703. PRELIMINARY DETERMINATIONS.

“(a) DETERMINATION BY COMMISSION OF REASONABLE INDICATION OF INJURY.—Except in the case of a petition dismissed by the administering authority under section 702(c)(3), the Commission, within 45 days after the date on which a petition is filed under section 702(b) or on which it receives notice from the administering authority of an investigation commenced under section 702(a), shall make a determination, based upon the best information available to it at the time of the determination, of whether there is a reasonable indication that—

“(1) an industry in the United States—

“(A) is materially injured, or

“(B) is threatened with material injury, or

"(2) the establishment of an industry in the United States is materially retarded, by reason of imports of the merchandise which is the subject of the investigation by the administering authority. If that determination is negative, the investigation shall be terminated.

"(b) **PRELIMINARY DETERMINATION BY ADMINISTERING AUTHORITY.**—Within 85 days after the date on which a petition is filed under section 702(b), or an investigation is commenced under section 702(a), but not before an affirmative determination by the Commission under subsection (a) of this section, the administering authority shall make a determination, based upon the best information available to it at the time of the determination, of whether there is a reasonable basis to believe or suspect that a subsidy is being provided with respect to the merchandise which is the subject of the investigation. If the determination of the administering authority under this subsection is affirmative, the determination shall include an estimate of the net subsidy.

"(c) **EXTENSION OF PERIOD IN EXTRAORDINARILY COMPLICATED CASES.**—

"(1) **IN GENERAL.**—If—

"(A) the petitioner makes a timely request for an extension of the period within which the determination must be made under subsection (b), or

"(B) the administering authority concludes that the parties concerned are cooperating and determines that—

"(i) the case is extraordinarily complicated by reason of—

"(I) the number and complexity of the alleged subsidy practices;

"(II) the novelty of the issues presented;

"(III) the need to determine the extent to which particular subsidies are used by individual manufacturers, producers, and exporters; or

"(IV) the number of firms whose activities must be investigated; and

"(ii) additional time is necessary to make the preliminary determination,

then the administering authority may postpone making the preliminary determination under subsection (b) until not later than the 150th day after the date on which a petition is filed under section 702(b), or an investigation is commenced under section 702(a).

"(2) **NOTICE OF POSTPONEMENT.**—The administering authority shall notify the parties to the investigation, not later than 20 days before the date on which the preliminary determination would otherwise be required under subsection (b), if it intends to postpone making the preliminary determination under paragraph (1). The notification shall include an explanation of the reasons for the postponement. Notice of the postponement shall be published in the Federal Register.

"(d) **EFFECT OF DETERMINATION BY THE ADMINISTERING AUTHORITY.**—If the preliminary determination of the administering authority under subsection (b) is affirmative, the administering authority—

"(e) CRITICAL CIRCUMSTANCES DETERMINATIONS.—

"(1) IN GENERAL.—If a petitioner alleges critical circumstances in its original petition, or by amendment at any time more than 20 days before the date of a final determination by the administering authority, then the administering authority shall promptly determine, on the basis of the best information available to it at that time, whether there is a reasonable basis to believe or suspect that—

"(A) the alleged subsidy is inconsistent with the Agreement, and

"(B) there have been massive imports of the class or kind of merchandise which is the subject of the investigation over a relatively short period.

"(2) SUSPENSION OF LIQUIDATION.—If the determination of the administering authority under paragraph (1) is affirmative, then any suspension of liquidation ordered under subsection (d)(1) shall apply, or, if notice of such suspension of liquidation is already published, be amended to apply, to unliquidated entries of merchandise entered, or withdrawn from warehouse, for consumption on or after the date which is 90 days before the date on which suspension of liquidation was first ordered.

"(f) NOTICE OF DETERMINATIONS.—Whenever the Commission or the administering authority makes a determination under this section, it shall notify the petitioner, other parties to the investigation, and the other agency of its determination and of the facts and conclusions of law upon which the determination is based, and it shall publish notice of its determination in the Federal Register.

"SEC. 704. TERMINATION OR SUSPENSION OF INVESTIGATION.

"(a) TERMINATION OF INVESTIGATION ON WITHDRAWAL OF PETITION.—An investigation under this subtitle may be terminated by either the administering authority or the Commission after notice to all parties to the investigation, upon withdrawal of the petition by the petitioner. The Commission may not terminate an investigation under the preceding sentence before a preliminary determination is made by the administering authority under section 703(b).

"(b) AGREEMENTS TO ELIMINATE OR OFFSET COMPLETELY A SUBSIDY OR TO CEASE EXPORTS OF SUBSIDIZED MERCHANDISE.—The administering authority may suspend an investigation if the government of the country in which the subsidy practice is alleged to occur agrees, or exporters who account for substantially all of the imports of the merchandise which is the subject of the investigation agree—

"(1) to eliminate the subsidy completely or to offset completely the amount of the net subsidy, with respect to that merchandise exported directly or indirectly to the United States, within 6 months after the date on which the investigation is suspended, or

Publication in
Federal
Register.

19 USC 1671c.

"(2) to cease exports of that merchandise to the United States within 6 months after the date on which the investigation is suspended.

"(c) AGREEMENTS ELIMINATING INJURIOUS EFFECT.—

"(1) **GENERAL RULE.**—If the administering authority determines that extraordinary circumstances are present in a case, it may suspend an investigation upon the acceptance of an agreement from a government described in subsection (b), or from exporters described in subsection (b), if the agreement will eliminate completely the injurious effect of exports to the United States of the merchandise which is the subject of the investigation.

"(2) **CERTAIN ADDITIONAL REQUIREMENTS.**—Except in the case of an agreement by a foreign government to restrict the volume of imports of the merchandise which is the subject of the investigation into the United States, the administering authority may not accept an agreement under this subsection unless—

"(A) the suppression or undercutting of price levels of domestic products by imports of that merchandise will be prevented, and

"(B) at least 85 percent of the net subsidy will be offset.

"(3) **QUANTITATIVE RESTRICTIONS AGREEMENTS.**—The administering authority may accept an agreement with a foreign government under this subsection to restrict the volume of imports of merchandise which is the subject of an investigation into the United States, but it may not accept such an agreement with exporters.

"(4) DEFINITION OF EXTRAORDINARY CIRCUMSTANCES.—

"(A) **EXTRAORDINARY CIRCUMSTANCES.**—For purposes of this subsection, the term 'extraordinary circumstances' means circumstances in which—

"(i) suspension of an investigation will be more beneficial to the domestic industry than continuation of the investigation, and

"(ii) the investigation is complex.

"(B) **COMPLEX.**—For purposes of this paragraph, the term 'complex' means—

"(i) there are a large number of alleged subsidy practices and the practices are complicated,

"(ii) the issues raised are novel, or

"(iii) the number of exporters involved is large.

"(d) ADDITIONAL RULES AND CONDITIONS.—

"(1) **PUBLIC INTEREST; MONITORING.**—The administering authority shall not accept an agreement under subsection (b) or (c) unless—

"(A) it is satisfied that suspension of the investigation is in the public interest, and

"(B) effective monitoring of the agreement by the United States is practicable.

"(2) **EXPORTS OF MERCHANDISE TO UNITED STATES NOT TO INCREASE DURING INTERIM PERIOD.**—The administering authority may not accept any agreement under subsection (b) unless that agreement provides a means of ensuring that the quantity of the merchandise covered by that agreement exported to the United States during the period provided for elimination or offset of the subsidy or cessation of exports does not exceed the quantity of such merchandise exported to the United States during the most

recent representative period determined by the administering authority.

“(3) REGULATIONS GOVERNING ENTRY OR WITHDRAWALS.—In order to carry out an agreement concluded under subsection (b) or (c), the administering authority is authorized to prescribe regulations governing the entry, or withdrawal from warehouse, for consumption of merchandise covered by such agreement.

“(e) SUSPENSION OF INVESTIGATION PROCEDURE.—Before an investigation may be suspended under subsection (b) or (c) the administering authority shall—

“(1) notify the petitioner of, and consult with the petitioner concerning, its intention to suspend the investigation, and notify other parties to the investigation and the Commission not less than 30 days before the date on which it suspends the investigation,

“(2) provide a copy of the proposed agreement to the petitioner at the time of the notification, together with an explanation of how the agreement will be carried out and enforced (including any action required of foreign governments), and of how the agreement will meet the requirements of subsections (b) and (d) or (c) and (d), and

“(3) permit all parties to the investigation to submit comments and information for the record before the date on which notice of suspension of the investigation is published under subsection (f)(1)(A).

“(f) EFFECTS OF SUSPENSION OF INVESTIGATION.—

“(1) IN GENERAL.—If the administering authority determines to suspend an investigation upon acceptance of an agreement described in subsection (b) or (c), then—

“(A) it shall suspend the investigation, publish notice of suspension of the investigation, and issue an affirmative preliminary determination under section 703(b) with respect to the merchandise which is the subject of the investigation, unless it has previously issued such a determination in the same investigation,

“(B) the Commission shall suspend any investigation it is conducting with respect to that merchandise, and

“(C) the suspension of investigation shall take effect on the day on which such notice is published.

“(2) LIQUIDATION OF ENTRIES.—

“(A) CESSATION OF EXPORTS; COMPLETE ELIMINATION OF NET SUBSIDY.—If the agreement accepted by the administering authority is an agreement described in subsection (b), then—

“(i) notwithstanding the affirmative preliminary determination required under paragraph (1)(A), the liquidation of entries of merchandise which is the subject of the investigation shall not be suspended under section 703(d)(1),

“(ii) if the liquidation of entries of such merchandise was suspended pursuant to a previous affirmative preliminary determination in the same case with respect to such merchandise, that suspension of liquidation shall terminate, and

“(iii) the administering authority shall refund any cash deposit and release any bond or other security deposited under section 703(d)(1).

“(B) OTHER AGREEMENTS.—If the agreement accepted by the administering authority is an agreement described in

Suspension
notice,
publication.

subsection (c), then the liquidation of entries of the merchandise which is the subject of the investigation shall be suspended under section 703(d)(1), or, if the liquidation of entries of such merchandise was suspended pursuant to a previous affirmative preliminary determination in the same case, that suspension of liquidation shall continue in effect, subject to subsection (h)(3), but the security required under section 703(d)(2) may be adjusted to reflect the effect of the agreement.

“(3) WHERE INVESTIGATION IS CONTINUED.—If, pursuant to subsection (g), the administering authority and the Commission continue an investigation in which an agreement has been accepted under subsection (b) or (c), then—

“(A) if the final determination by the administering authority or the Commission under section 705 is negative, the agreement shall have no force or effect and the investigation shall be terminated, or

“(B) if the final determinations by the administering authority and the Commission under such section are affirmative, the agreement shall remain in force, but the administering authority shall not issue a countervailing duty order in the case so long as—

“(i) the agreement remains in force,

“(ii) the agreement continues to meet the requirements of subsections (b) and (d) or (c) and (d), and

“(iii) the parties to the agreement carry out their obligations under the agreement in accordance with its terms.

“(g) INVESTIGATION TO BE CONTINUED UPON REQUEST.—If the administering authority, within 20 days after the date of publication of the notice of suspension of an investigation, receives a request for the continuation of the investigation from—

“(1) the government of the country in which the subsidy practice is alleged to occur, or

“(2) an interested party described in subparagraph (C), (D), or (E) of section 771(9) which is a party to the investigation, then the administering authority and the Commission shall continue the investigation.

Post, p. 176.

“(h) REVIEW OF SUSPENSION.—

“(1) IN GENERAL.—Within 20 days after the suspension of an investigation under subsection (c), an interested party which is a party to the investigation and which is described in subparagraph (C), (D), or (E) of section 771(9) may, by petition filed with the Commission and with notice to the administering authority, ask for a review of the suspension.

“(2) COMMISSION INVESTIGATION.—Upon receipt of a review petition under paragraph (1), the Commission shall, within 75 days after the date on which the petition is filed with it, determine whether the injurious effect of imports of the merchandise which is the subject of the investigation is eliminated completely by the agreement. If the Commission's determination under this subsection is negative, the investigation shall be resumed on the date of publication of notice of such determination as if the affirmative preliminary determination under section 703(b) had been made on that date.

“(3) SUSPENSION OF LIQUIDATION TO CONTINUE DURING REVIEW PERIOD.—The suspension of liquidation of entries of the merchandise which is the subject of the investigation shall terminate at

Federal
Register.

the close of the 20-day period beginning on the day after the date on which notice of suspension of the investigation is published in the Federal Register, or, if a review petition is filed under paragraph (1) with respect to the suspension of the investigation, in the case of an affirmative determination by the Commission under paragraph (2), the date on which notice of the affirmative determination by the Commission is published. If the determination of the Commission under paragraph (2) is affirmative, then the administering authority shall—

“(A) terminate the suspension of liquidation under section 703(d)(1), and

“(B) release any bond or other security, and refund any cash deposit, required under section 703(d)(2).

“(i) VIOLATION OF AGREEMENT.—

“(1) IN GENERAL.—If the administering authority determines that an agreement accepted under subsection (b) or (c) is being, or has been, violated, or no longer meets the requirements of such subsection (other than the requirement, under subsection (c)(1), of elimination of injury) and subsection (d), then, on the date of publication of its determination, it shall—

“(A) suspend liquidation under section 703(d)(1) of unliquidated entries of the merchandise made on or after the later of—

“(i) the date which is 90 days before the date of publication of the notice of suspension of liquidation, or

“(ii) the date on which the merchandise, the sale or export to the United States of which was in violation of the agreement, or under an agreement which no longer meets the requirements of subsections (b) and (d) or (c) and (d), was first entered, or withdrawn from warehouse, for consumption,

“(B) if the investigation was not completed, resume the investigation as if its affirmative preliminary determination under section 703(b) were made on the date of its determination under this paragraph,

“(C) if the investigation was completed under subsection (g), issue a countervailing duty order under section 706(a) effective with respect to entries of merchandise the liquidation of which was suspended, and

“(D) notify the petitioner, interested parties who are or were parties to the investigation, and the Commission of its action under this paragraph.

“(2) INTENTIONAL VIOLATION TO BE PUNISHED BY CIVIL PENALTY.—Any person who intentionally violates an agreement accepted by the administering authority under subsection (b) or (c) shall be subject to a civil penalty assessed in the same amount, in the same manner, and under the same procedure, as the penalty imposed for a fraudulent violation of section 592(a) of this Act.

“(j) DETERMINATION NOT TO TAKE AGREEMENT INTO ACCOUNT.—In making a final determination under section 705, or in conducting a review under section 751, in a case in which the administering authority has terminated a suspension of investigation under subsection (i)(1), or continued an investigation under subsection (g), the Commission and the administering authority shall consider all of the merchandise which is the subject of the investigation, without regard to the effect of any agreement under subsection (b) or (c).

"SEC. 705. FINAL DETERMINATIONS.

19 USC 1671d.

"(a) FINAL DETERMINATION BY ADMINISTERING AUTHORITY.—

"(1) IN GENERAL.—Within 75 days after the date of its preliminary determination under section 703(b), the administering authority shall make a final determination of whether or not a subsidy is being provided with respect to the merchandise.

"(2) CRITICAL CIRCUMSTANCES DETERMINATIONS.—If the final determination of the administering authority is affirmative, then that determination, in any investigation in which the presence of critical circumstances has been alleged under section 703(e), shall also contain a finding as to whether—

"(A) the subsidy is inconsistent with the Agreement, and

"(B) there have been massive imports of the class or kind of merchandise involved over a relatively short period.

"(b) FINAL DETERMINATION BY COMMISSION.—

"(1) IN GENERAL.—The Commission shall make a final determination of whether—

"(A) an industry in the United States—

"(i) is materially injured, or

"(ii) is threatened with material injury, or

"(B) the establishment of an industry in the United States is materially retarded,

by reason of imports of the merchandise with respect to which the administering authority has made an affirmative determination under subsection (a).

"(2) PERIOD FOR INJURY DETERMINATION FOLLOWING AFFIRMATIVE PRELIMINARY DETERMINATION BY ADMINISTERING AUTHORITY.—If the preliminary determination by the administering authority under section 703(b) is affirmative, then the Commission shall make the determination required by paragraph (1) before the later of—

"(A) the 120th day after the day on which the administering authority makes its affirmative preliminary determination under section 703(b), or

"(B) the 45th day after the day on which the administering authority makes its affirmative final determination under subsection (a).

"(3) PERIOD FOR INJURY DETERMINATION FOLLOWING NEGATIVE PRELIMINARY DETERMINATION BY ADMINISTERING AUTHORITY.—If the preliminary determination by the administering authority under section 703(b) is negative, and its final determination under subsection (a) is affirmative, then the final determination by the Commission under this subsection shall be made within 75 days after the date of that affirmative final determination.

"(4) CERTAIN ADDITIONAL FINDINGS.—

"(A) If the finding of the administering authority under subsection (a)(2) is affirmative, then the final determination of the Commission shall include findings as to whether—

"(i) there is material injury which will be difficult to repair, and

"(ii) the material injury was by reason of such massive imports of the subsidized merchandise over a relatively short period.

"(B) If the final determination of the Commission is that there is no material injury but that there is threat of material injury, then its determination shall also include a finding as to whether material injury by reason of imports of the merchandise with respect to which the administering

authority has made an affirmative determination under subsection (a) would have been found but for any suspension of liquidation of entries of that merchandise.

"(c) EFFECT OF FINAL DETERMINATIONS.—

"(1) EFFECT OF AFFIRMATIVE DETERMINATION BY THE ADMINISTERING AUTHORITY.—If the determination of the administering authority under subsection (a) is affirmative, then—

"(A) the administering authority shall make available to the Commission all information upon which such determination was based and which the Commission considers relevant to its determination, under such procedures as the administering authority and the Commission may establish to prevent disclosure, other than with the consent of the party providing it or under protective order, of any information to which confidential treatment has been given by the administering authority, and

"(B) in cases where the preliminary determination by the administering authority under section 703(b) was negative, the administering authority shall order under paragraphs (1) and (2) of section 703(d) the suspension of liquidation and the posting of a cash deposit, bond, or other security.

"(2) ISSUANCE OF ORDER; EFFECT OF NEGATIVE DETERMINATION.—If the determinations of the administering authority and the Commission under subsections (a)(1) and (b)(1) are affirmative, then the administering authority shall issue a countervailing duty order under section 706(a). If either of such determinations is negative, the investigation shall be terminated upon the publication of notice of that negative determination and the administering authority shall—

"(A) terminate the suspension of liquidation under section 703(d)(1), and

"(B) release any bond or other security and refund any cash deposit required under section 703(d)(2).

"(3) EFFECT OF NEGATIVE DETERMINATIONS UNDER SUBSECTIONS (a)(2) AND (b)(4)(A).—If the determination of the administering authority or the Commission under subsection (a)(2) and (b)(4)(A), respectively, is negative, then the administering authority shall—

"(A) terminate any retroactive suspension of liquidation required under section 703(e)(2), and

"(B) release any bond or other security, and refund any cash deposit required, under section 703(d)(2) with respect to entries of the merchandise the liquidation of which was suspended retroactively under section 703(e)(2).

"(d) PUBLICATION OF NOTICE OF DETERMINATIONS.—Whenever the administering authority or the Commission makes a determination under this section, it shall notify the petitioner, other parties to the investigation, and the other agency of its determination and of the facts and conclusions of law upon which the determination is based, and it shall publish notice of its determination in the Federal Register.

"SEC. 706. ASSESSMENT OF DUTY.

"(a) PUBLICATION OF COUNTERVAILING DUTY ORDER.—Within 7 days after being notified by the Commission of an affirmative determination under section 705(b), the administering authority shall publish a countervailing duty order which—

Publication in
Federal
Register.

19 USC 1671e.

"(1) directs customs officers to assess a countervailing duty equal to the amount of the net subsidy determined or estimated to exist, within 6 months after the date on which the administering authority receives satisfactory information upon which the assessment may be based, but in no event later than 12 months after the end of the annual accounting period of the manufacturer or exporter within which the merchandise is entered, or withdrawn from warehouse, for consumption,

"(2) includes a description of the class or kind of merchandise to which it applies, in such detail as the administering authority deems necessary, and

"(3) requires the deposit of estimated countervailing duties pending liquidation of entries of merchandise at the same time as estimated normal customs duties on that merchandise are deposited.

"(b) IMPOSITION OF DUTIES.—

"(1) **GENERAL RULE.**—If the Commission, in its final determination under section 705(b), finds material injury or threat of material injury which, but for the suspension of liquidation under section 703(d)(1), would have led to a finding of material injury, then entries of the merchandise subject to the countervailing duty order, the liquidation of which has been suspended under section 703(d)(1), shall be subject to the imposition of countervailing duties under section 701(a).

"(2) **SPECIAL RULE.**—If the Commission, in its final determination under section 705(b), finds threat of material injury, other than threat of material injury described in paragraph (1), or material retardation of the establishment of an industry in the United States, then merchandise subject to a countervailing duty order which is entered, or withdrawn from warehouse, for consumption on or after the date of publication of notice of an affirmative determination of the Commission under section 705(b) shall be subject to the imposition of countervailing duties under section 701(a), and the administering authority shall release any bond or other security, and refund any cash deposit made, to secure the payment of countervailing duties with respect to entries of the merchandise entered, or withdrawn from warehouse, for consumption before that date.

"SEC. 707. TREATMENT OF DIFFERENCE BETWEEN DEPOSIT OF ESTIMATED COUNTERVAILING DUTY AND FINAL ASSESSED DUTY UNDER COUNTERVAILING DUTY ORDER.

19 USC 1671f.

"(a) **DEPOSIT OF ESTIMATED COUNTERVAILING DUTY UNDER SECTION 703(d)(2).**—If the amount of a cash deposit, or the amount of any bond or other security, required as security for an estimated countervailing duty under section 703(d)(2) is different from the amount of the countervailing duty determined under a countervailing duty order issued under section 706, then the difference for entries of merchandise entered, or withdrawn from warehouse, for consumption before notice of the affirmative determination of the Commission under section 705(b) is published shall be—

"(1) disregarded, to the extent that the cash deposit, bond, or other security is lower than the duty under the order, or

"(2) refunded or released, to the extent that the cash deposit, bond, or other security is higher than the duty under the order.

"(b) **DEPOSIT OF ESTIMATED COUNTERVAILING DUTY UNDER SECTION 706(a)(3).**—If the amount of an estimated countervailing duty deposited under section 706(a)(3) is different from the amount of the

countervailing duty determined under a countervailing duty order issued under section 706, then the difference for entries of merchandise entered, or withdrawn from warehouse, for consumption after notice of the affirmative determination of the Commission under section 705(b) is published shall be—

“(1) collected, to the extent that the deposit under section 706(a)(3) is lower than the duty determined under the order, or

“(2) refunded, to the extent that the deposit under section 706(a)(3) is higher than the duty determined under the order, together with interest as provided by section 778.

“Subtitle B—Imposition of Antidumping Duties

19 USC 1673.

“SEC. 731. ANTIDUMPING DUTIES IMPOSED.

“If—

“(1) the administering authority determines that a class or kind of foreign merchandise is being, or is likely to be, sold in the United States at less than its fair value, and

“(2) the Commission determines that—

“(A) an industry in the United States—

“(i) is materially injured, or

“(ii) is threatened with material injury, or

“(B) the establishment of an industry in the United States is materially retarded,

by reason of imports of that merchandise, then there shall be imposed upon such merchandise an antidumping duty, in addition to any other duty imposed, in an amount equal to the amount by which the foreign market value exceeds the United States price for the merchandise.

19 USC 1673a.

“SEC. 732. PROCEDURES FOR INITIATING AN ANTIDUMPING DUTY INVESTIGATION.

“(a) INITIATION BY ADMINISTERING AUTHORITY.—An antidumping duty investigation shall be commenced whenever the administering authority determines, from information available to it, that a formal investigation is warranted into the question of whether the elements necessary for the imposition of a duty under section 731 exist.

“(b) INITIATION BY PETITION.—

“(1) PETITION REQUIREMENTS.—An antidumping proceeding shall be commenced whenever an interested party described in subparagraph (C), (D), or (E) of section 771(9) files a petition with the administering authority, on behalf of an industry, which alleges the elements necessary for the imposition of the duty imposed by section 731, and which is accompanied by information reasonably available to the petitioner supporting those allegations. The petition may be amended at such time, and upon such conditions, as the administering authority and the Commission may permit.

“(2) SIMULTANEOUS FILING WITH COMMISSION.—The petitioner shall file a copy of the petition with the Commission on the same day as it is filed with the administering authority.

“(c) PETITION DETERMINATION.—Within 20 days after the date on which a petition is filed under subsection (b), the administering authority shall—

“(1) determine whether the petition alleges the elements necessary for the imposition of a duty under section 731 and contains information reasonably available to the petitioner supporting the allegations,

"(2) if the determination is affirmative, commence an investigation to determine whether the class or kind of merchandise described in the petition is being, or is likely to be, sold in the United States at less than its fair value, and provide for the publication of notice of the determination in the Federal Register, and

"(d) NOTIFICATION TO COMMISSION OF DETERMINATION.—The administering authority shall—

"(1) notify the Commission immediately of any determination it makes under subsection (a) or (c), and

"(2) if the determination is affirmative, make available to the Commission such information as it may have relating to the matter under investigation, under such procedures as the administering authority and the Commission may establish to prevent disclosure, other than with the consent of the party providing it or under protective order, of any information to which confidential treatment has been given by the administering authority.

Availability of
information.

"SEC. 733. PRELIMINARY DETERMINATIONS.

19 USC 1673b.

"(a) DETERMINATION BY COMMISSION OF REASONABLE INDICATION OF INJURY.—Except in the case of a petition dismissed by the administering authority under section 732(c)(3), the Commission, within 45 days after the date on which a petition is filed under section 732(b) or on which it receives notice from the administering authority of an investigation commenced under section 732(a), shall make a determination, based upon the best information available to it at the time of the determination, of whether there is a reasonable indication that—

"(1) an industry in the United States—

"(A) is materially injured, or

"(B) is threatened with material injury, or

"(2) the establishment of an industry in the United States is materially retarded,

by reason of imports of the merchandise which is the subject of the investigation by the administering authority. If that determination is negative, the investigation shall be terminated.

"(b) PRELIMINARY DETERMINATION BY ADMINISTERING AUTHORITY.—

"(1) PERIOD OF ANTIDUMPING DUTY INVESTIGATION.—Within 160 days after the date on which a petition is filed under section 732(b), or an investigation is commenced under section 732(a), but not before an affirmative determination by the Commission under subsection (a) of this section, the administering authority shall make a determination, based upon the best information available to it at the time of the determination, of whether there is a reasonable basis to believe or suspect that the merchandise is being sold, or is likely to be sold at less than fair value. If the determination of the administering authority under this subsection is affirmative, the determination shall include the estimated average amount by which the foreign market value exceeds the United States price.

"(2) PRELIMINARY DETERMINATION UNDER WAIVER OF VERIFICATION.—Within 75 days after the initiation of an investigation, the administering authority shall cause an official designated for such purpose to review the information concerning the case

Post, p. 187.

received during the first 60 days of the investigation, and, if there appears to be sufficient information available upon which the preliminary determination can reasonably be based, to disclose to the petitioner and any interested party, then a party to the proceedings that requests such disclosure, all available non-confidential information and all other information which is disclosed pursuant to section 777. Within 3 days (not counting Saturdays, Sundays, or legal public holidays) after such disclosure, the petitioner and each party which is an interested party described in subparagraph (C), (D), or (E) of section 771(9) to whom such disclosure was made may furnish to the administering authority an irrevocable written waiver of verification of the information received by the authority, and an agreement that it is willing to have a preliminary determination made on the basis of the record then available to the authority. If a timely waiver and agreement have been received from the petitioner and each party which is an interested party described in subparagraph (C), (D), or (E) of section 771(9) to whom the disclosure was made, and the authority finds that sufficient information is then available upon which the preliminary determination can reasonably be based, a preliminary determination shall be made within 90 days after the commencement of the investigation on the basis of the record established during the first 60 days after the investigation was commenced.

“(c) EXTENSION OF PERIOD IN EXTRAORDINARILY COMPLICATED CASES.—

“(1) IN GENERAL.—If—

“(A) the petitioner makes a timely request for an extension of the period within which the determination must be made under subsection (b)(1), or

“(B) the administering authority concludes that the parties concerned are cooperating and determines that—

“(i) the case is extraordinarily complicated by reason of—

“(I) the number and complexity of the transactions to be investigated or adjustments to be considered,

“(II) the novelty of the issues presented, or

“(III) the number of firms whose activities must be investigated, and

“(ii) additional time is necessary to make the preliminary determination,

then the administering authority may postpone making the preliminary determination under subsection (b)(1) until not later than the 210th day after the date on which a petition is filed under section 732(b), or an investigation is commenced under section 732(a).

“(2) NOTICE OF POSTPONEMENT.—The administering authority shall notify the parties to the investigation, not later than 20 days before the date on which the preliminary determination would otherwise be required under subsection (b)(1), if it intends to postpone making the preliminary determination under paragraph (1). The notification shall include an explanation of the reasons for the postponement, and notice of the postponement shall be published in the Federal Register.

“(d) EFFECT OF DETERMINATION BY THE ADMINISTERING AUTHORITY.—If the preliminary determination of the administering authority under subsection (b) is affirmative, the administering authority—

"(1) shall order the suspension of liquidation of all entries of merchandise subject to the determination which are entered, or withdrawn from warehouse, for consumption on or after the date of publication of the notice of the determination in the Federal Register,

"(2) shall order the posting of a cash deposit, bond, or other security, as it deems appropriate, for each entry of the merchandise concerned equal to the estimated average amount by which the foreign market value exceeds the United States price, and

"(3) shall make available to the Commission all information upon which such determination was based and which the Commission considers relevant to its injury determination, under such procedures as the administering authority and the Commission may establish to prevent disclosure, other than with the consent of the party providing it or under protective order, of any information to which confidential treatment has been given by the administering authority.

"(e) CRITICAL CIRCUMSTANCES DETERMINATIONS.—

"(1) **IN GENERAL.**—If a petitioner alleges critical circumstances in its original petition, or by amendment at any time more than 20 days before the date of a final determination by the administering authority, then the administering authority shall promptly determine, on the basis of the best information available to it at that time, whether there is a reasonable basis to believe or suspect that—

"(A)(i) there is a history of dumping in the United States or elsewhere of the class or kind of the merchandise which is the subject of the investigation, or

"(ii) the person by whom, or for whose account, the merchandise was imported knew or should have known that the exporter was selling the merchandise which is the subject of the investigation at less than its fair value, and

"(B) there have been massive imports of the class or kind of merchandise which is the subject of the investigation over a relatively short period.

"(2) **SUSPENSION OF LIQUIDATION.**—If the determination of the administering authority under paragraph (1) is affirmative, then any suspension of liquidation ordered under subsection (d)(1) shall apply, or, if notice of such suspension of liquidation is already published, be amended to apply, to unliquidated entries of merchandise entered, or withdrawn from warehouse, for consumption on or after the date which is 90 days before the date on which suspension of liquidation was first ordered.

"(f) **NOTICE OF DETERMINATIONS.**—Whenever the Commission or the administering authority makes a determination under this section, it shall notify the petitioner, other parties to the investigation, and the other agency of its determination and of the facts and conclusions of law upon which the determination is based, and it shall publish notice of its determination in the Federal Register.

Publication in
Federal
Register.

"SEC. 734. TERMINATION OR SUSPENSION OF INVESTIGATION.

19 USC 1673c.

"(a) **TERMINATION OF INVESTIGATION ON WITHDRAWAL OF PETITION.**—An investigation under this subtitle may be terminated by either the administering authority or the Commission after notice to all parties to the investigation, upon withdrawal of the petition by the petitioner. The Commission may not terminate an investigation under the preceding sentence before a preliminary determination is made by the administering authority under section 733(b).

“(b) AGREEMENTS TO ELIMINATE COMPLETELY SALES AT LESS THAN FAIR VALUE OR TO CEASE EXPORTS OF MERCHANDISE.—The administering authority may suspend an investigation if the exporters of the merchandise which is the subject of the investigation who account for substantially all of the imports of that merchandise agree—

“(1) to cease exports of the merchandise to the United States within 6 months after the date on which the investigation is suspended, or

“(2) to revise their prices to eliminate completely any amount by which the foreign market value of the merchandise which is the subject of the agreement exceeds the United States price of that merchandise.

“(c) AGREEMENTS ELIMINATING INJURIOUS EFFECT.—

“(1) **GENERAL RULE.—**If the administering authority determines that extraordinary circumstances are present in a case, it may suspend an investigation upon the acceptance of an agreement to revise prices from exporters of the merchandise which is the subject of the investigation who account for substantially all of the imports of that merchandise into the United States, if the agreement will eliminate completely the injurious effect of exports to the United States of that merchandise and if—

“(A) the suppression or undercutting of price levels of domestic products by imports of that merchandise will be prevented, and

“(B) for each entry of each exporter the amount by which the estimated foreign market value exceeds the United States price will not exceed 15 percent of the weighted average amount by which the estimated foreign market value exceeded the United States price for all less-than-fair-value entries of the exporter examined during the course of the investigation.

“(2) DEFINITION OF EXTRAORDINARY CIRCUMSTANCES.—

“(A) **EXTRAORDINARY CIRCUMSTANCES.—**For purposes of this subsection, the term ‘extraordinary circumstances’ means circumstances in which—

“(i) suspension of an investigation will be more beneficial to the domestic industry than continuation of the investigation, and

“(ii) the investigation is complex.

“(B) **COMPLEX.—**For purposes of this paragraph, the term ‘complex’ means—

“(i) there are a large number of transactions to be investigated or adjustments to be considered,

“(ii) the issues raised are novel, or

“(iii) the number of firms involved is large.

“(d) ADDITIONAL RULES AND CONDITIONS.—

“(1) **PUBLIC INTEREST; MONITORING.—**The administering authority shall not accept an agreement under subsection (b) or (c) unless—

“(A) it is satisfied that suspension of the investigation is in the public interest, and

“(B) effective monitoring of the agreement by the United States is practicable.

“(2) **EXPORTS OF MERCHANDISE TO UNITED STATES NOT TO INCREASE DURING INTERIM PERIOD.—**The administering authority may not accept any agreement under subsection (b)(1) unless that agreement provides a means of ensuring that the quantity of the merchandise covered by the agreement exported to the United

States during the period provided for cessation of exports does not exceed the quantity of such merchandise exported to the United States during the most recent representative period determined by the administering authority.

“(e) **SUSPENSION OF INVESTIGATION PROCEDURE.**—Before an investigation may be suspended under subsection (b) or (c) the administering authority shall—

“(1) notify the petitioner of, and consult with the petitioner concerning, its intention to suspend the investigation, and notify other parties to the investigation and the Commission not less than 30 days before the date on which it suspends the investigation,

Notification.

“(2) provide a copy of the proposed agreement to the petitioner at the time of the notification, together with an explanation of how the agreement will be carried out and enforced, and of how the agreement will meet the requirements of subsections (b) and (d) or (c) and (d), and

Copies of proposed agreement.

“(3) permit all parties to the investigation to submit comments and information for the record before the date on which notice of suspension of the investigation is published under subsection (f)(1)(A).

Submittal of comments and information.

“(f) **EFFECTS OF SUSPENSION OF INVESTIGATION.**—

“(1) **IN GENERAL.**—If the administering authority determines to suspend an investigation upon acceptance of an agreement described in subsection (b) or (c), then—

“(A) it shall suspend the investigation, publish notice of suspension of the investigation, and issue an affirmative preliminary determination under section 733(b) with respect to the merchandise which is the subject of the investigation, unless it has previously issued such a determination in the same investigation,

Notice.

“(B) the Commission shall suspend any investigation it is conducting with respect to that merchandise, and

“(C) the suspension of investigation shall take effect on the day on which such notice is published.

“(2) **LIQUIDATION OF ENTRIES.**—

“(A) **CESSATION OF EXPORTS; COMPLETE ELIMINATION OF DUMPING MARGIN.**—If the agreement accepted by the administering authority is an agreement described in subsection (b), then—

“(i) notwithstanding the affirmative preliminary determination required under paragraph (1)(A), the liquidation of entries of merchandise which is the subject of the investigation shall not be suspended under section 733(d)(1),

“(ii) if the liquidation of entries of such merchandise was suspended pursuant to a previous affirmative preliminary determination in the same case with respect to such merchandise, that suspension of liquidation shall terminate, and

“(iii) the administering authority shall refund any cash deposit and release any bond or other security deposited under section 733(d)(2).

“(B) **OTHER AGREEMENTS.**—If the agreement accepted by the administering authority is an agreement described in subsection (c), the liquidation of entries of the merchandise subject to the investigation shall be suspended under section 733(d)(1), or, if the liquidation of entries of such merchandise

was suspended pursuant to a previous affirmative preliminary determination in the same case, that suspension of liquidation shall continue in effect, subject to subsection (h)(3), but the security required under section 733(d)(2) may be adjusted to reflect the effect of the agreement.

“(3) WHERE INVESTIGATION IS CONTINUED.—If, pursuant to subsection (g), the administering authority and the Commission continue an investigation in which an agreement has been accepted under subsection (b) or (c), then—

“(A) if the final determination by the administering authority or the Commission under section 735 is negative, the agreement shall have no force or effect and the investigation shall be terminated, or

“(B) if the final determinations by the administering authority and the Commission under such section are affirmative, the agreement shall remain in force, but the administering authority shall not issue an antidumping duty order in the case so long as—

“(i) the agreement remains in force,

“(ii) the agreement continues to meet the requirements of subsections (b) and (d), or (c) and (d), and

“(iii) the parties to the agreement carry out their obligations under the agreement in accordance with its terms.

“(g) INVESTIGATION TO BE CONTINUED UPON REQUEST.—If the administering authority, within 20 days after the date of publication of the notice of suspension of an investigation, receives a request for the continuation of the investigation from—

“(1) an exporter or exporters accounting for a significant proportion of exports to the United States of the merchandise which is the subject of the investigation, or

“(2) an interested party described in subparagraph (C), (D), or (E) of section 771(9) which is a party to the investigation, then the administering authority and the Commission shall continue the investigation.

“(h) REVIEW OF SUSPENSION.—

“(1) IN GENERAL.—Within 20 days after the suspension of an investigation under subsection (c), an interested party which is a party to the investigation and which is described in subparagraph (C), (D), or (E) of section 771(9) may, by petition filed with the Commission and with notice to the administering authority, ask for a review of the suspension.

“(2) COMMISSION INVESTIGATION.—Upon receipt of a review petition under paragraph (1), the Commission shall, within 75 days after the date on which the petition is filed with it, determine whether the injurious effect of imports of the merchandise which is the subject of the investigation is eliminated completely by the agreement. If the Commission's determination under this subsection is negative, the investigation shall be resumed on the date of publication of notice of such determination as if the affirmative preliminary determination under section 733(b) had been made on that date.

“(3) SUSPENSION OF LIQUIDATION TO CONTINUE DURING REVIEW PERIOD.—The suspension of liquidation of entries of the merchandise which is the subject of the investigation shall terminate at the close of the 20-day period beginning on the day after the date on which notice of suspension of the investigation is published in the Federal Register, or, if a review petition is filed under

paragraph (1) with respect to the suspension of the investigation, in the case of an affirmative determination by the Commission under paragraph (2), the date on which notice of an affirmative determination by the Commission is published. If the determination of the Commission under paragraph (2) is affirmative, then the administering authority shall—

“(A) terminate the suspension of liquidation under section 733(d)(1), and

“(B) release any bond or other security, and refund any cash deposit, required under section 733(d)(2).

“(i) VIOLATION OF AGREEMENT.—

“(1) IN GENERAL.—If the administering authority determines that an agreement accepted under subsection (b) or (c) is being, or has been, violated, or no longer meets the requirements of such subsection (other than the requirement, under subsection (c)(1), of elimination of injury) and subsection (d), then, on the date of publication of its determination, it shall—

“(A) suspend liquidation under section 733(d)(1) of unliquidated entries of the merchandise made on the later of—

“(i) the date which is 90 days before the date of publication of the notice of suspension of liquidation, or

“(ii) the date on which the merchandise, the sale or export to the United States of which was in violation of the agreement, or under an agreement which no longer meets the requirements of subsections (b) and (d), or (c) and (d), was first entered, or withdrawn from warehouse, for consumption,

“(B) if the investigation was not completed, resume the investigation as if its affirmative preliminary determination were made on the date of its determination under this paragraph,

“(C) if the investigation was completed under subsection (g), issue an antidumping duty order under section 736(a) effective with respect to entries of merchandise liquidation of which was suspended, and

“(D) notify the petitioner, interested parties who are or were parties to the investigation, and the Commission of its action under this paragraph.

Notification.

“(2) INTENTIONAL VIOLATION TO BE PUNISHED BY CIVIL PENALTY.—Any person who intentionally violates an agreement accepted by the administering authority under subsection (b) or (c) shall be subject to a civil penalty assessed in the same amount, in the same manner, and under the same procedures, as the penalty imposed for a fraudulent violation of section 592(a) of this Act.

19 USC 1592.

“(j) DETERMINATION NOT TO TAKE AGREEMENT INTO ACCOUNT.—In making a final determination under section 735, or in conducting a review under section 751, in a case in which the administering authority has terminated a suspension of investigation under subsection (i)(1), or continued an investigation under subsection (g), the Commission and the administering authority shall consider all of the merchandise which is the subject of the investigation without regard to the effect of any agreement under subsection (b) or (c).

“SEC. 735. FINAL DETERMINATIONS.

19 USC 1673d.

“(a) FINAL DETERMINATION BY ADMINISTERING AUTHORITY.—

“(1) GENERAL RULE.—Within 75 days after the date of its preliminary determination under section 733(b), the administering authority shall make a final determination of whether the

merchandise which was the subject of the investigation is being, or is likely to be, sold in the United States at less than its fair value.

“(2) **EXTENSION OF PERIOD FOR DETERMINATION.**—The administering authority may postpone making the final determination under paragraph (1) until not later than the 135th day after the date on which it published notice of its preliminary determination under section 733(b) if a request in writing for such a postponement is made by—

“(A) exporters who account for a significant proportion of exports of the merchandise which is the subject of the investigation, in a proceeding in which the preliminary determination by the administering authority under section 733(b) was affirmative, or

“(B) the petitioner, in a proceeding in which the preliminary determination by the administering authority under section 733(b) was negative.

“(3) **CRITICAL CIRCUMSTANCES DETERMINATIONS.**—If the final determination of the administering authority is affirmative, then that determination, in any investigation in which the presence of critical circumstances has been alleged under section 733(e), shall also contain a finding of whether—

“(A)(i) there is a history of dumping in the United States or elsewhere of the class or kind of merchandise which is the subject of the investigation, or

“(ii) the person by whom, or for whose account, the merchandise was imported knew or should have known that the exporter was selling the merchandise which is the subject of the investigation at less than its fair value, and

“(B) there have been massive imports of the merchandise which is the subject of the investigation over a relatively short period.

“(b) **FINAL DETERMINATION BY COMMISSION.**—

“(1) **IN GENERAL.**—The Commission shall make a final determination of whether—

“(A) an industry in the United States—

“(i) is materially injured, or

“(ii) is threatened with material injury, or

“(B) the establishment of an industry in the United States is materially retarded,

by reason of imports of the merchandise with respect to which the administering authority has made an affirmative determination under subsection (a)(1).

“(2) **PERIOD FOR INJURY DETERMINATION FOLLOWING AFFIRMATIVE PRELIMINARY DETERMINATION BY ADMINISTERING AUTHORITY.**—If the preliminary determination by the administering authority under section 733(b) is affirmative, then the Commission shall make the determination required by paragraph (1) before the later of—

“(A) the 120th day after the day on which the administering authority makes its affirmative preliminary determination under section 733(b), or

“(B) the 45th day after the day on which the administering authority makes its affirmative final determination under subsection (a).

“(3) **PERIOD FOR INJURY DETERMINATION FOLLOWING NEGATIVE PRELIMINARY DETERMINATION BY ADMINISTERING AUTHORITY.**—If the preliminary determination by the administering authority

under section 733(b) is negative, and its final determination under subsection (a) is affirmative, then the final determination by the Commission under this subsection shall be made within 75 days after the date of that affirmative final determination.

“(4) CERTAIN ADDITIONAL FINDINGS.—

“(A) If the finding of the administering authority under subsection (a)(2) is affirmative, then the final determination of the Commission shall include a finding as to whether the material injury is by reason of massive imports described in subsection (a)(3) to an extent that, in order to prevent such material injury from recurring, it is necessary to impose the duty imposed by section 731 retroactively on those imports.

“(B) If the final determination of the Commission is that there is no material injury but that there is threat of material injury, then its determination shall also include a finding as to whether material injury by reason of the imports of the merchandise with respect to which the administering authority has made an affirmative determination under subsection (a) would have been found but for any suspension of liquidation of entries of the merchandise.

“(c) EFFECT OF FINAL DETERMINATIONS.—

“(1) EFFECT OF AFFIRMATIVE DETERMINATION BY THE ADMINISTERING AUTHORITY.—If the determination of the administering authority under subsection (a) is affirmative, then—

“(A) the administering authority shall make available to the Commission all information upon which such determination was based and which the Commission considers relevant to its determination, under such procedures as the administering authority and the Commission may establish to prevent disclosure, other than with the consent of the party providing it or under protective order, of any information as to which confidential treatment has been given by the administering authority, and

“(B) in cases where the preliminary determination by the administering authority under section 733(b) was negative, the administering authority shall order under paragraphs (1) and (2) of section 733(d) the suspension of liquidation and the posting of a cash deposit, bond, or other security.

“(2) ISSUANCE OF ORDER; EFFECT OF NEGATIVE DETERMINATION.—If the determinations of the administering authority and the Commission under subsections (a)(1) and (b)(1) are affirmative, then the administering authority shall issue an antidumping duty order under section 736(a). If either of such determinations is negative, the investigation shall be terminated upon the publication of notice of that negative determination and the administering authority shall—

“(A) terminate the suspension of liquidation under section 703(d)(1), and

“(B) release any bond or other security, and refund any cash deposit, required under section 733(d)(2).

“(3) EFFECT OF NEGATIVE DETERMINATIONS UNDER SUBSECTIONS (a)(3) AND (b)(4)(A).—If the determination of the administering authority or the Commission under subsection (a)(3) or (b)(4)(A), respectively, is negative, then the administering authority shall—

“(A) terminate any retroactive suspension of liquidation required under section 733(e)(2), and

Publication in
Federal
Register.

“(B) release any bond or other security, and refund any cash deposit required, under section 733(d)(2) with respect to entries of the merchandise the liquidation of which was suspended retroactively under section 733(e)(2).

“(d) PUBLICATION OF NOTICE OF DETERMINATIONS.—Whenever the administering authority or the Commission makes a determination under this section, it shall notify the petitioner, other parties to the investigation, and the other agency of its determination and of the facts and conclusions of law upon which the determination is based, and it shall publish notice of its determination in the Federal Register.

19 USC 1673e.

“SEC. 736. ASSESSMENT OF DUTY.

“(a) PUBLICATION OF ANTIDUMPING DUTY ORDER.—Within 7 days after being notified by the Commission of an affirmative determination under section 735(b), the administering authority shall publish an antidumping duty order which—

“(1) directs customs officers to assess an antidumping duty equal to the amount by which the foreign market value of the merchandise exceeds the United States price of the merchandise, within 6 months after the date on which the administering authority receives satisfactory information upon which the assessment may be based, but in no event later than—

“(A) 12 months after the end of the annual accounting period of the manufacturer or exporter within which the merchandise is entered, or withdrawn from warehouse, for consumption, or

“(B) in the case of merchandise not sold prior to its importation into the United States, 12 months after the end of the annual accounting period of the manufacturer or exporter within which it is sold in the United States to a person who is not the exporter of that merchandise,

“(2) includes a description of the class or kind of merchandise to which it applies, in such detail as the administering authority deems necessary, and

“(3) requires the deposit of estimated antidumping duties pending liquidation of entries of merchandise at the same time as estimated normal customs duties on that merchandise are deposited.

“(b) IMPOSITION OF DUTY.—

“(1) GENERAL RULE.—If the Commission, in its final determination under section 735(b), finds material injury or threat of material injury which, but for the suspension of liquidation under section 733(d)(1) would have led to a finding of material injury, then entries of the merchandise subject to the antidumping duty order, the liquidation of which has been suspended under section 733(d)(1), shall be subject to the imposition of antidumping duties under section 731.

“(2) SPECIAL RULE.—If the Commission, in its final determination under section 735(b), finds threat of material injury, other than threat of material injury described in paragraph (1), or material retardation of the establishment of an industry in the United States, then merchandise subject to an antidumping duty order which is entered, or withdrawn from warehouse, for consumption on or after the date of publication of notice of an affirmative determination of the Commission under section 735(b) shall be subject to the assessment of antidumping duties under section 731, and the administering authority shall release

any bond or other security, and refund any cash deposit made, to secure the payment of antidumping duties with respect to entries of the merchandise entered, or withdrawn from warehouse, for consumption before that date.

“(c) SECURITY IN LIEU OF ESTIMATED DUTY PENDING EARLY DETERMINATION OF DUTY.—

“(1) CONDITIONS FOR WAIVER OF DEPOSIT OF ESTIMATED DUTIES.—

The administering authority may permit, for not more than 90 days after the date of publication of an order under subsection (a), the posting of a bond or other security in lieu of the deposit of estimated antidumping duties required under subsection (a)(3) if, on the basis of information presented to it by any manufacturer, producer, or exporter in such form and within such time as it may require, it is satisfied that it will be able to determine, within 90 days after the date of publication of an order under subsection (a), the foreign market value and the United States price for all merchandise of such manufacturer, producer, or exporter described in that order which was entered, or withdrawn from warehouse, for consumption on or after the date of publication of—

“(A) an affirmative preliminary determination by the administering authority under section 733(b), or

“(B) if its determination under section 733(b) was negative, an affirmative final determination by the administering authority under section 735(a),

and before the date of publication of the affirmative final determination by the Commission under section 735(b).

“(2) NOTICE; HEARING.—If the administering authority permits the posting of a bond or other security in lieu of the deposit of estimated antidumping duties under paragraph (1), it shall—

Publication in
Federal
Register.

“(3) DETERMINATIONS TO BE BASIS OF ANTIDUMPING DUTY.—The administering authority shall publish notice in the Federal Register of the results of its determination of foreign market value and United States price, and that determination shall be the basis for the assessment of antidumping duties on entries of merchandise to which the notice under this subsection applies and also shall be the basis for the deposit of estimated antidumping duties on future entries of merchandise of manufacturers, producers, or exporters described in paragraph (1) to which the order issued under subsection (a) applies.

Federal
Register.

“(a) DEPOSIT OF ESTIMATED ANTIDUMPING DUTY UNDER SECTION 733(d)(2).—If the amount of a cash deposit collected as security for an estimated antidumping duty under section 733(d)(2) is different from the amount of the antidumping duty determined under an antidumping duty order published under section 736, then the difference for entries of merchandise entered, or withdrawn from warehouse, for consumption before notice of the affirmative determination of the Commission under section 735(b) is published shall be—

"(1) disregarded, to the extent the cash deposit collected is lower than the duty under the order, or

"(2) refunded, to the extent the cash deposit is higher than the duty under the order.

"(b) DEPOSIT OF ESTIMATED ANTIDUMPING DUTY UNDER SECTION 736(a)(3).—If the amount of an estimated antidumping duty deposited under section 736(a)(3) is different from the amount of the antidumping duty determined under an antidumping duty order published under section 736, then the difference for entries of merchandise entered, or withdrawn from warehouse, for consumption after notice of the affirmative determination of the Commission under section 735 (b) is published shall be—

"(1) collected, to the extent that the deposit under section 736(a)(3) is lower than the duty determined under the order, or

"(a) GENERAL RULE.—For all entries, or withdrawals from warehouse, for consumption of merchandise subject to an antidumping duty order on or after the date of publication of such order, no customs officer may deliver merchandise of that class or kind to the person by whom or for whose account it was imported unless that person complies with the requirements of subsection (b) and deposits with the appropriate customs officer an estimated antidumping duty in an amount determined by the administering authority.

"(b) IMPORTER REQUIREMENTS.—In order to meet the requirements of this subsection, a person shall—

"(1) furnish, or arrange to have furnished, to the appropriate customs officer such information as the administering authority deems necessary for determining the United States price of the merchandise imported by or for the account of that person, and such other information as the administering authority deems necessary for ascertaining any antidumping duty to be imposed under this title;

"(2) maintain and furnish to the customs officer such records concerning the sale of the merchandise as the administering authority, by regulation, requires;

"(3) state under oath before the customs officer that he is not an exporter, or if he is an exporter, declare under oath at the time of entry the exporter's sales price of the merchandise to the customs officer if it is then known, or, if not, so declare within 30 days after the merchandise has been sold, or has been made the subject of an agreement to be sold, in the United States; and

"Subtitle C—Review of Determinations

"SEC. 751. ADMINISTRATIVE REVIEW OF DETERMINATIONS. 19 USC 1675.

"(a) PERIODIC REVIEW OF AMOUNT OF DUTY.—

"(1) IN GENERAL.—At least once during each 12-month period beginning on the anniversary of the date of publication of a countervailing duty order under this title or under section 303 of this Act, an antidumping duty order under this title or a finding under the Antidumping Act, 1921, or a notice of the suspension of an investigation, the administering authority, after publication of notice of such review in the Federal Register, shall—

"(A) review and determine the amount of any net subsidy,

"(B) review, and determine (in accordance with paragraph (2)), the amount of any antidumping duty, and

"(C) review the current status of, and compliance with, any agreement by reason of which an investigation was suspended, and review the amount of any net subsidy or margin of sales at less than fair value involved in the agreement,

In reviewing its determination under section 704(h)(2) or 734(h)(2), the Commission shall consider whether, in the light of changed circumstances, an

“(2) LIMITATION ON PERIOD FOR REVIEW.—In the absence of good cause shown—

“(A) the Commission may not review a determination under section 705(b) or 735(b), and

“(B) the administering authority may not review a determination under section 705(a) or 735(a), or the suspension of an investigation suspended under section 704 or 734,

“(e) DETERMINATION THAT BASIS FOR SUSPENSION NO LONGER EXISTS.—If the determination of the Commission under the last sentence of subsection (b)(1) is negative, the agreement shall be treated as not accepted, beginning on the date of the publication of the Commission's determination, and the administering authority and the Commission shall proceed, under section 704(i) or 734(i), as if the agreement had been violated on that date, except that no duty under any order subsequently issued shall be assessed on merchandise entered, or withdrawn from warehouse, for consumption before that date.

“Subtitle D—General Provisions

19 USC 1677.

“SEC. 771. DEFINITIONS; SPECIAL RULES.

“For purposes of this title—

“(1) ADMINISTERING AUTHORITY.—The term ‘administering authority’ means the Secretary of the Treasury, or any other officer of the United States to whom the responsibility for carrying out the duties of the administering authority under this title are transferred by law.

“(2) COMMISSION.—The term ‘Commission’ means the United States International Trade Commission.

“(3) COUNTRY.—The term ‘country’ means a foreign country, a political subdivision, dependent territory, or possession of a foreign country, and, except for the purpose of antidumping proceedings, may include an association of 2 or more foreign countries, political subdivisions, dependent territories, or possessions of countries into a customs union outside the United States.

“(4) INDUSTRY.—

“(A) IN GENERAL.—The term ‘industry’ means the domestic producers as a whole of a like product, or those producers whose collective output of the like product constitutes a major proportion of the total domestic production of that product.

“(B) **RELATED PARTIES.**—When some producers are related to the exporters or importers, or are themselves importers of the allegedly subsidized or dumped merchandise, the term ‘industry’ may be applied in appropriate circumstances by excluding such producers from those included in that industry.

“(C) **REGIONAL INDUSTRIES.**—In appropriate circumstances, the United States, for a particular product market, may be divided into 2 or more markets and the producers within each market may be treated as if they were a separate industry if—

“(i) the producers within such market sell all or almost all of their production of the like product in question in that market, and

“(ii) the demand in that market is not supplied, to any substantial degree, by producers of the product in question located elsewhere in the United States.

In such appropriate circumstances, material injury, the threat of material injury, or material retardation of the establishment of an industry may be found to exist with respect to an industry even if the domestic industry as a whole, or those producers whose collective output of a like product constitutes a major proportion of the total domestic production of that product, is not injured, if there is a concentration of subsidized or dumped imports into such an isolated market and if the producers of all, or almost all, of the production within that market are being materially injured or threatened by material injury, or if the establishment of an industry is being materially retarded, by reason of the subsidized or dumped imports.

“(D) **PRODUCT LINES.**—The effect of subsidized or dumped imports shall be assessed in relation to the United States production of a like product if available data permit the separate identification of production in terms of such criteria as the production process or the producer’s profits. If the domestic production of the like product has no separate identity in terms of such criteria, then the effect of the subsidized or dumped imports shall be assessed by the examination of the production of the narrowest group or range of products, which includes a like product, for which the necessary information can be provided.

“(5) **SUBSIDY.**—The term ‘subsidy’ has the same meaning as the term ‘bounty or grant’ as that term is used in section 303 of this Act, and includes, but is not limited to, the following:

19 USC 1303.

“(A) Any export subsidy described in Annex A to the Agreement (relating to illustrative list of export subsidies).

“(B) The following domestic subsidies, if provided or required by government action to a specific enterprise or industry, or group of enterprises or industries, whether publicly or privately owned, and whether paid or bestowed directly or indirectly on the manufacture, production, or export of any class or kind of merchandise:

“(i) The provision of capital, loans, or loan guarantees on terms inconsistent with commercial considerations.

“(ii) The provision of goods or services at preferential rates.

“(iii) The grant of funds or forgiveness of debt to cover operating losses sustained by a specific industry.

"(iv) The assumption of any costs or expenses of manufacture, production, or distribution.

"(6) NET SUBSIDY.—For the purpose of determining the net subsidy, the administering authority may subtract from the gross subsidy the amount of—

"(A) any application fee, deposit, or similar payment paid in order to qualify for, or to receive, the benefit of the subsidy,

"(B) any loss in the value of the subsidy resulting from its deferred receipt, if the deferral is mandated by Government order, and

"(C) export taxes, duties, or other charges levied on the export of merchandise to the United States specifically intended to offset the subsidy received.

"(7) MATERIAL INJURY.—

"(A) IN GENERAL.—The term 'material injury' means harm which is not inconsequential, immaterial, or unimportant.

"(B) VOLUME AND CONSEQUENT IMPACT.—In making its determinations under sections 703(a), 705(b), 733(a), and 735(b), the Commission shall consider, among other factors—

"(i) the volume of imports of the merchandise which is the subject of the investigation,

"(ii) the effect of imports of that merchandise on prices in the United States for like products, and

"(iii) the impact of imports of such merchandise on domestic producers of like products.

"(C) EVALUATION OF VOLUME AND OF PRICE EFFECTS.—For purposes of subparagraph (B)—

"(i) VOLUME.—In evaluating the volume of imports of merchandise, the Commission shall consider whether the volume of imports of the merchandise, or any increase in that volume, either in absolute terms or relative to production or consumption in the United States, is significant.

"(ii) PRICE.—In evaluating the effect of imports of such merchandise on prices, the Commission shall consider whether—

"(I) there has been significant price undercutting by the imported merchandise as compared with the price of like products of the United States, and

"(II) the effect of imports of such merchandise otherwise depresses prices to a significant degree or prevents price increases, which otherwise would have occurred, to a significant degree.

"(iii) IMPACT ON AFFECTED INDUSTRY.—In examining the impact on the affected industry, the Commission shall evaluate all relevant economic factors which have a bearing on the state of the industry, including, but not limited to—

"(I) actual and potential decline in output, sales, market share, profits, productivity, return on investments, and utilization of capacity,

"(II) factors affecting domestic prices, and

"(III) actual and potential negative effects on cash flow, inventories, employment, wages, growth, ability to raise capital, and investment.

"(D) SPECIAL RULES FOR AGRICULTURAL PRODUCTS.—

“(i) The Commission shall not determine that there is no material injury or threat of material injury to United States producers of an agricultural commodity merely because the prevailing market price is at or above the minimum support price.

“(ii) In the case of agricultural products, the Commission shall consider any increased burden on government income or price support programs.

“(E) SPECIAL RULES.—For purposes of this paragraph—

“(i) NATURE OF SUBSIDY.—In determining whether there is a threat of material injury, the Commission shall consider such information as may be presented to it by the administering authority as to the nature of the subsidy (particularly as to whether the subsidy is an export subsidy inconsistent with the Agreement) provided by a foreign country and the effects likely to be caused by the subsidy.

“(ii) STANDARD FOR DETERMINATION.—The presence or absence of any factor which the Commission is required to evaluate under subparagraph (C) or (D) shall not necessarily give decisive guidance with respect to the determination by the Commission of material injury.

“(8) AGREEMENT ON SUBSIDIES AND COUNTERVAILING MEASURES; AGREEMENT.—The terms ‘Agreement on Subsidies and Countervailing Measures’ and ‘Agreement’ mean the Agreement on Interpretation and Application of Articles VI, XVI, and XXIII of the General Agreement on Tariffs and Trade (relating to subsidies and countervailing measures) approved under section 2(a) of the Trade Agreements Act of 1979.

“(9) INTERESTED PARTY.—The term ‘interested party’ means—

“(A) a foreign manufacturer, producer, or exporter, or the United States importer, of merchandise which is the subject of an investigation under this title or a trade or business association a majority of the members of which are importers of such merchandise,

“(B) the government of a country in which such merchandise is produced or manufactured,

“(C) a manufacturer, producer, or wholesaler in the United States of a like product,

“(D) a certified union or recognized union or group of workers which is representative of an industry engaged in the manufacture, production, or wholesale in the United States of a like product, and

“(E) a trade or business association a majority of whose members manufacture, produce, or wholesale a like product in the United States.

“(10) LIKE PRODUCT.—The term ‘like product’ means a product which is like, or in the absence of like, most similar in characteristics and uses with, the article subject to an investigation under this title.

“(11) AFFIRMATIVE DETERMINATIONS BY DIVIDED COMMISSION.—If the Commissioners voting on a determination by the Commission are evenly divided as to whether the determination should be affirmative or negative, the Commission shall be deemed to have made an affirmative determination. For the purpose of applying this paragraph when the issue before the Commission is to determine whether there is—

“(A) material injury to an industry in the United States,

“(B) threat of material injury to such an industry, or

“(C) material retardation of the establishment of an industry in the United States,

by reason of imports of the merchandise, an affirmative vote on any of the issues shall be treated as a vote that the determination should be affirmative.

“(12) **ATTRIBUTION OF MERCHANDISE TO COUNTRY OF MANUFACTURE OR PRODUCTION.**—For purposes of subtitle A, merchandise shall be treated as the product of the country in which it was manufactured or produced without regard to whether it is imported directly from that country and without regard to whether it is imported in the same condition as when exported from that country or in a changed condition by reason of remanufacture or otherwise.

“(13) **EXPORTER.**—For the purpose of determining United States price, the term ‘exporter’ includes the person by whom or for whose account the merchandise is imported into the United States if—

“(A) such person is the agent or principal of the exporter, manufacturer, or producer;

“(B) such person owns or controls, directly or indirectly, through stock ownership or control or otherwise, any interest in the business of the exporter, manufacturer, or producer;

“(C) the exporter, manufacturer, or producer owns or controls, directly or indirectly, through stock ownership or control or otherwise, any interest in any business conducted by such person; or

“(D) any person or persons, jointly or severally, directly or indirectly, through stock ownership or control or otherwise, own or control in the aggregate 20 percent or more of the voting power or control in the business carried on by the person by whom or for whose account the merchandise is imported into the United States, and also 20 percent or more of such power or control in the business of the exporter, manufacturer, or producer.

“(14) **SOLD OR, IN THE ABSENCE OF SALES, OFFERED FOR SALE.**—The term ‘sold or, in the absence of sales, offered for sale’ means sold or, in the absence of sales, offered—

“(A) to all purchasers at wholesale, or

“(B) in the ordinary course of trade to one or more selected purchasers at wholesale at a price which fairly reflects the market value of the merchandise,

without regard to restrictions as to the disposition or use of the merchandise by the purchaser except that, where such restrictions are found to affect the market value of the merchandise, adjustment shall be made therefor in calculating the price at which the merchandise is sold or offered for sale.

“(15) **ORDINARY COURSE OF TRADE.**—The term ‘ordinary course of trade’ means the conditions and practices which, for a reasonable time prior to the exportation of the merchandise which is the subject of an investigation, have been normal in the trade under consideration with respect to merchandise of the same class or kind.

“(16) **SUCH OR SIMILAR MERCHANDISE.**—The term ‘such or similar merchandise’ means merchandise in the first of the following categories in respect of which a determination for the purposes of subtitle B of this title can be satisfactorily made:

“(A) The merchandise which is the subject of an investigation and other merchandise which is identical in physical characteristics with, and was produced in the same country by the same person as, that merchandise.

“(B) Merchandise—

“(i) produced in the same country and by the same person as the merchandise which is the subject of the investigation,

“(ii) like that merchandise in component material or materials and in the purposes for which used, and

“(iii) approximately equal in commercial value to that merchandise.

“(C) Merchandise—

“(i) produced in the same country and by the same person and of the same general class or kind as the merchandise which is the subject of the investigation,

“(ii) like that merchandise in the purposes for which used, and

“(iii) which the administering authority determines may reasonably be compared with that merchandise.

“(17) USUAL WHOLESAL QUANTITIES.—The term ‘usual whole-sale quantities’, in any case in which the merchandise which is the subject of the investigation is sold in the market under consideration at different prices for different quantities, means the quantities in which such merchandise is there sold at the price or prices for one quantity in an aggregate volume which is greater than the aggregate volume sold at the price or prices for any other quantity.

“SEC. 772. UNITED STATES PRICE.

19 USC 1677a.

“(a) UNITED STATES PRICE.—For purposes of this title, the term ‘United States price’ means the purchase price, or the exporter’s sales price, of the merchandise, whichever is appropriate.

“(b) PURCHASE PRICE.—For purposes of this section, the term ‘purchase price’ means the price at which merchandise is purchased, or agreed to be purchased, prior to the date of importation, from the manufacturer or producer of the merchandise for exportation to the United States. Appropriate adjustments for costs and expenses under subsection (d) shall be made if they are not reflected in the price paid by the person by whom, or for whose account, the merchandise is imported.

“(c) EXPORTER’S SALES PRICE.—For purposes of this section, the term ‘exporter’s sales price’ means the price at which merchandise is sold or agreed to be sold in the United States, before or after the time of importation, by or for the account of the exporter, as adjusted under subsections (d) and (e).

“(d) ADJUSTMENTS TO PURCHASE PRICE AND EXPORTER’S SALES PRICE.—The purchase price and the exporter’s sales price shall be adjusted by being—

“(1) increased by—

“(A) when not included in such price, the cost of all containers and coverings and all other costs, charges, and expenses incident to placing the merchandise in condition, packed ready for shipment to the United States,

“(B) the amount of any import duties imposed by the country of exportation which have been rebated, or which have not been collected, by reason of the exportation of the merchandise to the United States;

“(C) the amount of any taxes imposed in the country of exportation directly upon the exported merchandise or components thereof, which have been rebated, or which have not been collected, by reason of the exportation of the merchandise to the United States, but only to the extent that such taxes are added to or included in the price of such or similar merchandise when sold in the country of exportation; and

“(D) the amount of any countervailing duty imposed on the merchandise under subtitle A of this title or section 303 of this Act to offset an export subsidy, and

“(2) reduced by—

“(A) except as provided in paragraph (1)(D), the amount, if any, included in such price, attributable to any additional costs, charges, and expenses, and United States import duties, incident to bringing the merchandise from the place of shipment in the country of exportation to the place of delivery in the United States; and

“(B) the amount, if included in such price, of any export tax, duty, or other charge imposed by the country of exportation on the exportation of the merchandise to the United States other than an export tax, duty, or other charge described in section 771(6)(C).

“(e) **ADDITIONAL ADJUSTMENTS TO EXPORTER'S SALES PRICE.**—For purposes of this section, the exporter's sales price shall also be adjusted by being reduced by the amount, if any, of—

“(1) commissions for selling in the United States the particular merchandise under consideration,

“(2) expenses generally incurred by or for the account of the exporter in the United States in selling identical or substantially identical merchandise, and

“(3) any increased value, including additional material and labor, resulting from a process of manufacture or assembly performed on the imported merchandise after the importation of the merchandise and before its sale to a person who is not the exporter of the merchandise.

19 USC 1677b.

“**SEC. 773. FOREIGN MARKET VALUE.**

“(a) **DETERMINATION; FICTITIOUS MARKET; SALES AGENCIES.**—For purposes of this title—

“(1) **IN GENERAL.**—The foreign market value of imported merchandise shall be the price, at the time of exportation of such merchandise to the United States—

“(A) at which such or similar merchandise is sold or, in the absence of sales, offered for sale in the principal markets of the country from which exported, in the usual wholesale quantities and in the ordinary course of trade for home consumption, or

“(B) if not so sold or offered for sale for home consumption, or if the administering authority determines that the quantity sold for home consumption is so small in relation to the quantity sold for exportation to countries other than the United States as to form an inadequate basis for comparison, then the price at which so sold or offered for sale for exportation to countries other than the United States, increased by, when not included in such price, the cost of all containers and coverings and all other costs, charges, and expenses incident to placing the merchandise in condition packed ready for shipment to the United States, except that in the case

of merchandise purchased or agreed to be purchased by the person by whom or for whose account the merchandise is imported, prior to the time of importation, the foreign market value shall be ascertained as of the date of such purchase or agreement to purchase. In the ascertainment of foreign market value for the purposes of this title no pretended sale or offer for sale, and no sale or offer for sale intended to establish a fictitious market, shall be taken into account.

“(2) **USE OF CONSTRUCTED VALUE.**—If the administering authority determines that the foreign market value of imported merchandise cannot be determined under paragraph (1)(A), then, notwithstanding paragraph (1)(B), the foreign market value of the merchandise may be the constructed value of that merchandise, as determined under subsection (e).

“(3) **INDIRECT SALES AND OFFERS FOR SALE.**—If such or similar merchandise is sold or, in the absence of sales, offered for sale through a sales agency or other organization related to the seller in any of the respects described in section 771(13), the prices at which such or similar merchandise is sold or, in the absence of sales, offered for sale by such sales agency or other organization may be used in determining the foreign market value.

“(4) **OTHER ADJUSTMENTS.**—In determining foreign market value, if it is established to the satisfaction of the administering authority that the amount of any difference between the United States price and the foreign market value (or that the fact that the United States price is the same as the foreign market value) is wholly or partly due to—

“(A) the fact that the wholesale quantities, in which such or similar merchandise is sold or, in the absence of sales, offered for sale, for exportation to, or in the principal markets of, the United States, as appropriate, in the ordinary course of trade, are less or are greater than the wholesale quantities in which such or similar merchandise is sold or, in the absence of sales, offered for sale, in the principal markets of the country of exportation in the ordinary course of trade for home consumption (or, if not so sold for home consumption, then for exportation to countries other than the United States);

“(B) other differences in circumstances of sale; or

“(C) the fact that merchandise described in paragraph (B) or (C) of section 771(16) is used in determining foreign market value,

then due allowance shall be made therefor.

“(b) **SALES AT LESS THAN COST OF PRODUCTION.**—Whenever the administering authority has reasonable grounds to believe or suspect that sales in the home market of the country of exportation, or, as appropriate, to countries other than the United States, have been made at prices which represent less than the cost of producing the merchandise in question, it shall determine whether, in fact, such sales were made at less than the cost of producing the merchandise. If the administering authority determines that sales made at less than cost of production—

“(1) have been made over an extended period of time and in substantial quantities, and

“(2) are not at prices which permit recovery of all costs within a reasonable period of time in the normal course of trade, such sales shall be disregarded in the determination of foreign market value. Whenever sales are disregarded by virtue of having

been made at less than the cost of production and the remaining sales, made at not less than cost of production, are determined to be inadequate as a basis for the determination of foreign market value under subsection (a), the administering authority shall employ the constructed value of the merchandise to determine its foreign market value.

“(c) STATE-CONTROLLED ECONOMIES.—If available information indicates to the administering authority that the economy of the country from which the merchandise is exported is State-controlled to an extent that sales or offers of sales of such or similar merchandise in that country or to countries other than the United States do not permit a determination of foreign market value under subsection (a) of this section, the administering authority shall determine the foreign market value of the merchandise on the basis of the normal costs, expenses, and profits as reflected by either—

“(1) the prices, determined in accordance with subsection (a) of this section, at which such or similar merchandise of a non-State-controlled-economy country or countries is sold either—

“(A) for consumption in the home market of that country or countries, or

“(B) to other countries, including the United States; or

“(2) the constructed value of such or similar merchandise in a non-State-controlled-economy country or countries as determined under subsection (e).

“(d) SPECIAL RULE FOR CERTAIN MULTINATIONAL CORPORATIONS.—Whenever, in the course of an investigation under this title, the administering authority determines that—

“(1) merchandise exported to the United States is being produced in facilities which are owned or controlled, directly or indirectly, by a person, firm or corporation which also owns or controls, directly or indirectly, other facilities for the production of such or similar merchandise which are located in another country or countries;

“(2) the sales of such or similar merchandise by the company concerned in the home market of the exporting country are nonexistent or inadequate as a basis for comparison with the sales of the merchandise to the United States; and

“(3) the foreign market value of such or similar merchandise produced in one or more of the facilities outside the country of exportation is higher than the foreign market value of such or similar merchandise produced in the facilities located in the country of exportation,

it shall determine the foreign market value of such merchandise by reference to the foreign market value at which such or similar merchandise is sold in substantial quantities by one or more facilities outside the country of exportation. The administering authority, in making any determination under this paragraph, shall make adjustments for the difference between the costs of production (including taxes, labor, materials, and overhead) of such or similar merchandise produced in facilities outside the country of exportation and costs of production of such or similar merchandise produced in the facilities in the country of exportation, if such differences are demonstrated to its satisfaction. For the purposes of this subsection, in determining foreign market value of such or similar merchandise produced in a country outside of the country of exportation, the administering authority shall determine its price at the time of exportation from the country of exportation and shall make any adjustments required by subsection (a) of this section for the cost of all containers and

coverings and all other costs, charges, and expenses incident to placing the merchandise in condition packed ready for shipment to the United States by reference to such costs in the country of exportation.

“(e) CONSTRUCTED VALUE.—

“(1) DETERMINATION.—For the purposes of this title, the constructed value of imported merchandise shall be the sum of—

“(A) the cost of materials (exclusive of any internal tax applicable in the country of exportation directly to such materials or their disposition, but remitted or refunded upon the exportation of the article in the production of which such materials are used) and of fabrication or other processing of any kind employed in producing such or similar merchandise, at a time preceding the date of exportation of the merchandise under consideration which would ordinarily permit the production of that particular merchandise in the ordinary course of business;

“(B) an amount for general expenses and profit equal to that usually reflected in sales of merchandise of the same general class or kind as the merchandise under consideration which are made by producers in the country of exportation, in the usual wholesale quantities and in the ordinary course of trade, except that—

“(i) the amount for general expenses shall not be less than 10 percent of the cost as defined in subparagraph (A), and

“(ii) the amount for profit shall not be less than 8 percent of the sum of such general expenses and cost; and

“(C) the cost of all containers and coverings of whatever nature, and all other expenses incidental to placing the merchandise under consideration in condition, packed ready for shipment to the United States.

“(2) TRANSACTIONS DISREGARDED; BEST EVIDENCE.—For the purposes of this subsection, a transaction directly or indirectly between persons specified in any one of the subparagraphs in paragraph (3) of this subsection may be disregarded if, in the case of any element of value required to be considered, the amount representing that element does not fairly reflect the amount usually reflected in sales in the market under consideration of merchandise under consideration. If a transaction is disregarded under the preceding sentence and there are no other transactions available for consideration, then the determination of the amount required to be considered shall be based on the best evidence available as to what the amount would have been if the transaction had occurred between persons not specified in any one of the subparagraphs in paragraph (3) of this section.

“(3) RELATED PARTIES.—The persons referred to in paragraph (2) of this subsection are:

“(A) Members of a family, including brothers and sisters (whether by the whole or half blood), spouse, ancestors, and lineal descendants.

“(B) Any officer or director of an organization and such organization.

“(C) Partners.

“(D) Employer and employee.

“(E) Any person directly or indirectly owning, controlling, or holding with power to vote, 5 percent or more of the

outstanding voting stock or shares of any organization and such organization.

“(F) Two or more persons directly or indirectly controlling, controlled by, or under common control with, any person.

“(f) **AUTHORITY TO USE SAMPLING TECHNIQUES AND TO DISREGARD INSIGNIFICANT ADJUSTMENTS.**—For the purpose of determining foreign market value under this section, the administering authority may—

“(1) use averaging or generally recognized sampling techniques whenever a significant volume of sales is involved or a significant number of adjustments to prices is required, and

“(2) decline to take into account adjustments which are insignificant in relation to the price or value of the merchandise.

19 USC 1677c.

“SEC. 774. **HEARINGS.**

“(a) **INVESTIGATION HEARINGS.**—The administering authority and the Commission shall each hold a hearing in the course of an investigation upon the request of any party to the investigation before making a final determination under section 705 or 735.

Publication in
Federal
Register.

“(b) **PROCEDURES.**—Any hearing required or permitted under this title shall be conducted after notice published in the Federal Register, and a transcript of the hearing shall be prepared and made available to the public. The hearing shall not be subject to the provisions of subchapter II of chapter 5 of title 5, United States Code, or to section 702 of such title.

5 USC 551, 702.

19 USC 1677d.

“SEC. 775. **SUBSIDY PRACTICES DISCOVERED DURING AN INVESTIGATION.**

“If, in the course of an investigation under this title, the administering authority discovers a practice which appears to be a subsidy, but was not included in the matters alleged in a countervailing duty petition, then the administering authority—

“(1) shall include the practice in the investigation if it appears to be a subsidy with respect to the merchandise which is the subject of the investigation, or

“(2) shall transfer the information concerning the practice (other than confidential information) to the library maintained under section 777(a)(1), if the practice appears to be a subsidy with respect to any other merchandise.

19 USC 1677e.

“SEC. 776. **VERIFICATION OF INFORMATION.**

“(a) **GENERAL RULE.**—Except with respect to information the verification of which is waived under section 733(b)(2), the administering authority shall verify all information relied upon in making a final determination in an investigation. In publishing such a determination, the administering authority shall report the methods and procedures used to verify such information. If the administering authority is unable to verify the accuracy of the information submitted, it shall use the best information available to it as the basis for its determination, which may include the information submitted in support of the petition.

“(b) **DETERMINATIONS TO BE MADE ON BEST INFORMATION AVAILABLE.**—In making their determinations under this title, the administering authority and the Commission shall, whenever a party or any other person refuses or is unable to produce information requested in a timely manner and in the form required, or otherwise significantly impedes an investigation, use the best information otherwise available.

"SEC. 777. ACCESS TO INFORMATION.

19 USC 1677f.

"(a) INFORMATION GENERALLY MADE AVAILABLE.—

"(1) PUBLIC INFORMATION FUNCTION.—There shall be established a library of information relating to foreign subsidy practices and countervailing measures. Copies of material in the library shall be made available to the public upon payment of the costs of preparing such copies.

"(2) PROGRESS OF INVESTIGATION REPORTS.—The administering authority and the Commission shall, from time to time upon request, inform the parties to an investigation of the progress of that investigation.

"(3) EX PARTE MEETINGS.—The administering authority and the Commission shall maintain a record of ex parte meetings between—

"(A) interested parties or other persons providing factual information in connection with an investigation, and

"(B) the person charged with making the determination, and any person charged with making a final recommendation to that person, in connection with that investigation.

The record of the ex parte meeting shall include the identity of the persons present at the meeting, the date, time, and place of the meeting, and a summary of the matters discussed or submitted. The record of the ex parte meeting shall be included in the record of the proceeding.

"(4) SUMMARIES; NONCONFIDENTIAL SUBMISSIONS.—The administering authority and the Commission may disclose—

"(A) any confidential information received in the course of a proceeding if it is disclosed in a form which cannot be associated with, or otherwise be used to identify, operations of a particular person, and

"(B) any information submitted in connection with a proceeding which is not designated as confidential by the person submitting it.

"(b) CONFIDENTIAL INFORMATION.—

"(1) CONFIDENTIALITY MAINTAINED.—Except as provided in subsection (a)(4)(A) and subsection (c), information submitted to the administering authority or the Commission which is designated as confidential by the person submitting it shall not be disclosed to any person (other than an officer or employee of the administering authority or the Commission who is directly concerned with carrying out the investigation in connection with which the information is submitted) without the consent of the person submitting it. The administering authority and the Commission may require that information for which confidential treatment is requested be accompanied by a non-confidential summary in sufficient detail to permit a reasonable understanding of the substance of the information submitted in confidence, or a statement that the information is not susceptible to summary, accompanied by a statement of the reasons in support of the contention.

"(2) UNWARRANTED DESIGNATION.—If the administering authority or the Commission determines, on the basis of the nature and extent of the information or its availability from public sources, that designation of any information as confidential is unwarranted, then it shall notify the person who submitted it and ask for an explanation of the reasons for the designation. Unless that person persuades the administering authority or the Commission that the designation is warranted,

or withdraws the designation, the administering authority or the Commission, as the case may be, shall return it to the party submitting it.

“(c) LIMITED DISCLOSURE OF CERTAIN CONFIDENTIAL INFORMATION UNDER PROTECTIVE ORDER.—

“(1) DISCLOSURE BY ADMINISTERING AUTHORITY OR COMMISSION.—

“(A) IN GENERAL.—Upon receipt of an application, which describes with particularity the information requested and sets forth the reasons for the request, the administering authority and the Commission may make confidential information submitted by any other party to the investigation available under a protective order described in subparagraph (B).

“(B) PROTECTIVE ORDER.—The protective order under which information is made available shall contain such requirements as the administering authority or the Commission may determine by regulation to be appropriate. The administering authority and the Commission shall provide by regulation for such sanctions as the administering authority and the Commission determine to be appropriate, including disbarment from practice before the agency.

“(2) DISCLOSURE UNDER COURT ORDER.—If the administering authority denies a request for information under paragraph (1), or the Commission denies a request for confidential information submitted by the petitioner or an interested party in support of the petitioner concerning the domestic price or cost of production of the like product, then application may be made to the United States Customs Court for an order directing the administering authority or the Commission to make the information available. After notification of all parties to the investigation and after an opportunity for a hearing on the record, the court may issue an order, under such conditions as the court deems appropriate, which shall not have the effect of stopping or suspending the investigation, directing the administering authority or the Commission to make all or a portion of the requested information described in the preceding sentence available under a protective order and setting forth sanctions for violation of such order if the court finds that, under the standards applicable in proceedings of the court, such an order is warranted, and that—

“(A) the administering authority or the Commission has denied access to the information under subsection (b)(1),

“(B) the person on whose behalf the information is requested is an interested party who is a party to the investigation in connection with which the information was obtained or developed, and

“(C) the party which submitted the information to which the request relates has been notified, in advance of the hearing, of the request made under this section and of its right to appear and be heard.

“SEC. 778. INTEREST ON CERTAIN OVERPAYMENTS AND UNDERPAYMENTS.

“(a) GENERAL RULE.—Interest shall be payable on overpayments and underpayments of amounts deposited on merchandise entered, or withdrawn from warehouse, for consumption on and after the date on which notice of an affirmative determination by the Commission under section 705(b) or 735(b) with respect to such merchandise is published.

“(b) **RATE.**—The rate at which such interest is payable shall be 8 percent per annum, or, if higher, the rate in effect under section 6621 of the Internal Revenue Code of 1954 on the date on which the rate or amount of the duty is finally determined.”.

(a) **PENDING INVESTIGATIONS OF BOUNTIES OR GRANTS.**—If, on the effective date of the application of title VII of the Tariff Act of 1930 to imports from a country, there is an investigation in progress under section 303 of that Act as to whether a bounty or grant is being paid or bestowed on imports from such country, then:

19 USC 1671

Ante, p. 150.

(1) If the Secretary of the Treasury has not yet made a preliminary determination under section 303 of that Act as to whether a bounty or grant is being paid or bestowed, he shall terminate the investigation under section 303 and the matter previously under investigation shall be subject to this title as if the affirmative determination called for in section 702 of that Act were made with respect to that matter on the effective date of the application of title VII of that Act to such country.

19 USC 1303.

(b) **PENDING INVESTIGATIONS OF LESS-THAN-FAIR-VALUE SALES.**—If, on the effective date of title VII of the Tariff Act of 1930, there is an investigation in progress under the Antidumping Act, 1921, as to whether imports from a country are being, or are likely to be, sold in the United States or elsewhere at less than fair value, then:

19 USC 160 note.

(1) If the Secretary has not yet made a preliminary determination under the Antidumping Act, 1921, as to the question of less-than-fair-value sales, he shall terminate the investigation and the United States International Trade Commission shall terminate any investigation under section 201(c)(2) of the Antidumping Act, 1921, and the matter previously under investigation shall be subject to the provisions of title VII of the Tariff Act of 1930 as if the affirmative determination called for in section 732 were made with respect to such matter on the effective date of title VII of the Tariff Act of 1930.

19 USC 160.

(2) If the Secretary has made under the Antidumping Act, 1921, a preliminary determination, but not a final determination, that imports from such country are being or are likely to be sold in the United States or elsewhere at less than fair value, the investigation shall be terminated and the matter previously under investigation shall be subject to the provisions of title VII of the Tariff Act of 1930 as if the preliminary determination under the Antidumping Act, 1921, were a preliminary determination under section 733 of that title made on the effective date of title VII of the Tariff Act of 1930.

(2) treat any final determination of the Secretary of the Treasury under the Antidumping Act, 1921, as a final determination under section 735(a) of the Tariff Act of 1930.

Ante, p. 169.

TITLE II—CUSTOMS VALUATION**Subtitle A—Valuation Standards Amendments****SEC. 201. VALUATION OF IMPORTED MERCHANDISE.**

(a) **VALUATION STANDARDS.**—Section 402 of the Tariff Act of 1930 (19 U.S.C. 1401a) is amended to read as follows:

“SEC. 402. VALUE.

“(a) **IN GENERAL.**—(1) Except as otherwise specifically provided for in this Act, imported merchandise shall be appraised, for the purposes of this Act, on the basis of the following:

“(A) The transaction value provided for under subsection (b).

“(B) The transaction value of identical merchandise provided for under subsection (c), if the value referred to in subparagraph (A) cannot be determined, or can be determined but cannot be used by reason of subsection (b)(2).

“(C) The transaction value of similar merchandise provided for under subsection (c), if the value referred to in subparagraph (B) cannot be determined.

“(D) The deductive value provided for under subsection (d), if the value referred to in subparagraph (C) cannot be determined and if the importer does not request alternative valuation under paragraph (2).

“(E) The computed value provided for under subsection (e), if the value referred to in subparagraph (D) cannot be determined.

“(F) The value provided for under subsection (f), if the value referred to in subparagraph (E) cannot be determined.

“(2) If the value referred to in paragraph (1)(C) cannot be determined with respect to imported merchandise, the merchandise shall be appraised on the basis of the computed value provided for under paragraph (1)(E), rather than the deductive value provided for under paragraph (1)(D), if the importer makes a request to that effect to the customs officer concerned within such time as the Secretary shall prescribe. If the computed value of the merchandise cannot subsequently be determined, the merchandise may not be appraised on the basis of the value referred to in paragraph (1)(F) unless the deductive value of the merchandise cannot be determined under paragraph (1)(D).

“(3) Upon written request therefor by the importer of merchandise, and subject to provisions of law regarding the disclosure of information, the customs officer concerned shall provide the importer with a written explanation of how the value of that merchandise was determined under this section.

“(b) **TRANSACTION VALUE OF IMPORTED MERCHANDISE.**—(1) The transaction value of imported merchandise is the price actually paid or payable for the merchandise when sold for exportation to the United States, plus amounts equal to—

“(A) the packing costs incurred by the buyer with respect to the imported merchandise;

“(B) any selling commission incurred by the buyer with respect to the imported merchandise;

“(C) the value, apportioned as appropriate, of any assist;

“(D) any royalty or license fee related to the imported merchandise that the buyer is required to pay, directly or indirectly, as a condition of the sale of the imported merchandise for exportation to the United States; and

“(E) the proceeds of any subsequent resale, disposal, or use of the imported merchandise that accrue, directly or indirectly, to the seller.

The price actually paid or payable for imported merchandise shall be increased by the amounts attributable to the items (and no others) described in subparagraphs (A) through (E) only to the extent that each such amount (i) is not otherwise included within the price actually paid or payable; and (ii) is based on sufficient information. If sufficient information is not available, for any reason, with respect to any amount referred to in the preceding sentence, the transaction value of the imported merchandise concerned shall be treated, for purposes of this section, as one that cannot be determined.

“(2)(A) The transaction value of imported merchandise determined under paragraph (1) shall be the appraised value of that merchandise for the purposes of this Act only if—

“(i) there are no restrictions on the disposition or use of the imported merchandise by the buyer other than restrictions that—

“(I) are imposed or required by law,

“(II) limit the geographical area in which the merchandise may be resold, or

“(III) do not substantially affect the value of the merchandise;

“(ii) the sale of, or the price actually paid or payable for, the imported merchandise is not subject to any condition or consideration for which a value cannot be determined with respect to the imported merchandise;

“(iii) no part of the proceeds of any subsequent resale, disposal, or use of the imported merchandise by the buyer will accrue directly or indirectly to the seller, unless an appropriate adjustment therefor can be made under paragraph (1)(E); and

“(iv) the buyer and seller are not related, or the buyer and seller are related but the transaction value is acceptable, for purposes of this subsection, under subparagraph (B).

“(B) The transaction value between a related buyer and seller is acceptable for the purposes of this subsection if an examination of the circumstances of the sale of the imported merchandise indicates that the relationship between such buyer and seller did not influence the price actually paid or payable; or if the transaction value of the imported merchandise closely approximates—

“(i) the transaction value of identical merchandise, or of similar merchandise, in sales to unrelated buyers in the United States;

“(ii) the deductive value or computed value for identical merchandise or similar merchandise; or

“(iii) the transaction value determined under this subsection in sales to unrelated buyers of merchandise, for exportation to the United States, that is identical in all respects to the imported merchandise but was not produced in the country in which the imported merchandise was produced;

but only if each value referred to in clause (i), (ii) or (iii) that is used for comparison relates to merchandise that was exported to the United States at or about the same time as the imported merchandise. No two sales to unrelated buyers may be used for comparison for purposes of clause (iii) unless the sellers are unrelated.

“(C) In applying the values used for comparison purposes under subparagraph (B), there shall be taken into account differences with respect to the sales involved (if such differences are based on

sufficient information whether supplied by the buyer or otherwise available to the customs officer concerned) in—

- “(i) commercial levels;
- “(ii) quantity levels;
- “(iii) the costs, commissions, values, fees, and proceeds described in paragraph (1); and
- “(iv) the costs incurred by the seller in sales in which he and the buyer are not related that are not incurred by the seller in sales in which he and the buyer are related.

“(3) The transaction value of imported merchandise does not include any of the following, if identified separately from the price actually paid or payable and from any cost or other item referred to in paragraph (1):

- “(A) Any reasonable cost or charge that is incurred for—
 - “(i) the construction, erection, assembly, or maintenance of, or the technical assistance provided with respect to, the merchandise after its importation into the United States; or
 - “(ii) the transportation of the merchandise after such importation.
- “(B) The customs duties and other Federal taxes currently payable on the imported merchandise by reason of its importation, and any Federal excise tax on, or measured by the value of, such merchandise for which vendors in the United States are ordinarily liable.

“(4) For purposes of this subsection—

“Price actually paid or payable.”

“(A) The term ‘price actually paid or payable’ means the total payment (whether direct or indirect, and exclusive of any costs, charges, or expenses incurred for transportation, insurance, and related services incident to the international shipment of the merchandise from the country of exportation to the place of importation in the United States) made, or to be made, for imported merchandise by the buyer to, or for the benefit of, the seller.

“(B) Any rebate of, or other decrease in, the price actually paid or payable that is made or otherwise effected between the buyer and seller after the date of the importation of the merchandise into the United States shall be disregarded in determining the transaction value under paragraph (1).

“(c) TRANSACTION VALUE OF IDENTICAL MERCHANDISE AND SIMILAR MERCHANDISE.—(1) The transaction value of identical merchandise, or of similar merchandise, is the transaction value (acceptable as the appraised value for purposes of this Act under subsection (b) but adjusted under paragraph (2) of this subsection) of imported merchandise that is—

“(A) with respect to the merchandise being appraised, either identical merchandise or similar merchandise, as the case may be; and

“(B) exported to the United States at or about the time that the merchandise being appraised is exported to the United States.

“(2) Transaction values determined under this subsection shall be based on sales of identical merchandise or similar merchandise, as the case may be, at the same commercial level and in substantially the same quantity as the sales of the merchandise being appraised. If no such sale is found, sales of identical merchandise or similar merchandise at either a different commercial level or in different quantities, or both, shall be used, but adjusted to take account of any such difference. Any adjustment made under this paragraph shall be based on sufficient information. If in applying this paragraph with

respect to any imported merchandise, two or more transaction values for identical merchandise, or for similar merchandise, are determined, such imported merchandise shall be appraised on the basis of the lower or lowest of such values.

“(d) DEDUCTIVE VALUE.—(1) For purposes of this subsection, the term ‘merchandise concerned’ means the merchandise being appraised, identical merchandise, or similar merchandise.

“Merchandise concerned.”

“(2)(A) The deductive value of the merchandise being appraised is whichever of the following prices (as adjusted under paragraph (3)) is appropriate depending upon when and in what condition the merchandise concerned is sold in the United States:

“(i) If the merchandise concerned is sold in the condition as imported at or about the date of importation of the merchandise being appraised, the price is the unit price at which the merchandise concerned is sold in the greatest aggregate quantity at or about such date.

“(ii) If the merchandise concerned is sold in the condition as imported but not sold at or about the date of importation of the merchandise being appraised, the price is the unit price at which the merchandise concerned is sold in the greatest aggregate quantity after the date of importation of the merchandise being appraised but before the close of the 90th day after the date of such importation.

“(iii) If the merchandise concerned was not sold in the condition as imported and not sold before the close of the 90th day after the date of importation of the merchandise being appraised, the price is the unit price at which the merchandise being appraised, after further processing, is sold in the greatest aggregate quantity before the 180th day after the date of such importation. This clause shall apply to appraisement of merchandise only if the importer so elects and notifies the customs officer concerned of that election within such time as shall be prescribed by the Secretary.

“(B) For purposes of subparagraph (A), the unit price at which merchandise is sold in the greatest aggregate quantity is the unit price at which such merchandise is sold to unrelated persons, at the first commercial level after importation (in cases to which subparagraph (A) (i) or (ii) applies) or after further processing (in cases to which subparagraph (A)(iii) applies) at which such sales take place, in a total volume that is (i) greater than the total volume sold at any other unit price, and (ii) sufficient to establish the unit price.

Unit price.

“(3)(A) The price determined under paragraph (2) shall be reduced by an amount equal to—

“(i) any commission usually paid or agreed to be paid, or the addition usually made for profit and general expenses, in connection with sales in the United States of imported merchandise that is of the same class or kind, regardless of the country of exportation, as the merchandise concerned;

“(ii) the actual costs and associated costs of transportation and insurance incurred with respect to international shipments of the merchandise concerned from the country of exportation to the United States;

“(iii) the usual costs and associated costs of transportation and insurance incurred with respect to shipments of such merchandise from the place of importation to the place of delivery in the United States, if such costs are not included as a general expense under clause (i);

“(iv) the customs duties and other Federal taxes currently payable on the merchandise concerned by reason of its importation, and any Federal excise tax on, or measured by the value of, such merchandise for which vendors in the United States are ordinarily liable; and

“(v) (but only in the case of a price determined under paragraph (2)(A)(iii)) the value added by the processing of the merchandise after importation to the extent that the value is based on sufficient information relating to cost of such processing.

“(B) For purposes of applying paragraph (A)—

“(i) the deduction made for profits and general expenses shall be based upon the importer’s profits and general expenses, unless such profits and general expenses are inconsistent with those reflected in sales in the United States of imported merchandise of the same class or kind, in which case the deduction shall be based on the usual profit and general expenses reflected in such sales, as determined from sufficient information; and

“(ii) any State or local tax imposed on the importer with respect to the sale of imported merchandise shall be treated as a general expense.

“(C) The price determined under paragraph (2) shall be increased (but only to the extent that such costs are not otherwise included) by an amount equal to the packing costs incurred by the importer or the buyer, as the case may be, with respect to the merchandise concerned.

“(D) For purposes of determining the deductive value of imported merchandise, any sale to a person who supplies any assist for use in connection with the production or sale for export of the merchandise concerned shall be disregarded.

“(e) COMPUTED VALUE.—(1) The computed value of imported merchandise is the sum of—

“(A) the cost or value of the materials and the fabrication and other processing of any kind employed in the production of the imported merchandise;

“(B) an amount for profit and general expenses equal to that usually reflected in sales of merchandise of the same class or kind as the imported merchandise that are made by the producers in the country of exportation for export to the United States;

“(C) any assist, if its value is not included under subparagraph (A) or (B); and

“(D) the packing costs.

“(2) For purposes of paragraph (1)—

“(A) the cost or value of materials under paragraph (1)(A) shall not include the amount of any internal tax imposed by the country of exportation that is directly applicable to the materials or their disposition if the tax is remitted or refunded upon the exportation of the merchandise in the production of which the materials were used; and

“(B) the amount for profit and general expenses under paragraph (1)(B) shall be based upon the producer’s profits and expenses, unless the producer’s profits and expenses are inconsistent with those usually reflected in sales of merchandise of the same class or kind as the imported merchandise that are made by producers in the country of exportation for export to the United States, in which case the amount under paragraph (1)(B) shall be based on the usual profit and general expenses of such producers in such sales, as determined from sufficient information.

“(f) VALUE IF OTHER VALUES CANNOT BE DETERMINED OR USED.—(1) If the value of imported merchandise cannot be determined, or

otherwise used for the purposes of this Act, under subsections (b) through (e), the merchandise shall be appraised for the purposes of this Act on the basis of a value that is derived from the methods set forth in such subsections, with such methods being reasonably adjusted to the extent necessary to arrive at a value.

"(2) Imported merchandise may not be appraised, for the purposes of this Act, on the basis of—

Imported merchandise, appraisal.

"(A) the selling price in the United States of merchandise produced in the United States;

"(B) a system that provides for the appraisal of imported merchandise at the higher of two alternative values;

"(C) the price of merchandise in the domestic market of the country of exportation;

"(D) a cost of production, other than a value determined under subsection (e) for merchandise that is identical merchandise or similar merchandise to the merchandise being appraised;

"(G) arbitrary or fictitious values.

This paragraph shall not apply with respect to the ascertainment, determination, or estimation of foreign market value or United States price under title VII.

Ante, p. 150.

"(g) SPECIAL RULES.—(1) For purposes of this section, the persons specified in any of the following subparagraphs shall be treated as persons who are related:

"(2) For purposes of this section, merchandise (including, but not limited to, identical merchandise and similar merchandise) shall be treated as being of the same class or kind as other merchandise if it is within a group or range of merchandise produced by a particular industry or industry sector.

"(3) For purposes of this section, information that is submitted by an importer, buyer, or producer in regard to the appraisal of merchandise may not be rejected by the customs officer concerned on the basis of the accounting method by which that information was prepared, if the preparation was in accordance with generally accepted accounting principles. The term 'generally accepted accounting principles' refers to any generally recognized consensus or substantial authoritative support regarding—

Subpart B.—Industrial Organic Chemicals

Subpart B headnotes:

1. The provisions of items 402.00 to 406.61, inclusive, in this subpart shall apply not only to the products described therein when obtained, derived, or manufactured in whole or in part from products described in subpart A of this part, but shall also apply to products of like chemical composition having a benzenoid, quinoid, or modified benzenoid structure artificially produced by synthesis, whether or not obtained, derived, or manufactured in whole or in part from products described in said subpart A.

2. For the purpose of classification of merchandise provided for under items 402.36 to 406.61, inclusive, the following provisions shall govern:

(a) The term "derivatives" refers to only those derivatives which may be obtained by one or more of the following processes: Halogenation, nitration, nitrosation, or sulfonation, and is to be understood to include sulfonyl halides.

(b) A compound with functional groups described in two or more items under items 402.36 to 406.61, inclusive, is to be classified in the latest applicable item. For example, 4-

acetamido-2-aminophenol, which contains three functional groups, will be classified in 405.12 (Amides), rather than in 404.92 to 405.08, inclusive (Aminophenols), or in 404.84 and 404.88 (Amines), or in 403.51 (Phenols). When applicable, classification should be made in accordance with the following principles:

(i) Salts of organic acids (including phenols) with inorganic bases and salts of organic bases with inorganic acids are to be classified under the same superior heading as the organic acid or base; salts of organic acids with organic bases are to be classified either under the superior heading which describes the functional groups present in the free acid or under the one which describes the functional groups present in the free base, whichever is listed later...

(ii) Esters of organic acids are to be classified either under the superior heading which describes the functional groups present in the free acid or under the one which describes the functional groups present in the free alcohol or phenol, whichever is listed later.....

(iii) The above provisions apply also in cases where the component having the functional groups described under the later superior heading is not of benzenoid origin. For example, benzyl acetate is classified under carboxylic acids (404.24 to 404.46, inclusive) rather than under alcohols (403.45).....

Subpart C.—Finished Organic Chemical Products

Subpart C headnotes:

1. The provisions of this subpart providing for products obtained, derived, or manufactured in whole or in part from products described in subpart A or B of this part shall also apply to products of like chemical composition having a benzenoid, quinoid, or modified benzenoid structure artificially produced by synthesis, whether or not obtained, derived, or manufactured in whole or in part from products described in the said subpart A or B.

2. The term "pesticides" in items 408.16 to 408.36, inclusive, means products, such as insecticides, rodenticides, fungicides, herbicides, fumigants, and seed disinfectants, chiefly used to destroy undesired animal or plant life.

3. The term "plastics materials" in items 408.44 to 409.18, inclusive, embraces products formed by the condensation, polymerization, or copolymerization of organic chemicals and to which plasticizers, fillers, colors, or extenders may have been added. The term includes, but is not limited to, phenolic and other tar - acid resins, styrene resins, alkyd and polyester resins based on phthalic anhydride, coumarone-indene resins, urethane, epoxy, toluene sulfonamide, maleic, fumaric, aniline, and polyamide resins, and other synthetic resins. The plastics materials may be in solid, semi-solid, or liquid condition, such as flakes, powders, pellets, granules, solutions, emulsions, and other basic forms not further processed.

4. For the purpose of the classification of merchandise provided for under items 408.44 to 409.18, inclusive, the following provisions shall apply:

(a) The term "thermoplastic resins" means those materials in unfinished forms which in their final state as finished articles are capable of being repeatedly softened by increase of temperature and hardened by decrease of temperature.

(b) The term "thermosetting resins" (or thermosets) means those materials in unfinished forms which in their final state as finished articles are substantially infusible. Thermosetting resins are often liquids at some stage in their manufacture or processing and are cured by heat, catalysis, or other chemical means. After being fully cured, thermosets cannot be resoftened by heat.

(c) Copolymers and terpolymers not specially provided for shall be classified as if they consisted entirely of that monomer which is present in the largest amount by weight on a resin content basis (i.e., excluding the weight of plasticizers, liquid diluents, fillers, or other additives). Any polymer consisting of two or more monomers which are present in equal amounts shall be classified as if it consisted entirely of that monomer whose polymer is listed first under the thermoplastic or thermosetting resins, as appropriate.

5. The term "paints and enamel paints" in this subpart covers dispersions of pigments or pigment-like materials with a liquid (vehicle) which are suitable for application to surfaces as a thin layer, and which dry (harden) to an opaque, solid film. The vehicle of paints consists of drying oils or resins which bind the pigment particles together in the film; the vehicle of enamel paints is principally varnish. Paints and enamel paints may also contain thinners, driers, plasticizers, or other agents.

6. The term "varnishes" in this subpart covers liquid surface-coating products which contain no pigments or pigment-like materials, and which dry (harden) to a transparent or translucent film. Shellac varnishes are solutions of shellac or any other form of lac in a volatile solvent such as ethyl alcohol. Oleoresinous varnishes consist of resins dissolved in or reacted with a drying oil, to which thinners, driers, and plasticizers may be added. Cellulose-derivative varnishes (lacquers) are solutions of cellulose nitrate or other cellulose derivatives in a volatile solvent.

7. The term "stains" in this subpart covers liquids containing transparent or semi-transparent pigments, dyes, or chemicals, chiefly used to deepen or otherwise alter the color of wood, but which will not obscure its grain, texture, or markings.

8. For the purposes of this subpart—

(a) The term "surface-active agents" means synthetic organic compounds, or mixtures thereof, which function as surface tension modifiers and are chiefly used for any one or combination of the following purposes: as detergents, wetting agents, emulsifiers, dispersants, or foaming agents.

(b) The term "synthetic detergents" embraces formulated materials which are used chiefly for household, laundry, and industrial cleaning purposes, and which consist of one or more surface-active agents as the active ingredients in combination with colors, brighteners, perfumes, inert diluents, builders, and extenders such as inorganic salts, polyphosphates, polysilicates or sodium carboxymethylcellulose.

9. The term "plasticizers" in item 409.34 means substances which may be incorporated into a material (usually a plastic, resin material, or an elastomer) to increase its softness, flexibility, workability, or distensibility.

10. The term "drugs" in this subpart means those substances having therapeutic or medicinal properties and chiefly used as medicines or as ingredients in medicines.

11. For the purposes of the provisions of this subpart relating to "colors, dyes, stains, and related products" (except products provided for in items 410.36 to 410.44, inclusive)—

(a) the specific duties shall be based on standards of strength which shall be established by the Secretary of the Treasury, and upon all importations of such articles which exceed such standards of strength the specific duty shall be computed on the weight which the article would have if it were diluted to the standard strength, but in no case shall any such articles of whatever strength be subject to a less specific duty than that provided in the respective items of

this subpart;

(b) it shall be unlawful to import or bring into the United States any such product unless the invoice shall bear a plain, conspicuous, and truly descriptive statement of the identity and percentage, exclusive of diluents, of such product;

(c) it shall be unlawful to import or bring into the United States any such product, if the immediate container or the invoice bears any statement, design, or device regarding the product or the ingredients or substances contained therein which is false, fraudulent, or misleading in any particular; and

(d) in the enforcement of the foregoing provisions of this headnote the Secretary of the Treasury shall adopt a standard of strength for each dye or other product which shall conform as nearly as practicable to the commercial strength in ordinary use in the United States prior to July 1, 1914. If a dye or other product has been introduced into commercial use since said date then the standard of strength for such dye or other product shall conform as nearly as practicable to the commercial strength in ordinary use. If a dye or other product was or is ordinarily used in more than one commercial strength, then the lowest commercial strength shall be adopted as the standard of strength for such dye or other product.

For purposes of sections 101 and 601(7) of the Trade Act of 1974 (19 U.S.C. 2111 and 2481(7)), the rates of duty appearing in rate column numbered 1 of the amendments, if any, made under this subtitle shall be considered to be the rates of duty existing or in effect on January 1, 1975.

SEC. 225. MODIFICATION OF TARIFF TREATMENT OF CERTAIN CHEMICALS AND CHEMICAL PRODUCTS.

The President may proclaim a modification of the article descriptions in subparts B and C of part 1 of schedule 4 (as amended by section 223(d)) in order to transfer from any item within those subparts to any other item within those subparts (taking into account proper chemical nomenclature and customs classification principles) any individual chemicals or products with respect to which a negotiating partner in the Tokyo Round of the Multilateral Trade Negotiations submitted notice, before July 31, 1979, to the United States that the rate of duty in such subpart for such chemicals or products that would apply but for this section is, based on past import data for the chemical or product, inappropriate and non-representative; but the President may not make a modification under this section with respect to any such chemical or product unless the United States International Trade Commission determines before January 1, 1980, that—

19 USC 1202
note.

(1) the chemical or product was not valued for customs purposes on the basis of American selling price upon entry into the United States during a period determined by the Commission to be representative, and

(2) a rate of duty provided for in such subparts, other than the rate of duty that would apply but for this section, is more appropriate and representative for such chemical or product.

TITLE III—GOVERNMENT PROCUREMENT

SEC. 301. GENERAL AUTHORITY TO MODIFY DISCRIMINATORY PURCHASING REQUIREMENTS.

19 USC 2511.

(a) **PRESIDENTIAL WAIVER OF DISCRIMINATORY PURCHASING REQUIREMENTS.**—The President may waive, in whole or in part, with respect to eligible products of any foreign country or instrumentality designated under subsection (b), and suppliers of such products, the application of any law, regulation, procedure, or practice regarding Government procurement that would, if applied to such products and suppliers, result in treatment less favorable than that accorded—

(1) to United States products and suppliers of such products; or

(2) to eligible products of another foreign country or instrumentality which is a party to the Agreement and suppliers of such products.

(b) **DESIGNATION OF ELIGIBLE COUNTRIES AND INSTRUMENTALITIES.**—The President may designate a foreign country or instrumentality for purposes of subsection (a) only if he determines that such country or instrumentality—

(1) is a country or instrumentality which (A) has become a party to the Agreement, and (B) will provide appropriate reciprocal competitive government procurement opportunities to United States products and suppliers of such products;

(2) is a country or instrumentality, other than a major industrial country, which (A) will otherwise assume the obligations of the Agreement, and (B) will provide such opportunities to such products and suppliers;

(3) is a country or instrumentality, other than a major industrial country, which will provide such opportunities to such products and suppliers; or

(4) is a least developed country.

(c) **MODIFICATION OR WITHDRAWAL OF WAIVERS AND DESIGNATIONS.**—The President may modify or withdraw any waiver granted pursuant to subsection (a) or designation made pursuant to subsection (b).

SEC. 302. AUTHORITY TO ENCOURAGE RECIPROCAL COMPETITIVE PROCUREMENT PRACTICES.

19 USC 2512.

(a) **AUTHORITY TO BAR PROCUREMENT FROM NON-DESIGNATED COUNTRIES.**—With respect to procurement covered by the Agreement, the President, in order to encourage additional countries to become parties to the Agreement and to provide appropriate reciprocal competitive government procurement opportunities to United States products and suppliers of such products—

(1) shall prohibit the procurement, after the date on which any waiver under section 301(a) first takes effect, of products (A) which are products of a foreign country or instrumentality which is not designated pursuant to section 301(b), and (B) which would otherwise be eligible products; and

(2) may take such other actions within his authority as he deems necessary.

(b) **DEFERRALS AND WAIVERS.**—Notwithstanding subsection (a), but in furtherance of the objective of encouraging countries to become parties to the Agreement and provide appropriate reciprocal competitive government procurement opportunities to United States products and suppliers of such products, the President may—

(1) delay, for a period not to exceed two years, the prohibition of procurement, required pursuant to subsection (a)(1), of products of a foreign country or instrumentality which is not designated pursuant to section 301(b), except that no such delay shall be granted with respect to the procurement of products of any major industrial country;

(2) authorize agency heads to waive, subject to interagency review and general policy guidance by the organization established under section 242(a) of the Trade Expansion Act of 1962 (19 U.S.C. 1872(a)), such prohibition on a case-by-case basis when in the national interest; and

(3) authorize the Secretary of Defense to waive, subject to interagency review and policy guidance by the organization established under section 242(a) of the Trade Expansion Act of 1962 (19 U.S.C. 1872(a)), such prohibition for products of any country or instrumentality which enters into a reciprocal procurement agreement with the Department of Defense.

(1) **IMPACT ON THE ECONOMY.**—On or before July 1, 1981, the President shall report to the Committee on Ways and Means and the Committee on Government Operations of the House of Representatives and to the Committee on Finance and the Committee on Governmental Affairs of the Senate on the effects on the United States economy (including effects on employment, production, competition, costs and prices, technological development, export trade, balance of payments, inflation, and the Federal budget) of the refusal of developed countries to allow the Agreement to cover the entities of the governments of such countries which are the principal purchasers of goods and equipment in appropriate product sectors.

(2) **RECOMMENDATIONS FOR ATTAINING RECIPROCITY.**—The report required by paragraph (1) shall include an evaluation of alternative means to obtain equity and reciprocity in such product sectors, including (A) prohibiting the procurement of products of such countries by United States entities not covered by the Agreement, and (B) modifying the application of title III of the Act of March 3, 1933 (41 U.S.C. 10a et seq.), commonly referred to as the Buy American Act. The report shall include an analysis of the effect of such alternative means on the United States economy (including effects on employment, production, competition, costs and prices, technological development, export trade, balance of payments, inflation, and the Federal budget), and on successful negotiations on the expansion of the coverage of the Agreement pursuant to section 304 (a) and (b), other trade negotiating objectives, the relationship of the Federal Government to State and local governments, and such other factors as the President deems appropriate.

Prior to submitting such a bill, the President shall consult with the appropriate committees of the Congress having jurisdiction over legislation involving subject matters which would be affected by such action, and shall submit to such committees a proposed draft of such bill.

19 USC 2514.

(a) OVERALL NEGOTIATING OBJECTIVE.—The President shall seek in the renegotiations provided for in part IX, paragraph 6, of the Agreement more open and equitable market access abroad, and the harmonization, reduction, or elimination of devices which distort trade or commerce related to Government procurement, with the overall goal of maximizing the economic benefit to the United States through maintaining and enlarging foreign markets for products of United States agriculture, industry, mining, and commerce, the development of fair and equitable market opportunities, and open and nondiscriminatory world trade. In carrying out the provisions of this subsection, the President shall consider the assessment made in the report required under section 306(a).

(b) SECTOR NEGOTIATING OBJECTIVES.—The President shall seek, consistent with the overall objective set forth in subsection (a) and to the maximum extent feasible, with respect to appropriate product sectors, competitive opportunities for the export of United States products to the developed countries of the world equivalent to the competitive opportunities afforded by the United States, taking into account all barriers to, and other distortions of, international trade affecting that sector.

(c) **INDEPENDENT VERIFICATION OBJECTIVE.**—The President shall seek to establish in the renegotiation provided for in part IX, paragraph 6, of the Agreement a system for independent verification of information provided by parties to the Agreement to the Committee on Government Procurement pursuant to part VI, paragraph 9, of the Agreement.

(d) **REPORTS ON NEGOTIATIONS.**—

(1) **REPORT IN THE EVENT OF INADEQUATE PROGRESS.**—If, during the renegotiations of the Agreement, the President at any time determines that the renegotiations are not progressing satisfactorily and are not likely to result, within twelve months of the commencement thereof, in an expansion of the Agreement to cover purchases by the entities of the governments of developed countries which are the principal purchasers of goods and equipment in appropriate product sectors, he shall so report to the congressional committees referred to in section 302(c)(1). Taking into account the objectives set forth in subsections (a) and (b) of this section and the factors required to be analyzed under section 302(c), the President shall further report to such committees appropriate actions to seek reciprocity in such product sectors with such countries in the area of government procurement.

(2) **LEGISLATIVE RECOMMENDATIONS.**—Taking into account the factors required to be analyzed under section 302(c), the President may recommend to the Congress legislation (with respect to entities of the Government which are not covered by the Agreement) which may prohibit such entities from purchasing products of such countries.

(3) **ANNUAL REPORTS.**—Each annual report of the President under section 163(a) of the Trade Act of 1974 made after the date of enactment of this Act shall report the actions, if any, the President deemed appropriate to establish reciprocity in appropriate product sectors with major industrial countries in the area of government procurement.

19 USC 2213.

(e) **EXTENSION OF NONDISCRIMINATION AND NATIONAL TREATMENT.**—Before exercising the waiver authority in section 301 for procurement not covered by the Agreement on the date of enactment of this Act, the President shall follow the consultation provisions of section 135 and chapter 6 of title I of the Trade Act of 1974 for private sector and congressional consultations.

19 USC 2515.

(b) **RULES OF ORIGIN.**—

(1) **ADVISORY RULINGS AND FINAL DETERMINATIONS.**—For the purposes of this title, the Secretary of the Treasury shall provide for the prompt issuance of advisory rulings and final determinations on whether, under section 308(4)(B), an article is or would be a product of a foreign country or instrumentality designated pursuant to section 301(b).

18 USC 1001.

(2) **PENALTIES FOR FRAUDULENT CONDUCT.**—In addition to any other provisions of law which may be applicable, section 1001 of title 18, United States Code, shall apply to fraudulent conduct with respect to the origin of products for purposes of qualifying for a waiver under section 301 or avoiding a prohibition under section 302.

(c) **REPORT TO CONGRESS ON RULES OF ORIGIN.**—

(1) **DOMESTIC ADMINISTRATIVE PRACTICES.**—As soon as practicable after the close of the two-year period beginning on the date on which any waiver under section 301(a) first takes effect, the President shall prepare and transmit to Congress a report containing an evaluation of administrative practices under any provision of law which requires determinations to be made of the country of origin of goods, products, commodities, or other articles of commerce. Such evaluation shall be accompanied by the President's recommendations for legislative and executive measures required to improve and simplify and to make more uniform and consistent such practices. Such evaluation and recommendations shall take into account the special problems affecting insular possessions of the United States with respect to such practices.

(2) **FOREIGN ADMINISTRATIVE PRACTICES.**—The report required under paragraph (1) shall contain an evaluation of the administrative practices under the laws of each major industrial country which require determinations to be made of the country of origin of goods, products, commodities, or other articles of commerce, including an assessment of such practices on the exports of the United States.

SEC. 306. LABOR SURPLUS AREA STUDIES.

19 USC 2516.

(a) **EFFECT ON THE ECONOMY.**—Prior to the renegotiations provided for in part IX, paragraph 6, of the Agreement, the President shall prepare and transmit to the Congress a report which assesses the economic impact, including the impact on employment in various regions of the United States, of the waiver of the provisions of title III of the Act of March 3, 1933 (41 U.S.C. 10a et seq.), commonly referred to as the Buy American Act, in the procurement of products produced in labor surplus areas and of the waiver of procurement set-asides for labor surplus areas.

President.

(b) **EFFECT ON TARGETS.**—On or before July 1, 1981, the President shall prepare and transmit to the Congress a report which assesses the effect of the waiver of the provisions of such title III in the procurement of products produced in labor surplus areas and the waiver of procurement set-asides for labor surplus areas on the fulfillment of the objectives of Executive Order 12073, issued August 16, 1978, relating to the encouragement of procurement in labor surplus areas, including an assessment of such waiver on the procurement targets set by the Administrator of the General Services Administration pursuant to such Executive order. On or before January 1, 1980, the President shall begin consultation with and provide interim reports to the congressional committees referred to in section 302(c)(1) concerning the report required by the preceding sentence.

Nothing in this title may be construed as prohibiting any private person, Federal agency, or State agency from engaging in standards-related activities that do not create unnecessary obstacles to the foreign commerce of the United States. No standards-related activity of any private person, Federal agency, or State agency shall be deemed to constitute an unnecessary obstacle to the foreign commerce of the United States if the demonstrable purpose of the standards-related activity is to achieve a legitimate domestic objective including, but not limited to, the protection of legitimate health or safety, essential security, environmental, or consumer interests and if such activity does not operate to exclude imported products which fully meet the objectives of such activity.

SEC. 402. FEDERAL STANDARDS-RELATED ACTIVITIES.

19 USC 2532.

No Federal agency may engage in any standards-related activity that creates unnecessary obstacles to the foreign commerce of the United States, including, but not limited to, standards-related activities that violate any of the following requirements:

(1) **NONDISCRIMINATORY TREATMENT.**—Each Federal agency shall ensure, in applying standards-related activities with respect to any imported product, that such product is treated no less favorably than are like domestic or imported products, including, but not limited to, when applying tests or test methods, no less favorable treatment with respect to—

(3) **PERFORMANCE CRITERIA.**—Each Federal agency shall, if appropriate, develop standards based on performance criteria, such as those relating to the intended use of a product and the level of performance that the product must achieve under defined conditions, rather than on design criteria, such as those relating to the physical form of the product or the types of material of which the product is made.

(4) **CERTIFICATION ACCESS FOR FOREIGN SUPPLIERS.**—Each Federal agency shall, with respect to any certification system used by it, permit access for obtaining certification under that system to foreign suppliers of a product on the same basis as access is permitted to suppliers of like products, whether of domestic or other foreign origin.

SEC. 1112. CONCESSION-RELATED REVENUE LOSSES TO UNITED STATES POSSESSIONS.

(a) **DETERMINATIONS BY SECRETARY OF COMMERCE.**—

(1) **IMPACT OF CONCESSIONS.**—Upon the request of the government of a possession of the United States, the Secretary of Commerce shall determine before January 1, 1980—

(A) whether a concession was granted by the United States in the Tokyo Round of the Multilateral Trade Negotiations on an article produced in that possession on which excise taxes are levied by the United States, and

(B) whether the sum of the amounts transferred and paid over to that possession attributable to such taxes for calendar year 1978 were equal to, or greater than, an amount equal to 10 percent of the tax revenues (not including revenues associated with petroleum or petroleum products) of that possession for 1978.

(2) **ANNUAL DETERMINATIONS.**—If the determinations of the Secretary under subparagraphs (A) and (B) of paragraph (1) are affirmative, then he shall determine, within 3 months after the close of each of the fiscal years 1980 through 1984, whether that concession contributed importantly to a reduction in the sum of the amounts transferred and paid over to that possession on account of such excise taxes for the most recently closed fiscal year. In making his determination, the Secretary shall take into account the extent to which other factors may have contributed to the reduction. The Secretary shall determine the amount of the reduction by subtracting the amount so transferred and paid over for the fiscal year from the amount which would have been transferred and paid over for the fiscal year if the products of the possession with respect to which the excise tax is imposed had maintained a share of the United States market for that product which was the share of the United States market for the product for fiscal year 1979.

(b) **INCLUSION OF COMPENSATORY AMOUNT IN BUDGET OF THE UNITED STATES.**—If the Secretary determines an amount under subsection (a)(2), he shall advise the President of that amount and the President may include, in the first Budget or Supplemental Budget submitted under the Budget and Accounting Act, 1921, after receiving such advice, an amount, equal to the amount so determined by the Secretary, for payment to the government of that possession to offset the amount of the reduction. If the President includes an amount different from the amount determined by the Secretary or no amount, the President shall promptly submit a report to the Congress setting forth his reasons for submitting such a different amount. Upon appropriation, such sums shall be paid promptly to the government of such possession. There are authorized to be appropriated such sums as may be necessary for the purposes of this section for fiscal years 1981 through 1985.

(c) **REPORT TO THE CONGRESS.**—On January 31, 1984, the President shall report to the Congress on the operation of this section, the reductions in revenues determined under this section, and any reductions which are likely to occur in fiscal years beginning after September 30, 1984. If he determines that such action is warranted, he shall recommend to the Congress in such report an extension of the application of this section to such fiscal years.
